Dear Fred;

Enclosed is list of equipment we are sending to Israel for Free Dental Clinics. In addition we are donating our services, planning, etc. to the organization to insure its success.

We have enlisted the aid of American dentists to donate their services free, thru the "Aliyah Professional Unit".

The first clinics to be opened will be in Shafir Regional Council, Azath-Netivat, Yeshiva Ha Katel' in Hebron.

We have been given to understand by Miss Sahar ben Seve, administrator and Mayor Moskowitz of Shafer Regional Council, who are acting as co-ordinators of this project and to whom this shipment is addressed, that They have been advised that there is a pending charge of 20% duty, regardless of the fact that this is a free donation without any strings attached.

Please help us get this material duty free into Israel. If you can contact Pincus Sapir who may desire additional information, our Dr. Leon W. Katz, administrator of our clinic will be in Israel on and after June 25th, and can be reached at Shafir regional Council, "Dar Na Lachish Zafon, Israel".

Sincerely,

David Haber

Dear Fred:

I am enclosing herein copy of my letter to Shimon Alexandroni after my telephone conversation with him. He will advise you directly. I am also returning David Haber's original correspondence to you.

I hope you will say yes to being the guest of honor at our Opening Dinner on October 14. I should, personally, like the privilege of building a magnificent dinner with you as one of the four guests of honor-- to receive the annual bronze Herbert Lehman Israel Award sculptured by the famous artist, Chaim Gross. You will continue to be of great service to Israel - as you have always been - by saying yes.

With kindest personal regards, and fondest affection for you, I am

Cordially yours,

Philip Chasin

Dear Shimon:

As per my conversation with you on the telephone this morning, I am enclosing a xerox of a letter Fred Pomerantz received from his friend, David Haber.

Fred is quite concerned about the need to pay duty on this magnificent contribution of equipment to establish free dental clinics in Israel. He asked whether you would look into the matter and see whether the 20% duty can be waived.

Would you please advise Fred directly as to what can be done.

Sincerely yours,

PC:MLR

August 10, 1971

Mr. Herbert Friedman

Tel Aviv

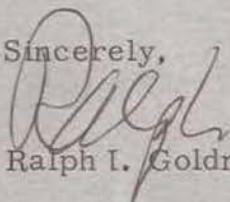

Dear Herb:

I spent last evening with Freddy Pomeranz and his family. At about midnight, when we returned to the Hilton, he found a message from a Dr. Katz with reference to some gift of dental equipment which is being sent to dental clinics in Israel. Freddy has been trying to arrange the elimination of the duty on this shipment. It was too late to call Dr. Leon Katz (Tel. no. 055-96581); Freddy therefore asked me to pass on the attached material to you in the hope that you might use your good offices to help expedite this matter.

Early in the evening Freddy told me that he has been asked to consider giving \$1,000,000 to the Emergency Fund this year. You, of course, can imagine what was my reaction. As you know, his family thinks he is doing too much for Israel. By the end of the evening Freddy promised that he would be back at the end of this month at the invitation of the Prime Minister. He smiled and said, "I know it will cost me."

Freddy left for Rome this morning and he was anxious for me to pass the enclosed material on to you quickly because he said he expects to call you from Rome in about two or three days.

Sincerely,

Ralph I. Goldman
