Dear Mr. Friedman,

How are you and your family? I hope this letter finds you well and in good spirits.

I arrived in Israel on April 11<sup>th</sup> with my three children and you cannot imagine how happy we are to be here.

Yankle and my father-in-law have remained in the States to sell our house there and will follow me as soon as we have an apartment.

I am living temporarily in the vacant apartment of a friend in Netanya.

After receiving the good news from the Sochnut that we were able to receive an apartment for 2 families they asked us where we would prefer to live in Israel? I answered that Netanya, Bat Yam, or Haifa is fine if there is apartment available there. To this there was no answer whatever nor have we heard from them since!!

I most urgently beg to speak

with you in person on this matter. I will have to speak to Mr. Brill too. It is now up to me to take care of this matter. It is a constant worry, and of course a necessity.

My father-in-law is quite broken up over the death of my mother-in-law and he only wishes to come here as swiftly as possible.

Since they agreed to give us an apartment, I do not understand the standstill?

Do you think you can help me get the apartment, 100%?

Please write and tell me when I can meet with you and I'll come to Jerusalem and be there whatever time and date is convenient for you.

With fond regards to you and yours,

Dear Mrs. Schwartzberg:

I have your letter and I am delighted that you here in Israel, although I can appreciate how nerve-wracking it is not having any definite answer from the Sochnut.

I would love to see you but I am leaving the day after Yom Ha'atzmaut for the United States and I shall be away a month.

My secretary, Mrs. Andy Golstein, is quite familiar with all the correspondence between us, and if there is anything that she can do in my absence, I have authorized her to make any telephone calls using my name. So you can call her at our office, Jerusalem, 02-60487, and if she can be helpful she will be glad to do so.

I am sorry to hear of the death of your mother-in-law, but I hope it will not throw too great a shadow over your Aliyah.

Looking forward to seeing you on my return, I am,

Sincerely yours,

Herbert A. Friedman

Dear Mr. Freedman;

Please let me introduce myself. I am the daughter-in-law of Hirsch Schwartzberg and I have been elected to be correspondence secretary of the family as well.

I hope this letter reaches you and yours in good health and good spirits. I want you to know how very grateful we all are for your help with regard to our future Aliyah.

We received your letter dated Dec. 13<sup>th</sup> on the 23<sup>rd</sup> of Dec.

At this writing, we have not yet received any reply from Mr. Eshkoli nor have we heard from Mr. Cailingold in Philadelphia, or Miss Rivka Hadriel with regard to housing!!

Concerning the trucking business

II

in Israel, we will take your advice and not invest in a truck but will wait and see what it is over there.

My husband, Yankle, was disappointed to hear that trucking is such a bad business in Israel because he was counting on that as a means to make a living. At least with permission to bring in a truck we can order one when in Israel if Yankle still feels he can go into this and it would be much easier to join a transport hauling cooperative with a truck.

Although this was and is a very important item, it does not put a damper on our plans on return to Israel. Perhaps there is something else we can do.

III

The second and perhaps most important issue is "housing".

We are in a state of dilemma and we are just waiting and sitting to hear a reply if we are able to receive housing because without housing our Aliyah would be impossible. So we are just waiting for a reply to know what our next move should be.

As you know, or understand; we are people that wish to raise our children in Israel. Since my in-laws and husband went through the Ghetto and the concentration camp and all the other Camps and suffered for being Jews, we want to finally stop our wandering in our own land.

I wish to raise my children to be Israelis. To fight for their own country. To know and live

IV

among their own people and  
to raise the children in the  
Jewish traditional way in Israel.  
This is our dream, our hope,  
and our goal.

Since we were in Israel for  
almost 2 years it is like a  
magnet that is drawing us back.  
Our minds and spirits are restless  
and uneasy will be so until  
the day we are back in Israel.

Please let us know what is  
going on at your end and  
advise.

My father-in-law always  
speaks highly of you and sends  
his warm regards to you with  
the message he will personally  
write you in a separate cover.

Along with my in-laws, my  
husband and children join me in  
thanking you for what you have

thus far done on our behalf.

We hope to hear from you  
quickly.

With warm best wishes from  
all of us.

Very sincerely yours,

Rochelle Schwartzberg

Dear Miss: Gadiel:

re: Yaacov Schwartzberg

I am enclosing a copy of the latest letter from the Schwartzberg family of Magnolia, New Jersey. As you will recall, they worked through Mr. Cailingold of the Aliyah Center in Philadelphia.

As you can see from this letter, Mr. Schwartzberg has decided to take your advice, and that of Mr. Eshkoli, not to buy a truck in the United States but to await permission from you so that he can decide to buy one when he gets here and studies the condition of the trucking industry.

