RE: NATIONAL ANNUAL CONFERENCE, December, 1960

With regard to the program for the National Annual Conference, it is to be noted that Mr. Friedman is to introduce Mr. Uris.

It is also important to arrange for a private meeting of Mr. Uris with Governor Rockefeller and this can best be done just prior to the banquet Saturday night.

H.E. Mr. David Ben Gurion
Prime Minister of Israel
Jerusalem, Israel

Dear Mr. Ben Gurion:

With a most successful UJA Annual National Conference for 1959 now behind us, and with our campaign for 1960 already getting off to an encouragingly early start, we of the UJA are presently trying to look ahead with the necessary kind of foresight to 1961. As the prelude to that campaign, we will hold the twenty-third Annual National Conference on or about December 17th of 1960.

I know you understand the significance of our annual conference as a traditional occasion for the leaders of the American Jewish communities to gather together for the purpose of rededicating themselves to our cause. It is most important that the Conference in 1960 be as fully effective as any held in the past. We strongly feel that the participation at that time of Mr. Abba Eban would assist in very large measure to achieve that result.

I would like, therefore, formally to request that circumstances be arranged to permit Mr. Eban to come to the United States to address the Conference next December, and also to remain in this country for two or three weeks thereafter for the purpose of addressing fund-raising meetings in some key communities here. This would be of particular help and importance in view of the manner in which the fund-raising drives in an ever-growing number of communities are getting under way earlier.

Your consideration of this matter, and your reply in regard to it, will be most deeply appreciated.

With warm good wishes, and very kind regards.

Sincerely yours,

Morris W. Berinstein.

Dear Herbert:

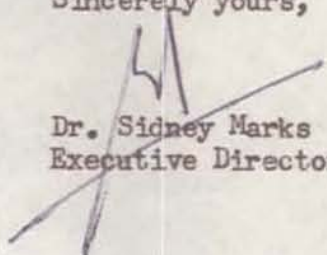

Just a word of information which may be of interest to you.

A great many of our people were at the UJA meeting in New York. It might interest you to know that neither the ZOA nor its President was invited. As a matter of fact, I called Mel Goldstein, off the record, on the Thursday prior to the weekend meeting, and so advised him.

It would seem to me that it would have been good business to have extended that official invitation to Abe Redelheim.

I trust this letter finds you and your family in the best of health and spirits. Accept my affectionate regards and these best wishes for a Happy Chanukah.

Sincerely yours,

Dear Mrs. Doll:

Attached hereto is a copy of a letter that was addressed to Mr. Ben-Gurion by Morris Berinstein under date of December 22nd. I really don't recall whether or not I sent you a copy of this. You will note that Mr. Berinstein asked Mr. Ben-Gurion to permit Mr. Eban to come to the United States to address our National Annual Conference in December, 1960.

We received no reply whatever from Mr. Ben-Gurion. I would, therefore, appreciate it very much if you would make some discreet inquiry and let me know where this matter stands.

Incidentally could you also let me know when Morton Berman is scheduled to return to Israel? You've been doing so very well in taking care of everything and I know you will continue but it is just a matter of personal interest to know when he will get tired of England.

Kindest regards.

Dear Mr. Goldstein:

Thank you for your letter of February 16 enclosing copy of a letter addressed to Mr. Ben Gurion by Mr. Morris Berinstein in which he asks the Prime Minister to permit Mr. Eban to go to the United States for the National Annual Conference in December 1960. I do not recall having seen a copy of this letter before. In any case I have already started a discreet inquiry on the subject and I hope to be able to supply you with some information within a few days.

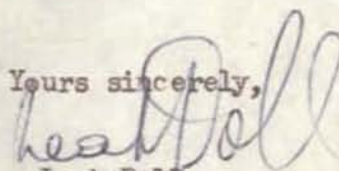

In one of his letters Dr. Berman mentioned March 8th or 9th as the date of his return to Israel. I know that they are trying to keep him there a little longer but I think he has made up his mind to be back by that date; I cannot say, of course, whether he is getting tired of England but I do know he feels he ought not to prolong his absence from his family any longer.

With regard to Mr. Sharett's short visit to the USA. I am now informed by Mr. Eshkol's office that he will be addressing two UJA meetings, namely one on March 1st and one on March 2nd. Obviously this is not all that Mr. Berinstein had in mind when he wrote to Mr. Levi Eshkol and I know it is not sufficient for your purposes, but on the other hand it is really the maximum that Mr. Sharett could do.

I was very happy to learn from your letter of February 10th about Ida Loew's success. May I say that this was exactly what I expected of her. She is a sincere and vital personality and possesses poise and self-assurance. I am sure she will be a real asset to your campaign.

With very best wishes,

Yours sincerely,

Dear Mr. Goldstein:

Further to my letter of February 23rd on the subject of Mr. Eban's participation in your National Annual Conference in December 1960, I have just received advice from the office of the Prime Minister that Mr. Ben Gurion agrees in principle to Mr. Eban's visit, as requested by Mr. Morris Berinstein. However, as the date is rather far off the Prime Minister was unable to give his definitive approval at this stage. May I suggest, therefore, that we take up this matter again with the Prime Minister's office in June or July. We shall, of course, keep you informed of any developments in this respect.

