Dear Herb and Elaine:

Although I can't be with you this coming Sunday,
at least I can join in the fun.

I am sure Sammy Cahn won't mind the few changes
I made in his lyrics to make them more appropriate for your
get-together. Enclosed, therefore, are my suggestions for
"entertainment" for the party. All you need is someone who
can sing the melody.

I am sure that the lyrics, particularly for "All
the Way", will bring a laugh or two.

Have a lot of fun.

Best wishes,

Irving

"HIGH HOPES"

VERSE:

GIVE WHAT YOU'VE GOT
THROW SOME LOOT IN THE POT
ANYTHING THAT YOU GIVE WILL HELP A LOT

WE'RE NOT SETTLLING FOR NO

AND WE'VE GOT HIGH HOPES
WE'VE GOT HIGH HOPES
WE'VE GOT HIGH APPLIE PIE IN THE SKY HOPES

WE'RE GONNA SHOW THE REST OF THEM
WE'RE THE BEST OF THEM
PUT U. J. A. ON TOP

OOPS THERE GOES ANOTHER RECORD KER

MEMORANDUM

HAF

Date August 9, 1967

To Rabbi Herbert A. Friedman

From Irving Bernstein

Subject 1. Study Mission

A. Mission now consists of 416 individuals or 227 units. We may have to call a halt if the Mission continues to grow. We may soon outgrow the total room availability in Jerusalem. I cabled Chaim Vinitzky to give me the total rooms available to him so that we can make the appropriate decision.

B. Vinitzky called to advise that Fisher recommended staying at the Hilton Tel Aviv from the very beginning in order to:

- 1) Give everyone similar hotel occupancy
- 2) Give women opportunity to wash up and rest before going to Jerusalem to visit Western Wall.

I spoke to EG -- in line with his suggestion, I cabled Vinitzky to stay with present plans.

C. El Al cannot handle more than one flight on October 16. We are now trying to negotiate for a second plane. The most likely candidate is TWA.

If we offered seating of 2 and 3 seats we would have to add \$200.00 plus to ticket. However, since we will need seating space, we are not making this arrangement. October 16 is the day \$399.00 - 10 day excursion trips start -- planes are at a premium and we can't afford to give away seats.

2. Chicago Budgeting Meeting for HAF and EG scheduled as luncheon September 11.
3. Field Staff Meeting tentatively scheduled September 8.
4. Eshkol is not coming in September.
5. We can anticipate approximately \$100,000.00 from Israel Symphony Concert Tour for Emergency Fund. Do you want to go to Saratoga August 24 for their last concert to thank the orchestra? I cannot do it because I will be overseas.
6. December Conference -- Life Magazine refused us permission to use Israel cover. They say it's against their policy.

To Mr. Herbert A. Friedman

From Irving Bernstein

Subject

I. Study Mission

a. Roumania - Moe L. indicated that Roumania subcommittee must be limited to 12. Shavit cabled-Shaika said that group must be limited to 10. This was a shock because I thought Shaika would let us increase it to 20. Shaika also advises that we cannot go in as a UJA group but as a group of American leaders.

b. Even though this may upset you I will suffer your impatience by telling you that Lou Goldman called to urge against dividing the Mission members into many hotels.

c. Vinitsky cabled that Fisher had discussed the Mission program with him and Parker is bringing back with him on Tuesday Fisher's ideas and suggestions.

2. Elavic is at the Plaza Hotel this weekend - PL 9-2000.

3. Eddie Ginsberg asked that the Study Mission Solicitation meeting and the Executive Committee meeting be changed to September 28 and 29. Please change dates on your calendar.

4. The Israel Symphony will be at Saratoga on 8/23 not 8/24 at 8:30 P.M. Air date 140 -

5. December Conference

Eli Wiesel turned down our invitation to participate on Eastern Europe. Will you call him? What do you want to do about his name on the invitation. We must know quickly. He says he just does not feel natural doing it. By the way, Ernie Spickler says that Wiesel did rather poorly at the Onchiota Young Leadership meeting.

Will be at Warwick Hotel on Tuesday, August 15, 9 A.M.
I can meet with you at lunch on Tuesday and also for dinner Tuesday evening before the theatre if you stay over. If not, we can do all our business at lunch and in the afternoon since I assume you will be with the field staff only Tuesday morning. Marty would like to use the afternoon for field matters and to establish his own communication with them.

MEMORANDUM

Date August 17, 1967

To Mr. Herbert A. Friedman

From Irving Bernstein

Subject

You are a lucky fellow - you left just in time - Max is coming to town tomorrow. Now, isn't that a nice way to end the week and begin a weekend. I think I'll give him your telephone number just to get even.

Now - a few items to prove we haven't forgotten you.

1. Mission

I spoke to Eddie Ginsberg and Albert Parker and had a conference call with Merrill Hassenfeld, Leonard Strelitz and Phil Stollman. All emphatically agree that the mission must stay in Tel Aviv. All emphatically agree that the first day should be a day of rest. In view of your "Fire Island relaxed attitude" this morning - I will plan the itinerary that way. All agree that your plan is brilliant, but all, except Stollman, strongly urge keeping the mission below 500. They fear the loss of intimacy of previous missions, and that the mob effect and scores of busses moving at the same time will back-fire. They urge that the program be planned with many alternatives and with many small missions within the over-all mission in order to maintain some form of intimate contact.

2. Rose letter on Foundations

I sent a copy to Max and Eddie for their comments. I indicated that you asked me to send them the copies.

3. Young Leadership Mission

Giti will be bringing you the itinerary for the Young Leadership Mission. I know that Ernie urged you to go to Israel. However, I urge you to stay home and do the briefing here. I am afraid we will need you here more than the Young Leadership Cabinet will need you there.

Best regards.

Forget December - I have invited him for February (regional conference plus tour of communities for fund-raising).

2. IEF man

only active possibility at moment is Barzilai, and Goldstein would prefer that he go to England rather than to us. It will take another week or so to see what happens. Let's leave it alone till then.

3. Hoffenger

Yes - set up date for Mon. Tues. & Wed. - 9-10-11 Sept.

4. Newark, etc.

Yes - I suspect that I feel strongly about charging the Emergency Fund with the extra amount the community needs for local expenses. This is not ^{not a cost} expenses legitimately chargeable against Emer. Fund. This is simply a book-keeping trick. Please keep all such situations open.

• Howe Chom - no. Check his latest contribution.

(2)

6. Barker and corporation

Very good. Have given a long list of agents (attached) to Ben-Ayal (newman chief) - and will see what we get. I think it will be all right.

7. Goodell request for increased returns.

no chance, I suppose, but to go along.
OK.

8. Government - Agency negotiations

Am not involved. Speak with Hammer every few days. He keeps me posted. I tell him to protect the campaign interests. He promised to do so.

9. 1969 Substitutions

You speak, in this regard, of a Sept 9 meeting. I have no record of this meeting in any correspondence. Please elaborate. I have not been able to do any substitutions here. Impossible to arrange.

10. Speakers at Dec. Conf. seminars

- a.) Immigration - Nations would be good. I'll ask him.
- b.) Absorption - we asked Rabin last year. Let's ask again.
- c.) Education - I've already asked Shavit.

11. Friday morning plenary
 would be Brander, Fisher (as president of

12. Regional Conferences

Deltzian

a general

Arthur Goldberg would be guest if we could get him
 that enough - with Efr, maybe that, maybe
 myself.

I don't think we need Harman for this.
 Other possibility would be Yigal Alon -
 and I'd be in favor of asking him - for then
 we could get a fund-raising tour out of him.

13. SCHWARTZ

Worked out well - as per attached
 letter. I saw him in Israel

14. Kellerman Project Report

Have received it. Don't know how to
 evaluate it. Will write him - with copy to you.
 Some of the items seem rather elaborate and expensive.

(4)

15. Phil Kite for 11-F

I don't like him. He is too
weasy for me. Seems too much like a
penit.

16. Danny's photo

An enclosing same. It is lovely.
Please make copy for me. Thanks very very
much for visiting him.

17. 50,000 Lumber

Under what circumstances do we have
Parition? All for ourselves? Has anybody
looked at the room physically to see how it
would be for card-calling? My recollection is
that it is chipped up into cubicles. No speaker or
card-caller could have everyone's eye.

18. Column - Widesuff problem

Handle as you wish - but gently. This
arrangement with Widesuff is actually in lieu of extra
pay. You might have to be prepared to compensate
him with extra bonus to make up for this loss to him.
At that, we would save money.

19. Personal

- a) House-building is going slowly, but we constantly assumed it will be done in time
- b) Work beginning to taper off
- c) Could get great reaction in next 2 weeks, except for Kilo, who requires lots of attention because of a state we made in not

2. CAMPAIGN AND CASH

In regard to campaign and cash, attached is Thursday's cash report and the last IBM Community Status Report.

