Rabbi A. H. Silver,
The Temple,
E. 55 and Central Ave.,
Cleveland, Ohio.

My dear Mr. Silver:

Truly, I regret that we do not meet frequently. Our paths seem to touch so seldom that I am tempted to resort to paper and write you the thoughts which suggested themselves at the meeting of last evening. Sometime ago, two gentlemen visiting Cleveland discussed the I. O. B. B. One expressed the fear that the Order would lose in prestige and efficiency because so many members were being enrolled without regard to their standing. This fear was answered by a young man who said that lodges should do that very thing and bring under their influence men in need thereof. He said that his membership had brought him a definite duty to attend meetings. He wanted to know and perhaps teach members less favored by accident of birth and fortune.

This thought was expressed by Mr. Fred Lazarus, Jr., whose family is the leading Jewish family in Columbus.

Substantially the same thought was in mind of the men instrumental in securing the building for Cleveland Lodge. Its location was believed favorable for a center where Jews of every group could feel at home.

Now, it occurred to me last night that if a group of men were willing to enlist because of the good they could do with boys and girls, why could not a similar number enlist for the same purpose but directing their efforts towards members of the Lodge.

Probably three hundred members of the Lodge have not passed their thirtieth birthday. They would respond to proper contact and influence as readily as the "boys and girls". They would not attend groups, but they would attend Lodge meetings.

Over three hundred young men have been lost during the last two years. They joined with high expectations of individual gain; they attended a few meetings and quit. Others will follow their example and the Lodge can not maintain the building if it can not maintain and increase its membership. Splendid work has been initiated by the present administration but still a large percentage of the members can be reached only through the meetings.

Many of these young men may be classed among the unaffiliated. They judge Jewish thought and spirit by what they see at meetings. They are influenced by the character of the men who attend and if a substantial number of representative men are habitually present for a constructive purpose, they will create an atmosphere

under whose influence, contact and acquaintance will become natural.

My thought is that if a number of representative men could accept the same viewpoint of Mr. Lazarus and attend meetings because of the good they could do, it would produce a result like the result desired for the boys and girls. If thirty or forty men would so enlist, it would give their membership a definite task and their action would express a fellowship easily understood.

I submit neither plan nor program for meetings. All will fail unless a substantial number of representative men enlist as habitual attendants at meetings. It is their presence which in my opinion is the first consideration. Ten or twelve evenings a year will be required but each meeting can bring to every person present a clearer conception of the aim and function of Cleveland Lodge.

If correct in my viewpoint our Lodge membership possesses a great potentiality for communal good: it touches more spots and corners than can be reached by any other single organization. Kindly think the matter over and sometime at your convenience let me have the benefit of your thoughts.

Believe me to be

Very sincerely yours,

A. Spivey

B'nai B'rith Building - 7103 Euclid Avenue

Cleveland, Ohio.

March 18th, 1918

Dear Sir:-

The Independent Order of the B'nai B'rith has requested me to co-operate in the effort, now being made, to increase the membership of that splendid organization. You are, no doubt, familiar with the objects of the B'nai B'rith and more especially with its activities. It is an organization which has for years stood for the very best things in our community life, and has justly merited the co-operation of every Jew.

The war has brought a great many problems to this organization and has burdened it with additional responsibilities. To perform successfully its increasing tasks, the B'nai B'rith needs the whole-hearted support of a greater number of Cleveland Jewry. It needs --You.

I am taking the privilege of calling this fact to your attention, in the hope that you will give it your earnest consideration.

Should you desire any further information, kindly fill out the enclosed postal card and I shall be happy indeed to see that it has prompt attention.

Very sincerely yours,

(Signed) A. H. Silver, Rabbi

AGREEMENT

AN AGREEMENT in relation to Advertising, Charities and Contributions entered into by and between the members of the Retail Merchants' Board, Toledo, Ohio.

The parties hereto, in consideration of the mutual understandings hereinafter set forth, agree as follows:

1. Each party hereto shall be free to advertise in all daily and weekly newspapers, street cars, on bill boards, posters and wall signs, or by sending out announcements, circulars or circular letters, giving away souvenirs or other gifts, or advertising by any similar device, provided such advertising relates exclusively to his business and is issued at his expense. Any other form of advertising done, or permitted to be done by any of the parties hereto or in his behalf, except as set forth above, is a violation of this agreement.

The placing of any advertising on the back of theatre tickets, raffle tickets, door checks, rain checks, etc., or to advertise in baseball programs, theatre programs, moving picture programs, or other entertainment programs is also a violation of this agreement.

The placing of any advertising in any directory published or used in the city of Toledo, or to advertise in any local weekly, monthly or yearly publication issued by churches, schools, lodges, clubs, societies, fraternal organizations or similar associations in this city, is a violation of the Agreement regarding Advertising, Section one.

2. Each party hereto agrees not to give, contribute or subscribe any money, goods or anything of value in the store, at his home or on the street; nor to purchase any admission or other tickets, shares in raffles or other similar schemes; nor to give the services of employes

nor to loan any merchandise of value, to any individual, institution or organization for any purpose or of any character, whether religious, charitable, philanthropic, fraternal or social, except as hereinafter provided in Section 3.

3. Any party hereto shall be free to contribute money or merchandise (but in no other manner) to any organized Charity holding a properly executed card of authorization issued by the Retail Merchants' Board.

Each party hereto agrees NOT TO BUY TICKETS of any kind from anyone for any purpose, even should parties selling such tickets have a card of authorization as above mentioned.

Each party hereto agrees not to purchase any tickets of any kind from any person in a store, nor to suggest or purchase any tickets of any kind from any person at the home instead of at the store, nor to contribute directly to the purchase of tickets by employees or others, provided, however, that this does not prohibit any member from purchasing tickets at a box office or any other office or place where tickets are regularly sold.

4. Any violation of this agreement shall be reported to the Secretary of this Board, No. 1516 Nicholas Building, who shall refer the alleged violation to the Grievance Committee. The Grievance Committee shall order an immediate investigation and, after a proper hearing, submit its findings in writing to the Executive Committee of this Board.

In witness whereof, the members of the Retail Merchants' Board of Toledo, Ohio, respectively hereunto set their hands as of the 22d day of July, 1915.

Ferrer Modern School:

A rational libertarian school for boys and girls. Its object: the cultivation of individuality and the highest ideals of citizenship.

The Modern School:

A monthly magazine devoted to libertarian ideas in education and dedicated to the children of America and the world.