Dear Meyer,

I'm sure you will recall Herb's conversation with you regarding Mr. Eban and his participation in our National Annual Conference in December of this year. We would like him to deliver the main address at our conference which will be held on December 9th, 10th and 11th and we should like him to remain on in the United States as long as he possibly can, perhaps until January 15th, because we have some very important conferences throughout the country during that period and some really top fund raising meetings.

Back in December, Morris Berinstein wrote to Mr. Ben-Gurion to ask what Mr. Eban be permitted to address our National Annual Conference in December. I followed up the matter with Mrs. Leah Doll of the Keren Hayesod in Jerusalem with whom I am in touch about these matters and I am sending you herewith, for your information, a copy of the reply I received from Mrs. Doll dated February 28th.

Dear Mel:

I have before me your letter of March 4, 1960, with enclosed copy of letter dated February 28 addressed to you by Mrs. Leah Doll, of the Keren Hayesod in Jerusalem.

Mr. Abba Eban's participation in the U.J.A. National Conference in December 1960, and for that matter in any other fund-raising conference or community meetings in the United States, will depend to a large extent on the results of our negotiations with the Jewish Agency, the United Jewish Appeal, and other factors.

If it should become necessary to conduct our own fund-raising campaign, our own situation will of course have to be considered in the context of any public or private appearances by Mr. Eban in the States. You will realize that, as President of the Weizmann Institute, he owes a primary duty to that institution should such a situation develop as cuts off our financial source through the Jewish Agency or the Government.

I personally hope that such an eventuality will not occur and that Mr. Eban will be available to address the U.J.A. National Conference.

My dear Mr. Justice:

The United Jewish Appeal is planning to have a conference in Washington over the week-end of June 17, 18 and 19, 1960. The purpose of this conference is to assemble the volunteer leadership of the campaign from all parts of America at the mid year point in order to give them reports of progress, provide stimulation for their continuing efforts, and to serve as a target point for the mobilization of cash.

Knowing of your deep interest in Israel, and especially in the problems of immigrant absorption with which the United Jewish Appeal concerns itself, I would like to invite you to attend this conference and honor us with your presence.

We would be overjoyed if you would agree to address the large Saturday evening Banquet session, which will be held at the Mayflower Hotel on the dates mentioned above. In any case, your presence at our meeting would be most significant.

Senator Lehman, William Rosenwald and all of our officers join me in extending this invitation and in expressing the hope that you will be able to speak to us at this important conference.

Dear Nat:

This is by way of follow-up to our very pleasant lunch the other day.

The UJA will be holding its Annual National Conference at the Statler-Hilton from Friday, December 9th, through Sunday, December 11th. This is our top Conference which annually brings 800 to 1,000 Jewish community leaders and givers together to set the goal and plan the course of the up-coming campaign.

Our Saturday night session is always a showcase ^{affair} ~~session~~ generally addressed by an Israel Cabinet member and top figures in American national life. As you will note, the weekend comes on the eve of the opening of "Exodus". In this connection, do you think it might be possible to arrange for the personal appearance of one or more of your "Exodus" stars at our Saturday night session - perhaps Sal Mineo or Jill Hayworth. He or she might say a few words or, in the instance of Sal Mineo, perhaps sing an Israeli song (which I assume he will be doing from here on in.).

With very thanks for your helpfulness in this matter, and at the luncheon.

Governor Nelson A. Rockefeller
22 West 55th Street
New York, N.Y.

Dear Governor Rockefeller:

The Annual National Conference of the United Jewish Appeal held in December is the most important meeting in the yearly calendar of the UJA. The Conference this year will be held on December 9th, 10th and 11th at the Statler-Hilton Hotel in New York City. I am writing to extend to you in the warmest way an invitation to address the principal session of the Conference, which will be a banquet taking place at the Statler-Hilton on the evening of Saturday, December 10th.

This Conference is of the greatest importance to the American Jewish community in its efforts to aid distressed Jews overseas and to assist in the resettlement of many of them in Israel. The needs that must be met through our cause in 1961 will be surveyed on this occasion, and the 1961 campaign of the UJA will be mapped out. We anticipate the attendance of some 1,000 leading representatives of Jewish communities throughout the United States.

My associates and I know that your presence at our Conference will be welcomed with extraordinary pleasure and attentiveness by all those attending. This is because of the very high esteem in which you are held by so many Americans, and because of the compassionate interest that you have demonstrated in the unhappy circumstances of Jews in many parts of the world. Certainly a message of encouragement from you would be of tremendous value in further inspiring the many leaders of American Jewry who are going to be assembled for this occasion. The concrete benefit to countless men, women and children who are dependent on help through the United Jewish Appeal should be immeasurable. In addition, being the kind of individual you are, I think you will derive a great deal of satisfaction from seeing these American Jewish leaders whose dedicated efforts over the years have been so meaningful.

We hope most eagerly you will be able to accept this invitation to address the Conference.

We have already been talking about the program for the Women's session at the National Conference in December. This Conference, as you may know, will mark the 15th anniversary of the organization of the National Women's Division.

AMERICAN JEWISH

We would like you to be our principal speaker at the brunch and to recap highlights of those 15 years of the UJA. We would also like you to pay tribute to each of the Past National Chairmen who will be present, and to the many leaders who have worked so diligently throughout the country who will also be attending our session. Would you also stress the contribution women have made to the success of the United Jewish Appeal and urge them to continue their devoted service.

The women have heard you of course at many National Conferences talking to the general assembly, but I think they will find it especially meaningful to know that you have taken the time to address them personally. At the conclusion of your speech we would like to have a large birthday cake wheeled in to mark the occasion.

