CALL

1921

To the
Fourth Annual National Convention
 of
Service Star Legion

(Incorporated)

To be held at Cleveland, Ohio—Hotel Statler

Sept. 13-14-15-16, 1921

HEAR THE CALL to our Fourth Annual National Convention! Four years of Service. Four years of Progress, which makes us the oldest Patriotic Organization, of men or women, that has come out of the World War.

We are stronger today, financially, in members and accomplishments, than ever before. The future holds unlimited opportunities for us to do worth while things for our Boys, and our Country.

Hear the call to come to this great Convention to help plan with broadened vision, with renewed energy for the great work ahead.

Members of all organizations of similar personnel are cordially invited to attend this Convention. Will be welcome to all, but Executive sessions. All such organizations are invited also to affiliate with Service Star Legion if they so desire.

HEED THE CALL! The Service Star Legion is permanently established. It is a living, progressive organization. The Service Star Legion has power! How best shall we use the power so that it will be a vital and helpful force in the Country? How best can we "carry on" the splendid work that lies before us?

Your Chapter will want to be represented at this important Convention. Your Chapter will receive new ideas and inspiration from the delegates from your Chapter who will attend this Convention. Think what this will mean.

ANSWER THE CALL! Send one or more delegates from your Chapter. Send as many other members as can attend. This is going to be our biggest Convention.

BIRTH CONTROL AND DR. STEPHEN S. WISE

The radicals we shall always have with us. They are providentially appointed, perhaps, to test the judgment and try the courage of men. We are often startled by the boldness of their projects, we are frequently arrested by the novelty of their proclamations, we are repeatedly disturbed by the danger of their proposals, until we get our second breath and secure our second sight and we detect their fallacies and strengthen ourselves to resist their sophistries. After awhile we actually enjoy the platitudinous pomposity of those who take advantage of society's unpreparedness to discriminate at once between a sound and a spurious leadership, between a solid and a hollow program. But the sober judgment of men finally asserts itself and unerringly it is registered on the side of constructive reform, conservative progress and evolutionary, as opposed to revolutionary, change.

How frightened we were at first when the radical labor leaders announced the era of a new class domination and the inauguration of measures and movements that would henceforth exclusively reflect the welfare of the working class. Strikes at first on a small scale, to be followed by the national and the international lock-out, were planned. But the sound judgment of the majority of good citizens, including the sincere and loyal people among the working men, put an end to the radicals and more firmly established the American proposition that neither capitalists nor industrialists shall dominate America, but all together plan for the welfare of all the people. So it was with the political radicals whose threats and agitation revealed sinister selfishness

and a colossal conceit which a close scrutiny and a little courage reduced to their proper insignificance.

Now we have the social radicals who propose to control the birth rate, to disseminate information on the prevention of motherhood, to establish clinics to teach the use of harmless means to control procreation. When will these arrogant, ignorant, egotistic, intemperate propagandists learn that it is impossible to save society by planning its destruction? We may believe that they little realize how their program is a reckless attack on the home and a blow at the state. The principles of the Voluntary Parenthood League are contrary to the laws of God and opposed to man's best experience and thus become a real menace to man's physical, moral and spiritual welfare.

There is not the slightest doubt that the vast majority of the Jewish people whose religion, life, and experience have always been sharply, unmistakably and conclusively opposed to this repulsive form of moral degeneracy, will be solidly arrayed against its pernicious influence.

Is it too much to ask why Dr. Stephen S. Wise of the Free Synagogue of New York, permitted himself to take so non-Jewish a stand as to endorse the Voluntary Parenthood League? On various occasions he has seen fit to lend the weight of his voice and the power of his rhetoric to movements of questionable Jewish and social value. At one time the Executive Council of the Free Synagogue was prompted to declare in solemn resolution that he did not speak FOR THEM, but TO THEM in regard to his stand in 1919 on the social and industrial unrest among the steel workers of Pennsylvania. Far more dangerous to the cause of a sound family life, upon which the Jewish people stand as upon a foundation, is his present endorsement of Voluntary Parenthood as expressed in the recent circular, bearing the name of Dr. Wise, of the Voluntary Parenthood League.

It is earnestly hoped, it is indeed confidently believed, that no thoughtful Jew will be misled into endorsing or aiding a movement which desires among other things "to help in supporting a body of public opinion which will lead to amending the Federal and State laws so that it will not be a criminal offense to give out information on the subject of controlling the birth-rate and that such information will not be classed with obscenity and indecency."

It may safely be predicted that no Jewish leader, except the most radical and sensational, will have the effrontery to bring to his pulpit a defense of the birth control movement. If he does, it is more than likely that the members of his congregation, to maintain some show of Jewish self respect, will declare that he speaks not FOR THEM but TO THEM, not to inform and inspire them on the duties of life, but to tickle and entertain them with a hodge-podge of jazz philosophy.

Solomon Foster.

Rabbi Abba H. Silver,

Dear Rabbi Silver:-

You will remember that I spoke to you last month concerning a Committee which was being formed for Dr. Grenfell when he should visit Cleveland in February. Due to the fact that so many of those most interested in Dr. Grenfell expect to be away at just that time, this visit has been postponed until later in the spring.

It was originally planned to stop in Cleveland on the way westward, but there is no reason why this could not be reversed, and his visit be made while going east--that would be the latter part of April, or the first part of May. I know you will agree that this is the wiser course considering the conditions.

We shall let you know the definite dates as the time draws near.

Very Sincerely,

William S. Savage

Dear Rabbi Silver:-

In view of your interest in Jewish communal affairs, and as one prominent in your community, the Board of Directors of the Hebrew Sheltering and Immigrant Aid Society of America, takes great pleasure in appointing you a National Director of our Society for your city, which office we trust you will accept.

The activities in which the Society is now engaged are undoubtedly well known to you, and the Society, therefore, is entitled to your assistance. We are sending you, under separate cover, copy of our latest Annual Report, the perusal of which we are reasonably certain will convince you that our Society is doing noble work.

Your duties will be to represent our Society in your community in matters affecting Jewish immigrants. You will also be called upon should an emergency arise, and we have no doubt that at such time you will give us your co-operation.

Hoping that the Hebrew Sheltering and Immigrant Aid Society of America will have your support which it needs,

Very sincerely yours,

Joseph E. Eron
President.

My dear Dr. Harris,

Permit me to extend to you, and through you the officers and members of Temple Israel, my own felicitations, and that of the officers and members of The Temple, on the occasion of the Fiftieth Anniversary of your Congregation.

The Temple Israel has throughout its existence maintained a high spirit of dignity, service and influence. It is our prayer that it may be privileged to enjoy continued success in its exalted missions, and that it be blessed with many more years of your fine leadership.

My dear Mr. Bernstein,

I am indeed highly honored
by your appointing me a Director of
your organization. I wish I were in
a position to accept it. Unfortunately
my duties are so many that I feel that
I will not be able to do any justice to the
office which you so kindly confer on me.
I stand however, ready at any time to serve
you and the cause which you represent.

Thanking you again, I beg to

Mr Abba Hiller Silver,
Cleveland Ohio.

Dear Sir,

Among the Jerusalem Institutions, the Home for Instruction of the Jewish Blind takes high place. Like so many of the institutions of Jerusalem, this one has always had to draw its life blood from the Jews of the rest of the world. But from the first year of the war when these contributions were no longer available the institutions went through great suffering and want. The workshop stood idle from lack of materials. Tuberculosis was rife, and during the war no less than twelve of the pupils died. The institution was left with a burden of debts.

From October, 1919, when the Joint Distribution Committee of America regularly supported the Home of Instruction of the Jewish Blind, conditions improved. The school, the workshop and the band have been developed and the health of the blind has improved. The pupils are given a general education specialised for the blind, and instruction in arts and crafts and music. The products of the baskets and wicker furniture workshop are standard in Jerusalem, and it supplies the Government with contract orders for mats, baskets, brushes and repair of furniture. The institution has been looking forward to sending out graduates and making room for some of the many who knock at its doors for admission.

But with the cutting off of relief subventions by the Joint Distribution Committee of America from July, 1921, we are left with a minimal monthly budget of LE.200 and an income of only about LE.35 a month to meet it. Prof. Gotthard Deutsch stepped into the breach, and as an old and devoted friend of our institution, he undertook to put the support from American on a solid and regular basis. But the death of this noble son of Israel has left our institution in a desperate condition, and we have no other recourse but to bring before our generous brethren our appeal that they will secure our institution from destruction. We feel that the situation can be saved if in every city in the Union there be formed a small Committee to work for the Home for Instruction of the Jewish Blind in Jerusalem. Assuredly you will help us in this. There are needed no added words from us to describe the beauty, hope and national value of the work we are doing. You will not forsake us at this critical moment. It is inconceivable that our haven of light and hope for the Blind should be allowed to close for lack of funds. The call of the Blind will awaken an echo in your heart, and yours will be the joy of hearing the blessing of those who walk in darkness, borne to you across the ocean from the Holy City.

Yours respectfully,

בית הנוף עזריה
לבני
ירושלים

ירושלים, י"ב כסלו, תרפ"ב.
(13.12.21)

לכבוד ה' אבא הילדר סילווער.

אדון נכבד,

בין מוסדות וחנוך הבהקיימים בירושלים חופם מקום חשוב
המוסד "בית הנוף עזריה". כמו יתר המוסדות שבנינו שאב גם
המוסד הזה את מקור מהיותו מהנדכות שקבל מחוץ-לארץ. אולם
המלחמה שחרטה את רוב מ.כ.ד.ו. הצבור בירושלים, השפיעה לרעה גם
על המוסד הזה. עוד בשנה הראשונה להפרצות המלחמה נסחטמו
במעט, כל מקורות ההכנסה והחניכים האמללים סבלו נוראות במשך
זמן המלחמה. ביה-המלאכה נשאר בלי כל חסרים לעבודה, תחזוקה -
כלי מורה והעניינים שורה בכל. מלבד זאת החפשה בבי"ח זה מחלה
השחפת. במשך המלחמה ובשנה הראשונה שלאחריה סרו 12 חניכים
והניכות. המצב הנורא הזה לא הוסב בהרבה גם בשנים הראשונות
לכבוש הארץ על-ידי האנגלים; המוסד שקע בחוכות גדולים מאד.

מאוקטובר 1929 החליל המצב להשחנות לכוכה הודות
להתעניינות הרבה במוסדנו שהראו הד"ר פול, מנהל ועד-הסיוע-המאוחד
האמריקאי בארץ-ישראל והגבית זלגסברג, מנהל מחלקת היתומים
בארץ-ישראל. בעזרתם של בידנינו להרחיק לאט לאט, את העוני
והמחלות מהמוסד ולגלל לכדור ביה-הסיוע ביה-המלאכה, התזמרה
ושעורי הנגינה, ובסוכבר 1930 נוסד מוסד ביה-המלאכה.
ועד הסיוע המאוחד האמריקאי קבל עליו את המצאת הקציני המוסד.
הוא המציא גם סכום כסף ידוע עבור ביה-המלאכה. במשך הזמן
צא לעזרת המוסד גם ועד-היתומים הארץ-ישראלי וגם ועד-החנוך
התיחם אל המוסד באופן רצוי, צלחו לנו מורה על ושאנו ונקבלו
עליו גם את ההשגחה על ביה-הספר שבמוסד.

כל החניכים והחניכות בהעסקים עכשיו ולמודים כלליים,
צלמוד מקצועות כלאכה שונים וצלמוד נגינה. החוצרת שלנו חופכה
בבר עכשיו מקום חשוב בשוק המסחרי של ארץ-ישראל. המסלה המקומית
מזמינה אצלנו כחצלות-קש ופלי-קש לניר למאנה ומויעה חמיד את
שכיעה רצונה מועבדות. גם החזמרה החלילית הנקצועית חופסה
מקום לא קטן ברים המוסיקליים בירושלים. ובצד קיינו, שבמשך
זמן של שנתיים יוכלו רוב החניכים והחניכות הגדולים לעזוב את
המוסד ולהרויח די מהיתם מנגינה וממלאכה-יד ושפנקוסם נוכל לקבל
חניכים חדשים, הפונים אלינו בנקשות מכל קצוי הארץ ומחוץ-לארץ,
שספרם עם גדול מאד. לוגלי המלחמה והמחלות אשר באו אחריה.
אבל מחדש יולי החליל ועד-הסיוע להקטין את החמינה יותר ויותר
ומראשון לאוקטובר הפסיק לגמרי את הסיבתו במוסדנו. לרגלי
הפסקה עבודתו בארץ-ישראל. גם ועד-היתומים הוסין את הסיבתו
ליחומים - חניי מוסדנו. המצב שנוצר עכשיו הוא: שבסכום
200 לירות-מצריות - המקציב החדשי המצומצם של המוסד, נשארו לנו
רק 35 לירות-מצריות לחדש מאה משוד-היתומים. ומוסד נשאר, אפוא,
שוב מבלי כל עזר ומכנה כליון נשקפה לו.