3. PUBLICITY

You have a meeting at 3 p.m., Monday, August 26, with Don Kellerman and the Wyse staff to look at the material they have prepared for 1969.

Although it is still too early to judge, I can say that we took two giant steps forward and one small step backwards. We have a creative group, but the problems of timing still exist. I did not see their materials until today. Most of it is very good. If the gamble on theme pays off, we are ahead. You indicated that you liked it. I did too. We never did clear it with our attorneys, and we did not ask the Israelis about it. We did not do either, because there was nothing to show until today. I just reached Herbert Rose, and he is coming tomorrow to look at all the material, so that we can have an opinion ready for you.

However, there is a very serious problem with the invitations for December. I still have not seen the invitations for the \$50,000-and-over luncheon and the Inaugural dinner. They are promised for our meeting with you. I did reject the invitation for the December conference, which I only saw last week, and that was pretty rough. It was not an invitation, it was a book. I hope by Monday they can change the stock, so they can get the cost of mailing down to something we can live with and something worthwhile to show besides an idea.

4. DECEMBER CONFERENCE

- A. Invitations for all December Conference meetings.
- B. Programs and speakers.
- C. Brunschwig of Switzerland accepted. Rosenthal accepted. Ashkenazi of Australia negative and recommended Einfeld instead. We have no word as yet from Rothschild.

5. SPEAKERS

- A. review of speakers requested from Israel for Fall and Spring.

6. NEW YORK CITY

- A. The HCB pot is boiling again. The committee has been set up to look at the entire personnel question. The committee chairman is Albert Parker. The members are Goldwater, Leidesdorf, Rosenberg, Levinson, Rosenwald, Warburg, Hausman and Weiler.

A sub-committee to make recommendations to the larger committee: Parker, Levinson and Rosenwald.

The list of proposed candidates are Murray Peters, myself, Lelyveld, Hiller, Sudran and Chassin. Parker knows that my future is here. The point is, they are now at least on the track and may get someplace.

- B. We have not resolved the question of New York City's annual request for \$10,000 for speakers' expenses.

August 23, 1968

7. LEXIAL PROBLEMS

A. There has been a new Internal Revenue Service ruling which is creating a problem with individuals who are sole owners of corporations and sole supporters of foundations which receive funds from the corporation. Attached is a copy of the ruling. Herbert Rose is handling. EG and MMF have been kept informed. I will explain it to you further when we meet.

✓ B. We have to resolve Goodell request for increase in fee.

C. Ed Weiner case. Cleveland will ask for a re-hearing by the IRS. If this also turns out negative, they will discuss with us prior to taking any further action.

8. GENERAL ASSEMBLY

MMF will see Arthur Goldberg on August 27 and will ask him to address the General Assembly. Ed and I tried to talk him out of it, but Max says that he had already made commitment to CJFWF. The General Assembly will also have Rabin, since they asked him a long time ago. They want to put Rabin and EG on their Thursday night overseas session. At this moment, EG does not know whether he can attend, because that day is Rosalie's 50th birthday. Goldberg and MMF will be on their Saturday program.

9. WOMEN'S DIVISION

JCS has had another relapse. She has been home these past two weeks. I do not believe we can go through another campaign without staff. I have sent feelers out to Dorothy Handler, Women's Division Director in Los Angeles, and I understand she is interested in coming to New York.

10. STAFF

A. Proposed financial cost of union negotiations and executive staff increases.

✓ B. Elimination of Colwin and Wideroff per diem and hotel allowances for New York.

✓ C. Henry Levy still wants to join our staff. Interested in doing budgeting and cash job. Marty would like a younger man but is willing to take Henry. I did not get into specifics with Henry, because I wanted to wait for your return.

11. ORIN LEHMAN

✓ We have not as yet made a decision about the American Christian Palestine Committee. We should come to some understanding one way or another.

12. RECHAVIM AMIR

✓ I took SL with me to meet Amir. He is a serious Israeli who will be helpful. He is a far cry from Arnon but still a plus. By the way, he probably will live in your building.

13. REGIONAL CONFERENCES

Paul Zuckerman would like to see following pairings:

Friday - Eric Hoffer, HAF.

Saturday - EG, Tekoah

AGENDA

-4-

August 23, 1968

13. REGIONAL CONFERENCES, cont'd

We recommended:

Friday - Linowitz, HAF

Saturday - EG, Allon

Familian never heard of Linowitz. Prefers not to have Harmon since he has been there too often. His suggestion is:

Friday - HAF; Klutznick or Israeli Cabinet member

Saturday - EG; Fortas or Israeli Cabinet member

14. EDUCATION FUND

No new candidates for RIG position. I have heard some nice things about Bernie Olshansky of Cleveland. However, I still like Phil Katz and think you ought to see him.

Dr. Chaim Sheba
Tel Hashomer Hospital
Tel Aviv, Israel

Dear Chaim:

There is a lady in New York who is 84 years old who wants a suggestion from me as to how she should write her will. Her late husband was a professor of mine at the Stephen Wise Seminary, and the man who really shaped a great part of my intellectual life.

I suggested the Tel Hashomer Hospital, and she is interested in rehabilitation for wounded soldiers. I told her that I had no intimate and specific knowledge of the exact facilities which you have available or which you might need but, in my judgment, Tel Hashomer was the best hospital in Israel and certainly the one which did the most for the rehabilitation of wounded veterans.

I am not sure of the amount we are talking about but my impression is that it must be in the area of \$75-\$100,000. I do not know whether she would want his name memorialized (his name was Henry Slonimsky - and he was one of the true Jewish philosophical geniuses. Ask Gershom Sholom about him). She seems to be intrigued by the word "pavilion." Does it sound feasible to create a Slonimsky Pavilion for Rehabilitation, for approximately the above amount of money? All these are random thoughts and I would appreciate having your reactions.

Write to me privately. I will not show your first letter to her. Let us discuss it together, until we reach a viable proposition and then I will ask you to write me a letter which I can show to her, together with proposed sketches or photographs or something graphic which she can see.

Again, as you understand, this will be a bequest in her will. Due to her age, it is obvious that the money will be available before very long.

With all best wishes and looking forward to hearing from you quickly, I am,

As ever,

Herbert A. Friedman

HAVE SPOKEN WITH GINSBERG AND FISHER CONCERNING MEETING RE
1972 AT CLOSE OF JUNE ASSEMBLY. BOTH FEEL THIS IS TOO EARLY TO

BECAUSE THERE WILL BE SO MANY PEOPLE MILLING AROUND AND PROBLEMS
WILL BE CREATED AS TO WHOM TO INCLUDE IN DISCUSSION. FISHER
PREPARED RETURN TO ISRAEL LATER IN SUMMER FOR FEW DAYS FOR

BECAUSE OF PERSONAL PROBLEMS. BEST SUGGESTION IS TO SET INFORMAL

SO THAT WE CAN SIMPLY DISCUSS UJA THINKING. REGARDING MATTER OF
EXPLOITING PRESENCE IN ISRAEL OF QUOTE SO MUCH POWER UNQUOTE WE
SUGGEST THAT BOTH GOLDA AND SAPIR SHOULD MAKE STRONGEST POSSIBLE
PRESENTATIONS TO WHOLE GROUP ASSEMBLED THAT 1972 CAMPAIGN MUST BE
ANOTHER VERY LARGE ONE WITHOUT BEING DEFINITE AS TO EXACT GOAL. BY
THIS COMPROMISE WE TAKE ADVANTAGE OF THE PRESENCE OF ALL THE PEOPLE
ASSEMBLED TO ALERT THEM THAT ANOTHER LARGE CAMPAIGN IS NEEDED
BUT WE GIVE OURSELVES MORE TIME UNTIL LATER IN JULY OR AUGUST
TO NAIL DOWN DETAILS ON GOAL AND METHODOLOGY. HAD MEETING WITH

MEMORANDUM

Date July 13, 1971

To EXECUTIVE STAFF

From IRVING BERNSTEIN

Subject MINUTES, STAFF MEETING, June 29, 1971

OPERATION MISSISSIPPI

EP reported that a concentrated effort in the Delta area of Mississippi effected an increase from \$12,000 in 1970 to \$90,000 in 1971 from five contributions in a two day effort. A team of UJA leaders flew into Jackson one day and Shaw the next to meet personally with potentially large contributors in that area. The potential for increased giving has still not been reached, since all the follow up is not completed. A dinner was held in Shaw at the home of Mr. Daniel Seligman who was instrumental in arranging for the presence of potentially large contributors to meet with Leonard Strelitz, Larry Cohen and Malcolm Rosenberg who had flown in to personally relate the crucial needs to be met. The total gift from the whole state of Mississippi in 1970 was only \$90,000. IB noted that initiative for this operation came from staff in Mississippi and hoped that similar efforts could be tried in other parts of the country.