Please let me know that we can depend on you for this. We plan to hold the brunch earlier this year, beginning at 10:30 or 11 A.M., so that we might also have time for a workshop after your presentation and the serving of the cake. It will not be necessary to detain you for the latter part of the program.

Since I will not see you before the holidays, I want to wish you and Elaine and your family a year filled with health and happiness.

To Mr. Melvin S. Goldstein

From Irving Bernstein

Subject Leon Uris

As you know, HAF spoke to me on Uris again, regarding his participating in our December Conference.

Although no commitment was made, HAF arranged to meet with Uris during his visit to Los Angeles on October 3. Unless there is a significant change in Uris' planning between now and then, I am reasonably sure he will accept the date if and when HAF asks him again.

This is in reference to your previous memoranda regarding the availability of Leon Uris for our December National Conference.

During HAF's visit to Los Angeles, we met with Leon Uris to discuss his participation in the National Conference. After considerable persuasion by HAF, Uris agreed to speak at the Saturday night session which will also be addressed by Governor Rockefeller and Ambassador Harman.

HAF indicated that he wanted to use Uris' picture on the initial brochure on the Conference together with the Governor's and that he also wanted UJA publicity keyed to Uris' forthcoming book on the Warsaw Ghetto, to which Uris agreed.

Leon Uris -- December Conference

Mr. Friedman told me yesterday that he spoke with Leon Uris who will definitely attend the conference. Mr. Uris wants us to play up his new book which will be coming out some time in April. He wants us, therefore, to advertise him as the author of EXODUS and a great new thrilling drama of the uprising in Warsaw entitled "Mila 18". Mr. Levy is to work this into the RTM.

Mr. Uris told Mr. Friedman that if he comes to New York for the UJA conference he will also have to accept a Bond Drive invitation to speak at the Madison Square Garden in connection with the Chanukah Festival. Mr. Friedman said that is all right. Mr. Uris then said that he may as well bring his wife and children and they can have a vacation somewhere around New York and he asked us to pay for the trip for himself and his wife and children and all of their expenses. Mr. Friedman said that this is out of the question and he told Mr. Uris that he wants a fee then we will pay him \$1,000. Mr. Uris said that he would not accept a fee. Mr. Friedman then said that all we can do is to pay Uris' expenses and as far as being in New York is concerned we will pay the hotel room in New York for a few days, and that is all. I want to note that it was not clear that Mr. Friedman said we would pay for Mr. Uris' transportation from California to New York and return because the Bond Drive is involved here.

Mr. Uris tried once again and asked Mr. Friedman to split the expenses for his wife and children and himself with the Bond Drive and Mr. Friedman said that we could not do that and we will only pay the hotel room in New York for a few days and that's all.

Mr. Uris is supposed to be at Davidson College in North Carolina some time between the middle of February and the beginning of March. Uris offered, at the same time, to go down to Atlanta for us (he is a good friend of Leshem, the Israel Consul in Atlanta) and speak at a Big Gifts affair there or a big meeting if we want to set one up for him. He would be willing to give two days to Atlanta. I think you ought to follow through on this.

SENT TO PRESIDENTS AND EXECUTIVE DIRECTORS

October 19, 1960

Dear Friend:

The 23rd Annual Conference of the United Jewish Appeal will be held at the Statler-Hilton Hotel in New York City on December 9th, 10th and 11th. Traditionally the most important function in the UJA's calendar, the Conference will have an additionally significant aspect this year which I want to call particularly to your attention.

The establishment of a national campaign goal for 1961, based upon the basic and realistic budgetary requirements of the constituent agencies of the UJA, will be the major item for consideration at the Conference. For several years, the UJA has not set a campaign goal but, instead, submitted to the community a statement showing the total needs of its agencies.

The formation of the new Board of the Jewish Agency for Israel, Inc., to exercise control over the spending of funds in Israel makes it incumbent upon the UJA to establish a goal and to realize it. This Board, consisting as it does of American Jewish leaders, will determine the particular activities and programs of immigration, absorption, resettlement, education and other philanthropic activities conducted by the Jewish Agency for Israel which should be supported -- as well as the extent of that support -- through funds raised by the United Jewish Appeal. The Board of the Jewish Agency and the Joint Distribution Committee are preparing careful budgets which will result in definite commitments. In performing their operations, the Board of the Jewish Agency and the JDC must look to the decisions and attitude taken by the leadership of American Jewry as represented at the UJA Annual National Conference.

In addition to deciding on the national campaign goal, this will involve establishing quotas for the drives in each and every community in the United States. These decisions in turn will inevitably relate to the overall goal for local, national and overseas needs in each community. The subjects of the national campaign goal and community quotas were intensively discussed at the last meeting of the officers of the UJA, and in view of their overriding importance a determination was made to refer these to the UJA Annual Conference for final decision. It will also be the function of the Conference to map out a campaign for the UJA in 1961 that will be proportionate to the great needs which must be met.

Within the Conference proper, the major decisions are made by the Steering Committee. From what I have already pointed out, I am sure you will agree it is especially vital this year that members of the Steering Committee be particularly representative of their communities. It would seem to us that

officers of your Federation and members of your Allocations Committee would be among those best suited to serve in this capacity, although by this we do not mean to suggest a hard and fast rule to you by which members should be designated. In any event, of course, the decisions of this Committee must command the respect of the entire Jewish community and, as such, can be expected to be implemented to the fullest extent only if the Committee is adequately representative of the individual communities throughout the country. For that reason, it is imperative that your community be well represented on this Committee.

