Dear Rabbi Silver:

tion.

This is to confirm my telephone conversation about a meeting of the Industrial Division of the Community Fund on the evening of November 8th at six o'clock. This meeting will be held at Hotel Winton.

We expect to have from four to six hundred hey people in the industrial world and we are relying on you for about fifteen minutes of the kind of talk concerning Community Fund which you know so well how to deliver.

Thank you most cordially for your coopera-

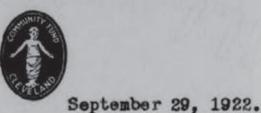

Very truly yours,

SECRETARY. L. H SHATTUCK

In accordance with the instructions of the Lecture Bureau Committee at its first meeting, I am asking you to send to me by return mail, your suggestions concerning speakers for the coming Drive.

Keep in mind that there are many types of meetings and suggest speakers for each, if possible.

The following groups stand out:

- Business and civic clubs. 1. (Chamber of Commerce, Rotary and the like)
- 2. Church clube. (Men's clubs, Women's clubs and the like)
- Labor organizations. 3.
- Lodge meetings. 4.
- 5. School teacher meetings.
- 6. Factory meetings.
- 7. Down town store meetings.
- Church services. 8.

I hope you will be able to give your whole attention to this matter for a time and send back to us, a long list of good speakers.

The list will be gone over by a small committee and reported back to the next meeting of the general committee.

Thanking you for your help, I am,

Sincerely yours, EAPeruson

Dr. E. A.Peterson, Chairman, SPEAKERS' BUREAU COMMITTEE

Suppose Nobody Cared!!

October 3rd, 1922.

Dr. E. A. Poterson, Electric Duilding, Cleveland, Ohio.

Hy dear Dr. Peterson,

4

I would suggest the following people for membership in our speakers group:

- 1. Rabbi Solomon Goldman, a very capable speaker whom you can send to civic organizations and church clubs.
- 2. Mr. Edward Baker, who can address church clubs, civic clubs and labor organizations.
- 3. Hiss Edna Goldsmith, who was president of our Temple Homon's Association, a capable speaker who might be utilized for women's clubs and store meetings.
- 4. Mr. Louis Drucker, a young attorney who might be a good man to address labor organisations and factory mostings.
- . Mr. Mare Grossman, an attorney who would make a good address before lodge mostings and facto mostings.
- 6. Mr. George Furth, business man, who would be good for factory mostings and store meetings.

7. Hr. Wm. Rothkopf, attorney, for school mostings and factory mostings.

-2- Copober 3rd, 1922.

I am not suggesting the names of those who would most readily come to your mind, but those who I believe can do good work in the campaign.

Sincerely yours,

Community Fund Campaign, November 18-27, 1922

My dear Rabbi Silver:-

We promise to confine the business of the Speakers' Bureau Committee to one hour if you will come to Room 206, Electric Building, Friday October 6th at 4 P. M.

Will you come prepared to suggest big out of town speakers for the luncheon meetings during campaign week? Speakers whom you know how to get here. Also will you be prepared to suggest many good local speakers and clubs or other types of organizations before which these men and women may speak?

Its hard work but the end justifies it.

Most sincerely yours,

Ar 00

October 17th, 1922.

Dr. Harry Lovi. Temple Israel, Beston, Mass.

My dear Dr. Lovi,

The floweland Community Chest will extend an invitation to you to be its guest of honor and to address one of its large noon-day luncheon meetings of campaign workers. The chest as you know represents the united effort of Catholic, Protestant and Jow in our community to raise funds for all our charitable institutions. The drive this year is I believe, for four and one half million dellars. The compaign lasts a week and it has been the practice in past years to have prominent national figures address the gatherings of workers numbering over a thousand at the Chamber of Connerce. We have always had an outstanding Jew speak at one of these meetings. Last year Dr. Wise delivered the address.

I am very anxious that you should accept the invitation for it will contribute to the success of the compaign and it will mean much to our community.

You have not been in our city for a good number of years and our people are very anxious to hear you.

With kindost regards to Mra. Levi, I cm

My dear Rabbi Silver:

The Community Fund Campaign this year (Nov. 18 to 27) will have for one of its aims the education of the entire population of Greater . Cleveland in the work made possible by this Fund.

While many methods will be used the Fund organization lays greatest stress on that education carried over by the spoken word.

We want to reach 1500 groups before the campaign ends and are recruiting a speakers' bureau to care for these meetings.

Only speakers of known ability will be selected for this most important work. Mr. Ramsey and his assistants urge you to accept membership in this bureau. The busiest men in the city are arranging their work so as to assist in putting across this campaign.

Will you join us? You will be called upon for addresses at times indicated by you.

Will you fill out the attached information sheet and return to us at your earliest convenience?

IMPORTANT

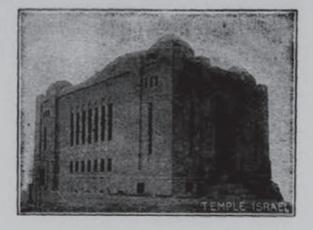

Mr. Ramsey asks speakers to be his guests at a Community Fund Speakers' Bureau dinner at Hotel Hollenden, in the Assembly Room, next Friday night, The dinner meeting October 20, at 6 o'clock sharp. will last until 8 o'clock. You will help the Community Fund campaign by being present.

Yours for a great speaking campaign.

Very truly yours, SPEAKERS SUREAU COMMITTEE.

Rabbi A. H. Silver, The Temple, East 55th St. & Central,

My dear Rabbi Silver:

City.

The big Community Fund Drive is this year set for November 18th-27th inclusive. The budgets have been carefully made, the organization is progressing in good form and now we are at the point of getting the facts to the citizens of Cleveland, and we are asking the Rabbis and pastors of the various congregations to present the facts and to add words of inspiration which shall induce action adequate to the need.

One of the preliminaries for this purpose will be a luncheon meeting of the religious leaders of the city, to be held in the Rainbow Room, Hotel Winton next Monday, October 30th at 12:15 sharp.

There is no printing that equals the spoken word. The Speakers' Bureau is therefore particularly anxious that you be a guest of the Bureau on this occasion, and that you utilize the information received then and later in presenting the truth to your congregation in a manner impossible for anyone else.

Respectfully yours,

James Jackson ghairman, Speakers' Bureau

Community Fund - Hitt

November 8, 1922

Mr. Peter Witt, Leader-News Bldg., Cleveland, Ohio.

My dear Mr. Witt:

The Cleveland Forum recently invited the Community Fund of Cleveland to send three representatives to Engineers Hall on Sunday night, November 19, to meet and debate with three oritics of the Fund. At the time the invitation was accepted by the Community Fund it was with the understanding that you and two others would handle the opposite side of the question. We have just been informed by the Cleveland Forum that you will not be present when the debate occurs.

In view of the fact that on Sunday evening, November 5, at Engineers Hall, and under the auspices of the Cleveland Forum you expressed views adverse to the Community Fund and in view of the fact the Community Fund was not then represented, we the undersigned, who have accepted the invitation of the Community Fund to represent them on November 19, feel that in justice to our cause and to the principle of fair play that you should be present on that occasion as one of the three spokesmen against the Community Fund and that you repeat in our presence such arguments as you have previously advanced, together with such other matters as you may care to add.

We know that you will recognize the fairness of our request and ask that you notify Rev. David E. Williams, Director of the Cleveland Forum, and ourselves of your acceptance at the earliest possible moment.

With kindest regards, we are

Rabbi A. H. Silver, City.

Dear Rabbi Silver:-

I am writing to ask whether you will undertake to cover one or more speaking engagements in connection with our Community Fund Campaign. Our Campaign dates are November 19th to 27th and between now and then we will schedule hundreds of meetings requiring the services of competent speakers.

The speaking service as rendered in past years has been of inestimable value to the Community Fund movement in Cleveland. I cannot over-state the value of the spoken message as a means of conveying to our public a proper understanding of the aims and ideals of the Fund and the enormous value of the service to the whole public embraced in its budget.

We are planning this year to handle more meetings and to cover them more adequately than ever before. May we have the privilege of calling on you for such services as you can render?

We are asking all speakers to meet in the Lattice Room of the Hotel Statler at four P. M. on Monday, October 22nd, to discuss briefly the things of special emphasis which we wish to put across in the speaking work of this year, and to afford an opportunity for questions and answers respecting the Fund and its program. There are new things to be said about the Fund and in its behalf and regardless of your previous acquaintance with the matter, we believe it is important and worth while for you to give us this hour at four P. M. on Monday, October 22nd.

May I ask that you fill out the enclosed form, mailing same to us at your earliest convenience?

> Following the marked success attending our Community Fund mass meeting at the Public Auditorium in connection with the campaign last year, we have decided to hold a similar meeting this year on Sunday, November 18.

No admission will be charged and we expect to make a very general distribution of tickets so as to draw the home folks and wage earners whose support means so much to the Community Fund.

Arrangements have already been made with the Cleveland Orchestra and the Singers Club to participate in our program.

My purpose in writing you this letter is to ask you on behalf of the Community Fund to render the important service of delivering the only speech to be made on this occasion. I am sure you will agree with me that there is no greater opportunity in connection with the entire campaign to reach a representative audience and to deliver a Community Fund message with maximum effectiveness.

I hope very much to be advised of your willingness to accept this important task and if your reply is favorable, as I greatly hope, we can take up the detailed arrangements a little later.

With deep appreciation of your continued helpfulness to the Community Fund, I am

Sincerely yours,

Campaign Chairman

Rabbi A. H. Silver, The Temple, E. 55th & Central Ave., Cleveland, Ohio.

My dear Rabbi Silver: -

I am wondering if you would be willing to devote one of your messages in the period just preceding our Community Fund Campaign, which will occur November 19th to 27th, to the great social welfare interest embraced in our Community Fund enterprise.

A message from you to your congregation respecting the spiritual significance of the movement and its lifting influence upon all life in our City, would be a service of inestimable value to the Fund. I am asking the Protestant and Catholic Clergy to observe either November 11th or 18th as "Community Fund Day" and if you would deliver a message to your people some time in this period, it would co-ordinate with the general plan for the City.

Valuing your interest and good

Sincerely yours,

GARFIELD, MACGREGOR & BAIDWIN

National City Building

Cleveland

March 4, 1925.

Mr. Warren S. Hayden, Chairman, Executive Committee, Cleveland Community Fund, Electric Bldg., Cleveland, Ohio.

Dear Mr. Hayden: -

Referring to the question of the National Consumers' League Income Tax Problem, mentioned in Mr. Sturges' letter to you of February 20, 1925, I offer the following report and suggestions.

As shown by the minutes of the Budget Committees of the Velfare Federation in 1923, there was a difference of opinion among the members of the sub-committee relative to the advisability of pproving the budget of the local Consumers' League, especially as that budget covered expenditures for the legislative program of the League. A minority of the Committee believed the local League should not be included in the budget; the majority believed it was wiser to approve the budget subject to a provision that the legislative expense should be financed outside the budget. However, the whole Committee determined to approve the budget without that provision.

In 1924 the budget was passed without further consideration of the question.

The minutes of the Investigating Committee of the Community Fund show that an appropriation of \$800.00 was made to the National Consumers' League for 1924, of mich \$600.00 has been paid. The record does not disclose that the taxation question was considered. No action has been taken for an appropriation during 1925 to the National League.

Because of diverse decisions rendered by local Revenue Agents throughout the country prior to 1924, relatin to deduction of gifts for charitable and educational purposes, the whole matter was reconsidered by the Treasury Department and a decision rendered which very greatly broadened the scope of such gifts, and gave what we believe a satisfactory definition. The particular decision rendered in 1922 regarding the National Consumers' League was not under consideration at that time and was not included specifically in the Treasury Department's decision which reversed the prior rulings relating to Social Settlements and similar benevolent organizations.

The Welfare Federation of Cleveland, in June, 1924, amended its Articles of Incorporation and so restated its purposes as to bring it clearly within the wording of the Federal Tax Act.

Mr. Burns and Mr. Williams of the National Information Bureau, edvise me that they have no information in addition to that contained in the letter from Mrs. Kelley which was the basis of their letter to Mr. Sturges. In view of the fact that Mrs. Kelley states that the rule in the Department "has not been changed in spite of repeated negotiations in behalf of the League and also various individual Leagues, "I am of the opinion that the Cleveland Community Fund and the Welfare Federation of Cleveland cannot legally continue the appropriations hitherto made to the National Commune' League and the Local League.

From a practical point of view there would be a distince hardship in refusing to pay the budget of the Local League ap roved for 1925. I take it for granted that the representatives of the Local League were not aware of this decision of the Treasury at the time the budget was considered last year; otherwise they would have brought it to the attention of the Committee.

I therefore suggest that the responsibility of paying the balance of the 1925 budget to the Local League be assumed, with the understanding that, in the event such appropriation be questioned by the government, the officials of the Local League be then requested to relieve the trustees of the Community Fund and the Welfare Federation from any embarrassment that may have been caused by reason of such appropriations.

As to the appropriations made for the National League, I think we should likewise pay the balance of the 1924 appropriations if request therefor is made by the officers of the National League, and if, prior to that time, no objection has been raised by the government.

As all of our subscriptions are made to the Community Fund, the question, if it arises, would arise in connection with the actions of the trustees of the Community Fund or of the Welfare Federation in making appropriations to organizations which the government might hold not within the exemption. In view of the Consumers' League decision, I think it would be well for Mr. Sturges and Mr. Haynes to go over the list of organizations which participate in the Fund, for the purpose of determining whether any of them might come within the Consumers' League decision. My feeling is that the question of asking for a revision or reconsideration of that decision ought to be made by representatives of the League, rather than by us.

Very truly yours,

JAMES R. GARFIELD.

JRO-M

MISSING PAGE (S)

In summary the facts are these:

(a) In a letter about February 15, 1925, to the National Information Bureau, Mrs. Florence Kelley, General Secretary of the National Consumers' League, stated that the Treasury Department's adverse ruling of June 21, 1922, denying deductibility of individual contributions to the League "has not been changed in spite of repeated negotiations in behalf of the National League and also of various individual Leagues."

(b) The deduction privilege of individual contributors to the Cleveland Community Fund depends upon the Fund's supporting exclusively "religious, charitable, scientific, literary or educstional purposes" or "the prevention of cruelty to children or animals." (Section 15, Instructions, 1924, Individual Income Tax Return.)

(c) The Treasury Department's adverse ruling of June 21, 1922, declares the National Consumers' League not to be within these classifications; and, according to the opinion of our legal counsel, this ruling may be equally applied to a local League.

(d) The Community Fund by continuing payments to the National and local Leagues, after notice of the existence of the Tressury Department's ruling of June 21, 1922, would, in the opinion of our legal counsel, jeopardize our individual contributors' privilege of deducting their Community Fund gifts in figuring taxable income. This is a privilege to which these contributors are fully entitled and for the protection of which they properly rely upon the Community Fund and Welfare Federation.

It will be noted that Mr. Garfield's opinion suggested that the Executive Committee consider the advisability of continuing 1925 support of the Consumers' League of Ohio and the payment of an unpaid balance of the 1924 appropriation to the National Consumers' League, on the ground that sudden termination of financial support might involve hardship to the local League. Subsequent to the date of Mr. Carfield's opinion, further information was secured showing that the question at issue had already been raised in several cities, indicating the strong possibility that any action by the Cleveland Community Fund continuing support for 1925, after notice of the adverse ruling, might at any moment be questioned by the U. S. Treasury Department, and, in that event, the deduction privilege of our individual contributors would be jeopardized. Mr. Carfield, on receipt of this subsequent information, advised that the Executive Committee might wish to terminate its financial support of the Leagues, effective at once.

