Dear Dr. Silver:

May I recall to your mind the conversation we had while in Washington? I am referring in particular to the Conference for the United Palestine Appeal which we are calling in Brooklyn on Sunday afternoon, February 13, at the Hotel St. George.

We are inviting every Jewish Organization in Brooklyn to participate in this Conference by sending their representatives. Every Brooklyn contributor will also be invited, as well as the leaders and workers in the Campaign. We expect an unusually large attendance from every Section of Brooklyn.

This Conference is intended to inaugurate the Campaign in Brooklyn. Upon its tone will depend the success of our work for the coming year. We therefore appeal to you most earnestly please to give us your co-operation by attending as the principal speaker of the afternoon. Even if you come as late as 4:30, there will be ample time for you on the program.

Please let us hear from you at once so that we may arrange for wide publicity.

Awaiting your reply, and with kind regards and best wishes,

Sincerely yours,

*Morris A. Zeldin*

Mr. Archibald Silverman,

My dear Friend:

I arrived home after a pleasant airplane trip from New York and I am now at my desk. I want to tell you how much I enjoyed the hours spent with you at dinner in your lovely home and at and after the meeting. I profoundly appreciate your unfailing courtesies and that of your charming and gracious lady. I failed to tell her that she had a corking and fine talk last evening.

Please push Providence over the \$15,000 quota. That would be a grand start for our national campaigns.

With best wishes, I remain

Most cordially yours,

My dear Zeldin:

I wish I could come to the United Palestine Appeal meeting in Brooklyn on Sunday afternoon, February 13. When I spoke to you, I did not know that that evening The Temple holds its Father-Son banquet which is an outstanding event in the life of The Temple and which I must attend. Furthermore, even if this event did not compel me to stay in the city, I could not make an afternoon meeting in Brooklyn even by airplane. I must be in my own pulpit that Sunday morning because I am away the following Sunday morning addressing the faculty and students of Purdue University - a long standing engagement.

Sorry I can't help you out at this time.  
With all good wishes, I remain

Most cordially yours,

AGREEMENT BETWEEN  
THE AMERICAN JEWISH JOINT DISTRIBUTION COMMITTEE AND THE UNITED PALESTINE APPEAL

With a view to the promotion of full cooperation between the American Jewish Joint Distribution Committee and the United Palestine Appeal and to securing from Jewish Welfare Funds the maximum response for the constructive and emergency needs of Jews overseas and for the reconstruction and settlement work in Palestine, which are respectively the concern of these organizations, the representatives of the American Jewish Joint Distribution Committee and the United Palestine Appeal, having considered various means of arriving at these objectives, have agreed upon the following course of action:

The American Jewish Joint Distribution Committee and the United Palestine Appeal agree to recommend to local Welfare Funds raising money for overseas and for Palestine activities, that the sums collected by such local Jewish welfare agencies for the American Jewish Joint Distribution Committee and the United Palestine Appeal for the year 1938, shall be distributed by such Welfare Funds to these two organizations in the proportion of 60% to the American Jewish Joint Distribution Committee and 40% to the United Palestine Appeal. It is understood that any appropriations made by local Jewish Welfare Funds to other agencies engaged in fund-raising for overseas or Palestine purposes, not part of the American Jewish Joint Distribution Committee or the United Palestine Appeal, shall not be considered as entering into the amounts upon which the ratio of 60%-40% aforementioned is to be computed.

This ratio is applicable to the American Jewish Joint Distribution Committee and the United Palestine Appeal organizations as at present constituted, it being understood that the United Palestine Appeal for the year 1938 comprises the Palestine Foundation Fund (Keren

Hayesod), the Jewish National Fund (Keren Kayemeth), The Emergency Fund of the Jewish Agency for Palestine (Mifal Bitzaron) and the Mizrahi Palestine Fund. It is understood that the traditional collections of the Jewish National Fund shall not be constituted as campaign activity within the meaning of this agreement.

The American Jewish Joint Distribution Committee and the United Palestine Appeal, while continuing their separate fund-raising organizations and appeals, have agreed to cooperate fully in effectuating in Welfare Fund cities this agreement with respect to the distribution of funds for overseas purposes and have made arrangements to give practical effect to the agreement. The two organizations appeal to all Welfare Funds and to their respective local and sectional representatives to lend their utmost support to effectuate the foregoing understanding.

