Dear Rabbi Schindler:

On March 29, Rabbi Schacter and I sent you a request for the remittance of the annual dues from your organization to the Presidents Conference. As you know, the fiscal year of the Conference begins on April 1 and we would therefore appreciate it greatly if you would remit your dues during the current month.

The Presidents Conference depends upon dues of member organizations to meet its current obligations which include ongoing salaries and office expenses; and, unless the organizations fulfill their financial obligations to the Conference, our task becomes very difficult indeed.

Our budget is minimal and I therefore hope that you will give this earnest request your personal attention so that our important work need not be unnecessarily disrupted.

With best wishes

Yours very truly,

I attended the Presidents Conference session today, and I was asked concerning our dues. Have we sent the 1967-8 subvention? If not, they would appreciate its prompt remittance.

Apparently, they are in even more dire straits than we are.

Thanks much.

I attach herewith a bill which we received from the Conference of Presidents of Major American Jewish Organizations.

As you know, the \$2,000.00 was approved by our Budget Committee but the budget as a whole must be approved by the Board, so that no action can be taken on this bill until May 20th. Thereafter, and assuming that approval is obtained -- of which there appears to be little doubt -- we can make payment of this bill, albeit to be sure it need not be paid all at once but can be paid either semi-annually or quarterly, or in whichever manner you deem most advantageous to us.

Attached is an invoice in the amount of \$375 representing an assessment over and above our normal dues of \$1615 annually. This is caused by the Israel emergency and has been unanimously accepted by all members of the Conference of Presidents.

Please have a check drawn as quickly as possible.

Att: Dr. J. Prinz

Dear Dr. Prinz:

I am writing to you in order to draw your attention to the fact that the American Jewish Congress still owes to the Presidents Conference to amount of \$600.00 for the previous year, and \$1,365.00 for the current year.

The budgetary year of the Conference runs from April 1, 1964 to March 31, 1965. The better part of this year has already passed.

As you know, we together have advocated that the Presidents Conference should depend upon the financial contributions of its members only, and it is now up to us to see to it that the work of the Conference be carried out effectively.

The volume of work in the Conference has increased, and unless all of us meet our obligations towards the Conference our work might be impaired. I know how much you value the activities of the Presidents Conference, and would appreciate it greatly if you could remit the outstanding amount as soon as possible.

With kindest personal regards.

As per your request, enclosed please find the Budget of the Presidents' Conference which was adopted by the meeting of the Presidents' Conference on April 5th, 1963. The Budget was adopted for a period of twelve months ending April 1, 1964.

I am also enclosing a statement of actual expenses as incurred by the Presidents' Conference between October 1, 1962 and October 1, 1963.

The Third enclosure is an item by item analysis on which items we have spent less than appropriated and on which items more than appropriated. As you will note, during that year, we have exceeded our budget by \$188.44.

I will present these figures to the meeting of the Budget and Finance Committee which will meet on December 5th, at 11:00 A.M. in the office of the Conference of Presidents.

The terms of reference of the Budget and Finance Committee were determined by a resolution of the Presidents' Conference which was adopted on September 25, 1963 and the wording of the resolution is as follows:

"A Budget Committee shall be appointed to study the budget of the Conference and pursue the ways and means of financing it."

The members of this committee are as follows:

Mr. Label Katz, Chairman; Mr. Isaiah Minkoff; Rabbi Jay Kaufman; Rabbi David Hill; Mr. Morton London and Dr. Sidney Marks.

It is my understanding that at this first meeting of the Budget and Finance Committee the problem will be thoroughly discussed and studied and that tentative proposals will be formulated. However, no final decisions will be adopted, as yet.

TO: MEMBERS OF THE CONFERENCE OF PRESIDENTS

FROM: YEHUDA HELLMAN

SUBJECT: MINUTES OF MEETING OF PRESIDENTS' CONFERENCE  
OF THURSDAY, APRIL 23, 1964:

Mr. Lewis H. Weinstein, Chairman of the Presidents' Conference introduced our guest of honor, Governor W. Averell Harriman, who discussed problems of mutual interest with the members of the Conference.