לרגל קם האיר לנו, אמנם, כוכב על שמי מוסדנו, והוא
הפרופיסור גוטורד דויטש. כשנודע לו על-דבר הפכנה המרחסה על
קרב המוסד, ניש במדן רב לעבוד למובחן, כדי להזילו מכליון
וכדי לחה לנו את האפשרות לכסכו ולשכללו. מככיו אלינו
הכניסו בנו אמונה, ונקות שבעירה עבודתו. חורחק בסכנה תנאקפה

לקיום המוסד ושנוכל להבטיח את קיומו ולשכללו ולבססו, כה שיהיה
לחפארה עמנו בכלל, ואזינו בני-ישראל בארץ-ישראל, בפרט,
במכתבו ב-2 לאוקטובר כתב לנו המנוח צ"ל יהר הדבריה:

"אני באמין כי יהיה ביכלתה לסדר את עניני המוסד
ופיחוד בירעכם באפן שחלט לכבד כסף אחס יבולים
לקצח בספק שלשת חזרטיה הבאים, מאיפתי הכי עזה
היא לראות את ארץ-ישראל בשנה הבאה והנני מקוה
ראסון להיות אתכם בחדש ברץ את בצב צריאוחל יהיה
טוב גם להפא, או חסיה לנו האפשרות לשוחח על האפן
אשר יסיה את העורח האמיריקאית על מוסדכם על פנים
מוצק ופסוח".

אך לאסוננו גדול בא המוח האכזרי ויפטיק את חוס חיו,
המוח הפחאונם של המנוח גרס אבדה גדולה לכל העם העברי, אשר
לטובתו עבד המנוח כל כך הרבה, והאסון הפחאונם הזה הוא
המכריח לנו לפנות במכתבנו זה לכל אחינו בני-ישראל וביחוד לכב'
אשר עבדה חסיה עמנו בארצנו יקרה לו, שערך מוסדנו בחינו
הלאומיים-העצורים ידוע לו, פבקטת כי וואיל להשחחף בהמשכה
עבודה המנוח הקדושה לסובח מוסדנו, וזוה ישיג שחי מטרות:
(א) יעבד מצבת זכרון לסנוח
(ב) יהן לנו את האפשרות לשכלל ולבסס מוסד כה חשוב בחינו
הלאומיים. העבודה העיקרית צריכה להיות יצירה ועד-מצובכס
בערי-אמיריקה אשר יחעכק בקצוץ כספים לסובח מוסדנו,
אנו פונים, אפוא, אל כ' ואל כל הקרובים לו, בקדיאה:
אל נא העזבו את המוסד החשוב הזה ברנעיו הכי קשים,
נאנו לעזרה!"

אנו מאמינים שקראיחנו זו חמצא חד קול צלב כ'
וצלב כל אחינו בני-ישראל והננו באחלים לכ' ולכל אלה שיבואו
לעזרהנו, כי ברכות העוררים האוכללים החולנה על דאשיסם וכי
חזכו לראות בגאולה עמנו וארצנו.

בברכה ציון וצכבוד רב,

My dear Mrs. Feder,

I wonder whether The Temple Women's Association can be of some service to us in helping us with the Clubs of the Alumni. We have, as you know, five very active Clubs. Each one of them has a leader. They need, however, from time to time suggestions as to programs and occasional dances and similar functions.

Do you think you could get a group of women, preferably College women, who would devote a few hours a month to this very important work? I would like to have your thought in the matter.

Very sincerely yours,

**OUTLINE OF PLANS
of the
FREE SYNAGOGUES OF NEW YORK
AND VICINITY
1921-1922**

The year that is to begin with the New Year's Day, Sunday and Monday, October 2-3, promises to be one of critical importance in the history and development of the Synagogue. It is the fifteenth year of the existence of the congregation and it is expected to mark the consummation of some long-cherished plans. The Synagogue and its various Divisions have agreed to move forward under the slogan: "A permanent home for every Division before the end of the fifteenth year." The Newark and Flushing Synagogues have made a beginning, each to be installed in a suitable home during the Holiday season. The Bronx and Washington Heights Divisions will not lag behind, and there is little doubt that, when economic and industrial conditions permit, the members of the Synagogue will resolve to move forward to the building of an ample permanent home.

In connection with the fifteenth anniversary, it is planned to prepare a volume recounting the history of the Synagogue and especially dealing with its constructive achievements in the fields of Religious Education and Social Service.

HOLYDAY SERVICES

The Holyday services will begin Sunday evening, October 2, at 7.30, when Dr. Wise will preach on "The Eternal Covenant"; at the service on Monday morning, beginning at ten, Dr. Wise's theme

will be "Together." The Atonement Day services will be held Tuesday evening and Wednesday, October 11 and 12, Dr. Wise preaching at the evening service on "Atonement With Self," and Dr. Goldstein's morning theme being "The Holy of Holies." At the Memorial Service of the afternoon, the subject of the sermon is to be "The Great Pilgrimage."

SUNDAY MORNING SERVICES

The Sunday morning services will begin on October 9, when Dr. Wise will preach on "Ku Kluxism: Portent and Challenge."

In the course of the year, Dr. Wise will deliver a series of addresses on the following themes of Jewish interest: "Some Recent Writers on Zionism and a Reply," "What Is Liberal Judaism and What Is It Not?", "Good to the Jews and the Good Jew," "Shall the Jew Assimilate?", "The Divinity of Jesus: Jewish and Christian Opinions," "The Christian Science Jew: Who and Why?", "The Reform Church of American Israelites," "Are Jews Unemployable?", "The Golem." Dr. Wise will also deliver addresses in the course of the year on "Poison Gas," "Parent vs. Child: Home's Harmonies and Discords," "The Pope's Five Plagues," "Back to Methuselah," "Making Life Livable," "What Men Are Needed for Our Time," "Liberalism, Religion, Democracy," "Divorce, Some Proposed Remedies," "Battling for New York," "The American Sunday: What Shall It Be?", "Another Challenge: How Will the Church Answer?" "The Arms Conference and the Higher Armistice," "War's Inspirations and War's Corruptions," "Is Ku Kluxism Symptom or Disease?", "Is Unemployment Socially Incurable?"

The pulpit during the year has been occupied by a number of distinguished preachers and publicists, including John

Spargo, Esq., who did more than any other American to arouse the nation to an understanding of the Elders of Zion Protocol forgery; John Haynes Holmes, Dr. Edward T. Devine, Whiting Williams, Esq., of Cleveland, and Sir Wilfred Grenfell. Among the more notable services of the year were the Union Thanksgiving Service with addresses by John Haynes Holmes and Dr. Wise on "Jew and Christian;" the Memorial Service, including a notable address by General C. J. Bailey, and the Union Confirmation Service of Shabuoth—all of which are becoming annual events in the life of the congregation.

"PULPIT"

In addition to the publication known as the Free Synagogue Pulpit, which it is hoped will appear with more regularity this year than has been the case heretofore, Dr. Wise is about to publish a volume entitled "The Irrepressible Conflict: A Study of Parent and Child in the Home," copies of which will be procurable at the Book Table on Sunday mornings.

DEPARTMENT OF RELIGIOUS EDUCATION

All the Religious Schools of the Free Synagogue, in which the attendance of the past year was 1,500 pupils, will open for enrollment and work, Sunday morning, September 25, at 9.30. The Committee in charge of the Department of Religious Education, of which Miss Bella Strauss is chairman, has devoted itself for many months to the development of a new curriculum that is based upon the latest research in the field of religious and educational psychology. The aim of this new curriculum is to establish correct standards of conduct in the mind of the child, to deepen in the heart of every boy and girl a loyalty to the ideals of Israel, to

prepare the children in all the schools for a serviceable life as members of our commonwealth. The scope of this new curriculum includes the History of the Jewish People, the Literature of Israel, the Principles and Practices of Judaism, Social Service, and Current Events. These subjects will be taught in the Primary and Intermediate Departments. In the High School Department, the four-year period will be spent in the study of the following subjects: Israel Among the Nations, Israel In America, The Literary Classics of Israel, Current Problems in World-Israel, A Comparison of Judaism with Other Faiths. Ira Hirschfeld will serve as Principal of the Primary and Intermediate Departments, and Louis Broide of the High School Division.

The School Committee has also adopted a new plan of securing the interest and co-operation of the parents of the children of the Religious Schools. Throughout the year Grade Conferences for parents will be held from week to week. In these Conferences the parents of the children will meet with the teacher and principal and rabbi for a careful consideration of the curriculum of the school as a whole, the special work done in each grade, and the problems that must be met by the teacher and parents together. At the close of the series of Grade Conferences, four general meetings will be held: One of the parents of the children of the Primary Department to discuss the problems of the primary child; one of the parents of the children of the Intermediate Department, to discuss the problems of the intermediate child; one of the parents of the children of the High School Department to discuss the problems of the adolescent child, and finally, a meeting of all the parents who have children in the school to be addressed by experts in the field of Religious Education and Psychology.

A series of Religious Services for the children has also been worked out; this series to begin with the Children's Service on the Day of Atonement, to be held in the Lyceum of Carnegie Hall, Wednesday afternoon, October 12, at 2 o'clock. This will be followed by Services on the Feast of Tabernacles, The Maccabean Festival, The Feast of Esther, Passover, and will close with the Service of Confirmation.

SCHOOLS

This department includes not only the religious schools conducted by its various branches in the Bronx, Flushing, Newark and Washington Heights, and the Central Free Synagogue School at 68th street, but also the Extension Schools and the Teachers' Institute. Extension Schools have been established in the North Bronx and South Bronx, and at Clinton Hall, the latter school being known as the Bernard Cantor School.

The Teachers' Institute, during the past year, offered a series of lectures on the problems of religious education. The lecturers included Doctor Stephen S. Wise, Prof. George A. Coe, of the Union Theological Seminary, on "Problems in the Psychology of Religion;" Doctor Maurice H. Harris, author of "The People of the Book," on "Modern Jewish History," Doctor Sidney E. Goldstein, Rabbi Louis I. Newman and Rabbi J. Max Weis. Departmental Conferences were held each week for the benefit of the teachers of all Free Synagogue Schools. The first Teachers' Institute for the current year was held at the Synagogue House on Sunday morning, September 18. Rabbi J. Max Weis will continue to serve as Supervisor of the Teachers' Institute and as superintendent of the Extension Schools.

One of the conspicuous events of the year was a Children's Bazaar in February.

at which, to their great credit, the children, with the help of a most efficient Mothers' Committee, succeeded in securing more than five thousand dollars for distribution among the post-war charities of European lands, Palestine, Armenia and famine-stricken China.

It fell to the lot of the Educational Department to establish, in addition to its Extension Schools, a Religious School at Hartsdale, and, it is expected, that from year to year additional suburban schools of this character will be inaugurated by the Synagogue.

SOCIAL SERVICE

The Social Service Department, through which the members translate into practice the social teachings of Judaism and the Synagogue serves the community, will be strengthened this year in every Section. A systematic effort will be made throughout the year by the Social Service Board, of which Benjamin Schloss is chairman and Samuel Samuel treasurer, to enlist a larger percentage of the membership of the congregation as social service Volunteers. Thousands of Jewish patients come under the care of the Bellevue Committee, of which Mrs. May V. Fisher is Chairman, and the Lebanon Committee, of which Mrs. Milton Bernstein is Chairman, and the social needs of these patients must be met as well as the needs of the patients who come to the Mental Hygiene Clinics and the Tuberculosis Section. A larger group of men and women will also be needed from now on in order that adequate service may be given the adolescent girls under the care of the Jane Elkus Home Committee, of which Mrs. Abraham I. Elkus is Chairman, the babies that come for placement to the Child Adoption Committee, of which Mrs. Stephen S. Wise is Chairman, and the families that each week

come to the Store Room, of which Mrs. Jane Cosel is Chairman.

