Rabbi Abba Hillel Silver
The Temple
Ansel Road & East 105th Street
Cleveland, Ohio

Dear Rabbi Silver:

The Bureau of Jewish Education, at its last Meeting, adopted a resolution to request the Rabbis of the various Synagogues and Temples of our city to devote one of their sermons during the coming High Holy Days to the cause of Jewish Education.

The Bureau of Jewish Education is confident that you will share its sentiment that the most important problem confronting American Jewry at present is the fact that of the 8,000 Jewish Children of School age in this city, more than half receive absolutely no instruction in the fundamentals of our Religion, History, and Culture.

The Bureau is accordingly requesting the Spiritual Leaders of Cleveland to remind the Parents on these most solemn Days of their most important duty to the Jewish People to bring up their children so as to be worthy of our glorious past, and to prepare them for an active and intelligent Jewish life in the future.

The Bureau does not urge you to ask for contributions at the present time, but would, however, be very thankful to you if you would bring to the attention of your worthy Congregation the fact that the Cleveland Bureau maintains nine Hebrew Schools, five Religious Schools, and two Training Schools for Teachers, and finds it extremely difficult to carry on this tremendous task because of the lack of sufficient interest and support on the part of Cleveland Jewry.

With best wishes for a Happy New Year, I am,

Very sincerely yours,

Abba Hillel Silver

Bureau

Oct. 16th, 1929.

Mr. Aaron Garber,
12703 Madison Ave.,
Cleveland, Ohio.

My dear Mr. Garber:-

A committee of the Bureau of Jewish Education met yesterday noon with a committee from the Heights Temple to take up the matter of the indebtedness of the Heights Temple to the Talmud Torah and the future relationship between the two institutions.

The spokesman of the Heights Temple stated that their indebtedness to the Talmud Torah will be paid promptly and that a check for \$1000 will immediately be sent to Mr. Kraus.

As regards the future status of the Talmud Torah branch of the Heights Temple, it was the unanimous thought of both committees that the Heights Temple should from now on conduct its own Hebrew school. The Bureau, through its director of education, will stand ready to give any cooperation and advice which it can. The Heights Temple will run its own independent Hebrew school. They plan to take over the school within a month. Until that time, it was agreed, that the present arrangement whereby the Talmud Torah collects the tuition fee, shall remain in force. Within a month the present existing arrangement shall be terminated.

I think that the new set-up will be found mutually satisfactory.

With kindest regards, I am

Very sincerely yours,

AHS/IR

CLEVELAND, O.

November

1929

Rabbi A. H. Silver
The Temple
Ansel Road & East 105th Street
Cleveland, Ohio

Dear Rabbi Silver:

As you undoubtedly know, the week of December 1 - 8 has been designated as the Jewish National Fund "Self-Defense" Week, to be brought to a close with the annual Flower Day on Saturday Evening, Dec. 7, and all day Sunday, Dec. 8.

The Committee in charge of the local Jewish National Fund Work is anxious, as a means of propaganda, to educate the children in the various congregational Sunday Schools in the work that the National Fund is doing, and it has been suggested that the Rabbis, or some one appointed by them, address the children of their own schools on the Sunday prior to December 8, and ask that each child be prepared on the following Sunday to contribute, in his own little way, something for this work. In this connection it might be effective if the teachers were asked to devote some part of that morning's session to National Fund Work and to come to a close with a collection of funds from the children.

There are also, we believe, in the confirmation class of your school, girls of the ages of fifteen or sixteen years who might enjoy helping the Committee in Flower Day work or in the house to house canvass which will go on during the week preceding the Flower Day.

I should be very happy to hear from you, and assure you that any co-operation on your part will be most sincerely appreciated.

Very respectfully yours,

Samuel Smach

My dear Leonard:-

At a meeting of the Board of the Bureau of Jewish Education yesterday, it was voted to resurrect the Extension Committee of which you were Chairman and to request it to arrange for a few city-wide Chanuka celebrations next month. A sum not to exceed \$250 was appropriated for this purpose.

I should very much like to have you take charge of it again and call your committee to a meeting as soon as possible. I believe that a small committee is more servicable. I have appointed the following members to assist you:

Mr. A. N. Friedland
Mr. David Ralph Hertz

Dear Mr. Tuteur:-

Following our conversation regarding Bureau of Jewish Education, I have taken this matter up with Rabbi Silver, and am writing you to inform you that we will be very pleased to receive your checks, with the express understanding that none of your funds will go to the Hebrew School.

Knowing the type of our activity in which you are most interested, I would suggest that you allow us to use your funds partly for extension activity, and partly for the Council of Jewish Women's Schools which as you know, give the same type of religious education as is given by the Sabbath Schools of the two Reformed Temples.

It is our present plan to have a city wide Chanukah Celebration, in which we hope to reach about twenty-five hundred children through neighborhood celebrations, at theatres and in the Temple. This activity will cost about \$250.00, and I know that you feel a particular satisfaction in sponsoring this activity for us, as I know that you are particularly interested in this phase of our work.

Might I therefore suggest, that you send us two checks, each for \$250.00, one made out to the Council of Jewish Women's Sabbath Schools, and the other to the Bureau of Jewish Education, Extension Activities Department.

