FACT SHEET ON THE SECOND UJA UNIVERSITY STUDY MISSION

June 18 - August 13

1968

The United Jewish Appeal is conducting the second University Study Mission in the summer of 1968. Participants in the Mission will be selected on the basis of potential for leadership on the campus or in the community. The Mission is limited to forty male students from the entire country who have completed their freshman year of college and who are under the age of 24.

The group is scheduled to meet in New York City for briefing on Tuesday morning, June 18th and to depart that evening, returning on Tuesday, August 13, 1968. The first month will be spent in France, Switzerland, Germany, Austria and Italy; the remaining four weeks will be devoted to Israel.

The program will include meetings with the leadership of Jewish communities overseas, dialogues with your contemporaries in the countries visited, and first hand observations of the Jewish Agency, JDC, ORT and United Hias Service in Europe and Israel.

The cost per person, including all air travel, meals and hotels for eight weeks, is \$1300.00. Applications for participation in the Mission should be forwarded to:

Director, UJA University Program  
United Jewish Appeal  
1290 Avenue of the Americas  
New York, New York 10019

All travel, programming and accommodations are arranged on a group basis.

Notification of the acceptance of applications will be sent in the near future and a deposit of \$200.00 will be requested to confirm reservations. The balance is payable April 1, 1968. All reservations will be assigned on a first-come, first-served basis.

**P.S.** In view of the fact that we must make immediate reservations for plane and hotel space, we will have to ask for the full amount of \$1300.00 as soon as your application is accepted.

TO \$10,000 AND OVER CONTRIBUTORS

February 15, 1968

I would like to call your attention to the University Study Mission we are planning for this summer.

The Mission extends from June 18 to August 13, 1968, and will include several day visits in Paris, Marseilles, Geneva, Munich, Berlin (East and West), and London and more than a month in Israel. To be eligible for the Mission the student must be a male and under twenty-four years of age and must have completed his freshman year at a university or college by June 18th.

The cost per person for the eight week period is \$1300.00, which includes the overseas flights and all travel, hotel accommodations and food abroad.

The Mission is part of our leadership developing program. We are, therefore, interested in limiting the Mission to young men who have leadership potential and would benefit from the exposure to the rich and meaningful program that the Mission provides -- meetings with the Jewish leadership of the places visited, dialogues with Jewish students, an introduction to the overseas operations of the UJA supported agencies, and an intensive study of every important phase of life in Israel. The program also makes ample provision for relaxation and fun.

I know that you recognize the importance of the Mission and hope that you will take the time to recommend some young men who, in your judgment, have the qualifications to be part of the group. It would be especially helpful if you would speak with the students you want to recommend and enlist their interest in the Mission even before you submit their names. But this is not a must.

The reservations will be handled on a first-come, first-served basis. I would, therefore, urge you to give this matter your earliest attention.

Cordially,

Edward Ginsberg

## United Jewish Appeal

February 7, 1968

Our Cabinet has been asked to assist in securing eligible candidates for this summer's UJA University Study Mission and I turn to you to make every effort to help this phase of the UJA leadership program.

The University Mission will extend from June 18 to August 13 and will include several day visits in Paris, Marseilles, Geneva, Munich, Berlin (East and West), and London and more than a month in Israel. In each of the places the participants will meet with Jewish students and with the leadership of the local Jewish communities and see the things unique to the place. The stay in Israel will afford the students the opportunity to share in the life of the country and to study Israel's major problems.

The itinerary also makes ample provision for relaxation. All in all the Mission offers its participants a fine combination of travel, study and fun.

To be eligible for the Mission the student must be a male, and under 24 years of age and must have completed his freshman year at a university or college by June 18th. The price of the Mission to the individual participant is \$1300.00, which includes the overseas flights and all travel, hotel accommodations and food abroad.

The UJA is being very selective about the composition of the group and is interested in limiting membership to young men who have leadership potential and who could integrate readily in a group that is together for two months. If you know of someone who, in your judgment, has all the qualifications for membership on the Mission, please record your recommendation on the enclosed form and mail it to Mr. Hyman.