Mr. Weinstein thanked Governor Harriman and introduced the next item of the agenda, Budget:

Mr. Weinstein asked Rabbi Jay Kaufman to give a report of the work of the Budget and Finance Committee.

Rabbi Kaufman: The Budget of the Presidents' Conference was adopted at its meeting in Washington and the body had asked us to draw up a schedule of payments for the organizations involved, in order to meet this budget. This is the schedule of payments which we propose for the fiscal year April 1, 1964 to March 31, 1965. We have considered various possibilities and I am happy to report to you that we feel that we can bring you the kind of a proposal which will be acceptable to the whole Conference. "Under the proposals of the Budget and Finance Committee, each of the twelve organizations now paying \$900 a year would pay an additional \$465 a year bringing its total payment up to \$1,365 a year. Each of the six organizations now paying \$600 a year would pay an additional \$265 a year bringing its total payment up to \$865 a year.

Mrs. Kramarsky: seconded the motion submitted by Rabbi Kaufman on behalf of the Budget and Finance Committee.

THE SUBJECT WAS THEN OPENED FOR DISCUSSION.

Mr. Tabachinsky: explained that he would like to confer further on this matter with the Chairman of the Budget and Finance Committee. He felt that the Jewish Labor Committee did not belong in such a high category.

Mr. Minkoff: explained that he would vote "no" and that he is for the adoption of the budget and for trying to find means to cover the budget immediately. He regretted, however, that the original suggestion of the Finance Committee to establish three categories of financial contributions instead of two had been dropped. Mr. Minkoff feared that the two-category formula might become a precedent, and make it impossible to cover the budget if and when it has to be increased in the future. The agencies in the category that has been dropped, namely those with the largest budgets and whose relationship to the Israel issues is very close, could properly be expected to participate financially on a greater scale than the agencies whose budgets are much smaller and for whom it is a greater hardship to make the appropriations that are required now and that will be required in the future.

Mr. Weinstein called for a vote and the proposed scheme of payments was declared adopted.

The next item of the agenda, the American Jewish Conference on Soviet Jewry, was introduced. It was recommended that a meeting of the twenty-four cosponsoring organizations be convened for May 5, 1964 at the Delmonico Hotel at 1:30 P.M. and that the Professional Technical Subcommittee be invited to meet before the meeting of the twenty-four organizations to prepare proposals and to discuss problems to be brought up at the all-auspices meeting on May 5th.

2. While I'm at it, did I tell you that the recent SCA Executive meeting ok'd a recommendation to ask all affiliates to up their ante to the SCA: \$3500 - congregational, \$2500 - rabbinic per annum? This, to bring what we give to SCA more closely in line with what we give to NCRAC. What say ye other than a loud scream?

Re: Women's Groups

Dear Jay:

Many thanks for your letter of May 14. You will recall that at our last meeting we did take the position that the matter would be considered by our membership committee. Although that committee in the past may have been concerned only with the legal aspects of membership, I hope that it will consider the question of participation of the specific women's auxiliaries who are applicants as well as the general question. I know that the view which you expressed has considerable support; but I think that the whole issue ought to be explored before the entire body considers it again, and I hope that the membership committee will undertake this.

Warmest regards.

Sincerely yours,

Lewis H. Weinstein

Dear Lew:

As the Presidents' Conference does not have a standing Membership Committee, merely one which deals with the legal aspects of membership, I am taking the liberty of contacting you directly in connection with a situation which would normally fall within the purview of the Membership Committee.

I understand that consideration is being given the admission of women's auxiliaries of organizations presently in the Presidents' Conference. This would be a frightful mistake. Soon all of us would be forced to have our women's affiliates and the result would be a diluting of strength and effectiveness. No women's organization that has a parent body should be admitted. Hadassah and the National Council, who presently are members, are parent bodies in themselves.