True

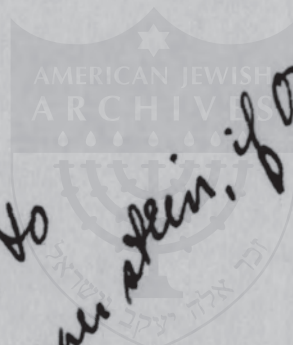

Mr. Julius Tuteur

Rabbi Silver joins me in thanking you for your subscription, and your interest in our work, and we look forward to an ultimate solution of our difficult problem with the Hebrew School, at which time we hope to again enlist your active interest and participation in our work.

With best personal regards, beg to remain

Yours very truly,

My dear Miss Sapirstein:-

I am enclosing herewith two checks of \$250. each which represent Mr. Julius Tuteur's pledge to the Bureau of Jewish Education.

You will note from these checks that he designates that one should be used for the Council of Jewish Women's Sabbath Schools and one for the Extension Work. From our point of view, of course, it is only a matter of book-keeping but it should so be entered on Mr. Tuteur's card in the office.

A Simple Answer To Questions About Jewish Education

In 1923, the question of endorsement of a Program of Jewish Education in Cleveland, came before the Board of Trustees of the Federation.

The question resolved itself into two primary considerations:

"Is Jewish Education an essential to the well-being of the Jewish Group which the Federation is serving?" And, if so,

"How can the Jewish Federation aid in meeting that need?"

The Federation was already organized to aid those in the Community who were in distress, with help and services which would contribute to their physical well-being: there were Hospitals for the Sick; Institutions and Homes for Dependent Children; Shelter for the Aged, the Infirm and the Homeless; and recreational opportunities for the underprivileged; ministrations that contributed to the welfare of the Community as a whole.

Public and Private Schools furnished Secular Education for all;

But neither the Federation, nor the Schools, nor the Homes of the Children themselves, were prepared to do adequate justice to their Spiritual Training and Moral Guidance.

This teaching, in the ways of rightful living and human relationships, equally essential to the welfare of the Community, had to be provided for the children of each group, by its own churches and special schools.

It was, therefore, the Federation's feeling that where parents were, for economic reasons, unable to give their children such training, the Community itself, **thru a Bureau of Jewish Education**, should undertake this responsibility.

The Federation again urges upon all who have the best interests of the Community at heart, to consider the appeal of the Bureau of Jewish Education, one **well worthy of their response, and to give as generously as possible to the work.**

The Jewish Welfare Federation, Cleveland.

CONFIDENTIAL

Dear Abba:

Jonah J. Goldstein is an East Side boy who is a successful lawyer, and a growing public personality. He is energetic and aggressive. While his intellectual Jewish background is not strong, he has an intimate knowledge of Yiddish life on the East Side and has espoused the cause of Jewish education through his identification with the Jewish Education Association. He has no Hebrew knowledge. He can deliver a vigorous message from the ordinary layman's point of view, in a very popular manner. You must not expect any profundities. His usual dictum is "there is room for all faiths in the country, except the faithless". He is very popular among his friends and makes a popular appeal. I believe you might be able to get him to go to Cleveland.

Excepting for rabbis and professional educators, there is one other layman who has pleaded the cause of Jewish education in our midst, that is Judge Rosalsky. It may be a little bit more difficult to get him. He is more of a polished speaker than Mr. Goldstein.

We have, this year, tried to interest Mr. James Marshall. I do not know how these suggestions strike you.

I shall ask you to treat all of this information as confidential. Please destroy this letter after you are through reading it.

With kindest personal regards to Mrs. Silver and yourself,

My dear Judge:-

I have not had the pleasure of meeting you personally but I have known for many years of your great interest in Jewish causes, particularly in the cause of Jewish Education in America.

I am President of the Cleveland Bureau of Jewish Education which maintains some fifteen Hebrew schools and Sunday schools, educating thousands of Jewish boys and girls and carrying on an intensive campaign among the adults of our community in order to stimulate greater interest in this work. We have been in existence for five years and we have established ourselves in the life of the community.

We shall celebrate our fifth anniversary with a dinner to which representative men and women of our community will be invited. At its last meeting the Board of the Bureau voted unanimously to extend an invitation to you to be our guest and speaker on this occasion. We are so anxious to have you that we shall fix the day for this meeting to suit your convenience - any Sunday evening in February or March.

This meeting will not be utilized for any money raising or campaign purposes. Its purpose is purely educational and inspirational.

Will you confer the extreme favor upon us of accepting our invitation? We will make your stay in our midst a very pleasant one.

With kindest regards, permit me to remain

Very sincerely yours,

AHS/IR

Mr. Nathan Brilliant,
Euclid Ave. Temple,
Cleveland, Ohio.

My dear Mr. Brilliant:-

At the last meeting of the Board of the Bureau of Jewish Education it was decided to make a study of the schools of the Council of Jewish Women with reference to the fee system which was introduced last year.

Some members feel that the fee system has been responsible for the marked decrease in enrollment. Others believe that the system has been beneficial in that it has stabilized the attendance. It is important that we have a statement of the true condition of affairs in the Council schools with reference to the fee situation.

I would appreciate very much if you would take the chairmanship of this committee. I would suggest that you ask the following to serve with you on the committee: Mrs. Simon Peiser, Mrs. Louis A. Black, Mr. Alfred H. Sachs and Mr. B. H. Sinks.

The subject is very important because it involves the vital matter of policy.

It would be helpful if we could have a report from your committee by the first of March.

With kindest regards, permit me to remain

Very sincerely yours,

AHS/IR

discussed by the Steering Committee.

The appointment immediately of an influential and able Chairman of the Women's Division.

