(2) HS. (F.T.1) Personal February 18, 1961 Mr. Chaim Vinitsky Jewish Agency Jerusalem, Israel Dear Mr. Vinitsky: I had the great pleasure yesterday of writing a letter to your son congratulating him on his Barmitzvah. He might wonder who the stranger is and I hope you will I know that this is a high point in your life and wish you and your good wife a very happy celebration. Mrs. Friedman's parents, Judge and Mrs. Selig Schwarts, are planning to arrive in Israel 3 March via El Al flight 228. I would appreciate it very much if you could arrange to have them picked up at the airport and brought to the apartment in Jerusalem. They plan to stay for March, April and May. I know that you will assist them in getting their household organized. Perhaps you could find for them a nice housekeeper who could do some simple cooking and cleaning. It would be helpful if you could have some suggestions ready for them when they arrive; otherwise, I know that I can leave it to your good judgment to see that they are well taken care of. There's a possibility that I might be coming over myself for a few days during the Passover Holiday in order to arrange the Young Leadership Mission in June. Tentatively, I am thinking of coming on Friday, 7 April, and remaining until the 11th or 12th. As soon as these plans become definite I will let you know and you and I will get together immediately with the Chief of Staff to arrange many details of the program I have in mind. Again, with all good wishes on Daniel's Barmitzvah, I am As ever. Herbert A. Friedman HAF/fc Dictated over 'phone and not read.

Ref. No. Rabbi Herbert A. Friedman, Executive Vice-Chairman, United Jewish Appeal, NEW YORK 36, N.Y.

Dear Rabbi Friedman,

Thank you very much for your kind letter of June 30th. It is good to know - that even from afar - people are concerned about my health. Thanks indeed.

I have - more-or-less - recovered from my illness, but I still have to undergo a few check-ups. However, I try my best not to hinder our everyday work.

Regarding your advice about using the good services of Mr. Spitz of Peltours - I wish to let you know that on this matter we had several discussions whether it is worth-while for us or not. But may I suggest to postpone this matter till the end of the season, as we are already tied up with other arrangements for the four groups which are due to arrive up till the end of this year. Needless to say, I shall I inform Mr. Spitz about your letter and the conversation you had with him. In connection with individual bookings - these of course do not interest Mr. Spitz.

About the flat, I wish to inform you that I came to an agreement with Mr. Golan, which I hope will meet with your approval, to the following:

Refund for 3 months and one weeks rent - H. 1,137.50

An additional sum as compensation - H. 162.50

Monies left over with me from before - H. 110

Total sum H. 1,410

Would you kindly let me have the address of your relatives, in order to enable me to forward the money to them.

Also, I am glad to let you know, that I have finally settled your In-Law's accounts for water, electricity and telephone. I would appreciate very much to receive their address, in order to send them the accounts.

Regarding my own problem, I can just tell you an old fable: "Had Moshe Rabeinu been a committee, the Hebrews would never have reached Israel". I had patience up till now, and with God's help, shall continue to have more patience. But I believe it is going to be settled now, and as soon as the final decision will be reached - (whether for good or bad), I shall, of course, let you know.

Mr. Chaim Vinitsky Jewish Agency Jerusalem, Israel

Dear Mr. Vinitsky:

Thanks for your letter of 17 July.

The financial arrangements which you have made with Mr. Golan meet with my approval. I would appreciate your giving the 1,410 pounds to Mr. Olek Kluznick, whose address, I think, is 5 Herzl Blvd., Ramla. He works at the Bureau of Standards, right across from the Ramat Aviv Hotel, and his telephone number there is 43151. His 'phone number in Ramla is 961034. I would suggest calling him first, and then making arrangements to turn the money over to him.

As for my in-laws, their address is: Hon. Selig Schwartz, Box 695, Meriden, Conn.

I am waiting eagerly to have a report from you on the result of your conversation with Mr. Sharett. For your information, I had a long talk with Dr. Israel Goldstein here in New York, and told him the same story that I told Mr. Sharett. I told him we wanted you to stay on and that it was up to the Jewish Agency to make the necessary conditions so that you could stay. Dr. Goldstein felt that this should definitely be done, so he is on our side in this matter.

Looking forward to hearing from you, and hoping that you are recovering completely, I am

Dear Rabbi Friedman,

Thank you very much for your letter of July 24, which probably crossed my letter to you of July 25th.

This is just to let you know that upon receipt of your letter, I immediately contacted Mr. Alexander Kluznick and made arrangements to forward to him the money you want him to have. I also wish to let you know, that we found in Golan's apartment a small box containing some glassware which I believe is yours. We put it in storage in the Jewish Agency warehouse.

Hoping to see you here in the very near future.

With kindest regards to your wife and family.

Yours Sincerely,

Dear Colleague:

The book which the Association of Jewish Chaplains is about to publish will contain the following data with regard to the record of Jewish chaplains in the wars fought by the United States since the Civil War: 1) Chaplains killed and wounded, 2) chaplains decorated, 3) list of chaplains who served in combat areas during periods of combat operations together with places and dates of service, 4) chaplains who worked in Europe with displaced persons' camps after World War II. With regard to combat decorations, decorations will only be listed in the rank of Bronze Star Medal and above. The inclusive dates for some of the categories will be: 1) European theatre of operations, December 6, 1941 to May 8, 1945; 2) Africa and the Middle East, December 6, 1941 to May 8, 1945; 3) Pacific theatre, June 6, 1941 to September 2, 1945; 4) China-Burma-India theatre, December 6, 1941 to September 2, 1945; 5) Work with DPs in central Europe, May 8, 1945 to December 17, 1950, the date on which the Central Committee was formally terminated, 6) Korean War, June 1, 1950 to July 27, 1953, the date on which the Armistice went into effect.

September 8, 1961

In addition, a number of important firsts will be listed.