The Board also plans to expand the community health program developed during the last two years in the Lebanon district. Results of this experiment in health education and service have become so encouraging and significant that every effort must be made to extend the work to a larger circle of men and women and children in the hope that the sickness and mortality rate may be further reduced and a genuine interest created in personal and communal health. In addition the Board will, in conjunction with the Committee for the Care of the Jewish Tuberculous, the Committee for Mental Hygiene Among the Jews, and with the help of the New York Foundation, establish a new Agency. This Agency to be known as the Jewish Bureau for Health, Education and Service, plans to focus upon the Jewish group in Greater New York the campaigns being conducted in the field of public health that need to be translated into terms intelligible to the Jewish people. The Agency will also advise and direct the men and women who will be aroused through the educational propaganda and who would otherwise waste time and money in search for health. At the present moment vast sums are being wasted and many lives lost through lack of proper counsel and supervision. As a final service the Bureau will study the resources as they relate to the care of the tuberculous, the mental hygiene, and cardiac cases. This new work will be in charge of Dr. Jacob A. Goldberg, for many years associated with the Social Service Department, and a graduate of the Department of Social Economy of Columbia University.

The Classes for the Training of Volunteers will be reorganized this year with a fuller schedule of work and will be open to men and women of other agencies and

institutions. The Conferences arranged by the Social Service Department, which have come to have a place in the social service life of the city, will be devoted altogether to the discussion of the larger social themes. A number of topics have been selected, but are being advisedly held in abeyance in view of the sudden changes that are taking place in social life and the desire on the part of the Board to discuss acutely urgent problems as they arise from month to month.

SUMMER SCHOOL

The second session of the Summer School for Rabbis and Rabbinical Students was held from July 5 to and including July 29, 1921. This session, compared with the first held during the summer of 1920, shows considerable progress. In 1920 the maximum attendance was 22. In 1921 the maximum attendance was 29. Twenty-two of this number were regularly enrolled, the other 7 attended sessions in order to hear special lectures in which they were interested. Of the 22 students enrolled, one came from Harvard, 7 from the Junior and Senior classes of the Hebrew Union College, and 14 were men in the active ministry. The important fact to be noted is that while last year 19 scholarships were allowed and the Summer School cost a total of nearly \$2,800, this year only 9 scholarships were granted and the total cost was a little over \$1,500.

The greatest disappointment of the session of 1921 was, of course, Dr. Wise's inability to give his own course, for which many of the men had come, and for which all eagerly waited. Dr. Wise did, however, in spite of his illness, attend the first luncheon and addressed the students of the session and also sent them a message to be read at the closing meeting, a message which deeply stirred them and which was whole heartedly appreciated.

The schedule of lectures and work this year was larger and more complete than the one given in 1920. Prof. William H. Worrell, of the Hartford Foundation, and former Director of the American School of Archaeology in Palestine, delivered a most interesting course on "Bible Backgrounds, Bible Lands, and Bible Peoples." Prof. Charles Foster Kent, of Yale University, gave a most instructive course of addresses dealing with the "Social Principles of the Prophets and Jesus." Dr. Sidney E. Goldstein arranged two courses, one on "The Synagogue and Social Service," and a second on "The Synagogue and Industrial Programs," and also gave two addresses on "Religion and Psychotherapy." Dr. Louis I. Newman delivered two addresses on "The Content of a Religious School Curriculum"; Dr. J. Max Weiss, two addresses on "Theories of Religious Education"; Dr. Jacob A. Goldberg, two addresses on "Mental Hygiene Among the Jews." In addition to these courses, special conferences were arranged for the students with Dr. Percy Stickney Grant, Dr. John Haynes Holmes, Bishop Francis J. McConnell of Pittsburgh, Dr. Lovejoy Elliott of the Ethical Culture Society, Prof. Julius Drachsler of Smith College, Rabbi William Fineshriber of Memphis, Tenn. These conferences lasted for two and a half hours each and proved most stimulating and inspiring. The field work this year consisted of visits to the typical Jewish institutions and agencies and conferences with the Executive Officer of each organization.

The sessions conducted last year and this have made clear in the minds of the Committee the function of the Summer School. The School serves, it is evident, a two-fold purpose: it gives to the students of the Theological Seminaries what they do not get or cannot get in their own institution, and it gives to the men in the

active ministry in smaller cities what they need to make them more serviceable in the communities to which they minister. The second purpose is the more important and should be stressed, in view of the fact that men in the smaller towns have no opportunity during the year for association or work with experts. For these men the School does provide at least a month of stimulation and study.

To meet the needs of all the students more directly the Committee plans to offer next year four general courses, including a course in the Psychology of Religious Education, and one in the Comparative Study of Religion; and also a series of eight or ten elective courses in the field of Biblical Study and Criticism, Principles of Pedagogy, Theories of Religious Education, Content of the Curriculum of the Jewish Religious School, The Synagogue and Social Service, The Study of Jewish Community Life, Religion and Psychotherapy.

JEWSH INSTITUTE OF RELIGION

Nothing in the development of the Synagogue since its foundation has been more important than the steps which have recently been taken looking to the establishment of the Jewish Institute of Religion for the training of men for the Liberal Jewish ministry. For a number of years it has been felt that the Synagogue must train the men, who should in time come to serve as its teachers and leaders, and carry forward the movement throughout the land. The special appeal of Dr. Wise, Dr. Goldstein and their associates, is to be to young Jewish students and graduates of American colleges, whom it is hoped to win to the rabbinical calling. An active committee is dealing with the problems of the Institute, which is to begin its work in September, 1922, including the formulation of the curriculum, the selection of

the faculty, the organization of groups in different States in order to evoke interest and support throughout the country. Eight students have applied for admission,—one year in advance of the opening of the Institute. Dr. Emil G. Hirsch, of Chicago, Rabbi of Temple Sinai, the foremost leader of Jewish Liberalism in our time, has accepted the offer to serve as Honorary President and visiting Professor of Jewish Theology. A happy beginning has been made for the future of the Institute through the purchase of the library of the late President of the famous Breslau Seminary, Professor Dr. M. Brann, which library, an excellent collection of Judaica and Hebraica, will be catalogued and ready for use by September, 1922.

The ideals and purposes which animate the founders of the Institute have been set forth in a communication addressed to the Union of American Hebrew Congregations, of which the Synagogue is a constituent organization, as follows:

"As members of the U. A. H. C., it becomes a source of satisfaction to be able to apprise you of the fact that the Free Synagogue, after a year of deliberation, is moving forward to the consummation of plans first beached by its Rabbis, Dr. Wise and Dr. Goldstein. These plans of the Free Synagogue aim at the establishment in New York of the Jewish Institute of Religion for the training of men for the Liberal Jewish ministry.

"Many considerations have prevailed with the Executive of the Free Synagogue in reaching this decision, and as a matter of record it may be well to name and briefly to discuss some of these more important considerations.

"The Jewish population of the United States has increased tenfold in the nearly fifty years that have passed since the founding of the Hebrew Union College.

and, *pari passu*, there has been a growth of the adherents, more or less attached, of Liberal Judaism. The Jewish population of New York City is five times as numerous as were the members of American Israel when Isaac M. Wise founded the Hebrew Union College. That one institution is inadequate to train the large number of Rabbis needed by the Liberal Synagogues and Temples of America is borne out by the circumstances that a very considerable number of fair-sized congregations cannot find men to serve them as Rabbis, and that a still larger number of congregations in smaller communities face the need of permanently doing without the service of Rabbis.

"But other and equally important considerations press,—over and above the fact that one institution cannot, even if it would, train all the men required in the ministry for the ever-growing number of American Jews of the liberal mood or persuasion.

"New York City today contains, broadly speaking, one-tenth of the numbers of world Jewry, and it has for some time seemed that this community ought on several grounds to be the seat of a Liberal Jewish Seminary, a viewpoint which, we believe, was considered, though not found decisive, some years ago upon the death of Isaac M. Wise. Some of the great number of Jewish youth in New York it should be possible to move to choose the Jewish ministry as their life-task, and for them it is needful to provide a school which shall offer certain opportunities. We believe that this can be done in New York.

"Training in New York for the Liberal Jewish ministry would be not only in the midst of the largest Jewish community in history, but would offer the students to borrow from science a somewhat

unsuitable term, such opportunities of study and laboratory practice as could not be duplicated outside of the Jewish cosmos of New York. But this is not as important as the fact that men, fitting themselves for the ministry, whether Jewish or non-Jewish, ought to be rear schools and universities and libraries of the highest standards. New York, especially through its post-graduate schools, offers to young men that which smaller cities without great and outstanding universities cannot offer.

"And this reference leads us to the consideration of an aspect of the problem which, we take it, is of paramount importance. Whatever may have been the practice or necessity of an earlier generation in American Israel, we are become deeply persuaded that students of Jewish Seminaries ought, generally speaking, to be college and university graduates,—that is, that the student bodies of Jewish seminaries ought wholly to be drawn from among young men of college and university training rather than from groups of high school and elementary school lads to whom stipends must frequently be given. Such men, older and in some degree educated, would then be able to devote themselves exclusively to their special studies and cognate university work without being compelled to divide their time and energies between so-called secular and sacred studies, in keeping with the practice of post-graduate professional schools and modern theological schools of other faiths.

"A Jewish Seminary, aiming to train young college graduates for the rabbinate, might, under rightful leadership and inspiration, gain access to a considerable number of older and maturer men, accustomed by university training to methods of study and research, whom under present circumstances it has proven rather difficult to win to the pursuit of the rabbinic

calling. It might be necessary to arrange for some preliminary training for men while at their various colleges, but the important thing is that three or four undivided years can be given by men with their secular education behind them to studies essential to the calling they will have chosen.

"Some further considerations remain to be pointed out. We believe it to be of primary importance that men trained for the Jewish ministry should be helped to some measure of expertness in the fields of religious pedagogy and social service. The rabbi performs only a part, even the least part, of his service in the pulpit. A mastery of the problems of religious pedagogy is indispensable to one who aims to be adequately equipped for the Jewish ministry in our time. The importance of giving the rabbi a real acquaintance with the problems of social service through being in touch with the schools of social work which obtain in New York, to the end that he may have a directive and even inspiring part in the social ministry of our age can hardly be overstated.

"The foregoing are some of the reasons which have moved us to undertake the heavy task of establishing in New York and in part maintaining the Jewish Institute of Religion for the Training of men for the Liberal Jewish ministry. Our aim will be to prepare men for ministry to Liberal Jewish congregations and in doing this it is hardly necessary to add that we shall be governed by the principle of academic freedom.

"It lies not within our purpose to compete with other institutions. It is our hope in a spirit worthy of the cause we would serve to co-operate with these. We look forward to your approval of our plans and most earnestly invite your co-operation in their working out."

MUSIC

The Synagogue music will continue to be under the direction of Professor O. J. Ehr-gott. The quartette will, as has been the case for a number of years, be supplemented by a large chorus trained by Professor Ehr-gott. Its sessions are held every Wednesday evening at the Synagogue House. It is planned to continue the practice of rendering sacred cantatas in connection with the services from time to time, Gounod's "Out of the Darkness," Mendelssohn's "Hymn of Praise" and Gounod's "Galia."

SYNAGOGUE CEMETERY TO BE DEDICATED OCTOBER 9

In order to meet the wishes of many members of the congregation, a cemetery plot has been purchased and prepared, which is to be known as the Westchester Hills Cemetery of the Free Synagogue. This cemetery immediately adjoins and overlooks that of Temple Israel, is situated one and one-quarter miles east of Hastings-on-Hudson, and half-way between Yonkers and Tarrytown. The plot is in an attractive hilly country several hundred feet above sea level, well drained and to be terraced in three levels, with sides for mausoleums. As soon as possible a receiving vault and chapel are to be built. The dedication of the cemetery will take place Sunday afternoon, October 9, at 3 o'clock, amid appropriate exercises.

BRONX FREE SYNAGOGUE

The seventh year of the work of the Bronx Free Synagogue has opened with unimpaired and increased enthusiasm under the leadership of Dr. Jacob A. Goldberg, for many years associated in the work of the Synagogue. The Friday evening services were resumed on September 16 and the Religious School on September 25. Arrangements have already been completed to hold the Holyday Services in the large and commodious Community Building Auditorium, where all the activities are centered throughout the year. As in former years, Dr. Wise is to deliver the address on the morning of the Day of Atonement, and on occasional Friday evenings throughout the year, as will Dr. Goldstein and Dr. Weis.

The Parents' Association and the Synagogue League, composed of the younger people of the Congregation, have already resumed their activities, which promise to be of much help and advantage to the general work and upbuilding of the Synagogue. Several additional groups are shortly to reorganize for the year, including the Tuesday evening class for the study of Jewish literature and problems concerning world Jewry, the Sewing Circle, and the Social Service class, from which it is planned to recruit workers to assist in the Social Service Department of Lebanon Hospital.