It is suggested that the Women's Teams be assigned to co-operate with the Men's Teams in each Division; that each Division have co-chairmen of a man and a woman, but that the Women's Teams be assigned to the Industrial Division by the Chairman of the Women's Division, who also names the Captains of the Women's Team for that Industrial Group.

A large Division, possibly comprising several teams, must be established for the so-called miscellaneous solicitation on a zone basis. These teams will solicit prospects not classified in any definite Industrial Group.

The number of workers needed in any Division or Group will be determined obviously by the number of prospects to be visited. It is therefore imperative that Advance Gift Prospects be withdrawn immediately and that all prospects be immediately classified in their respective groups.

The basis for enlisting and assigning workers should be one worker for each ten prospects and the number of cards in any division will automatically determine the number of workers needed in that Division. The control and paper work will be readily handled through headquarters.

My dear Miss Sapirstein:-

I wish that you would send to Mrs. Fisher who is chairman of the dinner reservations committee, a complete list of the organizations to whom you wrote requesting them to hold themselves responsible for a certain number of tables at the dinner on March 9th. Please indicate on this list, the president of the organization and his address and telephone number. Within a week Mrs. Fisher will communicate with them and jog them up.

I am enclosing herewith a letter from the President of the Euclid Ave. Temple Sisterhood which you will please turn over to Mrs. Fisher. I have also heard from the B'nai B'rith that they are going to do their utmost to bring out a goodly number to the dinner.

I would also suggest that some time next week you make a list of the fifty largest contributors to the Bureau - names, addresses and telephone numbers and send the list to Mrs. Fisher. It might be well to have these people called on the telephone after they have received our invitation and urged to come.

Rabbi B. R. Brickner,
Euclid Ave. Temple,
Cleveland, Ohio.

My dear Rabbi Brickner:-

The Bureau of Jewish Education has invited Dr. Krass of New York to be its guest and speaker at the annual meeting on March 2d at the Hotel Cleveland. Dr. Krass has graciously accepted the invitation and we are making great efforts to see that this meeting shall be eminently successful and be in the nature of a great demonstration for Jewish education in our community.

I would appreciate every effort which you would make in bringing this meeting to the attention of your people through your bulletin and your pulpit.

I am also requesting you not to invite Dr. Krass to occupy your pulpit on Sunday morning, March 2d. I have refrained from extending a similar invitation for fear that it might detract from the evening meeting.

The boards of the various Temples and Synagogues have been requested to hold themselves responsible for at least three tables (10 diners each) at this dinner. I hope that at the forthcoming meeting of your board you will press this matter.

With kindest regards, I am

Very sincerely yours,

Dear Mr. Schweid,

Rabbi Silver suggested that in exchange for the courtesy he extended us we cooperate with him and arrange to have three tables reserved for our B'nai B'rith at the banquet and annual meeting of the Bureau of Jewish Education which will be held March 2nd at the Cleveland Hotel.

Will you communicate with Miss Saperstein and ask her to send you enough notices to include in any letter which may go out to the B'nai B'rith members prior to that date. I think any letter sent out ought to contain a suggestion that our members support the Bureau of Jewish Education and make an effort to attend the banquet on that date. I believe they have asked Rabbi Krass as their principal speaker.

Very truly yours,

Dear Rabbi Silver:

Pursuant to your favor of the tenth, I am sending a personal letter to all the members of the Temple Board, also the Sisterhood and Men's Club Boards, explaining the nature of the meeting and inviting them to attend, and asking them to send me their reservations. We shall not be having a meeting of the Temple Board prior to the Bureau annual meeting on March 2.

We shall also insert a notice in the next issue of our bulletin, and I shall make announcement of it from the pulpit as you request.

It so happens that I am booked up that evening with a dinner of our young people at six o'clock, and a wedding at eight o'clock, but I shall come as soon after the wedding as possible.

Dear Rabbi Silver:

In accordance with Miss Rothenberg's request I am sending you herewith a check of \$75.00 payable to Dr. Krass, and I am also inclosing two checks which I would like you to sign and return to this office. The one payable to Miss Jaffe is for extra help, and I find that I do not need her services any longer, so that it is just as well to pay her now as to let her wait until the 15th.

You will notice that the check for Dr. Krass is already signed by Mr. Ulmer, so that if you wish to mail it to him from your office you may do so without returning it to me.

Respectfully yours,

My dear Mr -----:

Your genuine interest in Jewish Education as a force for good in our Community, leads me to ask your kind personal assistance again at this time.

We are not as in past years planning any intensive campaign in which the men are asked to join.

The financial situation of the Bureau of Jewish Education does not demand it; about half of the amount of last year's pledges has already been renewed by mail.

I am however inviting a small group of interested friends to assist in getting renewals of the larger pledges that have not come in; the Bureau cannot as you know plan its year's work without some assurance of this income.

Mr Irwin Loeser has kindly consented to serve as Chairman; he will communicate with you regarding our plans.

I trust that we may count on the help of yourself and the others whom I am addressing.

Sincerely yours,

March 12, 1930

My dear Mrs ----:

Your enthusiasm and interest in Jewish Education, lead me to ask your kind personal assistance again at this time.

I am asking Mrs Joseph O Stein together with yourself, (Mrs Myron Rice,) Mrs Sam Bialosky, Mrs Arthur I Fischer, Mrs J H Gross and Mrs Ben Schwartz to head-up the Women's Division of work.

The financial situation of the Bureau does not, I believe, demand the type of intensive campaign that we have had in other years; about half the amount of last year's subscriptions have already come in by mail voluntarily.