The Conference will be addressed by New York State Governor Nelson A. Rockefeller; Israel Ambassador Avraham Harman; Leon Uris, author of "Exodus", Dr. Dov Joseph, the Treasurer of the Jewish Agency; Moses Leavitt, Executive Secretary of the JDC; and by others including most of the officers of the UJA. There will also be a report from the new Board of the Jewish Agency, and the budgets of the UJA's various constituent agencies will be presented in a manner high-lighting the vast human needs which these budgets represent.

AMERICAN JEWISH

Among these needs in Israel which will confront the UJA in 1961 are the consolidation of the 485 farm settlements, established since the beginning of the State, which are still not economically self-sufficient; the 40,000 who are still living under primitive conditions in the maabarot; the clearance of wretched city slum conditions; additional water in the Negev; the need to develop further the border areas; and, last but not least, all the problems entailed in the continuing immigration of some 25,000 to 30,000 a year. Furthermore, there are the vital programs of the JDC in North Africa, in Western Europe, in Poland and elsewhere to provide aid for the needy and to assist local Jewish communities to re-establish their institutions. The requirements of the JDC encompass indispensable operations in 25 countries.

Representation on the Steering Committee is according to the following formula:

If your community has a Jewish population up to 15,000, you may designate one delegate and one alternate to represent it on the Steering Committee. If your Jewish population is from 15,000 to 40,000, your community is entitled to two delegates and two alternates -- while those with Jewish populations in excess of 40,000 are entitled to three delegates and three alternates. These, together with 15 delegates from the Greater New York area, 12 delegates representing the 8 regions of the Council of Jewish Federations and Welfare Funds, 25 delegates representing the country at large, and the national officers of the UJA constitute the Conference Steering Committee.

Please act at once to designate your delegates and alternates. As soon as you notify us of their names, we shall send them their credentials as Steering Committee members.

I know from past experience that you will extend every cooperation in regard to advising us as soon as possible who will represent your community on the Steering Committee -- and I do hope that you can let us know you will attend the Conference.

Sincerely yours,

Morris Bernstein

Although you have received a formal invitation to attend the 23rd Annual Conference of the United Jewish Appeal to be held at the Statler Hilton Hotel in New York on December 9, 10 and 11, we are writing you now because it is absolutely vital that this conference include the attendance of a great and representative number of leaders such as yourself from as many American Jewish communities as possible. One of the main reasons is that this conference, for the first time in several years, will fix a campaign goal for 1961 based upon the basic and realistic budgetary requirements of the constituent agencies of the UJA.

The formation of the new Board of the Jewish Agency for Israel, Inc. to exercise control over the spending of funds in Israel, makes it incumbent upon the UJA to establish a goal and to realize it. This Board, consisting as it does of American Jewish leaders, will determine the particular activities and programs of emigration, absorption, resettlement, education and other philanthropic activities conducted by the Jewish Agency in Israel which should be supported through funds raised by the United Jewish Appeal. The Board of the Jewish Agency and the Joint Distribution Committee are preparing careful budgets which will result in definite commitments. In performing their operations, the Board of the Jewish Agency and the JDC must look to the decisions and attitude taken by the leadership of American Jewry as represented at the UJA Annual National Conference.

Through this conference the voice of American Jewry must make itself distinctly and eloquently heard on the issue of help to fellow Jews in need. It is meant for everyone who is concerned, in heart and soul, with this throbbing issue. Your participation certainly can be expected to contribute a great deal towards assuring that the wisest and most effective decisions will be forthcoming from the conference.

The report of the 1960 Study Mission which had an opportunity intimately to note the needs and requirements while abroad last month -- in Europe and Israel -- will be presented and will play an important role in the deliberations on the scope and shape of the 1961 campaign. In addition, the establishment of a national campaign goal will make necessary setting UJA quotas for inclusion in the drives in each and every community in the United States and this, of course, inevitably will relate to the overall goal for local, national and overseas needs in each community. As a practical matter, therefore, this Annual National Conference of the UJA will determine, on the basis of the budgets presented by UJA's constituent agencies, the financial commitment each community in the country must make to the UJA.

We are certain you will appreciate our strong feeling that your help and counsel will be exceedingly meaningful in making the decisions and in assuring that the conference is as thoroughly represented as it must be if its vital commitments are to be effectively implemented by the individual communities throughout the country. We urge you to attend.

You will find a card enclosed for your convenience in replying. We would deeply appreciate your using it to let us know -- if you have not already done so, of course -- that you will attend the UJA Annual National Conference.

Kind regards.

Sincerely yours,

Dear Friend:

It really is of the utmost importance that the 23rd Annual Conference of the United Jewish Appeal, taking place at the Statler-Hilton Hotel in New York City on December 9th, 10th and 11th, be as fully representative as it possibly can. I am therefore writing again to stress how vital it is to have your reply to my letter to you of October 19th regarding the selection of leaders who would represent your community on the Conference Steering Committee.

As previously indicated, the matter of the 1961 national campaign goal for the United Jewish Appeal will be importantly involved in the deliberations at the Conference, since the formation of the new Board of the Jewish Agency for Israel, Inc., makes it incumbent on the UJA to establish a goal for the year ahead and to realize it. The commitment on the national campaign goal in turn will involve establishing quotas in each and every community. The Conference also will be concerned, of course, with charting a campaign for the UJA in 1961 that can realize the goal set and meet the great needs which face us.

