Zionist Leaders Conspire to Railroad the United States into a Third World War

ZIONIST LEADERS CONSPIRE TO RAILROAD THE UNITED STATES INTO A THIRD WORLD WAR

Introduction

The Palestine Arab Delegation has prepared this memorandum as a public service in the cause of world peace. We trust that American leaders in all walks of life, of every race, creed and color, will do their share to frustrate the criminal conspiracy of the Zionist leaders who are scheming to plunge the United States and many other countries into a world war to protect their loot in Palestine.

United States citizens professing the Jewish faith should be the first to be concerned and worried. They should free themselves from Zionist ideology which is an anachronism. Jews today live in the United States and throughout the world as equal citizens in their respective countries with freedom and dignity. It is incumbent upon Jews to silence the Zionist traitors who preach double loyalty or exclusive loyalty to the so-called "Jewish nation." Jews should wipe out the octopus of political Zionism by withholding financial, political and moral support for the world Zionist movement and the unlawful, immoral, racist and fanatic Zionist regime in occupied Palestine. Jews should repent and atone for aiding and abetting the Zionist crime of stealing the country, homes and properties of the Christian and Muslim Arabs of Palestine. Let them remember the words of a great historian, Professor Arnold Toynbee ("A Study of History," vol. 8):

The evil deeds committed by the Zionist Jews against the Palestinian Arabs that were comparable to crimes committed against the Jews by the Nazis were the massacre of men, women and children at Deir Yasin on the 9th of April, 1948, which precipitated a flight of the Arab population in large numbers from districts within range of the Jewish armed forces, and the subsequent deliberate expulsion of the Arab population from districts conquered by the Jewish armed forces between the 15th of May, 1948, and the end of that year . . . . The Jews knew from personal experience what they were doing; and it was their supreme tragedy that the lesson by them from their encounter with the Nazi Gentiles should have been, not to eschew, but to imitate some of the evil deeds that the Nazis committed against the Jews.

At the same time, all Americans should remember the words of the martyred James Forrestal, United States Secretary of Defense under President Truman, who in 1948 warned Senator McGrath ("The Forrestal Diaries," p. 563) that "it was about time that somebody should pay some consideration to whether we might not lose the United States."

ZIONIST LEADERS CONSPIRE TO RAILROAD THE UNITED STATES INTO A THIRD WORLD WAR

The presidents of the twenty-one major Zionist organizations in the United States have entered into a conspiracy to pressure the Johnson Administration to commit United States armed forces to underwrite the Zionist illegal occupation in 80% of Palestine. Secret Zionist meetings were held for that purpose. Zionist members of the House of Representatives and Zionist Senators are actively contacting the White House and the State Department and are lobbying in Washington and elsewhere for Zionist objectives.

Zionist leaders are urging President Johnson to make it clear "that the United States would not accept preponderance of arms in Arab countries." Zionist leaders urge the United States to give the Zionist regime in occupied Palestine all the funds it needs and all the weapons it requires while denying the sale of arms to the Arab states. Zionists consider it imperative that the two million Jews in occupied Palestine continue to have superiority in weapons, qualitatively and quantitatively, over the hundred million Arabs. Zionists want their regime presently occupying Palestine to have sufficient deterrent power to thwart any Arab attempt to liberate Palestine. Furthermore, Zionist leaders want the United States to commit the use of United States armed forces to fight against the Arabs as the ally of the Zionists in case of an outbreak of war in Palestine.

This is the old story of the bandits who get jittery and nervous because they learn that the police authorities are catching up with them. The international Zionist gangsters in occupied Palestine want to possess superiority in arms to enable them to protect their loot, thereby preventing the indigenous lawful population of Palestine from regaining possession of the 80% of their homeland usurped by Zionist aggression.

It is an undeniable fact that Zionists in the United States have no loyalty to this country or to its interests. What concerns these Zionists the most is their loyalty to their "Jewish nation" and to the Zionist regime in occupied Palestine.

Dr. Nahum Goldmann, president of the World Zionist Organization, himself a naturalized American citizen, in an address to the Ideological Conference of all Zionists held in Jerusalem in the spring of 1957, according to the official record published by the Conference is quoted as having stated:

Diaspora Jewry must have the courage to proclaim and defend its relationship of partnership and responsibility vis-a-vis Israel. It has to overcome the conscious or subconscious fear of so-called double loyalty. It has to be convinced that it is fully justified in tying up its destiny with Israel's. It has to have
the courage to reject the idea that Jewish communities owe loyalty only to the states where they live ...

Again, in an address he delivered in New York City on January 9, 1959, Dr. Goldmann is reported in the press to have challenged the Jews of America and of other countries to gather courage and declare openly that they entertain a double loyalty: one to the land in which they live and one to Israel. Jews should not succumb to patriotic talk that they owe allegiance only to the country in which they live - they should live not only as patriots of the countries of their domicile, but also as patriots of Israel.

Dr. Goldmann was also reported by the "Jewish Daily Forward" (New York) of January 9, 1959, to have stated that the Jews are a single people with two vital centers - Israel and the countries of the exile. One must provide for the other, for the security of continued existence.

These views of Dr. Goldmann, which he expressed while he was a citizen of the United States, are shared and confirmed by none other than David Ben-Gurion. In the "Year Book" of the Zionist regime in occupied Palestine for the years 1953-1954, Ben-Gurion wrote the following on page 35:

Even those Jews who have rejected the choice Aliya (emigration) which the Declaration of Independence offered them view the state as a national possession of their own. When a Jew in America or South Africa speaks of "our government" to his fellow-Jews, he usually means the government of Israel, while the Jewish public in various countries view the Israeli Ambassadors as their own representatives.

At a later date, Ben-Gurion made another very important and similar statement on the same issue which was reported in "The New York Times" of May 17, 1961. Ben-Gurion said of American Zionists who do not act like good Zionists

They are reluctant to say that they are not Americans and not part of the American homeland like any other Americans.
At the Lydda airport in Palestine on August 3, 1961, Dr. Goldmann stated that every Jew had a right to Israel and that there could be no separation between Israel and Jews elsewhere and that the partnership between the two Jewries was not limited to philanthropy but included the right of all Jews to advise, to recommend and express views on key problems of Israel.

In commenting on his United States passport and United States citizenship, Dr. Goldmann stated:

It would depend on what is more important from a Jewish point of view. Perhaps the millions of dollars that Israel will receive are more important than the question of my nationality. If I had an Israeli passport, I would not have succeeded in obtaining those millions of dollars for our people. The question is how many millions of dollars for the Jewish nation is my passport worth.

Dr. Goldmann reflects the true thinking and the convictions of every Zionist in the United States. Mr. Alfred M. Lilienthal, an American born and raised in the Jewish faith, admirably sums up the position of the Zionists in his book "The Other Side of the Coin":

It is no exaggeration to state that "card-carrying" Zionists and members of those groups that are the American counterparts of Israeli political parties are international extensions of the State of Israel and have, in fact, if not in name, become agents of a foreign government. This was significantly pointed up by the Fulbright hearings.

