Secondary school certificates from foreign countries recognized by the University include: Poland and Roumania—official maturity certificates or leaving certificates of a recognized Hebrew secondary school; Germany—official maturity certificate.

In the case of candidates from the United States of America two years of college are as a rule required, and in the case of applicants from England, one post-matriculation year. Other suitable qualifications or special distinction may also be taken into account.

ENTRANCE EXAMINATIONS

The University holds special entrance examinations for persons of eighteen years or over wishing to be admitted as regular students

but who are not in possession of the requisite certificate of secondary education.

WPHS
AMERICAN JEWISH ARCHIVES

HOLDERS of certain certificates (e.g. matriculation certificate, certificate of seven or eight classes in secondary school, leaving certificate of vocational secondary school, rabbinical diploma) may by special permission in each case secure exemption from certain subjects.

Candidates who successfully complete all subjects will be informed of their acceptance as regular students and will be exempted from payment of the registration fee. No special certificate as to the results of the examination is given.

Candidates who fail in one subject may be re-examined therein. The Admissions Committee may by special permission allow the examinee to attend courses at the University during one year as a non-matriculated student.

Candidates who fail in two subjects are regarded as having failed to pass the examination and cannot be admitted into the University unless they sit for the entire examination once more.

The syllabus of the 1935-36 entrance examinations may be obtained in the Registrar's Office.

NON-MATRICULATED STUDENTS

Persons of eighteen years or over who have no certificate of secondary education recognized by the University may be admitted as non-matriculated students for a specified period (one, two or three years) by special permission of the Admissions Committee.

No non-matriculated students are, for the present, admitted to the Division of Biological Studies.

The rules and regulations governing registration, payments of fees and supervision of studies for non-matriculated students are the same as for regular students.

Non-matriculated students may divide their entrance examinations into two parts, so that they can be examined one year prior to the completion of their non-matriculated studies in the first part (e.g. immediately upon admission if they have been admitted for one year) and at the conclusion of that period in the second part.

REGISTRATION FOR STUDIES

PERIODS OF REGISTRATION

The final date for registration of all students is *November 19, 1935*.

In the Faculty of Humanities, students from Palestine may also be admitted for the summer term. Students who commence their studies with the summer term are given credit only for such studies as begin at the beginning of that term. The final date for registration for the summer term is April 23rd.

Registration after these dates is possible only by special permission and on payment of a fee of 500 mils.

FEEs

1. REGISTRATION FEE £ 1 is required only from new students.
2. BASIC ANNUAL FEE for all regular students: £ 9.250.

Students from Palestine may pay the basic annual fee in the following manner: £ 3.250 upon registration, and the balance of £ 6 until April 23rd. The Financial Secretary's office is ready to accept this amount in instalments on the following dates: December 27th, February 24th, April 23rd.

Students who have completed the course of studies required for graduation in four years and who continue to attend lectures are exempted from the payment of the basic annual fee and pay £ 1 per annum.

3. ANNUAL LIBRARY FEE: £ 0.250.

4. ANNUAL LABORATORY FEE for students of the Division of Biological Studies: £ 10. Students of the Faculty of Humanities choosing one subject in the Natural Sciences pay an additional £ 3.

5. MEDICAL ATTENDANCE FEE: 500 mils.

6. FEES FOR EXCURSIONS: The expenses of excursions in subjects which form part of the curriculum (e.g. Botany, Zoology, Geology) are borne by students, and are estimated at about £ 3 per annum.

DELINQUENTS: Students who are delinquent in their payments pay a fine of 100 mils on each occasion. Such fines are transmitted to the Pro-Students Society.

CAUTIONS

1. A Library caution of 500 mils is to be deposited by all students.

2. Students in laboratory courses deposit a Breakage Caution of £ 1.

EXEMPTION FROM TUITION FEES

The University has at its disposal limited amounts to enable the exemption of needy students from the payment of tuition fees (basic annual fee and laboratory fees).