Sept. 11, 1918.

Rabbi Silver,
The Temple,
East 55th St.,
Cleveland, Ohio.

My dear Mr. Silver:

As I am arranging an itinerary to the Pacific Coast and back, as you will note from my poster sent under separate cover, and since I already have included a number of the Forums in it, I take the liberty of writing you.

My lecture, "Education for the New Citizenship", is a constructive treatment of our educational problem in the light of that social reconstruction inevitable in the near future, as well as in the light of American democratic ideals. It is a new lecture, never given before, and includes some account of our very interesting experiment here.

A word about myself. I was minister of Plymouth Church, Rochester, for four years, intimately associated with Dr. Max Landsberg, with whom I exchanged pulpits once or twice, and with Dr. William C. Gannett of the Unitarian Church. I served for some years in the Unitarian Church, and always enjoyed fellowship with Jewish rabbis, notably Rabbi Freund of Salt Lake City. Walter Rauschenbusch was a personal friend and comrade of mine for nearly 20 years.

If your Forum is held on a Sunday, and you wished to include my lecture, I could probably give you Nov. 24th, or Dec. 1st. Or else some time in March. Two solid months of consecutive lectures have been arranged for the States of Washington and California.

As I am seeking to raise funds for a needed building here, my only terms would be the privilege of appealing to the audience at the

close of the lecture for voluntary contributions or pledges for this work.

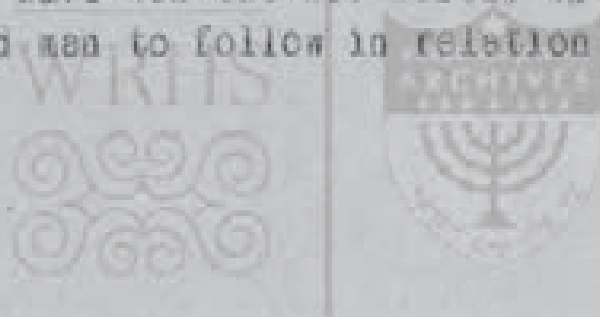

We are doing a national service here, as all agree who hear of what we are accomplishing.

May I hope for a reply at an early moment as to the possibility of a lecture before your forum. I know Minot O. Simons slightly, and Mr. Adolph Oke, librarian of the Jewish Theological Seminary at Cincinnati.

Yours very truly,

Isaac M. Wise

P. S. In these troublous times, it is well to know a stranger's position on the war. Well, I offered my services to the Sec. of War within a week after Pres. Wilson's proclamation, defended conscription months before the courts passed on it, and have a daughter at the front in France in the ambulance and my only sons in the draft - two of them. Still, I am far more keenly interested in the problems of peace and reconstruction than of war. We shall not have won the war merely by defeating German armies. The President is a good man to follow in relation to the war problem, it seems to me.

חבר נכבד יקר!

הגנו פונים אליך כאל איש הידוע לנו כתור אוהב עמו וארצו, הובב שפתו וספרותו. הרשנו נא לדבר אליך
וכרים אחדים על אדות ענין נכבד מאד, למען תזיה לנו לעזר בהוצאתו לפעולה עד כמה שידך מנעת.

בדאי הגיע לאונך שמע שמו של החכם והסופר, בונה שפתנו מר אליעזר בן-יהודה, כי הלא אין לך
בית לאומי או ציוני שלא ימצאו בו מוקירים, מכבדים וגם מעריצים את שמו. ארכעים שנה ישב בן-יהודה
בארץ אבות ויעבוד את עבודתו הלאומית, והנה באו תלאות המלחמה והבריחות לעזוב את הארץ ולנוד לעת
זקנתו אל ארצות חברית, והנהו כעת אורחנו החביב.

לפני זמן מה מלאו לו למר בן-יהודה ששים שנה. אז נוקדו יחד מוקיריו ומכבדיו, וביניהם סופרים, אנשי-
מדע ועסקנים לאומיים מפורסמים, לחג את הניזולו, ובאותו מעמד החליטו להניש לנבורנו הלאומי הזה, לזכר
יובל הששים שלו, בשם העם העברי, תשורה עסקית, לאמר: בית ונחלה בארצו-ארצנו האהובה
ולקבץ למטרה זו סכום של כאת אלף פראנקים (\$20,000).

חבר יקר! היש לנו צורך לבאר לך את ערכו הגדול של בן-יהודה לתחייתנו הלאומית, את השפעתו הכבירה
על התפרחות שפתנו ודבורה הוי?

רבים היו האומרים מה טוב היה לו התישבו בני ישראל על אדמתם, אבל בן-יהודה היה היהודי החדש הראשון
שלא רק אמר כי אם גם עשה. הוא עזב, לפני ארכעים שנה, את בית הספר הגבוה, את קהילותיו המוכות בארץ
הגלות ויבא להתישב בארץ נדחת.

רבים היו האומרים מה יפה היה לו החל עם ישראל להשתמש בשפתו הוא, אך בן-יהודה היה הראשון
שהוציא את הרעיון היפה הזה לפעולה. בית בן-יהודה בירושלים היה הבית העברי הראשון שהחלו להשתמש
בו בחיי עם יום אך ורק בעברית. כמו הנפלא של בן-יהודה מונה בזה שכמשך כל ימי חייו היה לא רק נאה
דורש, כי אם גם נאה סקיים.

כלי שום ספק, שמע אדוני הנכבד על דבר העבודה הענקית שבן-יהודה מתעסק בה זה כארכעים שנה, הלא
היא עריסת סלון-אנציקלופדי גדול עברי, מיוסד על יסודות מדעים, שלא רק יכנים או תוכו את כל אוצרות
שפתנו הגנוזים בספרותנו הישנה והחדשה, כי אם גם יכיל בקרבו שמות לכל אלה המושגים החדשים שנבראו בחיי
החברה מיום עמוד מהתפתו כאופן נורמלי, — עבודה נשגבה וכבידה הדורשת ידיעות עמוקות בשפות
ומדעים שונים, סבלנות מצוינת, וביחוד — אהבה נפלאה לשפה שמתעסקים בה.

לו הפצנו לפנות אל העתונים ו"להכות כותף הנדול", אזי הנקל היה לנו לקבץ את הסכום הנחוץ, אך הנה אדיר
הפצנו הוצ לעשות את העבודה הזאת בלי קוליקולות. השאית וצנועה היתה עבודתו של בן-יהודה, וחשאי וצנוע
צריך להיות גם אופן הגשת התשורה, ומשום זה הגנו פונים אליך בסכתב פרטי.