If you served in World War II or in Korea, look the attached lists over with great care to make sure that, if your name should be included on any list, it has been included. Also make sure that the information listed is correct. This will, undoubte adly, be the definitive historical list. It has been gathered on the best information available to me and with intensive research. There are bound to be mistakes. I should like to catch as many of these mistakes as possible before they go into print. Therefore, I urgently ask you to assist me in this task. If there is any information relative to yourself which is not included here or, if the information given is wrong, please write to me immediately and let me know in what way the information is in error. I have promised to have this information in the hands of the editor by October 15th. Therefore, if I do not hear from you before that date, I shall assume that the information which I have about your record is correct. Please do not expect me, if there is a mistake, to engage in any extensive correspondence about the matter. Just give me the facts and I shall include them in the final tabulation.

Hoping that you will help me in this matter, and with every good wish for the New Year, I em

Cordially yours,

Our Association is really proud to have recently cained the support of national Jewish leadership in America and Canada. I have been asked by Eddie Gelber, our Overseas Chairman, to send you his personal thanks for joining us and we hope that by the combined program of Overseas Members and voluntary activity in Israel by Americans and Canadians living here, we will be able to do some real work. Dear Herb,

Is your (Yehuda Golan) Jerusalem apartment available for subsub-rent? If so, I have two tenants:

- a) Dr. and Mrs. Isador Lubin. They will be in Jerusalem from April 11th until April 24th and then they will return to Jerusalem early in June for a two-month's stay, or;
- b) Ernest Stock and family who are arriving in Israel the first part of June for an indefinite stay.

Fredura - Personal 20th March, 1961 Mr. Gottlieb Hammer The Jewish Agency for Israel, Inc. 515 Park Avenue New York 22. N.Y. Dear Gott. My apartment in Jerusalem is available. Elaine has decided that she would prefer to spend this summer in Westport. The apartment is occupied until 24 May. It would be available from that point on. It is under lease to me until 1st September. I would therefore be willing to sub-rent it for June, July and August. As Ever. Herbert A. Friedman HAF/fc

27th March, 1961

Dear Selig and Tilly,

I have been fantastically busy which is why you have not heard from me in all these weeks. I hope we will have some hours to spend together when I get to Israel.

First of all, let me set your mind completely at ease with regard to the housing arrangements. I am staying in Tel Aviv out of choice and necessity. I will be in Israel only five days and most of my business will be down there, so it is really much easier for me to stay at the hotel in Tel Aviv. It might be necessary to stay over-night in Jerusalem, and if so, I will certainly stay at the apartment with you. I have spoken with Ben Saltzstein and have told him that I would cable him as soon as I arrive in Israel as to whether he should come over or not. He is flexible and capable of flying on very short notice. If I find that I can make satisfactory arrangements to get him into the Trial, then I will cable him to come shead. I am sure you would not mind his staying in the other room in the apartment. But we can discuss this when I come.

Regarding the various requests, I will bring some boxes of band aids, and will also bring along the soap. I do not know exactly what a slouch hat is but you will tell me when I come and I will send it to you. As for the Remy Martin, I will certainly carry that from Paris.

Richard was at the house last evening and he and I had a long discussion with Edward over the telephone about the property. I got some of the answers to the questions you asked in your last letter and am in the position to talk it over with you.

It sounds as though you have been having a wonderful time and we are all very delighted. I look forward very much to seeing you and will call upon arrival.

Much love from all of us to both of you.

My dear Mike:

My very deer friend, Rabbi Herbert Friedman, just advised me that he has a date with you next Thursday. He called me about the meeting that he wanted to talk to you about. I urged him to see you and to talk quite freely. Herb is a person whom you should know very well aside from his official responsibilities. It is probably due to his advice more than anyone else that I am here. I do not have to tall you of my sincere interest in the cause which he represents.

I hope all is well with you. When are you coming up to visit us?

Weemest regards.

Dear Adi,

Here is the map which will show you how to get to our place on Saturday 13th. My suggestion is that you go across the Bronx Whitestone Bridge, continue on the Hutchinson River Parkway until you see the sign to turn over to Connecticut. You stay on the New York Thruway until it joins the Conn. Thruway. It is Parkway for the entire distance. You should figure an hour and a half from the Whitestone Bridge to our house.

Once you are on the Conn. Turnpike, get off at Exit 18 and follow the instructions on the map. If you get lost, somewhere in Westport, the telephone number is in the upper righthand corner.

Please give me a ring and tell me what time you think you will be arriving.

Looking forward to seeing you,

As ever.

I remember telling you that I would be returning to Paris on 15 June. after the completion of the Young Leadership Mission in Israel, and that I planned to stay in Paris for a week. I just wanted to let you know that the plans have changed. I will not be staying in the city. Mrs. Friedman is joining me on this trip and wants a week of holiday in the Provinces. Therefore we are going down to Avignon. We will be staying in Paris only one night, 21 June, prior to take off for New York the next day. It would have been fun seeing you again, but we will find another opportunity in the future. Please give my best to your husband and to Dalia. Herbert A. Friedman HAF/fc

HAF FOLS 16 May, 1961 Mr. Ernest Pines Mondial Tours 16 Avenue de Friedland Paris Se, France Dear Ernest, May I ask you for some help for Mrs. Friedman and myself. We will be arriving in Paris, coming from Tel Aviv, on 15 June with the Young Leadership mission. The plane is scheduled to arrive at 12.35 p.m. We wish to go to the famous hotel Baumaniere down in Les Baux, near Arles. We are prepared to go immediately after arrival. What is the best way to go down? I suppose the best way is to fly. Is there any airport nearer than Marseille? We will want a car. What kind do you suggest? I drive a Peugot 403 here. Is it best to rent a car at the airport and return it to the airport at Marseille? We must be back in Paris by evening of 21 June, and will need a hotel room for that night, since our departure to New York is 22 June, at 1.35 p.m. If we can get down to Les Baux immediately on the 15th, then we would need six nights down there. I am leaving New York on 29 May and so would appeciate hearing from you just as soon as possible. Try to give me an idea on costs: (1) Two round trip air tickets from Paris to Marseille or whatever airport is nearest; (2) Six days at Baumaniere; (3) Car rental for six days. Many thanks, and best regards to your wife. As ever. Herbert A. Friedman HAF/fe

Dear Herbert,

I am indebted to you and the Speakers' Bureau for having acquired the following knowledge:

