MEMORANDUM

TO: Officers of the United Jewish Appeal
FROM: Messrs. Isidor Coons and Henry Montor
SUBJECT: Monthly Pledge and Payment Report

Attached hereto is a report of the status of the United Jewish Appeal as to pledges and payments for the period ending October 1, 1939.

With the end of the High Holiday period there has been a renewal of intensive campaign activities in those communities throughout the country which did not conduct their drives on behalf of the United Jewish Appeal in the Spring. Among the scores of larger campaigns that are now in progress or being initiated are those in Philadelphia, Cincinnati, Youngstown, Atlantic City, Dayton and Poughkeepsie, while other larger campaigns now being planned or soon to get under way include Baltimore, Toledo, Rochester, Evansville, South Bend, Gary, Shreveport, Tulsa, Wilmington, Delaware, Gloversville, Denver and a series of other communities of similar rank.

The fiscal report of the United Jewish Appeal as of October 9th discloses that the total recorded pledges amounted to \$14,440,245.74, of which \$8,925,696.70 had been received in cash, constituting what is regarded on the basis of previous experience as an exceptionally good collection record as of this date. It should be noted that the figure of pledges does not include the total allotment from Boston, whose Budget Committee has not yet acted upon allotments, nor does it include the total amount which we may expect from Chicago.

The problem of collections on pledges has received the closest attention of the national headquarters of the United Jewish Appeal with the result that a Collection Manual has been prepared and distributed to the appropriate officers throughout the country for the purpose of providing them with the experience of several score communities as to the best procedures for

collections on pledges. Reports from various communities up to this time indicate that payments on pledges are being made at least as rapidly as had been anticipated and in many cases much more so.

Disbursements to the participating agencies are summarized as follows:

\$4,450,000	-	Joint Distribution Committee
\$2,225,000	-	United Palestine Appeal
\$1,800,000	-	National Refugee Service

The report of administrative expenditures through September 30, 1939, shows the amount of \$305,745.06 has been expended as against the total budget for the year 1939 of \$412,225.00.

With the outbreak of war questions were raised with regard to the possibility of expending funds by the agencies within the United Jewish Appeal. These questions were answered through a series of communications from national headquarters of the agencies and through intensified activities by the headquarters and field staff of the United Jewish Appeal. Letters and accompanying data explaining the increased requirements of the Joint Distribution Committee, the United Palestine Appeal and the National Refugee Service as a result of the war were issued to thousands of key leaders throughout the country. The anxiety that was at first felt that campaigns might be seriously affected because of the war situation is being slowly dissipated. It is still essential that pressure be brought to bear upon leading contributors in a number of communities to emphasize the increased needs of the United Jewish Appeal and the facilities which exist for utilizing the funds made available.

The operations of the United Jewish Appeal, Inc., for the period from the inception of the 1939 campaign to September 30, 1939, are summarized as follows:

Contributions collected	\$8,651,852.25
Expenses of campaign (see Exhibit B, Schedule I).	<u>305,454.57</u>
Excess of collections over expenses.	\$8,346,397.68

Automobiles, net.	2,374.80
Sundry items.	<u>147.87</u>
	<u>7,122.67</u>
	\$8,339,275.01
Less allocations paid to September 30th:	
National Coordinating Committee, Inc.	\$1,740,000.00
United Palestine Appeal, Inc.	2,175,000.00
The American Jewish Joint Distribu- tion Committee, Inc.	<u>4,350,000.00</u>
	<u>8,265,000.00</u>
Balance, September 30, 1939 (after deducting \$2,084.31 for unpaid expenses).	\$ <u>74,275.01</u>

The balance of \$74,275.01 comprises the following:

Cash on deposit.	\$75,559.32
Petty cash and postage funds	800.00
	<u>\$76,359.32</u>
Less accounts payable.	<u>2,084.31</u>
Balance, as above.	<u>\$74,275.01</u>

According to the pledge and payment report prepared by your statistical department, the total pledges as at September 30, 1939, aggregated.	\$14,390,720.97
The cash received thereon amounted to	\$8,651,852.25
Applicable local community expenses, as reported, amounted to	<u>4,834.65</u> <u>8,656,686.90</u>
Leaving a balance of unpaid pledges on September 30, 1939, of.	<u>\$ 5,734,034.07</u>

The above amounts do not include an art collection of undetermined value which was donated by a resident of Atlantic City, N. J., and a bequest of \$10,000.00 by a late resident of Savannah, Georgia.

Relative to the amount of \$14,390,720.97, representing the total pledges, the following observations are pertinent:

(a) Communities which have not yet commenced their 1939 appeal have not been included therein; among such cities are Baltimore, Cincinnati and Philadelphia.

(b) Boston, Mass., and a few other communities have not yet made any 1939 allotments. In such instances, only the amount of cash received to September 30, 1939, was included in total pledges.

(c) In a few instances, estimated minimum pledges were included in the compilation. With respect to Chicago, Ill., \$1,200,600.00 was included in total pledges; we were informed, however, that an additional allocation will be made later.

Letters were sent to contributing communities and to organizations (except those which had not yet started or had just begun their 1939 campaign and which will be circularized at a later date), requesting confirmation of their pledges and payments to United Jewish Appeal, Inc., as at July 31, 1939. The replies indicated the correctness of the recorded cash and the substantial accuracy of the pledge records.

The responses received to October 24, 1939, are summarized as follows:

	Confirmation requests sent	Replies received	% of response
Number of confirmations	558	448	80.1
Amount of pledges	\$12,808,464.66	\$12,373,047.20	96.6
Cash contributions.	6,241,866.58	6,040,913.82	96.8

The actual expenses for the period ended September 30, 1939, amounting to \$305,454.57, are set forth in Exhibit B, Schedules I, I-A and I-B, and compared with the expense budget of \$412,225.00, which was adopted for the year 1939.