The understanding herein set forth is applicable to all Welfare Fund communities which are members of the Council of Jewish Federations and Welfare Funds as of February 1st, 1938, in accordance with the attached list of cities. It is understood that this agreement is not to be binding upon communities which raise their overseas funds in types of campaigns other than Welfare Fund campaigns.

It has been further agreed that the chairman and/or co-chairmen of the American Jewish Joint Distribution Committee campaign and of the United Palestine Appeal shall meet whenever necessary to give effect to the aims and terms of this agreement on fund allocations and inter-agency cooperation.

Monthly \$225.            Annually \$2680.

Combined outlay for U. P. A.:

Monthly \$570.            Annually \$6820.

I am hoping to have the opportunity to go into this matter with you further.

Very sincerely yours,

*Joseph J. Schickler*

P.S.- For the Group Insurance Plan, I refer you to our illustration of January 17th. This plan is set-up in conjunction with the employees of the other units. The U. P. A. outlay under that plan for insuring your employees, amounts to \$78.00 monthly, but if same is set-up on the contributory basis, the outlay to the U. P. A. would be \$28.50 monthly with the remainder contributed by the employees.

OUTLINE OF SUGGESTED GROUP RETIREMENT PLAN

For Employees of  
ZIONIST ORGANIZATION OF AMERICA

New York, N.Y.

\* \* \* \* \*

The following outline briefly summarizes the proposed retirement plan which we recently submitted. We understand that this plan, as modified to include those provisions described below, with respect to the normal retirement age and the employees' and employer's contributions and amounts of retirement income, is adaptable to the Zionist Organization of America.

ELIGIBILITY - All employees under normal retirement age are eligible for membership in this plan provided they have completed one year or more of service.

NORMAL RETIREMENT AGE - Normal Retirement Age is 65 for all employees.

CONTRIBUTIONS AND AMOUNTS OF RETIREMENT INCOME - The employee and employer will each contribute in accordance with the following scale, depending on the employee's age at entry into the plan. These contributions will be applied toward the purchase of a monthly life income for the employee, beginning at normal retirement age. The amount of income purchased depends on the employee's age at entry into the plan, sex and salary.

In addition, the employer may also make such contributions as are necessary to provide for each eligible employee a monthly life income, beginning at normal retirement age, equal to 1% of present salary for each year of past service rendered since the attainment of age 40.

GROSS CURRENT CONTRIBUTIONS

The following calculations have been based on the assumption that 100% of the eligible employees - as listed on the schedules submitted to us - will participate in the plan. Ages and length of service were computed as of January 1, 1938.

The employees' and employer's monthly contributions and the amounts of retirement income under this plan have been based on the means of salary classes. A summary of the payments required during the current year is shown below with respect to the following Units:

Unit A - Zionist Organization of America

Unit B - United Palestine Appeal

Unit C - Jewish National Fund

The past service benefits for the employees in the three Units may, instead, be provided by monthly payments of \$335 over a period of approximately 15 years.

EMPLOYER'S TOTAL GROSS CURRENT CONTRIBUTIONS

<u>Benefit</u>	<u>Monthly Contribution (All Units)</u>	<u>Annual Contribution Payable One-Twelfth Monthly (All Units)</u>
Future Service Annuities	\$685	\$8,220
Past Service Annuities	335	4,020
Total	\$1,020	\$12,240

OPTIONAL RETIREMENT BENEFIT

The normal form of income payable under this plan is the Life Annuity (with income payments only during the lifetime of the annuitant); however, an employee may elect optional forms of annuity where the income is shared with a dependent.

WITHDRAWAL BENEFIT

An employee on withdrawing may receive a cash withdrawal value equal to his total contributions plus 3% interest accumulations from the end of the third year after payment is made or, if the employee withdraws after five years' membership in the plan and elects to receive a paid-up annuity (income to commence at normal retirement age) with respect to his own contributions, he will also receive a paid-up annuity (income to commence at normal retirement age) with respect to the annuities purchased by the employer in his behalf up to the date of withdrawal.

The employer's total contributions plus 3% interest accumulations from the end of the third year after payment is made, except contributions applied to the purchase of vested annuities as described in the preceding paragraph, made in behalf of an employee who withdraws from the plan while in good health are credited to the employer by being applied to the purchase of annuities for other lives.

DEATH BENEFIT

In event an employee dies before retirement, his total contributions with 3% interest compounded annually in each case from the end of the year of payment, will be paid to his beneficiary. The death benefits, if any, after retirement depends on the retirement option selected.