Students who are above the average in their studies and who have as a rule had at least one year at the University are eligible. They must have sat for a test at the end of the previous year by at least two teachers; in subjects represented by only one teacher, one test is sufficient.

The final date for submission of applications for exemption during the coming academic year is June 21st.

REPAYMENT OF FEES

No registration fees are repaid to students whose admission has been granted.

A student who informs the Registrar's Office of his intention in writing to terminate studies by 20th December, may obtain a refund of one-half of the basic annual fee and two-thirds of the laboratory fee. No refund will be made if such notice is received after that date.

STUDENT'S CARD

The student's card serves as proof that its holder is a registered student at the University and entitles him to borrow books from the Library subject to its regulations. A student's card is valid only during the academic year of issue.

STUDENT'S BOOK

In the student's book the student is to record the courses selected for the academic year, and to procure the signatures of the lecturers concerned. He is then to submit the book *not later than one month* from term-opening to the Registrar's Office.

At the conclusion of the academic year (in certain cases, determined by the nature of the course, also at the end of the winter term) the student is to take his book from the Registrar's Office (after having furnished confirmation by the Financial Secretary's Office of the payment of the annual fees) and obtain the lecturer's signature as a final attestation of attendance at the courses during the year (or term). The book is then to be submitted to the Registrar's Office *within one week* after the close of the session.

If a student's book does not contain the lecturer's signature at the beginning and end of the year, the signature of the University authorities and the stamp of the Registrar's Office, the student will not receive credit for attendance during the period in question.

LANGUAGE TESTS

(A) TEST IN HEBREW

Students whose previous education has been in a language other than Hebrew must pass a test in Hebrew. The examination will consist of: Reading and interpretation of a text, dictation, and conversation.

Such students must take such tests at the end of the first year of their studies, but may do so at the beginning of the first year. Those who have not taken the tests at the stipulated time cannot be admitted to the seminars of the Faculty of Humanities or to the second year's course of the Division of Biological Studies.

A student who has had at least two years' study at other universities may be admitted to seminars in the first year and take the test in Hebrew at the end of that year. If he fails to pass the test, credit for seminar work of that year will not be given.

Note. For special information regarding the Hebrew test for students abroad, see page 23.

(B) TEST IN FOREIGN LANGUAGES

Students are required to undergo a test in the reading of scientific literature in English, German, or French. They must take such test not later than one year prior to sitting for their first degree examination. Students whose previous school or university education was in one of these languages are exempted.

GUESTS

A university teacher may admit guests to his lectures or seminars. Guests may not, however, be admitted to laboratory courses or preparatory classes.

Guests must obtain the consent in writing of the teachers and submit them to the Registrar. A fee of 500 mils is payable in respect of attendance at the courses of each teacher.

Guests are not students of the University. No record of their work will be kept by the Registrar's Office and no credit given for it.

FACULTY OF HUMANITIES

(Including, for the present, the Institute of Mathematics)

COURSES LEADING TO THE DEGREE OF M.A.

(MAGISTER ARTIUM)

In order to qualify for the degree of Magister Artium, the student must take a minimum period of four years' study in the Faculty Board may reduce this period of study on the basis of work tions in one major and two minor subjects. (See below for schedule of subject courses).

Upon the recommendation of the Committee of Studies, the Faculty Board may reduce this period of study on the basis of work in relevant subjects at another university. This does not, however, exempt the student from any part of the degree examination.

GENERAL INSTRUCTIONS IN REGARD TO CHOICE OF SUBJECTS.

A student may not select both minor subjects from the group (Jewish Studies, oriental Studies, etc.) to which the major belongs.

A student whose major subject is in Jewish Studies must also select one of the minor subjects from that group.

A student whose major subject is Philosophy or Mathematics may choose one or two minor subjects from those science courses in the Division of Biological Studies which are open to students of the Faculty of Humanities. A student whose major subject is other than the above may choose only one such minor subject.