- 1. Complaints of Chairmen in Jasper, Brunswick, Eagle Pass, Hattisburg, Galveston, Jackson, are identical to those of chairmen in New Orleans.
- 2. Some people who have been contributing to the U.J.A. for years in rather substantial amounts are amazed when they discover that Bnai Brith is not the recipient of these funds.
- 3. All southern country towns look as alike as the teeth of a comb, which is a pretty depressing fact.
- 4. Anyone representing the U.J.A. is required to supply in 30 minutes the college education that the chairman failed to get when he was young.
- 5. That the Reader's Digest is the most high brow literature they ever heard of.
- 6. The manager of the Eagle Pass Hotel stays drunk most of the time and I don't blame him.
- 7. There are some meetings where you can't do anything wrong.
- 8. There are some meetings where nothing you do is right.
- 9. That the U.J.A. representative is thought to have a direct telephone line to Ben Gurion and will see to it that he curbs his nasty temper in the future. (I promised I would)
- 10. That I didn't fall on my face when I made my first speech and I have no intention of ever doing so.
- 11. That I now know the entire script of "Memo to Eichmann" by heart and if they ever want to do "Memo to Eichmann Revisited", I can do anyone's part with ease.
- 12. That when you pronounce the word Treblinka, xx you say it so beautifully that people have difficulty thinking of it as a concentration camp.
- 13. That I am ho female Herbert Friedman but I have loads of energy and will work like a dog until I am.

Mrs. Paul Kapelow

14. That I have loved every single second of it and I do hope you will let me do it again next year.

Warmest personal regards,

Hester Kapelow

I am presently arranging a series of small parlor meetings where the women who went on the Young Leadership (my speaking's better than my typing) Mission will speak. It must have been a wonderful trip. I know how much preparation must precede an undertaking of this type but, Herbert, if you could have seen the sparkle in Margot Garon's eyes when she described to me the vibrancy of Israel, it would have made you very happy.

October 18th, 1961

Rabbi Herbert Friedman, United Jewish Appeal, 165 West 46th Street, New York 36, N.Y.

Dear Herb : AMERICAN IEWISH

By the time this letter reaches you maybe Meir Sherman already spoke to you about Mr. Eshkol's announcement to the directors of Government hospitals that their being neglected by him was our own fault.

He elaborated on the - to me not very sound - statement that Hadassah and Kupath Cholim both were successful in bringing millions of dollars to the country but who are we to ask equal shares. The logic conclusion was that if we could mobilize large contributions to U.J.A. earmarked for Erection of Government Hospitals in decent physical facilities, he would not object to allocating such funds for the purpose earmarked.

Now, supposed even, as Meir thinks this was only a weak moment I began to think about and decided to write to you strictly personally sofar, and make suggestions, as Jews always do, in a field I am far from competent. Still, I dare knowing your friendship to me and your enthusiasm for Tel-Hashomer.

It is no longer a secret and if you follow the heated discussion going on in "Haaretz" for over two menths, you will learn that both here but also in the U.S.A. everybody is aware that "Hospitals vary greatly in character from the dilapidated, though historically rich, army huts, to a modern roomy institution spensored, significantly, by the politically powerful labor unions". (Reprinted from the "Archives of Dermatology", July 1961, Vol. 84 pp 142-143).

So this is known and provided funds for beginning to plan and build replacement for these "Veteran huts" who did fulfill their historical function will not be forthcoming soon, these institutions, Tel-Hashomer foremost, will have to simply disappear.

I know that the name Tel-Hashomer begins to mean something to many medical groups in the U.S.A. from Seattle to Los Angeles and across Texas to Louisiana Florida and up the East Coast.

I also know that of the 100,000 Jewish physicians the majority is on the taking and not on the giving side.

Supposed one would prepare the ground and send to 100,000 doctors material on Tel-Hashomer and make this a goal for the Medicos to contribute to U.J.A. Supposed this would produce 1 - 2 million dollars per year from groups who were never participants in U.J.A. activity one would serve both sides, ours and possibly yours too.

Imagine these doctors would know: Our goal is to gradually replace the huts by a few solid structures; the huts, if still fit for inhabitation, would become a work village for mental cases attached to the General Hospital.

If you think this is an idea and if you suggested it to Eshkol we might mobilize 2-3 of our best men who are leading in their profession and at the same time good speakers and fine people with a personal record of great interest, like Dr. Stein our Eye Surgeon, who was 4 years the pillar of resistance in Theresienstadt and some younger ones parachuting medical officers now brilliant researchers, etc.

I know that in South Africa Dr. Jack Penn for quite some time advocated this approach as one and the only one which can help create new enthusiasm for giving by such lousy givers as the free professions.

I also know that the State-Department would be favourable to such an allocation of funds as even the counter part was often proposed to be used for such projects but the local counter part negotiations were simply counter.

This is in short my only hope to overcome a purposeful preferential treatment given to all that Kupath-Cholim wants for herself, not to speak of Hadassah.

I can promise you that ours will be a simple structure with no Chagalls, no superfluous or even dangerous balconies etc. etc.

Please treat this proposal as both urgent and personal for the time being. If I know you see a nucleus of success in it I shall apply officially to Mr. Eshkol to confirm his verbal promise in a letter to you.

Work is plenty, success in research rewarding; heartache from being or becoming a Wadi-Salib in comparison to the preferred

class would not upset me if it were not planned to outbuild us and then let us die by a decree that we are substandard.

To avoid this development and to maintain a high moral in the personnel evidence for continuity is essential. I hope all is clear to you just as much as it is to me.

Regards to Mrs. Friedman and your daughter.

Dear Deway,

Enclosed is the First Day Cover of the original stamps issued on the loth of May, 1948. As you will notice, the stamps do not contain the name "Israel", because they were printed in secrecy before the name of the state was decided.

The envelope is autographed by David Remes, who was the first Postmaster General. It is very valuable and historic. I am sure young Eban will enjoy it.

