Sunday Service

It will be our privilege this Sunday
morning, February 10th, to welcome to
our pulpit, Rabbi Solomon Goldman of the
Jewish Center, who will speak on the sub-
ject "Shall We Remain Jews?"

Rabbi Goldman, who is an unusual and
thought-provoking speaker and writer, has
previously preached in our temple, and

The Third Woman-Lecturer

MICHAEL STRANGE

Actress, Poet and Playwright

will speak on

**"FOOTLIGHT and
SPOTLIGHT"**

TUESDAY, FEB. 12th

8:30 P. M.

(Single admissions are available at the door)

has always left a profound impression
upon his hearers. We feel certain that a
large number of our members, their fami-
lies and friends, will once more take the
opportunity of welcoming Rabbi Goldman
and of hearing him speak on a subject
that has probably occupied our thoughts
at some time or other.

We also want to take this opportunity
of thanking Rabbi Abraham Nowak of
the Temple on the Heights, for his cour-
tesy and helpfulness in replacing Dr. Rob-
ert E. Vinson who was to occupy the
pulpit last Sunday morning, and who, at
the last moment, was unable to come be-
cause he was detained out of town. Our
congregation was fully appreciative of the
very splendid lecture which Rabbi Nowak
delivered, and of the vital message which
his subject "Whither Science," carried.

MEN'S CLUB

Round Table

At the meeting of the Round Table next
Monday noon, February 11th, at the Stat-
ler Hotel, Mr. M. A. Howlett, Manager of
Station WHK, will speak on "Behind the
Scenes in Radio." In view of the tre-
mendous influence the radio wields in
every phase of modern life, a glimpse of
what is going on behind the scenes will
make Mr. Howlett's talk a most fascinat-
ing one. Mr. Howlett in addition to being
an authority on radio is also a very in-
teresting speaker.

Science Talk Next Sunday

"Science and the Arts" will be the sub-
ject of the lecture by Mr. David Dietz
next Sunday, February 10th at 9:30 a.m.,
in the Sisterhood Parlor.

Mr. Dietz will discuss modern tendencies
in the world of the arts, and show the
relationship between modern scientific
progress and the modern art movements.