In no case may a subject be selected as a minor which is wholly or partially comprised in the major or in the other minor subject.

DEGREE EXAMINATIONS

The examination in minor subjects may be taken at the end of the student's third year. In the major subject the examination may be taken at the end of the fourth year. The diploma thesis, which is part of the examination, may be given to the student one year but not later than eight months prior to the period of his examination in that subject and at the earliest at the end of his third year of study. The thesis must be completed and submitted to the Registrar's Office two months before the examination.

In order to be admitted to a degree examination in a major subject, the student must have attended three years' courses in that subject, including two years' active participation in seminars.

To be admitted to the degree examination in a minor subject, two years' attendance in that subject is as a rule required, including one year's active participation in seminars.

Within the limits of certain minor subjects consisting of two or more separate divisions, an opportunity is given for specialization, e.g. the student may, as an alternative to two years' study, take three years in one branch of the subject (as in the case of a major subject) and attend at least one year's courses in the other division or divisions of that subject.

PERIODS OF EXAMINATION

At the end of the academic year—beginning with June 10th.

At the beginning of the academic year—beginning with October 28th.

EXAMINATION FEES: £ 5 for a major subject, £ 2.500 for a minor subject.

REGISTRATION FOR EXAMINATIONS: Students wishing to register for an examination must fill in a special form (provided at the Registrar's Office) for submission together with the examination fee. Registration for summer examinations is closed on May 9th and for autumn examinations on June 7th.

ADMISSION

Research students are admitted for 1935-36 in the existing subjects in the Faculty of Humanities, and also in the following subjects in the Division of Biological Studies: Botany, Zoology, Bio-Chemistry, Bacteriology-Hygiene, Parasitology.

The conditions of admission of research students are: The M.A. degree of the Hebrew University or an equivalent degree of another institution of high learning, evidence of proficiency in research in the subject chosen by the candidate, and proof of knowledge of Hebrew (reading, translation, writing, and conversation). In Jewish Studies a fundamental knowledge is required in Hebrew and in other subjects as decided upon by the Committee on Research Students in each case.

Applications should be made to the Registrar of the University accompanied by testimonials attesting to the foregoing qualifications, a general outline of the proposed subject of research, payment of the semi-annual fee of £ 2.500, library fee of 250 mils, library caution of 500 mils, and in the Division of Biological Studies the annual laboratory fee of £ 10.

REGISTRATION

Research students may register at any time during the academic year, apart from vacation periods.

The initial registration is valid until November 19th or April 23rd (the nearest date to each). Registration must be renewed on these dates for six months and students must submit renewal applications together with the semi-annual report of work done, semi-annual fee of £ 2.500, library fee of 250 mils, and the student's card requiring renewal.

The Committee on Research Students may, on the Supervisor's recommendation, oblige a Research Student to attend a suitable seminar in his research subject or any other lecture course or seminar deemed necessary for supplementing his knowledge.

The Research Student must meet his Supervisor once every three months. At the end of every six months he must submit a detailed report in writing on the progress of his work.

The Committee on Research Students may, on the Supervisor's recommendation, permit a Research Student to live outside Jerusalem; this does not, however, exempt him from other obligations.

The Committee on Research Students may, on the Supervisor's recommendation, permit a student to stay abroad for a specific period for the purpose of his research, with the limitation that he shall spend at least one year at the Hebrew University, and that his sojourn abroad shall not comprise the three first months or the three last months of his period of study as a Research Student.

A Research Student may not change the subject of his research without special permission of the Committee. In such cases the Committee will decide how to give credit for the work done during the period prior to the change of subject.

The Committee on Research Students may also examine the candidate in allied subjects.