The present letter refers to housing.

I am enclosing a paragraph from the previous letter, giving the address of the apartment they had in Natanya, when their first aliyah was made in 1970. You remember the reason the family went to the United States was because of illness on the part of Mr. Schwartzberg's old parents. Now the whole family is coming back, old parents included, so they will need two apartments. Naturally they would prefer to go back to Natanya where the children went to school before and where they have friends. On the other hand these people are very reasonable and, as you can see from their letter, they say they would accept housing anywhere in Israel.

I would appreciate it if you would do your best to expedite this matter, and, if at all possible, to help them resettle once again in Natanya.

With many thanks, I am,

Yours sincerely,

Herbert A. Friedman

11/26/72

Dear Herbert Friedman:

I received your letter and I must tell you with all sincerity that it is difficult with words to express my thankfulness and satisfaction at the mere sight of your letter and your willingness to help me and my son with his family.

As it seems to me, it appears that such is my fate that; you should be at my side at the beginning of my wanderings (in Berlin) and that; you should be instrumental at the end of all my wanderings, in Israel

My son, Jacob, the small boy you might remember from Berlin (he was 11 years old) is today himself a father of three wonderful children and a wonderful wife. Understandably, it is necessary to make a living for them.

To this end, my son had gone to Israel with his family to settle. Unfortunately, my wife's health became bad, extremely so, and he like a good son was forced to return to the States with the purpose of returning to Israel with us together. Meanwhile also to save a little more money with which to buy a truck so he can establish himself and make a living in Israel.

My son has been and is now working for a trucking outfit in New Jersey, <sup>called</sup> Foodway and Highway Express Inc. Also, while in Israel he pursued this line of work and was accepted as a member in Afula Transport Cooperative through the Mercaz Ha~~incorporat~~corporatzia, No. 2 Herzl, in Haifa. The man he dealt with was Mr. Zinovich. At that time my son lived in Natanya and wanted to be on his own and the companies like Shelf in Tel Aviv told him that there is plenty of work for a Mack Semi-Trailer, and he would be accepted as a member 'only' on one condition. This condition was that he bring in or own his own truck (Mack Semi-Trailer). Lazy, he is not, and he does not mind hard work. Therefore my son feels that with a truck he can make a living for his family.

I am aware that I am no longer a young man, I am ready to retire and too much capital unfortunately I don't have so as to open a decent business in Israel. For this reason my son feels this is the only avenue of approach to provide a living for himself and family.

All the people my son spoke with in Israel that are in the trucking business feel that the Mack is the truck to buy through the Mack Israeli Agency or direct, because Mack guarantees their equipment and service all over the world. The trailer and tires my son will buy in Israel.

What my son needs and what is most important, is an 'import license' to permit him to bring in a truck, and thus provide a living for his family.

As an Oleh Hadash he did not purchase any motor vehicles in Israel whatever, or import any.

My file number is ???? and the Shaliach we are speaking with is by name: Mr. Asher Cailingald, 1530 Lewis Tower Building, Israel Aliyah Center, Philadelphia, Pa.

Mr. Cailingald said that my son has a year and several months left before his rights as an Oleh expire.

Now is the questions about housing, I as an oleh, a new immigrant an Aliyah, am entitled I believe to living quarters?

About my son <sup>Yaakov</sup> we had received living quarters when he was in Israel and returned the apartment to the Amidar when he was forced to return here. The apartment was located at Assaf Simhoni, 7, in Netanya,

Mr. Cailingald implied that housing now is very difficult to obtain, much more difficult than in 1970 February, when my son went on Aliyah <sup>the first time</sup> and that with protekzia (to push the right button in Israel) <sup>but</sup> there is hope for us either for two apartments, or for one large one to accommodate both families, this means 7 people. Four adults and three children, aged 12, 9 and 2 1/2. My son and his family after living in Netanya would like very much to return there, because my fine daughter in law has some family and friends and the climate is one that is more suitable to my wife's health.

Also the children, Pesach, Leah and Hadar, ~~went~~ <sup>go</sup> to a school, <sup>1101e</sup> made many friends and liked the school very much.

However, this seems like a tall order and it may be too difficult to now obtain.

So in all sincerity I and my son and family would be forever grateful if we had living quarters anywhere in Israel where the climate is not very extremely hot, (because of my wife Rebecca's health).

I truly hope that I am not troubling you, but our desire to settle in Israel is very great, and to do this as quickly as possible. It is my hope and prayer that you, for you are our 'only' source of help and hope in Israel, can and will be instrumental in helping us to fulfill our destiny.

Needless to say, we shall be forever grateful, for any help you can possible give us.