In view of the matter was adopted by the Committee, who believed it doubtful that the National or local League could practically relieve the Community Fund and Welfare Federation of any resulting embarrassment or liability in case the issue was locally raised by the income tax authorities.

This action of the Executive Committee yesterday is transmitted to the Welfare Federation at the earliest moment, with the qualification that it is subject to confirmation by the Community Fund Council meeting, Friday, March 20th.

Respectfully submitted,

(Signed) KENNETH STURGES

March 16, 1925.

Rabbi Abba Hillel Silver, Cleveland, Ohio.

My dear Rabbi Silver:

On recommendation of the Budget Executive Committee, the Trustees of the Welfare Federation have directed that a statement be made to member agencies, on the financial situation of the Federation.

It is of vital importance that the governing board of every member agency understand this situation and realize its own consequent responsibility to control its own operation within the established budget.

The situation in brief is this:

The Welfare Federation presented to the Community Fund prior to the campaign last fall a minimum budget of \$3,310,000 for established services. This budget included a \$41,000 Contingent Fund designed to provide for emergencies arising through the year.

In order to bring the 1925 Community Fund budget within the \$4,375,000 figure, agreed upon as the maximum that could be asked in the campaign, the Fund found it necessary to reduce the Welfare Federation request by \$35,000.

The amount secured in campaign pledges failed by \$90,000 to meet the 1925 Community Fund Goal; it was only due to the existence of a 1924 balance and its inclusion in the campaign result that the goal was reached.

Instead of reducing Welfare Federation agency budgets to provide for the \$35,000 cut, it was taken from the Federation's Contingent Fund, practically wiping out that Fund. This was done with the hope that savings would appear during the year in individual agency budgets, sufficient to cover emergency requirements.

But emergency demands are appearing much faster than savings. Within the past month we have learned that income from trust funds budgeted at \$147,000 is actually but \$108,000, a loss of \$39,000 which the Federation must assist in meeting.

In view of the facts stated above, the Budget Executive Committee is finding it impossible to recommend any appropriation in excess of 1925 approved budgets.

Supported by the Community Fund

As a deficit now exists, the Welfare Federation asks every agency so fortunate as to receive unanticipated income to observe strictly the rule that such income be used to reduce demands upon the Federation. Likewise where a budgeted expense is found not to be required, the Federation asks that such item be considered a saving to be turned over to the Federation to meet this deficit in the Contingent Fund and in this way avoid the necessity of making further budget cuts.

The fact that such savings have been consistently turned over to the Federation by many agencies has made it possible for the Federation to meet emergencies of this sort in the past without the necessity of cutting individual budgets after they have been approved. We believe it possible to meet the present situation in the same way.

Finally, and most essential of all, the Welfare Federation asks every agency trustee to recognize his individual responsibility for seeing that no deficit occurs in his agency this year. The situation now is such that the budget allotment for an agency must be considered the maximum to be received from the Federation in 1925. We must keep within budget figures even at the cost of reducing programs and service. There is no possibility of meeting excess expenditures. It will require the most careful planning and the utmost economy to meet the approved budgets.

Sincerely yours,

President

CLEVELOND COMMUNITY FUND

Fifth Floor Electric Building

700 Prospect Avenue

March 18, 1925.

Mr. F. W. Ramsey, President, The Welfare Federation, Cleveland, Ohio.

Dear Mr. Remsey :-

By order of the Executive Committee of the Cleveland Community Fund, I am transmitting to you, as President of the Welfare Federation, the Committee's action at the meeting Tuesday, Merch 17th, which is subject to the approval of the Community Fund Council meeting, Friday, March 20th.

In view of the importance of the matter it is the judgment of Warren S. Hayden, Chairman of the Fund's Executive Committee, that this notice should be immediately transmitted to the Welfare Federation.

At the Fund's Executive Committee meeting Tuesday, March 17th, the following Resolution was adopted:

"In view of the facts presented to the Executive Committee today, indicating that the National Consumers' Deague and the Consumers' League of Ohio are not within the provisions of the Federal Income Tax Law respecting deduction of gifts for charitable and other purposes, and that the Cleveland Community Fund, by hereafter continuing payments to these agencies, would be acting contrary to the law and to the Fund's obligations to its contributors, by destroying the deduction privilege of individual donors:

"IT IS RECOMMENDED THAT subject to further action by the Executive Committee, no further payments be made by the Cleveland Community Fund to the Mational Consumers' League or to the Welfare Federation of Cleveland for the Consumers' League of Ohio.

"IT IS FURTHER RECOMMENDED, that the Community Fund immediately determine the status of all Fund beneficiary agencies regarding which any question of this nature may be raised, with a view to taking such other appropriate action as may be necessary."

The following statement of facts supports these recommondstions of the Executive Committee:

The Cleveland Community Fund during the years 1921 - 1924 inclusive made annual appropriations to the National Consumers' League and for the years 1920 - 1925 inclusive has made appropriations to the Welfare Federation of Cleveland on behalf of the latter's beneficiary agencies, including the Consumers' League of Ohio, a Cleveland organi-

zation affiliated with the Mational Consumers' Lesgue.

About January 25, 1925, the Secretary of the Fund's Investigating Committee, in informal conversation with members of the staff of the National Information Bureau, learned that the National Consumers' League had received an adverse ruling from the U. S. Treasury Department in effect that individuals contributing to the League were not privileged to deduct such contributions in figuring their income tax.

Believing that this ruling might have some bearing upon Community Fund support of the National Consumers' League and the Consumers' League of Ohio, and that the matter would also be of interest to other Community Funds, your Director officially requested the National Information Bureau, in its capacity as Secretary of the American Association for Community Organization, to forward to us all pertinent data, including the Treasury Department's ruling. The Eureau duly secured a copy of the ruling from Mrs. Florence Kelley, General Secretary of the National Consumers' League, accompanied by her statement that "this has not been changed in spite of repeated negotiations in behalf of the National League, and also of various individual Leagues." This copy was received by us Fabruary 17th, reading as follows:

TREASURY DEPARTMENT

Washington

June 21st, 1922.

Sirs:

You are advised that the Commissioner of Internal Hevenue has approved the recommendation of the Committee on Appeals and Review on your appeal in the case of the National Consumers' League of New York, from the action of the Income Tax Unit in denying exemption under Section 231 (6) and Section 231 (8) as well as the deductibility of contributions to said League by taxpayers under Sections 214 (a) 11.

After careful consideration of all the evidence, it appears that the operations of the National Consumers' League of New York have some elements that would entitle it to consideration under Section 231 (6) and some elements which ordinarily would be considered under Section 231 (8) and other elements which are broader in scope that those stated in Sections 231 (6) and (8). Consequently, it is held that the National Consumers' League of New York is not exclusively an educational, charitable or civic association within the meaning of Section 214 (a) 11 and the contributions to it may not be deducted from gross income when computing net income under the Act of 1918.

The Committee accordingly recommends that, in the appeal of the National Consumers' League of New York, the action of the Income Tax Unit, which denied exemption under Sections 231 (6) and (8) and in connection therewith denied the deductibility of contributions to said National Consumers' League under Section 214 (a) 11, be sustained and the appeal of the taxpayer denied.

In case and related papers have therefore been returned to the Income Tax Unit, for such further action as may be necessary in accordance with the Committee's decision, of which action you will be duly notified.

Respectfully,

(Signed) F. G. Smith Secretary.

Committee on Appeals and Review

It will be noted that the date of the ruling is June 21, 1922. Prior to the incident of January 25, 1925, the Cleveland Community Fund had no notice of the existence of this ruling.

On February 20, 1925, the Director of the Fund Communicated with Warren S. Hayden, Chairman of the Executive Committee of the Community Fund, recommending that James R. Garfield, a member of the committee and an authority on Federal Income Tax Law provisions respecting deductible contributions, be asked to prepare a legal opinion on the propriety of the Community Fund's continuing to make appropriations to the National Consumers' League, and, through the Velfare Federation of Cleveland, to the Consumers' League of Ohio in view of the Fund's discovery of the existence of the Treasury Department's adverse ruling quoted.

At Mr. Hayden's request Mr. Garfield accepted the assignment and rendered his opinion to Mr. Hayden under date of March 4th, to the effect that, in view of the facts submitted, "the Cleveland Community Fund and the Welfare Federation of Cleveland cannot legally continue the appropriations hitherto made to the Mational Consumers' Longue and the local Longue." The full text of Mr. Carfield's opinion follows:

Mies Wilma I. Ball, President, Consumers League of Ohio, Electric Building, Cleveland, Ohio.

My dear Miss Ball -

At a meeting of the Executive Committee of the Welfare Federation held yesterday, the enclosed communication from the Cleveland Community Fund was read and considered and I was directed to forward same to your organization for your consideration.

It is the conclusion of the Executive Committee that this mituation definitely restrains the Velfare Federation from making further remittances to your organization.

We very much regret this development and will be glad to assist in any way we can in the meeting of the emergency herein presented to your organization.

Yours sincerely,

(figned) F. W. Ramsey. President.

Rabbi Solomon Goldman, Jewish Center, E. 105 & Grantwood Ave., Cleveland, Ohio.

Dear Rabbi Goldman:

I am asking the clergy of the churches to be my guests at luncheon - Georgian Room, Cleveland Hotel, Wednesday, November 11th, at 1:00 P.M. for the purpose of sharing with them an emergency with which we are confronted in our pending Community Fund Campaign. I shall appreciate it very much if you can be present.

I am setting the time at 1:00 P.M. for the reason that many of the men will be attending the Armistice Day service at the Old Stone Church from 12:15 to 12:45 on this day.

I shall be very grateful for your

acceptance.

Sincerely yours,

Furfame

Chairman, Community Fund Campaign.

THE ORGAN PROGRAM, SUNDAY, NOVEMBER 15th

Mr. Beymer will play the following organ numbers on Sunday morning:

Prelude:

Allegro Giubilante	Federlein
Canzona in F	
Berceuse from "Jo	celyn"Godard
Postlude:	

Grand March from "Aida"......Verdi

THE RELIGIOUS SCHOOL RECORD FOR SUNDAY, NOVEMBER 8th:

Number of pupils belon	ging	1282
Number present		1200
Average attendance		94%

The following nine Classes had Perfect Attendance: 2D, Miss Gup; 5A, Miss Collins; 5B, Mrs. Coblitz; 5C, Miss Hurwich; 5F, Miss Rosen; 8B, Miss Friedman; 8C, Mr. Sacherow; 9F, Miss Strauss; 9B, Mr. Sacherow.

THE NORMAL SCHOOL FOR RELIGIOUS SCHOOL TEACHERS OPENED TUESDAY, NOVEMBER 10th

Those who are planning to attend the sessions of the Normal School for the Training of Jewish Religious School Teachers, should register at once. The first meeting and registration was held on Tuesday of this week. The Classes will meet at The Temple, on Tuesday afternoons from 4:15 to 5:45. Men and women who have had at least two years of High School training in any Temple or Synagogue may take the Normal School course.

JUNIOR CLUBS BEING ORGANIZED

Pupils of The Religious School will organize various activity groups during the next week:

Radio Club-Monday, November 16th, at 4:30.

Arts and Crafts-Monday, November 16th, at 4:30.

Camera Club-Tuesday, November 17th, at 7:30.

Book Readers-Friday, November 20th, at 4:30.

Dramatic Club-Friday, November 20th, at 4:30.

Announcement will be made in the Class Rooms on Sunday as to where these various groups will meet for organization. Be sure to secure the information from your teacher.

OUR COMMUNITY FUND

An earnest appeal is made to the members of The Temple to give most liberally to the Community Fund. The Community Fund is one of the most laudable institutions in our city. It unites all citizens in a common service of good-will and helpfulness. It supports all the philanthropic agencies of Cleveland—Jewish, Catholic and Protestant. Temple members are urged to give to the full extent of their capacity.

RABBI SILVER ADDRESSES COMMUNITY FUND RALLIES

Rabbi Silver addressed a rally of the Metropolitan Group of the Community Fund campaign of Cleveland at the Winton Hotel on Friday evening, November 6th, and on Monday, November 9th, he addressed a noon meeting, opening the Community Fund Drive in Columbus. On Sunday afternoon, November 15th, at 3 o'clock, Rabbi Silver will speak at the Community Fund Festival to be held in Masonic Auditorium.

RABBI SILVER'S FRIDAY EVENING STUDY GROUP RESUMES SESSIONS

The Friday Evening Study Group that has been meeting with Rabbi Silver for several years was recently entertained by Rabbi and Mrs. Silver. Regular meetings will be resumed on November 18th at 8 o'clock, in The Temple Library. This year's work will be devoted to the Literature of the Bible, with special reference to the development of religious ideas in Israel.

HAVE YOU JOINED THESE MEN'S CLUB GROUPS?

Gymnasium—Tuesdays and Thursdays—5:30 o'clock. Jewish History Class—Thursday evenings at 8:00 o'clock. Public Speaking Class—Thursday evenings at 7:00 o'clock. Discussion of Current Topics—Tuesday evenings at 8:00 o'clock.

For further information communicate with Mr. Sidney Weitz, Tel. Main 2161, or Mr. Bluhm at The Temple Office.

"MARY, MARY QUITE CONTRARY"

St. John G. Ervine's play, "Mary, Mary Quite Contrary," will be read by the Literary Group of The Temple Women's Association in Mahler Alumni Hall on Saturday afternoon, November 21st, at 2:30. The play is a delightful comedy in four acts and will be read by a capable cast coached by Mrs. Heydemann, promising an afternoon of unusual enjoyment. A cordial invitation is extended to all women of The Temple and their friends to attend.

DR. HENRY NEUMANN OF THE ETHICAL CULTURE SOCIETY OF BROOKLYN, N, Y., WILL ADDRESS THE NEXT MEETING OF THE CHILD STUDY GROUP

Dr. Henry Neumann of the Ethical Culture Society of Brooklyn, N. Y., will speak on "Father's Share in Child Training," at the next meeting of The Child Study Course which will be held in the Chapel at The Temple on Wednesday evening, November 18th.

Tickets for the entire Child Study Course, admitting two persons to each lecture, sell for \$2.00 and may be secured at The Temple Office. The lectures are open to the public.

THE MONDAY AFTERNOON STUDY GROUP

The Monday Afternoon Study Group had a splendid attendance at its opening meeting on Monday, November 9th. Mr. Wm. Francis Barnard is giving a series of lectures on "Evolution," the second of which, "How Evolution Came About," will be given on Monday, November 23rd, at 2:30, in Room 10 of the Religious School Building. Those who for any reason cannot take advantage of the entire course may attend the single lectures by paying an admission of 75 cents.

TEMPLE WOMEN REQUESTED TO REGISTER FOR A GYMNASIUM CLASS

A plan is on foot to organize a gymnasium class for women, under the auspices of The Temple Women's Association. If you are interested, please leave your name and address at The Temple Office.

"THE CHAMPION" TO OPEN THE ALUMNI PLAYERS' PROGRAM

The Alumni Players of The Temple Theatre Guild will give two performances of "The Champion" during the coming week, the first on Wednesday evening, November 18th, and the other on Sunday evening, November 22nd, in Mahler Alumni Hall. "The Champion," written by D. Lowden and A. E. Thomas, had a long and successful run in New York, with Grant Mitchell taking the leading part.