(C) DIPLOMA

SPECIAL INFORMATION FOR FOREIGN STUDENTS

(IMMIGRATION PERMITS FOR PALESTINE)

Persons from abroad who wish to be admitted as students for the academic year 1935-36, and particularly those who wish to obtain immigration permits for Palestine as University students, should submit their applications until June 21, 1935. As the grant of such permits does not depend upon the University, it is impossible to stipulate the time required to secure them or to accept responsibility that such permits will be issued by the Government.

Candidates as regular students living in Poland should submit their applications until May 20, 1935, through the office of the Warsaw Committee of Friends of the Hebrew University at the following address:

Towarzystwo Przyjaciół Uniwersytetu Hebrajskiego,
Warszawa, Uł. Orla 11.

They will receive the special regulations for Poland published separately.

(A) REGULAR STUDENTS

1. Only such students as have been admitted as regular students and who have received their certificates of secondary education from 1932 and onwards are entitled to submit their applications from immigration permits for the academic year 1935-36.

Note. In exceptional cases, applications may be considered of candidates who have received their certificates of secondary education prior to 1932, if they were at the end of the academic year 1934-35 or at the end of 1933-34 students at a recognized institu-

tion (University, Yeshivah, etc.) or can prove that they had in the interim been engaged in science or literature.

The University does not secure immigration permits as regular students for candidates who have already completed their University course.

All candidates are required to have a knowledge of Hebrew as specified in the clause on Language Tests. As regards the method of test in the knowledge of Hebrew, inquiry at the Registrar's Office of the University should be made to obtain the address to which the candidate must apply in his country of domicile. Candidates living in countries where no such committees exist may submit a detailed attestation by a recognized authority on the extent of their Hebrew knowledge, and the University will consider in each case whether such attestation is acceptable.

Note. Persons who have completed a secondary school where the language of instruction was Hebrew or any school where Jewish Studies taught in the Hebrew language were part of the curriculum, and who submit an official certificate to this effect, are exempt from the rule.

In dealing with immigration certificates for candidates from countries where Hebrew secondary schools are in existence, primary consideration will be given to the graduates of such institutions.

Applications for immigration certificates for students wishing to enter the summer term cannot be considered.

This Orchestral Ensemble will be known as the "Cleveland Zionist Society Orchestra" and will probably be the only one in the country to specialize in only Palestinian Programs.

There is also the possibility of this orchestra playing on National Network Radio Programs.

If this suggestion interests you I will be glad to go into further detail.

My dear Rabbi:

At the last executive committee meeting you stated you would select two more members from the general membership to serve with me on the committee for the Palestine Hebrew University. I am wondering whether you have as yet appointed these two additional members. If they have been made, will you kindly let me have the names of all the members of this committee.

As soon as I receive the names of the complete committee, a meeting will be called for the purpose of adopting a definite plan, which I expect to submit to you for your approval.

Also, if you have the name of the chairman of the New York committee, will you kindly let me have his name and address, so that I can communicate with him regarding this subject.

NEWS RELEASE

Cleveland Zionist Society
Friday, October 4, 1935

Having returned recently from the World Zionist Congress at Lucerne, Switzerland, Rabbi Abba Hillel Silver, president of the Cleveland Zionist Society, will address that organization at an open meeting, Wednesday, October 9, at 8 p.m. in Mahler Hall, the Temple, Ansel road and East 105th Street. His subject will be, "The World Zionist Congress".

This meeting, which is open to the public, is the first of the season's activities. Rabbi Silver's vital discussion of the accomplishments of the Congress will be further enhanced because of his authoritative positions in the Congress. He was elected to the Administrative Board of the Jewish Agency for Palestine. He is a member of the all-important Political Committee of the Congress. During the Congress he addressed the delegates in general debate. Rabbi Silver is vice president of the Zionist Organization of America, being elected to this office at the June convention of the Zionist Organization of America at Atlantic City.

The Congress held at Lucerne was noteworthy in that it was attended by the largest delegation ever assembled for this event. Over one million voters were represented.