בטוחים אנחנו, חבר יקר, שהנך מסכים אתנו, כי ראוי הוא האיש וראויה היא עבודתו להכרת תודתו
העמוקה של העם העברי, וכי בדאי לא תחפץ שיפקד שמך בין אלה המשתתפים בתשורה העסקית. העת קצרה,
רק שבועות אחדים נשארו לנו לגמור את העבודה, לכן הואל נא בטובך למלא את הגליון הצרוף לוח ולשלוח אותו
אלינו במסעמטה - לחזרה בלי דחוי.

קבל את תודתנו מראש.

בשם תחית השפה,

ראובן בריינין, י"ר.
ישראל מאטץ, נזכר.

Gentlemen:-

I should appreciate it very much if you could arrange to give us some additional car service at twelve o'clock every Sunday while the auto prohibition lasts.

We shall have at The Temple every Sunday, beginning next Sunday, six hundred children, and beginning Sunday, October 6th, about one thousand adults every Sunday morning, all of whom will leave The Temple at twelve o'clock.

Unless special cars are given to us on Sunday morning, at the hour named, it will completely demoralise our organization here.

We shall be grateful for any help which you may be able to render us.

My Dear Mr. Silver:-

I have been requested by Mr. M. A. Vinson of the Liberty Loan Committee to communicate with the heads of the different synagogues in the City and obtain their consent to the use of the various Temples for meetings and entertainments to be furnished by and in charge of the Liberty Loan Committee.

I will thank you very much if you will consent to the use of your Temple by the Committee, on dates that they will arrange with you immediately on receipt of your consent.

I promised a list of those who will permit the use of their Temple by next Tuesday.

Thanking you for your attention to the above, I remain,

Yours for victory,

My dear Mr. Mandelbaum,

Confirming our telephone conversation of yesterday as you requested -

Rabbi Silver desires me to say to you, in reply to your letter of the 21st, that he will take the matter of the use of The Temple with the Executive Board. He is sure, however, that permission will not be given to use The Temple for entertainments. The auditorium has been used during the past few weeks for lecture and meeting purposes in connection with the Thrift Stamp campaign, and no doubt permission will be given to use it again in the same way for Liberty Loan purposes.

The Temple Executive Board will meet on Tuesday, October 1st.

Very truly yours,

Dear Sir:-

I feel that the enclosed photograph may be of interest to you, and that you might wish to utilize it in some Sunday supplement of your paper.

It is the photograph of a monument erected to the memory of the American dead, and was given to me on my recent visit to France by the French Major commanding the Hospital. This cemetery of fourteen American graves is a few miles south of Verdun. The monument was erected by the French wounded in this Field Hospital, back of which is this American Cemetery.

You will notice the dates - 1776-1917, on the front of the monument, and on the three sides of it are inscribed in French the following words: "That the Land of Lorraine may become sweet once again to our Allies of yesterday and of today".

Laurel Weill
The palm at the foot of the statue is of bronze and the monument is a solid stone, beautifully executed.

My dear Rabbi:

I am in receipt this morning of your letter dated October 1st. No one appreciates more than I do the good work which you are doing and the possibilities you possess and certainly it is the duty of every Jew to lend you every possible assistance in your work. I am certain, however, that I possess none of the qualifications necessary to classify me among the "efficient Leaders" which you say you need and I have, therefore, thought it best not to attend your meeting on Thursday night, however much I appreciate your invitation.

I would, however, appreciate an interview with you on the general situation and possibly you could arrange to take lunch with me down town on any day which will suit your convenience so that we might talk matters over; if you will be good enough to advise me what day would be agreeable to you I would be exceedingly obliged.

Rabbi Stephen S. Wise has kindly suggested that I send to you information regarding some of the persons for whom I am making lecture arrangements for the coming season, especially Alfred Noyes. I am sending circulars under separate cover. I cannot at present promise to send Mr. Noyes to you during the coming season, because under the terms of an agreement I have with Cleveland people he cannot be advertised prior to their date to appear in Cleveland later, and it is not likely that he can go West later than that this season.

However, the others whose circulars I am sending are available, and I shall be glad to give you any further information you may desire in regard to the matter.

Gentlemen:-

I desire to inquire whether it would be possible to secure Mrs. Pankhurst at my Temple in Cleveland, either on a Sunday morning at the regular service, or on a weekday afternoon or evening, whichever would be most convenient for her.

The Temple holds about fifteen hundred people and it would be crowded to the doors to hear Mrs. Pankhurst's wonderful message.

May I ask the favor of an early reply. If I am not addressing the right source, will you please advise me to whom I should write concerning Mrs. Pankhurst.

MRS. PANKHURST AIDS U. S.

She Gives Lectures Under La- bor Department Auspices

WASHINGTON: Mrs. Emmeline Pankhurst, England's famous militant suffragist, has been rendering aid to the Department of Labor as a speaker for the Information and Education Service at many large meetings, where she has sounded a stirring appeal for the burying of class differences during the war and whole-hearted support of the nation during this crisis.

Everywhere she has appeared she has made her audiences feel the sincerity of her appeal, and the urgent necessity that everything be subordinated to the achievement of victory.

She is a forceful speaker, and has lost none of the earnestness that characterized her fight for the ballot in England—a fight whose victorious conclusion was not long ago made known to the world.

Dear Colleague:-

A completed canvass of the members of the J.R.E.A. reveals the fact that many more than majority are in favor of postponing the next meeting scheduled for December 1918, for one year.

Your officers have no other alternative than to bow to the wishes of its members. Accordingly there will be no meeting of the J.R.E.A. until further notice.

Your president deeply regrets this decision of the members. He believes it will so badly disorganize the association as to make reorganization difficult if not impossible.

We should "Keep the Home Fires Burning." This year of all years should find organizations intent in the promotion of matters religious, putting forth extra effort to maintain their power and to enlarge their influence.

But the voice of the members is the voice of law, and your president regretfully submits to the wishes of the majority.

Hoping that we may all meet again in December 1919, I am,

Faithfully yours,

I. E. Philo

My dear Rabbi:-

It appears to me that a
great Union Civic Thanksgiving Service, under
the auspices of the City of Cleveland, is very
fitting at this time.