There is no return to the employer in event of an employee's death as deaths are anticipated in the employer's rates.

SKELETON OUTLINE OF PROPOSED RETIREMENT AND DEATH BENEFIT PLAN  
FOR UNITED PALESTINE APPEAL AND AFFILIATED ORGANIZATIONS

OBJECTIVE OF PLAN - To provide a Retirement Income at age 60 after 30 years' service of 50% of average future pay (with proportionately larger or smaller pension after longer or shorter service) in combination with reasonable Death Benefits.

1. ELIGIBILITY - All full time permanent employees eligible after 6 months (or 1 year) of service.
2. RETIREMENT AGE - Normally 60, with provision for earlier retirement on reduced scale, or later retirement.
3. AMOUNT OF RETIREMENT ANNUITY - 1-2/3% of current salary per year of membership or future service (by salary classes) plus additional benefit recognizing past service for employees over age 30 of 1-2/3% of present salary per year of past service completed after age 30. (This assures every employee who entered service at or before age 30 of total pension of at least 50% of average future pay.)
4. LIFE INSURANCE - 1 year's salary by salary classes - minimum \$1,000, maximum \$3,000.
5. EMPLOYEES' CONTRIBUTIONS - 5% of salary, by salary classes.
6. EMPLOYEES' WITHDRAWAL OPTIONS -
  - (a) Before 5 years' Membership in Plan - Refund of 100% of employee's contributions or option of life income from age 60 as secured by employee's own contributions.
  - (b) After 5 Years' Membership in Plan - Same as above, and in addition if employee does not take out his cash, the lifetime income from age 60 will be the full amount purchased by the Employer's contributions for future service annuity as well as his own.
7. ADDITIONAL DEATH BENEFIT - Refund of 100% of employee's contributions (less total annuity paid to employee if death occurs after retirement.)
8. OPTIONAL DEPENDENT'S ANNUITY - Employee may elect a reduced annuity, all or part of which (as employee elects) continues to dependent for life if dependent survives the retired employee.
9. ESTIMATE OF GROSS OUTLAY BY UNITED PALESTINE APPEAL - Gross outlay by employer depends on personnel data and can be determined only by calculations. Following rough approximation is for 50 employees with payroll of \$117,000 (30 at \$25 a week; 10 at \$50; 10 at \$100.)

A - For Future Service Annuity - about 6% of payroll annually or, on \$117,000 payroll, about	-	\$7,000.
B - For Life Insurance - about 0.9% of payroll annually or, on \$117,000 payroll, about	-	<u>\$1,050.</u>
Total for Life Insurance and Future Service Annuity, about 6.9% of payroll annually, or on payroll of \$117,000, about	-	\$8,050.

C - The supplementary payments by the Employer for Past Service Annuity can be determined only by calculation from accurate personnel data. Such payments would be required only for employees now over the age of 30.
10. WITHDRAWAL AND OTHER CREDITS TO UNITED PALESTINE APPEAL - On withdrawal of an employee while in good health, the Employer is credited for his full payments for any Retirement Annuity not vested in the employee, plus interest at 3% credited and compounded annually on each payment from end of third year following year in which the payment was made.

The Group Annuity Contract is participating and any dividends earned under it would be payable to United Palestine Appeal.
11. CONDITIONS OF OFFER - Plan must be offered to all employees of certain classes based on conditions pertaining to employment, and offer is conditional upon acceptance by at least 75% of those eligible, but not less than 50 employees.

Mr. Morris Margulies  
Zionist Organization of America  
111 Fifth Ave.  
New York, N. Y.

Dear Mr. Margulies:

At its last meeting the Administrative Committee of the United Palestine Appeal voted authorization to obtain a detailed scheme for Social Security benefits for the employees of the United Palestine Appeal.

Under the legislation governing the Social Security Act employees in such activities as the United Palestine Appeal are not included in the provisions of that legislation. If these workers are to be safeguarded against the usual social hazards, a private plan must be adopted.

The Metropolitan Life Insurance Company is cooperating with us in preparing a comprehensive scheme giving in full detail what it would cost the United Palestine Appeal and the individual employees to obtain such benefits as: a lump sum or an annuity on retirement and also death benefits. The plan under consideration is of such a nature that even if employees withdraw from the organization they may still collect the amount they paid in if they so choose, so that the money never gets lost.

