Dear Rabbi Tannenbaum:

Enclosed is a copy of the brochure announcing the series of lectures and discussions which is being co-sponsored by Fairfield University and the National Conference of Christians and Jews under the title: THE RELIGIOUS-CULTURAL EXPERIENCE IN THE UNITED STATES: JEWISH AND CHRISTIAN PERSPECTIVES.

We are most appreciative of your interest in the series and for your willingness to participate as one of the guest lecturers.

We are presently attempting to gather biographical material and small glossy prints for use in preparing suitable publicity. We are asking that you forward this information and a glossy print, if you have one available, to the NCCJ office at the above address.

Several weeks before your scheduled presentation we will write to confirm the time, place and particulars of the evening's schedule.

We are very pleased with the series and anticipate that it will be both informative and stimulating for a number of people who live in the Fairfield area.

Thank you for your response to the above request.

Sincerely yours,

Charles Sardeson

Dear Rabbi Tannenbaum:

Fairfield University and the National Conference of Christians and Jews are co-sponsoring a graduate level program next Fall entitled: "The Cultural-Religious Experience in America: Jewish and Christian Perspectives."

This series of lectures and discussions, to be held in Greenwich, Connecticut, is intended to explore important areas in the religious and cultural heritage of Christians and Jews. The program will be open to the general public and we anticipate that it will make a significant contribution toward mutual understanding and cooperative effort among Christians and Jews in the greater metropolitan area.

We would be honored to have you take part in this series by addressing the topic indicated on the accompanying program. To save you the inconvenience of responding by mail we hope to contact you by telephone for your reply. At that time we can also supply the additional details regarding lecture and travel fees, as well as the particular format of your presentation. If, before we reach you, you discover that you are already committed to another engagement on the evening proposed, we suggest that you consider another possible date from the series since some flexibility does exist and we are anxious to secure your participation in the program.

We sincerely hope you can be with us and we look forward to talking with you about your contribution toward this important intergroup effort.

Cordial best wishes,

Martin A. Lang, Ph. D., Director,
Division of Religious Education