It is significant to point out here that the spokesman in the United States for the twenty-one Zionist organizations, Rabbi Joachim Prinz, a Jew born in Germany, now a naturalized citizen of the United States, very much à la Nahum Goldmann, is also an ardent advocate for United States military support for the unlawful Zionist occupation of 80% of Palestine. Rabbi Prinz is well known at the national level in the United States for his Zionist agitation. Rabbi Prinz was arrested at the World's Fair in New York last year for his riotous conduct and his illegal picketing to prevent the Jordanian Pavilion from exhibiting a mural portraying the true story of the expulsion of the indigenous Christian and Muslim Arab population from their ancestral homeland in Palestine.

WHAT THE ZIONISTS REALLY WANT

The Zionists want the United States to guarantee the existing status of the unlawful occupation of 80% of Palestine. Zionists want a firm, definite and binding United States
commitment to use United States armed forces to defend and to maintain the existing Zionist regime in 80% of Palestine. By their control of the media of mass communication in the United States, Zionists are in a position to indoctrinate United States public opinion with the Zionist point of view. Their questionable methods enable them to shape the thinking and to control many of the most important politicians in the United States, and other leading figures.

ZIONISTS RAILROADED THE UNITED STATES INTO WORLD WAR I

Zionists would have no hesitation about railroad the United States into a Third World War to achieve their objective and to accomplish their purpose.

Zionist leaders have publicly boasted that Zionists in the United States were able to railroad the United States into two World Wars to achieve the Zionist goal in Palestine.

Mr. Samuel Landman of London, from 1917 to 1922 Secretary of the World Zionist Organization, discloses in an official pamphlet "Great Britain, the Jews and Palestine," published by the New Zionist Press, London, 1936, how the World Zionist Organization in 1916 entered into a secret agreement with the British War Cabinet, by the terms of which Great Britain promised Palestine to the Zionists as payment for using Zionist pressure in the United States to railroad the United States into World War I as Great Britain's ally. Mr. Landman states on page 4 that

the best and perhaps the only way (which proved so to be) to induce the American President to come into the War was to secure the co-operation of Zionist Jews by promising them Palestine, and thus enlist and mobilise the hitherto unsuspectedly powerful forces of Zionist Jews in America and elsewhere in favour of the Allies on a quid pro quo contract basis.

In connection with United States participation in World War I, the "World Almanac" states that 4,734,991 American citizens were mobilized in the first World War; 116,516 Americans were killed in action and 204,002 were injured or maimed for life.

The American people were never told the painful truth that the great sacrifices in life and money suffered by the United States in World War I were not to protect American interests but were made solely to enable Zionists throughout the world to acquire Palestine for their so-called "Jewish Commonwealth." The treacherous role played by Zionists in the United States in railroading this country into World War I has so far been kept a
It is pertinent to keep in mind that the neutrality of the United States in World War I became the most important issue in the 1916 presidential election. The Republican platform called for "a strict and honest neutrality in the European War." The Democratic platform condemned the efforts of every organization "that has for its object the advancement of the interests of a foreign power." This leaves no doubt that the continued neutrality of the United States was the deciding issue upon which Woodrow Wilson was re-elected President in November, 1916. On January 22, 1917, President Wilson in his address to the United States Congress asked

Is the present war a struggle for a just peace, or only for a new balance of power? If it be only for a new balance of power, who will guarantee the stable equilibrium of the new arrangements? There must be, not a balance of power, but a community of power, not organized rivalries, but an organized common peace. . . . A permanent peace must be based upon equality of nations and national rights. It must be a peace without victory.

President Wilson concluded that address by stating

We do not desire any hostile conflict with the Imperial German Government; we are the sincere friends of the German people and earnestly desire to remain at peace with the government that speaks for them.

IN 1916 THE JEWS IN THE UNITED STATES WERE PRO-GERMAN

Mr. James A. Malcolm, the intermediary in London between the Zionist leaders and the British War Cabinet in the October, 1916, secret London agreement, states in his account of his negotiations which resulted in that agreement ("Origins of the Balfour Declaration: Dr. Weizmann's Contribution," London, 1944) that he visited Sir Mark Sykes in the late autumn of 1916 and that Sir Mark Sykes told Malcolm of the military deadlock in France, the growing menace of the submarine warfare, the unsatisfactory situation which was developing in Russia and the general bleak outlook. The Cabinet was looking anxiously for the United States intervention. I asked him what progress was being made in that direction. He shook his head glumly, "precious little." He had thought of enlisting the substantial
Jewish influence in the United States but had been unable to do so. Reports from America revealed a pro-German tendency among the wealthy Jewish bankers and bond issuing houses, nearly all of German origin, and among Jewish journalists who took their cue from them. He was sorely disappointed and puzzled that two missions that had been sent from France and Italy had completely failed to have any effect.

THE SECRET ZIONIST-BRITISH DEAL OF 1916

Mr. Malcolm reports in this account that he told Sykes

You can win sympathy of Jews everywhere, in one way only, and that is by offering to try to secure Palestine for them.

Mr. Malcolm further states in this account that Sykes told him

Lord Milner was interested to learn of the Jewish Nationalist movement but could not see any possibilities of promising Palestine to the Jews. I replied that it seemed to me the only way to achieve the desired result and mentioned that one of President Wilson's most intimate friends, for whose humanitarian views he had the greatest respect, was Justice Brandeis, of the Supreme Court, who was a convinced Zionist.

Mr. Malcolm then describes the protracted negotiations between the Zionists and the British War Cabinet and concludes by stating

The talks resulted in a general understanding which I called a "gentleman's agreement" that the Zionists should work for active Jewish sympathy and support for the Allied cause, especially in the United States, so as to bring about pro-Allied tendency in that country and that the British Cabinet would help the Jews to gain Palestine in return for this.

Mr. Christopher Sykes, the son of Sir Mark Sykes, corroborates the account of James A. Malcolm on all points in his book "Two Studies in Virtue" (London, 1953). Mr. Sykes further states in this book that Nahum Sokolow at that time asked his father

that the Zionist Committee should have facilities for communication abroad . . .

The next morning Sokolow got what he asked for. It was agreed that the War Office and the Foreign Office would send Zionist letters and telegrams by way of
British Embassies, Consulates or Headquarters... The news was given out to Jewish communities all over the world that in return for certain services, the British government would satisfy the Jewish longing for Palestine.

**ZIONISTS PUSH UNITED STATES INTO WAR AGAINST GERMANY**

The secret 1916 London agreement between the World Zionist Organization and the British War Cabinet supplied the Zionists in the United States with their "green light" to then "go to work" on President Wilson himself personally through their contacts, and to take all necessary steps to change the sentiment for neutrality in the United States into violent anti-German feeling. Reports appeared in the press of alleged German atrocities, exaggerated Zionist inventions to inflame public opinion in the United States against Germany.

The Right Honourable Francis Neilson, M. P., a prominent member of the British House of Commons until his resignation in 1915, in his classic book about World War I, "The Makers of War," states with authority:

In America, Woodrow Wilson, desperate to find a pretext to enter the war, found it at last in a story of the "sinking" of the Sussex in mid-channel. Someone had invented the yarn that American lives had been lost. With this excuse he went to Congress for a declaration of war. Afterwards, the Navy found that the Sussex had not been sunk, and no American lives were lost.