Tickets for "The Champion" may be secured at The Temple Office.

THE TEMPLE JUNIOR ORCHESTRA REHEARSALS ARE UNDER WAY

A very large attendance and unusual enthusiasm at the first rehearsal of the season augers well for a winter of successful work for The Temple Junior Orchestra, which began its rehearsals last Sunday afternoon under the direction of Professor Carl Dueringer. All young people of The Temple who are taking lessons and can play a string or wind instrument are cordially invited to join the Junior Orchestra. Come next Sunday to The Temple Gymnasium and register with Prof. Dueringer. The rehearsals begin at 4:30.

SHORT STORY CONTEST

For the best short story submitted by the children of the 4th, 5th and 6th Grades of the Religious School a prize of twenty dollars will be awarded. Stories should be handed in at The Temple office not later than January 3rd.

The Jewish Holy Days must be used as the theme of each story submitted.

A PURIM PRIZE PLAY CONTEST

A prize will be awarded for plays to be submitted in a Purim Play Contest in The Temple Religious School. The prize is offered for the best play written by pupils of the 7th, 8th and 9th Grades.

The Prize Play will be presented at the Purim celebration on February 28th.

All plays are to be handed in at The Temple Office not later than January 3rd.

THE TEMPLE BULLETIN, published weekly from the middle of September to June, by Tifereth Israel Congregation, Cleveland, Ohio

Benj Lowenstein, Prest. Emanuel Einstein, Treas.

A MEMORIAL GIFT TO THE LIBRARY FUND

The following friends and relatives of Miss Lucille Ruth Klein have made a generous gift to The Temple Library for memorial books in her memory: Mr. and Mrs. I. Klein, Mr. and Mrs. Fred Hertz, Mr. and Mrs. Meyer Firth, Mr. and Mrs. William Greenbaum, Mrs. Sol Firth, Mrs. Yetta Kline, Mr. and Mrs. A. L. Klein, Miss Pearl Schwarz, Miss Anna Klein, Mr. Elmer Loeb, Miss Ethel Strauss, Mr. Alfred Dryfoos, Mr. and Mrs. Jack Kaufman of Buffalo, Mr. and Mrs. N. Meyers of Buffalo, and Mr. and Mrs. S. P. Fisher of Bellefontaine, Ohio.

> We record in deep sorrow the death of MR. HERMAN GLICK and extend the condolences of The Temple to the members of the bereaved family

Your Community Fund Gives all the time November 15 to 23

Look!

STUDY the pictures on these two pages-they indicate the types of humanitarian service your Community Fund gift helps provide.

On this page you see: a child in a day nursery, a family in need, a Girl Scout making books for the blind, and a scene in a hospital.

Opposite are: an old lady at a home for the aged, happy children at a rescue home (two pictures), and an orphan girl at play.

Last year's gifts did these good deeds. We face another year of need. And so November 15 to 23 is

Time to Give

Read!

MEN and women leaders in various walks of life tell you in the following pages what they think of the Community Fund.

We have asked these recognized leaders to give in their own words their convictions about the Community Fund as it touches our city, its business, its character, its health, its youth, its homes and its faith.

From the glimpse of manifold services of Fund agencies pictured here, turn to these expressions of men and women who are in a unique position to know that

Your Community Fund gives all the time

Goal \$4,600,000

What the Community Fund Means to Us and Our City

HON. WILLIAM R. HOPKINS, City Manager City of Cleveland

The Community Fund gives us another chance to uniteallour people in voluntary and generous support of our philanthropic institutions. Once more we may show our appreciation of a great

organization which has made all

these institutions more efficient. Once more we may put our gifts into the wisest and best of hands and through it have a share in more than a hundred noble enterprises. Fill up the Chest so that out of it may come help for the needy, health for the sick, encouragement for the worthy, a stronger sense of the unity of our people, a finer pride in our city and new lustre for the name of Cleveland, "The City of Good Will."

Why the Goal is \$4,600,000

QUITE apart from the fact that this has been a generally prosperous year for Community Fund donors there is every reason for giving generously toward the goal of \$4,600,000, or \$100,000 more than last year.

Our city grows apace — we have added upwards of 200,000 to our population in the past five years. And this increase has been quite largely in the ranks of wage earners — folks that commonly need Community Fund services rather than those in position to support these services.

Then too, we have awakened to a greater *appreciation* of needs. Our enlightened community would not tolerate the meager and totally inadequate service offered some years ago to the orphan, the widow, the physically handicapped.

There is a demand for constructive measures — that we not simply ameliorate suffering but that we reestablish these people so they may carry on for themselves to every extent possible.

This brings us to the rising cost of services. The thoughtful giver recognizes that costs in his own business and in his own home have increased. Similarly our welfare agencies, despite rigorous economy, have been unable to hold their budgets stationary and yet perform the services expected of them by the public.

Our City's Business

SAMUEL MATHER Pickands, Mather & Company

While I am keenly aware of the great humanitarian and social advantages embraced in the Community Fund, I want here to point to the Fund as a business asset to Cleveland.

Certainly any program that promotes our city's physical, intellectual and moral health promotes the cause of sound business as well.

The Fund makes possible to Cleveland's people an added measure of health and happiness: it safeguards the home and the spirit of home life. It therefore unquestionably makes Cleveland a better and safer place in which to establish one's business.

To any business man the Community Fund must commend itself for successfully applying accepted business principles and practices to social welfare.

The Fund makes possible scientific budgeting, the elimination of waste, the control of all expenditures, and uniform audit and accounting. Thus, it secures more service for every dollar it spends than is possible in any other way known.

The cost of raising the money itself is reduced to a minimum. No longer do we have the professional money-raiser in the field. The Fund provides the money in advance of the need and earns a

handsome interest on its own invested funds.

The busy business man is saved the annoyance of one hundred separate campaigns —two a week would be necessary were it not for the Community Fund.

Finally, the Fund appeals to me as a fine advertisement of the spirit and loyalty of our city which attracts to us the respect and admiration of the whole country.

The need for the work supported through the Community Fund is too obvious to be questioned. And, since all business interests unite in the benefits of the healthier and happier community which results, it is a duty of all to unite in the financial support of this vital, moving force.

I commend the Community Fund to every business concern and every individual of our city in the faith that their responses in the present campaign will be most generous.

The pen electedees by Joseph Jicha of Cleveland, ask a question: "Will you help the Community Fund in its work for a better, happier, healthier Cleveland?"

Our City's Character

MISS LINDA A. EASTMAN, Librarian Cleveland Public Library

The character of any community can be determined to a marked de-

gree by the extent to which it reads books. Cleveland has a book reading public as evidenced by the circulation of books of the Public Library which surpasses that of any other

city of comparable size.

I am convinced that many agencies supported through the Community Fund contribute definitely to the character of our city. The Public Library maintains branches in some of these — for example, in certain settlements. In my position as Librarian I naturally come into touch with our foreign element and I know the assistance in making citizens of these people given by such agencies as the Travelers' Aid Society, the Citizens' Bureau, settlements, the Y.M.C.A. and Y.W.C.A.

Certainly the protective work of such groups as the Women's Protective Association and the Big Brother and Big Sister organizations does much to build and preserve character.

The arts and craft work, nature lore and supervised recreation of such organizations as the Boy Scouts and Girl Scouts, Girls' Council, Camp Fire Girls and the Recreation Council certainly do much to ennoble the ideals of our city's younger citizens.

How Your Fund Dollars Work

Our City's Health

DR. H. L. ROCKWOOD, Health Commissioner City of Cleveland

The reputation which Cleveland has earned for a high standard of community health depends for its achievement and must continue to depend for its continuance on the community efforts of all of the various community agencies which are concerned with activities related to the prevention of diseases and the care of the sick.

The city Division of Health recognizes many of the agencies supported by the Community Fund as indispensable and necessary allies in maintaining the standards of community health which we now enjoy.

In the Fund recreation agencies and summer camps public health is fostered by bringing a better physical state to many in the community who would be otherwise among our health liabilities. The Associated Charities workers are constantly teaching public

health in relation to home economics. The Visiting Nurse Association has for many years played a vital part in rendering bedside care and teaching hygiene in homes where they are called.

Too much appreciation of the important part played in community health cannot be given the eighteen hospitals and dispensaries supported in part or entirely through the Community Fund. These institutions restore health and life to many each year.

Prompt Emergency Aid

YOUR Community Fund was ready when President Coolidge appealed to all cities for Florida tornado relief.

Cleveland's contribution of \$100,000, first among all cities, came from the reserve of the Community Fund maintained for national and local emergencies.

This prompt gift represented the 450,000 donors in the 1925 Fund campaign. Cleveland "came through" while other cities were still organizing special drives.

Now we face the necessity of replenishing the reserve fund which stands below the safety point. Donors will appreciate that an adequate reserve is just good business and will approve its inclusion in the budget.

Our City's Youth

R. G. JONES, Superintendent Cleveland Public Schools

In neither industry, nor wealth, nor geographical location — im-

portant as these are — is to be found the reason for Cleveland's civic greatness.

We must look further for that reason, and the quest is not difficult. A recent visitor found it, as so many visit-

ors do, and he expressed it in these words:

"The people of Cleveland are in a class by themselves. They are just folks — very substantial, kindly, generous, and considerate. This plain gentleness — wholesome, genuine, and unaffected — is met everywhere in Cleveland.

"The city's newspapers are a mirror of its civic emotions and sympathies. You read in them just what I have been trying to describe. You see it in public gatherings in which Cleveland people participate. You find it reflected in the municipal ideals, of which certain public and private works are concrete forms."

One of these "works" to which our visitor surely had reference, for it is so outstanding in its significance and worth, is the Cleveland Community Fund. The Fund is now an established Cleveland institution, as much a part of our civic structure and as fully deserving of our willing and generous support as our system of municipal government and public education.

Those of us close to the many problems of the public school system know that the successful education of our children rests upon the existence of favorable influence quite out of control of the educational authorities but, fortunately, within the reach of the many agencies of the Community Fund.

The creation of better home life, the setting up of higher recreation standards, the effective preventive measures against disease and other forms of human misery, and the building of a city environment increasingly fine and wholesome all these are being achieved through the Community Fund.

All these are as essential to sound education as reading, writing, and arithmetic.

We who are engaged in education in Cleveland know this. And that is why once again we pledge the Community Fund our wholehearted support!

Our City's Homes

MRS. WALTER H. MERRIAM Member Community Fund Council

Successful lives, I find, are those with the right sort of a *home* as a background.

For this reason it is our ambition to make Cleveland the best kind of a *home* town.

All through Cleveland's welfare work you will find as its keynote the preservation and up-building of the home.

The children's agencies make every effort to keep the child's home together, placing him in an orphanage only as the last resort and then only until his home can be reestablished or a good foster home secured.

Girls coming to our protective agencies are found almost always to have come from bad home surroundings. We try to correct them in every case and then to reconcile the dissatisfied and unfortunate girl to the improved home conditions.

Many years ago our family relief work ceased to be merely the giving of groceries, coal and clothing and went on from that to the creation

of a home love and a home respect on the part of all family members.

The visiting nurse does her work in the home; the Red Cross teaches home care of the sick; hospitals maintain "out-patient" de-

partments, even treating diabetes by insulin *in the home*; when a child shows behavior problems the Child Guidance Clinic studies his *home* situation.

So we find in all of our many and diverse avenues of service an emphasis on the home and an effort to preserve and to strengthen it as an influence for good on its members and on the community.

And that, perhaps, is what I like best about this great Community Fund program.

Saving Cleveland 110 Expensive Campaigns

THE Welfare Federation and the Jewish Welfare Federation save money by supervision of agency budgets and programs.

The Community Fund conducts the campaign and provides yearround collection of pledges, publicity, safeguarding and disbursement of funds and building of contributors' lists. The Fund and Federations annually cost less than six cents per dollar given.

Our City's Faith

REV. DR. DAN F. BRADLEY, Pastor **Pilgrim Congregational Church**

The Community Fund completely meets the admonition of St.

James, who says in his Epistle, "Of what use is it my brethren for anyone to say that he has Faith if he has not Works? If a brother or sister is naked and lacks food for the day, and one of you

says to them, 'Go in peace, be warmed and fed,' but you do not give them what the body needs, what is the good of it? Faith

by itself is dead." The Community Fund has come to the rescue of churches and good people who formerly gave help, hit or miss, conscientiously wishing to back up Faith with Works, but finding it impossible to know where to help outside of their own membership without neglecting the real need or injuring society and the recipient.

Now Faith knows that its Works do apply exactly and completely to the actual hungry and naked brother. The Community Fund is the Church's best almoner.

THE RT. REV. BISHOP JOSEPH SCHREMBS, Roman Catholic Diocese of Cleveland

The Cleveland Community Fund is the outcome of a thorough study of the great social and moral needs of the community. These needs and their relief are intimately bound up with religion which is one of the greatest assets of any community.

The outstanding fact that social and charitable needs of the less fortunate members of the community are not unheeded, and that the Cleveland Community Fund appeals to the conscience of the community

for their relief, cannot fail mightily to stir religious faith.

The kindly religious tolerance and spirit

of good will which are such an outstanding fact in the civic life of Cleveland are due in a large measure to the Cleveland Community Fund.

Where religious faith is strong, where charity abounds, where good will unites citizens for the welfare of all, there indeed is a city worth living in.

RABBI ABBA HILLEL SILVER, D.D. The Temple

"And if thy brother be waxen poor then thou shalt uphold him."

This divine mandate is at the bottom of the Jewish conception of

social service, as well as of that noblest institution of our city-The Community Fund.

Every human being in distress is my brother, and to uphold him is my sacred duty as a child of God. Charity

is justice wedded to tenderness, right-cousness made lovable through sympathy. To do justice is to love mercy.

Human life is a co-operative experiment. No man can develop himself solely through his own resources. It takes the best in our neighbors to bring out the best in us. Hence the very progress of society depends upon our readiness to share the gifts of our life with other men.

Blessed is the community whose strong men care for the weak, whose wise men guide the steps of youth and whose poor are the wards of those whom fortune has favored more.

May Cleveland be thus blessed.

One Great Community

Community Fund supported services extend into the suburbs and many are county-wide

THE services of the Community Fund cover the territory of Greater Cleveland; many are county-wide. They reach into every section of the city and touch the daily lives of rich and poor alike. You have only to imagine a city without these services to answer the question "Why should the citizens of a suburban community support the Community Fund?"

The following agencies are organized with district headquarters or branches in order better to serve outlying communities:

Associated Charities, 12 district offices; Visiting Nurse Association, 6 district offices; Maternity Dispensary, 8 district dispensaries; Y.M.C.A., 13 branches; Y.W.C.A., 10 branches.

The Humane Society, the Red Cross, the Children's Bureau, and the Women's Protective Association are four examples of agencies working from downtown headquarters largely, but serving the entire county.

The 18 Community Fund hospitals are strategically located to serve all sections of the county. A map giving the locations of the 390 Boy and Girl Scout and Camp Fire groups would have every neighborhood represented. Fund services are well distributed.