We are hopeful further that the support of the Bureau may this year be stabilized in such manner that we can do away with annual campaigns for several years to come.

Mr Irwin Loeser has consented to serve as Chairman of a Special Men's Committee whose duty it will be to seek some larger pledges for the Bureau.

May I count on your help; Mrs Stein will communicate with you regarding further plans.

Dear Rabbi Silver:

I was greatly flattered to discover that you think my services of sufficient value to ask me to serve on Mr. Loeser's committee in connection with the Bureau of Jewish Education. It would give me great pleasure to serve on this committee if it were not for the fact that I am leaving Cleveland for an indefinite period in the near future and until that time arrives I will be occupied in putting my affairs in order. I must, therefore, decline the honor you have offered me and I do so with sincere regret.

I trust that the campaign will meet with unqualified success.

You will, in the next few days, be asked to renew your interest and support for Jewish Education.

In advance of such request, may I say a word as to my own understanding of the importance of this phase of communal endeavor----to you, to me, to our Jewish Community, to our whole City.

Jewish Education is not, as is frequently assumed, an attempt to build some alien or totally useless culture into American Jewish life.

Jewish Education on the contrary, represents a very deliberate and necessary endeavor to build into the impressionable lives of Jewish boys and girls, an intelligent and respectful appreciation of the worthwhileness of their own Jewish background.

It is my conviction that a self-conscious respectfully (not boastfully) proud Jew is usually a Citizen who can and does command the regard of his fellow-citizen.

We want to establish our place in American Jewish life and in the life of the world as well, on a sound basis of mutual respect and understanding.

Your help can make that possible.

Sincerely yours,

March 19, 1930.

Dear Sirs:

For several years, I have been associated with the work of the Bureau of Jewish Education.

It has in this time, been possible for me to observe the character of the work and its purpose and place in the development of our Jewish youth.

Jewish Education, whether through the established Sabbath Schools, or having the cultural emphasis of the Schools of the Hebrew Institute, is organized with a view to a high standard of administrative and curricular excellence.

These schools, all of them, hold a place in my judgment, of prime importance to our Jewish communal program.

We can if we wish, disregard their importance and see growing into manhood and womanhood, Jewish boys and girls who will know little or nothing of the background of the people of which they are a part, and will be confused if not ashamed of their birthright.

We can, on the other hand, recognize the essential value of a proper Jewish and cultural training which will make this growing generation conscious of its Jewishness with respect and pride.

These conclusions have come to me definitely out of my observations of the work of the Jewish Schools of this City.

I would, out of this judgment, urge upon you the importance of your continued and adequate support of the work.

I am sure you cannot feel other than I do about it.

Most sincerely,

Have you ever taken the trouble to visit the Temple Schools where your children receive their spiritual training?

As a member of the Temple Board and the Temple Sabbath School Committee, I have had opportunity to satisfy myself of the value of religious and cultural education for our Jewish boys and girls.

The children are taught not only Jewish History and Literature, and the aspirations and ideals of the Jewish people, but also the manner in which problems of modern Jewish life and civilization are linked up with ancient history and tradition. This program of teaching is a part of the curriculum of all of the Jewish Educational Schools under the direction of the Bureau of Jewish Education.

I know that you have at heart the spiritual well-being of not alone your own children, but also the children of parents who may not be so situated as to give them these advantages.

Your support of the Bureau of Jewish Education will most fittingly express that interest.

Sincerely yours,

March 21, 1930.

"Jewish Education is important to us because we are American Citizens, and we cannot close our eyes to the fact that if our children and all other Jewish children are to grow up to be good American citizens, they must grow up to be good self-respecting Jews at the same time."

In order to meet the above budget, the Bureau borrowed \$3,000.00 at the Midland Bank, in November, which has already been repaid this year from money received on renewals.

The Board of the Bureau has decided to pay out subsidies, etc. on the same basis as the 1929 budget during 1930 until after the Campaign, when it will be in a better position to judge the amount of income for the year.

The total amount of pledges secured during 1929 was: \$51,016.30, which represented 2689 pledges. This included renewals before the 1929 Campaign as well as pledges secured during the Campaign/

1930 RENEWALS

To date the Bureau has received 754 renewals, 700 of which are paid in full, totalling \$19,767.50, as compared with pre-campaign figures of last year which were: 828 renewals, totalling \$24,744.50. There are still two weeks left before this year's campaign, and it is possible that a great many more renewals will be received before the Campaign starts; however, it is not probable that \$5,000 will be received within that time.

The same 754 contributors who this year have renewed in the amount of \$19,767.50, last year gave the Bureau the sum of \$21,336.50. In other words, these 754 contributors have decreased their subscriptions by \$1,569.00.

I assume that you have been too absorbed in your work to find time to reply. I would, however, appreciate an early response from you. Our campaign closes next Wednesday.

Our needs are great. Owing to economic conditions so many of our people are cutting down their subscriptions that we are confronted with the serious possibility of closing down many of our schools. I hope that you will be as generous again with us this year as you have been in the past.

BUREAU OF JEWISH EDUCATION APPEAL

Bulletin No 4

April 4, 1930.

Dear Friend:

We are appending hereto a further report of progress of the Special Committee's efforts in this solicitation.

Considering that a number of members of the Committee have not yet been able to begin their work, the results are gratifying.

To date the Committee has produced an addition of approximately \$7,500 in renewed subscriptions for 1930.

There are many subscribers yet to be reported on----I would be very happy indeed if we could secure the pledges of all those who are in the City and can be reached, within the next few days.