We stand anxious to hear from you. With fond memories of you and kindest regards to you and yours. Wishing you a *נחמ ען*

Please forgive me because I feel I must add a few words.

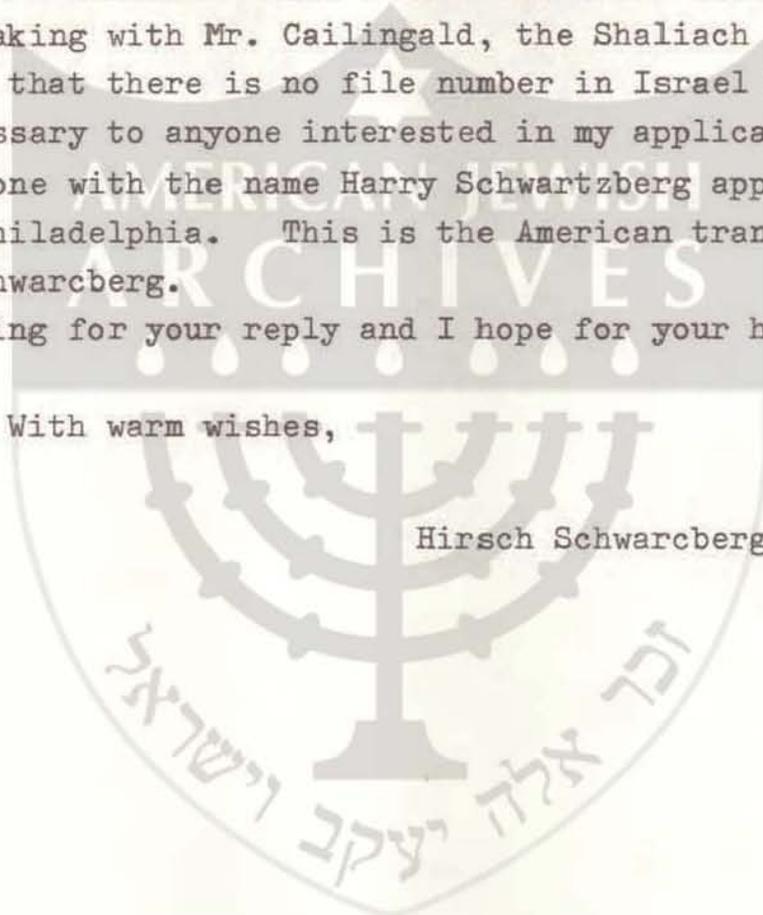

After speaking with Mr. Cailingald, the Shaliach in Philadelphia, I was informed that there is no file number in Israel as yet in my name nor is it necessary to anyone interested in my application.

I am the only one with the name Harry Schwartzberg applying to go on Aliyah, from Philadelphia. This is the American translation of my name Hirsch Schwarzberg.

I am waiting for your reply and I hope for your help.

With warm wishes,

Dear Mr. Schwarcberg:

I have your letter of November 26, in which you answered my questions.

After receiving your letter I had two very good conversations with two offices; one in the Ministry of Transport, regarding the trucking license; and the second in the Ministry of Absorption, regarding housing. In both Ministries the people were very helpful and expressed a desire to help you.

In the Ministry of Transport the man's name is Shabtai Eshkoli. When I went to see him he said he had already received a letter from your son and had already sent him an answer under the date of November 29. In that letter he explained that your son could have an Import License for the truck, and explained the necessary conditions. Your son must have a valid Israeli Driver's License for the truck, and must be able to show that he was working in this branch of transportation for three years (which can include the time also in Israel); and that the truck must meet the designated safety conditions in Israel. By now I am sure that you have Mr. Eshkoli's letter and you know what you must do.

Incidentally, I would simply like to say that the trucking business in Israel today is not as good as it was a few years ago. To buy a truck represents a huge investment, and from everything I hear there are many trucks working in Israel today and there is much competition. I know your son is willing to work hard but I wanted to make sure that you understand that even with very hard work its not easy to make a living in the trucking industry any longer.

In the Ministry of Absorption I spoke with Miss Rivka Gadiel, and explained how you would like to get two apartments in Natanya again. I sent her a copy of your last letter and she said she would write to you directly, or else she would write to Mr. Kleingold at the Philadelphia Aliyah Center.

Mr. H. Schwarcberg

December 13, 1972

Page 2

She assured me she would try to do her best and she asked me when you wanted to come to Israel. I told her that my understanding is that you want to come as soon as possible.

Well, that's my report for now, and I have a feeling that these two Ministries will try to do their best. Mr. Eshkoli is now waiting for an answer from your son and you should be hearing from Miss Gadiel either directly or through Kleingold's office.