You will recall I also spoke to you about John Sagner, age 14, the son of Alan Sagner of Newerk. Alan is one of our finest young leaders, is chairman of the campaign in Newark, has increased his gift from 15 to 25,000 for 1962, and is the son-in-law of Maurice Levin. Naturally, we would like to try to do everything we can to be helpful.

Alan has applied for admission for his son John to the Putney School in Vermont. In the course of making the application, he learned that two of the trustees of the school were from Boston, and wondered whether you might know them. They are John C. Coclidge and Mrs. Frederick Grace.

If snything could be done to facilitate Johnny's acceptance by Putney, Alan would be most grateful.

Best regards.

Rabbi Herbert Friedman, United Jewish Appeal, New York.

Dear Herb,

I was at first shocked, but then immediately relieved, by what I heard from Louis Pincus upon his arrival about the upheaval in the internal set-up of the campaign organization.

The shock came quite naturally at my learning that the two gentlemen had dropped out of the picture. This conjured up immediately a dark vision of dislocation, or even disintegration, in the central machine, of mutual recriminations, a poisoning of the atmosphere, the withdrawal from active work of a number of leading personalities, maybe even acts of sabotage, and as a result of it all, of an irreparable blow to the effectiveness of the great effort just undertaken. The relief and it was an immense one - came when it turned out that nothing of the sort had occurred or seemed to be likely to develop. I was deeply heartened to learn that the "surgical operation" had, at any rate for the time being, yielded most beneficial effects upon the health and vigor of the patient. The fact that the eminent supporters of the two did not only take with good grace what must have come to them as a painful disappointment, but have remained active and helpful, is most gratifying. On the other hand, Louis had no words to praise adequately the prodigious devotion which Dewey and Joe are manifesting and the stupendous energy with which you personally have thrown yourself into the work.

I stick to my commitment to be at your disposal from mid-February till mid-March. Don't you think that it is about time I ought to be acquainted with all the details of the gruelling programme you must have prepared for me? It may take me a little time psychologically to adjust myself to these new hard facts of life, so the sooner they are in my possession, the better for all concerned. The other day I had an absurd request from the Chicago UJA transmitted through KH cannels that I should agree to address some function there on a certain date. I replied that I operate under orders from Gentral Headquarters and that it is to them that they should apply.

Do let me hear from you without delay!

Ever yours,

Jewish Congregation in Wroclaw

ul. Wlodkowica 9,

January 11, 1962

To: Rabbi Herbert A. Friedman

Permit me to address you with the following request: At the time of your visit in Wroclaw, two years ago, we didn't have a chance to talk to you about this matter because you were very busy, indeed.

I am very interested to know if your late father had a sister, married to Mr. Schtreisfeld who lived in the County of Stanislawow (formerly Poland). If this is the case, we are related, because Mrs. S. is a relative of mine.

I would be very grateful to you for your answer.

With many thanks in advance,

Respectfully,

(-) Jacob Ashkenazi Chairman of the Wroclaw Community

Mr. Yakub Aszkenazy UL. Nowowiejska, 25/5. Wroclaw, Poland

My dear Mr. Aszkenazy:

Please forgive me for not answering your letter of 11 January sooner than this, but I have been very busy travelling all over the country for the campaign. This is our busy time, and I do not want you to feel that I ignored your request.

I am sorry to tell you that my father does not have a sister married to Mr. Schtreisfeld. My father is still living and I asked him whether one of his sisters might have been left behind in the old country. He said no. He was born in Vilna and came here to the United States in 1903 or 1904. He has three sisters and they all came to this country with him.

I am sorry we are not related by marriage or by blood. But we are related in spirit and in heart, for we are all brothers.

With all my good wishes, I am,

Sincerely yours,

Herbert A. Friedman Executive Vice-Chairman

Dr. Chaim Sheba Government Hospital Tel-Hashomer, Israel

Dear Chaim:

Strange as it may seem, this is a raply to your letter of 18th October, 1961, almost four months ago. I at sure in the meantime you have received a verbal answer through Meir Sherman. He spoke to me at great length when he was in the states a few months ago about the contents of your letter. I told him then how sorry I was that there was nothing I could do about this.

I have thought about it from every angle. You know how strictly the funds of the UJA are watched by the United States Covernment in Washington. You know how it is not possible to earwakk any philanthropic funds for government projects.

Believe me, old friend, my heart goes out to you. I want to help. I owe you a great personal debt. I have tremendous respect for you. And these are not just hypocritical words. I mean every single thing I said. Yet my hands are tied and there is nothing I can do. I hope Meir explained all of this to you in detail.

I will be coming to Isrsel some time in April and will look forward to seeing you so we can have a long chat about this and other things.

All my best love and affection.

As ever,

Herbert A. Friedman

Dear Rabbi Friedman,

New York and you received me with a smile, friendship and a great deal of warmth. I came home to find snow, rain and bitter cold. Still, when comparing it, believe me, I like both places.

I enjoyed very much the time I spent in your company and I believe I learned a great deal, from y my short visit to the States. I feel sure that my few days among your colleagues, helped me a great deal, and needless to say, the UJA will definitely benefit from it. On this occasion, may I convey my utmost thanks to everyone in your office, for being so cooperative as well as friendly towards me.

I more than ever enjoyed the lovely evening spent among your family, and to be able to see - the Commander too - living a family life. Please convey my heartiest thanks to your charming wife - especially for being so kind and thoughtful for giving me the opportunity to meet, once again, your parents-in-law, and to your children for a truly wonderful evening. I hope to be able to show you and yours my appreciation for everything you did for me.

Dear Herb:

purpose in writing is threefold: (1) to express the hope that you will attend the Class dinner, (2) to tell you about it, and (3) to enlist your help.

The decision to have the dinner in New York is based on the thought that in another year we will be holding forth in New Haven, and that personal and business commitments might make it simpler for all to meet in New York. The week chosen should be convenient for most more than any in the period immediately preceding Easter.

Dean Mendell - an accomplished and amusing speaker as well as a good friend to all of us will tell us what we might expect to find in New Haven in 1963. The balance of the evening will be devoted to good fellowship and if possible song.

Dope you will be able to take the time to join us.