The many blessings that
have been bestowed upon our country, our
soldiers and sailors, and upon each and every
one of us, thruout the past year, bring us all
to feel that on this occasion all the people of
Cleveland should come together in a spirit of
brotherhood and gather in a Citizens' Thanksgiving
Service.

I am asking you to accept an
appointment as one of a large committee to meet
with me on Tuesday, October 22nd, at 4 P.M. in
the Mayor's Office, City Hall, to formulate such
plans and receive such suggestions as to develop
this idea to a successful conclusion.

Yours very sincerely,

Rabbi Abba Hillel Silver,

My dear Rabbi:-

My attention has been called to a remark that should have been made by Rev. Dr. Bustard in the course of a sermon that casts a slur on our people. He told a story of a Jewish father writing to his son who is with the A.E.F. in France, telling that the family at home is enjoying the best of health and that business is very good and since he, the son has been away, he had three fires. The son writing back speaks of his own welfare and ends his letter to his dad by saying "Keep the Home Fires burning." I need not add that the remark created a laugh that was not consistent with the atmosphere of a religious edifice.

This was told to Mr. Hibshman, who is a member of the Anti-Defamation Committee, who asks me to write to you to ascertain from Dr. Bustard his denial of verification of the remark attributed to him; if he denies the accusation the incident will be closed, if he admits that he made the remark then the matter will be laid before the Anti-Defamation League of the B'nai B'rith.

Awaiting your decision in the matter, I beg to remain,

Respectfully yours,

Sec'y.

Columbus -- Ohio,

November 1, 1918.

Dear Sir:

The seven recognized war work organizations of the United States have organized under the name of the United War Work Campaign, to raise funds in one huge campaign to carry on their spiritual, mental and physical work among the American soldiers and sailors.

During the week of November 11 to 18, the United War Work Campaign, composed of the following organizations, will undertake to raise \$10,650,000 in Ohio and a total of \$170,500,000 in the country at large:

Young Men's Christian Association.
Young Women's Christian Association.
Knights of Columbus.
Jewish Welfare Board.
War Camp Community Service.
American Library Association.
Salvation Army.

WE WANT AND NEED YOUR HELP IN THIS HUGE UNDERTAKING. We want you to preach a United War Work Campaign sermon on Sunday, Nov. 10th, whether you live in a war chest community or not. If you are not in a war chest community, we want you to make a direct appeal to your congregation to contribute liberally to the allied campaign. Will you do this as your bit?

Governor Cox issued a proclamation on Oct. 22nd, calling upon every clergyman in the state to observe Sunday, Nov. 10th as United War Work Sunday in his church.

To assist you in this undertaking, I am enclosing a pamphlet giving you facts about the big campaign.

Yours sincerely,

May I ask whether my information is correct or not.

DISEASE IN MILK: THE REMEDY, PASTEURIZATION

REFERENCES ARE TO THE BOOK OF ABOVE TITLE, BY LINA GUTHERZ STRAUS.
PUBLISHED 1917, BY E. P. DUTTON & CO., NEW YORK

There is a MILK PROBLEM because milk is the only animal food taken in its raw state (page 28). There are six plagues — typhoid fever, diphtheria, scarlet fever, septic sore throat, tuberculosis and the summer complaints of children — that may be transmitted by raw milk (page 345).

PASTEURIZATION destroys all the germs of disease that may be in the milk, but does not impair the taste, digestibility or nutritive qualities of the milk (page 31).

PASTEURIZATION consists in heating milk to a temperature of 145 degrees Fahrenheit and holding it at that temperature for half an hour.

In the Nathan Straus Laboratory the best certified milk is used. It is filtered, clarified and modified in five different mixtures according to formulas prescribed by eminent physicians. These formulas are adapted to babies of various ages and conditions. The milk is then pasteurized in the bottle and quickly cooled to below 50 degrees (pages 33-39).

The PASTEURIZED MILK is sold in New York at eight stations in Winter, at eighteen in Summer, at a nominal price. It is the only "ready-to-drink" milk for babies to be had in New York City (page 41). In the twenty-five years of this work 42,873,181 bottles and 24,009,498 glasses of pasteurized milk have been dispensed at the Straus stations (page 77).

Coincident with the development of this work the death rate among children under five years of age has dropped from 96.2 per thousand per annum in 1892 to 34 per thousand in 1916, the mortality statistics of the City Health Department indicating the saving of 241,930 lives in these 25 years (pages 90-91).

The efficacy of PASTEURIZATION was mathematically demonstrated at Randall's Island, where the death rate among the city's waifs was cut from an average of 41.81% to 21.75% without any other change in diet or regimen than the substitution of Pasteurized Milk for raw milk (pages 51 and 204). Also at Sandhausen, Germany, where all the children under two years were supplied with Pasteurized Milk and the death rate was cut from 46% to 20% (page 96). Also at Karlsruhe, Germany, where one-fifth of the babies were supplied with Pasteurized Milk and the death rate among them was only 6.3%, while in the entire city the death rate was 17% (page 97). Also in Washington, D. C., where the death rate among Straus babies was only 6.2% (pp. 103, 209).

It was a long fight against prejudice that led to the adoption of Pasteurization by the City of New York (pages 51-59) and by the State of New York (page 60). Beginning with Chicago, in 1909, and New York, in 1913, the cities have fallen in line, until in 1917 Pasteurization is either required or encouraged in 46 of 52 largest cities of America (pages 70-71).

The first Infant Milk Depot in America was founded by Mr. Straus in 1893. Now there are 297 such depots in the 36 leading cities of the country (pages 75-79).

As a considerable factor in the suppression of tuberculosis, Pasteurization has demanded attention and acceptance. Dr. E. C. Schroeder, of the U. S. Department of Agriculture, proved that "one of the chief, if not the most important source of infection is the tuberculous dairy cow" (page 219), and that "nothing as efficient or economical as Pasteurization to make milk safe has been discovered" (page 21).

Dr. M. P. Ravenel, who proved the communication of bovine tuberculosis to children, holds that "Pasteurization has been the means of saving the lives of many infants and children" (page 20).

Pasteurization has been endorsed by The American Medical Association, The National Association for the Study and Prevention of Tuberculosis, The American Public Health Association, The U. S. Public Health Service, and The National Commission on Milk Standards, which is made up of seventeen recognized experts.

In order that no baby may be deprived of properly Pasteurized milk, Mr. Straus in 1909 perfected a "fool-proof" HOME PASTEURIZER, which any tinsmith can make and any mother can operate. The plans and directions for manufacturing and for use are supplied free to anyone who applies (pages 85-88).