As also indicated in my previous letter, the Board of the Jewish Agency, and the Joint Distribution Committee, will present budgets based on their realistic and urgent requirements for consideration at the Conference in making decisions. In addition, the report of the 1960 UJA Study Mission, which had the opportunity intimately to note needs and requirements while abroad recently in Europe and Israel, will be presented to the Conference and undoubtedly play an important role in the deliberations on the scope and shape of the 1961 UJA campaign. There certainly is much in this report requiring urgent and thoughtful consideration.

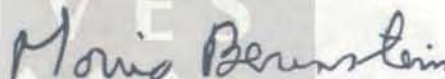

It really cannot be stressed too strongly how vital it is to have the participation in the Conference of understanding delegates from your community for the making of proper decisions and to assure their subsequent implementation. To recapitulate from my previous letter, within the Conference proper the major decisions are made by the Steering Committee. Representation on the Steering Committee is according to the following formula:

If your community has a Jewish population up to 15,000, you may designate one delegate and one alternate to represent it on the Steering Committee. If your Jewish population is from 15,000 to 40,000, your community is entitled to two delegates and two alternates -- while those with Jewish populations in excess of 40,000 are entitled to three delegates and three alternates. These, together with 15 delegates from the Greater New York area, 12 delegates representing the 8 regions of the Council of Jewish Federations and Welfare Funds,

25 delegates representing the country at large, and the national officers of the UJA constitute the Conference Steering Committee.

I do hope you will write me now naming the leaders who will represent your community on the Conference Steering Committee. In replying, incidentally, it will be most helpful if you would advise us in regard to each delegate you name the number of plates that should be reserved for the luncheon on December 9th, the dinner on December 10th and the breakfast on December 11th. Please also let us know in the case of each delegate whether and from what date hotel reservations may be required, as well as whether these should include single or double room accommodations. We would also welcome being informed of the estimated time of arrival of each delegate.

Sincerely yours,

Morris W. Berinstein

Dear Chaverim and Chaverot:

From the daily press you have undoubtedly learned that the 23rd Annual Conference of the United Jewish Appeal will this year meet at the Statler-Hilton Hotel, in New York City, on Friday, Saturday and Sunday, December 9, 10 and 11.

As in previous years, the UJA Conference will manifest the greatest unified determination on the part of American Jewry to attain next year the maximum results in aid on behalf of the people of Israel and Jews the world over who may be in need. Delegates from hundreds of communities throughout the country, representing all shades and walks of Jewish life, are expected to attend.

The most urgent business before the Conference will be action on the report of the Seventh UJA Study Mission, a 125-person group, which has just returned from a three-week survey of Jewish needs in Europe and Israel. It seems that the progress Israel has made and is making, has blinded some American Jews to the fact that about one-third of the total immigrant influx since 1948, is still not completely absorbed, still not fully self-supporting, still lagging far behind. The picture is particularly disturbing when we realize that this unabsorbed group constitutes almost one-sixth of Israel's total Jewish population.

Then there is the problem of the continued immigration to Israel. There are no newspaper headlines, no figures, no names of ports of embarkation, no news when they disembark. But they come, almost daily - not in large numbers, not in tens of thousands - in small batches, but in the aggregate, at the end of the fiscal year, they constitute a substantial addition to the population. They, however, bring with them all of the problems that plague Israel - absorption, integration, settlement, education and housing.

Dear Charlie:

I am writing this letter to invite you formally to address the UJA National Annual Conference which will be held at the Statler Hilton Hotel in New York on December 9, 10 and 11. Our tentative plans at this writing call for you to make a complete presentation regarding the JDC program and its budget at the Friday morning session on December 9th. Barney Joseph is scheduled to make a similar presentation at that session for the Jewish Agency, and Abe Haraan will also speak that morning.

With regard to your appearing on our behalf in the spring, I understand that you cannot come to the United States early in the year because of commitments. We would, therefore, like very much to have you here from April 15th to about May 15th to undertake a number of speaking engagements. As I see it now, for the period May 1st to May 15th you will be working in New York City where you can be most helpful to the UJA. We will proceed with setting up a proper schedule for you for the April portion of your stay here.

Please let me know that this is in order and with kindest regards, I am

Sincerely yours,

Dear Mr. Tanenbaum:

It really would mean so much to us to have you with us at the 23rd UJA Annual Conference to take place on December 9th, 10th and 11th at the Statler Hilton Hotel in New York, that I feel compelled to write to you again about it. It seems to me that it just would not be as complete as it should be unless you are there representing Toronto.

Certainly it would be tremendously important to us to have your advice and counsel during the course of this most important affair when very great decisions must be made. May I also add the personal note that it would give all of us a lot of pleasure to see you on this occasion.

In the eager hope that you will come, we are holding for you a place at the head table at the banquet session of the Conference. Please let me have your reply--it would be so good to hear from you that you will attend. As I previously indicated, we would of course additionally welcome any of your Canadian associates who may wish to come with you.

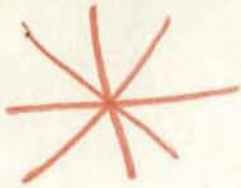

With all good wishes and warm regards,

Sincerely yours,

Dear Mr. Warburg;

Attached hereto, for your information, is a rough draft of the program for the National Annual Conference to be held in New York on December 9th, 10th and 11th. This draft program, of course, reflects our discussion regarding the program for the conference.