CASH --- \$76,359.32

This amount is made up as follows:

Petty cash fund.	500.00
Postage fund	300.00
Total	<u><u>\$76,359.32</u></u>

The balances on deposit were reconciled with the amounts appearing on the bank statements, but, in connection with this interim report, such balances were not confirmed by correspondence with the depositary.

The petty cash and postage funds were counted by us.

ART COLLECTION (UNRECORDED) ---

On September 22, 1939, an art collection, comprising 66 paintings (including frames), one tapestry and 12 other works of art, was deeded to United Jewish Appeal, Inc., by the Federation of Jewish Charities of Atlantic City, N. J., which organization had previously received it as a gift.

We understand that the collection will be offered for sale at auction and that, in the meanwhile, it is in storage. The collection is insured by a policy taken out by the Atlantic City Federation, which you have requested be forwarded to you.

ACCOUNTS PAYABLE --- \$2,084.31

This amount represents the unpaid expenses applicable to the period under review. The items are not recorded on the books until paid.

FOREWORD

The vital need for rapid collection of pledges has been sharpened since September 3, 1939 with the declaration of war that has engulfed countries in which millions of Jews are resident and which threatens the stability and security of hundreds of thousands of others.

The officers of the United Jewish Appeal have not launched upon an emergency campaign in relation to these emergency requirements for the year 1939. It is recognized, however, that the normal and emergency tasks of the agencies within the United Jewish Appeal have acquired new urgency as a result of the conflict. Accordingly, it is expected that pledgors will be willing to anticipate the payment of their pledges even though in virtually all cases, gifts were predicated on payments over a specified period.

The unprecedented challenge of the United Jewish Appeal for Refugees and Overseas Needs has been met on the part of the entire country with a generous response through community campaigns. Not only have contributors made pledges for sums many times higher than their subscriptions of previous years but they have on the whole recognized the urgent need for funds and have been prompted to expedite the payment of their pledges.

* * * * *

In a number of communities this year for the first time campaigns were conducted on a pledge rather than a cash basis. Thus contributors were given the opportunity of making the larger subscription which they desired to give through periodic installment payments. Organized communities which have been accustomed to accepting pledges payable on an installment basis for their welfare fund campaigns have found (1) that the number of contributors has increased substantially, and (2) that the larger amounts subscribed have broadened the scope of their

Foreword

collection program. They accordingly welcome suggestions based on the experience of other communities which have already dealt with similar programs.

The United Jewish Appeal has made an extensive study of collection methods in communities of all types throughout the country, those having permanent organizations and those which have committees that function for the necessary period of the campaign and collection program. A questionnaire sent out by our National Treasurers to campaign officers responsible for collections in the various communities brought forth detailed information on collection procedures. Based on an analysis of these experiences co-related with information reported by our field representatives and a review of the collection problems referred to national headquarters by individual communities from time to time, we have prepared this collection manual.

WRHS

A fundamental principle which our study conclusively proves is that a successful collection program must be just as carefully prepared in advance as a successful campaign plan. The personal attention of the responsible community leaders to the collection program is the most effective means of stimulating payment. This may come either through indirect influence - in the knowledge by subscribers that the status of their payments is known to the leaders - or through direct influence - by personal calls where necessary. The suggested routine and special techniques for collections have all proved their usefulness in more than one community. However, they must be adapted to meet the particular needs.

While in campaigns where the pledges number in the hundreds ranging from big givers to youth division subscriptions, a shrinkage loss of from 2 per cent to 6 per cent may be expected, it is an encouragement to find that a 100 per cent collection record is a frequent achievement.

I. COLLECTION ANALYSIS

An increasing number of communities are establishing collection committees which take responsibility for the entire collection program in the same manner that the campaign committee takes responsibility for the projection of the actual campaign itself. The function of this Collection Committee is to meet regularly, once a month, or at frequent intervals, to review the rate of collections, to receive reports and to deal with the problems created by individual delinquents. Where there are no definite Collection Committees, responsible campaign officers give personal attention to the formulation of a collection program based on an analysis of the outstanding pledges.

As a basis for a collection analysis, it is necessary that the records be so set up as to indicate all information required to estimate collection potentialities. In addition to the standard information showing the amount of the pledge, the amounts and dates of payments made, the amount of the balance and the date on which it is due or the dates on which installments are due, the record for each subscriber should indicate in code his previous promptness or delinquency in paying pledges and his present financial situation.

The records should then be marked for routine handling and special handling. It should be possible from such records to estimate what amount will be collected on any given date and what further amounts could be brought in with special pressure.

It is the practice for many committees to have master lists drawn up after the first two or three months, showing the names of those who have not adhered to the anticipated schedule in payments on pledges. Special pressure must be applied to these delinquents. Similar master lists of current delinquents are made up each month or every two months so that the record may be current and give full credit to those who, following temporary difficulties or oversights, have returned as full-fledged regular payers of pledges.

II. ROUTINE TECHNIQUES

A. Acknowledgment of Pledges

There are two forms in which the majority of communities have acknowledged pledges made during campaigns. The first is through the acknowledgment directly after the conclusion of the campaign of the amount of the contribution, together with an expression of appreciation to the contributor; the second form used by some communities is to combine the expression of appreciation with the first bill to the contributor sent usually on the first of the month following the conclusion of the campaign.

Most communities have found the latter system most economical and most effective. The experience has also been that a great many pledgors respond most generously to a letter in which appreciation of their gift is combined with the regular bill. Very frequently, also, individuals who have asked that their gift be extended over an entire year have, in response to the first collection letter, remitted their total contribution.