It could be shown for instance that in the Collinwood district are located an Associated Charities District office at 15201 St. Clair Avenue, a Maternity Dispensary at 12718 St. Clair, a Salvation Army headquarters at 823 E. 152nd Street, a Y.M.C.A. Community Branch at 859 E. 152nd Street and a Railroad Branch at 615 E. 152nd Street, a Y.W.C.A. Branch at 833 E. 152nd Street and Residence Hall at 15215 Plato Avenue, and Women's Protective Association office at 937 E. 152nd Street.

In Lakewood there is an Associated Charities office at 11707 Detroit Avenue, a Y.M.C.A. Branch at 15726 Detroit, a Y.W.C.A. Branch at 14618 Detroit, a Day Nursery at 2070 Dowd Avenue, a Visiting Nurse district office at 11705 Detroit Avenue, and Lakewood Hospital at 14519 Detroit Avenue with a Dispensary at 12611 Madison Avenue.

In East Cleveland we find branches of the Y.M.C.A. and Y.W.C.A while nearby and easily available are the Babies' Maternity, and Mount Sinai Hospitals, and offices of the various districted agencies.

Much the same could be said for the other outlying sections of this community. Within the whole area of Greater Cleveland, there are no geographical divisions limiting the services of Fund agencies. These services are rendered wherever the need exists and look for support from those more fortunate wherever they may live, on the assumption that this is one great community interested in the welfare of all.

An Accounting to You

O^N the remaining pages you will find the complete 1927 budget, the service records of Community Fund agencies for the past year, and the auditors' report of the Fund's finances.

Here you may learn the amount of money any particular agency receives and what it does with it.

The detailed 1927 Community Fund budget appears on pages 12 and 13. It should be understood that these estimates do not commit the Fund to make corresponding appropriations. The Fund will make its best effort to obtain at least the aggregate named and will apportion it in general conformance with these estimates, depending always upon consideration of the resources available and the needs as they may develop during the coming year. Any balance in the Community Fund, unexpended or unappropriated on January 1, 1928, will be considered available for Community Fund purposes requiring support during the year then beginning.

AUDITORS' REPORT Period from Nov. 16, 1925 to Sept. 30, 1926

Mr. Charles E. Adams,

October 6, 1926.

General Chairman, Cleveland Community Fund, Cleveland.

Dear Sir:

In compliance with request, we have audited the recorded Cash Receipts and Cash Disbursements of the CLEVELAND COMMUNITY FUND, for the period from November 16, 1925 to September 30, 1926, and submit herewith our report.

We have included herein a summary of the recorded Cash Receipts and Cash Disbursements for the period named, together with a summary of pledges in connection with the 1925 Campaign, showing the total pledges, payments received and the balance unpaid at September 30, 1926. There are also submitted exhibits showing Disposition of Balance of 1925 Fund, Appropriations, Payments thereon and Unpaid Balances at September 30, 1926, Expenses applicable to the 1925 and 1926 Campaigns, and Administration, Collection and Publicity Expenses for the period from January 1, 1926 to September 30, 1926.

All recorded Cash Receipts for the period from November 16, 1925 to September 30, 1926 were traced by us directly into the bank deposits, and we found all recorded Cash Disbursements for the same period to be supported by cancelled bank checks and other data on file, with the exception of the checks cutstanding at September 30, 1926. Cash on hand September 30, 1926, was verified by actual count, and Cash on deposit by direct correspondence with the depository bank. Certificate of Deposit and Liberty Bonds were accounted for by direct confirmation to us by the bank holding same for safekeeping.

(Seal)

Very truly yours, ERNST & ERNST, Certified Public Accountants.

The Community Fund now has in preparation its annual campaign booklet which, about a week prior to the campaign,

will be distributed to 130,000 Clevelanders. About a week now remains before this booklet must go to

press.

Mr. Ramsey, Campaign Chairman, has approved a plan whereby the booklet will comprise a series of statements by representative Clevelanders commending the relation of the Community Fund with the several outstanding phases of community life, such as the community's Health, - Homes, -Business, - Religious Faiths, - and its Young People and the general character of its citizenship.

It is Mr. Ramsey's earnest wish that you will be willing to provide us with a brief statement which, with your photograph, will occupy space in this booklet, the topic assigned you being the Community Fund in relation to Religion or Religious Faith. This statement should approximate 100 words in length.

If agreeable to you we should be glad to have you emphasize the Jewish conception of social service which, we understand, is that the strong should assist the weak as a matter of simple justice, and that this conception of philanthropy is exemplified by the Community Fund.

We are suggesting somewhat different, though not conflicting, treatment of the religious theme to Bishop Schrembs and Rev. Dan F. Bradley.

Please feel perfectly free to prepare your own statement, however, in any manner that seems best to you. We may venture to suggest minor modifications in any of the statements sub-

Time to Give-Eighth Campaign, November 15-23, 1926

Rabbi Abba H. Silver

mitted, in compliance with our request, but only if necessitated by considerations of general unity of our booklet plan. All such suggestions would, of course, be subject to approval by the author of the statement.

You will be interested in knowing that our assignment of topics is as follows:

Introduction, -	City Manager Hopkins
Health, -	Dr. H. L. Rockwood
Character, -	Miss Linda A. Eastman
Youth, -	Supt. R. G. Jones
Faith, -	(Rabbi Abba H Silver (Bishop Schrembs (Rev. Dan F. Bradley
Industry, - Homes, -	O. P. Van Sweringen Newton D. Baker

Necessary consent has not yet been secured from them but we anticipate their willingness to cooperate in the plan.

Because of limitations of our time schedule it would be most helpful if you are willing to let us have your statement by Wednesday, October 5th, when we shall be glad to send a messenger to your office for this purpose.

Sincerely yours,

Kenner & Stringes

Dear Rabbi Silver:

Our Community Fund Campaign has its official opening Monday evening, November 15th, at 6:00 P. M. at the Chamber of Commerce Hall.

We wish to emphasize at this opening meeting the great spiritual values contained in our Community Fund plan and we would, therefore, appreciate it very much if you would share the speaking time with Bishop Rogers and Bishop Schrembs on this occasion.

There is so much to do on this opening night that we are obliged to place a limit of fifteen minutes on each of the speakers, but I have heard you put across some very great messages in this space of time and know that you can pack the minutes with thoughts that will greatly stimulate and inspire the organization for the heavy task before them.

Appreciating keenly all of your fine service to the city, and hoping that you can respond to this call, I am

Sincerely yours, Campaign Chairman

October Twenty-shared

Mr. Fred W. Ramsey, Campaign Chairman, Cleveland Community Fund, Electric Building, Cleveland, Ohio.

My dear Mr. Ramsey.

I have your kind letter of October nineteenth, inviting me to be one of the speakers at the opening meeting of the Community Fund campaign, Monday evening, November 15th, at 6:00 o'clock, at the Chamber of Commerce Hall.

I shall be very gladtto share the speaking time with Bishop Rogers and Bishop Schrembs and shall confine myself to the fifteen minute period allotted to each of the speakers.

With kindest regards and looking forward to a successful campaign, I am

Dear Rabbi Silver:

Enclosed is a copy of the new Community Fund campaign book which has just come from the press.

The Community Fund warmly appreciates your help in the preparation of this book and hopes that you will be pleased with the publication as a whole.

The fact that distinguished Clevelanders, like yourself, are willing to commend the Fund to the public is most impressive to our contributors and most helpful to the campaign forces.

With sincere appreciation, I am

Very truly yours,

Recuetty Strenges

Director

Time to Give---Eighth Campaign, November 15-23, 1926

"And if thy brother be waxen poor - then thou shalt uphold him".

Community Chest

This divine mandate is at the bottom of the Jewish conception of social service, as well as of that noblest institution of our city - The Community Fund.

Every human being in distress is my brother, and to uphold him is my sacred duty as a child of God. Charity is justice wedded to tenderness, righteousness made lovable through sympathy. To do justice is to love mercy.

Human life is a cooperative experiment. No man can develop himself solely through his own resources. It takes the best in our neighbors to bring out the best in us. Hence the very progress of society depends upon our readiness to share the gifts of our life with other men.

Blessed is the community where strong men care for the weak, where wise men guide the steps of youth and whose poor are the wards of those whom fortune has favored more.

May Cleveland be thus blessed.

Rabbi A. H. Silver The Temple Cleveland, Ohio

Dear Rabbi Silver:

Our cloth banners for display on certain prominent buildings to promote the Community Fund campaign November 15 - 23 are more attractive, we believe, than any used in past years. The sign carries the picture of the crippled boy which will be used on all posters, billboards and other campaign publicity items.

In the past we have asked you each year to display one of these signs and this permission has always been promptly and generously given.

This year, in the interest of economy of postage and clerical work, we are reversing this procedure and asking you to let us know if it is not satisfactory for us to have one of these signs erected on your premises.

The signs, which are 3 ft. x 12 ft., are being made by the Cleveland Show Card Company, who will erect them the first week in November. We are turning over to them the list of churches and other institutions where these signs have been placed in other years and asking them to follow any special instructions given us in the past in certain instances for the erection of these signs.

If there is any reason why you do not wish one of these signs displayed, please drop us a line or phone us immediately.

Thank you for your continuing cooperation which has meant so much to the annual success of the Community Fund drive.

Sincerely yours,

Inald M. Vance

Publicity Secretary

Rabbi Abba Hillel Silver, Cleveland, Ohio.

Dear Rabbi Silver:

Will you be my guest at an informal dinner I am giving in honor of our Community Fund Campaign leaders at the Mid-Day Club, 6:30 P. M., Monday, November 8th?

I am especially pleased to tell you that Dr. George E. Vincent, probably the most brilliant speaker in America, will be with us. You will recall that Dr. Vincent was for many years President of the University of Minnesota and is now President of the Rockefeller Foundation. He is widely known as an author, educator and scientist.

Your attendance at this dinner will be most encouraging to our campaign organization. I hope you can accept and help me show these leaders the high appreciation we have of their service to the city.

Sincerely yours,

November 2nd, 1926.

C 1×

Mr. Samuel ather, Union Trust Building, Cleveland, Ohio.

My dear Mr. Mather,

Permit me to thank you for your courtesy in inviting me to attend a meeting of the Community Fund Campaign Workers on Monday, November Sth. I would gladly have availed myself of your kind hospitality but I am scheduled to address a gathering in New York City on that day.

Thanking you for your kindness, permit me to remain

Rabbi A. H. Silver The Temple E. 105th & Ansel Rd. Cleveland, Ohio

Dear Rabbi Silver:

Unemployment and increased needs have caused an emergency situation in Cleveland which agencies supplying clothing have been unable to meet. The notice below is self-explanatory.

We would appreciate it very much if the item could be inserted in your church bulletin, for this week.

May we suggest that an announcement from your pulpit would be very helpful?

"Recognizing an emergency existing in Cleveland, resulting from unemployment and an increased need, the Salvation Army, Goodwill Industries, and Associated Charities are making a joint appeal for clothing, overcoats, shoes, underwear, garments which may be given people, especially men, who are scantily clothed.

"A truck will call for your contribution. Call Welfare Federation, Superior 7000, and ask for 'Emergency Clothing'.

Thank you.

Yours very truly,

Community Fund Publicity Department

Supported by the Community Fund

WILLIAM GANSON ROSE 3030 Euclid Avenue

CLEVELAND

September 20, 1928

Rabbi Abba Hillel Silver The Temple East 105th St. & Ansel Rd. Cleveland, Ohio

My dear Rabbi Silver:

For the Community Fund this year I am again making a motion picture to be shown in the theatres throughout Greater Cleveland. The title is "What Do You Think?" and in the picture I want to present you, City Manager Hopkins, Bishop Schrembs, Welfare Director Blossom, Dr. Bradley, Dr. Rockwood and possibly one or two others.

The "Thinker" in front of the Art Museum will afford the theme for the picture and, if we may have your approval, the question "What do you think, Rabbi Silver?" will be shown followed by a motion picture of you which in turn will be followed by a brief expression concerning the Community Fund. The same plan would be followed in connection with the others mentioned.

We want to make each title as brief as possible, not more than ten to eighteen words. For example, Dr. Rockwood could express the following opinion, "The Community Fund has helped to make Cleveland the healthiest large city in the country. " Manager Hopkins might say, "Cleveland's progress is due largely to Cleveland philanthropy. Back the Community Fund, promote the city's welfare."

Mr. Heisler of the Alpha Motion Picture Company will telephone to make an appointment and will gladly take his camera to the most convenient point for you. Will you be good enough to send me the expression to accompany your picture.

We feel that this picture will have a helpful effect upon the citizenship and your cooperation will be highly appreciated by the Fund's Campaign Committee.

Sincerely yours,

Chairman Motion Picture Committee

WGR:ATL

Sept. 25th,1928.

Mr. William Ganson Rose, 3030 Euclid Ave., Cleveland, Ohio.

My dear Mr. Rose :-

Permit me to acknowledge your letter of September 20th.

I shall be most happy to assist in whatever you have planned in the way of a motion picture to be used in connection with the forthcoming Community Chest Drive.

Does the following sentiment about the Community Fund fall in with your plans?

"The Community Fund is teaching Cleveland the full meaning of service, the value of organization and the beauty of cooperation in works of mercy."

With kindest regards, permit me

to remain

CHARLES E.ADAMS 4518 LARESIDE AVENUE CLEVELAND

Dec. 26th, 1928

Rabbi Abba Hillel Silver, The Temple, Ansel Rd., Cleveland, O.

My dear Rabbi Silver :-

I have wanted to give myself the privilege of having a little dinner in honor of Fred Ramsey in connection with his acceptance of the greater work of the Y.M.C.A. and the necessity of his severing of a good many connections with different organizations that he and I have been mutually interested in. This dinner is not in the nature of a farewell dinner at all, because he will still be here with us, altho his duties are changed.

I am inviting just a few of our mutual friends, one of whom is yourself. Could you have dinner with us on Monday evening, Jan. 7th in the Rose Room on the main floor of Hotel Cleveland at 6:30 P.M.: May I say that this will be a strictly informal dinner, and will be a gathering together of a few of his personal friends with whom he has had more or less activities in the years gone by.

I certainly hope you will be able to accept this invitation, and I shall appreciate it if I may have an acceptance by return mail.

Monday evening, Jan. 7th, Rose Room, Cleveland Hotel, strictly and absolutely informal, - Tuxedes and full dress barred at the Hotel entrance.

Awaiting your reply and with kind personal regards, I am,

Very truly pours. Adams

Dec. 28th,1928.

Mr. Charles E. Adams, 4518 Lakeside Ave., Cleveland, Ohio.

My dear Mr. Adams:-

Permit me to thank you for your kind note of December 26th and for the invitation to attend a dinner in honor of Mr. Fred Ramsey on January 7th. Nothing would give me greater pleasure than to attend such a dinner and express my great appreciation of the truly remarkable service which Mr. Ramsey has rendered our community.

Unfortunately I have a long standing engagement with the Sinai Forum of Chicago to deliver an address that evening and I am afraid that I shall not be able to cancel that engagement.

Will you not convey to Mr. Ramsey my regrets at this involuntary absence from a meeting which I would most eagerly attend.

With kindest regards, permit me

to remain

Very sincerely yours,

AHS/IR

CHARLES E.ADAMS 4518 LARESIDE AVENUE CLEVELAND

Dec. 31st, 1928

Rabbi Abba Hillel Silver, The Temple, City.

My dear Rabbi Silver; -

Out of seventy-five invitations to our little dinner for Fred Ramsey, I have so far had three declinations, and as might almost always be expected, those were from three of our star friends that somehow we would rather have come than anybody else. One from Newton Baker, with a perfectly legitimate excuse of illness keeping him from any outside engagements, one from John Severence, who is on his way to Pasadena, and one from your good self, with a perfectly legitimate engagement at Chicago.