My understanding is that both the Jewish National Fund and Zionist Organization of America are interested in the same type of benefit for their employees. Inasmuch as the private Social Security program involves a minimum of fifty employees, it will be essential that the United Palestine Appeal, Zionist Organization of America and Jewish National Fund join forces, particularly since there is a frequent interchange of employees among the three organizations.

I submit herewith cards on which are to be recorded data concerning each employee in the Zionist Organization of America. Each card should have the following information either typed or written in:

Zionist Organization of America; Name of Employee; Date of Birth; Date on or about which the employee entered the service of the organization (this means date of entry into all Palestine activities and not necessarily the particular organization in which the individual is employed at the moment); Salary; Sex.

--The provision of this material by the Zionist Organization does not obligate the organization to any program. All of us are merely joining in providing data to the Metropolitan Life Insurance Company so that on the basis of specific material each of the organizations will be able to judge whether acceptance of a Social Security program is feasible or desirable.

I would be very grateful if you would turn the attached cards over to the appropriate department so that we may have all the information available within the next two or three days for submission to the Metropolitan Life Insurance Co.

Thank you for your cooperation.

Sincerely yours,

(Signed) Henry Montor

Dear Mr. Morrison:

In accordance with the action taken at the last meeting of the Administrative Committee of the United Palestine Appeal I am appointing a committee to deal with the question of Social Security for the employees of the United Palestine Appeal. I am ~~making xxxxx~~ naming you, Louis Rimsky and David Wertheim. I think it would be helpful if you gentlemen could meet at an early date to consider the material already available and to discuss the extent to which the United Palestine Appeal ought to commit itself. I know that this matter is important for the morale of the employees.

I would suggest that you call the first meeting. I know that Montor will be glad to assist the committee.

Dear Rabbi Silver:

How would Wednesday evening, March 30th or Thursday, March 31st be for my visit to your Zionist society? I think it can be managed, so far as my calendar is concerned.

If either of these dates is acceptable, I may be able to work in a UPA appointment somewhere in the middle west on the alternate date.

"THE ROAD OF THE CHALUTZ IS LONG AND DIFFICULT. BUT IT IS THE ONLY WAY. THERE IS NO OTHER. WITHOUT IT, ALL OUR TALK ABOUT REBIRTH IS MERE PRETENSE." . . . . BIALIK

June 6, 1938

Rabbi Abba Hillel Silver  
Cleveland, Ohio

Dear Rabbi Silver:

In view of your recent assumption of leadership in the United Palestine Appeal, and in view of the need for a basic understanding of the work of the Hechalutz Organization of America and its relation to the Zionist movement in general and the fund raising agencies in particular, we are hereby presenting a memorandum on the situation of our Chalutz movement, and several proposals which are vital to the interests of such a movement in America.

The Hechalutz, whose sole aim is to prepare young Jews for pioneer life in Palestine, is a non-partisan Zionist body open to all those who will eventually be eligible for membership in the Histadrut, that is, all potential workers in Palestine. At present, the bulk of the Hechalutz membership is composed of Labor Zionist youth, but there is a definite trend among the General Zionist youth groups in the direction of Chalutziut. Hechalutz is actively interested in fostering Chalutz sentiment among all youth groups.

The chief function of Hechalutz in America, however, is to provide Hachshara, as the final stage of preparation for life in Palestine. Most of the preliminary training of a cultural nature is encouraged in the youth groups. Pursuing its program of Hachshara, Hechalutz, in the fall of 1936, liquidated all its training centers, which were on rented farms, without adequate facilities or possibilities for improvement, and purchased a 140 acre farm of its own at Cream Ridge, N.J. We are now in the midst of our second agricultural season on this farm.

The Cream Ridge farm has definitely shown its superiority over all previous Hachshara enterprises. We have the physical base for a highly developed training program. The farm was purchased by funds advanced by the Chalutzim themselves (from their Keren Aliya) which amounted to some \$5,000. Over \$4,000 of this amount is still outstanding. To date, our experience on the farm has demonstrated that it can become a self-sustaining venture, provided that the original debts are liquidated, and the mortgages and taxes be taken care of by some other agency.

The total indebtedness of Hechalutz is now \$10,000, a reduction of over \$2,000 since September. Most of this debt consists of the Keren Aliya money and the investments made on the place. For Hechalutz to continue its work, it is vitally urgent that this debt be reduced drastically. Operations on the farm are hampered, and great difficulties are met when certificates for Aliya are available, but funds are short.