Campaign Status (MT reporting)

Overall pledges were about \$280 million, as against \$211 million by the same contributors last year. There remain \$69 million in 1970 outstanding values; if these come in without change, the total campaign would raise a minimum of \$349 million and UJA's share would be about \$261 million. (If New York can bring in the \$76 million it believes it can, UJA's share of the increased total campaign would be about \$267 million.) -- IB pointed out that, of the \$69 million in outstanding values, New York City has \$13 million and all fall communities \$10 million ... leaving a nationwide spring-community total of \$46 million for UJA staff to work on through the summer. IB asked MP for an analysis of the \$46 million and an action program.

Cash

RH reported collections as of June 30 would exceed the \$100 million mark. -- IB commended this accomplishment but stated that the UJA needs \$242 million since the UJA is expecting \$210 million. Because arrears from previous years (\$114 million) and minimum pledges expected this year

(\$261 million) total \$375 million, the minimum of \$110 million in cash out of that combined source should be easily achieved in the last six months of the year and a strenuous effort must be made to bring in the \$142 million ... MP pointed out that calls to Executive Committee members on cash had not as yet been made; since this group represents a significant portion of uncollected cash, IB asked that this be done at the first opportunity... He also asked RH to project plans for July and August over and above the traditional summer cash collection pattern.

Young Leadership Cabinet (ENS reporting)

Mission situation unchanged: about 50 people for the July mission, full up at 120 for the November mission, all paid up as of 7/1. IB questioned the summer mission program for Young Leadership and asked ENS for an evaluation of this trip before making a commitment for 1972.

University Programs (SHA reporting)

July 6 mission full at 36 boys, 29 girls; itinerary in Europe includes Geneva, Vienna, Munich and Bucharest.

Study Conference

PBC reported 237 acceptances to date, representing 125 gifts, about two weeks ahead of last year's pace... IB felt that, because of normally high Study Conference falloff, these figures were poor. Conference should have about 500 participants representing about 250 gifts. He asked MP to review by area the list of \$20,000 and over contributors contacted and not contacted, and to outline a program for completing this basic contact.

Operation Israel (DM reporting)

Combined cash-Operation Israel meetings in June, along with individual FR contacts with communities had produced 53 Operation Israel chairmen, a trickle of deposits and expressions of interest adding up to about 300 potential participants at this point, most of them for couples' flights, mainly for Flight #1 on Nov. 14. ... A fact sheet will go out to the country next week and a brochure will be ready late in July.

IB announced that costs of Operation Israel flights would be unchanged from last year's: \$695 for the shorter (men's) missions; \$765 for the longer (couples, physicians and wives, women's, students') missions ...

EAJ asked that Operation Israel mission be considered for synagogue groups who usually go separately anyway; IB said the possibility would be explored.

Rabbinical Advisory Council

EAJ reported that roughly 120 congregations outside Greater New York had passed "100% Plan" resolutions, but he felt that this was a relatively painless part of a three-step procedure, the other two being the activating of a committee to implement the resolution and the organization of actual solicitation; he and assistant, HW, would concentrate on the latter two steps in the months to come. Key people responsible for reconstitution were Louis Pincus and Max Fisher.

IB Report: Campaign Program, Ideas and Calendar for 1972

1. Reconstitution of Jewish Agency: Broadly speaking, this means the Jewish world (Zionist and non-Zionist) has now been united, as it had not been in the last attempt in 1929. Max Fisher's chairmanship of the new Board of Governors, and the position of non-Zionists on that Board, represent acceptance of responsibility in the affairs of the Agency at a level never achieved before.
2. Campaign Moratorium. The moratorium on other Israel-oriented campaigns in the United States will be lifted in 1972 providing that each organization accepts strict disciplines regarding goal, timing and places of operation. Details will be forthcoming shortly, in the form of a specific resolution passed at the Agency assembly. ... Under those same strictures, the Israel Education Fund will operate in 1972.
3. Special Programs and Meetings

August 29-30. Meeting in Israel of the international fund-raising committee (EG, chairman) to decide the world goal for 1972. It will be at least the \$1 billion it was last year; the question: should it be raised, say, to \$1.15 billion? Or more? Edward Ginsberg was appointed chairman of the fund raising committee of the reconstituted Jewish Agency.

August 29-September 2. Prime Minister's Flight. PM to invite community executives, 1972 campaign chairmen, leading contributors and selected other leaders. Itinerary: August 29 departure; August 30: Vienna (re Russian immigration); August 31-September 1: Louis Pincus on social needs, Sapir on financial needs, priming meeting with Golda, military analysis by Dayan, speech by Eban or Golda, fund-raising. Return to New York September 2. Board of Governors meeting September 2-3.

\$1 million Meeting. HAF holding discussions with PM office to see if special meeting could be scheduled in Europe or USA.

January. Possibility of meeting at White House, followed by fund-raising luncheon.

Solicitation by Israelis. Idea has been raised to have knowledgeable Israelis resident in communities for a month at a time, available for direct solicitation and other campaign uses. They would represent the office of the Prime Minister... (IB asked MP to check out community interest in this suggested program.)

Quotas. Communities to be allowed flexibility in establishing own quotas, subject to national review.

Goal. Tentatively, will match last year's \$400 million, or exceed it, perhaps up to \$450 million. Communities to be sounded out and their reactions evaluated.

Mr. Irving Bernstein
c/o The Jewish Agency
Jerusalem, Israel

Dear Irving:

You asked me to give you the reaction of those who viewed the film, "Ani Yerushalmi."

This is a musical film which was directed by Yehoram Gaon. He attempts to take the viewer on a musical tour of Jerusalem, reminiscing about the past and photographing the present largely through songs. The director attempts to make a personal statement -- through music and imagery -- about the city in which he was born and lived as a child.

The film is 90-minutes long and it is a universal feeling -- not only on our part, but from various other people who viewed the film -- that it is much, much too long: perhaps three times as long as it should be.

Since the film runs for 90-minutes with no real story line, it is confusing and somewhat disjointed. It is feature length, but not a feature -- and has no real form. From what I gather, it is something like the old "Hit Parade," trying to match pictures to songs and background music, and the images simply don't work much of the time.

The film has a number of religious connotations -- Christian and Moslem as well as Jewish. But I gather that the Jewish aspects lean heavily towards the Hassidic, giving the feeling to some people of a "Fiddler on the Roof." approach to Jewishness. Although some felt that it would be good for young people, such as those in Hebrew school and Jewish summer camps, others felt that it is not necessarily the right approach to Jewishness -- or the picture of Jewishness in Israel -- for most American children.

Since one major drawback to the film is its length, the group discussed with the producer the possibility of cutting it back. He indicated that if he could sell it for television, he would

consider cutting it to 55 minutes -- not less. We have been advised that the television possibility has fallen through, and the film will be distributed only in its full 90-minute version.

The cost problem is also serious. At the screening, the director said it would cost \$5,000 to buy a print. The distributor, "Outlook", of 729 Madison Avenue, indicates that this may be negotiable, but it would still be a rather expensive venture. They are making it available for rental at \$200.00 per screening.

Although, as you know, I did not see the film myself, I do not see how we could make any use of it. I should point out that the director apparently has some good "protexia" and has Teddy Kollect and some other Israel officials working quite hard on his behalf to push the film.

Dear Herb:

Attached for your attention is an evaluation of the Gaon film from Mel Bloom. In view of the reaction of his staff and of others who saw the film at the Hamlin showing, I doubt if we will get much use of it in the States. However, if you still want it for showing in Israel and can get it at the price you mentioned, please let me know so we can arrange a print for you.

Best wishes.

Mr. Simcha Dinitz
Prime Minister's Office
Jerusalem, Israel

Dear Simcha,

You will recall that at the memorable meeting closing our mission, the Prime Minister expressed her wish to send to each of the members the photograph of her taken at the Wall just at the end of the Six Day War.

You will also recall that the mission members were deeply appreciative of this offer, and rose to applaud Golda with respect and affection. If it is at all possible, I hope you will be able to arrange to have them all autographed.

The mission was tremendously successful, and all who were on it will never forget it. The totals are as follows:

111 gifts were announced totalling \$14,116,300.- for 1972, as against \$10,752,250.- for 1971. This augurs well for 1972 and Golda deserves most of the credit because she was simply magnificent that night. She was absolutely correct in not making a speech and deciding to use the question and answer format.

I am still sorry about the mix up on her arrival. It should not have happened, and I hope she has forgiven us.

If you need any additional information, please check with Herb or let me know.