My request: Will you make two (2) phone calls

Mr. Malcolm D. Sanders 24 Gramercy Park, South New York 3, New York Mr. Arthur Stern, Jr. 14 Paddington Road Scarsdale, New York

and encourage them to meet us all at the Union League Club (37th Street and Park), on April 24th.

Hope to see you - and thanks.

Sincerely,

Jim Gillies

Dear Jim:

I have your letter about the class dinner on April 24th. I would love to come but will be unable to do so because I will be out of the country. I am leaving around the middle of April and will not be be back in New York before the second week in May.

I wish that I could help with the two telephone calls you would like me to make, but I do not feel that I can call others to come to something which I am not able to attend myself. It just does not seem right.

Best wishes for a successful affair.

Sincerely,

Herbert A. Friedman

AMERICAN JEWISH

I attach herewith a clipping from "Haboker" of July 20th - similar write-ups have appeared in other Israeli papers. I should like to know whether what "Haboker" attributes to you is accurate; if so, I am somewhat surprised that you should have made these statements shortly after we met, without having told me anything about them. If, however, these attributions are incorrect, I suggest you may consider refuting them.

With best regards,

Cordially,

Holda

Haboker published on July 20th a story captioned, "Celebrations Of The 25th Anniversary Of The UJA Campaign Beginning October - Announces Rabbi H. A. Friedman. A Young Leadership Delegation Will Also Visit Israel In The Coming Year."

The story is identical with the one published on the same day by <u>Haaretz</u> and reads as follows: (Included in Hebrew Press Report of July 25, 1962.)

"A delegation of 130 main leaders of the UJA arriving in Israel by the middle of October will open the festivities of the 25th Anniversary of the UJA, which will continue throughout 1962. Rabbi Herbert A. Friedman, Executive Vice-Chairman of the UJA, made this announcement at a press conference in Tel Aviv at the Sokolov House. Three representative committees will be established for marking this anniversary: in the United States, in Europe and in Israel. The committees will organize conferences and mass gatherings during the year 1963, and will help in telling the story of the UJA and its activities to the Jewish communities in Israel and in the Diaspora. During the twenty-five years of its existence, the UJA has mobilized \$1,300,000,000.

Rabbi Friedman, who heads the annual campaigns of the UJA in the USA, is also the initiator of organizing the young leadership groups of the UJA. 120 members of the Young Leadership Survey Mission of the UJA, the second such group now visiting the country, will constitute, according to Rabbi Friedman, a basis for the future leadership of American Jewry. In December, the organization of the young UJA leaders will establish "government of the young" to function hand in hand with the old leadership of the UJA, "in full agreement with the present leaders." In the coming year, the Young Leadership Mission will have 240 delegates.

Rabbi Friedman sharply criticized the indifference shown by Israeli factors towards the UJA, "from Ben-Gurion down." He ridiculed the idea that the American Jews need the UJA more than Israel needs it, and declared that the scores of millions of dollars to be collected this year despite the stock exchange break and despite the decision to desist from publicizing any facts about Aliyah, will be very important indeed for absorbing Aliyah. He pointed out the great difficulties encountered by the UJA fund-raisers in conducting the campaign, and expressed the hope that the 25th Anniversary year would help in gaining recognition for those efforts also from the Israelis."

The paper adds:

RCHIVES

"Rabbi Friedman today leaves the country for a lecture tour in the Union of South Africa."

5 September, 1962

Her Excellency Golds Meir Minister for Foreign Affairs Jerusalem, Israel

Desy Golda:

I have finally come back to my deak after spending all of August in South Africa helping them with the campaign. You will recall we had a long conversation before I went down there and we discussed the mood and morale of the Jews of South Africa in view of the difficulties they were encountering. I must say that the trip was very successful, because we overcame all of the low morale and even raised more money than last year. The leadership was very pleased. They did not expect such a reaction. But I must say that when one attacks the subject very boldly and talks to them in terms of the imperatives of Israel's foreign policy and position, they are good Jews and they respond to a clear straightforward analysis. This had nothing to do with me. Anyone who would have presented the subject that way would have met with the same response. I also warned them that there might be even stormier periods shead. Then we meet in New York in September, whenever you come here for the U.N. session, I would like to fill you in in detail on their specific reaction and some of the specific things I said to them.

Upon returning to my office, I found your letter of 31 July in which you sent me some clippings from Heboker and taked whether they were accurate. They were not. They gave the impression that I was critical of the top leadership, of the Israel government and this was certainly not the case. I was making some general remarks about the difficulties of communication and the difficulties of creating a very deep bridge of understanding between the two communities, the Jews of Israel and the Jews of Americs. This is an old subject which you and I have had many conversations. In the

course of these remarks I said that there were very few people in Israel, even including some who had come over here to help us with the campaign and who were familiar with imerican affairs, who really knew and understood the mentality of the Jews of America. I think this is a fair statement to make. They seem to have misinterpreted this and wrote it up in a manner which made it sound as though I was being critical of the leadership of Israel. That is certainly not the case and I don't have to tell you what my feelings are about the kind of cooperation we have gotten from yourself, Eshkol, Ben Gurion, Sharett and everyone else.

Her Excellency Golda Meir 5 September, 1962 I do not think, however, that it is a good idea to refute these misinterpretations, as you suggested. The problem is always one of trying to issue some kind of a statement several weeks later correcting what was said earlier. No one quite remembers what was written earlier and then the statement of correction itself becomes the subject of more discussion. I think the best thing to do is simply to let the matter lie at rest. If you disagree with this judgment, we can talk about it when we most in Mow York. Looking forward to seeing you, I am, AB GYET, Herbert A. Friedman HAFtgb Executive Vice-Chairman