We have proposed to the Keren Hayesod, which last year advanced \$2,500 for Chalutz work (the sum being divided among Hechalutz, Hashomer Hatzair and Hapoel Hamizrachi), that they undertake a more definite responsibility to our work. We have requested an annual allotment of \$1500 to meet taxes and mortgage payments, and an additional \$1,000 per year for the reduction of the Keren Aliya debt.

הסתדרות הפלוצ'ם אמריקאי במדינת ישראל

HECHALUTZ ORGANIZATION OF AMERICA

In view of your activities in the field of Jewish Welfare Funds, we feel it in place to call your attention to a situation which we have encountered in a number of cities to whom we have applied for subventions. We have been informed that the Welfare Funds consider us a Zionist enterprise, and inasmuch as they allot considerable sums to the United Palestine Appeal, they do not feel obligated to support Hechalutz. Individuals, too, have presented the same arguments.

It is an intolerable situation -- Zionist support is pitifully inadequate, and non-Zionists shun responsibility. It will require the concerted efforts of Zionists to place the Hechalutz on the rolls of the Welfare Funds, or Zionist funds must assume our obligations in toto.

Aside from the purely financial relations between Hechalutz and the Zionist movement, there is another one that has long been neglected. Hechalutz has definitely given to the American Zionist movement a content and spirit whose only criticism is that they have not been exploited enough. Our farm at Cream Ridge, for example, serves as the center of Zionist "living" for central New Jersey. Our Hachshara has concretized Zionism for thousands of Jews, and there has been a perceptible rise in Zionist enthusiasm (and, we may add, income), in the towns within our sphere of influence. By fostering Hechalutz as a vital sector of Zionism, and not in a left-handed manner as heretofore, American Zionism has much to gain.

We hope that by calling to your attention the above facts, we shall effect a more natural and happy relationship between Hechalutz and the leaders of American Zionism.

WRHS  
With best greetings and highest personal regards,

*Nathan Guttman*

Dear Rabbi Silver:

We reserved rooms for you at the Hotel Statler where the dinner will be held. Dinner is called for 6:30 o'clock. We shall wear tuxedos. I shall get in touch with you some time during the afternoon.

Ofcourse either I or someone else will be glad to meet you at the train, but my guess is that you probably would prefer to be left alone and perhaps be free to see such people as you would like to during the afternoon. Nevertheless I shall be at your disposal in case you should want me to be of any service to you. My home telephone number is Trowbridge 1756.

Cordially yours,

LORE MONTOR.

First of all I wish to acknowledge your letter of September 9th, advising me a publicity kit and samples of literature are being forward for use in connection with [Undated] the Baltimore campaign.

The following I am sure you and your associates at the national office will treat with the necessary confidence.

It appears that the Baltimore campaign may be the battle fround for determining the trend of fund-raising in view of recent developments in and about Palestine, with the Jewish State occupying the center of attention. Already there are murmurs that a number of influential contributors in the coming Baltimore campaign intend to earmark their funds for the JDC, especially in view of the "wild sermon" delivered by our good friend Rabbi Morris S. Lazaron on Rosh Hashonah. In his talk he berated Zionism in the most venomous terms, alluding to the Jewish State and what he considers will follow in its wake. He put the fear in the hearts of his congregants, forewarning them that first all a Jewish State would be a Communistic State and that American Jewry would be put in a very embarrassing light. Second, that the Jewish people are only a religious entity and should not be a party to a nationalistic state. Third, that Palestine Jewry, will be the first victims in a world-wide war, which is inevitable, and that he (Lazaron) is prepared to go from one end of the country to the other visiting every community and speak against extending Palestine any form of cooperation as long as the Jewish State appears on the horizon. He said many more things, which I assure you will not be very helpful to our Cause.

WRHS  
AMERICAN JEWISH  
UNION  
OF AMERICA

Of course, Rabbi Lazaron, in his point of view gathers courage from the fact that among Zionists themselves there is a very definite cleavage concerning any suggestion of a Jewish State and unless the Zionists themselves unite on a single course of action, we will have "Lazarons" arise all over the country to combat Zionism and naturally put the skids under our fund-raising activities.

In the meantime, I also got wind, that Mr. Aaron Straus, who is one of Lazaron's henchmen, proposes to reopen the question of division of funds (which as you know we settled quite some time ago after protracted gegotiations) when the Baltimore United Jewish Appeal campaign committee meets on Friday, September 17th.