Please keep in touch with me to let me know how things are going.

Sincerely yours,

Herbert A. Friedman

Nov. 3, 1972

Dear Mr. Friedman,

First of all, I would like to remind you of who I am and give you my passport, so to speak.

My name is Hirsch Schwarcterg. I was the president of the Central Committee in Berlin, Shkattentzer when you also were in Berlin, the Chaplain.

I do hope you remember me well.

I think you know I am in the States, and the time has arrived that I would like to settle in Israel.

Of course, if you remember, I had a little son Jacob who is now a father himself with three beautiful children.

He and his wife had immigrated to Israel and love the land and atmosphere very much.

However, because at the time when they were there in Israel; I became ill, and as an only son Jacob felt compelled to return and assist me. But he could not leave his family themselves so he decided to bring them back until I would be healthy enough

to return to Israel with them.

Now has come the time where I hope, knowing you, you will not refuse a little helping hand by putting in a good word in the right places for (at least) the efforts I put in the direction of the State of Israel before Israel was born. By being instrumental in sending children and lending another helping hand for the well-being of Israel.

Now, what would be my request?

Being 65 years old, my son of course is 37 yrs. and having in mind to make a living for himself and his family; he would like to bring over a diesel semi-trailer truck which he is sure he can make a living for his family.

What we desperately need is "permission" to bring in such a truck! This will be my first Aliya to Israel, I have never been there and I wish now to immigrate from the States together with my son and family. For my son and family, it will be their 2<sup>nd</sup> Aliyah, and final one, since I am returning with them along with my wife Rebecca.

(3)

Knowing your word will carry a weight.  
On my behalf, I am not looking for  
charities or to be a burden on the State of  
Israel.

I would like to have housing for me  
and my son and family to which any  
other Jew would be entitled, because I am  
not financially able to buy a house. The  
same for my son. They resided in Netanya  
and have told me how happy they were there  
and I would very much like to return to  
live there if it is in any way possible. If  
not, then in any area near Netanya, as  
my daughter-in-law has relatives there and  
established good friends and the children  
are familiar and happy in their school *|| 710'*  
in Netanya.

Perhaps, and I hope, you will in any  
way help fulfill our desire to be in Israel  
where I would like to live out the last  
years of my life with my wife and naturally  
to be together with my only son.

I fervently hope you will put in a  
good word at the Ministry of Transport  
in my behalf, and therefore on behalf

of my son, Jacob; to be granted  
"permission" and sent the necessary forms  
to be able to bring to Israel with us a  
diesel truck, whereby he can make a  
living for his family.

I would be most grateful to you if  
you could extend to me your help in  
this most important matter, in Israel.

We wish to leave for Israel as soon  
as humanly possible.

Therefore, I urgently request your answer  
to this letter, and I do hope that you  
will be of help to us.

I don't have to tell you this favor  
will be ever remembered.

I hope very much to see you soon  
in Israel!

With highest personal regards to you and  
yours

Sincerely yours

Dear Mr. Friedman;

We wish to share with you the good news that we have been granted an apartment in Israel, and it is now only a matter of a short time before we will join you there!

With an emotion so deep it is difficult to find words to express to you our joy and our deep gratitude to you!

I, personally, regard you as our 'guardian angel' (if you will forgive me) for without your help, I am sure our prayers would not have been answered.

If you would like, I will write you when we will arrive in Israel. I would like to personally meet you and thank you, and I know that my father-in-law will be really overjoyed to meet with you and see you again.

Mr. Cailingeld, the Shalichan in Philadelphia, Pa. gave us a choice of locations in Israel and we have told him that if there is an apartment of 4 rooms available in "Bat Yam" this location would be ideally suited for us. If there are none, then Holon or Haifa would be fine too. But Bat Yam is our first preference.

There is nothing to tie us back here, and

we have told Mr. Cailingsold that we are ready and able to go on Aliya as soon as arrangements for our apartment have been secured.

My dear Mr. Friedman, if there were only some way we could all show you our appreciation for your help? Needless to say, I shall volunteer my services as typist or secretary to your offices or any organization you support. Perhaps we can repay your kindness, by being kind and helpful to others as much as we are able.

I shall close my letter for now.

Dear Mrs. Schwartzberg:

I have just received your letter of January 6, and I will continue to try my best with Miss Rivka Gadiel in regard to the matter of housing.

Your letter was very beautiful and I certainly hope that your dreams can come true.

May I give you one word of advice, which I am sure you know well, you must continue to push Mr. Cailingold in the Philadelphia Aliyah Center to get this housing arranged for you, and not to depend only on me. If he pushes from his end and I push from this end, that's the best way to do it.

Sincerely yours,

Herbert A. Friedman