January 17, 1962 Mrs. Max Fisher 27751 Fairway Hills Drive Birmingham, Michigan Dear Marjorie: I made some inquiries concerning the question of the kids spending time in Israel this summer. Here is the address of the one good camp, which is run according to very high standards and is considered to be the best in Israel: Camp Hadassim c/o Dr. Walter Frankel P.O. Box 7033 Jerusalem, Israel You will recall that I also spoke to you about another place, which is right near the Sharon Hotel. This is a day camp as well as a residence camp. The address is: Machane Validor Herzlia, Israel There is a third possibility which I discovered, concerning which I am enclosing a brochure. It is called BAR MITZYAH PILGRIMAGE. Actually, it is for both boys and girls who were born between May 1948 and October 1949. They will leave on July 3rd, via El-Al Jet; will spend two days in Europe; 62 weeks in Isrsel; and depart from Tel Aviv on August 21st. About half the time will be spent in camp, with a regular camping program, and the other half of the time will be spent touring around the country. The fee for the entire trip will be somewhere between \$750.00 and \$800.00 for the summer, including transportstion. If you are at all interested in this, I would suggest that you write to Mr. Harold Greenberg, 515 Park Avenue, New York 22, N.Y. He has been alerted to the possibility that he might be hearing from you. Needless to say, he will cooperate to the fullest in anything that you might want from him. Dear Herbert:

I was glad to learn that on your instructions, your office has taken 400 copies of each of our Herzl Institute pamphlets.

The more I hear about what you are doing with the so-called "Young Leadership groups" the more impressed and gratified I am. Clearly, you are not content to make just fundraisers out of them, but are really trying to make them informed Jews and good Zionists. This I will not trumpet abroad lest...

I am reminded of a saying by the late Schmaryahu Levin which I have quoted on occasion. When I first began to organize the Keren-Hayesod campaigns, he said to me in Yiddish: "You know our task is not so much to draw the gold out of the Jews, but to pull the Jews out of their gold."

Here is wishing you continued success in this effort which I will continue to observe with admiration - and assist where I can.

As ever

Yours,

Dear Herb:

There are two items in connection with your visit that I thought you might want to take care of. Both Sam Rose and Philip Milstein were planning to come to the dinner which we cancelled. We cancelled the dinner on the basis that you were not feeling well. I have since received calls from both, expressing their concern about how you felt. I told them that you were simply temporarily ill and therefore we had to cancel the dinner because you were just not up to making a talk at the dinner.

Sam Rose's wife called me today to tell me that he was ill at Mercy Hospital, and that Sam wanted to know how you were feeling. I reassured her that everything was all right and that you were just temporarily ill. She mentioned that you generally call Sam when you are in town but that she had not been at home and perhaps you had called. I told her that very likely you did call but that since she was not home, there was no reply.

I think it would be a good idea if you would drop a note to Sam Rose and Philip Milstein because apparently they were both anxious to meet you. The story, of course, is that you weren't feelong well from the time you came in and therefore we cancelled the dinner because of that.

I thought that this was a personal matter that you would like to take care of.

Warmest regards.

I am sorry that I missed you when I was in Denver last week. It was a very hasty trip, less than 24 hours in duration. I came in from Tulsa, had one short meeting with a committee of the Allied Campaign on some technical matters and flew right out. I did call the house once, when I had a few minutes, but there was no answer.

Since returning to New York I learned that Sam was in a hospital. I certainly hope that he is better by now. I do not want to write him if that will be disturbing to him. The last time I saw you, he was making fine progress and I hope there has not been any setback.

It would have been wonderful seeing you again, but we will wait until next time. Please give my best to Bonnie and the family.

Dear Rebbi Friedman,

I have had the pleasure of meeting you on several occasions while you were here in Boston. The last time that comes to my mind was at David Kane's home when you gave our group a most informative talk on conditions throughout the world.

From what has been told to me, Mr. Falk's business has been confiscated by the State for tax reasons and also for accountings of monies and net worth. The Egyptian State are giving the Falks 45 Egyptian pounds per month for living expenses. They will not give them any definite date as to when they may leave Cairo.

Please, Rabbi Friedman, make every effort to get these people out of Cairo as there is nothing for them there-their children expect to remain in the United States. You may expect the fullest cooperation from their relatives, here-and myself, in regard to any arrangements that can be made.

Dear Herb,

Returning from a wonderful vacation we spent in Kenya (Ambosseli, of course, included), I found your note with the colour snap. Thank you very much - it really came out extremely well.

Back here things are as usual, with good old Moise Tshombe still at his old game of stalling. He is now trying to form an unholy alliance with the Lumumbusts, of all people, and has had the cheek to accuse the Adoula Government of being responsible for the murder of Lumumba, while his own Minister of Interior probably had Lumumba's body in his refrigerator for some time. In short, there is no lack of action on the Congo political scene.

With the very best wishes from all of us,

Yours sincerely,

Dear Rabbi Friedman: MERICAN IEWISE

I appreciate greatly your friendly message of congratulations. At a time when the world takes stock of a man's achievements, even if it is in a friendly manner as the United Jewish Fund and Council dinner in Columbus, one is inclined to recall the friendly help from others that made these achievements possible.

I assure you that whatever modest contribution I may have been able to make to the cause of American and World Jewry, could not have been achieved without help to me and devotion to our common cause by such high-minded collaborators as yourself and your associates in the United Jewish Appeal.

I look forward with great pleasure to our continued association and our work together for our common objectives.

Thanks again for your kind message, and please convey my thanks to your associates in United Jewish Appeal.

Dear Herb:

I was very distressed yesterday to learn from correspondence from Israel that you had been stricken while heading the mission and that you suffered extreme discomfort, and had to interrupt your visit to Israel and return to the U.S.A.

I was reassured, however, today when I spoke with Eddie Ginsberg, who informed me that you had come through in good shape and were back at your post. Recalling my earlier and more innocent days, I suppose this calls for " ON

I hope that by now you are fully up to par and will continue in good health. Apparently you'll be needing lots of "gesunt" for the rugged campaign that lies ahead.

With kindest regards and best wishes,

Sincerely,

November 7, 1962 Jerusalem

Mr. Edward M.M. Warburg American Joint Distribution Committee 3 East 54th Street New York 22, New York U.S.A.

Dear Eddie,

I was particularly happy that after a lapse of four years you were able to make the trip and that I was able to spend some time, although never snough, with you here in Israel. I still regret the dinner I missed (and also the dinner we had "together" on your last evening). It was good to see that in spite of the years of concentrated work, your spirit can still be quickened by the new and important things that you saw. I am thinking of your reaction to Dimona, the irrigation project up north, the way you took to the presentation at the Mann Auditorium and the like. Too bad I didn't get to say goodbye to youpproperly.