As soon as I heard of this move on the part of our antagonists, I immediately contacted our Zionist leaders and also conferred with Mr. L. Manuel Hendler and Rabbi Israel. We agreed to meet in Mr. Hendler's office on Thursday, September 16th, to determine our reaction to Mr. Straus' latest move. One thing certain, we are not going to permit any earmarked funds to be deducted from our share. We are determined to safeguard the original 40-60 agreement.

I am conveying this information for all it is worth and will keep you apprised from time to time of further developments. In the meantime, it is the thought of the leaders I have spoken with, that the national office do nothing in this connection for the present. Should the situation take a turn for the worse, you can rest assured we will immediately contact you and others at national headquarters and get you to come to our rescue.

With kind personal regards,

Sincerely yours,

J

BUDGETARY ANALYSIS OF THE UNITED PALESTINE APPEAL FOR 1938

I. WHY A \$4,500,000 QUOTA IS ESSENTIAL

During the year 1938, the United Palestine Appeal seeks \$4,500,000 from the Jews of the United States in order to further the upbuilding activities financed by the Keren Hayesod (Palestine Foundation Fund), Keren Kayemeth (Jewish National Fund) and Mifal Bitzaron (Emergency Fund of the Jewish Agency), the three institutions embraced within the United Palestine Appeal.

The United Palestine Appeal is the only American instrument through which American Jewry can share in the national rebuilding program in the Jewish homeland. When the officers of the United Palestine Appeal adopted the quota of \$4,500,000 for 1938, they were considering a definite program that had been submitted by the agencies benefiting from the United Palestine Appeal.

X The action taken by the United Palestine Appeal is in accordance with the decisions made at Zurich, Switzerland, in September, 1937, at the biennial meetings of the World Zionist Congress and the Council of the Jewish Agency for Palestine, the body representing Zionists and non-Zionists in equal measure which, under the authority granted by the League of Nations Mandate, is entrusted with supreme responsibility for Jewish upbuilding activities in Palestine.

The sessions held at Zurich, which were attended by the Zionist leaders and also by such American non-Zionist representatives as the late Felix M. Warburg, Sol Stroock, Samuel C. Lamport, Max D. Steuer, George Backer and Alexander Kahn, adopted the budget under which the Jewish Agency for Palestine operates.

The Keren Hayesod, which is the fund-raising instrument of the Jewish Agency, and the Keren Kayemeth adopted the following budgets in the valid expectation that Jews throughout the world would join in providing the sums required:

Budget of the Keren Hayesod (Jewish Agency for Palestine) £665,000 or \$3,325,000

Budget of the Keren Kayemeth £810,000 or \$4,050,000

TOTAL £ 1,475,000 or \$7,375,000 X

These budgets are based on a minimum of activities that can be and must be undertaken during the year if colonization is not to stagnate and if the upbuilding of the country is not to be retarded.

The combined budgets of the Keren Hayesod and Keren Kayemeth are itemized as follows:

II. AMERICA'S SHARE IN THE BUDGET

In view of the economic situation confronting Jews in the majority of countries, particularly in Europe, it is evident that great reliance must be placed upon American Jewry if these minimum budgets are to be satisfied. In the years since 1921, when the Palestine Foundation Fund began functioning in the United States, it has been expected that at least

- 3 -

sixty per cent of the budget would be supplied to Palestine by Jewish fund-raising efforts in the United States. Because of the exchange restrictions that obtain in the majority of European countries, the ability of Jewish communities in those lands to continue their assistance to the budget of the Jewish Agency and the Keren Kayemeth has been greatly diminished. Despite these handicaps, however, these communities recognize that the fate of great numbers of them is bound up with the acceleration of the upbuilding of Palestine. Accordingly, there is an exertion of effort which permits these countries, despite the obstacles, to cooperate generously in supplying the budgets.

It should be possible for the Jews of America alone to supply the sums essential for the Keren Hayesod and Keren Kayemeth this year. But taking a realistic view of the amounts that have been raised in the United States in recent years, it has been felt that the adoption of an excessive quota might discourage the volunteer committees which, in hundreds and thousands of towns and cities, are responsible for supplying the funds to Palestine through the United Palestine Appeal. Accordingly, it has been determined that American Jewry should be called upon for fifty per cent of the combined budgets of the Keren Hayesod and Keren Kayemeth, amounting to £737,500 or \$3,687,500.