B. Billings of Pledges

The practices on billing differ in varying communities. It is, of course, to the advantage of the campaign and to the agencies benefiting from it, especially the United Jewish Appeal for Refugees and Overseas Needs, that the total amount of the pledge is paid by the contributor in response to the first bill. In 1939, however, many communities encouraged enlarged gifts by stating that the amounts could be paid within a period of time - some permitting as much as an entire year for such installment payment.

The time and method of billing depend, of course, upon the promise given by the contributor at the time the pledge was received. Billings may be on the following bases depending on local circumstances:

1. The total pledge to be paid immediately or within a reasonable time after the conclusion of the campaign.
2. Monthly.
3. Quarterly, with the first billing put in the mail on the first of the month following the close of the campaign.
4. In two payments: (1) during or immediately following the close of the drive and (2) the balance in a period of from three to six months.

C. Supplementary Follow-Up

1. Written

- a. There are supplementary actions when the monthly or quarterly or semi-annual bills do not elicit a response from a small minority of the contributors. These include: (1) A special appeal on the personal stationery of one of the officers of the campaign, either the Treasurer or Chairman; (2) A telegram of reminder; (3) The relay of a message or material received from the United Jewish Appeal, emphasizing the pressing nature of the United Jewish Appeal obligations particularly in the light of the emergency needs resulting from the European war.
- b. Collection follow-up and billings are not, however, confined to the small minority who are sometimes delinquent in payments. The well organized campaign maintains the interest of its contributors through the regularly mailed billings. This is done in one of several or all ways: (1) The enclosure with the bill of a stuffer which draws attention to one of the particular tasks of the United Jewish Appeal (illustrations will be found on Page 17); (2) Through the relay of brief statements

of the accomplishments of or problems facing the agencies within the United Jewish Appeal, with special reference to current news events (Pages 24, 25 and 26); (3) Clippings in offset or mimeographed form of brief news dispatches on world events, stressing the consequent obligation upon the United Jewish Appeal for enlarged financial resources.

2. Telephone Calls

It is customary when some pledgors have not adhered to the anticipated schedule of payments to have telephone calls made to them to remind them of their obligation. Such calls are most effective when made by the person who has the greatest influence with the subscriber or by the person who obtained the pledge.

They might be made by members of the Collection Committee, or the Finance Committee, or officers of the campaign, preferably the Treasurer.

3. Personal Visits

When the normal written billing or the telephone call has proved unsuccessful the next procedure involves a personal visit by some designated officer of the Campaign or the Collection Committee. This is by far the best approach since direct personal contact can enable the caller to clear the pledgor's mind of possible misconceptions or break through the wall of indifference with which letters and phone calls cannot cope. It cannot be too strongly emphasized that there is no substitute for the personal visit.

4. Professional Collectors

There is less than a handful of communities out of hundreds

conducting campaigns which employ professional collectors. In cases where such commercial collectors are employed the reports to us indicate that the usual fee is 10% of the amount collected. But most communities do not use such professional collectors mainly because a personal visit by a designated officer of the campaign is far more effective than the solicitation of collections by a paid collector.

5. Contributors' Lists

There is a growing number of communities throughout the country which has used in past years, or used this year for the first time, a public list of contributors. This list is published either before the beginning of the next year's campaign or six or eight months following the close of the current year's campaign. This list, either in printed, multigraphed or mimeographed form, shows the name of the contributor, the amount pledged and the amount paid as of the date of publication.

The primary reason for the use of such contributors' lists is to indicate the community-wide basis of responsibility and also to help establish standards of such responsibility.

It is evident, of course, that the publication of such lists is helpful from the point of view of bringing additional stimulation to delinquent contributors. It is the practice of communities using such lists to write a final letter to delinquent contributors, pointing out that such a list is about to be published and suggesting payment on the pledge so that the record may be complete.

III. SPECIAL TECHNIQUES

A. Cooperation from National Headquarters

The United Jewish Appeal national headquarters is at the disposal of every community for special counsel and guidance in collection procedure. Essentially, this counsel is based upon the successful experience of the hundreds of communities which are raising funds for the United Jewish Appeal and which keep us informed of those techniques employed which they find most helpful.

B. Cooperation from Field Representatives

The field representatives of the United Jewish Appeal will visit from time to time communities which are about to have campaigns as well as those which have already completed campaigns. Thus through discussion with local officers and committees entrusted with the task of collection, these field representatives may make personally available whatever information and experience has been accumulated on the problem.

C. Emergency Appeals

There are times such as the present war situation when the pressure upon the United Jewish Appeal agencies reaches special levels of urgency. At that time the national officers of the United Jewish Appeal will communicate with you either by letter or wire. You will find that bringing such communications to the attention of pledgors will be valuable in evoking special responses to these emergency appeals.

D. Use of Current Incidents

One of the most effective means of increasing the value of collection letters or memoranda is through the utilization of current events. Your local newspaper columns may frequently have material which you may find helpful for inclusion with your bills. The United Jewish Appeal will be

prepared to supply monthly new material in the form of suggested letters, speeches, news stories and editorials, which may be adapted for local use.

E. Influence of Jewish Holidays

The Jewish Holidays are also appropriate occasions for the issuance of bills. This is especially true of such major holidays as Rosh Hashanah, Yom Kippur and Passover. The spirit of each of these and similar holidays is very well adaptable to the causes included within the urgency of the requirements of the United Jewish Appeal.