Best wishes,

Sincerely,

Irving Bernstein

MEMORANDUM

Date September 17, 1971

To Executive Staff

From Irving Bernstein

Subject Staff Meeting, September 8, 1971

IB characterized the Prime Minister's Mission (August 29 - September 2) as an outstanding success on many levels. The fundraising results have been circulated. Highlights in Vienna - where IB applauded the job done by Akiva Kohane, the JDC staff and the Jewish Agency European staff - were :

The gripping and moving meetings with over 100 Russian Jews recently arrived at Schonau Castle, with the poignant extra dimension of Jack Grynberg -- who said their stories reflected his early life, and who recently made a quantum leap gift increase from \$25,000 to \$1 million -- acting as interpreter;

The overwhelming experience of having 32 of the Russians on the Mission plane to Israel, of accompanying them to freedom and homeland;

Highlights in Israel included:

An outstanding address by Louis Pincus at the Immigration and Poverty session on the first morning in Israel;

The uniquely moving firsthand stories of two immigrants from Iraq, underscoring the torturous nature of oppression in that country; and of two Russians: young Rita Gluzman ("Bring my husband to me") and Prof. Zand ("Not Let My People Live but Let My People Go");

The visit to the Tel Nof Air Base and a run on the Cherbourg boats from Ashdod harbor on the second day in Israel;

A special reading at the Western Wall with texts arranged by Matt Simon;

The series of exemplary increases (eg: Fred Pomerantz from \$500,000 to \$1 million) announced to Prime Minister Meir in the Knesset.

Other stimulating and useful presentations were made by Leon Dulzin on budget, Abba Eban on foreign affairs, by Moshe Dayan and Gen. Yariv on security.

A discussion of outstanding values in the 1971 campaign was inconclusive; IB asked MT to supply firm figures, which will be circulated when ready.

.....

Cash receipts, approaching the \$130 million mark, are about \$15 million ahead of last year. HR projected about \$222 million as the maximum amount attainable, which IB interpreted as a potentially serious failure, not only in failing to attain our minimum goal but because it would mean carrying over to 1972 far too many accounts receivable. It was reported that cash meetings were being organized in 10-12 major cities. IB called for more staff involvement and more pointed and effective ideas from the interdepartmental Committee on Cash.

Study Conference acceptances were reported at 187 gifts or 365 people with about 70 potentials remaining and, based on previous experience, a small falloff to come.

IB confirmed the \$1.125 billion international fundraising goal for 1972 set at the Jerusalem meeting by the committee named for that purpose and chaired by Ed Ginsberg. Of that sum, UJA's share is \$450 million.

IB noted that it is important this year not to lose the fundraising momentum set by the Prime Minister's Mission. Face to face fund-raising, especially in the larger brackets, can and should go on during the quota-setting period of September-October, as well as during the Study Conference, Operation Israel and formal campaign periods. He pointed out that Adi Yaffe would be in the country for an extended period of time to raise big extra money for major projects but would clear all prospects meticulously with UJA in advance; that November 22-24 was the target period for \$1 million and over dinners in NYC, LA and Chicago now being arranged for Defense Minister Dayan; that the Israeli Resident program was shaping up and would probably begin as early as November; that Itzhak Goldstein and Jackie Hendeli would be available for Operation Israel meetings from mid-September through October, and that Eliezer Shavit was in the country for a couple of weeks to work out details of the Israel Education Fund's new program.

IB, as a matter of first planning priority, called upon the Interdepartmental Committee on the Annual Conference to provide a clear and operative set of recommendations for new programming as soon as possible.

A report on Operation Israel established the facts that the Physicians mission was filling steadily, the first couples flight would undoubtedly be a sellout and the other two would fill well; but that the men's flights would have a harder time.

It was then established that the Womens Division's Top Leadership Mission in October had all but achieved its intended capacity of 15 and that the Young Leadership Mission in November remained sold out at 117.

IB reported that the SCCIEF, which last year consisted of six students on sabbatical under SHA's supervision, would this year be converted to an advisory committee of about 20, headed by Bob Wiener, lone holdover from last year (the other five have either married or returned to student life). Hiring of additional staff is in progress. SHA, coming off a highly successful Summer Mission, will again supervise.

UNITED JEWISH APPEAL

ON BEHALF OF UNITED ISRAEL APPEAL, JOINT DISTRIBUTION COMMITTEE, NEW YORK ASSOCIATION FOR NEW AMERICANS

1290 AVENUE OF THE AMERICAS, N.Y., N.Y. 10019

CABLE ADDRESS: UJAPPEAL, NEW YORK

October 1, 1971

Dear Herb and Francine:

This is just another one of the series of letters that I have been trying to write to "Dear Herb," "Dear Francine," Dear Herb and Francine," Dear Francine and Herb," but they never seem to get mailed. There is much to say, I want to say it, but I just can't find the time to do it.

I used to wonder in the old days if things could get any tougher — now I know — they can. Between pressures at home and pressures of the office, I am lucky if I could even get to the New York Times before it is time to hit the sack. My color is now perennially green and I miss my cheer-upper who beautifully and sarcastically always put life into proper perspective for me. My biggest problem isn't doing the job — it is trying to meet problems with my kids and at the same time find the energy to do the work at the office. However, with "mazel" — we shall overcome. *-I hope*

Now for some miscellaneous and isolated items.

1. The millionaires solicitations. I didn't send you the gifts because everybody insists upon anonymity and, in fact, we are not even distributing the names here on the domestic scene. Since you know the Israelis have loose lips, it would be most appreciated if you would not distribute the names to our friends in Israel. However, the million dollar givers so far are the following: On the Prime Minister's Mission — Fred Pomerantz, Jack Gryenberg, Louis Rogow. Since the Prime Minister's Mission — New York City — Meshulam Riklis, Larry Tisch; Los Angeles — Firestein - Factor, John Factor, Weinberg Family, Wolf Estate.

In addition, Vigman was also seen by Ginsberg. Vigman will come to the meeting, although we don't have definite commitment for the million dollars as yet. Today, Eddie is seeing Crown. We've got our fingers crossed on this one because it is a crucial one for us.

My new party - 17th

*Crown will give us answer in two weeks -
Fantasia story - let Eddie tell you -*

When you see Eddie, praise him because he deserves it as he has done a lot of work for us and I have driven him almost insane with demands. He has been working the hardest of all, but Paul has also been working -- but Eddie deserves most of the praise.

2. Department of biting the hand that feeds them. Attached for your elucidation is a memo from Mitchell Gold, which you will find educational, if not informational.
3. Chaim Vinitsky. There has been a ground swell of concern for Chaim Vinitsky in the last few weeks. There have been scores of calls to this office to me, to Eddie and to Paul and even to Max. As a result, Eddie and Paul plan to meet with you when they come to Israel before the Study Mission to explore ways and means of keeping Chaim Vinitsky from resigning.
4. Management Seminar. This weekend and the previous weekend was spent in Bridgeport in a management seminar for our executive staff. ~~By~~ ^{On} a certain amount of cynicism in the beginning it is paying off, and I think it will make a major difference in the way we work. Our whole aim is to get the men to be developmental in their personal relationships and purposeful in their approach to their work. Believe it or not, it has had major impact. The guy doing it, is someone you may know. He is Emmett Wallace of Westport who runs the Educational, Systems and Design Corporation.
5. Cash. Despite a tremendous amount of work by both lay men and staff, and a lot of new efforts that we are utilizing in cash collection including, believe it or not, ~~this~~ ^{visit} by Sidney Edelstein to cities like Cleveland and others for meetings with top leadership, I do not believe at the present time we are going to do much more than a gross of \$220 million. Sidney's visit to Cleveland paid off, and Cleveland is going into the Dallas program of extending a line of credit to its members who owe lots of money and can't borrow.
6. Miscellaneous. That's about it for now. I'll try again later. If I don't send this one now, I'll ^{do} with it like I did with all the others -- destroy it, and then just think that I mailed it. By the way, I think I gave you wrong information about Gaynor Jacobson. He does not live at 200 Central Park South.

Continued ...

Page 3.

I don't know yet when I will be coming for the Mission. If the Million Dollar program is under control, I will arrive on the 16th. Judy will not be coming with me this trip. If the Million Dollar program is not under control, then I will stay until such time that I feel confident I can come to Israel or just cancel the Mission altogether. However, I should be able to come to a decision about this in the next few days.

my visit to

Again, the very best to the four of you -- let the New Year be apples and honey, health and peace.

Dear Rabbi Friedman:

Monday, September 27th, was a historic day in terms of fund-raising in the American Jewish community. On that day, personal solicitation produced five gifts of \$1,000,000 for the 1972 campaign. As of this writing, we have nine gifts of \$1,000,000 minimum (of which five are completely new), against a total of thirteen such gifts last year. Since our Million Dollar meetings with Moshe Dayan are not scheduled until late November, there is every hope that we will, by then, surpass last year's experience.