With thanks again for your helpful interest, I am

Sincerely Yours,

Abba Hillel Silver,

President.

"Unless this educational work is generously supported, unless we open our eyes to a realizing sense of what it means to permit the younger generation to grow up in ignorance of our religion, our history, our literature and our traditions, everything else for which we may strive will have been in vain.

It is, therefore, that it has seemed to me almost as a tragedy that, with the increase of prosperity, the Jews of this country have for a time, at least, been shamefully indifferent to the cause of Jewish education. But a small proportion of the children and of the young men and young women of American Israel have even a modicum of training in respect to the doctrines of our faith, the sacred language of our prayer books, the exalted thoughts of our great teachers of the past. If this condition continues the very essence of Judaism, that which has made it a living actuality and that has enabled it to persist in spite of prejudice and oppression, will have been fritted away."

Dear Rabbi Silver:

I am inclosing herewith the prospect and pledge cards of those whom you consented to see in regard to the Bureau Campaign at our meeting of the Bureau Board last Thursday.

You will note that Robert Hays Gries has already renewed and paid \$50.00 for 1930, which is a \$25.00 decrease from 1929. Edgar Hahn has already subscribed \$50.00, a decrease of \$150.00. Mr. & Mrs. Herbert Goulder have subscribed \$25.00, a decrease of \$25.00, and Eugene Hays, Schaffner Bros., and Louis C. Seldon have refused to subscribe. While I have no record of a pledge in this office for Harry D. Koblitz, Miss Taub's record shows a \$50.00 subscription, which Mr. Jesse Solomon evidently reported to her by telephone.

I sincerely trust that you are successful in securing substantial amounts from all of these prospects.

Thanking you, I am,

Respectfully yours,

My dear Eugene:-

I have a great favor to ask of you. For the past few years you have been a generous supporter of the Bureau of Jewish Education. This year, due to economic conditions, we have lost many of our regular subscribers outright and many others have materially reduced their subscriptions.

We are accordingly confronted with the possibility of having to shut down many of our schools where hundreds of boys and girls are receiving a very good moral and religious training in character and in citizenship.

As president of the Bureau I should be very saddened by the fact that schools should have to be shut down in our community. May I not, therefore, urge you to stand by us this year and to renew your contribution for 1930. Our records show that you gave us last year \$100. May I not hear from you at your earliest convenience?

Copy of letter sent to all women workers.

I know that you are as intensely interested in the cause
of Jewish Education, as I am;

The very peace and security of American Jewry and of Judaism
itself, rests on the efforts which we are now putting
forth with the growing generation.

May I therefore urge upon you the importance of the work you
are now doing for the Bureau of Jewish Education.

See those for whom you have Cards, promptly;

Secure as generous pledges as possible-----money need not be
paid with the pledges now;

If a prospect has moved from the address you have, please try
to find out where he is now located before turning the
card back.

Please try to complete your soliciting by Wednesday's Meeting;
and be at the Meeting with your Report.

Very Sincerely,

President,

My dear Mrs. Hertz:-

Permit me to thank you in behalf of the Bureau of Jewish Education for the check of \$75. which you have sent to the Bureau and which represents Mr. Bernard Semel's returned honorarium.

It was so generous of Mr. Semel to have made a contribution of his time and his expenses to the cause of Jewish Education in Cleveland and it was equally generous of the Cooperative League to have sent his check to us. Please convey to your officers and members our great appreciation.

My dear Judge Kramer:-

I want to ask a favor of you.

Due to economic conditions the Bureau of Jewish Education is encountering great difficulty in obtaining its budget. We are in the midst of our campaign now and unless there is a marked increase by the friends of Jewish education, we shall be confronted with the possibility of closing down some of the Hebrew schools in the city.

I know that as a friend of Jewish education you would as little wish to see that happen as I would. May I ask you to sign the enclosed subscription blank for as generous a contribution as you can.

Very sincerely yours,

Due to economic conditions the Bureau of Jewish Education is encountering great difficulty in obtaining its budget. We are in the midst of our campaign now and unless there is a marked increase by the friends of Jewish education, we shall be confronted with the possibility of closing down some of the Hebrew schools in the city.

I know that as a friend of Jewish education you would as little wish to see that happen as I would. May I ask you to sign the enclosed subscription blank for as generous a contribution as you can.

Very sincerely yours,

Dear Rabbi:-

I am enclosing herewith a small folder which was presented to me yesterday by a solicitor from the Leo N. Levi Memorial Hospital.

I was very much impressed with the presentation made by this young lady. She seemed to be well versed on the work of this hospital and the thought that I had in mind was it would be of material help to any campaign to start our workers out well fortified with information and knowledge concerning the cause that they represent.

Possibly you already have one of these circulars, and if not, I thought you might like to preserve it for future use.

THE NOVELTY LIGHTING CORPORATION, CLEVELAND, OHIO

Cleveland, Ohio - April 17th, 1930

Dear Rabbi:

As an ardent worker for the Bureau I was going to call on you personally but after reconsidering the matter I thought best not to get involved in any petty controversy and have decided to write you as I do in all justness to Miss Sapperstein. It seems to me that you should have some inkling of the true state of affairs as they exist.

It appears that petty tales have come to you of her being uncooperative in the present drive. You know there has been illness in her home and it is my belief that if it had not been for this and her harassed state of mind she might have reacted differently but conditions being as they ^{were} and never before having to cope with such a situation she was unable to adjust herself to the unjustness of the whole situation.