~~X~~ In addition to the obligation to the Keren Hayesod and Keren Kayemeth, the United Palestine Appeal has cooperated during the past two years with the Council for German Jewry, supplying for 1936 and 1937 the sum of \$250,000 each year. It is hoped that in 1938, too, the United Palestine Appeal may be able to continue its cooperation with the Council for German Jewry to the extent of an additional \$250,000.

~~WRHS~~  
In addition to these three major requirements, the United Palestine Appeal has included among its beneficiaries the Mizrachi Organization, to which it has appropriated the sum of \$60,000 for the maintenance of traditional agricultural and educational institutions in Palestine, supplementary to those financed by the Keren Hayesod and Keren Kayemeth. The figure of minimum budgetary requirements is, therefore, \$3,997,500.

In addition to the normal campaign expenditures and educational activities that are part of a nation-wide fund-raising effort, the United Palestine Appeal has obtained the cooperation of the Zionist Organization of America, the Mizrachi and the Poale Zion, the three wings of the Zionist movement whose activities in the various communities are basic to the stimulation of interest in the upbuilding of the Jewish National Home and to the collection of a maximum of funds. The United Palestine Appeal makes available to these three organizations small sums which assist them in their educational programs which, in turn, are reflected in an increased interest in the United Palestine Appeal.

~~U/V X~~ To meet the budgets of the Keren Hayesod, Keren Kayemeth and Mizrachi; to conduct a nation-wide campaign that will reach into every community where even a handful of Jews exists; to engage in a program of education and stimulation that will link American Jewry closer to Palestine upbuilding, the United Palestine Appeal must have as a minimum sum for 1938 the amount of \$4,500,000.

Urban Colonization	8.0	\$2,405,720
Religious Institutions	7.7	2,318,510
Health	5.3	1,604,795
Administration	5.3	1,598,635
Sundries	1.1	345,165

The Jewish National Fund (Keren Kayemeth) was established in 1902. Its purpose is the acquisition of land in Palestine as the inalienable property of the Jewish people. During the years it has obtained from Jews throughout the world the sum of \$24,000,000, which has resulted in the following major accomplishments:

100 settlements are established on Jewish National Fund land.

423,000 dunams of land have been purchased as the property of the Jewish people.

53 areas suffering from pestilential swamps have been drained and made habitable for colonization.

57 villages have been able to survive because of water installations provided by the Jewish National Fund.

2,200,000 trees have been planted, contributing to the improvement of the soil and the beautification of the country.

#### V. MAJOR OBLIGATIONS IN PALESTINE TODAY

The need for support of the United Palestine Appeal during the year 1938 is intensified because of two aspects of the present Palestine situation: (1) the political uncertainty arising out of the report of the Royal Commission and (2) disturbances fomented by those using violence as an instrument of political policy.

Upon the Jewish Agency Executive falls the responsibility for the following tasks:

To organize immigration in European countries and to provide for its absorption in the country upon arrival,

To continue colonization in new areas and to consolidate colonies already established,

To promote a variety of enterprises, including public works, construction, Tel Aviv port, marketing research, opening of new trades to Jewish workmen and similar activities which will counteract economic stagnation flowing out of political uncertainty and combat the trend to unemployment that has resulted from the retreat of private capital.

VI. PALESTINE WORK CONTINUES REGARDLESS OF POLITICAL OUTCOME

A misunderstanding prevails in some quarters with regard to the future of the national funds in Palestine. Whether the proposed tripartite partition is accepted or rejected by the Jewish Agency for Palestine, whether or not the British Government implements its proposal for partition -- these eventualities are not the concern of the United Palestine Appeal, which is not a political instrument but only a fund-raising body completely free of partisan, political objectives.

It must, however, be emphasized that regardless of the ultimate decision to be made, the economic reconstruction activity in Palestine, as financed by the United Palestine Appeal, will go on without interruption. The extent of further Jewish accomplishments in Palestine is obviously bound up with the resources that can be supplied.

In the event that partition goes into effect and a Jewish commonwealth is established, it will mean that sums far in excess of those thus far provided will have to be forthcoming if the newly created Jewish area is to be able to receive the influx of tens of thousands of Jewish immigrants from European lands whose arrival in the country will be legally expedited.