We are, as you know, planning to have William Rosenwald chair the session Friday morning and Joseph Meyerhoff chair the session Friday afternoon. Albert Levin is to chair the Saturday afternoon session of the Steering Committee and either Max Fisher or Jack Weiler is to chair the Sunday morning business session.

With kindest regards,

Sincerely yours,

Dear Joe:

Attached hereto, just for your information, is the first draft program for the ~~the~~ National Annual Conference of the United Jewish Appeal to be held at the Statler Wilton Hotel in New York on December 9th, 10th and 11th.

I should like to mention to you now that we are considering holding a special meeting of some of our leaders Thursday night, December 8th following the JDC banquet. This meeting will be held to determine whether and how fund raising should be handled at our conference on Friday, December 9th. I will keep you informed about this.

Dear Charlie:

I am sending you herewith a first draft of the program we have drawn up for the UJA Conference December 9th, 10th and 11th. You will note your place on the program for Friday morning, following Dov Joseph.

We want you to make a full presentation regarding the needs of the JDC. You should take about 45 minutes. I think this will be enough time for you to make a proper impact on those present regarding JDC requirements for 1961. Go into the budget and spell out the total amount that is required and why the JDC needs this money.

You will note that you will be followed by Abe Harman who will be the last speaker of the morning before the luncheon at which the Resolutions Committee will meet and at which we will probably have fund raising. You will, therefore, have a complete picture of how we are trying to build this up.

Best regards.

Enclosed herewith, for your information, is a copy of our draft program for the UJA National Annual Conference to be held December 9th, 10th and 11th.

You will note that you are scheduled to speak on Friday morning, December 9th, following Dr. Joseph and Charlie Jordan. I just want to point out to you in this connection that Dr. Joseph has been asked to speak for about 45 minutes on the programs of the Jewish Agency and the budget. Charlie Jordan has also been asked to speak about 45 minutes on the work of the JDC and the amount of money it needs for 1961. You will be the last speaker prior to the luncheon at which the Resolutions Committee will meet and at which there will probably be fund raising.

Dear Barney:

I am writing you this note about the UJA National Annual Conference this year and to tell you how we have organized the session for Friday morning, December 9th at which you are scheduled to speak.

The Friday morning session, which will begin at 9.30, will be chaired by William Rosenwald. At this session we would like you to speak about the programs of the Jewish Agency and, of course, the need for funds. I think you should plan to speak for about 45 minutes.

You will be followed by Charlie Jordan who will cover the JDC story and he will also take about 45 minutes.

Abe Harman will then speak and will be the last speaker of the morning before we break for lunch at which the Resolutions Committee will meet and where, as in previous years, we are likely to have fund raising.

Dear Jack:

This is the first chance I have had to write to you since coming home from the Mission. We certainly had a wonderful time together and now we are getting down to brass tacks on the 1961 campaign.

You received a telegram about a meeting late Thursday night, December 8th. The purpose of this meeting is to see what the 1961 giving will look like, in order for us to know whether we can really go forward the next day and present this idea of a national goal with increased gifts which we spoke about at the Mission caucus in Jerusalem.

I don't have to tell you how helpful you could be that evening. Our preliminary soundings show that most of the important people around the country are thinking in terms of increasing their gifts, some as much as double. Others are going up a moderate amount. I want to urge you to come to the late meeting and know that you will give us the benefit of your best thinking and generosity.

By the way, your daughter and son-in-law seemed to enjoy themselves very much at the Young Leadership Conference we held last weekend. It was a great pleasure for me to meet them.

As ever,

Sincerely yours,

ANNUAL CAMPAIGN FOR LIFE AND FREEDOM

United Jewish Appeal

ON BEHALF OF UNITED ISRAEL APPEAL, JOINT DISTRIBUTION COMMITTEE, NEW YORK ASSOCIATION FOR NEW AMERICANS

UJA SPECIAL FUND in addition to 1960 REGULAR CAMPAIGN

165 WEST 46TH STREET, N. Y. 36, N. Y.

PLAZA 7-1500

CABLE ADDRESS: UJAPPEAL, NEW YORK

SENT TO PRESIDENTS AND EXECUTIVE DIRECTORS
October 19, 1960

Dear Friend:

The 23rd Annual Conference of the United Jewish Appeal will be held at the Statler-Hilton Hotel in New York City on December 9th, 10th and 11th. Traditionally the most important function in the UJA's calendar, the Conference will have an additionally significant aspect this year which I want to call particularly to your attention.

The establishment of a national campaign goal for 1961, based upon the basic and realistic budgetary requirements of the constituent agencies of the UJA, will be the major item for consideration at the Conference. For several years, the UJA has not set a campaign goal but, instead, submitted to the community a statement showing the total needs of its agencies.

The formation of the new Board of the Jewish Agency for Israel, Inc., to exercise control over the spending of funds in Israel makes it incumbent upon the UJA to establish a goal and to realize it. This Board, consisting as it does of American Jewish leaders, will determine the particular activities and programs of immigration, absorption, resettlement, education and other philanthropic activities conducted by the Jewish Agency for Israel which should be supported -- as well as the extent of that support -- through funds raised by the United Jewish Appeal. The Board of the Jewish Agency and the Joint Distribution Committee are preparing careful budgets which will result in definite commitments. In performing their operations, the Board of the Jewish Agency and the JDC must look to the decisions and attitude taken by the leadership of American Jewry as represented at the UJA Annual National Conference.