The Bronx Free Synagogue has been signally honored in the nomination by the good government groups for the high office of Borough President of the Bronx, that has been tendered to its President, Joseph M. Levine. Mr. Levine, who has been associated with the work of the Free Synagogue since its organization, is known throughout the Bronx as a devoted and public-spirited servant of the people, and his host of friends hope that for the wel-

fare of the community he may receive the opportunity to render even greater service than heretofore.

Attempts have been made for many months to secure a permanent home in which to house the numerous activities of the Bronx Free Synagogue, but thus far it has not been possible to find such a place in a location suited to the needs of the Congregation. A Building Committee is active in this quest and it is the hope of the members that ample quarters may be found and purchased within the year.

Rabbi Louis I. Newman, who served with fidelity and conspicuous ability as leader of the Bronx Synagogue for five years, withdrew from the same, to the regret of the entire congregation, and has become the associate of Rabbi M. H. Harris at Temple Israel.

FREE SYNAGOGUE OF WASHINGTON HEIGHTS

The Free Synagogue of Washington Heights, situated at West 163d Street and St. Nicholas Ave., is planning to continue the extensive undertakings that have been inaugurated during the past year.

Under the leadership of Rabbi J. Max Weis, who assumed the pulpit in September, 1920, many features were introduced, notably among which were the Men's Temple Club and the Sunday Open Forum. At these Sunday morning Forum lectures some of the most noted public men of the city and of the country delivered very important lectures on critical problems. These lecturers included Doctor Frank Crane; Professor E. A. Ross, the Russian observer; Hugh Frayne of the American Federation of Labor; Congressmen Mayer London and Isaac Siegel; Leonard Wallstein, the prominent civic reformer, and lecturers on the problems of Japan, China and India. These

lectures will be continued throughout the coming year, and the Forum Committee of the Men's Temple Club, which has sponsored this educational work, is now planning its program. Friday evening services will be conducted by Rabbi Weis and the pulpit will hear occasional addresses by the rabbis of the Free Synagogue, Doctors Wise, Goldstein and their associates.

A very active Women's Council has succeeded in interesting a large number of women of the community in its purposes. Its work has included extensive social service effort and educational programs. The Program Committee of the Women's Council has a very elaborate program in view for the coming year; its sessions are held at the Free Synagogue Center. The Young Folks' Council has developed the same successful program that has marked all other units of the Synagogue. Its activities during the approaching season will involve the establishment of scholarships for students who require assistance, social service rendered in behalf of institutions that have been selected, educational discussions and programs, and social evenings in the course of each month of the season.

A modern Religious School program has been inaugurated by Rabbi Weis, who has devoted himself specifically to the problems of religious education and who has been rendering special service to the Free Synagogues throughout the city in this department of its activity.

A High School Department will be organized for the year, beginning with November, to include all the graduates of the school and boys and girls of high school age in the community of Washington Heights. A special department in Dramatics has been established and its program will provide for the needs of the religious school. Children are being trained to dramatize the Biblical stories. Week-

day activities for the boys have been promoted through the Boy Scout Unit.

The officers of the Free Synagogue of Washington Heights include David Levy, President; Adolph Hays, Vice-President; Abraham Heilbrun, Treasurer, and Nathan A. Kurman, Secretary. The congregation is anticipating the most successful season of community service in its history. On New Year's Eve, Sunday evening, October 2nd, Rabbi J. Max Weis will speak on the subject, "Obstacles to a New World." On Friday evening, October 7th, Doctor Sidney E. Goldstein will deliver the lecture, and at the morning services for the Day of Atonement, Doctor Stephen S. Wise will preach. Rabbi Weis will preach during the evening and afternoon services of the Day of Atonement.

FREE SYNAGOGUE OF FLUSHING

This New Year finds the Free Synagogue of Flushing no longer an experiment but a well-established institution. Its large increase in membership and the purchase recently of a spacious Synagogue home have taken the Flushing Division out of the field of experiment. The Flushing Free Synagogue is particularly proud of the purchase of its Synagogue home, because it is the first of the Synagogue Divisions to be housed in its own quarters. With the increase in membership, it has also largely increased its Religious School enrollment, and, in addition to the regular Sunday morning sessions, Rabbi Silver has organized a Saturday morning class for the study of Hebrew, a Young Folks Chapter consisting of the confirmands. Other Synagogue organizations include the Junior Guild and the Women's Guild.

The Friday evening services of the past year, which were held at Odd Fellows' Hall, were very well attended, the congregation being addressed by Dr. Wise, Dr. Goldstein

and Rabbi Louis I. Newman, in addition of course to its own Rabbi, Rev. Maxwell Silver.

The plans for the coming year include addresses by the Rabbis of the Free Synagogue as well as visiting speakers; an enlarged Religious School; a new High School Department; a Seminar under the auspices of the Woman's Guild, led by Dr. Silver, for the study of Jewish literature and current Jewish problems as well as the current drama; and a number of Open Forum lectures by men of national distinction.

The men and women particularly responsible for the rapid strides of the Synagogue are Samuel Jaros, President; Moss Bloosveren, Vice-President; the late Benjamin N. Carcoza, Second Vice-President; Elias Shuter, Treasurer; Meyer Boskey, Secretary; Morris A. Blate, Harold Zemans, Max Marks, Joseph Cohen, George Barron, Mrs. I. Schwerin, Chairman of Woman's Guild; Mrs. George Barron, Chairman of Hebrew Ladies' Aid, and Mrs. Samuel Jaros.

NEWARK

The Free Synagogue of Newark, which was organized in the Spring of 1920 and held its first Service during the Holy Days of last year, has made most unexpected and splendid progress during the first twelve months of its career in our community. Within this short space of time a Congregation has been organized, an excellent Religious School has been established, and a Social Service Department developed with skill and efficiency. The outstanding evidence of foresight and faith on the part of the members of the Congregation and the Executive Council is the recent purchase of a large plot at the corner of Clinton avenue and Parkhurst street, and the two fine buildings thereon.

This notable achievement is due largely to the enthusiasm and energy of Julius F. Kaufherr, President of the Congregation, and Benjamin Sugarman, Treasurer, and the men and women associated with these men on the Executive Council.

The members of the Free Synagogue will hold the Services for the Holy Days in the large Auditorium on the corner of Broad and Marshall streets, as they did last year. The services will open Sunday evening, October 2. During the Holy Days Rabbi Goldstein will preach upon the following themes: New Year's Eve, "Our Cause and Consecration"; New Year's Morning, "The Eternal Content"; "Eve of Atonement, "The Holy of Holies"; Atonement afternoon during Memorial Service, "Peace Transcendent." On Sunday evening, October 16, the Eve of the Feast of Tabernacles, Dr. Wise will deliver the sermon. The regular Sunday morning service will open Sunday morning, October 23, and on Friday evening, October 14, a brief Prayer Service will be followed by a lecture course to include this year three topics: The Story of the Jewish People, The Literature of Israel, Customs and Ceremonies of Judaism.

The Religious School, which opens for enrollment Sunday morning, September 25th, will be housed in the new Home of the Congregation and each class will hold its sessions in a large, well-ventilated and modernly equipped school-room. The Principal and teachers have adopted the new curriculum worked out by the expert staff of the Free Synagogue of New York and also the program of Children's Services and Grade Conferences for Parents.

Last year the Committee on Social Service, of which Mrs. Elmer Eckhouse is Chairman, carefully surveyed the needs of the Newark Jewish community and decided to make the care of the Jewish boy the

first section of work. Throughout the season clubs and classes under the direction of expert leadership have been meeting in the Center on Somerset Street. These clubs and classes will now be transferred to the Community Center where larger accommodations are available and where a gymnasium will be equipped to meet the needs of both boys and girls. The courses given for the Training of Volunteers will be repeated and will be open to men and women of other organizations who wish to prepare themselves for systematic and effective social service. The Free Synagogue believes profoundly in the Volunteer in the social field, but has insisted from the beginning that the Volunteer must be properly trained in the principles, methods, and standards of social work.

The Choral Circle, which last year rendered such excellent service on Sunday morning and at other Services of the Free Synagogue, will continue this year under the leadership of Osear Ehrhart, Musical Director of the Free Synagogue of New York. The Choral Circle will reinforce the quartette and will also prepare two or three musical programs to be presented in the Krueger Auditorium. In addition to these activities which were begun last year, new groups will be organized including the Men's Council, the Women's Council, and the Junior Council, each with its own program and schedule of activities—all coming together in the Community Center as their Home. The largest of the new ventures, however, will be the Sunday Evening Forum which will be held twice a month in the large Auditorium on the corner of Broad and Marshall streets. Dr. Wise will deliver his addresses as a part of the Forum Course and other speakers of National and International reputation will be invited to discuss large current problems. The Congregation of the Free

Synagogue plans to make this a Community Forum and will probably have the co-operation of the Committee in charge of the Downtown Boy's Club.

CONCLUSION

The congregation under the leadership of a group of men including the executive officers, Hon. Abram I. Elkus, President; Charles E. Bloch, Vice-President; S. Samuel, Treasurer; Walter S. Hilborn, Hon. Secretary, and Frederick L. Guggenheimer, Executive Secretary, faces the fifteenth year with every hope that the Synagogue will continue to stand without flinching for the highest ideals of Israel, which ideals include as paramount the fullest, deepest American loyalty. The pulpit of the Synagogue will remain free. They who stand therein speak to the congregation in the name of the spiritual and ethical imperatives of Jewish tradition.

As you doubtlessly know we are at work on the 1922 Year Book and are counting on representative people and organizations to supply us with data. We are planning, in the chapter on Education to run a section on popular education as it is carried on by various civic and social organizations, through lectures. Will you send us a list of speakers whose subject matter was, or purported to be, of educational or cultural value, who appeared on your programs during 1921?

Similar requests are being sent to the City Club, Women's City Club, Chamber of Commerce, Advertising Club, Industrial Association, University Club, College Club, Women's Club, 20th Century Club, McBride Lecture Foundation, Lincoln Club of North Church, The Temple, Woodland Avenue Presbyterian Church, Community Fund Speakers Bureau, League of Women Voters, Cleveland Council of Jewish Women, Euclid Avenue Temple. Will you suggest other organizations?

As it is necessary to go to press Jan. 15th may we ask you to get this information to us by January 10th, if possible?

CABLE ADDRESS WILFOUND NEW YORK

Rev. Abba H. Silver,
Cleveland, O.

Dear Dr. Silver:

You have doubtless heard of the movement to establish the Woodrow Wilson Foundation. It will be the aim of the Foundation to perpetuate Mr. Wilson's principles of democracy and international relationships.

The income of the Foundation is to be given each year to the men or women who do most to further these ideals or render most conspicuous service in the betterment of human society. Regardless of political affiliation, hundreds of the leading men of the nation have eagerly accepted membership on the national committees. (Many of the men on the Church Committee belong to the Republican party.)

A campaign to raise a fund of One Million Dollars or more to endow the Foundation begins on January 16th. The Committee wants every one to have an opportunity to contribute who believes that the same ethical principles which govern the relationships of gentlemen with each other should govern the relationship of nations; which is the gospel which Mr. Wilson so splendidly preached.

I am writing you, knowing that you, as a minister of righteousness, hold this belief and are anxious to inculcate it, to ask if you would not like, on Sunday, January 15, to call the attention of your congregation to this great endeavor and perhaps, if convenient, preach upon this great subject of idealism in international relationship, referring to the outstanding utterances of Mr. Wilson on the subject. Enclosed you will find a selection from his utterances upon this topic which you may like to quote.

Furthermore, if you are personally interested in this movement, will you not heartily cooperate with the local committees that have been formed and exert your personal influence in whatever way may open. If community mass meetings could be arranged to emphasize these ideals, they would be of great value. Remember in all our activities we are not so much paying tribute to Mr. Wilson personally as that we are advocating the adoption of his ideals among the nations.

Yours very truly,

Dear Rabbi:

At our last Director's Meeting, Rabbi Giskan, reported on your personal efforts to raise a fund of \$15,000. as the contribution from the Jewry of Cleveland.

Were we to have in the many Jewish Cities in the United States a number of such devoted men as yourself, our holy undertaking would have long been accomplished.

We, the Committee, as co-workers with you, take this opportunity in expressing our thanks to you on behalf of ourselves and also on behalf of the poor unfortunate children in Jerusalem, whom you have so nobly assisted.

We would also appreciate greatly a report from you as to whether you have already received all the donations and if you have sent same to Jerusalem. We would also ask that you give us the names of each of your co-workers in Cleveland, so that we may send to them a letter of thanks.

The Committee will keep you informed of the progress of our campaign.