I could not hope to have you cancel it, but I shall take the opportunity of reading your letter at our little dinner, and we shall all miss you very much indeed. It is going to be very informal, just a gathering together of a few of his very choice friends of all denominations, for a social evening together, and to show our love and affection for a great man in this great community.

Wishing you a very Happy New Year, and with kind personal regards, I am,

Very truly yours,

Mar & Adams

FOUNDED 1919

Dear Rabbi Silver:

A speakers' service that is particularly attractive to church organizations of every type is offered your church through the Speakers' Bureau of the Community Fund. During the last few months we have furnished speakers for Sunday School classes, Wednesday Night Forums, Young Peoples' meetings, Men's Church Clubs, Women's Bible classes, Mothers' Clubs and even Sunday morning services.

We should like to place on our mailing list any organizations in your church which you think would be interested in our service. A blank is enclosed for your convenience.

A number of church clubs call upon us regularly for speakers. Our long list of speakers interested in every phase of social service makes it possible for us to plan an interesting and varied year's program. Many other churches call upon us for special occasions such as Mother's Day, Father's Day, Hospital Day, and of course, Community Fund campaign.

We should be glad to serve you in any way that we can.

Yours very trul

Secretary, Speakers' Bureau.

CLEVELAND SOCIAL HYGIENE ASSOCIATION 621 Federal Reserve Bank Building Cleveland, Ohio

The Cleveland Social Hygiene Association takes pleasure in announcing that Mr. Paul Popence will address its Luncheon Meeting in the Rose Room of the Cleveland Hotel at twelve fifteen P. M. on Monday, August nineteenth.

Mr. Popence of the Human Betterment Foundation of Pasadena, California has been engaged for several years in research and writing, the results of his investigations and studies having been embodied in a score of articles published in various scientific journals. Mr. Popence was formerly editor of the Journal of Heredity. He is the author of a number of standard books in his field: Applied Eugenics (with Roswell Hill Johnson), 1918; Modern Marriage: a Handbook, 1925; The Conservation of the Family, 1926; Problems of Human Reproduction 1926; The Child's Heredity, 1929; and Sterilization for Human Betterment (with E. S. Gosney), 1929.

The Cleveland Social Hygiene Association is taking advantage of Mr. Popence's services as he stops over in Cleveland on his travel west from conducting a course on Eugenics and Heredity in the summer school of Columbia University.

[1929]

THIS SIDE OF CARD IS FOR ADDRESS

Dear Rabbi Silver: Last year you kindly allowed us to

Rabbi A. H. Silver,

Cleveland, Ohio.

The Temple,

erect a cloth Community Fund sign on the property of The Temple. The Campaign dates this year are Nov. 18 to 26, inclusive. May we again ask your permission to erect a similar sign this year?

The sign would be approximately 3 ft. high by 12 ft. wide, stretched on a wood frame. We plan to have them erected about Nov. 7, and to remove them immediately following close of the campaign. We will take care of all details of putting up and taking down this sign, and will see that no damage is done to church property

Advertisements such as these signs are necessary for our publicity program and let me assure you that your cooperation in the matter is fully appreciated.

Vam enclosing a postal card for your convenience in replying.

Very truly yours,

Fr. Cashilo Froster

F. Carlisle Foster, Publicity Chairman.

May 18, 1931

Raymond Clapp, Director

Rabbi A. H. Silver The Temple Cleveland, Ohio

My dear Rabbi Silver:

A friend of mine, George R. Bedinger of Philadelphia, has written as follows, asking a question which I should like very much to answer as fully as possible:

"I am to give a talk entitled "The Spiritual Effects and Values of Community Chests" at the National Conference of Social Work in Minneapolis on June 18, under the joint auspices of the Social Service Commission of the Episcopal Church and the Federal Council of Churches.

"I feel that a big spiritual gain through a Community Chest is the breaking down of intolerance. When Catholics, Jews and Protestants, sitting together on the Community Chest Board and Committees, consider jointly the service rendered by the Catholic, Jewish and Protestant agencies and work together for their support, a lot of racial and religious antagonism should vanish.

"Am I right? Have you any "telling concrete examples of the breaking down of racial or religious intolerance(usually based on ignorance), due to the development of a Community Chest?"

In order to give Mr. Bedinger the information he wants, I am sending the question on to you and asking what you have to suggest as "telling concrete examples of the breaking down of racial or religious intolerance (usually based on ignorance), due to the development of a Community Chest?"

Sincerely yours, Engral Ug

Dear Rabbi Silver:

Enclosed is an article that appeared in the Press today as a result of the photograph taken and data obtained at the budget meeting yesterday.

I think that it is very important that the people of Cleveland gain a better understanding of the way in which budgets of all 110 Community Fund agencies are scrutinized, and this type of publicity helps to get that knowledge across.

I thought you would be interested in seeing the article.

Very truly yours,

ETM : MEM

Dear Rev. Silver:

Churches each year permit the Community Fund to erect cloth banners on their property, and I am writing to see if you will allow us to do the same at your church this year.

These signs are approximately 3 ft. high by 12 ft. wide, mounted on wooden frames. Some churches prefer to have these banners erected over the door while others have them erected in the church yard.

We plan to erect these signs about November 6th, to remain through the campaign which ends November 24th when they will be promptly removed. We will take care of all details of putting up and taking down the signs and will see that no damage is done to your property.

These signs prove very helpful and any cooperation you give us will be appreciated.

I am enclosing a postal card for your convenience in replying.

Very truly yours. D. Carliele Josta

THIRTEENTH ANNUAL CLEVELAND COMMUNITY FUND CAMPAIGN NOVEMBER 16-24, 1931

FCF:MEM

All the forces for good in this community are bound together in the determination that there shall be neither hunger nor cold among our people this winter by reason of the employment situation. The Community Fund will make an extraordinary effort. Work for nation, state, county and city will be made available where possible, but to these must be added direct relief provided by the local public authorities. The one mill levy is the official public response to this duty and the voters of the county should back up the public authorities in their determination to drive the specter of undeserved want from the homes of our people.

The addition of one mill is a small item in our tax bills, but it will produce a sum which will be the measure of the difference between success and failure in our relief plans. The levy should be unanimously carried at the polls.

(signed) Newton D. Baker

Rabbi Abba Hillel Silver, The Temple, Ansel Rd. & E. 105th St., Cleveland, Ohio.

Dear Rabbi Silver:

Would you be willing to introduce Newton D. Baker, the principal speaker, at our Community Fund Festival program, Sunday afternoon, November 15, at the Music Hall of the Public Auditorium? The meeting will be from 3:00 to 5:00 P.M. and will be broadcasted by local stations and, in part, by the national networks.

We are also asking Dr. Philip S. Bird to make a brief invocation at the opening of the program, and Bishop Schrembs to make a short closing prayer. By these means we are preserving the interdenominational character of the Festival, while assigning the main speaking time to Mr. Baker, complying with arrangements outlined to us by the Owen D. Young Committee on Mobilization of Relief Resources, under Mr. Gifford's Committee, to whom we are indebted for the national broadcasting feature.

The Festival will include numbers by the Cleveland Orchestra and the Orpheus Chorus. I very much hope you can be with us.

Sincerely yours,

Kenne X Striges

General Manager.

My dear Rabbi Silver:

At the request of Mr. Edwin Baxter, Campaign Chairman, I am writing to tell you that we should like to have you as a guest at one of the campaign luncheon report meetings next week. The luncheon starts promptly at 12 and the business is over by 1:30. The meeting place is the Ballroom, North Wing of the Public Auditorium.

Will you please note on the enclosed post card the day on which it would be most convenient for you to attend as well as the days you cannot attend. We shall then reserve a place for you at the guest table on the platform, on the day you prefer if possible, and mail you a ticket.

Sincerely yours,

Rabbi Abba Hillel Silver, The Temple, Cleveland.

My dear Rabbi Silver:

We are glad to reserve a place for you at the Community Fund campaign report meeting at 12 o'clock Tuesday, November 17, in the Ballroom, North Wing, Public Auditorium. The most convenient entrance is through the East Sixth Street doorway which is nearest Lakeside Avenue. Elevator service is available to the Ballroom.

Will you please present the enclosed ticket at the entrance to the Ballroom.

Sincerely yours,

Raymond Clopp

Things You Want to Know

About the 1931 Campaign

READ this little book from cover to cover. It is imperative that this campaign be successful. It will aid your effectiveness as a solicitor or speaker if you know the facts about the urgency of the 1932 needs.

۲

1931 Campaign November 16 to 24

A Keynote for Speakers and Solicitors

We are in the midst of the greatest world economic depression and social crisis of modern times. The hurricane of human tragedy may soon subside, but the human wreckage it wrought in this community will remain — scattered from one end of Greater Cleveland to the other.

Joblessness Breaks Spirits independent, self-reliant individuals. They

are disheartened by hardships and bitter with disappointment.

Strong wills have been broken by this depression. Men who have always had jobs have found there is nothing to do. Each morning, with heads high and determined hearts, they started out. Each evening, with weary, dragging feet and bitterness, they returned. Day after day discouragement stretches the determination of a jobless man to the limit until hope deserts him. When hope is gone his spirit is broken; his ideals and ambitions are weakened, and years will be needed to restore him to usefulness.

Many Can No Longer Work Yes, it will take years to bring these broken people back to normal.

Many are no longer able to work. Some no longer want to work. No matter how fast employment improves these people will need Fund services. No matter how fast business improves, thousands of families will be far worse off this winter than they were a year ago. Their credit is exhausted. Their savings are gone. They are hopelessly in debt. Business cannot improve fast enough to keep them from needing the Fund.

What If the Fund And what would happen if the Fund should Should Fail? fail? If there should not be enough money to care for those who are hungry, cold or in need of clothes? Would men sit quietly by while their children cried for food, while warehouses, granaries and stores bulged with a surplus? Clearly we who are more fortunate must not fail to share with those who depend upon our generosity.

America's Tradition In years gone by Is to Help Needy and now, it is our history that those of means always share with those in need. No American stands idly by while his neighbor struggles vainly to escape starvation and cold. We have not let our neighbors suffer in the past. We will not let them suffer in the future.

Emergencies Always In war time, in Find America United

great disasters, in every emer-

gency, America stands united. It is our tradition that in every national crisis, Catholics, Jews, and Protestants; Republicans and Democrats; white and colored; native and alien fight and work side by side to preserve the ideals that make America.

We are faced - now Next Year Is a Critical Period and next year - with the critical period in the greatest national depression we have ever had. The people of America are called upon to fight with united front the havoc wreaked by unemployment.

Cleveland must do its share in this War Against Need. We are now engaged in mobilizing our resources.

Giving as Much as Last Year Is Not Enough

Giving as much as last year is not

enough. Many of last year's givers are now receivers. Their gifts must be made up — and more.

The need is greater. Give more than you ever gave before in order that the wolves of hunger and the spectre of sickness, death and need shall not stalk the streets of Cleveland next year.

The 1932 Goal and Budget

The Goal of the Community Fund's 1931 campaign to cover needs of 105 local organizations during 1932 is \$5,650,000. This is \$250,000 more than the total raised in the 1930 campaign, including both Regular and Special Funds, or \$1,000,000 more than last year's Regular Fund.

The budget divided by service groups for 1932 as compared with 1931 follows:

		1931 (Regular
	1932	Fund)
Family Relief	\$2,075,349	\$1,086,180
Child Care	902,331	836,226
Homes for Aged	60,978	66,372
Health Promotion and		0.0
Nursing	183,552	186,495
Hospitals and Dispensaries	889,397	891,745
Developing Good Citizens	688,523	736,401
Individual Help and Pro-		
tection	109,007	168,610
General Agencies	301,863	291,571
National and State	and the second se	12/02/02/02/02/02/02/02/02/02/02/02/02/02
Agencies	95,000	100,000
Collection Shrinkage -	and the second	Sec. Contraction
Reserve	344,000	286,400
Campaign Goal	\$5,650,000	\$4,650,000

The Community Fund Council decided upon one goal this year to replace last year's dual plan of a regular and a special emergency campaign. A single objective is more readily understood and in addition it makes evident the Fund's intent that emergency needs of this year are the concern of all givers and not limited to special donors.

Is Increased

Amount for Relief The 1932 Community Fund budget allotment to relief

services is \$2,075,000, an increase of about \$500,000 over this year's regular and emergency appropriations for the purpose.

This budget was based upon the expectation that at least \$1,500,000 will come to the relief agencies from tax funds, contingent upon the passage of the special County one-mill tax levy. Both Community Fund money and tax funds will be pooled against an estimated 1932 relief need of almost \$3,500,000. It is estimated 1931 relief costs will total \$3,340,000.

Not only are the Fund budgets of almost all agencies other than relief lower next year, but in addition these agencies are expected to absorb 1932 losses of income from endowment and earnings estimated at \$450,000.

Work of Many Agencies Some people Is Increasing

may argue that the

Fund budget should have provided a larger share for relief by further reductions in other types of services. Possibly some people could present some very logical arguments in favor of reduction or discontinuation of some of these agencies without an equivalent loss to the community, but it must be remembered that emergency relief needs are only a part of the picture in the present economic stress. The increase in free work in hospitals

6

and dispensaries is one of the conspicuous results of the depression. This applies with even greater emphasis to the services caring for neglected or dependent children. The care of aged, crippled, and blind, and of many thousands of sick in their homes is a continuing necessity, only intensified by present conditions.

Some contributors may have their knives sharpened for social settlements, summer camps and the so-called character-building agencies, but here again we find an important influence for combatting the low morale and discouragement of large sections of our population afflicted by unemployment and desperately in need of friendly interest and practical service. Many neighborhood agencies are providing temporary food and lodging for numbers of persons who would otherwise be entirely destitute.

All in all, the budgets of Community Fund agencies represent the result of very intelligent and painstaking study on the part of citizen committees who have had more than the usual opportunity to weigh the needs and the value of the services to meet them.

Fund Success Helps The Community to Prevent Dole

Fund is this year involved in a na-

tional and international issue of the greatest significance to the business public. American business sentiment is almost unanimously averse to the plan of a federal dole for unemployed. England's great economic difficulties are usually attributed to its dole plan, while several European countries have had a similar experience.

The best hope that Congress may be persuaded against the enactment of a federal dole lies in the present effort of over 500 leading American cities to demonstrate in the weeks before Congress meets that they are still able through a combination of public and private resources to handle their relief problems themselves.

Among the evils of the English dole system reported by various people is the fact that the system breeds pauperism and makes recipients of the dole unwilling to seek employment, inasmuch as the government subsidy enables them to live without working, though in a most miserable status. We do not want this condition to arise in America.

Furthermore, a federal dole is expensive, directly and indirectly. Directly it affects taxes and indirectly everyone is penalized by the rise in living expenses.

A complete list of all 1932 budget allowances will be found in the "Campaign Booklet."

Cleveland and the National Mobilization

Our campaign this year is part of the Welfare and Relief Mobilization in over 500 cities throughout the United States through which the President's Organization on Unemployment Relief is operating.

The Mobilization aims to join cities and towns in a concerted effort to meet this winter's distress as completely as possible on the basis of local responsibility for local needs.

Will Be No Pooling of Funds pooling of funds for national disbursement. All funds are to be raised and disbursed locally.

