*From the Ba'alah T'filah...*

Wow! Hard to believe we're talking about Chanukah already! But then everything was so early this year. And since this convergence of holidays won't happen again for another *79,000 years*, I guess we should just embrace the fact that for the first time, we're going to have latkes with cranberry sauce instead of apple sauce! All kidding aside, it's nice when two holidays that express thankfulness come together, since it gives us the opportunity to express our thanks, not only for the blessings of our lives, but for the blessings of our faith.

And if you are blessed with the bounty of the season and your holiday table is full, please remember to share your good fortune with a tax-deductible contribution made out to the Huntingdon County Community Action Food Banks and earmarked for Mount Union or for their general food bank account; for some, it will be yet another miracle of the season. **Please send your donations to Bobbi Bronstein, 128 Rainlo Street, State College, PA, 16801**, and she will take what she receives to the Food Bank meetings.

We are so happy to be coming together in November for the first time since the High Holidays that we will celebrate with a pizza dinner before our evening service. Please join us on

**Friday, November 15 at 6:00 PM**

as we celebrate Shabbat and catch up with one another; it's been a *busy* Fall!

Happy Thanksgiving! Happy Chanukah! And to our Veterans, thank you for your service!