With thanks,

Sincerely yours,

Rabbi Harry Levi,
24 Vernale Street,
Brookline, Mass.

My dear Rabbi Levi,

Permit me to acknowledge receipt of
of your letter of January 6th. In our report to
the Union, the exact number of our membership
was not given. The new number 1100.

We have not yet instituted the un-
assigned pew system. For the past three years
we have been compelled to hold branch services
in one of the neighboring churches during the
Holydays. Members are now admitted with the
clear understanding that they are not to be
given reserved seats in The Temple.

Three years ago the Board of Trustees
passed a resolution to the effect that pews are
reserved for pew owners and renters until 10:30
only, at which hour the Sunday morning Service
begins. The arrangement has proved rather satis-
factory.

With the building of our new Temple,

Dear Rabbi Silver:

Bill Weidenthal and I will line
up a campaign for the Fathers & Sons re-union banquet
tomorrow morning.

Meanwhile, I have sent a letter similar to copy,
to each of the newspapers and to the Review and Observer.

I believe that your suggestion that
fathers without sons, bring a boy from the Orphans' Home,
is mighty fine. And I believe this idea should contribute
to a successful function.

We are going to try to make the work
of the publicity committee well rounded and so effective
that the Rainbow Room will not hold 'em all.

Nevertheless, you have the broad point of
view. And no doubt suggestions which would prove of value
if followed. If you have, it will be a pleasure to
entertain any thought you may have for us.

I take delight in doing a morsel of
work myself in this connection, just to indicate in
a mild way my appreciation of your own wonderful work
for the Temple. I used to pride myself on being a
great sleepy head on Sunday mornings, and breakfast at
noon. In all seriousness, you have cured me of one of
my 97 bad habits.

With my very best regards to you, I am

Very sincerely yours,

Office of City Editor

Gentlemen:

The 'Father & Son' movement deserves all the help it can get in these days of juvenile wisdom and parental indifference. If every Father felt as good natured at home in the evening as he does when he laughs with Bud Fisher in the morning, the average boy would find a far better friend and counsellor in poor ol' tired Dad.

In line with the best ideals of the 'Father & Son' movement, the Temple will hold a Fathers & Sons Banquet, the evening of Lincoln's Birthday, February the twelvth, at Hotel Winton.

While attendance is limited to members of the Temple congregation, and representatives of the press, an attendance of 1000 is expected.

Sam Rosenthal will act as chairman of the committee on music. Edward N. Goldstein, chairman of committee on reservations, Sidney N. Weitz, chairman of committee on entertainment and program. Tickets are available through office of the Secretary of the Temple or any of the committee men.

A famous speaker, nationally well known for his achievements as a leader of men has been invited. His name will be announced shortly.

Because of the very real merit and interest which may be moulded for this event, I bespeak your best support for it. Naturally enough every one connected with this function will appreciate whatever publicity you see fit to give us.

I will be very glad to furnish additional facts for issues preceding this event.

Sincerely,

My dear Mr. Kohn:

Rabbi M. A. Giskan turned over to us the letter from Mr. Ben Silver, in which letter he states that our campaign was temporarily stopped because of some other campaign which received preference, and he also suggests that we write to you because you are in a better position to give us information regarding our campaign.

Of course, you in Cleveland, are in a better position to judge which campaign is of greater importance, but after receiving a number of letters from Jerusalem wherein the Committee over there inform us that work on the building would have to be suspended, if money would not be forthcoming in a hurry, you will agree with us that it is urgently necessary to use every effort in raising the money to continue with our campaign.

It may be that by the time you receive our letter you will have again continued with our campaign. If so, please inform us of same as soon as convenient. If it should be necessary that our Rabbi Giskan be present in Cleveland, please let us know at once, and he shall leave forthwith.

With thanks for your past activities, and with hopes that you will give us your assistance in the future, we beg to remain,

Dear friend Abba:-

A few days ago I received a letter from Ike Landman asking me to be associated with him during the next Fall Holydays. I do not know whether it is the intention of yourself and of your congregation to have me again for the Holydays or whether it is your intention for the sake of variety to invite someone else. Before answering the letter of Landman I would like to hear from you. I would not ask you to commit yourself so early were it not that I feel that I owe it to you to let you know that I am wanted somewhere else and to give you first choice. If for any reason whatsoever it is your thought to invite someone else do not hesitate to say so. I wrote Stolz sometime ago asking him to draw up the Deutsch resolutions and ~~xxx~~ submit them to the members of the committee. Not having heard from him I wrote to him again and he said he had forgotten about it but that he would get to work immediately. When writing me let me know whether you have heard from him. The Resolutions must be ready by Feb., 11th as they will be read at the Memorial Services to be held at the college.

Dear Sir:

We are pleased to send you, under separate cover, a copy of the January number of THE TALMUD MAGAZINE, a Journal of Jewish Thought.

New though it is, THE TALMUD MAGAZINE is already attracting the attention of the impartial and liberal non-Jewish world. We are endeavoring to present the cause of Israel Misunderstood, and to publish the best literary product of the Jew of the past and of today.

We are publishing a series of articles on the "Interpretation of THE TALMUD", and up to the present time have published two such articles, one by the Rev. Dr. Maurice H. Harris, and another by the Rev. Dr. Joseph Krauskopf.

May we solicit such an article from your pen, as we believe our readers will greatly benefit therefrom? We seek the aid of "the modern teachers in Israel", so that THE TALMUD MAGAZINE may be a reminder of the beauty and the glory of the Jewish Life. An article on any other subject on which you might prefer to write will be greatly appreciated.

February 9, 1922.

To the Friends of Morris Jastrow, Jr.:

The undersigned have been appointed a Committee by the Trustees of the American Schools of Oriental Research in Jerusalem and Bagdad, to ascertain from the friends of the late Professor Morris Jastrow, Jr., whether they are willing to unite in the creation of a memorial for this distinguished scholar.

Mrs. Morris Jastrow, Jr. has generously presented his scientific library to be divided between the schools in Jerusalem and Bagdad, in order to furnish facilities for students in the department of learning in which Professor Jastrow labored so long and so successfully.

This Committee does not intend to make a general appeal, nor does it desire to approach any but those who feel themselves to have been the friend of Dr. Jastrow, and who may therefore wish to participate in establishing a worthy memorial to him. Among others, we think we may, with special propriety, appeal to those who were associated with him in the Societies of which he was a member and to whose success he so eminently contributed.

The purpose of this memorial is to provide in some way for the development of the library which Mrs. Jastrow has presented. A concrete plan is not fixed; that would depend upon the sum of money secured. If the sum were to reach \$25,000.00, a separate library building could be erected for it in connection with the school at Jerusalem. Should the sum not reach that amount, the income would be used for ad-

ditions to the libraries of the schools at Jerusalem and Bagdad.

Check for such sum as you are willing to subscribe should be made out to the "Jastrow Memorial Fund" and mailed in the enclosed envelope to George A. Barton, Treasurer, 237 Roberts Road, Bryn Mawr, Pa. All amounts thus received will be deposited to the credit of the Jastrow Memorial Fund in the Provident Life & Trust Company, Philadelphia, and the disposition of it determined by the Trustees in accordance with the statement made above.

A statement of the total amount received will be subsequently sent to the subscribers.

Rabbi Abba Hillel Silver,
Cleveland, Ohio

Dear Rabbi Silver:

Several weeks ago Mendel Beilis visited this city, as he has many other cities in the middle west, and to a group set forth his experience as a prisoner in Russia. He said that he was persuaded to settle in Palestine and that a home was promised him there. The promise, however, has not been kept, undoubtedly due to changed conditions in Russia since the promise was made.

Mr. Beilis went to Palestine and since has lost by death a son, adding to the mental burden he had already borne.

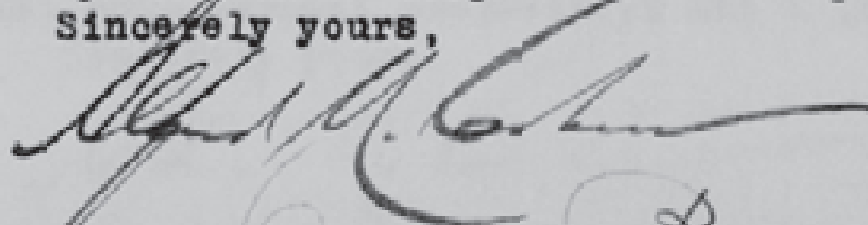

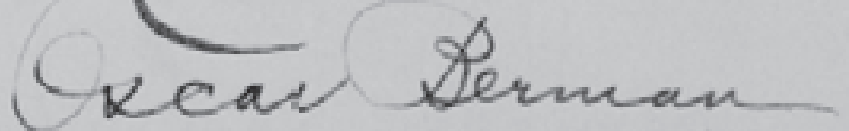

The recital made by this victim of anti-Semitism touched the hearts of his Cincinnati hearers and they resolved to set on foot a movement to raise a fund of \$30,000.00 among American Jewry; the Cincinnati group pledging a contribution thereto by Cincinnati of \$2500.00. The fund, when raised, is to be lodged with a trust company, the income from the fund to be paid Mr. Beilis as long as he lives and thereafter the principal to be turned over to his family. It was thought that in this way Mr. Beilis would be insured a decent income for life.

We need not say to you that Mr. Beilis is a historical figure. He represents Israel persecuted, hounded and oppressed. He represents Israel as the survivor of persecution and oppression. He suffered and still suffers because he is a Jew. For these reasons, is it not fitting that the more fortunate of his brethren should provide for him against vicissitudes, in a pecuniary way?

We are informed that Mr. Beilis visited your city some time ago and that you took a kindly interest in him. Do you feel as those who met him here felt, as hereinbefore indicated? If so, will you associate with yourself a number of co-religionists in your city and raise towards the \$30,000.00 fund such sum as is thought appropriate, having regard to the total sum to be raised.

The undersigned were appointed by the Cincinnati group to communicate with representative co-religionists in a number of cities. We ask your earnest cooperation and a prompt reply.

Sincerely yours,

Mrs. Siegmund Herzog,

My dear Mrs. Herzog,

Permit me to acknowledge receipt of your letter of the eighteenth. I wish that I were in a position to comply with the request to set aside Sunday, March 12th as "Council" day. We have at no time in the past followed the practice of setting aside a special service for any organization. You will realize that there are many such requests, and as it is impossible to grant all of them, we have it necessary consistently to refuse all of them. I personally do not see why the Council of Jewish Women, at this particular time, needs to have a special "Council" Sunday, especially in such cities as Cleveland, where its activities are well-known and where it reaches the membership during the year quite frequently at its own large gatherings. The plan might be an excellent one in smaller communities where the Council is endeavoring to acquaint the people with its plans and activities.

"MONUMENTS, JERUSALEM"

March 1, 1922.

DEAR SIR:

The Trustees of the American School of Oriental Research in Jerusalem, in charge also of the proposed School in Bagdad, have made a beginning of suitable libraries for both institutions. In Jerusalem careful purchases, made by successive directors from small annual appropriations, have built up a valuable but still very incomplete working collection. In the plans for coöperation with the British School of Archaeology in Jerusalem it has been understood that the chief responsibility for the library to be used by the two Schools should fall on the American side.

Recently gifts of books of great importance have been made to the Schools. The library of the late Professor Morris Jastrow, Jr., of the University of Pennsylvania, has been given by Mrs. Jastrow to the Trustees to be divided between the two Schools; and the library of the late Dr. William Hayes Ward has been promised us for the School in Bagdad, so soon as that shall be actually established.

Although our resources are thus increased, much remains to be added, and these large gifts have suggested to us to ask other scholars who may be interested to do so, to make provision that after their death some or all of their books relating to our work should be offered to the Trustees.

It has, further, occurred to us that scholars often have in their libraries books of permanent value in fields from which their later studies have turned away, and that some of them might be glad to offer such books to the Trustees.

The books which are desired are chiefly those which a working orientalist or Biblical scholar would use, and which have present, and not merely historical,

significance. Greek and Latin texts and philological works may also be made useful. Long sets of certain periodicals would be especially valued.

If you have any books which you think might be available for our purposes, and which you are willing to give at the present time, will you not communicate a brief statement of their names to

Professor JAMES A. MONTGOMERY,
University of Pennsylvania,
Philadelphia, Pennsylvania.

The cost of packing and transportation for such books as are found available will, of course, be met by the Trustees. Professor Jastrow's books are to be forwarded by an early shipment, which would give a favorable opportunity for sending others.

Yours very truly,

For the Trustees.

In looking over the activities of The Temple for the past few years, I cannot recall any event which was more thoroughly appreciated by the members of The Temple, and which pleased me more than the "Fathers and Sons" and "Mothers and Daughters" meetings, held Sunday evening, February 12th.