F. Public Meetings

Some communities have a procedure of occasional public meetings at which reviews are given of the accomplishments of the United Jewish Appeal agencies, so that the contributors may feel a year-round link with the organizations to which they have made their contributions. These meetings are useful in stressing the importance of prompt and regular payment of pledges.

G. Post-Dated Checks

In some communities a new procedure has been tried out of having each contributor at the time that he makes his pledge give part of the amount in a current check and the balance of the installments in post-dated checks. A few days before each post-dated check matures a notice is sent to the contributor advising him that it will be deposited. Where this method has been used in the campaign itself, it has proved successful. It is possible that the method might be applied in collecting old balances due where there are still several installments outstanding.

IV. SUGGESTED PUBLICITY AIDS

A. Slogans for Collections

The following are some of the slogans that have been used by or that have been suggested to communities throughout the country in connection with collection efforts. These slogans may be used permanently on the bills. They may be imprinted on vari-colored stickers or they may form the keynote for special letters of appeal used with regular billings.

- (1) Pay Your Pledge! Be Glad You Can Give
- (2) He Who Pays Promptly Gives DOUBLY
- (3) A Premium is Due on the Life Insurance of the Jewish People -
Pay Your Pledge!
- (4) Pay Your Pledge! Put Your Contribution To Work for Rescue
- (5) Pay Your Pledge - There is NO Substitute for Prompt Action
- (6) Pay Your Pledge - Help Save Lives
- (7) Pay Your Pledge - Build Homes for the Homeless
- (8) Pay Your Pledge! Help Restore Hope and Faith to 6,000,000 Jews
- (9) Pay Your Pledge! Every Dollar is Vital if Jews Are to Survive!
- (10) Pay Your Pledge! Your Name Must Not be Missing from the
Roll Call of Mercy!
- (11) Pay Your Pledge! They Must Not Perish
- (12) Pay Your Pledge! We Cannot Let Them Down -- Now!
- (13) Pay Your Pledge! Balance the Scales of Mercy!
- (14) Pay Your Pledge! Help Us Help Millions to Survive!
- (15) Pay Your Pledge! Protect the Future
- (16) Pay Your Pledge! Please - Today!
- (17) Pay Your Pledge! Help Them - Do Not Pity Them!

B. Samples of Collection Forms, Stickers, Stuffers, Letters

Every well organized campaign utilizes various techniques in billing subscribers. The United Jewish Appeal herewith presents some samples of (a) collection forms, (b) stickers, (c) stuffers, (d) collection letters, that have been used by or suggested to communities raising funds for the United Jewish Appeal.

YOURTOWN CAMPAIGN

A German refugee, expert in rare woods, is sampling exotic growths for a lumber company in this country. His was a skill no other had acquired. A conductor, called to direct a single operatic performance in a Texas community, made such an outstanding success that he is now teaching music in the city and helping to build up the community as a musical center. A young refugee, who arrived as a stowaway in New York, has been given permission to settle in the Dominican Republic.

These are examples of the complex tasks performed by the National Refugee Service, Inc., which receives its funds from the United Jewish Appeal. Tasks of job placement, of resettlement, of migration aid, in addition to economic aid for the newcomers to the United States, daily face the National Refugee Service in increasing volume. If the pressing needs of the refugees in our midst are to be met, funds must be immediately provided. Please send us the balance due on your pledge, Today!

Hands stretching out across the sea for bread in Poland, Rumania and other parts of Central and Eastern Europe . . . hands stretching out for reconstruction assistance and emigration aid in Germany, Austria, Hungary, Czecho-Slovakia and Italy . . .

You can answer their plea through an immediate remittance to the United Jewish Appeal for Refugees and Overseas Needs. Combining the fund-raising activities of the Joint Distribution Committee, the United Palestine Appeal and the National Coordinating Committee Fund, Inc., the United Jewish Appeal must raise \$20,000,000 for refugee aid, relief and reconstruction in Central and Eastern Europe, immigration and settlement in Palestine, and assistance to refugees coming to the United States.

If You Give—They Live

VA 204

The three great agencies represented in the United Jewish Appeal are concerned with the rescue and settlement of refugees. As part of its broad program of relief and reconstruction, the JOINT DISTRIBUTION COMMITTEE provides indigent refugees with food, clothing, shelter; retrain refugees as artisans and farmers and helps pay for their transportation to Palestine and other overseas havens.

The UNITED PALESTINE APPEAL, the central American agency for the rebuilding of Palestine, provides for the purchase of land in Palestine on which to settle the refugees as artisans and farmers; builds agricultural colonies, homes, schools for new settlers. 60,000 refugees from Germany have been settled there since 1933.

The NATIONAL COORDINATING COMMITTEE FUND, INC., gives assistance, financial and otherwise, for the social and economic adjustment of the refugees in this country.

VA 204

Anti-Semitism sweeping across Central and Eastern Europe has deprived many thousands of Jews of the right to work and the right to live.

The great task of reconstruction and retraining in Europe must be provided for by funds raised through the United Jewish Appeal for Refugees and Overseas Needs. This great nationwide effort must enable the Joint Distribution Committee to continue with its increasing activities of retraining and rehabilitation in lands of oppression.

The fund-raising efforts of the Joint Distribution Committee are combined with the United Palestine Appeal and the National Coordinating Committee Fund, Inc., in the United Jewish Appeal.

Your help will rebuild their lives

VA 204

COLLECTION STUFFERS

To many thousands of homeless and oppressed Jews in Central and Eastern European countries, Palestine represents the beginning of a happy and new life—the end of enforced and aimless wandering.

Prompt remittance of your pledge to the United Jewish Appeal for Refugees and Overseas Needs will make funds available to the United Palestine Appeal to provide homes and opportunity in Palestine for additional thousands of Jews in lands of distress.