Enclosed is a note about the shekel I gave you for Mary which will explain its background and history.

I have had a chat with the Prime Minister about his meeting with the four of you. B.G. particularly wanted you to know what the background to this meeting was. Actually, he was quite surprised when I told him that he had not allowed any discussion of the problem. As far as I am concerned, I have my regrets about the meeting. It certainly was not a subject to be discussed in a half hour meeting - before dinner.

The idea grew as follows: Some months ago prominent Sephardi Jews from Israel and abroad came to B.G. and pointed out that there were important and wealthy Sephardim who have done and are doing nothing for Israel. They thought that these people should and could be inspired to help in the sphere of education which is so crucial for Israel's future and which has particular relevance to their own community. They proposed that B.G. invite a number of such Sephardim to a meeting in Jerusalem to discuss this problem and work out a program of activity.

-2-Mr. Edward M.M. Warburg November 7, 1962 The he asked himself, why only Sephardim? After all, this is a Jewish problem and not one that affects only Ashkenazim or Sephardim. The idea built up in B.G.'s mind until it reached the form in which it was presented to you. He felt it important to talk it over with you and a few other people. The Prime Minister in his single-mindedness did not realize that there was not enough time for you all to express your reactions and I think he regrets this as much as I do. Meanwhile, there are no fixed plans for proceeding with the idea. I just wonder whether we might not try a pragmatic approach. Perhaps together we could think of a few people whom we would use as test cases. This is, after all, an urgent and human problem. Perhaps it will kindle a fire and awake a response as did the excitement of "illegal" immigration and the War of Independence years ago. Is it really impossible to arous people with positive problems? Must it always be tears and bloodshed? It may be that your aloofness and hesitancy towards this idea were, after all, partly created by the circumstances of the presentation and, therefore, deserve reexamination. Please, Eddie, give the matter your attention and thinking and let me hear from you again. With best wishes, Cordially yours, Theodore Kollek Encl.

In the spring of 1960, a hoard of about 4,500 ancient silver coins was discovered near isfiya on Mount Carmel: 3,400 of the coins were Tyrian Shekels, about 1000 Half-Shekels and 160 Roman Dinarii of Augustus. The Shekels and Half-Shekels are dated from 40 B.C.E. to 52/53 C.E., the bulk of them from 20-53 C.E. The Roman Dinarri, all of the same type (C 45), were minted in the first decade C.E. The coins, most of shich are excellently preserved, have been listed for scientific publication.

This is not only one of the largest heards of silver coins ever found in the Middle East, but also presents unusually interesting problems. The key for the determination of its nature is to be found in two facts:

- 1. The heard is composed almost entirely of one single sort of coin
- 2. These coins, at the time when the heard was concealed (after 53 C.S.), were not in regular currency in Palestine, where the silver coins in circulation were almost exclusively Roman or Roman Imperial. Both the Gospels and Josephus refer to the use of this coinage only. The possibility is therefore excluded that the heard could have been the property of a private caner, a local bank or a military chest.

In the middle of the first century C. L., there was only one purpose for which the exclusive use of Tyrian Shakels was prescribed: the Temple-Dues of half a Shakel, which every male Jew of 20 years of age and above had to pay yearly to the Temple at Jerusalem.

If we assume that the Mount Carmel hoard represents a shipment of dues for the Temple, all questions posed by its composition become easily explicable.

- 1. The disproportion between the 3,400 Shekels and the 1,000 Half-Shekels is to be unierated from the prescription of the Lishna that each payment of a Half-Shekel for one person was liable to an agio of 4-8%, while the payment of a Full-Shekel for two persons was exampt from the agio. This fact is also illustrated by the passage in Matthew 17, 24-28.
- 2. The 160 Dinarii exactly represent the agio of 85 on the 1,000 Helf-Shekels found in the hoard.
- 3. Since, according to the Highma, the inflated Dinarii of Nero were rejected by the Temple treasuries, only full-weight Dinarii of Augustus were included in the payment.
- 4. After the destruction of the Temple and the abolition of the Temple Duez, the value of the Tyrian Shekels deteriorated. In the paperi discovered some months ago in the Judsean Depert, the Shekel is waluated as equal to two Roman Dinarii only.
- 5. The question of the previously discovered hosrds of Tyrian Shekels, like the 558 Shekels sound in Furabbe'st and the Tyrian Shekels found together with Jewish Shekels minted during the War of 66-70 C.E., must now be considered in the light of the results of our researches.

The foregoing assumption enables us also to answer the questions whence came the hoard and when it was concealed:

- 1. The hoard represents the Tample-Dues of 7,800 male Jews of more than 20 years of age, or a community of 30,000 people.
- 2. According to Mishna, the Temple-Duen had to be delivered to the Temple for the whole of Palestine by the beginning of April; for Egypt and Phoenicia in June; for Babylon, Wesopotamia and other places in September.
- 5. There is no reason why the entire Temple-Dues should not have reached their destination before the outer-ak of the Jewish-Roman War in summer, 66 C.E.
- 4. We may also surmise that the Temple-Dues for 67 C.E. from Galilee, to be delivered to the Temple no later than the beginning of April, reached Jerusalem safely. From the defeat of Gestius Galius in Bovember of 66 C.E. until the beginning of the operations of Vespasian in May of the following year, the country was freed of the Romans.
- 5. When, however, the transport of the Temple-Dues from Phoenicia, which had to be delivered in Jerusalem in June, reached the Jewish territory late in May of 67 C.E., Western Galileo was already occupied by Verpasian and the mein road to Jerusalem through Megiddo and Samaria barred by the Romans.
- 6. The convoy with the Temple-Dues tried to by-pass Megidde by the track over Mount Carmel to Marbata and from there to Jerusalem, but found this was also closed by the Roman detachment under Cercalis.
- 7. In the hope that the new Roman army of Vespesian would be defeated like that of Cestius Gallus, the leaders of the convey decided to conceal the Temple-Dues until the way to Jerusales would be free again. They choose for this purpose the first Jewish village, near the corder between Phoenicia and the Jewish territory, today Isfiya, and a spot hear the ancient synagogue there. Their hopes vereddaised, Jerusales was conquered and the Temple destroyed. The hoard on Mount Carmel remained buried until it was discovered in our days.