It would, of course, be of great help if you would speak with the persons you want to recommend and enlist their interest in the Mission even before submitting their names.

Inasmuch as reservations will be handled on a first-come, first-served basis, I hope you will give this matter your immediate attention.

Sincerely,

Herbert J. Garon

MEMORANDUM

February 1, 1968

TO: B'nai B'rith Hillel Foundation Directors and Counselors  
FROM: Abraham S. Hyman

I am sending you this memorandum with the approval of Rabbi Oscar Groner.

I. 1968 UJA UNIVERSITY STUDY MISSION

We would appreciate your help in securing eligible candidates for this year's UJA University Study Mission.

The enthusiastic reaction of the twenty-six men who participated in the first such Study Mission, which we conducted last summer, has persuaded us not only to repeat the project this year, but to expand the size of the group to forty-five.

The Mission this summer will extend from June 18 to August 13, 1968, and will include several days visits to Paris, Marseilles, Geneva, Munich, Berlin, London and 32 days in Israel.

To be eligible, the candidate must be a male and under twenty-four years of age and have completed his freshman year at a university or college by June 18th. The cost to the participants is \$1300.00, which includes the overseas flights and all travel, accommodations and food abroad.

Our primary aim is to offer the experience to men who have leadership potential. We feel that you are in a unique position to help in the selection of the men who merit an invitation to participate in the Mission and we would ask you to interview the students you consider eligible and give us your recommendations. You may rest assured that we will give the most serious consideration to the application of anyone you recommend who, after an interview, expressed an interest in participating in the Mission. If you will send us the names of these men, we will follow up on your recommendations.

I am enclosing a draft of a letter which you might use to invite students for a personal interview with you.

II. STUDENT CAMPAIGNS

I am enclosing samples of material that is available for student campaigns, together with a form that you may use to order quantities of this material.

SUGGESTED DRAFT OF LETTER TO UJA UNIVERSITY STUDY MISSION PROSPECTS

Dear .....

I am very eager to talk to you about your participation in a University Study Mission this summer which is being sponsored by the national office of the United Jewish Appeal. The greatest care is being taken to limit the group to men who are congenial and who have leadership potential.

The Mission will extend from June 18 to August 13 and will include several days visits in Paris, Marseilles, Geneva, Munich, Berlin and more than a month in Israel.

Judging from the reactions of the twenty-six students who participated in last year's Study Mission, which was the first of its kind, I am convinced that you would find the experience an unforgettable one. In every place you would visit you would meet with Jewish students and with the leadership of the local Jewish community. In Israel you would make an intensive study of every important facet of the life of the country.

I am informed that the itinerary, as planned, makes ample provision for relaxation and fun.

Please call me for an appointment when we can discuss the Mission in person.

Sincerely,

TO \$10,000 AND OVER CONTRIBUTORS

November 14, 1967

In the summer of 1967, the UJA conducted the first overseas University Study Mission. Twenty-six students from communities, large and small, spent eight weeks visiting France, Germany, Switzerland, Austria, Greece and all of Israel, including some of the recently occupied territories.

The members of the University Study Mission met with leaders of Jewish communities abroad, engaged in dialogues with their contemporaries and observed at first hand the programs of the Jewish Agency, Joint Distribution Committee, ORT and United Hias Service in Europe and Israel. These experiences had a great impact upon the students at a crucial period of their lives.

In view of the success of the first University Mission, it has been decided to conduct a similar program in the summer of 1968. The cost per person will be \$1300.00 which will include air travel, meals and hotels for eight weeks, from June 20 to August 15, 1968.

The 1968 University Study Mission is limited to fifty male participants from the entire country, who have completed their freshman year, and are under the age of 24. We are interested in candidates who qualify on the basis of their potential for leadership on the campus or in the community.

Reservations are now being handled on a first-come first-served basis. It is, therefore, important that we receive any indication of interest on your part as soon as possible.

Sincerely yours,

Max M. Fisher  
General Chairman