The programs of relief, rehabilitation and refugee aid, immigration and settlement in Palestine and the integration of refugees coming to the United States, are carried on respectively by the Joint Distribution Committee, the United Palestine Appeal and the National Coordinating Committee Fund, Inc.

BE GLADLY YOU CAN GIVE

VA 204

To the peacetime tasks of the constituent agencies of the United Jewish Appeal the European war has added the urgent emergency measures of relief and refugee emigration assistance. Waves of Jewish refugees from devastated Poland have poured into Rumania and Hungary. These require immediate help.

The Jewish community of Palestine, numbering 500,000 souls, must be provided with resources to maintain the progress of upbuilding and the creation of larger opportunities for settlement of refugees. Refugees must be assisted in resettling in South American countries as well as in the United States.

All these wartime needs must be met on the peacetime budget of the United Jewish Appeal. It is therefore *most urgent that you remit full payment of your pledge promptly* so that the immediate needs of rescue may be met without delay.

COLLECTION LETTER

(Note: This letter is to be sent to contributors in acknowledgment of their pledge and as a first collection reminder.)

Dear Friend:

I acknowledge with deep appreciation your contribution of \$_____ to the campaign in behalf of the United Jewish Appeal.

The campaign in which you and I and other members of the community participated represents the only channel at our disposal to bring immediate assistance to the war refugees of Poland and to meet the new emergencies arising from the European conflict.

The quota of our campaign, you will remember, was established before the outbreak of hostilities. That quota was based on the peacetime needs of the agencies within the United Jewish Appeal, which are seeking to rehabilitate the persecuted and the homeless Jews of European lands. Today we are faced with a war crisis that far exceeds the suffering and tragedy to which the Jews were subjected only a few months ago.

I am in receipt of an urgent message from the national leaders of the United Jewish Appeal. This message tells a heart-rending story of indescribable human suffering. I believe that we should not think of our responsibility as a duty, but as a privilege. I think that all of us should thank God that we have been privileged to offer help and that we should make our help felt through the prompt payment of our campaign pledges.

Please remit your check in full payment of your pledge today.

Sincerely yours,

(Name of Treasurer)

COLLECTION LETTER NO. 1

(Note: Your personal or business stationery will prove most effective.)

Dear Friend:

You will recall that in the campaign which our community conducted in behalf of the United Jewish Appeal we based our quota upon the peacetime needs of persecuted Jews. These are distressing enough. Today we are faced with the emergencies of war and that means that much more money is needed immediately to cope with increased suffering and tragedy.

For six years hundreds of thousands of refugees from Nazi rule have created a vast problem. Today, with countless thousands of new refugees fleeing from the war zones, the problem is greatly intensified. Food and clothing are imperative, and must be rushed to the homeless.

We are faced with demands far outrunning anything we could have anticipated when our campaign was held. Upon us depends not only relief for the stricken in Europe, but also the means for further upbuilding in Palestine. In peace or war, our responsibility toward the refugees in our midst does not diminish. We must continue to aid them to become integrated as speedily as possible into the life of the United States.

The United Jewish Appeal does not intend to ask for larger contributions than have already been pledged on the basis of the national quota of \$20,000,000. But it is essential that we marshal every dollar pledged.

May we, then, ask that as soon as possible you send us the balance of your pledge? The call of our brethren must not go unanswered.

Sincerely yours,

(Name of Treasurer)

COLLECTION LETTER NO. 2

(Note: Best results will be obtained through the use of your personal or business stationery.)

Dear Friend:

You do not have to go to sleep with a gas mask under your pillow. Your children have not been sent away to some bombproof shelter. You do not have to sit in darkness at night, in fear of death that may rain from the skies.

To you as an American has been given the good fortune of living in peace. To you as a Jew has been entrusted the sacred responsibility of rescuing fellow Jews in dire straits in the lands now at war and neighboring countries of refuge. Three million Jews in Poland are suffering the cruelties and privations of a ruthless war of extermination against the entire Polish people. Emergency aid must be brought to the war refugees whose homes have been destroyed and who have fled before the onslaught of the German armies.

Refugees in neighboring lands must also be provided with assistance and the program of refugee settlement in Palestine and the upbuilding of the Jewish National Home must be maintained so that thousands of those who must emigrate will find a new home. In peace or war, our responsibility toward the refugees in our midst does not diminish. We must continue to aid them to become integrated as speedily as possible into the life of the United States.

In multiplying human misery in Central Europe, the war has also multiplied the responsibilities and needs of the United Jewish Appeal for Refugees and Overseas Needs. The situation is so grave that it would indeed justify an immediate appeal for additional funds. But all we ask of you at this moment is that you pay your pledge, a pledge you made for the peacetime budget of these agencies which are now called upon to meet wartime emergencies.

All of us must enlist in the "war" to eliminate misery and homelessness among our people. Let your check in full payment of your pledge be the registration of your will to join us in this campaign of rescue and salvation.

Sincerely yours,

(Name of Treasurer)

COLLECTION LETTER NO. 2A

(Note: Please use personal or business stationery.)

Dear Friend:

Some weeks ago we wrote you, reminding you of the vast increase in Jewish needs abroad which we are called upon to meet in this time of war.

The problems facing the agencies of the United Jewish Appeal are not confined to the tens of thousands of refugees who have fled from the scene of battle. We must rush life-giving aid to them at once, yet there are others seriously affected by the war. In the neutral countries of Europe are many thousands who have fled from Nazi rule, now unable to receive help from local committees because all energies are directed toward national defense.

In southeastern Europe the pressure for emigration continues. The requirements for Palestine upbuilding must be met to prepare the country for additional thousands of new settlers. Refugee aid must go on in South American countries, where immigration opportunities are still available. And the needs of the refugees in the United States cannot be neglected.