You know for yourself that Pearl has been a very hard and capable worker and naturally when some ^{one} takes a young woman without experience in this work and tries to thrust her into the public eye ^{because} of their keen interest in her, it is only natural for pearl to take the attitude she did. You know yourself this is not the first time things of similar nature have happened from the same source. It is only a human instinct when one has their pride ground in the dust to rebel especially so when it is circulated around that the young woman is put in authority over you and her overbearing attitude showing it.

Now dear Rabbi before you judge Pearl too harshly it might be well to go into the matter further and sift it down.

With best wishes for the success of the Campaign
An Ardent Worker.

Mr. George J. Klein,
Novelty Lighting Corp.,
2480 E. 22d St.,
Cleveland, Ohio.

My dear Mr. Klein:-

May I urge upon you the importance of calling at once an emergency meeting of the Board of the Cleveland Hebrew Schools and its friends to consider the financial situation which confronts the schools because of the failure of the 1930 campaign of the Bureau to reach the minimum quota of \$52000.

The Bureau campaign is over and only \$35000. have been realized. Assuming that all pledges will be paid, which is not likely, the Bureau will have a deficit of \$17000. By the first of September it will be in no position to make any advance to the Cleveland Hebrew Schools.

The situation is desperate, though not hopeless. Over a thousand people who contributed to the Bureau last year and in previous years have not renewed their subscriptions for 1930. Some of them have refused, but most of them have not at all been seen because of a shortage of workers. Due to economic conditions there has been a material reduction in the contributions of many of the larger givers.

A concerted effort at this time on the part of the friends of the Hebrew schools who did not, with a few notable exceptions, participate in the last campaign, might save the situation. I would strongly urge upon you to summon these people to a meeting, explain to them the plight of the schools and organize them into an active soliciting group. The situation calls for a sacrifice in time, energy and money on the part of those who believe in Hebrew education and who wish to see it continued in our community.

The Bureau office has lists and cards ready for such a solicitation. The longer it is delayed, the less likelihood will there be that we will save the situation.

I should be very happy to attend such a meeting if it is arranged for an evening that I am free.

I can not too strongly impress upon you the importance of immediate and large scale action.

With kindest regards, I am

Very sincerely yours,

Bureau

I am enclosing herewith the card of Mr. Sidney Stearn. I have procured an additional contribution of \$50 from him, making his total contribution \$100.

I spoke to Mr. Sigmund Korach. He requested that he be called in the Fall. The likelihood is that he will then renew his subscription to the amount of last year. He should not be approached again until Fall.

I am also enclosing the card of Mr. Harry Koblitz. I have obtained an additional contribution from him of \$50, which makes his total contribution of \$100 equal to the amount which he gave last year.

Mr. Bernard B. Eisenberg,

Dear Mr. Eisenberg:

The Bureau of Jewish Education campaign is now officially over and because we have not reached a sufficient amount of people this year to cover our minimum budget, we are analyzing the accounts of our annual subscribers.

We find, in going over your ledger card, that you gave to the Bureau annually the sum of \$75.00 for the past four years. In 1929, however, you were kind enough to subscribe an additional \$50.00 for the work of the Bureau. In January 1930, you were billed for \$75.00, the amount of your annual subscription, for which your check was received on Feb. 20th.

I am just wondering if you would be kind enough this year, in the face of our financial crisis, to again come to our aid and subscribe at least the additional \$50.00 which you paid last year.

I need not tell you of the value of the work of the Bureau or its needs and I am quite confident that if it is within your power to do so, you will comply with this request.

Thanking you for your support and interest in the cause of Jewish Education in our city, I am

Dear Mr. Horwitz:

Allow me at this time to thank you for your prompt response in January to our call for renewals of subscriptions to the Bureau of Jewish Education.

Our annual campaign which is really only a "follow-up", has just been completed and we find ourselves with insufficient pledges to meet our budget this year.

Both in 1927 and in 1929 you found it possible, when called upon, to increase your subscription for those years to \$100.00 and I was wondering if at this time, in view of the circumstances, you would be kind enough to use the same consideration again. If you find it possible to do so, I want to assure you that all of the Members of the Bureau Board and myself will be exceedingly grateful to you.

Thanking you for your interest in the cause of Jewish Education and with kindest regards, I am

Mr. Sol M. Hexter,
2400 Superior Ave.,

Dear Mr. Hexter:

As you probably know, this year's Financial Campaign of the Bureau of Jewish Education was not quite as successful as in former years, probably due in some measure to business depression.

We are, therefore, forced to look to people from whom we might be able to raise a sufficient amount to make up the deficit. We are, as a result of this situation, making a careful study of our individual contributors and in looking over your ledger card we find the following:

In 1925 and 1926 you contributed to the Bureau the sum of \$100.00 a year. In 1927 you found it possible to give us only \$25.00. In 1928 and 1929 you were kind enough to contribute \$75.00 a year. On Jan. 7th, 1930, we received a check for \$25.00.

Needless to say, we appreciate your continuous support and know that the reason for your decrease was probably a very good one, but I am wondering, if in view of existing circumstances you would be kind enough to reconsider the amount of your contribution this year and make an effort to bring your subscription up to the \$75.00 of the last two years.

The Bureau is existing on a minimum budget and it is imperative that additional funds be secured during the remaining eight months of the year. I am sure that you will do whatever is in your power for us at this time.