President Wilson, in his history-making address to the Congress on April 2, 1917, four days before the United States declared war on Germany, recommended to the Congress that Congress declare the recent course of the Imperial Government to be in fact nothing less than war against the government and the people of the United States; that it formally accept the status of a belligerent which has been thrust upon it and that it take immediate steps not only to put the country in a more thorough state of defense, but also to exert all its power and employ all its resources to bring the government of the German Empire to terms to end the war.

Following the reading of President Wilson's history-making message to the Congress, resolutions were introduced in both Houses of Congress, declaring a state of war had been thrust upon the United States by Germany, and on April 6, 1917, the United States declared war on Germany. Great Britain and France thereupon promptly dispatched missions to
Washington requesting "money, food, raw materials and men." France also pleaded to send United States troops as quickly as possible, because the French people "had suffered cruelly and were war-weary and despondent." France's Marshal Joffre declared at that time the sight of American troops, no matter how few, as tangible evidence of America's intentions, would have a tonic effect upon French morale.

Before the end of 1917, two million United States troops were in training in the United States and in France, and war industries in the United States were stepped up to supply increased requirements. This great Zionist success, Zionist influence on President Wilson, and exerting Zionist pressure to railroad the United States into World War I, is most accurately described by Mr. James A. Malcolm in "The New Judaea", the official publication of the World Zionist Organization in London. In the October-November 1944 issue Mr. Malcolm states:

The "gentlemen's agreement" between the Zionist leaders and the War Cabinet, which I was entrusted to bring about, was the basis of co-operation, and within a few months, despite numerous setbacks due to war conditions, solid progress was achieved. The support of President Wilson was, of course, the main achievement, because the United States' help was vitally needed by the Allies. It was only in the following April that the United States came into the war.

ZIONISTS RAILROAD THE UNITED STATES INTO WORLD WAR II

The Jews of the world, in a world-wide conference called in Amsterdam in July, 1933, declared a "holy war" against Germany. Mr. Samuel Untermyer, President of the World Jewish Economic Federation which met in Amsterdam, upon his return to the United States delivered the historic declaration of a "holy war" against Germany in a nation-wide radio broadcast over the Columbia Broadcasting System. The full text of that declaration was published in "The New York Times" on August 7, 1933, in which Mr. Untermyer, among many other things, said the following:

I deeply appreciate your enthusiastic greeting on my arrival today, which I quite understand is addressed not to me personally but to the holy war in the cause of humanity in which we are embarked, Jews and non-Jews alike, for we are equally concerned that the work of centuries shall not be undone, and that civilization shall not be allowed to die. It is a war that must be waged unremittingly until the black clouds of bigotry, race hatred and fanaticism that have descended upon what was once Germany, but is now medieval Hitlerland, have been
dispersed. If we will but enlist to a man and persist in our purpose, the bright
sun of civilization will again shine upon Germany, and the world will be a safer
place in which to dwell. . . . What we are proposing and have already gone far
toward doing, is to prosecute a purely defensive economic boycott that will un-
dermine the Hitler regime and bring the German people to their senses by de-
stroying their export trade on which their very existence depends. They have
flaunted and persisted in flaunting and defying world opinion. We proposed to
and are organizing world opinion to express itself in the only way Germany can
be made to understand.

Zionist leaders in the United States, in Great Britain and throughout the world, not
only waged their "holy war" against Germany and the Germans in the economic field, but
they initiated their notorious world-wide propaganda campaign to block any avenue of un-
derstanding, or settlements of disputes, between Germany, Great Britain and France. The
pressure which Zionists were exerting upon Great Britain and France to wage war against
Germany was quite apparent everywhere and could not be mistaken. The following are only a
few of the many available quotations which indicate the great pressure exerted by Zionist
leaders throughout the world for unleashing World War II against Germany. The late Mr.
James Forrestal, Secretary of Defense in the Truman Administration, wrote in his book
"The Forrestal Diaries" (New York, 1951), pages 121-122:

27 December 1945 - Played golf today with Joe Kennedy (Joseph P. Kennedy, who
was Roosevelt's Ambassador to Great Britain in the years immediately before the
war). I asked him about his conversations with Roosevelt and Neville Chamber-
lain from 1938 on. He said Chamberlain's position in 1938 was that England had
nothing with which to fight and that she could not risk going to war with Hit-
ler. Kennedy's view: That Hitler would have fought Russia without any later
conflict with England if it had not been for Bullitt's (William C. Bullitt,
then Ambassador to France) urging on Roosevelt in the summer of 1939 that the
Germans must be faced down about Poland; neither the French nor the British
would have made Poland a cause of war if it had not been for the constant need-
ling from Washington. Bullitt, he said, kept telling Roosevelt that the Germans
wouldn't fight, Kennedy that they would, and that they would overrun Europe.
Chamberlain, he says, stated that America and the world Jews had forced England
into war.

The "Daily Express" of London, a leading British newspaper, on March 24, 1933 prin-
ted this banner-headline across the front page: "JUDAEA DECLARES WAR ON GERMANY".
The "Sunday Chronicle" of London, another leading British newspaper, on January 2, 1938, under the headline "500,000,000 POUND FIGHTING FUND FOR THE JEWS" published an article in which the following appeared:

The Jew is facing one of the biggest crises in his troubled history. In Poland, Rumania, Germany, Austria, his back is to the wall. But now he is going to hit back hard. This week the leaders of International Jewry will meet in a village near Geneva to devise a counter-offensive. Now a united front composed of all sections of Jewish parties is to be formed. It will show the anti-Semitic governments of Europe that the Jew insists on fair play. The great International Jewish financiers are to contribute approximately 500,000,000 pounds sterling (2,500,000,000 dollars). This sum will be used to fight the persecuting States. The battle will be fought on the world's stock exchanges. Since the majority of the anti-Semitic States are burdened with heavy international debts, they will find their very existence threatened. A boycott throughout Europe of their export products by way of the retailer may undermine the present uncertain economic stability of several of the anti-Semitic countries.

The eminent Zionist Rabbi Maurice L. Perlzweig, head of the British Section of the World Jewish Congress, stated to a Canadian audience as reported by the Toronto "Evening Telegram" of February 26, 1940:

The World Jewish Congress has been at war with Germany for seven years.

In an editorial in the issue of July 24, 1942, of "The American Hebrew" (New York), a Zionist weekly, we find the following:

Whenever an American or a Philippino fell at Bataan or Corregidor or at any other of the now historic spots where MacArthur's men put up their remarkable fight, their survivors could have said with truth: the real reason that boy went to his death was because Hitler's anti-Semitic movement succeeded in Germany.

Mr. Ludwig Lewisohn, Honorary Secretary of the Zionist Organization of America, in an article written by him for the September, 1942, issue of the "Jewish Mirror" (New York), stated:

The Jewish people is the symbol of the nature of this war. No one else. Nothing else. . . . On this central point, on this very heart and core of the whole
matter the West is still recalcitrant. I know intelligent Jews who still today try to repress the character of this war by attempting to liken the attack on the Jewish people to other acts of war. . . . The National-Socialists have one tremendous advantage over us. They repress nothing. They deny nothing. They know what this war is about. . . . On March 2, 1942, Robert Ley, Minister of Labor in the Nazi government, declared in an address in Posen: "Germany fights on many fronts and has many enemies but its chief enemy is world Jewry and its most important front is the Jewish front." Is that clear enough? . . . Yes, the Jews are the chief enemies of National-Socialism . . . This is the Alpha and Omega, the beginning and the end of the whole matter. Christendom repressed the persecution of the German Jews in 1933. Had it not done so there would have been no war. American boys would not be dying in all corners of the world today. A few divisions and a small army of occupation would have finished Hitler.