We cannot emphasize too often that the answer to the problem before us is cash and cash alone. Would you, then, send us a check in the next mail to the amount of your pledge to the United Jewish Appeal? Your money was never of more vital need.

Sincerely yours,

(Name of Treasurer)

(Note: Please use personal or business stationery for this letter.)

COLLECTION LETTER NO. 3

Dear Mr. -----:

It is not how you and I feel but what we do that will make the difference between hope and despair in the lives of many thousands of Jews.

I have written to you on two previous occasions. But you seem to forget that you're not keeping ME waiting. You're keeping homeless Jews waiting, and they cannot wait!

You have already answered the question of how much you will give. Today you must answer the equally important question: When will you give? The Jews in lands of persecution are fighting not only hatred and discrimination. Many have fled before the invading German armies in Poland.

The pledge you have made to the United Jewish Appeal cannot rescue the homeless; provide aid for the refugees; salvage the victims of war or furnish the means of settlement of new thousands in Palestine, unless it is promptly redeemed.

This hour is an hour of challenge to concrete action. Please remit your pledge today. He who gives promptly gives doubly.

Sincerely yours,

(Name of Treasurer)

**1000 YOUNG GERMAN JEWS SAVED
AFTER OUTBREAK OF WAR**

Today - working in the fields and factories of Palestine are 1,000 pioneers who a few short weeks ago were prisoners and impressed laborers in Germany. Shortly after the outbreak of war, the offices of the Keren Hayesod (Palestine Foundation Fund) in New York received an urgent cable from Europe. If sufficient funds were made available, the message read, 100 young men just released from the Dachau concentration camp and 900 others might be permitted to emigrate, and thus escape immediate return to the camp and to forced labor gangs.

The Keren Hayesod, which is an arm of the United Palestine Appeal, sent the necessary money forthwith. The 1,000 have by now joined with the entire Jewish community of Palestine - numbering 500,000 - in actively carrying forward the tasks of upbuilding of the Jewish National Home. For its work of rescue and reconstruction, the United Palestine Appeal, as one of the agencies of the United Jewish Appeal, urgently needs funds. Please remit the balance due on your pledge, Today!

LOG OF THE REFUGEE SHIP "FROSSULA"

DATE OF SAILING - April

PORT OF ORIGIN - PROBABLY IN BLACK SEA

Passengers ----- 658 refugees (Captain's note: I am worried
about the fifty children aboard)

Destination ----- Any port that will take it.

Plague breaks out five weeks out. (This ship should never have packed
so many passengers together)

Will try to land at Beirut.

Ship arrives at Beirut July 16. Stricken passengers removed to hospital.

All food and fuel gone.

Ordered to sail August 1, but still without destination. (What have these
people done, anyway?)

J.D.C. answers urgent call for immediate relief August 2.

Frossula permitted to land in Palestine August 14.

Jewish Agency for Palestine assumes responsibility.

This is but one of scores of emergencies which the Joint Distribution
Committee and the United Palestine Appeal have been called upon to meet
through funds raised by the United Jewish Appeal.

THOUSANDS OF WAR REFUGEES NEED YOUR AID

Tens of thousands of Jewish refugees from Poland have fled across the borders of their dismembered country into Rumania, Hungary, and the lands of the Baltic. Today they live in hastily improvised camps near the frontier, or - lacking shelter - spend raw and cold nights in the open. In their desperate race for safety, they have come on foot, carrying few possessions except whatever they might pack into knapsacks. Torn from their homes, many have been separated from their families or lost loved ones in the ruthless war of Nazi conquest as they fled toward neutral territory.

Food and shelter must be immediately made available to these war refugees. The Joint Distribution Committee must rush aid to the stricken. We must have cash resources at once. Pay your pledge to the United Jewish Appeal, (or name of your local campaign) Today!

M E M O R A N D U M

TO: Officers of the United Jewish Appeal
FROM: Messrs. Isidor Coons and Henry Montor
SUBJECT: Monthly Pledge and Payment Reports

The attached Pledge and Payment Report on the 1939 United Jewish Appeal shows as of November 30th, gross pledges reported to national headquarters in the sum of \$15,040,588.67, including New York City for \$6,604,445.78. As of today, the gross pledges reported have been increased to \$15,478,238.77 and this includes New York City for \$6,607,414.32.

As of November 30th, cash had been received at national headquarters amounting to \$10,351,095.39, including a transfer from New York City of \$4,505,000. Since November 30th national headquarters has received \$320,881.43 in cash, bringing the total up to \$10,671,976.82.

With respect to the gross pledges which we report herein, you will be interested to learn that since the date of the preparation of the itemized statement attached, campaigns have been completed in such important cities as Baltimore, Wilmington, Evansville, Shreveport and Tulsa. The Baltimore campaign overtopped its goal of \$397,000 out of which the United Jewish Appeal will receive a minimum of \$300,000. Campaigns are still under way in such large cities as Philadelphia, Rochester, Denver, Toledo, Youngstown, Bayonne, Dayton, and the appeal is just being wound up in Cincinnati. Reports as to the United Jewish Appeal allotment have not been received from any of these cities and therefore no figures can as yet be included on our books. There are, in addition, numerous smaller communities where campaigns are still under way.

Out of the total of \$10,671,976.82 cash received to date, the following disbursements have been made to the constituent agencies of the United Jewish Appeal:

	<u>Distributed out of first \$9,500,000</u>	<u>Additional distributions to date</u>
Joint Distribution Committee	\$ 5,000,000	\$ 60,000
United Palestine Appeal	2,500,000	250,000
National Refugee Service, Inc.	2,000,000	400,000

The budget approved by the Executive Committee for the national campaign administration expenses for the twelve month period was \$412,000. As of November 30th expenses amounted to \$373,390.42, and it is expected that the expenses for the month of December will bring the total well within the estimated budget for the whole year.