Professor Abraham Jacobi, dean of American medical men, in the introduction to Mrs. Straus' book, says:

"It is more than two dozen years since Nathan Straus began and carried out his life-saving practice. His methods are simple and direct; his results satisfactory to the infants. These are, after all, the best critics of what is being done for them. Long may they continue to live — Nathan Straus and his many babies in many lands" (page 19).

All that has been said for PASTEURIZATION applies with equal force to cream, butter, ice cream and cheese. All cream, including that used for ice cream and butter, should be properly pasteurized to be safe. There is nothing in the process of making butter, cheese or ice cream to impair the vitality of disease germs. Cold does not kill them; only by heat (Pasteurization) can they be destroyed (pages 109-110).

Rabbie Abba H. Silver,

City.

My dear Rabbi Silver: -

The Educational Committee of the Industrial Association extends to you a very cordial invitation and request to participate in our educational program by delivering a lecture or address. Our Counsel and Secretary, Mr. Hobday, recently saw you at the Temple and he states that you told him you were so busy in December that it would be impossible for you to make any speaking engagements until January, 1919. We shall be pleased to have you speak to our membership in January, and suggest, if convenient, that we schedule you for Tuesday evening, January 14th, 1919.

We are enclosing herewith leaflet entitled "Maintain Industrial Prosperity" which will give you some idea of the objects of the Industrial Association. We are likewise enclosing copy of our educational program, and if you desire to speak on a topic not covered on the program it will be agreeable to the Association because we are increasing the number of lectures which we originally scheduled. The lectures cancelled have already been given.

If any of the lectures which have already been given have phases which especially appeal to you we can readily arrange for your speaking on approximately that subject, because you will undoubtedly bring out points that the other speakers did not, or open different phases of the question. The usual length of time for an address is forty-five minutes or one hour.

Sincerely trusting that we may be favored by your acceptance and that you will regard our request as an opportunity to assist a worthy cause, we are,

Cordially yours for CO-OPERATION,

My Dear Mr. Silver,

I am in receipt of your letter regarding The Temple Truicum Club.

Due to lack of time I have not been able to attend nor encourage any activities of the club this season. I understand, however, that the girls of the organization have been meeting and are fostering the old spirit.

At my earliest opportunity I will get in touch with their chairman regarding cooperation with Mrs. Marx. And I am sure that all will be glad to know that Mrs. Marx has consented to lead us for the coming season.

I expect my release some time this week, and just as soon as possible, will try to get all members available, together for a meeting and once more "get going".

Thanking you very kindly for your active interest in the club and Hoping for continued cooperation and success.

I am
Clarence Moss.

My dear Silver:-

So far as I can now foresee, I shall be in your pulpit at your usual time this coming Sunday morning. Do not be worried about the hour of my arrival or any other preliminary arrangements you may have in mind. My own folks living there, I shall take things for granted. Unfortunately, my wife and little girl have been ill for the past week, and are still confined to bed; or else you would have heard from me earlier. I look forward to a few hours, at least, of pleasant reunion with my people and friends, and only regret that I shall not see you there. I trust the latter pleasure will not be long deferred. Be sure to let me know whenever you have any excuse for being in my neighborhood.

My subject for Sunday is as yet unsettled, as I am just now. I trust however that this will occasion no annoyance or inconvenience.

With regards and best wishes, I am,

Sincerely yours,

RESOLUTION NO. 4.

WHEREAS, it has been established beyond doubt that Polish troops, despatched by the new government of Poland to invade and conquer the Ukrainian province of Eastern Galicia, have wantonly murdered and pillaged thousands of innocent Jewish non-combatants, men, women, and children inhabiting Lemberg and other cities and towns, with a barbarous cruelty paralleled only by the exploits of Germans in Belgium and Serbia; and

WHEREAS, these atrocities seem to form part of a systematic campaign, instigated by years of ferocious nationalistic propaganda on the part of the Poles aiming at the extermination of the Jewish populace in territories claimed by the Poles as their own; and

WHEREAS, the Ukrainians of Eastern Galicia are linked with the Jews of that province by ties of deep sympathy born of a century of common suffering on the hand of the Polish military oppressors of the Galician people and faithful allies of Hapsburg autocracy; be it

RESOLVED, that we, representatives of Americans of Ukrainian birth or descent, in convention assembled at Carroll Institute Hall, Washington, D. C. on December the fifteenth, A. D. 1918, express our condemnation of and protest against these outrages perpetrated by the Poles in utter disregard of the laws and precepts of humanity and civilized conduct; and be it

RESOLVED, that we extend a message of sincere sympathy to the Jewish Congress of America, in session at Philadelphia on the day December the Fifteenth, A. D. 1918, and request said Congress to convey our message to the suffering Jews of Galicia and be it

RESOLVED, that we call upon the American government and the governments of the allied countries to take measures for the prevention of the massacre and persecution of Jews in Eastern Galicia and Poland; and be it

RESOLVED, that we favor the settlement of the Jewish question on the basis of democratic principles and the self determination of nations.

"SOUTHEASTERN EUROPE"

The Main Problem of the Present World Struggle

A LECTURE BY

"Southeastern Europe—the Main Problem of the Present World Struggle"

President Wilson, in his message to the Congress on December 11, last year, proclaimed that we are seeking not temporary but permanent foundations of peace, and we must seek them candidly and fearlessly! Our people, in following this idea of President Wilson's, are eager to get a better understanding of European problems, and this education of our public can best be done by lectures by competent persons who have lived through those problems and possess a thorough and first-hand knowledge of them.

Mr. Vladislav B. Savie is the person possessing that knowledge, and the man you ought to hear. His book, "South-Eastern Europe—The Main Problem of the Present World Struggle," with introduction by President Nicholas Murray Butler, of Columbia University (Fleming H. Revell Co.), has received the best commendation.

In May, 1918, Secretary Lansing announced an important change in the attitude of our government toward the situation in Austria-Hungary, and our great Allies followed him. Why this change was necessary Mr. Savie is able to tell you, as it is now generally recognized that South-Eastern Europe is really the Main Problem of this World Struggle.