In their "Sermon of the Week" in the May 8, 1942, issue of "The Jewish Chronicle" (London) the following admission of Zionist antagonism toward Germany and the Germans, confirming their "holy war" as far back as 1933 appeared:

We (Jews) have been at war with him (Hitler) from the first day he gained power.

In the October 8, 1942, issue of the Chicago Jewish "Sentinel", Rabbi S. Felix Mendelsohn wrote

The Second World War is being fought for the defense of the fundamentals of Judaism.

The Right Honourable Walter Elliott, M. P., speaking at Albert Hall in London at a demonstration against Nazi treatment of the Jews in Germany, stated that he considered that the atrocities of the Nazis were, more than any other single factor, the cause of Great Britain going to war. He well remembered how, years before the war, Sir Austen Chamberlain drew attention to the atrocities against the Jews, and warned the world that with such a system, ordinary relations would be impossible.

At a meeting organized by the United Jewish Committee to Aid Soviet Russia, held in Grosvenor House, London, in November 1942, Mr. Beverly Nichols stated

When Hitler had said this was a Jewish war, he was saying something which was
largely true, in that if it had not been for the pogroms and the constant persecution of the Jews, the world would not have been aroused to a consciousness of the essential evil that was Nazism.

As reported by "The Jewish Chronicle" (London) on January 22, 1943, Mr. Moshe Sher-tok, an important political figure among Zionist usurpers in occupation of 80% of Palestine and who later became widely known as Moshe Sharétt, stated in an address to the British Zionist Conference:

"The Yishuv (the Jews in Palestine) was at war with Hitler long before Great Britain and America."

Senator Wayne Morse of Oregon delivered a speech on December 20, 1951, as reported in "The National Jewish Post" (Indianapolis) of December 28, 1951, in which he stated that:

"... One of the major causes for our going to war against Hitler was the persecution of the Jews in Germany."

Lord Strabolgi, an important political figure in Great Britain in World War II, was reported by the British press on July 4, 1944, to have stated:

"Chaim Weizmann, just before the outbreak of the war, offered Mr. Chamberlain help from Jewry all over the world, including man-power."  

**ZIONISTS ACHIEVED THEIR OBJECTIVE BY UNLEASHING WORLD WAR II**

World Zionist leaders achieved their objective by driving the world into the Second World War. World Zionists succeeded in crushing Nazi Germany but the price the world was compelled to pay for their victory over Nazi Germany meant the loss of millions of lives, of men, women and children throughout the world, amongst whom were the lives of 291,557 American soldiers. The defeat of Germany inflicted havoc and destruction, bringing untold misery to the peoples of Europe and Asia. The conditions which exist in Europe today, the cold war between the Western powers and the Communist world, the war in Korea, the war in Viet Nam, and the various problems afflicting the world today, are the direct result of Zionist-instigated World War II. They are the seeds of World War III.

**ZIONISTS IN THE UNITED STATES DictATE THE FOREIGN POLICY OF THE UNITED STATES ON PALESTINE**

When Mr. James Forrestal, United States Secretary of Defense under President Truman,
attempted in 1947 to eliminate the Palestine question as an issue in the 1948 election campaign, he was bluntly told by both the Chairman of the Democratic National Committee and the Chairman of the Republican National Committee that Jews had made large contributions to party funds on the condition that their views on the Palestine question receive serious consideration. "The Forrestal Diaries" contain the following passages:

26 November 1947: Lunch today with Senator McGrath. Prior to it I had him read the secret report on Palestine prepared by CIA. I said to McGrath that I thought the Palestine question was one of the most important in our American foreign policy, and that if we were talking about lifting foreign affairs out of domestic politics, there was nothing more important to lift out than Palestine, with all its domestic ramifications. I said the Palestine-Jewish question was similar to the Eire-Irish question of forty years ago and that neither should be permitted to have any substantial influence on American policy. McGrath answered that he realized how serious the situation was and said he would like to come back and read more carefully the CIA documents.

Forrestal derived several points from McGrath's conversation. In the first place, Jewish sources were responsible for a substantial part of the contributions to the Democratic National Committee, and many of these contributions were made "with a distinct idea on the part of the givers that they will have an opportunity to express their views and have them seriously considered on such questions as the present Palestine question."

3 December 1947: Lunch today with Jimmy Byrnes. We talked Palestine. Byrnes recalled the fact that he had disassociated himself from his decision a year ago to turn down the Grady report which recommended a federated state for Palestine or a single Arabian state. He said the decision on the part of the President to reject this recommendation and to criticize the British for their conduct of Palestinian affairs had placed Bevin and Attlee in a most difficult position. He said that Niles (David K. Niles, administrative assistant to the President) and Sam Rosenman were chiefly responsible for the President's decision; that both had told the President that Dewey was about to come out with a statement favoring the Zionist position on Palestine, and that they had insisted that unless the President anticipated this movement, New York State would be lost to the Democrats.

I asked Byrnes what he thought of the possibility of getting Republican leaders
to agree with the Democrats to have the Palestine question placed on a non-political basis. He wasn't particularly optimistic about the success of this effort because of the fact that Rabbi Silver was one of Taft's close associates and because Taft followed Silver on the Palestine-Haifa question. I said I thought it was a most disastrous and regrettable fact that the foreign policy of this country was determined by the contributions a particular bloc of special interest might make to the party funds.

3 February 1948: Visit today from Franklin D. Roosevelt, Jr., who came in with a strong advocacy of the Jewish State in Palestine, that we should support the United Nations "decision" and in general a broad, across-the-board statement of the Zionist position. I pointed out that the United Nations had as yet taken no "decision," that it was only a recommendation of the General Assembly, that any implementation of this "decision" by the United States would probably result in the need for a partial mobilization, that I thought the methods that had been used by people outside of the Executive Branch of the Government to bring coercion and duress on other nations in the General Assembly bordered closely onto scandal. He professed ignorance on this latter point and returned to his general exposition of the case of the Zionists.

He made no threats but made it very clear that the zealots in this cause had the conviction of trying to upset the government policy on Palestine. I replied that I had no power to make policy but that I would be derelict in my duty if I did not point out what I thought would be the consequences of any particular policy which would endanger the security of this country. I said that I was merely directing my efforts to lifting the question out of politics, that is, to have the two parties agree that they would not compete for votes on this issue. He said this was impossible, that the nation was too far committed and that, furthermore, the Democratic Party would be bound to lose and the Republicans gain by such an agreement. I said I was forced to repeat to him what I had said to Senator McGrath in response to the latter's observation that our failure to go along with the Zionists might lose the states of New York, Pennsylvania and California - that I thought it was about time that somebody should pay some consideration to whether we might not lose the United States.