I believe, and I am sure that it is also your feeling, that million dollar gifts are achievable in many communities throughout the country. We need three things: 1) knowledge of potential; 2) willingness and readiness to ask for gifts in this dimension; and 3) faith in the depth of understanding of those being solicited.

QUOTAS

Letters from Ed Ginsberg have gone to all communities with suggested quotas for 1972. During our meetings this summer, I shared with you my opinion that there will not be any major problem in "goal setting" in communities. This past campaign proved that quotas or goals could be used for two-fold purposes: to confirm need and to set the proper dimension for giving. Let us be in touch with each other to set up productive meetings and to establish proper guidelines for the 1972 campaign.

ISRAEL EDUCATION FUND

We have a new Director for the Israel Education Fund. Many of you may know him since he was a consul in the Israeli office in New York. He is Ehud G. Mouchly, who came to us from the Israel Foreign Service where he served since 1962. It has been impossible for Aryeh Nesher to conduct the Israel Education Fund and run the Paper Millionaire project which has shown dramatic increases in giving. Therefore, for the 1972 campaign, Aryeh Nesher will be working solely on the Paper Millionaire project. The researched information in our office may help you to determine new prospects for your communities. By the same token, if your own research brings forth such potentials, please be in touch with us so that we can use Aryeh Nesher's talents as well as those of others who are available to him.

OPERATION ISRAEL

At the request of our Rabbinical Advisory Council, we have added one more mission to the Operation Israel program. It will be leaving on December 6 and returning on December 14. It will include those synagogues and temples that agreed to participate in the "100% Plan." (All members of their congregations must be contributors to their local Federation and Welfare Funds.)

We are, therefore, suggesting a fund-raising mission to Israel of rabbis and presidents from such congregations. Federations and Welfare Funds are not being asked to participate in the expenses of this Mission.

Irving Bernstein

Page 2

PRIME MINISTER'S MISSION

Since we returned from Israel the following gifts have been announced from participants in the Prime Minister's Mission, who indicated on the mission they would increase but had to return home for discussion with members of their families. The increases reflect the seriousness of the commitments made in Israel, and are a tribute to the leadership of our communities.

<u>1971</u>	<u>1972</u>
\$ 1,000	\$100,000
100,000	150,000
5,000	100,000
12,000	25,000
10,000	25,000
250,000	300,000
225,000	500,000
75,000	115,000

As of this date 135 contributors in 52 cities pledged \$22,134,300 compared with \$16,158,250 they gave in 1971 - an increase of 37%. It is interesting to note that since the Prime Minister's mission the giving in the United States was the same high level as contributions made in Israel.

My very best wishes for the New Year.

Sincerely,

Irving Bernstein

Dear Herb:

Just a note to bring you up-to-date on a development this week regarding the Israel Emergency Fund.

Shimon Alexandroni told me of a plan to raise a million dollars for a project in Kfar Saba in honor of Shoshana Sapir. Apparently an effort had been made to get Joe Schwartz to head a committee to find 100 men who would give \$10,000 a piece for this project.

I told Shimon that this was unthinkable and also injurious to the UJA, as well as unfair to Sapir himself, as it would create all sorts of problems on the American scene. Instead, I strongly urged him to let the IEF handle this project on the basis of the traditional \$100,000 minimum contributions, on conditions that the project would have the approval of the Ministry of Education.

Shimon called back and indicated that it could be done the way I had suggested. I, therefore, discussed it with Phil Zinman and we agreed to ask Joe Meyerhoff to head the project, starting it off with his own contribution. I spoke to Joe today, and as expected, he agreed to do it.

We are now waiting for Eliezer Shavit to return to Israel to get all the details on the project itself, since Joe would like to know exactly what he is selling when he meets with prospective contributors. We believe we can do it rather quickly.

Best wishes.

Dear Herb:

In my conversation with Chaim Vinitzky today he indicated that he found our new telex procedure cumbersome and difficult and full of problems in regard to his own work. He is therefore requesting that we change the procedure and continue to send his telexes to the Jewish Agency as heretofore.

I know you will agree that it isn't worth another cause celebre over something as minor as this and I therefore indicated that we will send his telexes as he has requested.

However, in order to be sure you get the information you need, Ida Lind's office will be telexing you daily the names of visitors who are going to Israel. The only information we will be leaving out of your telex is just the requests for hotels. Otherwise, it will contain the same information that we are sending on to Chaim Vinitzky in regard to the names of people and cities from which they come.

Let's see how this goes and then we will be able to examine it.

Best wishes.

FACT-SHEET ON IMMIGRATION FROM THE SOVIET UNION
IN 1972 AND COSTS OF ABSORPTION IN ISRAEL

AMERICAN JEWISH
ARCHIVES

December 28, 1971

1. Introduction

It is anticipated that Israel will receive 70,000 immigrants in the year 1972. This estimate is based on the actual experience of the past several months, and on current reports from key areas of immigration around the world. The most dramatic change has taken place among the Jews of the Soviet Union. This huge increase in Russian immigration poses tremendous economic and social challenges for the people of Israel. These challenges cannot be met without the immediate and massive support of world Jewry.

The following breakdown is a projection based on the 1971 experience:

2.1 Immigration according to size of family

<u>Craftsmen and factory workers</u>	<u>4,500</u>	<u>15.0</u>
<u>Service Personnel</u>	<u>900</u>	<u>3.0</u>

Note: Jews coming from the Soviet province of Georgia constitute a distinct demographic group when compared to other Russian immigrants. The immigrants from Georgia generally have larger-sized families, are younger, have comparatively limited educational background, and work at various trades.

3. Cost of Absorption of Immigrants from Soviet Union

The total cost involved in absorbing 30,000 immigrants from the Soviet Union is estimated at \$300,000,000 for the first year after their arrival in Israel. This figure is based on the following breakdown:

	Expenditure for 30,000 persons \$ (thousands)
<u>Total</u>	<u>300,000</u>
1. Transportation of immigrants and luggage	13,000
2. Initial care and absorption	5,300
3. Housing and community infra-structure	120,000
4. Vocational training and re-training	7,800
5. Investment to create jobs	133,500
6. Health: Capital investment	4,700
Operational costs	1,800
7. Education: Capital investment	3,800
Operational costs	1,100
8. Higher Learning: Capital investment in dormitories	4,100
Operational costs	2,200
9. Welfare	1,500
10. Social integration	1,200

In brief, the cost of absorbing an individual Russian immigrant is approximately \$10,000 or \$35,000 for the average-size family. To the above figures must be added the cost of bringing to Israel and absorbing approximately 5,000 immigrants from other Eastern European countries, i.e. \$50,000,000, bringing the total cost for Eastern European Jewry in 1972 to \$350,000,000.

3.1 Transportation of Immigrants and luggage

The Soviet authorities have levied a special charge of \$1,100 for the Exit Visa required by Jews leaving the Soviet Union for Israel. As applications for immigration continue to mount, the Dutch Embassy in Moscow, which acts on behalf of Israel, is besieged with requests for this purpose. At least \$9 million will be required in 1972 for Exit Visas, taking into account that many immigrants do find their own money for the Exit Visa.

Facilities at the Jewish Agency transit-camp in Vienna have been expanded in order to accommodate the sharply-increasing numbers of Jews for the brief period the immigrant spends there prior to his final flight to Israel.

The cost of air transportation and freight from Vienna to Israel will amount to \$4 million.

3.2 Initial Care and Absorption of Immigrants

All immigrants receive initial financial assistance and the basic furniture for their dwellings. However, many do not go directly to their apartments but are placed first in absorption centers, hostels and ulpanim for periods up to six months, in order to learn Hebrew. Average costs for initial care are \$175 per person or a total of \$5.3 million for 30,000 immigrants.

3.3 Housing and Community Infra-structure

The Jewish Agency makes housing available to these immigrants at a low rental. These apartments average 65-75 square metres in size. To the cost of the apartment itself must be added development of the housing area, water facilities, sewerage, roads and streets, electricity and the construction of public buildings for religious and cultural purposes.

Average cost per family is \$13,500; total cost \$120,000,000.

3.4 Vocational Training and Re-training

At least half the breadwinners among the Russian immigrants require assistance in finding jobs. The problem is especially acute for academicians and members of the free professions who must take special courses, often of long duration, in order to familiarize themselves with Israeli patterns of work.

The minimum cost for these programs is \$8,000,000.

3.5 Investment required to create jobs

The investment required in 1972 for the creation of one job is \$9,000; the total cost for 15,000 jobs for the Russian immigrants is estimated at \$135 million.