President NICHOLAS MUREAY BUTLER, of Columbia University, says in his introduction to "South Eastern Europe" by Vladislav R. Savic:

"This book is not for the specialist alone or for him only who is interested in the minute details of the Eastern question. It is rather a book which makes appeal to every intelligent reader who wishes to have the knowledge necessary to form an independent opinion as to the conditions on which durable peace shall rest. M. Savic is a native Serb who, through service as correspondent of the English press, has been brought in close touch with British public opinion. By birth and training he is a true representative of the Serbian democracy, and both his mental attitude and his forms of thinking make strong appeal to the Anglo-Saxon reader."

Other Lecture Subjects

"Intervention in Russia."

"The Impending Collapse of Austria-Hungary."*

"How to Wreck German Mitt-el Europa."

"Should We Declare War on Turkey and Bulgaria?"

"Serbia's Part in the War."* (He fought for four months with the Serbians.)

"The Genius of the Slav Race."*

"Conditions of Permanent Peace."

1. Russia and the Balkans.

2. Austria-Hungary and the Balkans.

* Illustrated.

Mladislav R. Savic

THE author, V. R. Savic, is a Serb who has seen much of war in that ever stormy corner of Europe. He started life as a refugee, being only a few months old when the Turks in 1876 invaded Serbia, compelling his mother with him in her arms to flee before the old-time foe. His first recollection, therefore, is a camp of refugees.

M. Savic took a degree in the University of Belgrade, studying also in Zurich and Paris. He lived in Russia during the Russo-Japanese war and the first Russian revolution. From Russia he proceeded to London as the first London correspondent of the *Russkoe Slovo*, of Moscow—a liberal paper recently suppressed by the Bolsheviki.

When the crisis provoked by the annexation of Bosnia came as a preliminary to the present war, he was invited by the Serbian government to take charge of the Press Bureau in the Foreign Office. He further acted as the Balkan correspondent of the *Daily Telegraph* and the *Russkoe Slovo*, and edited his own daily, the *New Times*, of Belgrade.

At the opening of the present war, M. Savic volunteered in the regiment of his native district and took part in the campaign of 1914-15, and was in the great retreat of the Serbian army through Albania. He possesses a first-hand knowledge of the events described and of their import. His book is above all a plea for Democracy and durable peace.

The above is from the announcement of "Southeastern Europe" by the publishers, Fleming H. Revell Co., N. Y.

"The Program of the British Labor Party and the Future of Democracy in Europe and America"

A NEW LECTURE BY

NORMAN ANGELL

Author of

*The Great Illusion, Arms and Industry, America and the World State,
The Dangers of Half-Preparedness*

who, for some years has been closely connected with the British Labor Movement

It is now generally admitted that the British Labor Party is likely to hold the balance of political power in Great Britain after the war, and that the measures for which it stands are so far-reaching as to involve the virtual overthrow of our present industrial civilization, "the reconstruction of society itself," as the recent report of the party sub-committee phrases it.

The importance of this movement and its probable effect on America and Western Society generally, is far too little realized in this country. The movement is part of a European Revolution to which public opinion in this country is for the most part shutting its eyes.

[OVER]

MR. ANGELL'S POSITION ON THE 'WORLD WAR

as stated on pp. 4-5 of the preface to his latest book

"The Political Conditions of Allied Success"

A PLEA FOR THE PROTECTIVE UNION
OF THE DEMOCRACIES

(G. P. Putnam's Sons, N. Y.)

Perhaps it would help to indicate more clearly the angle from which the problem is approached, to state that the present writer happens to have been in the past an earnest advocate of American participation in this war, and that there is nothing in the argument of this book which runs counter to the following assumptions:

The destruction of Prussian military power is essential to the future peace and freedom of the Western World.

No peace tolerable to free men can be secured by negotiation with a government that defends the character of the Brest-Litovsk Treaty.

No reliance can be placed upon any undertaking given by such a government with reference to the autonomy of peoples within its power; and guarantees accorded by it to that end would be utterly untrustworthy.

No League of Nations can be workable or reliable so long as the Prussian military system is predominant in Europe.

The interest of the audience in all cases was held intently from the first moment, and, regardless of religious convictions, Dr. Aked carried his hearers by his eloquence to the highest thought and feeling.—*Robert Erskine Ely, Director League for Political Education, New York.*

LIBERTY LOAN THE HOPE OF THE WORLD

A Loan to the United States a Gift to the Race

By the REV. C. F. AKED, D.D., LL.D.

There is no hope for the world except as the menace of German militarism is destroyed.

While there was the faintest scintilla of hope discernible on the far horizon the lover of peace refused to join in the demand for war. He was ready to push conciliation to its extremest limits. He was anxious to exhaust every resource of argument of diplomacy, of pleading, of prayer before he would submit the issue in dispute to the blood-red arbitrament of war. He tried—God knows how he tried!—to avoid war. Every effort failed. And the world went from bad to worse. The man who stood for peace was driven to war by the inexorable logic of facts.

Things are as they are, and their consequences will be what they will be; so why should we wish to deceive ourselves? There is only one way out of the hideous mess into which the insanity of rulers has plunged the nations of the world. The way out is the way through! We cannot draw back; we could not if we would and we would not if we could. To the cause which we have embraced the United States has pledged the fortunes of its citizens, the lives of its young men, and the nation's sacred honor. *Over the top*—and beyond, is the shining path of peace.

There are hurts which are beyond the reach of medicine. Diseases desperate grown, by desperate appliance are relieved, or not at all. The surgeon comes—and his knife. He pierces, cuts, destroys, and we shudder at his work. Destroys? No; for he, too, is a repairer, the heroic healer; and his work is pure beneficence. The disease of the world was incurable by any drug in the pharmacopoeia of European statesmanship. It was time for the knife.

Germany must be beaten in the interest of the German people. There is a Germany with which we are not at war. That Germany we fight because we cannot help it. And we fight not in anger but in sorrow, and with an awful pity at our hearts. We would save that Germany from injury if we could. But we cannot. First we must save her from her loathsome masters. With the Germany of the mailed fist and shining armor, the Germany which is drunk with a horrible lust of power, the Germany of the right divine of Kings to govern wrong, we are at war, and shall be until we have tumbled its pretensions to the dust. With the other and nobler Germany we fight, not in our interest, but in her own, the Germany of science and philosophy, of literature and art and music, the Germany which has never joined in a Hymn of Hate. Before the war, this Germany popularized a slogan: "Free nations, a better Germany, and friendship with England." We must fight and we must overthrow the insane and wicked Germany that this other Germany may work out its own salvation and fulfil its mission to mankind. When the power of military Germany is broken, the Germany of happy homes and lofty thinking will yet be great amongst the nations. The free men and women of America will be no free man's foe.