Some interesting by-products energy from our researches;

- 1. It seems that the issue of Tyrian Smekels was interrupted in about 55-60 C.M., and not in 70 C.E. as previously assumed.
- 2. The discontinuation of these issues was obviously connected with the large output of imperial Tetradrachus from the mint of Antioch after 54 C.E.
- J. Since the Jess sere in need of Tyrian Shekels for the payment of Temple-Dues, "barbarous" imitations were produced especially for this service.

Dear Rabbi Friedman:

I am returning the volume by Aba Gefen which you were good enough to lend me. I have had it read by several of my coworkers and, as you may well imagine, they were all interested in what the author had to say. The difficulty was that they are convinced that he does not say enough in some respects. We are very eager to have a book on the total situation. I am thinking in terms of a volume about the Jewish faith in the past thirty years. If you can suggest a person capable of writing this kind of book I would be grateful.

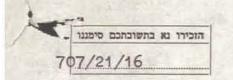

fate

Another criticism, by a man who was formerly a chaplain, is that Gefen's book tells too many tales out of school and is likely to get some former chaplains or present chaplains into trouble. I do not know how seriously such a criticism can be taken, but the fear is there.

With all good wishes and thanks.

Dear Herb,

This is just to show you that I am thinking about you and hoping that you are feeling better.

The Womens' Mission has been here and it is a really good group. Today the Los Angeles group was here and if you promise to take care of yourself we shall try to do a little more so that when the Missions return you shall have less work, which is of course wishful thinking.

Have just been told that I am going to Switzerland in January '63, but my excitement is far less than before I went to the States in 1960.

Wishing you a very swift and complete recovery, I remain,

Yours sincerely,

Dita Natzor

Dear Herb,

I am terribly sorry to have missed you.

This is compensated by the clean bill of health the doctors gave you. It was good to receive your letter of 12 November 62 and read that you are campaigning again.

Nothing is new in my line, a steady uphill struggle and now that winter sets in it is going to be also slippery.

Hope to hear from you.

As ever yours,

HAIM LASKOV, RAV-ALUF, Director General.

My dear friend:

I have asked our dear friend, Mr. Melvin Goldstein, to turn over to you my last two books that I brought with me because tomorrow, several days before your beturn, I am returning to Israel.

You received my first book about a year ago. I did not receive an answer. The second book of the triplogy, please note, is dedicated to you. It is an honor for me to lend such a well-known and beloved name as yours to my book. The dedication is on page W5.

The forthcoming two volumes are at the printer, almost completed. but without your help there can be no tachlis because I have not sent the printer one par penny as advance. Where shall I get it?

Therefore, I beg you, dear doctor, to help me. Believe me, this waxkxdexexex project deserves your help. Read it and consult with the experts and you will be told the same thing and more.

Be well and strong and build the holy land for \$1,0 3/1 8/ 52

Mr. Zvi Infeld South African Zionist Federation P.O.B. 18 Johannesburg, South Africa

Dear Zvis

Several days ago I received, by surface mail, three books on South Africa, "Drawn in Color" by Jabavu, "A History of South Africa" by DeKiewit, and "Peoples and Policies of South Africa" by Leo Marquand.

I don't know who in the Federation office sent them to me, But I am very pleased to have them and want to thank the South African Zionist Federation for thinking of me. I find that I am reading everything about South Africa with avid interest.

Best wishes to you and your colleagues.

As ever,

Dear Is:

Here are two slides taken inside the Rama Synagogue in Cracow. I think they came out remarkably clear for having been taken indoors without much light. I am sure you can have prints made if you wish.

All the best.

As ever,

Rabbi Isadore Breslau 4511 Argyle Terrace, H.W. Washington 11, D. C.

Dear Phil:

Many years ago you made for me a duplicate set of the slides you have of Warsaw and the Warsaw ghetto particularly. I gave them to our Publicity Department and they were never returned to me. They seem to be lost permanently.

Therefore, I wonder whether you could have another duplicate set made. I would be glad to pay for them. I cannot tell you how anxious I am to have these, because I would like to compare them with some pictures taken recently in the ghetto area when the UJA Mission was in Poland.

I hope your slides are catalogued well enough so that you can lay your hands on these. As I recall you had something like 20 or 30 pictures. I would love to have them all.

With fondest regards, I am,

As ever.

Dear Yaacov:

In going through my slides recently, I found these in which you might be interested. They were taken in Paris in 1958 or '59.

With all best regards, I am,

Dear Moe:

While going through my slides recently, I found this series taken on the morning of January 1, 1957 in Naples when you and I were present at the arrival of the first refugee ship coming from Egypt. I thought you might like to have them.

Please disregard all numbers other than those in circles. The circled sequence is the correct order.

Sincerely,

Mr. Moses A. Leavitt Joint Distribution Committee 3 East 54th Street New York, N.Y. Dear Is:

Dear Herb:

I am sorry that I only saw you on the fly in Philadelphia and could not spend more time with you.

I am taking this opportunity to thank you most gratefully for the assistance you gave in accelerating the necessary papers required by my aunt, Mrs. Bornstein. She arrived in Israel last Friday and so you have another new citizen.

I was hoping that I would be able to make the meeting in New York this coming weekend, but it's absolutely impossible. You know that I repurchased my business from Sunshine and am overburdened now with work, designing and engineering a new building which must be started within the next ten days. As a matter of fact, I should not have attended the meeting in Philadelphia as it actually set back my building plans for the three days that I was absent. I am not completely giving up though and there is a faint possibility that I will be able to get in for at least one day.

Many thanks again, Herb, it was appreciated.

Sincerely,

Rabbi Herbert Friedman United Jewish Appeal, Inc. 165 West 46th Street New York 36, N.Y.