With warmest regards, I am

Sincerely yours,

Rabbi Jay Kaufman

Date April 30, 1964From Rabbi Jay KaufmanTo Rabbi Maurice N. EisendrathCopy for information of Dr. Arthur T. Jacobs; Mr. Lee Richman; Rabbi Belfour Brickner;  
Mr. Albert Vorspan; Rabbi Erwin L. Homan

Subject \_\_\_\_\_

As you know, the Presidents' Conference has been restive under the arrangement which had the Jewish Agency paying one-half of its costs. After much deliberation, it was decided that the members of the Presidents' Conference would pay their own expenses with the Jewish Agency contributing a share akin to that of the other groups and no more.

In order to accomplish this an increase in the contribution of each agency was necessary. At first it was suggested that large organizations, for example, organizations with budgets over a million and a half dollars, should bear the major burden with the other organizations making only a token contribution.

I am pleased to report that the Budget Committee, of which I am a member, finally decided upon the following formula:

- a) Presently twelve organizations pay \$900 and six pay \$600 per annum.
- b) Organizations paying \$900 will henceforth pay an additional \$465 and organizations paying \$600 will henceforth pay an additional \$265 per annum.

Therefore, the UARC's dues to the Presidents' Conference will be increased by \$465. per annum.

The following members attended:

Mr. Label Katz, Chairman  
Rabbi Jay Kaufman  
Commander Norton London  
Dr. Sidney Marks  
Rabbi E. Sturm  
Mr. Isaiah Minkoff

The members decided unanimously to submit a summary of the following three (3) points.

1. There is compatibility in the present arrangement whereby the Presidents' Conference and COJO are sharing office space and certain services.
2. The director of the Presidents' Conference is engaged to meet the professional needs of the Conference which, however, is somewhat less than 100% of his time; this enabling him also to attend professionally to the needs of COJO, if he should so desire.

The above should be considered as a description of the situation as it exists at the present time. The members of the committee expressed unanimously their satisfaction with present arrangements.

On the \$2,000. to the Presidents' Conference from my Discretionary Fund, they have retained the funds. If we are up-to-date on our dues, this is to be regarded as a special loan and should be charged to the contingency line until such time as dues are due. If not, please use this allocation as a dues payment. In other words, my Discretionary Fund is not to be charged.

This recommendation was the unanimous decision of our Committee and is extended to you in recognition of your devoted service to the Presidents' Conference. Hopefully, additional increases will be possible next year and in future years.

Dear Iz:

I am very anxious to have you say some words of tribute at the June 7 luncheon in honor of Joe Sisco. After all, you worked with him more closely than I did and you should pay tribute to him. I need not admonish you to keep your remarks brief, we will have three other speakers, Simcha Dinitz, Max Fisher and a presentation to Joe, but I do want you to say something and to be at the head table at the luncheon.

On another matter, Iz, Yehuda has probably apprised you of the fact that we have taken an Assistant on a trial basis. I hope it works out well. In this connection, we have succeeded in raising the dues of a number of our organizations and wonder if you could not persuade the Mizrahi Women, as well as the Pioneer Women with whom Yehuda tells me you have a close relationship, to increase their contribution by \$1,500 each. Inflation is running amuck and they have been at a stable point, as you know, for some time. See what you can do, won't you?

With warmest regards, I am

Dear Alvin:

I have your letter of May 26 and I hasten to respond to you. At least you will have a response, but I am afraid I can't give you any satisfaction on the substance.

As a matter of general principle the Presidents' Conference does not reimburse organizations when they incur expenses in its behalf. We have a miniscule national budget, as you know, and we could not even begin to do anything at all without the full and free cooperation of groupings of our organizations on the American scene. As a case in point, as Chairman of the Presidents' Conference, my service will cost the Union's budget some \$20,000 to \$30,000 in additional expenses for meetings and travel and not a penny will be reimbursed by the Presidents' Conference. Even in the past, prior to my taking the chairmanship, expenses were incurred by the UAMC for the Presidents' Conference over the years and we have not been reimbursed.