Thanking you for your kind support and interest, I am

Very sincerely yours,

Dear Miss Fishel:

The Bureau of Jewish Education this year has just completed its annual campaign and frankly, did not reach the amount of its budget. We are, therefore, compelled to look to those people who are really interested in the Bureau's work for the additional support we must have.

We find in looking over your account, that for the past three years you were kind enough to contribute the sum of \$75.00 a year. This year, however, on Jan. 6th, we received your check of \$10.00 with the notation that that amount was all you could afford to contribute for 1930.

However, in the face of the financial crisis with which the Bureau is now confronted, I was wondering if you might not reconsider your decision this year and pledge your support in the same amount as during the last three years.

This act on your part would be most keenly appreciated by all the Members of the Bureau Board and by myself. I shall look forward to hearing from you in the near future.

Thanking you for your kind interest in the cause of Jewish Education, I am

Now that our Bureau of Jewish Education campaign is officially over, we are taking the time to analyze our accounts and in so doing, we find that your contribution of \$50.00 received this year during January, was a decrease of \$25.00 from the amount paid last year.

In 1929, you paid the Bureau \$25.00 on Jan. 7th, and \$50.00 on April 9th. This year your check of \$50.00 was received on Jan. 9th.

Members of our Board appreciate your kind support. However, we find ourselves with insufficient pledges this year to cover our budget and we were wondering if it might be possible for you to help us to the extent of the additional \$25.00 which you were kind enough to contribute last year.

If you can see your way clear to do the Bureau this kindness, I am sure it will be appreciated by all the Members of our Finance Committee and Board.

A. H. FRIEDLAND,
EDUCATIONAL DIRECTOR

April 24, 1930

Rabbi A. H. Silver
The Temple
Ansel Road & East 105th Street
Cleveland, Ohio

Dear Rabbi Silver:

Mr. Jacob Kronheim, of the Kronheim Furniture Company, informed one of our campaign solicitors, Mrs. N. Guren, that he had shortly sent you \$25.00 thinking that it was to be used for the Bureau of Jewish Education. He stated, however, that if you would write him a note to the effect that the money sent you was not for the same purpose he would pay us \$25.00 this year. For your information, Mr. Kronheim has not paid the Bureau, through the office, since January 23, 1928.

I am inclosing herewith copies of a few letters which I took the liberty of writing, in order to secure increases. These letters were all written to people who have already paid in full for 1930, and I thought you would not object to my composing the letters, rather than troubling you with them. If it is satisfactory, then, I shall continue in the near future to write to others who have decreased the amount of their subscription this year.

I have started the preparation of the May 1st Bills, and as agreed a few days ago, I think we should have a letter to accompany them. I believe that three different letters should be used: one to those people who have actually signed pledge cards this year, thanking them for their support and urging prompt payment; one to those who paid in full for 1929 but have not signed pledge cards for 1930; and one to those who owe old balances, adding on to their bills the 1930 subscription on the basis of the amount of their last pledge. I believe that it would save quite a little if we mimeographed the letters in this office, and our machine does turn out very nice copies, but if you would rather they be printed I can give you the approximate number necessary of each, or give the copies to our printer. I would appreciate it if you would either dictate these letters or instruct me as to what you want contained in each as soon as possible, as I am aiming to have the Bills in the mail by the evening of the 30th, next Wednesday.

Thanking you, I am,

Very respectfully yours,

Pearl Saperstein

Rabbi Abba Hillel Silver,
The Temple,
Cleveland, Ohio.

My dear Rabbi Silver:

Enclosed herewith is a check payable to the order of the Bureau of Jewish Education, in the sum of \$100.00. The Lodge regrets very much that it could not make a larger contribution this year. However, many of its members have contributed personally and the financial condition of the Lodge makes it impossible for a larger donation at this time. Perhaps next year we will be in a position to increase our contribution.

Thanking you for your past interest in
our work, I am

Fraternally and sincerely yours,

Secretary.

My dear Miss Sapirstein:-

I have written to the B'nai B'rith asking them to reconsider their action and to pledge the same amount as last year.

In the meantime credit them with the enclosed amount of \$100.

Mr. Edward J. Schweid,
809 Leader Bldg.,
Cleveland, Ohio.

My dear Mr. Schweid:-

Permit me to thank you and through you the Cleveland Lodge, I. O. B. B. for their kind contribution of \$100 to the Bureau of Jewish Education.

I note the reason which forced the Lodge to reduce its contribution to the Bureau this year. I can fully sympathize with it. Unfortunately many other contributors have been forced to curtail their subscriptions this year with the result that the Bureau is faced with a deficit of \$15000 on its 1930 budget, which will probably force it to shut down some of its schools. This would be a great misfortune and I believe a serious reflection upon our community.

Perhaps the Lodge will be moved to reconsider its action. The balance of its contribution may be paid towards the end of the year when the Lodge may be in better condition to do so.

I trust that you will understand that only an emergency would prompt me to ask you for a reconsideration of your action.

With kindest regards, permit me to remain

Very sincerely yours,

AHS/IR

Dear Rabbi:

With further reference to our arrangements with Mr. Goldhamer, during the campaign of the Bureau of Jewish Education, I am writing to inform you that I believe a compensation of \$250.00 would be commensurate with Mr. Goldhamer's efforts and results.

I am also enclosing figures from the Bureau which show that about \$17,000.00 was the result of campaign activities.

With best personal regards, remain

Sincerely,

W H Y ? ?

It is said of our People that they always answer a Question by asking another.

And so to your Questions as to "Why Jewish Education?" we ask you:

Why fight Klanism?