MINUTE OF A MEETING OF THE EXECUTIVE COMMITTEE OF THE UNITED PALESTINE APPEAL

Thursday, December 21, 1939 at 8:30 A.M. at the office of
Dr. Stephen S. Wise, 40 West 68th St., New York
- - - - -

Present: Stephen S. Wise presiding, Leon Gellman, Solomon Goldman,
Israel Goldstein, Arthur M. Lamport, Abraham L. Liebovitz,
Louis Lipsky, Henry Montor, Charles Ress, Morris Rothenberg
and Louis Segal.

Samuel Blitz, Kurt Blumenfeld, Mendel N. Fisher
and Georg Landauer.

The meeting of the Executive Committee was called by telegram to consider the action of the United Palestine Appeal in response to a written statement that had been made by the Joint Distribution Committee at a meeting on Monday afternoon, December 18, with the regard to the terms under which it would participate in a continuation of the United Jewish Appeal for 1940.

Dr. Wise read excerpts from the statement which had been presented to the meeting of the Negotiations Committees of the JDC and the UPA on December 18th, and emphasized that the conditions were unacceptable to the U.P.A. not only in terms of substantial reduction of income for Palestine but because of the manner in which the interests of Palestine had been considered by the JDC.

This view was also taken by Dr. Goldman who said that the honor and dignity of the Zionist movement were involved in the negotiations now going on for the renewal of the U.J.A. It was his conviction that in making a proposal for the 1940 campaign the officers of the J.D.C. were intent upon expressing an attitude toward Palestine.

It was Mr. Liebovitz's belief that the terms in which the JDC had stated its position on a 1940 campaign were tantamount to saying that it did not want a partnership with the UPA for 1940.

A suggestion was made that the UPA draw up a statement paralleling that presented to the December 18th meeting of the Negotiating Committees in which the position of the UPA and an analysis of the JDC statement would be presented. Dr. Goldman was of the belief that this document ought not be presented merely to the smaller Negotiating Committees that had been decided upon on December 18th, but to the entire group that had been present on December 18th, including representatives of the JDC, UPA, the National Refugee Service and of the Council of Jewish Federations and Welfare Funds.

Mr. Lipsky moved that a document should be drawn up giving the answer of the UPA to the suggestions made in the JDC document and containing a counter-proposal for the composition of the 1940 campaign with specific points enumerated.

Mr. Liebovitz felt that the J.D.C.'s statement of its position ought not to be attacked but that the statement of the UPA should contain merely a vigorous interpretation of the needs of Palestine with an expression of appreciation of the needs that exist in Europe.

Dr. Goldman declared that he had had a feeling for some months that the leaders of the JDC were looking for some way of undermining Palestine and the UPA. A few big givers in the JDC ranks do not want to give any money to Palestine and are determined to reduce the amount which Palestine can receive from American Jewry. This is exemplified in the attitude of Lessing Rosenwald who is opposed altogether to a unified appeal. As evidence of the propaganda that is being conducted against the Palestine forces, Dr. Goldman cited the fact that rumors had been circulated against the Zionists in connection with the SS St Louis passengers. It was said that the Zionists had refused to help in that particular case. When the Coordinating Foundation was discussed, again rumors were set afloat that the Zionists were opposed to its creation.

For two months the UPA has been endeavoring to obtain a meeting with the JDC to negotiate the 1940 campaign and it was not until December 18th that the JDC finally presented the statement which contained a point of view which could just as well have been presented two months ago. The statement of the JDC's position as offered on December 18th was, to Dr. Goldman, the climax of its attempt to belittle and hurt the cause of Palestine.

Dr. Goldstein felt that the meeting of the Executive Committee should concentrate on defining the irreducible minima for participation by the UPA in the 1940 campaign. It was his belief that the UPA would have to have at least the same amount as it received in 1939.

Mr. Segal felt that the same division as existed in 1939 could prevail in 1940. Consider^{ing} the money needs of Palestine, the UPA should be in a combined campaign, altho, insofar as the honor and prestige of Palestine were concerned, an independent campaign might be preferable. However, the country should be apprised of the attitude of the JDC leaders.

Dr. Wise and Mr. Lipsky felt that no public reference should be made at this time to the discussions proceeding between the JDC and UPA with respect to 1940.

Mr. Lamport declared that an analysis of the JDC statement and its terms for participation by the UPA in the 1940 campaign showed that the UPA would receive in 1940 a maximum of \$2,300,000 of a net income of \$16,000,000 were received.

Mr. Landauer did not believe that the UPA on principle could accept the same amount as it obtained in 1939. The same situation does not apply for 1940 because the needs have grown enormously. He felt that of the first \$15,000,000 the UPA must require the same sum as it received in 1939. But of the amounts raised above \$15,000,000 in 1940 the UPA should demand a larger proportion than it received from the Allocations Committee in 1939.

He urged against any earmarking of funds, saying that this would very seriously reduce the total income which a united appeal could expect.

Dr. Goldman said it is important for Palestine and for the UPA to know as quickly as possible whether we are entering into a partnership. In making a decision as to 1940 the UPA should consider the strength for Palestine throughout the country. He was of the opinion that, except for two or three cities, the UPA could get 40 to 50% as against the JDC in every city.

Judge Rothenberg said that the reading by Dr. Silver from the excerpt of the memorandum submitted to the Allocations Committee of the UJA by the UPA had made a very good impression not only because of the contents but because of the manner in which Dr. Silver had read the document.