We war upon war in the interest of peace. This old earth of ours is drenched with blood and tears. Europe is crimson with battles and holow with graves. The piled up agony of nations affronts the eye of heaven. Fields that were waving with golden grain, cities that were at once the shrine of art and the homes of happy men, to-day beneath the summer skies are a human slaughter-house. Civilization is eating her own children. Our worst imagination of hell pales before the frightful realities of Belgium and Serbia, Poland and Armenia, and the Provinces of Northern

France. Seven millions of men have been slaughtered by machinery like pigs in Chicago, and twenty-five millions more have been lamed or maimed or blinded or injured in some way. And the orgy of blood and lust goes on.

There thirty millions and more were in the ranks of the fighters. What of the suffering civilian populations? There is now in this country a physician lately home from his work as a medical missionary in the lands beneath the shadow of Ararat. When he attends a public meeting he exhibits a human skull. He says: "This is an Armenian skull. It is one of eight hundred thousand Armenian skulls which line the desert way from the Black Sea to the Persian Gulf." His witness is true. But amongst the eight hundred thousand Armenians whose bones are whitening in the sands of the desert are the supremely lucky ones. Death met them, and they died. Their death was comparatively happy. More than a million human beings, mainly women and children, have within the last three years been done to death amid agonies of nameless outrage, and sold for the harem and brothel, sold openly in the slave markets of Asiatic Turkey.

This devilry must end, once and forever.

If human beings, knowing these things, were content to allow these things to continue, it would not be worth while to preserve the human race upon the earth. 'Tis man's perdition to be safe, when for the truth he ought to die.

A British statesman, George Canning, said nearly a century ago: "I called a new world into existence to redress the balance of the old." He was not thinking of the United States. We may at this time believe and with all reverence say, that the Powers that govern the universe have called our New World into existence to redress the balance of the Old. We cannot leave the world where it was in the closing days of July, nineteen fourteen, free to begin all over again its maniac self-destruction. The unaccomplished mission of the United States is the reconstruction of the society of nations on the basis of liberty, democracy, and brotherhood. Throned tyrannies, and the despotisms that wage war upon democracy, may continue for a day, for a year for a century; but they have one Enemy who is Everlasting. God Almighty makes war upon the obsolete. And by all signs and portents on the earth beneath and in the heavens above, the place of America in the re-creation of the world has been set by Him who called the United States into existence first to save and then to spread Liberty upon the earth.

So as the time of the Fourth Liberty Loan draws near we consecrate ourselves to new and holier fidelities. Faith without works is dead. We have to end this war, and end it quickly. We can only end it by winning it. We can only win it by financing it. We cannot end it and we cannot win it except as we pay for it. Our sons are paying with their blood; it is little that we should pay with our gold. *Wherefore, Buy Liberty Bonds!*

It is everybody's business—and not "nobody's business." And it is business, not philanthropy. It is a question of a good investment at a fair rate of interest on the best security in the world. And it is more. It is gloriously more, everlastingly more. A loan to the United States is a gift to the race. An investment in Liberty Loan is a contribution of inestimable value to the emancipation of the world from the swollen tyranny of war, a tyranny which has become intolerable to God and man.

The above was written at the request of The Liberty Loan Committee of the New York Federal Reserve District.

Rabbi A. H. Silver,
The Temple,
55th St.,
Cleveland, Ohio.

Dear Rabbi:-

I am taking the liberty
of sending to you, under separate cover,
a copy of the Jewish Chronicle, in which
Rabbi Franklin had printed your "Tribute
to America".

You will probably remember
my having asked your permission to turn
this over to Dr. Franklin with your con-
sent to have same published.

I know that this sentiment
has been greatly appreciated by many of my
Detroit friends to whom I showed the copy
I have.

Very truly yours,

Rabbi Isador Phile,

Youngstown, Ohio.

My dear Rabbi Phile,

Please pardon the long delay
in answering your letter of November 28th,
containing your kind invitation to me to
take part in your lecture course.

Perhaps, through the oversight
in answering this letter, I am too late to
be considered now. If not I might be able
to arrange for a night in February, in the
middle of the week. If you will send me
two or three possible dates, I will make a
choice and write you as soon as possible.

With kindest regards, I beg to
remain

Very sincerely yours,

P.S.

My usual remuneration is \$50.00
and expenses. I shall be glad
to have you tell me frankly whether
it would prove too great a burden
for your community and if so what
would be possible for them.

Dear Sir:-

I have been approached by a
Rev. H. Abramson, representing the Zion
War Orphanage of Jerusalem, in an effort
to interest me in raising money in Cleve-
land for that institution.

It has occurred to me that such
an institution would naturally come under
the care of your organization. He claims
that you have refused to extend any aid to
it, and that he is therefore compelled to
make a personal appeal to the Jews of the
country.

Would you advise me to lend my
name to such a campaign? I would appre-
ciate a prompt and full response.

Rabbi Abba Hillel Silver,

Dear Mr. Silver:

I would be very glad if you would put Mrs. Feiss and myself down for a subscription of \$20.00 as a contribution to the Hebrew Union College and the other work you spoke of in order to assist it in tiding over these times.

I want you to understand that a contribution of this kind is more or less out of my line. I do not as a rule give for purely religious purposes or religious organizations, inasmuch as I am not at all religiously inclined. I therefore do not wish to commit myself as to any future action. Mrs. Feiss and I at present, however, wish to be one of those whose privilege it is to contribute just a little in this event through you to a cause which is of prime importance to yourself.

With very kind personal regards, I

TREASURY DEPARTMENT

WAR SAVINGS ORGANIZATION

CUYAHOGA COUNTY WAR SAVINGS COMMITTEE

CLEVELAND, OHIO

January 16th, 1919.

Rev. Abba H. Silver,
The Temple,
Cleveland.

My dear Rabbi Silver:-

The Cuyahoga County War Savings Committee, which is now being formed, cannot accomplish what the Government will expect it to do here, nor meet the great opportunities for Americanization work which lie open to it in connection with the stamp campaign, without your co-operation and active participation.

Aside from the ultimate object of the Committee, which is to sell War Savings Stamps in Cuyahoga County for the United States Government, the accomplishing of this object can be brought about principally through the utilization of means that will probably involve more in the way of Americanization work and combatting the natural let-down after the war, and instilling and confirming in the minds of our people the sense of continuing obligation to their Government and country, and inculcating and confirming habits of thrift than in any other organized and continuing activity in the City. In working out plans to attain these ends, your assistance will be invaluable.

