Gerald Strober has given me the following figures on Jewish voting in yesterday's presidential election. Gerry spoke today with Larry Goldberg in Washington. The figures are Goldberg's.

National Reagan 45% Carter 45% Anderson 10%

California 70% Reagan

Dade County, Florida (Miami area) 60% Reagan

Michigan 56% Reagan

New Jersey 42% Reagan

New York State 40/45% Reagan

Goldberg says the New York Times estimate of the Jewish Reagan vote in the 30s is incorrect.