The meeting of the Cleveland Zionist Society, which opens the season's activities is but the first of many events and projects being sponsored by the organization this year, according to Dr. William Rigelhaupt, chairman of the Program Committee. The Society is planning to extend its activities to embrace the interests of the some 450 members.

Though it is one of the largest Zionist groups in the country, Samuel Kayz, chairman of the Membership Committee, is planning a new membership drive in order to extend the groups activities to as many more as were enrolled in last season's successful drive for 450 members.

My dear Henry:

At the last Board meeting of the Cleveland Zionist Society, it was voted to organize a Speaker's Bureau to carry the message of modern Palestine to the many groups and organizations in the city who would like to be informed on what is going on in the movement as well as about the ideals underlying it. We should like to get together a group of about ten or fifteen men of the professional group in the city who would be prepared to address one or two meetings a year. The Speaker's Bureau would contact with these organizations and would inform them of its readiness to serve them. I would be very happy to suggest to the members of the Speaker's Bureau source material which they could use in their addresses. I believe that this would be a distinct contribution to the intellectual life of our community.

I would appreciate it very much if you would accept the chairmanship of the Speaker's Bureau and supervise the work. We would, of course, give you every cooperation from the Society. Your principal task would be to enlist these ten or fifteen people, perhaps from the younger group of professional men in the city. The clerical work involved would be done largely by our secretary.

When you are free some time soon, drop in to see me as I would like to talk this matter over with you further. With all good wishes, I remain

My dear Jerry:

At the last meeting of the Board of the Cleveland Zionist Society it was suggested that one of the helpful activities in which our organization could engage this year, would be the launching of an Oratorical Contest among the Jewish youth of the City in order to interest them in phases of modern Jewish life and thought. Such a contest might be directed towards high school boys and girls or college men and women. The Society would set aside a sum of money which would prove attractive.

I should be very happy if you would take the chairmanship of this Oratorical Contest Committee. You could coopt as many men in the organization on to this Committee as you desire. Your task would be to select the subjects, define the conditions of the Contest, and make the necessary arrangements for popularizing it in the community.

At your leisure during the next week or ten days please come in to see me and we shall discuss the matter further. With all good wishes, I remain

My dear Rabbi Silver,

Just now I received your kind cable and answered:

"Agreed November twelfth. Letter follows regarding subject"

I do not fully understand you writing "Please suggest subject which will tie up with policy". Which policy do you mean? I am not able to speak about the german one, as you may guess; do you mean the sionist policy or the american one? For example the programm of rural settlement that is indeed nearly the same in Palestine as here in your country.

Please be kind enough to write me as soon as possible your meaning, since i must prepare myself at time.

I shall communicate you the time of our arrival, probably the morning of the twelfth.

My dear Dr. Oppenheimer:

Let me thank you both for your telegram and your letter of November 2. I am delighted that you will be with us on Tuesday evening, November 12. We are going forward with all the necessary arrangements for the meeting.

The telegram which I sent you evidently had in it the word "policy" instead of "Palestine." My thought was that your lecture ought to tie up with some economic or social problem connected with the development of Palestine in which you are interested.

Please let me know how to word your subject for the newspapers. Have you, by any chance, a photograph of yourself which we can use in our publicity? Also, please let me know the hour of your arrival so that I may have someone meet you. We have made hotel reservations for you at the Wade Park Manor which is very near to the place where you will deliver your address.

Rabbi Abba Hillel Silver,
The Temple,
Ansel Road and E. 105 St.,
Cleveland, Ohio.

Dear Rabbi Silver:

The following have expressed their willingness to serve on the
Speakers Bureau of the Cleveland Zionist Society:

Leo Asherman	Harold Glickman
Jerome Curtis	Albert Goodman
Saul Danaceau	Sam Katz
Morris Friedman	Alexander Mintz
George Furth	Dr. William Rosenberg
Jack Gilbert	Philip Steinberg
A. L. Glaser	Dan Wasserman
	Albert Woldman

There may be a few more names added later. If you have any
suggestions, I shall be glad to act on them.