If my present views remain unchanged and get the support that I hope they will, the fundamental idea of the campaign will be one of education to duty and not one of the coercion of our people into buying stamps.

It may interest you to know that, unlike last year's Committee, this one is being formed under the auspices of the Federal Reserve Bank and, therefore, is put along side of and will cordially co-operate with and not compete with the Liberty Loan organization. Among those who have accepted membership on the Committee are Mr. Wille and Mr. Fancher of the Federal Reserve Bank, Mr. Coulton of the Union-Commerce National Bank, Mr. C. E. Sullivan, President of the Superior Savings and Trust Co., Mr. Carl Friebohn, Chairman of the Cosmopolitan Committee of the Liberty Loan, and Postmaster Murphy.

I must rely for a favorable answer from you not on my personal appeal, but on the fact that this is really a Governmental call, with regard to which your past record evidences that you will feel a very real obligation. May I hope to hear from you at the earliest date your convenience will permit.

*You may count on my
cooperation.*

My dear Mr. Guggenheim,

I find that the handling of the Religious School children during the Sunday morning Service, in the balcony and their conduct has become quite a problem. The young boys who are at present in charge of the usher duties in the balcony have proved not entirely satisfactory.

I would suggest that you appoint an additional two or three ushers, adults, for that purpose, their sole function to be the care of the children who sit in the balcony. I leave the selection entirely to you, but I would urge that the appointment be made immediately. I would appreciate it if you would inform me of your selection.

I want to express my very real appreciation of your cordial note of acceptance of membership on the Cuyahoga County War Savings Committee. The first meeting of the Committee will be held at 4 o'clock Tuesday afternoon, January 28th, at the Committee's headquarters, 1307 Swetland Bldg. I sincerely trust you will be able to meet with us at that time.

My dear Dr. Morgenstein,

The Temple is considering the advisability of establishing a Branch Synagogue for the Holy Days. For quite a number of years the capacity of our Temple has been inadequate during the Holy Days, even for our own members. It is desired, therefore, to make it possible for all of our members as well as others who desire to worship, to have the proper place for their devotions.

In all probability we shall acquire the use of some church or Masonic temple or other proper place for this branch service.

It is my thought to invite a Rabbi to co-operate with me in conducting the services, both at The Temple and at this branch Synagogue. We would alternate.

Should this project be definitely decided upon by our Board of Trustees, can we count upon you to assist us in this work? Our people know you and would appreciate your coming.

I am writing to you at this early date, because quite a number of details will have to be attended to during the coming months, if our project is to get through.

Dr. J. M. S

Please answer me at your earliest

My dear Silver,

Yours of  upon my desk yesterday, when I returned from Pittsburgh, where I was to officiate for Goldenson, who is ill. The suggestion you are making interests me greatly. I believe it is a very wise one, and one which is to your problem of reaching as large a congregation as possible, in its present, temporary aspects.

I shall be most happy to participate in the carrying out of this undertaking, and to renew my old, friendly relations with your congregation, and of course with yourself. You can count upon my hearty cooperation, and go ahead and work out your plans. The details of my participation in this work we can arrange when we get together. I am sure that we will have no difficulty in agreeing upon all matters.

With warmest greetings, in which my dear wife joins, I am, as ever,

My dear Rabbi Silver:

I have received
the Annual Report of your Congre-
gation, and, as usual, have read
it with a great deal of interest
and pleasure. Although your
Congregation has sustained a
great loss, it has, nevertheless,
every reason to be proud of the
record of its year now past.
To you as its leader and guide,
I extend my congratulations upon
the work you have planned and
carried out so well.

Dear Mr. Silver:

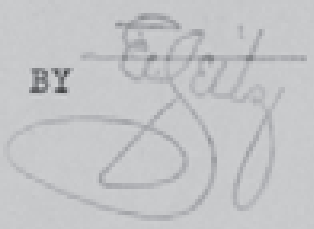

When I called at the temple on Wednesday for the Memorial Resolutions which you were kind enough to draft for us, you were engaged and it was not possible for me to thank you in person.

We believe that you covered the matter in your usual thoro manner and we assure you that we are deeply appreciative of your help.

With kindest regards, we remain,

Sincerely yours,

THE KAYNEE COMPANY,

BY 

EOE:HO.

At a meeting of the

Board of Directors of

The Kay-Tee-Kaynee Company

held

the following Memorial Resolutions

was unanimously adopted and ordered spread upon the records of the Company.

In the untimely death of Louis H. Hays, our organization experiences the loss of a capable leader, who was gifted with a rare spirit of optimism and enterprise, tempered by sound judgment and practical experience. And his associates keenly feel the loss of a dear friend, whose personality radiated love and human kindness.

The business career of Louis H. Hays was characterized by an unflinching adherence to the highest ethical standards, and by a splendid sense of service. His conduct was at all times determined by a guiding principle of justice, and his daily tasks and pursuits received an added charm through the noble ideals which dominated them. His influence was strongly felt in our organization, not only because of his successful efforts and achievements, his initiative and progressive enterprise, but also because of the fine co-operative spirit and the sustained morale which he helped to create and to foster. His broad humanitarian interests and his all-embracing democratic sentiments quickly won for him the admiration, the love and the devotion of his associates and of his employees.

And now that he is gone to his eternal reward, we shall greatly miss him. But the noble influence of his life, the fine example which he set, will not depart from us. We shall treasure his memory as a blessing and an inspiration. We shall strive higher, do better, and live nobler for having known him.

February 1919.

Dear Sir:-

Enclosed you will find two tickets for the dance that "The Jewish Maternity Relief Society" is going to give for the purpose of accumulating funds with which to carry on the work of our Society.

The work of our Society is such that it should receive the support of every Jewish man and woman in the community.

We help and take care of the maternity cases that require medical attention and assistance and who have not the means to purchase them. We purchase the outfit for the new life and in every other possible way make motherhood bright and easy.

Such is our work. You will help us in our aims by purchasing the enclosed tickets, and whether you dance or not, you will be doing a real charitable act by remitting your check for the enclosed, assuring you, that mere words cannot appreciate your generosity and the value of your financial co-operation in our work.

Very truly yours

Mrs. B. Seigel,

President.