The nation's problem is but the sumtotal of local problems, and so contributors and workers in this campaign by

providing for Cleveland's needs next year will help to bring the nation through one of the most critical periods of its history.

Tax Levy Does Not Reduce Fund Needs

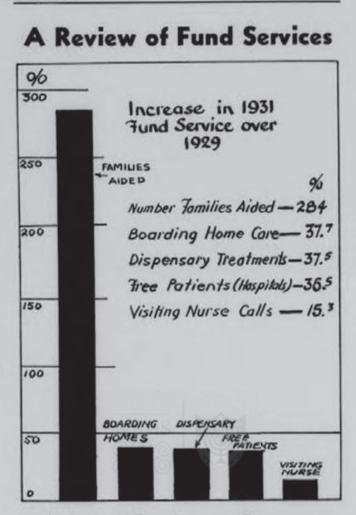

When the Fund Council approved the budgets for 1932 it counted on \$1,500,000 for Fund relief agencies from proceeds of the County Special one-mill tax levy. This supplements the Fund's appropriation of \$2,075,349 to its relief agencies. The full amount from both the Fund and the county tax is budgeted and needed.

How Fund Will Be Spent in 1932

Note comparison with 1929, the most recent normal year.

9

Relief of Families is Growing

According to the last United States unemployment census, Cleveland and Detroit have been hit harder by the depression than any other U.S. cities. At that time there were 99,000 jobless here. Since then unemployment has increased. Many of these people have savings, credit or relatives helping to delay the day when they will need to ask for charity.

Cold Weather Increases Relief For months the number of people applying for aid has been increasing, even in warm summer months when applicants normally drop off. Now, with the approach of cold weather, the influx of those who have been working on boats or on farms or living outdoors has begun. As a result it is estimated that Community Fund relief agencies will be caring for more than 100,000 people during this winter.

During September, the last month for which figures are now available, there were 46,010 different people under care of the Associated Charities and the Jewish Social Service Bureau and 1,000 more each day were given food and lodging at Wayfarers' Lodge. This is 250 per cent more people than were cared for in the same month last year and 1,000 per cent more than in a normal year.

All Relief Agencies But other relief agencies besides Are Kept Busy the Associated Charities, Jewish Social Service Bureau, and Wayfarers' Lodge have been hard hit

by the depression.

The Red Cross is giving relief to exservice men in their homes. Work of the Central Claims Bureau in submitting veterans' compensation and disability claims has increased 500 per cent, and the Salvation Army's "Helping Hand That Never Fails" is daily being extended to more families.

Goodwill Industries has tripled the number of men and women working for clothing, shoes and furniture and Travelers' Aid is called upon more frequently than ever to provide food and shelter to people stranded in Cleveland.

New Problems Faced When Business Picks Up social prob-

But the real lems of the de-

pression will start only after employment and business improve. It will be difficult to make self-supporting those families that have lost property, insurance, life savings. Relief workers have been interceding with creditors but when the wage earner secures employment they will demand payment and issue wage garnishees. The social workers' job is to prevent further financial disaster.

Where Associated Charities and Jewish Social Service Bureau Relief Money Came From in 1931

Community Fund	\$1,395,000
Endowment Income of Agencies	115,000
City of Cleveland (through Pringle- Roberts Bonds) Six Suburbs (PR. bonds)	970,000 30,000
Total	\$2,510,000
Balance Sought From County	875,000
	43 305 000

Total Estimated 1931 Relief Cost ... \$3,385,000

Number Receiving Relief

The number of persons in families receiving material relief (food, clothing, shelter, fuel) from the Associated Charities and the Jewish Social Service Bureau for the first month in each quarter is given below. Note that there were twelve times as many in September, 1931, as there were in September, 1929.

Month	1929	1930	1931
January	5,995	11,395	37,835
April	4,465	12,645	39,625
July	3,745	11,930	40,005
September*	3,900	15,505	46,010
December	8,940	30,735	?
AT ant month fan mh	lab Gauge		lable

Last month for which figures were available.

Provisions Bought by Associated Charities for Families in One Recent Month

300 pounds barley, 300 pounds cornstarch, 18,100 pounds coffee, 620 bushels carrots, 320 bushels turnips, 51 tons noodles and spaghetti, 34,280 pounds butter substitute, 50,060 pounds prunes, 269,540 loaves bread, 31,368 gallons milk, 18 tons beans, 35,400 pounds rice, 121 tons potatoes, 260 barrels flour, 10,780 dozens eggs.

Protective Agencies Give Varied Aid

This year the Legal Aid Society handled approximately 8,957 legal matters for needy clients unable to pay a lawyer's regular fee.

Five Fund organizations gave medical attention to unmarried mothers and their babies.

The Brotherhood Club enabled paroled men and ex-prisoners to get a fresh start in life. In all, 103 men were given a home, help in finding employment and advice when necessary.

Proper advice and guidance in the 'teen age prevents many serious mistakes. The Girls' Bureau guided the lives of 2,290 girls between 12 and 22 years of age the past year.

Fund Hospitals Serve the Community Well

It costs the Community Fund an average of fifty-four cents for each treatment given at the ten Fund dispensaries. Last year 438,995 treatments were given to sick or injured who could not afford to go to a doctor. Small fees are paid in many cases, averaging twenty-eight cents.

Last year there were 72,746 bed patients cared for in Community Fund hospitals. Of this number 35.5 per cent paid the full cost of care. Nearly 24 per cent of the total number were unable to pay anything. The remaining 41 per cent were charged something, but less than cost.

* *

A large part of the free service of Community Fund hospitals is for patients referred there by social agencies. The Associated Charities sends many poor people to Fund dispensaries for treatments or to hospitals for operations and bed-care.

Naturally unemployment has increased the amount of free work that hospitals must do. Abnormal conditions of living and malnourishment create sickness and physical breakdowns. While danger of sickness is increased, the ability to pay doctors or hospital bills is less.

Community Fund hospitals handled 90 per cent of all local accident cases reported by Cleveland hospitals the last twelve months.

"Recreation" Agencies Share Relief Work

"Recreation" agencies are bearing more of the burden of the depression than anyone knows. Amid squalor, ugliness and unemployment stand the Fund's ten settlement houses.

Settlements Are Bolstering Morale

Into poverty-stricken homes the settlement workers go... call-

ing the visiting nurse when Johnny is sick, helping a mother change her budget to conform with reduced income, calling the Associated Charities when its service is indicated, bolstering the failing courage of the man out of work for months, keeping the minds of the family off its troubles. Y's Sheltering Homeless The Y.M.C.A. and the Y.W.C.A. are handling other problems. This year

through its Emergency Workshop the Y.W.C.A. kept 146 women from the Associated Charities. At present 114 young men are living in the dormitories of the Y.M.C.A., out of work and unable to pay any rent whatever. They have no homes in Cleveland and the Y is carrying them without charge. A corresponding situation is found at the Y.W.C.A.

In addition to the relief burden thrown upon the "recreation" agencies the important work of character building continues. You'll find no Boy Scouts or Camp Fire Girls listed among the killers in last year's list of Greater Cleveland's 129 murders and homicides. There's a reason.

The work of maintaining morale is the hardest job the relief workers are finding during this period of stress and this part of the relief job the "recreation" agencies are doing. Every cent spent in keeping families intact and in a position to resume their normal status of self-support will save dollars later on when employment is secured.

Remember this. Character-building may mean the difference between life and death, if you remember that lack of character resulted in 129 murders and homicides in Cleveland last year.

To provide recreation for unemployed men the Central Branch of the Y has organized 13 clubs with more than 400 jobless members. Members are entitled to privileges of the Y at no cost.

Since January 1 the Vocational Employment Department of Central Y has found jobs for 1,056 men out of 2,308 applicants. A twelve-year-old newsboy on one of the downtown corners was sent to the Y.M.C.A. camp for only two weeks and yet in that time he gained nine pounds. For undernourished youngsters like him a camp trip is as much *relief* as it is *recreation*.

The Fund's average appropriation to each branch of the Y.M.C.A. is \$13,000.

Newsboys Get Special Rates Coming from downtown tenements and

boarding houses, almost all newsboys. The membership fee is ten cents a month for the youngest of these boys and twentyfive cents for those over fifteen years old.

West Side, Cedar, Broadway, and other branches have charges as low as five cents a week. A boy who cannot afford to pay anything is allowed to work as a check-boy after school for one week which entitles him to a year's membership.

Thousands of Children are Given Care

Approximately 95 per cent of all children that come to the attention of Community Fund child caring agencies are in need of medical attention.

A gift of \$548 will keep a child in an orphan home for one year. There were 1,961 such children in fourteen orphanages in 1930.

In addition, the Humane Society had an average of 2,350 children from about 1,050 families under its care last year. Some were in foster homes, while others (whenever possible) remained in their own homes under Humane Society supervision.

The Children's Bureau in 1930 gave 4,112 complete physical examinations to the children with whom it came in contact and sent a total of 4,798 different children to hospitals and dispensaries and 2,031 to the dental clinic for treatments. From two to three defects per child were noted.

Health Services Are Vital

Two per cent of our population is ill at any given time.

During the last twenty years infant mortality in Cleveland has been reduced to one-half. In 1909 the death rate was 130.5 per thousand. Now it is less than 62 per thousand.

Why the Fund Cares for Old Folks

"The last of life, for which the first was made."

Statistics show that 19 per cent of all people who reach the age of 65 have no money at all, while a total of 59 per cent can support themselves only in part.

There are 400 old men and women, some ailing and some well, in nine Community Fund homes for the aged. Without these havens they might be deserted and homeless.

Here Are Some General Fund Policies

Because of questions that sometimes arise, it is well for a solicitor or speaker to be posted on the following general policies which are frequently misunderstood by the public.

What the Fund Does Not Do

1. It does not serve or give aid to persons directly. It collects money from citizens through the annual campaign, and distributes it among 105 member agencies that are serving those in need.

2. It does not provide money for capital expenditures. The Fund supplies money for maintenance only.

Transients

Fund agencies do not give non-residents permanent relief but provide emergency aid only. They then determine the family's legal residence and arrange for transportation to that place. If the family refuses this transportation, no further local aid can be justified.

On Selling Furniture

If an article of furniture is owned outright by a family applying to the Associated Charities for aid, only in exceptional instances does that organization suggest selling it.

If such a family is buying a radio, piano, or automobile on installments, the family is in no position to make the payments, and the family has no right to expect Community Fund money to meet installments on luxuries. In such a case, the requirement is that the radio or piano be returned to the store, eliminating future payments and often enabling the family to secure part of the money it has already paid.

Salaries

None of the Community Fund officers receives money for the work he contributes to the Fund. The General Manager and his staff are the only paid employees.

Workers Take Ten Per Cent Cut employees in all organizations supported through the Community Fund will be in effect during 1932.

Social workers may well be commended for this sacrifice which they have willingly made, when it is remembered that their compensation in prosperous times was lower than that found in business and industry. Further, they are having nowadays to work long and untiringly to meet unprecedented demands for their welfare services.

The saving is estimated at \$75,000, exclusive of certain hospitals where reductions are already in effect.

"Payroll Deduction" Plan

One of the most frequently misunderstood policies of the Fund is that of "payroll deduction." This plan is NOT a method of "forcing" employees to contribute. The Fund emphatically does not sanction the use of "pressure."

Makes Pledges Easier to Pay

The "payroll deduction plan" is a method of enabling regular pay-

ments on employee pledges. It amounts to spreading these payments throughout the year, making it easier for employees to pay. For example, when an employee makes a pledge of five dollars, the amount deducted from his pay each week is ten cents, or, if he is paid every two weeks, twenty cents. The idea is not new, since similar deductions are made for articles bought at the company store or for the payment of industrial insurance.

Responsibility for collection of pledges is centralized. Collections are made regularly. Handling of money is eliminated because deductions are recorded on payroll records and payment forwarded to the Fund by check.

Banquets

At campaign time the Fund conducts noon luncheon meetings. Workers pay for their own meals at these meetings. In addition, the Fund holds a minimum number of pre-campaign luncheon or dinner meetings for groups of volunteer workers in order to instruct them how to conduct their solicitations more effectively. This method of organizing solicitors is used by every efficient campaign project today.

On "Investigation"

When a needy family applies for aid, a Fund relief agency FIRST provides any immediate need, such as food, clothing or fuel. Afterwards, the organization does exactly the same as any expert physician does, it makes a diagnosis of the case.

A doctor may feel the patient's pulse, take his temperature, look at his throat and listen to his heart. AFTER a thorough investigation, he then works toward a permanent cure. In the same way, the Associated Charities studies the reason for a family's needy condition, and figures out a plan that will, if possible, remove the trouble.

Wisdom of Investigation The wisdom of Illustrated by Detroit

this policy is shown in

Cleveland's experience against that of Detroit. Detroit, through lack of proper "investigation" spent this year seven times as much as Cleveland in handling its relief. It is the best method we know of for protecting contributors' money.

Systematic Audits

As a safeguard to the contributing public, the books and financial records of the Community Fund and of each of its member agencies are regularly audited by local firms of certified public accountants.

Instructions for Solicitors

Study the "campaign booklet," the 16-page book carrying a reproduction of the campaign poster in two colors. In it you will find a statement of:

Inform Yourself About These Things are working together for emergency relief.

b. An estimate of what the needs will be next year.

c. Information on the County special one-mill tax levy.

d. A chart showing monthly expenditures of the Associated Charities for relief in 1929, 1930, and 1931, compared with monthly expenditures for relief during a normal year.

e. The Fund budget appropriation to, and total expense of, every agency participating in the Fund.

f. And a series of charts illustrating growth of service.

Read the Under the plan of a single Pledge Card goal the Fund is not repeating last year's special pledge card. On the reverse of the uniform Division A pledge card will appear the following language:

The amount asked of each contributor is what is demanded by the immediate emergency.

The amounts to be asked in future campaigns will be based upon circumstances then existing, and not upon exceptional generosity shown by subscribers in this crisis. During the past two years there has been an almost total absence of local building fund campaigns which previously averaged from \$2,000,000 to \$3,000,000 a year. The Fund asks that a part of this saving to contributors be used to increase this year's pledge.

Be thoroughly familiar with all provisions on the pledge card. No cash is required with the pledge but, if a subscriber wishes to make his first payment, it should be attached to the pledge card.

See Prospects If a prospect is out or if Personally either of you need more time, call again, but do not leave the card with your prospect.

Be sure to leave a button and, when cash is received, a receipt in the form of a blank pledge card filled out and marked "Paid."

Unless the contributor specifies otherwise, bills will be sent quarterly on the first of January, April, July, and October.

These Suggestions Will Be **Helpful to Speakers**

The Speakers' Bureau

Enlarged Photos of the Community Are Available Fund, 614 Federal Reserve Bank Building, has prepared a number of helps for speakers. At the Bureau, speakers may obtain enlarged photographs of Community Fund activities that may be helpful in illustrating a campaign talk. On the back of each picture is printed information.

For new speakers a series of speech outlines has been prepared showing the types of speeches adapted to different audiences.

Adapt Talk The character of the audience will determine what To Audience should be stressed in the

speech. Business men will appreciate the Fund's economy and efficiency and the way it is relieving want caused by unemployment. Women will be more inter-ested in how Fund agencies are bettering living conditions through health and settlement work.

Be Brief Let your speech be brief. It should leave one principal idea with the listener. The closing can well receive your most careful attention in order that it may summarize your appeal and contain a forceful suggestion for action.