3.6 Health

In Israel there are 7.5 beds per 1,000 population (an already inadequate figure). For 30,000 immigrants an additional 225 beds are required in 1972. At an average cost of hospital bed of \$21,000, the capital investment for this purpose will total \$4,700,000.

Health insurance to cover operational costs for ambulatory and hospital services will amount to \$11,800,000.

3.7 Education

26% of the immigrants from the Soviet Union are of elementary and high school age. This group totals approximately 7,800 students. On the basis of 35 students per class it will be necessary to establish 225 new classes. The average investment per class is \$19,000; and for the anticipated immigration of 30,000, the cost is \$3.8 million.

Operational costs for education include teachers' salaries, administrative expenses, supervision and general maintenance, and average \$5,000 per year per class. The total operational cost for the anticipated immigration is \$1,100,000.

3.8 Higher Education

In estimating this expenditure, building costs are not taken into consideration, only the cost of providing dormitories for the additional students. Of the 3,000 college students who will be added to the schools of higher learning in Israel in 1972 as a result of the Russian immigration, it is estimated that at least half will require dormitories at a cost of \$4,100,000.

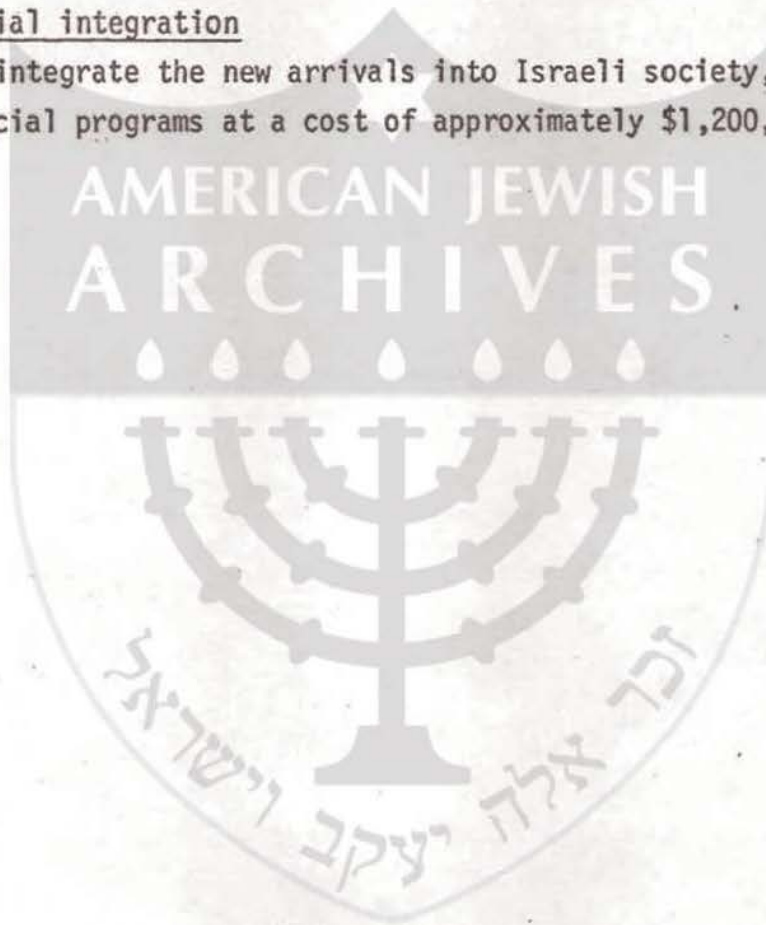

Operational costs include stipends, free tuition and board in the average amount of \$700 a year. Anticipated expenditure for 3,000 students for 1972 is \$2,200,000.

3.9 Welfare

- More than 2,000 immigrants from the Soviet Union will be pensioners. These individuals will have lost their pension rights and will require welfare payments. In addition, handicapped persons and immigrants who had been imprisoned for their "Zionist" activities will receive special support. The total welfare requirements for these Russian immigrants will approximate \$1,500,000.

3.10 Social integration

To integrate the new arrivals into Israeli society, will require special programs at a cost of approximately \$1,200,000.

January 4, 1972

TO: UJA NATIONAL OFFICERS
FROM: IRVING BERNSTEIN
SUBJECT: RECOMMENDED PLANS FOR RUSSIAN IMMIGRATION CAMPAIGN

This report summarizes the results of a series of meetings held across the country since the telephone hook-up between national officers which took place three weeks ago. These meetings were held at the request of the General Chairman in order to a) advise key groups of the possibility of massive Russian immigration in the near future and b) to get a broad spectrum of thinking into the hands of the officers to assist them in the decision-making process.

Rather than attempt to indicate specific suggestions or points of view, this paper is a condensation of the following sessions:

1. Meetings with Executive Directors on a regional basis in New York, Chicago, New Orleans, and Los Angeles during the last week of December 1971.
2. Professional leadership of the New York UJA, CJFWF, and UJA in New York on December 17.
3. The Young Leadership "Think Tank" meeting on January 19.
4. Meeting of lay and professional leaders in the southeast during the regional conference in Atlanta, Georgia.

BASIC PREMISES

1. Assuming that immigration from the Soviet Union continues at the current rate of 100 persons per day, we must anticipate 36,000 immigrants in 1972. This will be approximately 24,000 more than anticipated and included in the Jewish Agency budget.
2. This means that some \$250,000,000 will be required over and above the \$450,000,000 goal we accepted for 1972.
3. A consensus of opinion throughout the country was that, ideally, the intensive effort that will be required to raise the additional money should begin in mid-March. By that time, the continuing flow of immigration will have been thoroughly substantiated and most major gifts will have been solicited in most communities throughout the country. However, it is becoming increasingly apparent that we will not be able to wait until the ideal moment. The story has already broken through other sources to the general press, and the pressing need for an intensified campaign cannot be delayed.
4. It is yet to be determined whether we will be able to widely publicize this new era in Russian immigration or whether we must undertake the special effort in the context of only "limited" publicity.
5. Since it is not likely that we will reach our goal by only going back to the same people, the giving base must be broadened.
6. The involvement of all major Jewish organizations will probably be needed. Through this involvement we will a) dramatize the critical nature of this

situation; b) get access to lists not currently available; c) get additional workers and professionals lessening the burden on the UJA laymen and staff so that they can maximize their crucial roles in the campaign; d) get all organizations working together even better than they have to date, which could have a beneficial effect for years to come.

7. Clearly, we must intensify our communication of the fact that the UJA is the channel for money to help Russian Jewry and commit all organizations involved in the area of Russian Jewry to interpret this fact to their constituents and the public.

8. In all probability, a moratorium on all Jewish fund raising efforts must be re-instituted to indicate the dimensions in which this problem is regarded both in Israel and the United States.

9. Whatever the timing decided upon, the tried and true basic campaign techniques must be relied upon. Those in national and community leadership must again show the way through their work and leadership giving.

SOME MAJOR STEPS TO INTENSIFY THE CURRENT CAMPAIGN IF WE BEGIN IMMEDIATELY

1. Get information to the communities so that new facts can be utilized in already scheduled fund raising meetings.
2. Meetings with leaders of CJFWF and UJA to be set up immediately to review plans developed by UJA National office.
3. Executive Committee meeting on January 20 to be devoted to presentation of new facts and to mobilize activity in communities.

4. Set up special mission of UJA officers and chairmen of 21 top cities to Israel for a review of Russian immigration problems.
5. January 20th meeting in Washington for \$20,000 and over givers to be turned into public kick-off.
6. Special meeting called for Executive Directors of Federations, Federation Presidents and Campaign Chairmen, to explain the plan and to coordinate its implementation.
7. Meeting with the heads of major Jewish organizations to outline the crisis, the campaign plan, and to involve all groups to their maximum. Here are a few examples of how these groups can help to broaden the campaign: emergency meetings of every adult Jewish organization chapter throughout the country; Jewish women's groups ringing doorbells; access to membership lists; special student efforts on the campus and in the high schools; etc.
8. Meetings of the boards of major Jewish organizations to present the needs.
9. National rally in February with Louis Pincus or Yigal Allon.
10. Special meetings of the Rabbinical Advisory Council to urge widespread public support through the media of synagogues.
11. Special meetings of UJA Women's Division Board; Young Leadership Cabinet; and Student Committee to spread the story and intensify campaign efforts.
12. Convening of regional meetings, patterned after the January 20th Washington meeting.

13. Launching all-out public relations effort encompassing many of the following ideas:

- a. A Russian immigration sabbath
- b. Appointment of a high level Study Commission on Soviet Jewish immigration encompassing Jewish and non-Jewish leaders
- c. Closed circuit television
- d. Advertising campaign - print and broadcast
- e. Sunday supplement in New York Times and other major newspapers
- f. Top level briefings for mass media printers and publishers
- g. Briefings for Anglo-Jewish press
- h. Mass mailing of articles on Russian immigration
- i. Formation of separate local special public relations committees on Russian immigration
- j. Ads and spots
- k. Special posters, stuffers, special feature material, etc.