Much of the success of the Mothers and Daughters affair was undoubtedly due to the untiring effort and enthusiasm given by the various chairmen and others of the Temple Women's Association to whom the many details of the affair were entrusted.

Will you kindly extend to all of them my heartiest appreciation for the fine and loyal service which they rendered.

My dear Rabbi:

Our Confirmation Contest of last year was so unusually successful and created such a great interest among the boys and girls throughout the country, that we are going to make our Confirmation Contest an annual event.

Last year some of the Rabbis complained, and rightly, that we started our contest too late. This year, therefore, we are beginning now so that all the Religious Schools in the country will have equal opportunity to produce a prize winner.

The enclosed statement will give you the necessary information governing the Contest. Kindly announce the Contest to your Class at the next session, and post our statement on your bulletin board. Additional copies will be sent you on request.

Please send us your list of Confirmants with their home addresses and parents' names. The latter is necessary so that the children can be indentified. We hope to make this year's Confirmation a complete record of all the Confirmants in the country and I know you will co-operate with me.

Sincerely yours,

Isaac Landman

Rabbi Silver,
The Temple,
E. 55th & Central Ave.,
Cleveland, Ohio

Dear Rabbi Silver:-

Has it ever occurred to you that in these turbulent post war days of business depression and unemployment that the churches of Cleveland have an unprecedented opportunity to aid and succor that class of men who are hardest hit by present conditions -- the ex-service men? The men to whom the country and the world are indebted for the victorious battles of civilization are seemingly deserted, jobless and friendless. They are in need of true friends today more than ever before in their lives. Does not the church offer that friendship and help which they so much need? I believe that it does, hence this letter.

The Legionnaire is, as you no doubt know, the official organ of The American Legion in Cuyahoga County, with a weekly circulation of 15,000 reaching the homes of a large portion of local ex-service people. Therefore, we believe that the churches of Cleveland and its environs would have an excellent appeal through the columns of this publication.

It is our desire to develop a church department in The Legionnaire which would be looked forward to each week by its members. The only way possible to do this is to cover the cost of that department through advertising. The advertising rates are not high and if sufficient church advertisements can be obtained we will develop this department in every degree; by that I mean that church news, men's club activities, et cetera, will be carried so that it will be a church department in every sense of the word.

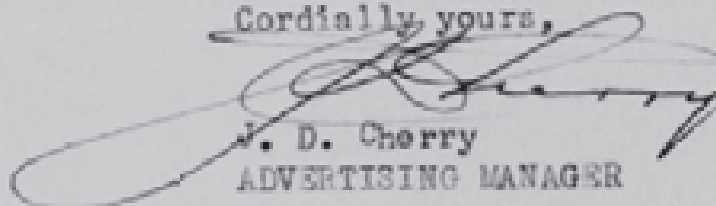

May I ask that you give this matter your very serious consideration; analyze it carefully, and see if you do not think, with me, that a great deal of good can be done for the ex-service men in this community? Our Mrs. Alicia Wolker, who has the development of this department in hand, will call upon you within a few days at which time, with your kind permission, she will discuss the matter with you further.

The Cleveland Girls' Council was organized in 1919 for the purpose of stimulating and unifying along recreational and social lines the young girls' clubs in the city. The Council has helped to recruit, train and place leaders for these clubs; has outlined methods of organization, and in many ways fostered better recreational opportunities for young girls and suggested ways that girls' clubs may develop civic interest and be helpful to the community.

One of the very best means of achieving this end is thru the medium of the summer Camp. The Girls' Council has secured an option on what we believe to be an ideal spot for a Camp - a site which will afford all the requisites for carrying out a camp program on water and land. This Camp Site of 100 acres is situated 10 miles South of Geneva on the Grand River.

The following clubs are making plans to take advantage of what we hope to be able to offer at this Camp: The Girls' City Club; Girls' Friendly Club; West Side Athletic Association; Girl Reserves; Camp Fire Girls and Girl Scouts. There will be room for them all. We hope to make of the Camp, a place where each group may have its own activities and carry out its own program, but at the same time each club will be members of the community to which they temporarily belong - THE GIRLS' COUNCIL CAMP. This combination camp organized on the Cleveland plan, is a unique undertaking. Other girls' clubs organizations are watching us to see if we can make this Camp a "go" just as they watched the city when we came through with the Community Fund.

The Girls' Council must raise the sum of \$40,000.00 to purchase and equip this Camp. This is the smallest sum that will make it possible to buy this property and furnish the necessary equipment to care for the number of girls who have so long waited for this opportunity for camping. Should the Girls' Council be fortunate enough to raise \$50,000.00 it would mean that camping experience would be available to a correspondingly larger number of girls.

The Welfare Federation has granted its approval of this project, and has given permission for the Girls' Council to campaign for this (capital account) fund for purchase and equipment of the proposed Camp Site. ~~(We have a Camp Site chosen - we have the girls - we have the approval of the Welfare Federation. Help us to raise the money to make this Camp a reality to the Girls of Cleveland.)~~

March 31, 1932

Rabbi Abba Hillel Silver,
The Temple,
55th and Central Avenue,
Cleveland, Ohio.

Dear Rabbi Silver:

The Jewish Publication Society of America has for thirty-four years faithfully carried out the important task of publishing books of Jewish interest. It has distributed hundreds of thousands of books calculated to educate the Jew to know and respect himself, and thereby, incidentally, to gain the respect of his neighbors. At this time more than ever, assailed as we are from all sides, it is essential that the world should learn what the Jew has contributed to civilization and why we are entitled to fair play in our struggle for justice.

The Society has not only translated the Bible into English, but is also engaged in the preparation of a Jewish Classics Series and of Jewish Commentaries to the Bible; it has published the works of such authors as Zangwill and Schechter, as well as Ginsberg's "Legends of the Jews", Dubnow's "History of the Jews in Russia and Poland" and other works amounting in all to considerably over one hundred.

By reason of the increasingly high cost of publication and other factors, the present membership has proven insufficient to meet the operating cost. The creditors are clamoring for payments which it is impossible to make. There is an immediate need for a Sustaining Fund and the Society is now organizing itself to raise the money throughout the country. It is a slow process but we hope that in the end it will prove successful.

There is one way, however, by which you, the spiritual leader of your community, can help us and that is by speaking of the work of the Society to your congregation and urging a number of them to become members. A larger clientele secured in this volunteer way and carried out throughout the land will prove very helpful to us.

May we count upon your cooperation? There must be a considerable number in your community who would be glad to become members if attention were drawn to our work. Will you be good enough to wire us, at our expense, whether we may count upon your cooperation? Also, about how many membership blanks we should send you for the purpose?

Yours sincerely,

Simon Miller
President.

At the close of the Forum season, I am prompted to write you and tell you how deeply I appreciate your untiring efforts and unflinching devotion to our Forum. The Volunteer Choir, which you led and guided, added materially to the success of our work. I know that during the year you have, at times, had serious problems in the management of the Choir, and some ample sadness, but you stood by your task bravely and saw the thing through. For that fine spirit I thank you, first in my own name and then in the name of our Temple.

I should like to convey, through you, to the members of the Volunteer Choir, my deep appreciation for their fine services.

Dear Sir:

Believing you will be interested in the reproduction of the Great Stories of the Bible in motion pictures for church and Sunday School workers, I am writing to say that Mr. S. Barrett McCormick, Managing Director of the Allen theatre in Cleveland, has arranged for their exclusive first showing in your city.

The stories are told in single reels, one each month, beginning with the story of CREATION on April 16th. Our aim is to produce pictures which are absolutely clean and with high educational value. They are in no way sectarian or preachy, and they teach the moral and religious lessons of the Bible as they could be taught in no other manner.

The pictures are produced under the management of the most capable men in the motion picture world. My own part is to see that the historical and archaeological details, as the cities, houses, costumes and customs, are correct. Several years of exploration work in the Orient for the University of Chicago, should qualify me for this.

Mr. McCormick, who is considered one of the most capable theatre managers in the country in the selection of his programs, believes that great good may be accomplished by showing these picture stories. May I suggest that you see them as they appear from month to month? We would appreciate any criticisms which would tend to make them of greater value to church workers, and for promoting the study of the Bible.

I do not know whether it will be possible for you to honor me with your presence on this occasion. However, should it happen that you will be in the city then I will indeed count it an honor.

You probably know that I have worked single-handedly in organizing this enterprise, and it has indeed been up-hill work in these critical times, but I hope that our undertaking will be a success if we will have the sympathy and co-operation of you and of our other friends who are sacrificing so much for Palestine.

I need not tell you how much this undertaking means for Palestine. We must create a demand in this country for the wares that Palestine can export now, and, as you know, Palestine today can only export its art goods here.

Hoping for such participation as you can extend to our undertaking, I beg to remain

been possible.

In making up the committee decided upon
at that meeting I very much desire your suggestion

be willing to serve in this capacity.

May I not hear from you at as early an

Sincerely yours,

TO THE FEDERATION MEMBERS AND THEIR FRIENDS

LAST CALL TO DINNER!

When the Ball Room doors at the Hollenden swing open on the Eve of April 22nd, are you going to be numbered among that jolly throng 800 or 900 strong, who pass through them, to partake of a splendid dinner, hear a program of laughs, and, lastly, trip the light fantastic to the music of a good orchestra, if you so desire?

Of course you are, and no doubt have already purchased your ticket from your building representative. If not, please do so at once as the committee hope to know at an early date how many to expect.

Just a word or two about the program. The committee has been very fortunate in being able to secure the services of Mr. W. E. Whitworth, one of the talented Playhouse Stars, who has the leading role in a most entertaining playlet. This is only one of the good numbers. There are others.

Be on hand early, as the doors open promptly at 6:00 P. M.

I am very desirous of meeting the Building Representatives in the Ladies' Parlor (downstairs) at 5:30 P. M. Please meet me there.

FLORENCE M. CHAMBERS,
Chairman of Social Committee.

BULLETINS FOR EVERYONE

We are sending out bulletins enough for all teachers this time, for the banquet is open to Federation members AND THEIR FRIENDS.

Do not forget that the standing of our organization is measured largely by the degree of support accorded Federation activities. PUT YOURSELF OUT, IF NECESSARY, FOR THE GOOD OF THE CAUSE.

NINE SCHOOLS HAVE CALLED FOR MORE TICKETS,

AS OTHERS SEE US

You may be interested in knowing that we have received letters of commendation from three Assistant Superintendents.

From a certain school which had but one Federation member we received six new ones with a note from the principal saying that she was wholly responsible for their joining the Federation.

Another principal asked the president of the Federation for a conference on Federation matters. She was apparently pleased with what we are trying to do.

MORAL AND ETHICAL INSTRUCTION MEETING

Rabbi Silver and Dean White, Speakers

A general meeting of the Cleveland Teachers' Federation was held in the auditorium of the Central High School Thursday at 7:30 P. M., April 6th. The object was to discuss the feasibility of regular moral or ethical instruction in the public schools.

The meeting was presided over by the president, Mr. Hazel, who introduced the speakers of the evening, Dean White of Trinity Cathedral, and Rabbi Silver of the Temple. A priest appointed by Bishop Schrembs was to have been present, but was unavoidably detained.

The first speaker of the evening, Dean White, said in part that the moral or ethical training of the child should not be considered as a thing apart but rather in connection with all activities. The training, he went on to say, he believed should start with the lowest grade and be carried throughout the system. He indicated the fact that he believed that there was no need for hysterical action but that there was great need for sane work along this line.

Rabbi Silver suggested that for experimental purposes until a definite plan could be acted upon, that the high schools alone receive this suggested training.

He pointed out the fact that the tendency of our educational system today is toward the perfecting of an efficient machine rather than toward the development of the moral side, working from the outside in, as it were, rather than the reverse. He showed the fallacy of this sort of an education in speaking of Germany prior to 1914.

Both speakers were in hearty sympathy with the movement started by the Federation and agreed at any time to give suggestions or to make corrections, from their viewpoint, on any course of work suggested or submitted to them for their inspection.

During the rather informal discussion which followed a motion was made that the president appoint a committee to work out a plan for this work and if it seemed feasible to present the same to the Board of Education. The motion was carried.

Mr. McMyler reminded the members of the Federation of their obligation in voting for delegates to be sent to the N. E. A.