The Service Information Bureau, CHerry 6850, is prepared to investigate complaints reported to any service speakers.

THE Organization for the Tenth Annual Community Fund Campaign wishes to express its deep appreciation to Mr. Samuel Mather, Honorary Chairman, for his gracious action in giving this dinner for the tenth consecutive year. Mr. Mather has taken great delight in this annual event and, although unable to be present due to recent illness, has insisted that the tradition of the years be unbroken. A large attendance of his friends will, we know, be gratifying to him and will intensify campaign interest for which his leadership and inspiration are so largely responsible.

NOTES ON BUDGETS

By William I. Lacy Secretary, Budget Committee

ASSOCIATED CHARITIES

14

The estimate of contribution need as presented in the Associated Charities budget is \$3,118,396. The original budget approved for 1931 was \$832,575, to which was added that proportion of the Community Fund's Special Fund as was applied to the Associated Charities. Full explanation of the items in this Associated Charities budget is included in Mr. Lynde's accompanying statement.

The budget provides for a total material relief item of \$2,400,000. This amount is based on the best estimate that could be made at this time and is the same figure as is estimated for 1931..

One of the large increases in the estimated contribution need next year is in the Wayfarers' Lodge. This year the City and County are paying towards the expenses of the Lodge. A total of \$23,000 is estimated from this source. In addition, the Lodge has been operating a paid department which produced over \$6,000 last year and is estimated to produce \$4,600 this year. Both of these sources of income are excluded in 1932. The total expense at the Lodge is estimated at \$87,894 which is more than double the budget for 1931 and the experience of 1930.

The reduced income from the Wade Fund accounts for a reduction of almost \$20,000 in endowment income. The Huntington Soup Fund which has been paying \$5,000 a year has been estimated at half the amount for next year, although as yet there is no definite word regarding this Fund.

There has been a very general estimate of increased salaries. The increases in all positions exclusive of the Aides, total about \$13,000. The estimate regarding increased number of Aides is explained in Mr. Lynde's accompanying notes, although he does not mention the fact that they propose to pay these Aides at the rate of \$80 instead of \$75 the present rate of paying.

Conference travel has been put back at the normal rate of previous years, after having been eliminated this past year. Some rather large expense for New Equipment is estimated which includes new ediphones at a cost of \$2,400.

BROTHERHOOD CLUB

The contribution need of the Brotherhood Club is estimated at \$4,909 in 1932, an increase of \$285 over this year's budget.

The Wade Memorial Fund will yield \$440 less next year than this year's budget provided. There are minor changes throughout the budget; the item of "uplift" which is really the loss on bad accounts of men at the house, has been increased from a budget of \$350 in 1931 to \$800 next year. There is a slight reduction in salaries due to a re-adjustment of staff.

CENTRAL CLAIMS BUREAU

The estimated contribution need for 1932 is \$7,895, an increase of \$1,070 over this year.

Because of the press of work in this office early this year, the Budget Executive Committee approved the addition to the staff of a stenographer. It was the expectation when this person was put on that it would not be necessary to employ her longer than six months, but the heavy work continued and the

3

CENTRAL CLAIMS BUREAU (Cont.)

Board of the Central Bureau felt that in order to bring their back work up to date and keep up with the demands, they should continue this stenographer to the end of the year. The budget provides for her throughout the entire year 1932 as well.

The budget for Stationery and Office Supplies has been very much increased over the budget of 1931. It apparently has been estimated on the actual experience of 1930 in which amount was included the purchase of supplies for the following year.

The budget contemplates an increase of \$400 in salary of the Executive Secretary.

Comparative figures of activity at the Central Claims Bureau for the first six months of 1930 and 1931 are as follows:-

	1930 Jan. 1-June 30	1931 Jan. 1-June 30
Number of cases on 1st day of period	216	1172
Intake: Total	625	1685
Monthly average of cases open	407	2053
Closings: Total	358	432
Visits with or for cases	3053	3956
Contacts not counted as cases	4223	3849
Number of cases on last day of period	483	2425

GOODWILL INDUSTRIES

The Goodwill Industries are estimating a contribution need next year of \$18,328. This exceeds the original budget approved for 1931 by \$6,713.

It has been necessary to make additional appropriations to the Goodwill Industries this year in order to take care of their operating deficit. The present difficulty has not been with increased expense as much as with a falling income from store sales. The budget for next year estimates some increase in income from sales over this year, but it has not been put up to the figure that has been realized in previous years. There is also some increased estimate of payment for Opportunity Labor based on continuation of the present demands.

LEGAL AID SOCIETY

The contribution need the Legal Aid Society is estimating for 1932 is \$25,400, an increase of \$550 over this year's budget. The expense items for 1932 are estimated exactly the same as the 1931 budget. The difference in contribution need is entirely in an estimate of reduced income from clients for services rendered.

NEGRO WELFARE ASSOCIATION

The Negro Welfare Association is asking for \$10,085 in 1932. The original amount granted in 1931 was \$6,065. Later the Budget Executive Committee authorized additional appropriations to the Negro Welfare Association to enable them to continue their present program pending a study of their work. They have been operating at a contribution rate this year of \$9,665 so that the budget request for next year is at a rate of \$380 more than the present rate of operation.

NEGRO WELFARE ASSOCIATION (Cont.)

The budget as submitted contemplates putting into effect some of the recommendations of the special study which was made, particularly as it relates to the type of personnel employed in the office. As explained in Mr. Conners's letter accompanying the budget, it is proposed to employ a new person for the work of handling the industrial problems of women. A more highly trained and better qualified person is expected to be secured. This increases the salary budget by \$420. The other items in the budget are exactly the same as the budget on which the Association is now operating.

RED CROSS

The contribution need of the Red Cross as estimated for 1932 is \$57,265. This exceeds the 1931 appropriation by \$19,265.

The Home Service salary budget is increased \$3,430. It provides small increases in rate of salary to most of the persons on the staff other than the clerical workers. It includes the salary of a worker who has been serving at the office of the Soldiers' and Sailors' Relief Commission who was not included in this year's budget, an expense however, which has been met this year. This item accounts for \$1,800 of the salary increases. The budget includes an item of \$249 for Insurance which was not set up as a separate item in the 1931 budget having been carried in previous years in Miscellaneous. The sum of these two items is reduced.

The estimate of relief has been increased \$4,254 over the 1931 budget as is explained in the notes accompanying the budget. The Equipment is estimated at \$700 next year instead of \$200 in this year's budget, to provide for the purchase of three new typewriters and an automobile.

One of the largest items of increase in the budget is an estimate of \$6,000, salary for a Chapter Executive, a new position which was recommended by the study the Red Cross made early this year. In line with these plans, there is an increase in the other expenses of the Chapter of \$169.

The budget contemplates need of \$4,221 for the Junior Red Cross work on a fulltime basis. This has been carried this past year only incidentally.

SALVATION ARMY RELIEF

The estimated contribution need of the Salvation Relief Department for 1932 is \$27,650. This compares with the budget allowed this year of \$25,000.

This increased contribution need is accounted for by an estimate of \$2,475 additional material relief and \$115 in general administrative expenses.

An analysis of the Salvation Army expense, which includes material relief, prison work, club work and administration and district expense, is as follows:-

	1930 Actual	1931 Budget	1931 Estimate	1932 Request
Material Relief	8,497	8,775	11,235	11,250
Frison Work	640	600	660	660
Club Work	887	1,000	1,000	1,000
Administration Expenses	5,901	6,615	6,630	6.730
District Salaries and Expenses	8,760	8,760	8,760	8,760
	24,685	25,750	28,335	28,400

SOCIAL SERVICE CLEARING HOUSE

18

The estimated need of the Social Service Clearing House for 1932 is \$25,032. This compares with a budget approved this year of \$21,665 but is slightly less than will actually be required this year.

In the 1931 budget was an estimated income from the County in the expectation that the County might make payment for such services as the Social Service Clearing House renders its various departments. It has not been possible to work out an arrangement with the County this year for this income. The added expense this year and next is entirely due to the tremendous increase in clearings which have been occasioned by the load on the relief agencies.

It is possible that the budget as submitted by the Clearing House will have to be further augmented to provide for increased office rent since the added staff is so crowded in the present quarters that more space will be needed this winter and next spring.

TRAVELERS AID SOCIETY

The request from the Travelers Aid Society is \$25,643. This is \$1,252 more than the 1901 budget.

Part of the increase is accounted for by \$520 in the salary budget in which four salary increases are proposed. There is some increase in the estimated cost of Telephone and Telegraph with \$100 included in the Conference Travel next year which was omitted from the 1931 budget.

The Travelers Aid Society is finding increasing demands for relief expenditures. The 1932 budget estimates a need of \$700 for relief against a budget this year of \$300.

The Red Cross Home Service Section is estimating a need for \$42,062.41 from the Community Fund for 1931, a.' increase of \$4,921.82 over its budget as estimated a year ago. Unprecedented demands for relief have resulted in a considerable increase in the amount budgeted for that purpose.

The Regional Office of the United States Veterans' Administration has a case load of 24,978 compensation cases and 16,521 disability allowance cases. Compensation in the amount of \$415,731.52 and Disability Allowance in the amount of \$136,835.21 was paid through the Cleveland Office in June, 1931. About one third of this amount was paid to residents of Cuyahoga County. Since Jan. 1st. loans on Adjusted Compensation Certificates were granted in the amount of over \$28,000,000. The Red Cross Liaison Representative was instrumental in expediting loans in cases of urgent need. About 5,000 claims are in the process of adjudication. Examinations for compensation purposes are delayed several months because of pressure of work.

The Home Service Section has had an average monthly intake of 30 cases during the first 6 months of this year, 21 of which have been new and 9 reopened. Incidental service cases which are handled by the Information Department have averaged 500 ~ month, one third of which are new cases. The average number of cases handled by the same department last year for the same period was 375. It has been necessary to place an extra worker in this department on a part time basis.

RELIEF WITHOUT LOANS

٢

Since Jan. 1, 1931, there have been increasing demands for relief due to unemployment. This increase has been a gradual one. In 1929 unemployment relief cost the organization about \$750. In 1930, \$5,510. was expended for this same purpose. Although unemployment relief has been increasing, the major cause for our relief expenditures has been physical or mental disability. Many of the cases which are being carried by the Home Service Section are unemployable. Unemployment cases have had to be carried for long periods.

The Red Cross was instrumental in securing new and increased compensation awards and disability allowance during 1930 in the amount of \$151,670.98 on 161 cases. Of this number 33-1/3% received material relief. The amount secured during the first six months of this year shows a decrease over the same period in 1930 due to retarding of adjudication at the Veterans' Administration office. The Red Cross is continuing to staff its relief cases.

Since Feb. 15th, 1931 the Red Cross has maintained one of its trained case workers at the Soldiers' and Sailors' Relief, at the suggestion of the Welfare Federation. The organization is expecting to continue this arrangement for the balance of this year and for 1932. Since April of this year, relief has been given to families referred by Red Cross to Soldiers' and Sailors' Relief in the amount of about \$1,200 monthly. It is difficult to estimate just what to expect from this source for the rest of this year and for 1932. Families which were receiving over \$20. a month are being reduced to \$20. a month and many are being discontinued after receiving relief for two months. The Red Cross has, therefore, based its 1932 estimate for relief on its actual expenditures for the first six months of this year, and its estimated expenditures for the last six months of 1931. We shall continue to refer those cases to Soldiers'and Sailors' Relief which are eligible to receive assistance from that source.

Loans on the Federal Bonus tended to decrease the number of applicants to Red Cross for a period of about six weeks.

SALARIES

As there has been an increase in case load, it has not been possible to decrease the staff. The average case load at the present time is about 75. There are comparatively few cases for which the Red Cross has accepted responsibility that can be treated on anything but an intensive basis. This case load combined with claims work and the large geographical area which is covered by our workers, has placed heavy burdens upon them. We are asking for another worker for the East Side, so that we may redistrict that part of the city and county.

The Research Secretary, in addition to her supervisory work, was instrumental in securing \$15,000. on compensation on closed cases during the last six months of 1930 which has not been listed with the compensation secured by the case workers.

The Assistant to the Director of Information Department mentioned previously has continued to carry the Junior Red Cross program on a part time basis with the assistance of a volunteer.

EQUIPMENT

The Home Service Section is anticipating buying three new typewriters which will mean an expenditure of approximately \$250.00 plus old typewriters. Also one new automobile at approximately \$450.00 plus old car.

RENT, LIGHT & HEAT

No reduction in this item is anticipated.

POSTAGE, STATIONARY & PRINTING

We do not anticipate any appreciable decrease in this item as there has not been a decrease in case load.

TELEPHONE & TELEGRAPH & TELAUTOGRAPH

For the first six months of this year this item has shown an increase and as no decrease in case load is expected for 1932 there has been a slight increase in the estimated expenditures.

TRANSPORTATION

This item includes gas, oil, repairs and garage rent for two agency owned cars. Also an allowance of 6¢ per mile for personally owned cars.

11

GENERAL SUPPLIES

Includes pencils, ink, pens, typewriter supplies etc. Due to the fact that we have used up all surplus stock coming under this heading we expect to exceed the estimate for 1931.

Overhauling typewriters & adding machines	70.00
City Directory and Criss Cross	40.00

\$359.37

REFUNDS ON RELIEF

Refunds on relief have decreased for the first six months of this year. This is due to the general industrial condition and also to the fact that the average accoud compensation award has been about half the amount received in 1930.

REFUNDS ON ADMINISTRATION

This item includes earnings from personal telephone calls, postage, and sale of old equipment.

STILLMAN FUND

The Red Cross receives the annual earnings from a \$10,000 fund set aside by the will of Frances Dutton to be used in the relief and education and rehabilitation of wounded soldiers and sailors.

FREEMAN FUND

During the year 1931 it is estimated that the Red Cross will receive an income of approximately \$16,000 from the above mentioned estate. It is anticipated that approximately the same carnings will be received in 1932.

Agency Executive

NEGRO WELFARE ASSOCIATION 2554 East 40 Street Cleveland, Ohio

August 13, 1931

۲.

Mr. William I. Lacy Welfare Federation Federal Reserve Bank Building Cleveland, Ohio

My dear Mr. Lacy:

I am sending herewith the budget of the Negro Welfare Association for 1932. This budget is similar to the present operating budget of the Association with the exception of a request for an additional allowance of four hundred twenty dollars (\$420.00) to be applied to the salary of the Secretary handling the industrial problems of women, formerly called the Placement Secretary.

The young woman filling that position now will vacate it about September 15th. It is our plan to fill that position with a young woman graduated from the School of Applied Social Sciences of Western Reserve University. This is in keeping with the intention of the Association to employ workers graduated from recognized schools of social work, and in order to do this it is necessary that we increase the salaries of the positions as they become vacant.

The program of the Association for 1932 will follow in general the lines of the present program with especial emphasis on the health, delinquency, industrial, and economic problems growing out of the present depression as they affect the colored group of the City of Cleveland. Due consideration will be given to whatever helpful suggestions were made in the recent study of the social needs of the colored people of this city and the function of this Association in meeting the same. It was the thought of the Board of Trustees that because of the economic depression a program of expansion with the necessary budget for the same should not be submitted at this time.

We shall be glad to confer with you on any point regarding program or budget whenever you so desire.

> Sincerely yours, (Signed) William R. Conners Executive Secretary.