In addition to deciding on the national campaign goal, this will involve establishing quotas for the drives in each and every community in the United States. These decisions in turn will inevitably relate to the overall goal for local, national and overseas needs in each community. The subjects of the national campaign goal and community quotas were intensively discussed at the last meeting of the officers of the UJA, and in view of their overriding importance a determination was made to refer these to the UJA Annual Conference for final decision. It will also be the function of the Conference to map out a campaign for the UJA in 1961 that will be proportionate to the great needs which must be met.

Within the Conference proper, the major decisions are made by the Steering Committee. From what I have already pointed out, I am sure you will agree it is especially vital this year that members of the Steering Committee be particularly representative of their communities. It would seem to us that

officers of your Federation and members of your Allocations Committee would be among those best suited to serve in this capacity, although by this we do not mean to suggest a hard and fast rule to you by which members should be designated. In any event, of course, the decisions of this Committee must command the respect of the entire Jewish community and, as such, can be expected to be implemented to the fullest extent only if the Committee is adequately representative of the individual communities throughout the country. For that reason, it is imperative that your community be well represented on this Committee.

The Conference will be addressed by New York State Governor Nelson A. Rockefeller; Israel Ambassador Avraham Harman; Leon Uris, author of "Exodus", Dr. Dov Joseph, the Treasurer of the Jewish Agency; Moses Leavitt, Executive Secretary of the JDC; and by others including most of the officers of the UJA. There will also be a report from the new Board of the Jewish Agency, and the budgets of the UJA's various constituent agencies will be presented in a manner high-lighting the vast human needs which these budgets represent.

Among these needs in Israel which will confront the UJA in 1961 are the consolidation of the 485 farm settlements, established since the beginning of the State, which are still not economically self-sufficient; the 40,000 who are still living under primitive conditions in the maabarot; the clearance of wretched city slum conditions; additional water in the Negev; the need to develop further the border areas; and, last but not least, all the problems entailed in the continuing immigration of some 25,000 to 30,000 a year. Furthermore, there are the vital programs of the JDC in North Africa, in Western Europe, in Poland and elsewhere to provide aid for the needy and to assist local Jewish communities to re-establish their institutions. The requirements of the JDC encompass indispensable operations in 25 countries.

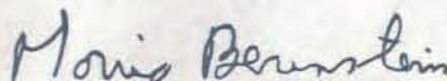

Representation on the Steering Committee is according to the following formula:

If your community has a Jewish population up to 15,000, you may designate one delegate and one alternate to represent it on the Steering Committee. If your Jewish population is from 15,000 to 40,000, your community is entitled to two delegates and two alternates -- while those with Jewish populations in excess of 40,000 are entitled to three delegates and three alternates. These, together with 15 delegates from the Greater New York area, 12 delegates representing the 8 regions of the Council of Jewish Federations and Welfare Funds, 25 delegates representing the country at large, and the national officers of the UJA constitute the Conference Steering Committee.

Please act at once to designate your delegates and alternates. As soon as you notify us of their names, we shall send them their credentials as Steering Committee members.

I know from past experience that you will extend every cooperation in regard to advising us as soon as possible who will represent your community on the Steering Committee -- and I do hope that you can let us know you will attend the Conference.

Sincerely yours,

Morris W. Berinstein

Dear Friend:

It really is of the utmost importance that the 23rd Annual Conference of the United Jewish Appeal, taking place at the Statler-Hilton Hotel in New York City on December 9th, 10th and 11th, be as fully representative as it possibly can. I am therefore writing again to stress how vital it is to have your reply to my letter to you of October 19th regarding the selection of leaders who would represent your community on the Conference Steering Committee.

As previously indicated, the matter of the 1961 national campaign goal for the United Jewish Appeal will be importantly involved in the deliberations at the Conference, since the formation of the new Board of the Jewish Agency for Israel, Inc., makes it incumbent on the UJA to establish a goal for the year ahead and to realize it. The commitment on the national campaign goal in turn will involve establishing quotas in each and every community. The Conference also will be concerned, of course, with charting a campaign for the UJA in 1961 that can realize the goal set and meet the great needs which face us.

As also indicated in my previous letter, the Board of the Jewish Agency, and the Joint Distribution Committee, will present budgets based on their realistic and urgent requirements for consideration at the Conference in making decisions. In addition, the report of the 1960 UJA Study Mission, which had the opportunity intimately to note needs and requirements while abroad recently in Europe and Israel, will be presented to the Conference and undoubtedly play an important role in the deliberations on the scope and shape of the 1961 UJA campaign. There certainly is much in this report requiring urgent and thoughtful consideration.

It really cannot be stressed too strongly how vital it is to have the participation in the Conference of understanding delegates from your community for the making of proper decisions and to assure their subsequent implementation. To recapitulate from my previous letter, within the Conference proper the major decisions are made by the Steering Committee. Representation on the Steering Committee is according to the following formula:

If your community has a Jewish population up to 15,000, you may designate one delegate and one alternate to represent it on the Steering Committee. If your Jewish population is from 15,000 to 40,000, your community is entitled to two delegates and two alternates -- while those with Jewish populations in excess of 40,000 are entitled to three delegates and three alternates. These, together with 15 delegates from the Greater New York area, 12 delegates representing the 8 regions of the Council of Jewish Federations and Welfare Funds,

25 delegates representing the country at large, and the national officers of the UJA constitute the Conference Steering Committee.