The majority of names listed would be noticed as being executives. He mentioned the fact that in the coming meeting of the national organization a referendum was to be brought up

It was moved and seconded that the resolution be read and acted upon. Carried. It read as follows:

To The Honorable Board of Education of the City of Cleveland:

WHEREAS, the Board of Education now has under consideration the budget for appropriations of funds for the school year 1922-1923; and,

WHEREAS, the total of requests for appropriations for the various items of the budget is in excess of the revenues apparently available;

THEREFORE, be it resolved, by the Cleveland Teachers' Federation, that we respectfully suggest for consideration the following facts:

1. That prior to the year 1914, it was generally recognized that teachers had been woefully underpaid and that the resulting unattractiveness of the work of teaching reacted seriously to the detriment of the public welfare.

2. That increases in teachers' salaries, long delayed, lagged far behind the increases in the costs of living.

3. That increases in teachers' salaries were effected long after other workers had benefited by reason of the general upward trend of wages, and in per cent of increase never equalled the average increase of such wages.

4. That the increase in teachers' salaries has in large part been offset by the increased burden borne by teachers in large classes, that the per capita cost of tuition has, in some instances, actually decreased.

5. That the work of the school system has been expanded by the addition of new functions without the provision for additional revenues commensurate with the increased burden imposed, so that any alteration of the teachers' salary schedule must make it appear that these functions are maintained at the teacher's expense.

6. That the present salary schedule has placed teachers on a plane of living which only approximates a standard consistent with the preparation required and the social service rendered, so that any reduction in that schedule can be made only at the cost of a loss of morale in the teaching force and a return to conditions of dissatisfaction and unrest, from which the Cleveland School System has but recently been freed.

7. That the teachers of Cleveland, through their representatives, participated in the formulation of the present salary schedule and that, in any proposal for an alteration of that schedule, a similar procedure will tend to maintain the understanding and good feeling which heretofore has happily prevailed.

Adopted

Respectfully submitted,

After an animated discussion of the resolution, it was agreed by motion to submit the same to the Board of Education.

The teachers were reminded again of the annual banquet and urged to realize that the strength of our organization would be made clearly evident by the number present at the Hollenden Hotel Saturday evening, April 22.

There being no further business before the house the meeting adjourned.

SUE SMITH,
Secretary.

STANDARDS COMMITTEE

Miss Bushnell wishes the following announcement made. Her communication merits a generous response:

One question much "in the air" just now is the question as to whether there is such a thing as a profession of teaching. If there is not such a profession, and if there is to be one, it will not come through legislation, either state or school, but through unofficial recognition of a situation for which teachers themselves are responsible, a situation in which teachers are working under standards of such a nature that the recognition can no longer be withheld. It is for the teachers themselves to say what these standards are to be.

The Standards Committee of the Cleveland Teachers' Federation hereby invites and urges all teachers of the Cleveland Public Schools, whether Federation members or not, to record

Mr. McMyler reminded the members of the Federation of their obligation in voting for delegates to be sent to the N. E. A.

The majority of names listed would be noticed as being executives. He mentioned the fact that in the coming meeting of the national organization a referendum was to be brought up which had to do with a reorganization of election of delegates. If this succeeded in going through, the balance of power would be in the hands of the executives almost exclusively as it had been some time ago. To avoid this the members were urged to vote for the delegates which would represent the teaching body.

Mr. Hazel then spoke of a resolution that was in the hands of the chairman of the Salary Committee and wished to know what the Federation desired done with it.

It was moved and seconded that the resolution be read and acted upon. Carried. It read as follows:

To The Honorable Board of Education of the City of Cleveland:

We are so happy to know that you will make our appeal at the Scout Rally on Saturday night April 29th at the Masonic Temple, for we feel that there is no one who has our cause more at heart than you.

As you know we are refused the publicity of the Press, but we have permission from the Welfare Federation to conduct a silent campaign. Already 7,000 letters have been sent out but from this number we have had only a small response. Our camp capacity is small, - we can care for only 75 girls at one time. We have a debt of \$11,000.00 on our property which we must clear. For this purpose we must raise \$25,000.00. These are facts, we leave the rest with you, feeling confident that this appeal will be the means of putting our cause "across".

We appreciate more than we can tell your cooperation, especially on such a busy night, and we hope you will be repaid by the knowledge that eventually every Cleveland girl may have a Summer vacation at Cold Springs Camp.

Dear Rabbi Silver:

On Sunday afternoon May 7th, the Senior House Congress of the Alliance will hold the annual Parents Day at which the parents of the boys and girls will be entertained. The activities of the House will be in operation from three o'clock until 4:30 when a program of tableaux depicting scenes from the Bible will be presented.

In the evening of the same day, a debate between the boys of the Council Educational Alliance and representatives of the Irene Kaufman Settlement of Pittsburg will take place in the Alliance Auditorium on the subject of the "Open Shop." A charge of 25c admission is being made for the debate in order to enable the Congress to meet the expenses of bringing the team from Pittsburg. A light buffet lunch will be served between 6 and 7:30 at a nominal cost for those who wish to attend both the afternoon and evening programs.

Bring as many of your friends with you as possible.

The committees in charge of these events have spent much time and energy in working out their plans and every member of the Alliance Board should make it a point to be present and help make the day a success. The hours spent at the Alliance on these occasions will serve to keep the members of the Board in touch with the work of the organization and will assist the boys and girls in co-operating with the staff in carrying on the functions of the Alliance. Will you not, therefore, lay aside every other engagement and be present on this occasion which is without doubt the greatest day in the Alliance year?

My dear Rabbi Silver:

Some few years ago the Cleveland Foundation made a very comprehensive survey of Cleveland's recreation problems. One of the outstanding recommendations was the development of the lake front along the east and west sides of Cleveland -- that the people of Cleveland might have the fullest enjoyment out of Lake Erie. Nothing much was ever done to give the project a start.

With a hope of arousing public interest in the scheme, the Cleveland Recreation Council in February invited the Hon. John Barton Payne, former Secretary of the Interior and President of the Chicago South Park Commission, to speak at its annual meeting on the development of Chicago's lake front. Since this meeting not a day passes without someone bringing up the subject of Cleveland's lake front. One of our leading newspapers is now gathering data in preparation for a series of articles on the subject.

It is not the idea to interfere with the improvements so badly needed along that portion of our water front necessary for commercial uses. It must be borne in mind, however, that while we are growing commercially the recreation facilities for our citizens must also be greatly augmented. As before stated, it is our hope to arouse Clevelanders to the fact that we are not taking advantage of the wonderful water front which Lake Erie affords.

May we be favored with an expression of your opinion (for publication) concerning the undertaking of a plan similar to that of the Chicago South Park Commission?

The Recreation Council with the enthusiasm and energy of twelve hundred representative members is ready to help put this job over.

Very truly yours,

My dear Goldman:---

We ought to consider the question of the graduation of the Normal Group. We have had the graduations several times at the two Temples, and it is my belief that we ought to have it at your Temple this year. What would you say to having it at your Temple on Friday evening, May 26th?

We should know at once, so we can make arrangements next Tuesday with the Graduating Class.

I am sending a copy of this letter to Rabbi Silver, so that he can indicate his wishes in the matter to both of us.

NATIONAL JEWISH DIGEST

EXECUTIVE OFFICE:

POLI BUILDING

NEW HAVEN, CONN..

May 11th, 1922.

Rabbi Abba Hillel Silver,
Cleveland, Ohio.

Dear Sir:

You are, and undoubtedly, will be interested to learn that there is to immediately be established and published a National Jewish Weekly newspaper devoted to the interests of the Jews in this country. It has been suggested that you become one of the members of the Advisory Board which will include many of those nationally prominent in Jewish activities.

It is assured a circulation exceeding 50,000 copies by Fall through an aggressive circulation and advertising campaign throughout the United States and the paper is destined to become a powerful factor in promoting Jewish welfare and the patriotic interests of the country.

Your letter of acceptance of the invitation to become a member of the Advisory Board will be greatly appreciated. Such acceptance entails no obligation on your part other than your advice and any suggestions you may give from time to time as to policy and procedure of the newspaper. This will require very little of your valuable time but will undoubtedly prove a great benefit to the publication. Any articles of news or editorial comment you may now have in mind will be greatly appreciated.

Assist in making the first issue a success. After that it will assuredly "carry on" itself. Others already interested have prepared articles of intense interest to the Jews of America. The paper will be printed in newspaper form, not a magazine. It will be a revelation in clean, progressive, up-to-date journalism. Give it your assistance. Express your views. The Jews of America need such a publication. Join in by simply becoming a member of the Advisory Board.

Yours very truly,

Extract of a letter from Mrs. I.J.Diskind, dated at
Jerusalem May 1 1922, to her son Leonard.

".....I have meant to write about this before, however I hope it is still time. I notice in the Independent that a campaign is on to raise 15000 dollars for the Diskin Orphan Home in Jerusalem. I want to protest against it. I hope you can communicate with the proper authorities and tell them that the Diskin Orphan Home is not worthy of support. It is condemned by all right thinking and decent people. The money is not properly applied.....the children are kept like prisoners ill fed, filthy, no instruction. If people in the world would only know the real facts they would not encourage these people to continue along the lines of precivilization.

Not until that institution will open its doors to the Orphan Committee and to the Board of Education(of the Government) and allow their books to be examined can we allow them to campaign for funds, and impose upon an innocent public when there are so many many worthy institutions to be supported. Another institution is the Blumenthal Orphanage which comes under the same category. I hope you succeed in stopping this campaign, and I don't mind if they know I did it, they will sit up and take notice."

My dear Mr. Lowenstein,

Perhaps some of the following statistics may be of help to you in drawing up your Presidential report: Since 1917 our Membership has increased from 727 to 1106, that is to say an increase of 52%.

Our Religious School enrollment grew from 863 in 1917 to 1000 in 1922, an increase of 16 %. A further increase is rendered impossible by limitations of space. The record for attendance this year is among the highest in our Temple history. It will be close onto 95 % for the year. We are confirming this year the largest class in the history of our Temple, 106 boys and girls.

It might be well to include a sentence or two about our fourth Forum season which had an average attendance this year of 600, and among the speakers were men of the type of Whiting Williams, Clarence Darrow, Professor Richard Barton, Norman Angell and Lincoln Stephens.

The attendance at Divine Service this year exceeded that of any other year. At least ten times during the year there were people in large numbers compelled to stand because the Temple was overcrowded.

It might also be well to make mention of the fact, that due to the fine effort of the Temple Woman's

Rabbi A. H. Silver,
The Temple,
E. 55th & Central Ave.,
Cleveland, Ohio.

My dear Mr. Silver:-

I read with some surprise your attack on the coal industry printed in yesterday's Commercial, and, just as a matter of information to you, I am enclosing herewith a copy of the sworn statement made by Mr. J. D. A. Morrow, Vice-President of the National Coal Association, before the Committee on Labor of the House of Representatives, and respectfully ask that you read the statement and then see if you still feel you have been quite just to the most important industry in the country after agriculture.

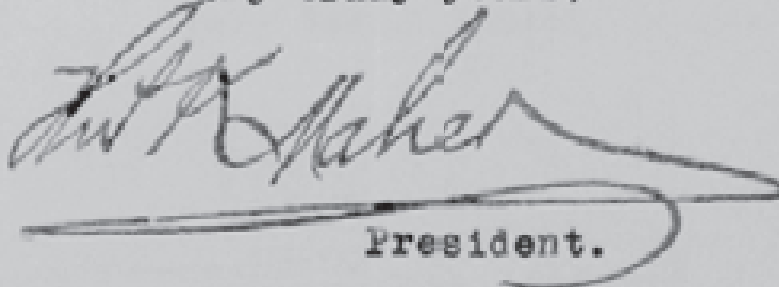

I know it is quite fashionable to attack the coal operator and he appears to have no friends, owing partly to the fact that every family, every industry, and every railroad in the country depends upon coal for its operation and the buyer for all these various elements in our population naturally wants to get his coal as low as possible. Therefore, it is a case of five or six thousand scattered coal operators against one hundred ten million consumers.

I don't believe you are animated by any such motives as a great many of our public speakers, and especially our fake Congressmen, are, but are purely misinformed or uninformed on the matter, and shall be pleased to furnish you any additional information you may want. Personally, I don't expect you to make any retraction in your statement, although it did the class to which I belong a very grave injustice, and I know that's furthest from your thoughts.

You may recall that you and I spent a rather pleasant half hour in the smoking room of the Pullman car coming up from Wheeling a month or so ago. My letter doesn't require any answer unless you have plenty of time, and, above all, I don't want to get into any controversy.

My dear Mr. Maher,

Permit me to acknowledge receipt of your letter of the 23rd. I have read the statement of J. D. A. Morrow before the Committee on Labor of the House of Representatives very carefully, and I find nothing therein which contradicts my statement in the newspaper.