Why call forth the condemnation of the world against Anti-Semitism?

Why berate the rising generation for its lack of respect for its Faith and for Morals?

Why bemoan the fact that the Home no longer seems to exert a proper influence on Youth?

Why blame the Temples or Synagogues for their failure to hold them?

Why find fault with the Schools for their inability to control them?

Why censure Rabbis and Teachers?

Why lay the cause to Science, to Automobiles, to Movies, to Prohibition or to What you will?

Why assume that the Old Truths no longer hold in this Modern Age?

Why put the blame anywhere but—

On Ourselves.

Born into the Faith that gave to the world its precepts of Justice and Right Living, we have been drifting from it like a Raft from its Moorings.

Born into a Group that has always regarded Culture and Learning above all else, we have let ourselves go in strong for modern Pursuits.

Born into the Faith that was Mother to the Creed of Hundreds of Millions, we are all too ready to discard our own.

Thus have we hoped to gain the Respect and Good-will of our neighbors.

But have we?

The Day that we come to recognize again that man is counted for what he stands for that is worthwhile, is the day that the world will accord us the esteem we deserve.

The Day that we realize that our children may be growing up in indefensible ignorance of the History, Traditions and Teachings of Judaism, is the day we may hope to lift the burden of Prejudice and Anti-Semitism.

Jews are we born and Jews we remain to the world.

Better than, a Cultured, Learned, Self-respecting Group, rightfully proud of its Heritage of Spirituality.

That Day will come when we shall zealously look to the training of our Jewish Boys and Girls of Today for a better Jewish Citizenship of Tomorrow.

Jewish Education is the Answer for You—for us all.

PLAN OF CAMPAIGN

To Rabbi A. H. Silver, President, and Members of the Steering Committee
For The 1929 Bureau of Jewish Education Campaign:

The following plan of Campaign is respectfully recommended:

1. CAMPAIGN OFFICERS should comprise

Honorary Chairman (if desired)
Campaign Chairman
Campaign Vice-Chairmen
A Nominal Secretary
Treasurer

The Campaign Committee should include in its membership all members of the Bureau of Jewish Education Board, and representative leaders of all Jewish Groups in the Community.

2. ADVANCE SOLICITATION

- a. Cards of all those who contributed \$100.00 or more to the Jewish Orphan Home should be immediately withdrawn and rated for substantial gifts or increases over their previous contributions to the Bureau of Jewish Education. *Also those who previously contributed \$50 or more to the Bureau in previous campaigns.*
- b. A Special Big Gift Committee should be organized at once for immediate solicitation of this group. This committee is to be carefully selected as to their prestige in the community and ability, and invited to attend a dinner meeting where the pressing need for the Bureau to secure substantial funds is indicated. The number of committee members is to be determined by the number of cards represented by the advance Gift Prospects. No member of this committee is to be asked to take more than ten cards.
- c. A personal letter from the President of the Bureau of Jewish Education, or someone of his selection, is to be written to the Advance Gift Prospects on personal, non-campaign stationery in advance of the visit of the member of the Advance Gift Committee.
- d. If \$40,000 can be secured in Advance Gifts, which is possible, a \$90,000 quota can assuredly be obtained. The \$40,000 does not include renewed subscriptions of sufficient amount, but will have to include renewals that should be substantially increased.

The most diligent effort and painstaking care should be given to this most vital phase of the campaign. It is the deciding factor for success or failure. It is also a certain index of final results.

3. ORGANIZATION FOR SOLICITATION

- a. Industrial Groups
- b. Miscellaneous -- not included in Industrial Groups

Immediate selection of the strongest possible chairmen for each Industrial and other Division, the method of solicitation to be

MAJOR RECOMMENDATIONS FROM THE SURVEY REPORT
ON JEWISH EDUCATION
SUBMITTED TO THE FEDERATION OF JEWISH CHARITIES
BY THE NATIONAL CONFERENCE OF JEWISH SOCIAL SERVICE

Bureau

1. There is need of a Board of Jewish Education in Cleveland with a full time paid executive, which shall concern itself with the problem of Jewish education for the entire community. They shall be chosen because of their ability to assume communal responsibility and by virtue of their positive interest in promoting Jewish education as a communal enterprise. They shall direct their attention to the following phases of the problem:

- (1) Adequate support and development of present communal educational institutions, primarily the Religious Schools and the Talmud Torahs.
- (2) A study of the whole problem of Jewish Education in Cleveland for the purpose of making propaganda and enlisting support in the interest of the unschooled children and youth.
- (3) Give advice and general assistance to promote educational activities under congregational and institutional control.

II. The Board shall guarantee the autonomy of co-operating institutions.

The immediate task of the Board of Jewish education is to create a financial agency for the purpose of increasing and stabilizing the source of income for recognized schools under communal direction.

There are, moreover, four major tasks confronting the Board of Jewish education. They are as follows:

- (1) The establishment of a form of extension education to reach, en masse, many of the 69% of unschooled Jewish children of elementary school age, namely 14,611.
- (2) The establishment of a Hebrew High School department with a regular division for graduates of elementary schools and an extension division for students of high school age without previous training.
- (3) The establishment of a teachers' training school, with a department for the training of Hebrew teachers as well as a department for the training of Sunday School teachers and club leaders. A school of observation and practice should be conducted in conjunction with this training school.
- (4) The establishment of a form of extension education for the youth, numbering 8,300 between the ages of 15 and 20, the vast majority of whom are, today, unaffiliated with any Jewish activity.
