"The Bipolar Theory of Life"

What is the purpose of life?

What is death?

Dr. Crile says life is an electric current, and our bodies are electric batteries; and that death is a flickering out of the electric voltage of life.

The Rabbi will deal with life as a scientific, spiritual and intellectual phenomena, and answer questions from the pulpit.

Attend Friday Evening Services

Attendance at the early Friday evening prayer services, conducted every Friday, from 5:30 to 6 o'clock, has been gratifying. They afford the tired business man and woman, an opportunity to stop off on their way home, for a restful half-hour of meditation and prayer. This twilight service, with the full choir and traditional Jewish music, refreshes the soul.

Arrange to meet your family at Temple next Friday evening at 5:30.

MEN'S CLUB

Mr. Rea's Science Talks

The fourth lecture to be offered by Mr. Paul Rea, Director of the Cleveland Museum of Natural History, this coming Sunday at 9:30 A. M., is entitled "The Social Value of Science."

Mr. Rea will give a graphic description of what science has done for mankind, and what science is endeavoring to accomplish.

Those desiring to become better acquainted with these scientific subjects, can obtain special books from our library before or after the lecture. These books have been sent to us through the courtesy of the Cleveland Public Library.

"Dr. Pritchett on Palestine"

Dr. Pritchett, of the Carnegie Foundation for the Endowment of Peace, has just published a report on Palestine, in which he charges that the work of the Zionists in Palestine is doomed to failure, that the attempt to establish a Jewish homeland is stirring up trouble in the Orient, that the Arabs will never be reconciled, etc., etc.

The Rabbi will deal with these charges at the Round Table next Monday, December 13, at twelve noon at the Statler Hotel, in Parlor 4. He will also continue the discussion on "Russian Bolshevism," for which there was not sufficient time last week.

A cordial invitation is extended to the members of the Men's Club and their friends to attend.

Reservations for Our Celebration

The Open or Closed Shop

A Symposium on this very live and debatable theme will be the feature of the next meeting of the Men's Club on Tuesday evening, January 4. There will be no meeting in December, owing to the 80th anniversary and annual meeting of the congregation on December 14.

Mr. Joseph Schlossberg, National Secretary-Treasurer of the Amalgamated Clothing Workers of America, one of the largest and best organized Unions, who, with Mr. Sidney Hillman, has been the "brains" of this tremendous organization, will present the case for the closed shop. Mr. Schlossberg is a remarkable labor leader and organizer, and a gifted speaker. A speaker of national reputation will be announced to present the case for the open shop. The Symposium will be followed by a general discussion.

Watch for further announcements.

The program committee of the Men's Club announces a Washington Birthday Dinner-Dance, with a national speaker, for the evening of February 22, to which all the members of the congregation are invited.

Mr. Milt Gross, the author of "Nize Baby," has also promised to be the speaker at a meeting in the near future, and read some of his stories and give his views of Jewish humor.

SISTERHOOD

Child Study—Wednesday, Dec. 15

Members of the Child Study Group will assemble on Wednesday, December 15, at 2:30 P. M., instead of Friday, December 17. The topic of Mrs. Gausby's fifth lecture is, "Play and Imagination."

Mrs. J. C. Newman, Chairman, requests that all members of the group be sure to attend this stimulating meeting.

Jewish Current Events—Dec. 17

The attendance at the Jewish Current Events Course, led by Rabbi Brickner, continues to be unusually large. The room now used is too small, and many are obliged to stand. The popularity of the course is attributable to the timeliness of the subjects presented. Registration will be kept open for a little while, in order to give everyone who desires to attend, this opportunity. This may be done at the next meeting on Friday, December 17, at 11 o'clock. The course is open to all Jewish women, irrespective of their affiliation with our Sisterhood. Jewish periodicals from all parts of the world will be on file in the library, for reference.

ALUMNI

Intercollegiate Dance—Dec. 26

On Sunday evening, December 26, the Alumni will hold an Intercollegiate Dance for our Alumni and their friends. Special novelties of a collegiate nature will make the price of one dollar a person well worth while.

Jewish Cultural Groups

On Monday evening, at 7:45, the Jewish History and Literature class, under the direction of Mr. David W. Pearlman, will discuss the topic, "The Prophet and the Gentle Cynic."

The Current Problems Group, led by Mr. Oscar Steiner, will discuss the problem, "Prophets—Past and Present," next Monday evening at 7:45.

Last Wednesday evening, the Discussion Group, under the direction of Mr. Marvin Laronge, Chairman, discussed the problem, "Are College Fraternities Consistent with American Democracy?" It is difficult to say whether the barbarians or the fraternity men won.