Dr. Donald C. Blaisdell, Professor of Government at the College of the City of New York published an article entitled "American Policy for the Near East" in "Issues" (New York), the official organ of the American Council for Judaism, in the Fall of 1959 saying
No minority of Irish, of German, of Polish, Italian, or Greek extraction has been able to manipulate policy to its advantage as have the Zionist leaders of American Jews. Nor does there appear to be any politically feasible means by which the American government can place the claims of its importunate clientele in proper perspective. Like American Jews who are presumed to be members of Israel's American clientele and are never allowed to forget it, so the American government, Congress and Executive Branch alike, is never permitted to free itself from the pressure, propaganda and power emanating from the same Zionist sources.

Should not the United States, as a matter of national interest, look at the effect on the Near East and on our policies there of the provision of the internal revenue code allowing agents of foreign governments, even though registered with the Department of Justice, to be used for generating propaganda in the United States for foreign governments and for funneling tax exempt contributions to charitable organizations through these agents for foreign governmental purposes? Why should a foreign government, admittedly engaged in propaganda attempting to influence American policy, receive the benefits of tax exemption for contributions when similar contributions to domestic groups, likewise attempting to influence policy, do not receive such treatment?

Dr. Christiana P. Harris, Professor of Political Science at Stanford University, in an article entitled "The Balfour Declaration Today: a Warning" published in "Issues," the official organ of the American Council for Judaism, in the Winter, 1961, issue, states:

The American press has been deeply affected by Zionist influences, with the result that news of all matters affecting Israel has been generally misleading and frequently distorted. In American domestic politics the winning of the Zionist vote, particularly in key states in Presidential election years, has been considered indispensable by Democratic and Republican party leaders. Accordingly, both parties have made perennial competitive bids for the support of a pressure group that, since 1948, has acted consistently in the interests of a foreign government.

In international affairs, the United States has been handicapped by its partisan support for Israel. American diplomatic aid, without which Israel could not have been established or subsequently admitted to the United Nations, and the financial aid given to Israel by the United States Government thereafter - which has far exceeded American aid to all the Arab countries combined - has
made it difficult to implement certain principal American foreign policy objectives.

Rabbi Abba Hillel Silver was among the most notorious Zionist conspirators and played a leading role in the period between 1947 and 1949 in dictating United States foreign policy on the Palestine question. In an address before the American Zionist Council on April 23, 1963, as reported in "The American Zionist" (New York) of May, 1963, page 5, Rabbi Silver describes how the Zionists in the United States were able to successfully influence United States foreign policy on Palestine questions:

To win the support of the American people and Government, the American Zionist Emergency Council, which represented all Zionist bodies in the United States, then launched a nation-wide public relations program. Able and dedicated men, some of them exceptionally gifted in their several fields, were quickly marshalled into service. Headquarters were established in New York and Washington. Effective units were organized in every principal city in the United States. A special Christian pro-Palestine Committee of outstanding Christian clergy and laymen was formed. A nation-wide campaign of education through books, lectures, magazines and radio broadcasts was inaugurated. Numerous conferences and literally thousands of meetings were held in all parts of the country. Mass demonstrations and open-air rallies attended by tens of thousands of people were addressed by leading American personalities. In a critical moment, a march of thousands of war veterans, Jewish and non-Jewish, converged on Washington.

Numerous local delegations contacted their public officials, their Governors, Congressmen and Senators in their several States. Many State legislatures were induced to adopt pro-Palestine resolutions and to forward them to Washington. We simply knocked at every door - the conventions of both political parties which were moved to include a pro-Palestine resolution in their national platforms; the halls of Congress where a pro-Palestine resolution was introduced and finally adopted. We knocked on the doors of the State Department and of the White House. We enlisted the active support of key people in every walk of life; authors, journalists, columnists, educators, clergy, political leaders - people who heretofore had been indifferent to our cause. We spent endless hours with Ministers and Ambassadors of foreign states who were members of the United Nations and arranged for important contacts to be made with their governments back home.

Rabbi Abba Hillel Silver failed to mention in that address, however, the fact that
even Cardinals of the Catholic Church were importuned to work for Zionist objectives, by contributions by Zionists to Catholic charities and by personal friendships. Mr. Charles H. Silver, an influential Zionist, revealed this most shocking fact to the guests at a large banquet in the grand ballroom of the Waldorf-Astoria Hotel in New York City at which Cardinal Spellman was Mr. Silver's guest of honor and seated on the dais with him. Under this revealing headline "SPELLMAN AID IN GETTING ISRAEL INTO UNITED NATIONS IN 1949 DISCLOSED" "The New York Times" of May 11, 1964, reported, in a long account of Mr. Silver's confession, how Mr. Silver had "kept his secret" for fifteen years:

A leading American Zionist disclosed last night that Cardinal Spellman had an active role in the admission of Israel to the United Nations in 1949. Charles H. Silver said the Cardinal had been influential in swinging several South American delegations to the side of the struggling new nation.

In the years 1947 and 1948 Cardinal Spellman was visited by Christian Arab leaders on many occasions who explained to Cardinal Spellman the justice and equity of the Arab point of view on the Palestine situation and entreated Cardinal Spellman to publicly declare his opposition to the dismemberment of the Holy Land, at that time advocated by the Zionist hierarchy. Cardinal Spellman bluntly refused to do so, stating that the dismemberment of Palestine was a political question in which His Eminence could not under any circumstances himself interfere. Cardinal Spellman did, however, see fit to lobby and exert pressure on behalf of his Zionist friends and admittedly became the determining factor in arranging for the admission into the United Nations of the racist, anti-Christian and unlawful kangaroo Zionist regime in Palestine, created by aggression, massacres and theft. Cardinal Spellman lobbied for the Zionists, although he was fully informed about Zionist acts of desecration and profanation of Christian churches and monasteries by Zionist marauders under the direction of Zionist leaders. Cardinal Spellman had in his possession at that time the reports of Monsignor Vergani, General Vicar for the Latin Patriarch of Jerusalem for Galilee, from Father Pascal St. Jean, Superior of Our Lady of France in Jerusalem, among other similar reports. Cardinal Spellman surely had in his possession at that time the latter dated August 20, 1948, sent by Monsignor Thomas McMahon, Secretary of the Catholic Near East Association of New York, an aide of Cardinal Spellman, to the Secretary General of the United Nations, in which Monsignor McMahon stated:

There have been constantly some violations and desecrations of Catholic holy places. The Associated Press report of August 19, 1948, confirmed that Jewish forces perpetrated criminal acts against 12 Roman Catholic institutions in Northern Palestine. . . Seven churches, convents and hospitals have been looted by Jews and others seized by force.
Former President Harry S. Truman in his "Memoirs" complains about the pressure exerted upon him by Zionists in his capacity as President of the United States, resulting in President Truman's "recognition" of an armed uprising in Palestine by the minority composed of recent immigrants as a "sovereign state" less than eleven minutes after it was "proclaimed":

The facts were that not only were there pressure movements about the United Nations unlike anything that had been seen there before, but the White House too was subjected to a constant barrage. I do not think I ever had as much pressure and propaganda aimed at the White House as I had in this instance. The persistence of a few of the extreme Zionist leaders - actuated by political motives and engaging in political threat - disturbed and annoyed me.