He pointed out that there has been a constant reduction of ratios as between the JDC and UPA and this he regarded as the most serious element involved in the present situation. There has been established a law of diminishing ratios for the UPA which ultimately must undermine its very existence. That situation could not be accepted any longer. He declared that the UPA could not take any terms less advantageous than those which it had last year.

He felt that the JDC had made two mistakes in the presentation of its case: first, in urging earmarking, and secondly, in stating that Palestine was excluded from the field of relief. The UPA according to the JDC would be reduced by half in its income and yet would also have to take care of such relief needs as might arise in Palestine.

A suggestion that had been voiced that the UPA should not participate in a further meeting of Negotiating Committees was rejected by Judge Rothenberg, who said that the UPA was bound to enter into such a meeting and that such a meeting should be held as soon as possible.

Judge Rothenberg felt that the answer to the problem in 1940 is not the reduction in the amounts intended for any agency, but the launching of a campaign for a much larger goal.

Mr. Montor felt that the UPA was in a strong position for 1940, but believed that in separate campaigns both the JDC and UPA would raise less in 1940.

Mr. Liebovitz was of the opinion that separate campaigns would be disastrous for both causes. Mr. Lipsky pointed out that it was erroneous to speak in terms of independent campaigns by either the JDC or UPA. The country as a whole operated in terms of Welfare Funds which, regardless of decisions made at national headquarters of the JDC and UPA, conducted unified campaigns locally. What would be involved for the UPA would be to present its needs to the major welfare funds throughout the country.

Describing the possibilities in New York Mr. Blitz said that it was his belief that no joint drive would be held in New York if there is no joint drive in the country. The big contributors had already indicated in New York that they will not give as much in 1940 as they did in 1939. It was estimated that not more than \$4,000,000 would be available for the UJA in New York in 1940. Mr. Blitz estimated that the UPA in an independent campaign with a strengthened machinery could get \$1,500,000, and no less than \$1,250,000.

Mr. Lamport believed that the UPA could raise not less than \$1,750,000 net in a New York City independent campaign.

Dr. Wise declared that a challenge had been offered to the cause of Palestine by the JDC officers that would enable the UPA to conduct an intensified drive that would deal with the fundamentals of the question. If the UPA had to go to the country in an independent appeal it would be under the banner of revolt, saying that the leaders of the JDC wanted to destroy the Jewish National Home. The leadership of the UPA would have to have faith under such circumstances that it could arouse American Jewry to the dangers of destroying that which had been built in Palestine. The forces of Palestine would have to fight in earnest and take a chance that the good will and the understanding of American Jewry would appreciate the situation. He was of the belief that a great campaign for the UPA could be conducted.

Mr. Lipsky thought it advisable to inform Jerusalem of the situation prevailing here and to ask the advice of the Executive. He thought it quite likely that the UPA would receive a cable from Jerusalem defining the terms under which a unified campaign might be considered advisable.

Both Judge Rothenberg and Dr. Goldman felt that such an inquiry of Jerusalem was premature. The American leadership knows the conditions existing here better than does the executive in Jerusalem.

It was moved and voted that the Executive Committee of the UPA agree that the UPA would participate in a 1940 campaign of the UJA on terms no less favorable than prevailed in the 1939 UJA and that the following conditions with respect to such participation in the UJA would have to obtain: No preference in payments to the NRS; no admission of the NRS as partner in the UJA, but continuation as a beneficiary; willingness to submit to an allocations committee determination as to the distribution of the balance above the amount raised in 1939; no earmarking of funds by or for any agency; the traditional collections of the JNF to be excluded as they were in 1939.

It was also voted that a statement outlining the UPA position and analyzing the statement of the JDC should be prepared and presented to the next meeting of the Negotiating Committees representing the JDC & UPA.

On a question as to who should constitute the UPA representation on the Negotiating Committee Dr. Goldman said that, inasmuch as Dr. Silver had made the proposal for a smaller committee at the meeting on December 18th, he should name the three representatives of the UPA. This was agreed to.

Mr. Fisher was of the opinion that the UPA should begin moving in the direction of a separate campaign so that when the final decision is made it would not be left behind.

Referring to the fact that he had accepted an invitation to open the campaign in Miami for 1940 Dr. Wise declared that he would go only on condition that it was understood by the Miami community that there would be no prejudice to the interests of the UPA if a UJA were not held in 1940. The arrangements for Dr. Wise's visit to Miami had been made by the UJA. Mr. Montor was instructed to advise the Miami community of Dr. Wise's views in the matter.

Mr. Lamport was of the opinion that the JDC was not prepared to break away from a united campaign.

Dr. Wise and Dr. Goldman suggested that some of the JDC big contributors might in 1940 give nominal sums to the UJA and larger amounts to the NRS.

Judge Rothenberg pointed out that if there was no earmarking of funds this would not be possible since every earmarked item given to any agency would be credited to its allotment from the UJA.

Dr. Goldman remarked that the JDC believes that the UJA has strengthened Palestine, and that Palestine had received more money than the JDC expected would be allotted to it.

Mr. Lipsky proposed a committee to draw up the statement agreed upon by the Executive Committee and asked that Dr. Landauer and Mr. Montor be included on that committee, and that the document be submitted to Dr. Wise, Judge Rothenberg, Dr. Goldstein and Mr. Lipsky for approval. He pointed out that this document would have to keep in mind not only the Negotiating Committees but the public and the country at large since, if an adverse decision were reached with respect to a 1940 campaign, the public discussion would have to keep in mind the efforts that the UPA had made toward a unified campaign.