Negro Welfare Association

ASSOCIATED CHARITIES

Budget for 1932 - Explanation

INCOME

2. Public Meetings:

No budget, because it is not certain that we will have a meeting. If we do have a meeting, the income will be offset by expenditures.

5. Lodge Paid Department:

As we shall need the space devoted to the Paid Department, in addition to an extra 500 beds, we are not estimating any income from this department after September 1, 1931

20. Lodge Rofunds:

Under this item, we have a special income this year, because of the wood denated, which in turn, we gave as fuel to our families and credited to the Lodge.

21. Sale of Wood:

Included in the income this year is some money which came from the sale of a great deal of wood which was given us, - far more than we usually receive.

24. Restricted Gifts:

The \$20,000 this year includes \$10,000 special gifts from a friend, which will probably not be renewed next year.

ADMINISTRATION:

1. Salaries:

We are including in this item \$640. in 1931 and \$960. in 1932 for 2 extra clerks in the bookkeeping department at \$80.00 a month from about October 1st to about July 1st. These must be provided for if the number of families increases this winter in anything like the proportion indicated by last year's experience.

3. Postage and Carfare:

The increase is due to tromendous increase in number of checks mailed, especially since we have been operating with City funds where almost every payment of relief is in the form of a check.

4. Telephone and Telegraph:

In this item is included 2 extra trunk lines for 3 months in 1931 (total of \$13.50) and 4 months in 1932 (a total of \$18.00) These will be needed if the number of families increases this winter in anything like the proportion indicated by last year's experience.

21. Insurance (Group and Misc.)

Includes State Compensation and Public Liability Insurance to care for our clients working for other Community Fund Agencies, without cost to the other agencies, in return for relief given. This plan has effected a tremendous saving to other social agencies and has been of great psychological value to our clients.

22. Rents:

Includes increased rent to the Welfare Fodoration.

27. Office Supplies:

As our supplies are now low, we shall need to spend more the last half of this year.

In this item we have included \$300 in 1931 and \$400 in 1932 for additional office supplies to care for the greatly increased volume of work, if the number of families increases this winter in anything like the proportion indicated by last year's experience.

PERSONAL SERVICE, CARE OF FAMILIES:

1. Salaries:

Detroit and Cleveland are two large cities where relief work is largely centralized in a single agency. In other large cities there are usually many organizations carrying on this relief work. Detroit has tried the plan of untrained service, Cleveland that of having trained workers. The number of our workers and the salaries per worker have been about the same as in Detroit.

The results in the two cities indicate that we should continue our plan of having trained workers. Unless increases are granted to our staff this year, in accordance with our agreements with them when they came to us, we shall lose many key people.

For example, college graduates come to us, take our two year's post-graduate course, with a definite understanding that they are to receive after this post-graduate work a salary of \$130 for 4 months; \$135 for 4 months; \$140 for 4 months; \$145 for 6 months; \$150 for 6 months and \$5.00 a month increase every 6 months thereafter, up to \$170, if their work proves satisfactory.

We have not been able to keep our contract with these people. Even if we put into offect the increases recommended in this budget beginning January 1st, 1932 our staff members will be suffering a salary cut of \$15.00 a month below our agreement with them. Those who graduated a year ago last June are still receiving only \$130. They have stayed with us up to date in spite of other offers, because we held out to them the hope that we would soon be able to carry out our agreement. We carefully sifted out the poorer staff members as we consider it expensive to keep them even with reduced salaries, so that those who are left merit increases, which moreover, they will not have received for one and a half years.

Right now we are in a competitive field where "business" is expanding in every city and trained workers are at a premium. Every trained worker on our staff is needed for a key position, either supervising Aides or other people, or sifting applications. Unless the Aides are supervised by trained workers, their inexperience will cause waste of thousands and thousands of dollars which would be saved by having proper supervision. Unless a sifting process is carried out by trained workers, families not in need of relief will be turned to Aides and hundreds of thousands of dollars of relief will be given to these families which proper supervision would save. Many of our case workers have received offers of much higher salaries in other cities and several have already left. Many of those who remain, are doing so merely from loyalty to the Cleveland Associated Charities, but since many of them come from other cities originally and would be engaged in the other cities in this same type of work, we shall lose many of them and our organization is in real danger of being depleted of indispensable workers if we do not begin to carry out our agreements with these people by January 1st. (See separate sheet for comparison with salaries of other cities.)

.

This item includes salary of a Liaison person at City Hall, which was not budgeted last year, also increased mossenger scrvice between Main office and the districts, necessitated by the greater volume of work; also increased janitor service at our Sewing Center during the summer months to handle the larger volume of work.

We have taken four of the psychiatric social workers from the psychiatric department and added them instead to the District Supervisors, as they are now really doing supervisory work. Another year we believe they should be returned to the psychiatric department as they render valuable service as psychiatric social workers. We are saving \$300 through dropping a psychiatric social worker at \$2,500 and the part-time psychiatrist at \$1,000 and substituting a psychiatric social worker at \$3,200.

We are also saving \$1,335 through engaging only a half-time Scoretary of the Volunteer Department.

We have budgeted 86 Aides. At present we have 80 Aides on the staff, but this budget, together with our savings through turn-over in all our personnel during the year 1932 and the rest of this year, should enable us to rotain for the first six months of next year 100 Aides in addition to our present staff. These 100 Aides would require at least 10 supervisors whom we must take from the ranks of our senior visitors and who in order to do this supervisory work would need to drop about 800 cases which they are now carrying. The Aides should be able to carry an average of about 60 cases a month. One hundred of them should carry the equivalent of 800 cases dropped by their supervisors plus about 5,200 more.

This additional staff will be quite inadequate. Every month this year, the number of relief families has been between three and four times as many as in the corresponding month of last year. For example, in July 1931, Associated Charities had 7,560 relief families compared with 2,133 in July of 1930. In other words, we had in July of this year 3.54 times as many relief families as in July, 1930. Assuming that this percentage continues, as it is likely to do, we shall have in December (1931) 3.54 times the number of relief families that we had in December, 1930 (which was 5,813) or 20,578 relief families in December, 1931.

This would mean that we would need to carry by December, 13,000 more relief families than we had in July, making no allowance whatever for an increase in our non-relief families.

One hundred additional Aides might carry a not of 5,200 families out of this 13,000.

These figures make it very clear that we may well need 250 more Aides instead of 100, but it would be quite impossible to provide for their supervision. In fact, we would be able to supervise the additional 100 only through utilizing every one of our senior visitors who is qualified to do supervisory work.

To sum up, we would be providing, through the additional 100 Aides for no increase whatever in non-relief families, and for an increase of only 5,200 relief families, as compared with the probable increase of 10,000 to 13,000.

This item also includes allowance for 5 additional office assistants at \$75.00 per month and 9 additional stenographers at \$85.00 per month for 3 months of this year and 6 months of next year, to meet the increased volume of work.

Otherwise, the budget includes only the people whom we now have on the staff, the full savings in turnover being consumed in the provision for the additional hundred Aides.

3. Postage:

Owing to the tremendous increase in work, the visitors are obliged to substitute letters for reference calls, with the consequent increase in postage. Two hundred dollars of the estimate for 1931 and \$400 of the estimate for 1932 is allowance for increased volume of work through the winter.

4. Telephone and Telegraph:

Even now, it is almost impossible for outside people to communicate with our district offices, as our telephone service is inadequate. One district alone had 2,000 extra calls in one month. We are including \$450 in the 1931 estimate and \$900 in the 1932 to provide partially for the increase in the winter volume of extra calls. This provides only for increase in volume and not for improved service.

8. Auto Expense and Carfare:

Carfare:

This item includes an allowance of 15¢ a day for each extra Aide, amounting to \$1,125 in 1931 and \$2,250 in 1932.

Automobile:

This item includes one extra car already in use bringing the number of cars to six. We have not budgeted a seventh car although it would be of great advantage to the Welfare Federation as well as the Associated Charities in caring for the demands made by Garfield Heights, Maple Heights, and Miles Heights.

Our Northeast District needs another car full time but we have not asked for it because of the generosity of one of our friends who is donating her car and chauffeur almost full time. Wherever possible, we are using volunteer service and cars belonging to staff members.

9. Material Relief:

Cleveland and Detroit have been the hardest hit by the unemployment of all the large cities in the country. According to the United States census in January, Cleveland had 11.0% unemployment and Detroit had 11.1%. Since then the Cleveland Chamber of Commerce employment index has come down from 89.8 in January to 80.3 in July, showing that our unemployment index is now much above 11.0%.

Demands upon the Associated Charities will rapidly increase even though unemployment remains the same, for people who have been living on savings and credit or on help from relatives are rapidly exhausting their resources.

Our relief expenditures in July have been heavier than in last

January, although relief is usually far lower in the summer months.

New families are coming to us at the rate of from 100 to 150 a day. Every week, lately, the number of new applications has increased over the preceding week. In our estimate for material relief demands, we must face the facts.

- 5 -

18. Ropairs, Heat, Light and Janitor Service:

This item includes an allowance of \$500 in 1931 and \$1,000 in 1932 for some expansion to care for our 100 additional Aides. We have been crowding into limited space, through removing partitions, etc., and utilizing attics and extra,/etc. The expenditures in this item have often saved additional rent through dividing rooms or renovating attics, etc.

22. Rent:

This item includes \$1,080 for 1931 and \$2,160 for 1932, to provide for additional space for the 100 additional Aides. This would still leave us in cramped quarters where we are often obliged to turn clients away from our waiting rooms for lack of room. We would still need to jam our desks close together, interview clients in our halls and at desks, and stagger office hours. A larger amount than is asked in this item would be a good investment from the standpoint of efficiency.

26. Publicity and Public Meetings:

Item for 1932 includes expense of an "annual" report. We omitted this last year and this year, but should publish one at least once in 3 years.

WAYFARERS LODGE:

1. Salaries:

Because of the tremendous volume of work at the Lodge, we were obliged to increase the pay of the present cook and assistant cook. Otherwise, we would have had to hire an additional person. This item also includes an additional part time cook to care for our expansion program for the winter.

6. Carfare:

Mr. Davis, superintendent, has been obliged to travel around the surrounding country in search of wood for the wood yard. Had we not been able to provide wood for the wood yard and the work test, large numbers of homeless and transient men would have been flocking to Cleveland. These trips by Mr. Davis together with increased expense for car fare to send men to various Community Fund agencies to do repair work, account for the increase in this item.

9. Food:

The unit cost of maintaining the Lodge has been tremendously decreased in the past few years. We have even reduced the cost per transient meal in spite of the improved quantity, quality and service. However, we have inaugurated a 6 hour a day work plan in return for which men may receive more substantial meals. If we had not done this we could not have secured City and County appropriations. This has increased again the cost per meal, but has helped the City to reduce pan-handling in Cleveland.

We have had at the Lodge recently an average of between 600 and 700 men a night, as compared with about 50 at this time of year, in normal times.

This food item will not be enough to cover the winter increase in volume of applications, if the present trend continues.

11. Laundry:

The budget for 1932 will not cover the increase in volume of applications which is indicated by the present trend. (The early part of this year, the superintendent undertook to save in this item through letting sheets and pillow cases go too long without washing, but this proved very short-sighted.)

12. Housekeeping Supplies:

The auditors suggested this to be set up as a separate account, as its depreciation is about 100% a year. The budgeted figure would simply replace supplies purchased this year under No. 20 "New Equipment".)

17. Heat and Light:

We have kept down expenses in this item through having men stay up all night firing wood stoves, thus saving coal. We also cut down our light bulbs from 150 watts to 60 watts. Another item charged in this account is the hauling of wood to be given our families as relief (offset by bookkeeping credit under Lodge Refunds.)

20. New Equipment:

Nine thousand, one hundred dollars allowed for portable steel buildings can be subtracted from this item if we are able to obtain the garage space for which we are negotiating, and have the same free of rent and placed in condition so we may use it.

29. Purchase and Delivery of Wood:

We cannot be certain of renewal next year of the large gifts of wood we have had this year.

CENTRAL BUREAU:

1. Salaries:

An increase in the staff has been necessary in the Central Bureau because of the tremendous increase in volume of work.

6. Carfare:

Considerable relief has been included in this item, because it was given in the form of carfare. Hereafter, the relief carfare will be included under Item 27.

16. Light - Electricity:

A slight increase in this item, owing to increased office space, because of additional staff.

SALARIES IN THE CLEVELAND ASSOCIATED CHARITIES

COMPARED WITH OTHER CITIES

Salaries in the Cleveland Associated Charities are not high, especially when compared with those paid in other cities for similar service.

For example, a study made and published by Ralph Hurlin, Director of the Department of Statistics, Russell Sage Foundation, in 1930, reveals (Page 10 of Hurlin's studies) that out of eleven family societies with men executives and with a staff of 50 or more case workers, 7 of the 11 pay \$8,000 and over for the salaries of the executive. The Cleveland Associated Charities is the largest of any of those studied.

The sub-executives (similar to our Associate General Secretary) out of 10 cities studied (Page 4) the median salary is \$4,150. the highest \$6,000.

To case work supervisors in agencies with more than 50 workers, the median salary was \$3,050 and the highest salaries, \$4,200.

Assistant District Secretaries, (which correspond with our District Supervisors and District Assistants) in agencies of 50 or more workers receive up to \$2,600. The median salary is \$1,860. and the upper quartile, \$2,100. There are no organizations which have larger district offices, with more people and therefore with more responsibility, than the Cleveland Associated Charities.

Senior Case workers (Page 16) in agencies of 50 or more workers receive up to \$2,340, the median salary being \$1,680 and the upper quartile, \$1,800. Practically all our senior case workers are acting in the capacity which in other cities is designated as "Assistant District Secretary", as they are either sifting applications or supervising Aides. The median salary for an Assistant District Secretary is \$1,860.

This makes it clear that in the budget for 1932, we have included salaries which are well below those paid in other cities for a similar type and quality of work, and which scarcely enable us to compete with other cities, because of the tremendous demand throughout the country for our workers.

SOCIAL SERVICE CLEARING HOUSE 523 Federal Reserve Bank Building

July 30, 1931

Mr. W. I. Lacy Welfare Federation Cleveland, Ohio

My dear Mr. Lacy:

I am enclosing herewith the 1932 budget for the Social Service Clearing House. This budget, and the statement regarding the expense for the balance of 1931, is based on a staff of eighteen people, which is the maximum number our present housing facilities will accomodate.

This staff should be able to carry an average of 20,000 inquiries per month. If the demands should exceed this figure, it will be necessary to make some different arrangement, either by reducing the service, or increasing the capacity. It is impossible to estimate at this time what change this would make in the budget.

(Signed)

Yours very truly, Bessie E. Hall Executive Secretary

H

Social Service Clearing House

Rabbi A. H. Silver The Temple Cleveland, Ohio

My dear Rabbi Silver:

At the request of Mr. Dudley S. Blossom, General Chairman, I am writing to tell you that we should like to have you as a guest at one of the campaign luncheon report meetings next week. The luncheon starts promptly at 12 Noon, and the business is over by 1:30 P.M. The meeting place is the Ballroom, North Wing of the Public Auditorium.

Will you please note on the enclosed post card, or telephone, the day on which it would be most convenient for you to attend, as well as the days you can not attend. We shall then reserve a place for you at the guest table on the platform on the day you prefer, if possible, and mail you a ticket.

Sincerely yours,

armond ?