14. Meetings in all Big Board cities with National Officers, top Israeli Minister if possible, and Russian immigrant -- to establish dimension of campaign and to set priorities.

15. Individual community consultation through teams of UJA professionals and lay leaders visiting all communities to help communities re-rate their prospects, review new prospects who would be effected by Russian immigration, and to review campaign planning in order to meet new needs.

16. Periodic meetings of UJA Officers and Executive Committee to assess progress.

17. Intensification of Operation Freedom program which consists of community visits by teams of immigrants, Jewish Agency personnel and National lay leaders for solicitation meetings and public relations exposure.

IF IT WERE POSSIBLE TO HOLD OFF UNTIL MARCH 1st

If we hold till March 1st, we would project many of the same actions outlined in the previous section but the waiting period could be used to advantage to:

1. Set March 1st as a target date for completing solicitations of all major gifts.
2. Organize a more comprehensive, high level Mission to Vienna and Israel to dramatize the situation. Mission members would respond with their own increased gifts.
3. The Mission group would report to a national gathering of large givers, approximately March 1st. At this meeting, those attending would also respond with increased commitments to further dramatize the situation.
4. Community meetings for large givers would be scheduled for early March, preceded by resolicitation culminating in increased giving at the meeting, the result of which in turn could be announced to the community as its kick-off.
5. The overall campaign in communities would commence approximately March 15th, encompassing resolicitation and intensified solicitation of those who have not made initial commitments.

OTHER CONSIDERATIONS

The question of whether our Russian immigration campaign should be a "special effort" or a "special line" emerged at several meetings. The consensus appears to be that other than in New York City, which favors a special line because of its unique problems, the rest of the country would prefer to incorporate the Russian Jewry theme into the Emergency campaign as it now exists.

NOTES - FIELD STAFF LUNCHEON, DECEMBER 30, 1971
ORIENTAL ROOM, PARK SHERATON HOTEL
NEW YORK CITY
=====

Irving Bernstein made a brief presentation requesting an exchange of views on the subject, "If the Field Staff Meetings were set for next week and you were called upon to set up an agenda, what would you do different than what was done these two days."

There was unanimity of expression in that the high point of the two days was Dr. Nesher's presentation on solicitor training. The points which were brought up by those present took into account not only the request of IB, but also a wide range of suggestions to make them and the UJA more effective. They are as follows:

AMERICAN JEWISH

1. Because of the different approach to large, intermediate and small communities, it would be well to break the Field Staff down into segments to dig into each type in depth.
2. There should be a session devoted to motivation.
3. There should be a fact sheet prepared to be given to all speakers so that their speeches, particularly where figures are concerned, have uniform content.
4. Inasmuch as Dr. Nesher is only one man and cannot go to all communities, his remarks should be put in print so that the Field Staff could be better prepared to do a Nesher-type training session for the workers and solicitors in the communities.
5. There should be a presentation to the Field Staff of the economic outlook for the following year, stressing detail, taxes, stocks.
6. There should be a session devoted to a thorough discussion of the local community versus UJA approach to campaigning.
7. There should be a session devoted to "Structure of a Campaign."
8. The Field Staff should be given figures showing the Total Raised by the UJA since its inception, a description of the various type Israeli bonds, and a section on foundations and United States laws affecting foundations.
9. In a Solicitation Manual to be prepared, there should be stressed on the approach to the 30-year-old group of new wealth.
10. For the benefit of the men covering only small communities with small gifts, the Nesher training program should be adapted for this category.

11. The Field Staff should be given complete information on the Israel Education Fund with, of course, a list of donors to date.
12. The Public Relations program, as presented to the Field Staff, seems to be geared to the large cities. The presentation should be expanded to show the PR use in small communities.
13. Community leaders complain that different speakers coming to their communities do not show uniformity in the presentation of facts. Suggestion, therefore, is that Campaign Chairmen be given fact sheets.
14. There should be a session on Middle East politics along with a history of Israel and a history of the Zionist Movement.
15. Request was made that the tapes of Friedman's address at the Young Leadership Conference be made available to the Field Staff.
16. Field Men, who so desire, should be afforded the opportunity to take a course in speaking. IB responded by indicating that this was valid. Anyone desiring to take such a course, should look into costs and request approval.
17. Harry Goldstein suggested the Dale Carnegie course, to which IB responded that this was good for lower percentile speakers, but not for a good speaker looking for fine point training.
18. The Field Staff should be given an organizational chart of the UJA, to which IB responded that he did not like charts, and that everyone knows who his contact is at headquarters.
19. Suggestion was made to use Israelis at headquarters to make appointments by telephone for solicitation by top Israelis and lay people coming to the community. The thought here was that the Field Man is too well known and has difficulty which the Israeli would not have.

IB closed the meeting indicating that all of the suggestions would be given study and that the Field Staff would be convened periodically during 1972.

Summary Minutes - Contingency Plan Meeting, December 17, 1971, UJA Board Room

Attendance: Irving Bernstein
Samuel Haber
Philip Bernstein
Abe Sudran
Murray Peters

Dan Rosenberg
Melvyn H. Bloom
Marc Tabatchnik
Martin Peppercorn
Donald Klein

Rather than attempt to indicate specific suggestions by those present, the following is a summary and condensation of jointly agreed upon action:

Following an introduction by Irving Bernstein regarding the need for contingency planning with respect to the flow of Russian immigrants and a separate contingency plan dealing with the possible outbreak of war in Israel, the meeting was divided into two portions.

Russian Emigration

Attached is a copy of the telegram received from Louis Pincus and Pinhas Sapir which summarizes current information. The need for clarification of whether this flow of emigration will continue at the 100 a day rate or will magnify or subside during January, was evident. For the present, it was agreed that we must work on the basis of fact not predictions. It is clear that more Russians will come in 1971 than in all of the previous twelve years. The story for now is 100 a day. Campaigning should be on this basis with no special supplementary campaign. There will be a meeting on January 9th of the UJA leadership and three meetings with Federation executives around the country before then, to appraise everyone of the facts.

Basically, the group agreed that between the first of the year and mid-March the flow and the need would be thoroughly substantiated since, if the flow continues by that time, the whole year's quota as originally projected, would already have come out of Russia. At this point, a special effort would have the credibility and the proper emphasis. By this time, major gifts in most communities would be in and a second effort would be justified to produce additional funds on maximum scale.

The emphasis on the need for cash now, was highlighted. To the greatest extent possible, the Russian story of 100 a day should be used immediately to this end.

It was further agreed to await information from Jerusalem, to coordinate to the extent possible with the Bonds effort, while still maintaining our separateness, and to convene again following the meetings with the executive directors and the national UJA leadership.

Assuming a continued flow at the present rate, a meeting of national leadership will be called to dramatize the situation. UJA will continue to bring Russians to highlight the story.

Melvyn H. Bloom will begin to investigate the problems of widespread publicity of the issue. We will also investigate the possibilities of closed circuit television, a top delegation of American leadership visiting Israel, additional letters to community leadership and executives, telephone hookups, etc.

Philip Bernstein will investigate ways in which organizations now dealing with our concern for Soviet Jewry can become more involved in spreading the fund-raising message to the mass public.

At the meeting with executive directors, Irving Bernstein will appraise them of the current situation in order to get the benefit of their reactions. He will recommend that they use the balance of December for an intensive Cash effort as well as for solicitation of those gifts now programmed for solicitation. He will suggest that they be prepared for a major effort in this area if immigration continues into 1972.

Irving Bernstein reviewed the basic contingency plan prepared in 1970 for the United Jewish Appeal (copy attached) in the event of hostilities in the Middle East. While total discussion was impossible due to time pressures, several new suggestions arose, namely:

1. We seek out the availability of Israelis stationed in the United States for use in communities.
2. We ascertain which top Israelis would be available to come to the United States should the necessity arise.
3. We consider sending top Israelis on chartered jets for meetings at airports around the country.
4. We investigate the possibility of a telephone hookup with communities around the country based on six hours notice.
5. When a meeting of leadership is called in New York as indicated in the plan, we alert communities to set up their own meetings before they leave, scheduling them for the day after the New York meeting.
6. At the meetings with executive directors for next week around the country, the subject of contingency planning in their own communities be broached.
7. Policy decisions regarding borrowing be arrived at now.
8. Policy decisions be made as to how much we should be asking for, and guidelines set.

Follow-Up Meeting

It was agreed that another meeting of this group be called as soon after the January 9th meeting with the UJA officers as possible.