Iz Miller was the Chairman when your particular project was initiated and he tells me that this policy obtained during his administration, as it obviously does still. I am certain that you were informed of this policy at that time. In any event, it is a policy I must enforce, much as I regret it.

With warmest regards, I am

Sincerely,

Alexander M. Schindler

Dear Alex:

About a year-and-a-half ago, at the request of the Presidents Conference, the Board of Jewish Education, among other things, prepared some 400,000 copies of our Fact Sheets on Arab Terror for distribution before, during and after the November 4th PLO Rally at Dag Hammarskjold Plaza.

We have communicated with the Presidents Conference several times regarding reimbursement for this project. What amazes me is that until now, none of our communications have even been acknowledged.

The Board of Jewish Education involved itself in all aspects of the rally, including organizing schools, arranging buses to transport pupils, disseminating information about the rally and motivating participation (each school was called at least twice), in addition to numerous mailings. The costs for all the above have been absorbed by BJE. Reimbursement was requested only for the special printing of the Fact Sheets for distribution prior to, and at the Rally - done at the request of the Presidents Conference.

I truly regret having to bother you with such trivia. But, my controller is pestering me galore about this "unpaid receivable". Help! Can you? I hope you can!

Rabbi Israel Miller  
Yeshiva University  
500 West 185th Street  
New York, N.Y. 10033

Dear Iz:

The following is a consolidated list of the major direct out-of-pocket expenditures incurred in connection with the November 4th Rally at Dag Hammarskjold Plaza, and for which we have no budget:

Paper	\$ 728
Press Time	1,500
Handling - (Actual overtime paid production staff for packaging, handling, etc.)	460
Postage to Schools	<u>1,071</u>
TOTAL	\$ 3,759

This does not cover a number of miscellaneous costs, such as: cost of envelopes, packing materials, printing ink, wear and tear of presses, etc. Neither does this include cost of professional and clerical time, and cost of at least 2,000 phone calls, and hundreds of individual and regional mailings.

As part of the community, BJE was happy to help organize, motivate, develop interest in and disseminate information about the Rally. We have received literally hundreds of messages regarding our role in bringing children and parents out to rally, and develop and distribute informational material re posters, transportation, etc. We need no thanks. We feel it our obligation to do it as part of our involvement with Jewish life. And, we will continue to develop and disseminate editorial materials re PLO.

However, for the immediate needs of the Rally, we expended funds over and above our line-by-line budgetary capability. And, we have no way of offsetting this expenditure other than requesting it from the funds you collected for this purpose.

Todah Lemafrea.

Sincerely yours,

Alvin I. Schiff

Dear Judah:

I hope that you returned in good health and that your trip was fruitful in its effect.

Yehuda and I and our Budget Committee have been going over our budget for the coming year, and as you can imagine, our needs are growing by leaps and bounds. We hope that it will be possible for you to help us with this. Yehuda tells me confidentially that you have the keys to the wealthiest treasuries of all, and please note the plural I employ here, for you are responsible for two organizations--not one, like most of us mortals.

I write this to forewarn you that I will be calling on you in a few days, and hopefully having considered the matter duly, you will be able to provide me with a positive response.

Dear Judah:

I am told that all matters concerning the President's Conference have been entrusted to your care as the Rabbinical Assembly's permanent representative to the Conference.

Therefore I am writing to you regarding Rabbinical Assembly's dues to the Conference. As you probably know, the total sum your organization contributes to the Conference is \$1,250.00, and this figure has never been revised upward. Inflation being what it is, and our demands growing as they do, we really feel that this amount, the lowest on our scale of contributions, ought to be upped. We have a minimum of \$2,000.00 in mind.

Why don't you discuss this with your president to see what can be done? I will be calling on you in a few days for your judgment.

Kindest regards.

Sincerely yours,