If partition becomes a fact, it will mean that great resources hitherto undreamed of will have to be sought so that the soil on which the Jewish area exists may be in Jewish hands. It should be pointed out that of the Jewish area envisaged in the Royal Commission Report, only twenty-three per cent is in Jewish possession. The rest of the land is owned by persons in and out of Palestine from whom it must be purchased. This is stressed because there is a misconception that should a Jewish commonwealth be constituted, the land might be acquired by fiat. The very opposite is true; which means that the tasks of the Jewish National Fund will be multiplied on a great scale.

If partition is ultimately decreed, it will mean that Jews throughout the world will be called upon to cooperate on a far broader scale than ever before in the upbuilding of a commonwealth. The same unifying ideal which animates supporters of the United Palestine Appeal today, that is, the desire to help homeless Jews find home and opportunity, will be just as compelling when Jews in Palestine are called upon to demonstrate day after day, in a variety of activities, ability to govern justly and to administer the land with a sound regard for the principles of economy. To this enterprise, Jews everywhere with a sense of pride in their people and of satisfaction in constructive achievement, will undoubtedly give generously and freely so that it may succeed.

If partition is rejected and the Mandate for Palestine of the League of Nations continues, the functions hitherto exercised by the Jewish Agency Executive will not be diminished. It is true, on the contrary, that Jews will have learned through the present political unrest that the most solid bases of Jewish achievement in Palestine depend upon actual accomplishments in the fields of colonization and land acquisition.

The Report of the Royal Commission, it should be noted, bases its proposals for the Jewish area on colonies actually established within the

AGREEMENT BETWEEN  
THE AMERICAN JEWISH JOINT DISTRIBUTION COMMITTEE AND THE UNITED PALESTINE APPEAL  
FOR 1938

With a view to the promotion of full cooperation between the American Jewish Joint Distribution Committee and the United Palestine Appeal and of securing from Jewish Welfare Funds the maximum response for the constructive and emergency needs of Jews overseas and for the reconstruction and settlement work in Palestine, which are respectively the concern of these organizations, the representatives of the American Jewish Joint Distribution Committee and the United Palestine Appeal, having considered various means of arriving at these objectives, have agreed upon the following course of action:

The American Jewish Joint Distribution Committee and the United Palestine Appeal agree to recommend to local Welfare Funds raising money for overseas and for Palestine activities, that the sums collected by such local Jewish welfare agencies for the American Jewish Joint Distribution Committee and the United Palestine Appeal for the year 1938, shall be distributed by such Welfare Funds to these two organizations in the proportion of 60% to the American Jewish Joint Distribution Committee and 40% to the United Palestine Appeal. It is understood that any appropriations made by local Jewish Welfare Funds to other agencies engaged in fund-raising for overseas or Palestine purposes, not part of the American Jewish Joint Distribution Committee or the United Palestine Appeal, shall not be considered as entering into the amounts upon which the ratio of 60%-40% aforementioned is to be computed.

This ratio is applicable to the American Jewish Joint Distribution Committee and the United Palestine Appeal organizations as at present constituted, it being understood that the United Palestine Appeal for the

year 1938 comprises the Palestine Foundation Fund (Keren Hayesod), the Jewish National Fund (Keren Kayemeth), The Emergency Fund of the Jewish Agency for Palestine (Mifal Bitzaron) and the Mizrachi Palestine Fund. It is understood that the traditional collections of the Jewish National Fund shall not be construed as campaign activity within the meaning of this agreement.

The American Jewish Joint Distribution Committee and the United Palestine Appeal, while continuing their separate fund-raising organizations and appeals, have agreed to cooperate fully in effectuating in Welfare Fund cities this agreement with respect to the distribution of funds for overseas purposes and have made arrangements to give practical effect to the agreement. The two organizations appeal to all Welfare Funds and to their respective local and sectional representatives to lend their utmost support to effectuate the foregoing understanding.

The understanding herein set forth is applicable to all Welfare Fund communities which are members of the Council of Jewish Federations and Welfare Funds as of February 1st, 1938, in accordance with the attached list of cities and to such other communities as may become affiliated with the Council of Federations and Welfare Funds and engage in raising funds for overseas and Palestine activities in 1938. It is understood that this agreement is not to be binding upon communities which raise their overseas funds in types of campaigns other than Welfare Fund campaigns.

It has been further agreed that the chairman and/or co-chairmen of the American Jewish Joint Distribution Committee campaign and of the United Palestine Appeal shall meet whenever necessary to give effect to the aims and terms of this agreement on fund allocations and inter-agency cooperation.