Senator J. William Fulbright, Chairman of the Committee on Foreign Relations, denounced Zionist pressure groups in a most candid manner in a speech in the Senate on April 29, 1960, in which he complained about the existence of a pressure group in the United States which seeks to inject the Arab-Israel dispute in domestic politics.

Senator Fulbright, in referring to an amendment submitted by Senators Keating (Rep., N. Y.), Case (Rep., N. J.) and Douglas (Dem., Ill.) - three Senators always at the beck and call of the Zionists to serve their cause in company with Zionist Senator Jacob Javits - said:

What it will accomplish is to annoy the Arabs and fortify them in their conviction that in any issue arising from the Arab-Israel controversy, the United States, because of domestic political pressure, will be on the side of the Israelis. This Arab conviction for which I regret to say history affords some justifications, is the greatest single burden which American diplomacy has to carry in the Middle East.

In what is probably the most delicate international situation which exists in the world today, 180 million Americans find their foreign policy being whipsawed by an irresponsible maritime union and by a minority pressure group. The President cannot conduct our foreign policy in the Middle East under these circumstances. That policy is being directed by minority pressure groups.
HOW THE PALESTINE ZIONIST CONSPIRACY WAS EXECUTED

THE BALFOUR DECLARATION

After the Zionists succeeded in railroading the United States into World War I on April 6, 1917, they demanded their "pound of flesh." They demanded a written confirmation of the secret London Agreement of October, 1916. A draft was prepared after protracted consultations between Zionist leaders in London and New York and submitted to the British War Cabinet. The final form became a letter dated November 2, 1917, sent by the British Foreign Secretary, Arthur James Balfour, to Lord Lionel Walter Rothschild, in which Balfour wrote:

His Majesty’s Government view with favour the establishment in Palestine of a national home for the Jewish people, and will use their best endeavours to facilitate the achievement of this object, it being clearly understood that nothing shall be done which may prejudice the civil and religious rights of existing non-Jewish communities in Palestine, or the rights and political status enjoyed by Jews in any other country.

Zionist propaganda labelled this infamous letter the "Balfour Declaration."

THE PALESTINE CAMPAIGN

During that period a joint British-Arab campaign was being planned in Cairo to drive back the Turkish and German forces advancing toward the Suez Canal. British forces advanced from the Sinai Peninsula and Arab forces from Akaba. The campaign was successful and Palestine was liberated in October, 1918. At that time Palestine was completely an Arab country with an indigenous population of 700,000 Muslim and Christian Arabs and 50,000 Jews, most of them immigrants from Eastern Europe.

THE PEOPLE OF PALESTINE WERE RECOGNIZED AS AN INDEPENDENT NATION

In 1919 Palestine as well as Iraq, Syria, Lebanon and Transjordan were placed by Article 22 of the Covenant of the League of Nations under Class "A" mandate and their populations were recognized as "provisionally independent nations subject to the rendering of administrative advice and assistance by a Mandatory until such time as they were able to stand alone."
THE PALESTINE MANDATE

Through Zionist intrigue and influence the Balfour Declaration was incorporated in the Palestine Mandate, thereby nullifying the purposes envisaged under Article 22 of the Covenant of the League of Nations. Instead of leading the indigenous population of Palestine, whose well-being and development was made by Article 22 "a sacred trust of civilization" to self-determination and independence, Britain administered Palestine from 1918 to 1948 as a British colony denying the people of Palestine the right to exercise self-determination. Britain opened the doors of Palestine to unlimited Jewish immigration. During the thirty years of the Mandate over 600,000 hostile alien Jews were transplanted to Palestine and the country was administered for their benefit.

PALESTINE ARAB OPPOSITION

As soon as this conspiracy became known to the Arabs of Palestine they protested vigorously, demonstrated and demanded their liberty and independence. From 1919 to 1939 many Arab uprisings took place. British military forces totalling 200,000 were stationed in the country to crush Arab resistance with the most ruthless methods. More than 50,000 Palestinian Arabs were killed during the thirty years of British rule in Palestine and more than 100,000 Palestinian Arab nationalists were imprisoned or thrown into concentration camps. Many British Commissions were sent from London to investigate the situation in Palestine. Each and every one of them came to the identical conclusion that the Mandate was unworkable because there existed two incompatible obligations, one to the indigenous Arab population of Palestine and the other to the Jews of the world.

JEWS RESORT TO TERRORISM

Ultimately the British Government issued the 1939 White Paper promising the people of Palestine self-determination and restricting further immigration of Jews to Palestine. This White Paper enraged the Zionists in Palestine and throughout the world. While Great Britain was engaged in a life-and-death struggle in World War II, terrorist gangs of Jews in Palestine - the Hagana, the Irgun and the Stern gangs - waged an armed insurrection, committing the most barbaric atrocities and acts of terrorism against British forces, the Government of Palestine and the civilian Arab population. Many thousand victims were killed, maimed or wounded. According to British documentary evidence, Mr. David Ben-Gurion, Levi Eshkol and other members of the Jewish Agency (the World Zionist Organization) plotted, planned and ordered the execution of these crimes and atrocities.
In 1947 the British Government decided it could no longer handle the situation in Palestine and referred the problem to the United Nations. When the United Nations General Assembly met in a special session in April, 1947, to discuss the future government of Palestine, there were in Palestine 1,350,000 Muslim and Christian Arabs who were Palestine citizens by birth, about 200,000 Jews naturalized Palestine citizens and about 450,000 illegal alien Jewish infiltrators.

A United Nations Special Committee on Palestine was appointed to investigate the problem and make recommendations for a political settlement. The influence of the Western Powers and Zionist machinations produced a "majority plan" for partitioning Palestine. A minority plan proposed a federal state.

A resolution proposing reference of the Palestine issue to the International Court of Justice to determine whether the United Nations had competence to partition Palestine or any other country was rejected through pressure and power politics in the Ad Hoc Committee on the Palestinian question by 21 votes against, 20 for and 13 abstentions.

As a result of reprehensible manipulation by the Western Powers and the United States in particular, the United Nations General Assembly adopted the resolution of November 29, 1947, recommending the "partition" of Palestine into an Arab State, a "Jewish State," and an International Zone for the Jerusalem-Bethlehem area. The adoption of this diabolical resolution by the World Organization was an act of infamy. Bloody outbreaks spread throughout Palestine immediately as a result of the United Nations "partition resolution." The Security Council discussed the situation in Palestine and considered it a threat to international peace, adopting resolutions for a cease-fire and truce. It recommended a special session of the General Assembly to "consider further the future Government of Palestine." The Second Special Session of the General Assembly convened on April 16, 1948. The United States submitted proposals for placing Palestine under a United Nations Trusteeship whereby the Trusteeship Council would exercise supervisory powers over Palestine, appointing a Governor-General.

While the United Nations was in session searching for a peaceful solution to this problem, the Jewish alien minority in Palestine by force and violence, aided and abetted by British troops, expelled more than one million Muslim and Christian citizens of Palestine from their ancestral homeland usurping their homes and lands and robbing them of all their personal possessions. In 1948 the alien transplanted Jews owned less than 6% of the lands in Palestine yet they plundered and usurped all private and public property in 80%
of Palestine. The Jewish alien transplanted minority in Palestine at that time formed about 30% of the total population of whom less than one-half were naturalized Palestine citizens and the balance illegal alien Jewish infiltrators.