ZELIG CAME IN AND TOLD ME OF HIS EFFORTS TO STRAIGHTEN OUT POST REPORTER. FOLLOWING IS HIS REPORT QUOTE EYE POINTED OUT TO KRIVINE INACCURACY OF HIS LAST SENTENCE IN COLUMN ONE PARAGRAPH THREE OF HIS ARTICLE IN JERUSALEM POST WEDNESDAY DECEMBER TWENTYSECOND. EXPLAINED TO HIM BONDS TARGET WAS ALSO FOUR HUNDRED MILLION DOLLARS. KRIVINE CLAIMS HE RECEIVED FIGURES FROM FINANCE MINISTRY AND THAT HIS LETTERS UJA REFER TO WORLDWIDE EFFORT WHICH FELL SHORT OF ITS REALISTIC REPEAT REALISTIC TARGET ACCORDING TO MINISTRY.

EYE EXPLAINED TO KRIVINE THAT THIS TOO IS WRONG .

FOR JEWS EVERYWHERE UJA REFERS ONLY TO FUNDRAISING EFFORTS IN THE UNITED STATES. MINISTRY USES WORD MAGBIT NOT UJA.

KRIVINE AGREED HIS INVIDIOUS COMPARISON BETWEEN UJA AND BONDS IS UNFAIR ALSO PROMISED NEVER TO USE UJA IN THAT SENSE AGAIN AND NOT TO REFER TO TARGETS IN THE FUTURE SINCE THEY MEAN CASH TO MINISTRY AND PLEDGE VALUE TO OTHERS UNQUOTE

EYE HAD TWO SEPARATE MEETINGS THIS MORNING ONE WITH PINCUS AT WHICH ZELIG AND RIVLIN WERE PRESENT AND ANOTHER SHORTLY THEREAFTER WITH SAPIR AT WHICH AGMON AND EDDIE GINSBERG WERE PRESENT. AT FIRST MEETING PINCUS GAVE HIS OPINION THAT OPEN AND LARGE PUBLICITY WHICH MEANT RADIO TV BILLBOARDS AND ADVERTISEMENTS WAS PERMISSIBLE ON CONDITION THAT ALL ATTRIBUTION WAS TO BE FROM NEWSPAPER QUOTATIONS - I.E. NOT QUOTING ANY ISRAELI SOURCE BY NAME, BUT SIMPLY REFERRING TO AN ARTICLE WHICH HAD ALREADY APPEARED ANYWHERE IN THE WORLD. HE SAID HE WOULD GET FINAL CLEARANCE FOR THIS OPINION FROM SAPIR AND GOLDA. HE VOLUNTEERED FURTHER THAT A FACT SHEET WAS BEING PREPARED WHICH COULD BE USED IN CLOSED CIRCLES EXACTLY LIKE OUR DEFENCE FACT SHEET IS USED. EYE THEN SAID THAT EYE WOULD PREPARE SAMPLE RADIO SPOTS FOR TWENTY SECONDS, POSTER SLOGANS, ADVERTISEMENTS ETC. IN ROUGH FORM AND BRING THEM WITH ME TO NEW YORK PRIOR TO THE OFFICER'S MEETING JANUARY NINE SO WE COULD DECIDE ON THE ACTUAL SPECIFICS OF A LARGE AND OPEN CAMPAIGN. ZELIG WAS TOLD TO TRANSLATE THE FACT SHEET. RIVLIN AGREED TO GET OUT THE FOLDER OF NEWSPAPER CLIPPINGS FROM WHICH WE COULD QUOTE AND PINCUS WAS TO GET FINAL APPROVAL FROM THE LADY. AT THE SECOND MEETING A HALF HOUR LATER WITH SAPIR HE WAS QUITE STRONG IN HIS CONVICTION THAT THIS WAS COMPLETELY INCORRECT AND HE WAS AGAINST ANY OPEN AND LARGE PUBLICITY CAMPAIGN. HE CALLED PINCUS ON THE PHONE TO SAY THAT IN HIS OPINION SUCH PUBLICITY WOULD KILL THE IMMIGRATION AND HE WASN'T ALTOGETHER SURE HOW MUCH EXTRA MONEY IT WOULD BRING IN. HE STOOD BY HIS TELEGRAM DATED SEVENTEEN DECEMBER WHICH SAID SPECIFICALLY THAT THERE WAS TO BE NO PUBLICITY. THE ONLY THING HE WOULD PERMIT WOULD BE THE USE OF THE FACT SHEET IN CLOSED CIRCLES. HE SAID THAT IT WAS FOR THE LADY TO DECIDE AND HE URGED PINCUS TO GET THE DECISION FROM HER WITHIN THE NEXT DAY. SO THAT IS WHERE WE STAND NOW. WE WILL WAIT ANOTHER DAY OR SO AND BY THEN AKK THE DUST SHOULD SETTLE. EYE HAVE A LUNCHEON DATE WITH SAPIR AND AGMON NEXT MONDAY THE THIRD TO SEE HOW THE NEXT CHAPTER UNFOLDS REGARDS

HAD LONG CLEAR AND USEFUL CONVERSATION THIS MORNING WITH RIVLIN ON QUESTION OF RUSSIAN IMMIGRATION. HE UNDERSTANDS THAT CLEAR POLICY DECISION ON PUBLICITY IS REQUIRED AND SAYS IT WILL BE MADE WITHIN THE NEXT FEW DAYS. EYE EXPLAINED THAT IF THE ANSWER IS NO WE WILL CERTAINLY ABIDE BY IT AND THEY MUST UNDERSTAND THE CONSEQUENCES. IF THE ANSWER IS YES, THEY MUST UNDERSTAND THAT A PUBLICITY CAMPAIGN WILL HAVE TO BE LARGE AND OPEN. EYE WENT INTO GREAT DETAIL WITH HIM DEFINING BOTH WORDS.

MY FEELING IS THAT UNLESS WE DO SOMETHING VERY BIG ON RADIO TV BILLBOARDS POSTERS AND NEWSPAPERS ADVERTISING TO CREATE FULL AND COMPLETE KNOWLEDGE OF THE FACTS THAT RUSSIAN JEWS ARE COMING AND UNLESS THIS KNOWLEDGE PERMEATES THE ENTIRE COMMUNITY FROM TOP TO BOTTOM THEN NOTHING REALLY CONSEQUENTIAL IN THE SENSE OF ADDITIONAL MONEY WILL BE FORTHCOMING. THE CAMPAIGN WILL MAKE SOME EXTRA AMOUNT BUT NOT COMMENSURATE WITH WHAT SHOULD AND COULD BE ACHIEVED THRU A LARGE PUBLICITY PUSH. IN OTHER WORDS IF THEY GIVE POLICY PERMISSION WE MUST BE PREPARED WITH A PROGRAM OF IMPLEMENTATION BIGGER THAN ANYTHING WE HAVE EVER THOUGHT OF BEFORE.

I USED AS AN EXAMPLE THE FACT THAT: EYE WOULD SATURATE THE MORNING RADIO PROGRAMS BETWEEN 7:30 AND 9:00 -AM WITH ALL SORTS OF SPOT ANNOUNCEMENTS SPECIAL INTERVIEWS FEATURE STORIES SO THAT THE IMPRISONED DRIVERS ON THE FREEWAYS GOING TO WORK IN THE LARGE METROPOLITAN CITIES WOULD HEAR THE STORY IN AN UNPRECEDENTED WAY. I WOULD REPEAT THIS RADIO PROCEDURE DURING THE EVENING DRIVE HOME HOURS. EYE WOULD ERECT BILLBOARDS ALONGSIDE ALL MAJOR FREEWAYS ETC. ETC. ETC. HE KNOWS OF THE MEETING OF THE OFFICERS ON JANUARY 9TH. THEY WILL TRY TO HAVE THEIR ANSWER BY SUNDAY JANUARY 2ND. I WOULD RECOMMEND THAT DURING THE WEEK OF THE SECOND AND THE NINTH SPECIFIC POSTERS BE DRAWN AND AS MUCH SPOT ANNOUNCEMENTS BE WRITTEN AND ADVERTISEMENTS BE DESIGNED SO THAT THE OFFICERS CAN BE PRESENTED ON JANUARY 9TH WITH THE BEGINNINGS OF A PROGRAM OF IMPLEMENTATION THUS SAVING A WEEKS TIME. I AM SURE I WILL GET THE SAME ANSWER FROM PINCUS AND SAPIR TOMORROW NAMELY THAT THEY ARE WRESTLING WITH THE DECISION AND WILL MAKE IT SHORTLY. EDDIE IS COMING WITH ME TO SAPIR AND I WILL CABLE YOU THEREAFTER. REGARDS