I do hope you will write me now naming the leaders who will represent your community on the Conference Steering Committee. In replying, incidentally, it will be most helpful if you would advise us in regard to each delegate you name the number of plates that should be reserved for the luncheon on December 9th, the dinner on December 10th and the breakfast on December 11th. Please also let us know in the case of each delegate whether and from what date hotel reservations may be required, as well as whether these should include single or double room accommodations. We would also welcome being informed of the estimated time of arrival of each delegate.

Sincerely yours,

Morris W. Berinstein

Dear Morris:

You will have noticed from the draft program I sent you for the Annual Conference that the Steering Committee session, which will take place on Saturday afternoon, will have a panel of UJA officers. The panel will be composed of the National Chairmen plus the General Chairman and I just want you to note that you should be on the dais during this session.

It goes without saying, of course, that you should be on the dais for the Friday sessions and for all the other sessions too.

Dear Phil:

In the course of following up on attendance for the Cabinet Meeting for Thursday noon we found that there was a conflict involving only two people who wanted to be and should be both at the Cabinet Meeting and at the luncheon and Board meeting of A.F.H.U. These two people are Joe Meyerhoff and Victor Carter. Would it be very disturbing to you if we suggested to these two people that they should come to the Cabinet Meeting instead?

As a matter of fact, I had wanted both of them to speak at the Cabinet Meeting -- Joe on the subject of the 21 Club, and Victor on the reaction of the Jerusalem Mission group to the idea of this goal. Please let me hear from you.

Sincerely,

Herbert A. Friedpan
Executive Vice-Chairman

Dear Bernie:

I am writing to invite you to a most important meeting of the National Campaign Cabinet of the United Jewish Appeal starting at 12:30 p.m. on Thursday, December 8th, and continuing through luncheon. It will take place in the Terrace Lounge of the Statler Hilton Hotel in New York City.

It is vital that the Cabinet give its special attention, in advance, of the formal sessions of the UJA National Annual Conference on December 9th, 10th and 11th, to a number of unusual matters that will be before the Conference-- as well as to set the proper framework for the Conference. The matter of a 1961 national campaign goal for the United Jewish Appeal will be importantly involved in the deliberations at the Conference, since the formation of the new Board of the Jewish Agency for Israel, Inc., makes it incumbent on the UJA to establish a goal for the year ahead and to realize it. This is the first time in a number of years that a campaign goal will be set. The commitment on the national goal in turn will involve establishing quotas in each and every community.

The Conference also will be concerned, of course, with charting a campaign for the UJA in 1961 that can realize the goal set and meet the great needs which face us. The report of the 1960 UJA Study Mission, which had the opportunity intimately to note needs and requirements while abroad in Europe and Israel, will be presented to the Conference and play an important role in the deliberations on the scope and shape of the 1961 UJA campaign. There certainly is much in this report requiring deep consideration.

These are some of the subjects which the Cabinet must consider and advise upon before the start of the Conference.

I look forward to seeing you on Thursday.

Sincerely yours,

Melvin Dubinsky

Dear Melvin:

Attached hereto is a rough agenda for the Cabinet Meeting on December 8th. Herb Friedman felt that rather than discuss Miami and/or St. Louis as particular communities, we ought to talk about pre-campaign budgeting in general and why it is so important in 1961 particularly in view of the fact that we have a goal and a quota system. Iz Breslau could, therefore, speak on pre-campaign budgeting and why it is necessary and this follows logically from points 1, 2 and 3 on the agenda.

We still have time to work these things out but I just wanted to send this along to you now.

Best regards.

Sincerely yours,

Melvin S. Goldstein

Dear Herb:

I am writing to call to your attention that there will be a most important meeting of the National Campaign Cabinet of the United Jewish Appeal starting at 12:30 p.m. on Thursday, December 8th, and continuing through luncheon. It will take place in the Terrace Lounge of the Statler Hilton Hotel in New York City.

It really cannot be urged too strongly that you attend this meeting. It is vital that the Cabinet give its special attention, in advance of the formal sessions of the UJA National Annual Conference on December 9th, 10th and 11th, to a number of unusual matters that will be before the Conference -- as well as to set the proper framework for the Conference. The matter of a 1961 national campaign goal for the United Jewish Appeal will be importantly involved in the deliberations at the Conference, since the formation of the new Board of the Jewish Agency for Israel, Inc., makes it incumbent on the UJA to establish a goal for the year ahead and to realize it. This is the first time in a number of years that a campaign goal will be set. The commitment on the national goal in turn will involve establishing quotas in each and every community.

The Conference also will be concerned, of course, with charting a campaign for the UJA in 1961 that can realize the goal set and meet the great needs which face us. The report of the 1960 UJA Study Mission, which had the opportunity intimately to note needs and requirements while abroad in Europe and Israel, will be presented to the Conference and play an important role in the deliberations on the scope and shape of the 1961 UJA campaign. There certainly is much in this report requiring deep consideration.

These are some of the subjects which the Cabinet must consider and advise upon before the start of the Conference. I cannot over-stress how much your participation would mean in this regard.

I hope very much indeed you will let me know by means of the enclosed card that you will attend.

Sincerely yours,

Mel.