**TRUMAN RECOGNIZES THE UNLAWFUL SO-CALLED ZIONIST "STATE"**

Due to a secret agreement between President Harry S. Truman and Zionist leaders, President Truman on May 14, 1948, recognized a "Jewish State" eleven minutes after its illegal declaration in occupied Palestine. While the United Nations General Assembly was still considering the United Nations trusteeship proposals for Palestine, President Truman acted on the urging of David K. Niles and Sam Rosenman without informing the State Department or the U.S. Delegation at the United Nations in disregard of international law, the United Nations Charter and the best interests of the United States. President Truman defended his action before the meeting of the State Department officials and United States Ambassadors in the Middle East who were called home to report on the deteriorating United States position in the Middle East by stating:

I am sorry, gentlemen, but I have to answer to hundreds of thousands who are anxious for the success of Zionism. I do not have hundreds of thousands of Arabs among my constituents.

**UNITED STATES POLICY ON PALESTINE IS IMMORAL, UNJUST AND CONTRARY TO THE BEST INTEREST OF THE UNITED STATES**

United States foreign policy concerning Palestine has always been immoral and unjust. Its objective is to serve the Zionist interests and is contrary to the best interest of the United States. The foreign policy makers in the United States, whether in the White House or in the State Department, are driven, often against their judgment and conviction, by Zionist pressure groups to take steps most damaging to American interests. The majority of United States politicians are either indifferent, afraid to speak or in the Zionist service. Very few in American public life, though in possession of the facts, dare to speak out and those few who dare to oppose Zionist policy are either smeared, muzzled or silenced by inducement, pressure or blackmail.

We have shown how the United States was railroaded into both World War I and World War II to serve Zionist interests, how in 1947-48, in spite of the best judgment of top experts in the Department of State and the Department of Defense, the Zionists manipulated the White House and pressured President Truman to use his influence and prestige to extract a United Nations resolution recommending the partition of Palestine thereby ali-
United States Government funds in the form of economic and military aid and the tax-
exempt tax-deductible funds of various Zionist appeals in the United States since 1948 supported and maintained the unlawful Zionist bankrupt regime in occupied Palestine. The total economic and military aid given by the United States Government from 1948 until 1965 amounted to $1,079,400,000. The total funds of various appeals raised by Jews in the United States every year amount to $625,000,000. Assuming 20% thereof is spent in the United States, i.e., $125,000,000, this means the Zionists have been annually pouring into the treasury of the Zionist regime in occupied Palestine over $500,000,000 tax-free tax-
deductible United States funds which rightfully should have been paid into the treasury of the United States. Siphoning of these tax-exempt tax-deductible funds every year has added to the tax burdens of United States citizens of the Christian faith who pay 91% of all income taxes. The Zionists have obtained "permits of exemption and tax deductibility" for many of their drives by deceit and fraud. The funds sent to occupied Palestine are being used not for charitable purposes but for building a "State," establishing farms, development and industrial plants and other money-making projects. These funds make it possible for the Zionist bankrupt regime in occupied Palestine to have an annual budget of $1,500,000,000 and to buy the most modern weapons for further wars of aggression in the Middle East. Because of the establishment of this unlawful Zionist regime which expelled over one million Palestine Christian and Muslim inhabitants, the United States has been paying 60% of the budget of the United Nations Relief and Works Agency for Palestine Refugees in the Near East. The United States is paying $20,000,000 per year, while Zionists rob the income of Arab properties in Palestine which amounts to $170,000,000 per year. The United States is also paying $18,000,000 a year for the upkeep of the United Nations Emergency Force which was stationed in the area after the Zionist-British-French war of aggression against Egypt in 1956.

The total United States funds which were poured into the coffers of the Zionists in occupied Palestine from 1948 until 1965 were the following:

The estimates for 1966 are $686,000,000.

These facts prove that the Zionists have succeeded in maneuvering the United States to underwrite and maintain their unlawful aggression against and occupation of the Holy Land. These enormous costs to the United States are being incurred year after year to assist the international Zionist gangsters to hold on to their loot in occupied Palestine.

THE ZIONIST OCTOPUS IN THE UNITED STATES

The Zionist octopus in the United States is composed of twenty-one major organizations, over 100 other minor organizations and a network of small community centers throughout the United States. The fund-raising campaigns are conducted by fifty major organizations and over one hundred and fifty small organizations. There are hundreds of community centers and Jewish organizations in the United States which carry out local fund-raising campaigns. About 10% of the $625,000,000 collected every year in the United States is spent on charitable organizations in the United States, another 10% is spent on political organizations, political activities and campaigning, and on a network of information agencies to report on Americans who express any anti-Jewish or anti-Zionist feelings or who oppose Zionist policy in Palestine. The rest, that is 80% of the $625,000,000 (amounting to $500,000,000) is dumped into the Zionist regime in occupied Palestine.

The twenty-one major Zionist organizations constitute what is known as the Presidents' Conference. This body is the Zionist High Command entrusted with lobbying and exerting pressure on the White House, Congress, the State Department and other departments of the United States Government, to promote and protect the interests of the Zionist regime in Palestine and use the United States Government as a tool of Zionist policy. The Anti-Defamation League of B'nai B'rith has often been called the Gestapo arm of the Zionist octopus. Its declared objectives are "to eliminate defamation of Jews, counteract un-American and anti-democratic propaganda, and promote better group relations." For that purpose it has given itself the liberty to defame and vilify Christians and Jews alike who dare oppose Zionist objectives or state the truth about the Zionist conspiracy in Palestine, and destroy them economically and socially. The subversive activities of the Anti-Defamation League of B'nai B'rith include spying on Americans, tapping telephones, shadowing through agents, interviewing by its agents of Americans under false pretenses, and prying into the private life of Americans. It keeps a file on every American in public life and issues a yellow sheet called "Facts" in which it pours its venom against those who dare tell the truth about the Zionist conspiracy. It is stranger than fiction but it is true that these un-American, anti-American subversive activities of the Anti-Defamation League of B'nai B'rith are financed by the tax-free, tax-deductible funds of
the Joint Defense Appeal of the American Jewish Committee and the Anti-Defamation League of B'nai B'rith! Mr. Alfred Lilienthal in his book "The Other Side of the Coin" refers to the smear campaigns of the Anti-Defamation League and states:

During the struggle over Palestine prior to partition, Kermit Roosevelt, Dean Virginia Gildersleeve, Millar Burrows (Yale University Divinity School), Peter Marshall (Chaplain of the United States armed forces), Dr. Bayard Dodge (one-time President of the American University in Beirut), to mention but a few, had been vilified for hinting that the Arabs might have a case.

Dr. David Riesman of Harvard University wrote in the "Jewish Newsletter" (New York) of January 9, 1961:

The Zionists can muster not merely the threat of the Jewish vote and the no less important Jewish financial and organizational skills, but also the blackmail of attacking anyone who opposes their political aims for Israel as anti-Semitic.

In November, 1946, Arthur Hays Sulzberger, the publisher of "The New York Times," said in a speech in New York:

I dislike the coercive methods of Zionists who in this country have not hesitated to use economic means to silence persons who have different views. I object to the attempts at character assassination of those who do not agree with them.