Most of the group are fearful of their ignorance of Zionism and
have conditioned their acceptance upon receiving some preliminary
course of instruction so that they may consider themselves properly
grounded in the subject before they attempt to present it to others.
This is, of course, only natural and not the least advantage of the
Speakers Bureau should be the interest stimulated and education
received within the speakers group itself.

I think this matter of "educating" the speakers will probably
require more than merely making some source information available
to them at one sitting and is deserving of considerable thought
on our part. We shall, of course, have to work out a list of
subjects for the various talks.

At your convenience, I shall be glad to meet with you and perhaps
two or three others of the above group and outline a mode of
procedure. Then we should fix a time for calling the entire group
together and present the program to them.

Awaiting your response, I remain,

Cordially yours,

Henry Kutash

Mr. I. Evans,

2097 Columbus Road,
Cleveland, Ohio.

My dear Mr. Evans:

At our last Board meeting you may recall it was suggested that we appoint a finance committee whose task it would be to raise a few hundred dollars during the year to supplement what we get in by way of dues in order to cover our budget for programs, lecturers, entertainments, etc. during the year. In view of the fact that our dues are only \$3 a year and that \$2 of it is sent to national headquarters, we must have some additional income to carry on the splendid program which we have originated.

I should very much like to have you act as chairman of the finance committee. Please select from our membership a half a dozen members and add them to your committee. I feel that you can do that better than I can. You might meet with that committee at your convenience to talk over ways and means of raising the funds.

With all good wishes and hoping to see you at the next Board meeting of the Cleveland Zionist Society on Tuesday, I remain

Very cordially yours,

Mr. Morris Rothenberg, President,
Zionist Organization of America,
111 Fifth Ave.,
New York, N.Y.

My dear Mr. Rothenberg:

The Cleveland Zionist Society is arranging a gala Chanukah banquet for Sunday evening, December 32, at the Hollenden Hotel. We are hoping to make this an outstanding event in our community. The Executive Board, at its last meeting, voted unanimously to extend to you an invitation to be one of our guest speakers on that occasion. We are also inviting Judge William Lewis. I shall act as Toastmaster. We are hoping to make this meeting serve the purpose of a great Zionist demonstration in our community. I trust that you will be able to come. We shall make your stay in our midst very pleasant. I would appreciate hearing from you at your earliest convenience.

With all good wishes, I remain

Get in touch with them again early the following week at which time we will probably have a Board meeting to check up on our Chanukah celebration.

Dear Dr. Silver:-

Thank you very much for your note of the 3rd. I have no photographs that can be used for publicity purposes which is perhaps just as well. I had thought that a talk on modern Palestine with its relation to American Jewry might be appropriate. If we must have a title for my address, perhaps some thoughts on Jewish Survival or Extinction will be in place at the Chanukah celebration.

My dear Mr. Wise:

On Sunday evening, December 22, at the Hollenden Hotel, the Cleveland Zionist Society will hold a gala Chanukah festival at which time both the President of the Zionist Organization of America, Mr. Morris Rothenberg, and Judge William Lewis, of Philadelphia, will be the guest speakers. An attractive musical program has been arranged. This will be an outstanding occasion and I am anxious to make it very successful.

I would appreciate it if you and Mrs. Wise would attend this function. I am enclosing herewith two tickets. If you cannot come, please return them to me. If you can, I shall be delighted. Should you wish a few additional tickets for friends whom you would like to have sit with you, please get in touch with me.

With all good wishes, I remain

My dear Hillel:-

Were it not for the fact that Mrs. Rivitz and I are planning to be away during the Christmas holidays, would certainly be glad to attend the Chanukah festival to be given by the Cleveland Zionist Society on December 22nd.

I am enclosing my check for the price of the tickets, with the thought that you might wish to invite someone in our stead.

Needless to say, we wish you every success for a big turnout and enthusiastic gathering. With all good wishes, remain,

Dear Dr. Silver:-

Thanks so much for your kind note.
From all appearances, it is going to be a very fine
celebration. Honestly, between ourselves, I am fear-
ful regarding my part in it. I do hope I can acquit
myself well enough not to disgrace you.

What has happened with regard to the
separate campaigns is tragic and I am very glad that
you agree with the position I took in New York. May-
be it is not yet too late to rescind the action. These
leaders of ours in New York City seem to have so lit-
tle conception of what the rest of us away from there
think about the business. At any rate, at the moment
I am just looking forward to meeting you and our good
friends in your city which alone is worth the trip to
Cleveland.

With all good wishes, I am

The committee known as the Hebrew University Committee appointed by Dr. Abba Hillel Silver, President of The Cleveland Zionist Society met Thursday noon, December 12, 1935 at the Mid-Day Club. There were present the following members: Irwin Greene, Chairman, Dr. William Riegelhaupt, Mr. I. Evans and Dr. Myer Brody. Absent, Dr. S. B. Abrams. There were also present Dr. Abba Hillel Silver and Dr. F. M. Falkman.

There was considerable discussion on many interesting questions concerning the welfare of the Hebrew University of Jerusalem.

Irwin Greene read the following resolution:

WHEREAS, on July, 1918, while the Turkish guns were still booming outside the walls of the City of Jerusalem, several daring and ardent Zionist met at Mt. Scopus to lay the cornerstone of the Hebrew University, and through their perseverance and continuous efforts sufficient funds were raised to build the first building which was completed and dedicated on April 1, 1925 by the late Lord Balfour; and

WHEREAS, with the aid and assistance of some generous people of America and other parts of the world the Hebrew University has grown and is now recognized as one of the outstanding universities of the world with many departments of high learning; and

WHEREAS, in the past few years, many philosophers, scientists and teachers of international repute were driven from their own land for no other reason than they were Jews and liberals; and

WHEREAS, only a very few of these world renowned scholars and teachers could find a place at the Hebrew University due to its limited space and facilities; and

WHEREAS, in order to save these great minds from total destruction and provide for them a place at the Hebrew University so that they may continue with teaching, research work and to serve mankind, more money is needed for expansion;

NOW, THEREFORE, be it resolved:

1. That we provide a \$500.00 scholarship to the Hebrew University commencing September 1, 1936 and every year thereafter. The successful candidate to be selected by the Hebrew University.

2. That this committee devote its best efforts to solicit bequests for the Hebrew University of Jerusalem and adopt ways and means for this purpose.
3. That this committee adopt ways and means to cooperate with the American Friends of the Hebrew University for the purpose of disseminating information about the Hebrew University in Jerusalem and to promote interest in and support of its activities.

Dr. William Riegelhaupt moved the adoption of this resolution which was seconded by Mr. Myer Brody and Mr. I. Evans. Motion unanimously carried.

Meeting was adjourned until further call of the chairman.

My dear Rabbi:

Referring to your invitation dated December 11, to participate in the Chanukah Festival, sponsored by the Cleveland Zionist Society.

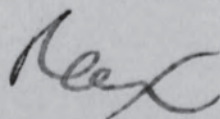

I have refrained from answering, hoping that I might be able to adjust myself to an acceptance, but unfortunately as you perhaps know, both Mrs. Meisel and the family and I were in a serious automobile collision on our way back from New York, where we had attended the marriage of Florence's daughter, and although there were no serious consequences, yet the reaction has made it rather necessary for us to minimize on evening engagements.

I am quite regretful for our inability to attend, as the program seems to be very attractive, but perhaps sometime in the future there may be an occasion of like character in which we will be happy to participate.

In accordance with your request, I am returning the two tickets to you.

With all best wishes and warmest regards, believe me