The Zionist octopus organizations are operating in the United States as agents of the Zionist regime in occupied Palestine and the World Zionist Organization in contravention of the Foreign Agents Registration Act. With the exception of the Jewish Agency for Israel not one of these organizations has been forced to register.

Many of the Zionist fund-raising organizations obtained permits for tax-exemption and tax-deductibility by misrepresentation and fraud. Most of the funds collected are not being spent on charitable objectives as required by the Internal Revenue laws but for the building of a "State" and political objectives. These facts were revealed in the investigation held last year by the Committee on Foreign Relations of the United States Senate. Yet no action has been taken against them in accordance with the law and the investigations were finally muzzled.
ZIONISTS ARE MASTERS OF DECEIT

Zionists use every method of deceit to brainwash people in the Western world about Palestine. They told people in Britain and the United States:

Give the country without a people (Palestine) to a people without a country (the Jews).

When the world discovered that Palestine had a people, Zionists claimed they were bringing "prosperity and progress" to the people of Palestine. They assured the world that "a Jewish State was never a part of the Zionist programme." When the people of Palestine resisted the Zionist invasion, Zionists started justifying their illegal immigration on the grounds of "historical rights" and false interpretation of the Old Testament. They claimed "God is repatriating His Chosen People to their Promised Land." In 1948 and thereafter, Zionists misrepresented their war of aggression against Palestine and its people as a "war of liberation" and a "war of independence." Zionists call their looting and robbery of Christian and Muslim Arab homes and lands "reclamation." Now that Zionists feel that the Christian and Muslim Arabs of Palestine are determined to liberate their homeland, Zionists are frantic and want the Western Powers to supply them with all types of modern weapons to deter the Arabs from making any move toward liberating Palestine.

Zionists prevailed on the big powers to adopt the ridiculous policy of an "arms balance in the Middle East" in order to enable two million Jews in occupied Palestine to have a military striking force greater than the combined forces of the 13 Arab States with a population of 100,000,000.

Talk about an "arms balance in the Middle East" - a concoction of the confused Zionist mind - has become a headline-catching slogan. It has been repeated so many times that gullible politicians have come to believe it to be feasible, while others use it to secure "the Jewish vote" or publicity in the Zionist-controlled press. Such a fanciful idea as calling for an "arms balance" between one hundred million Arabs and two million Zionists in occupied Palestine is as absurd as a suggestion to have an "arms balance" between the United States and Cuba. Western leaders who have been kow-towing to Zionist pressure by supplying Zionist authorities in occupied Palestine with the most modern missiles, airplanes, tanks, submarines and other weapons would do well to advise the Zionist leaders here and abroad that their future is in doubt and that this ever-escalating and accelerating arms race is sure to end in a holocaust.

In the meantime, the Zionists in occupied Palestine have been secretly cooperating in
a joint venture with France and Germany to produce missiles, nuclear warheads and the atomic bomb. Zionists supplied France with American atomic secrets secured through Zionist agents in the United States on condition that France supply them with all types of weapons for their armed forces and build for the Zionists in occupied Palestine an atomic reactor for producing plutonium for atomic warheads and the atomic bomb.

With such a record of aggression, of waging wars and criminal brigandage, the Zionist Jews in occupied Palestine and the politicians who work for them in the Western countries are urging Western governments to supply them with more deadly weapons and guarantee to aid them in their aggressive wars!

The Zionists have been waging a campaign against the Soviet Union falsely alleging the persecution of Jews in that country with the object of inducing the Soviet Union to open its doors for Jewish emigration thereby enabling the Zionists to lure over three million Russian Jews to occupied Palestine for strengthening their military potential for further expansion and aggression.

While the Zionists are demanding complete political, civil and religious freedom and respect for human rights for all Jews everywhere, they are denying the very same freedom for the Arabs in occupied Palestine who are being subjected to the most cruel forms of inhuman treatment surpassing the Nazi treatment of the Jews in Europe. By expelling Christians and Muslims from Palestine, desecrating and destroying mosques and churches and enforcing the most fanatic measures against Christians and Muslims and their religious shrines and institutions, the Zionists are accelerating their wicked designs to eradicate Christianity and Islam from the Holy Land.

The Zionists have recently confronted the Arabs with a new aggression, the diversion of water from the international water system of the Jordan Valley to the Negev area. This new Zionist scheme is made for military objectives to enable the Zionists to increase the absorptive capacity of occupied Palestine to another two or three million Jews and commit further aggression through expansion in the Arab world.

The Zionists are now conducting a widespread high-pressure campaign in the United States in order to force the hand of the President of the United States to guarantee the continued existence and security of the illegal Zionist occupation in Palestine and to supply them with the latest types of rockets, submarines and other modern weapons.

The Zionists, who succeeded in dragging the United States into World War I in order to extract from the British the Balfour Declaration and maneuvered the United States into
World War II in order to defeat Nazi Germany, will not hesitate to drag the United States into a Third World War to protect Zionist loot in Palestine.

PRESIDENT JOHNSON CAN SOLVE THE PROBLEM

The United States of America has the key to the solution of the Palestine problem if it applies the rule of reason, justice and equity and is guided by humanitarian principles instead of political expediency. With the overwhelming mandate President Johnson received in the last election, greater than any President ever received, President Johnson is in a position to take a bold stand on the problem of Palestine and tell the Zionists their immoral, illegal and dangerous adventure in Palestine must end. As a great power with vital interests in the Middle East, the United States must not sacrifice its interests in order to defend the insane and immoral Zionist adventures. President Johnson is in a position to secure the backing of Congress and the agreement and cooperation of the governments of the Western countries to open their doors for the settlement of all Jews now in occupied Palestine where they will join their relatives and co-religionists in safer and more congenial surroundings, with perfect security and unlimited opportunity.

Non-Zionist and anti-Zionist Jews everywhere who form the preponderant majority of their co-religionists will be the happiest people in the world under this solution. Jews everywhere can then live free from Zionist stigma, dictation, domination and exactions of funds. They will be free from this insane Zionist political venture which inevitably will result in massacres of Jews and Arabs and may lead to a world war of annihilation.

THE REPUBLIC OF PALESTINE

The Christian and Muslim Arabs of Palestine are determined to liberate their country from the present criminal Zionist occupation and robbery, and to vindicate and assert their inalienable birthright to live as a free people in their ancestral homeland. The right and objective of the people of Palestine to liberate their country have been endorsed by the governments and peoples of the Arab and Muslim worlds and the governments and peoples in Asia and Africa and by fair-minded and decent peoples everywhere.

Justice always triumphs in the end. This phase of Zionist nightmare in Palestine will come to an end. The lawful citizens of Palestine - Muslims, Christians and Jews alike - will reconstitute the Republic of Palestine as a democratic state. The Holy Land will again become the land of peace, justice and religious tolerance and a shrine for pilgrims of all faiths.
This material is filed, under the Foreign Agents' Registration Act, with the Department of Justice, where the required statement of the Palestine Arab Delegation, as an agency of the Arab Higher Committee for Palestine, is available for inspection. Registration does not imply approval or disapproval of this material by the United States Government.