I do not know what prompts you to think that I am misinformed or uninformed in the matter. That you probably mean is that I have a different point of view on the situation.

My dear Mr. Foldman,

It is with great pleasure and earnestness that I endorse the campaign for the Jewish Community House. No effort that our Community could undertake carries with it so much of promise for moral and intellectual betterment of our community.

I trust that my fellow-Jews of Cleveland will be sufficiently alert to the need and the opportunity.

Very sincerely yours,

May 24th, 1922.

Mr. Leonard E. Biskind,
11316 Whitmore Ave.,
Cleveland, Ohio.

My dear Mr. Biskind,

Permit me to thank you for your letter. My own personal knowledge of the Biskin Orphanage, and that of many of my friends who have also been there in the past and recently, as late as this winter, do not exactly tally with the statements made in your mother's letter.

The Institution has received the endorsement of many competent observers, including the American Council of Jerusalem. There may be a conflict as to the supervision and authority in which of course, we here in this country cannot enter. If there are any deficiencies in the Institution, I think that the Palestinians are in a position to remedy them.

I do not think that any good can result from a publication of a statement such as you enclose, which we are not in a position at the present time to corroborate, and which is not an official statement of an authorized group of investigators.

Very sincerely yours,

I am planning the publication in the

of Jews prominent in the professional, scientific, artistic,
educational and political life of the United States. Making
up my preliminary list I have used the usual source books
but I am afraid I may have made certain important omissions
and I would thank you if at your very earliest opportunity,
possibly in the next few days, you would send me a list of
such men who in your opinion are the real leaders in law,
medicine, politics, literature, journalism, education,
social service, fine arts, science, etc.

I should like to know, also, the names
of professors and assistant professors in the universities of
your city who are Jews. I assure you that I shall appreciate
it.

Please make the list as representative

My dear Mr. Silver:-

Many thanks for yours of the 24th. One reason why I thought you were misinformed or uninformed in the matter referred to was that the statements were misleading, if not untrue, and I know you would not make an untrue statement knowingly.

As you assured me you read the Morrow testimony, I am now enclosing the speech made by Mr. Goodykoontz, of West Virginia, on the coal proposition. If you are getting too much literature, kindly advise and I will stop sending, but I would like you to know the situation as I know it.

The real coal operator is not a profiteer. The real coal operator did everything he could during the war to stimulate production, and, as usual, there were a lot of camp followers who came along and, like the jackal following the army, did some very bad work for which the coal operator gets the credit or discredit.

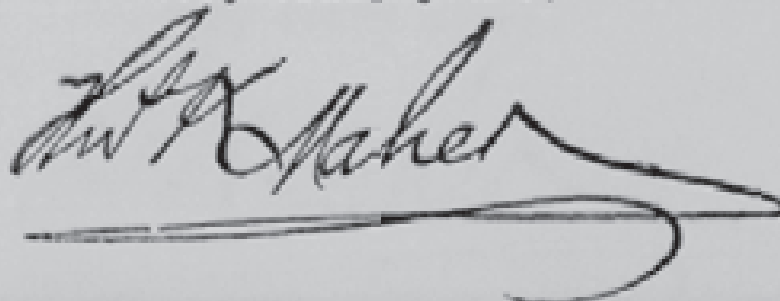

The real coal operator is a patriotic gentleman that you would be glad to know. The real coal operator takes better care of his people than the steel operator, or the clothing operator in the city. The real coal operator houses his men for not more than \$12. to \$15. a month, which includes the cost of electric light and fuel. The same house rents in the City of Cleveland for from \$45. to \$60. per month.

The real coal operator has been meeting his men in joint conference for a period of twenty-five years, and, with one or two exceptions, there have been no disturbances that inconvenienced the public. The real coal operator today is trying to break up the Bolshevik movement among the coal miners' organization and is nearer to holding the element in check than is generally believed. He has no fight with organized labor, nor will he have.

Kindest regards.

My dear Rabbi Silver:-

As an interesting comment in regard to the matter of the Diskin Orphanage permit me to quote the following on retracted from a letter dated May 6, written by my mother which I received today. It corroborates a portion of your answer to me in you state "If there are any deficiencies in the Institution, I think that the Palestinians are in a position to remedy them."

"Please do not do anything about the collection of money for the Diskin Orphanage. Conditions here are such that if an Institution is bad, one dare not criticise; I have raised such a volcano of protest that I have been visited by a number of committees with the result that the Diskin Home has promised reforms. At any rate the man at the head a Mr. Diskin is very old, in the eighties, and cannot live so very much longer-Imagine a man eighty odd trying to bring up little children. However some day I hope to see this Institution reorganized upon a modern basis. Meanwhile dont do anything about stopping the campaign."

My dear Mr. Spira,

During the past few weeks, it was twice brought to my attention that certain members of your Board have made the statement that I was in a measure responsible for Rabbi Goldman's resignation from the Rabbinate of your Congregation, in that I advised him to take this step.

This statement is so preposterous, that were it not for my friendship for your Congregation I would not take the trouble to refute it. However I feel that in justice to Rabbi Goldman, to yourselves, and myself, a categorical denial should be made.

I had absolutely nothing to do with the matter of Rabbi Goldman's resignation. Rabbi Goldman is quite capable of making his own decisions and of exercising his own judgment.

I trust that you will bring this to the attention of your Board members in the hope that those who are misinformed will cease making unwarranted statements, for even untruths gain credence and currency by repetition.

Very sincerely yours

I wish you give it your kindest

My dear Mrs. Herzog:

I have been wondering how successful the new Council Religious School, founded last year, has turned out, and whether it is not advisable to establish another school, in another part of the City, this year. If you contemplate doing that, it might perhaps be well to have a meeting with those interested before the summer vacation season sets in, so that you will be in a position to open such a branch in the Fall.

The opportunity of founding a chain of schools in all parts of the city, which will reach thousands of Jewish children who so far receive no religious education whatsoever, might commend itself very strongly to the Council. What do you think of it?

The Euclid Avenue Temple,
Cleveland, Ohio.

My Dear Rabbi Wolsey,

When we made our arrangements for the services of the graduate student, I was under the impression that he was to receive \$75.00 from each Congregation for the entire season; his income to be supplemented by fees received from weddings and funerals. I now am led to infer that he was made to understand that he is to receive \$75.00 a month from each Congregation, for a period of three months. That was clearly not my intention. We never have paid more than \$10.00 per service.

Without consulting me, you changed the hour of your service from 7:30 to 7:40 p.m., thus making it absolutely impossible for a man to conduct your service properly and be on time for our service. You will recall that you had the privilege of choosing either the 7:30 hour or the 8 o'clock hour, and you chose the 7:30. Rabbi Stern is conducting two of your services, while he is conducting only one of mine.

I should like to know what arrangements you or Skirball actually made with Rabbi Stern, and further I would suggest, that if you cannot see your way clear to have your service at 7:30, that I shall be compelled to dispense with the services of Rabbi Stern and have Leon Feuer resume service with me this year.

Dear Dr. Silver:

A serious effort is now being made to establish a representative Young Men's Hebrew Association in Baltimore, and we are planning a city-wide membership drive in the early Fall, preparatory to launching a campaign for a building modernly equipped in every respect to be used also as a Jewish center for all Jewish activities.

The Jewish Times is dedicating their entire New Year's number to our cause in order to arouse our community to the vital need of a Y. M. H. A. here, and our representative local Jews, men like Judge Eli Frank, Jacob Epstein, William Levy, Julius Levy, Rabbi Lazaron, Rev. Dr. Rosenau, and others are contributing articles to this issue assuring us of their whole-hearted support.

We are also very anxious, however, to insert in this proposed number of the Jewish Times expressions of opinion from just a few of our national figures, indicating if they will, how much good would result to a community like Baltimore with its 60,000 or 70,000 Jews through a Young Men's Hebrew Association properly conducted.

A letter of this nature from you would go a long way towards crystalizing the sentiment which unquestionably already exists for a Y. M. H. A. here, and I sincerely hope you will be good enough to do what you can for us as suggested above.

My dear Mr. Feiss,

It has been brought to my attention by quite a few members of our community during the past two or three years that our people are not sufficiently represented on the controlling committees of the Community Chest. I am not in actual position to judge this matter, although I believe that it is vital to the future position of our community that in an enterprise such as the Community Chest which is growing in influence and in importance yearly, the interest of the Jewish Community should be amply safeguarded by adequate representation on the managing and campaign committees of the Chest. I should like to have your judgment in the matter.

In looking over the list of committees, other than the soliciting teams, I find that with the exception of two or three, that Jewish names are strangely missing. Perhaps it would be advisable to talk this matter over.

My dear Rev. Wright,

I have been wondering whether it would not be advisable to begin thinking about our Community Thanksgiving Service now. You will recall that last year we planned to have a Service on a large Civic scale, but that we were handicapped in our arrangements by lack of time. I think it would be a beautiful thing to have a large public Service in the new Auditorium next Thanksgiving. I should like to have your judgment in the matter. If you think as I do, would it not be advisable to begin planning for the Service in the very near future.

What I wish to call your special attention to, however, is the editorial called "Let There Be Peace!", which, like all the other editorials except one - that on Dr. Michaelis - is from my pen. It is a passionate appeal to both factions of American Zionists to get together.

Rabbi A. M. Silver,

My dear Rabbi:

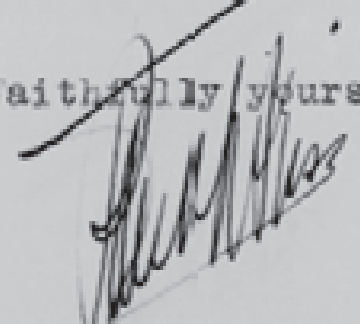

My reply to your esteemed favor of the 6th was delayed because of my absence from the City.

The number of Jewish representatives on the Community Chest Council was determined in conference with the Federation of Jewish Charities at the time of the organization of the Community Fund a few years ago.

The three important committees are the Executive Committee, Investigating Committee and Campaign Committee. On the Executive Committee, I am the only Jewish member. The Investigating Committee, which has charge of the supervision of budgets and distribution of funds, has Ed Baker as a member and myself as Chairman. Mr. Eisenman was on the Campaign Committee but I am not sure whether he still is or not. This is not a policy determining Committee but concerns itself with the machinery of the Campaign. I am an ex officio member of it and sit in at as many of its meetings as I can. The Council itself, which is of course the governing body, has as members besides those already mentioned, Messrs. Isaac Joseph, Max Meyer, M. J. Mandelbaum and C. E. Malle, so that as a matter of fact the Jewish representation is larger than the Catholic representation. The latter has only two members on the Council and one member on the Investigating Committee.

I am speaking entirely from memory and may have overlooked a name or two but believe the list I use is correct. I shall be very glad to discuss the matter further in person any time you desire. If you should be up town some evening, would be very glad, indeed, to have you stop in at which time we can discuss this and have a visit besides. With cordial greetings, I am

You are invited to be our guest at dinner, Monday, May 1st, 1922 at 7:00 O'clock at the Jewish Community House (formerly B'nai Brith Building), 7103 Euclid Ave.

The purpose of the dinner is to bring together those representative Jews, who, in our judgment, should be told of the measures that have been taken to make the Jewish Community House project an accomplished fact.

The counsel and advice of our guests will be sought to develop and carry forward the plans that have been laid.

No one will be solicited for contributions at this gathering.

The Community House is so vitally important to our community, and our children, that we feel that you, who like we, have the welfare of our people at heart, must and will extend and give your best judgment as to how to proceed with our project. For this reason we are sending you this invitation.

Will you please attach your signature to the enclosed card, and mail it promptly, so that we may reserve a plate for you.

To whom it may concern:

Upon our recent visit to the city of Jerusalem, Palestine, among the institutions we looked over and studied was one known as Rabbi Diskin's Orphanage (or the Palestine Orphan Asylum). We spent considerable time in that institution and were much attracted by the splendid instructions, both educational and economical. We witnessed large classes studying under able instructors, and were much impressed with the anxiety shown by the orphan students to acquire education, and by the vigorous manner in which they applied themselves at the work benches, where each is taught a trade.

We found that while this orphanage occupied an old dilapidated building, every part of it, especially the sleeping quarters, is kept clean and attractive, and from the appearance of the orphans they too must be well taken care of. We visited the new structure being built to accommodate Rabbi Diskin's Orphanage, and departments essential to its operation, which is located on an elevated position accessible to the city, and when completed will be a pretentious and splendid acquisition to the whole city. We heartily recommend assistance for its completion.

Sincerely yours,

ATTENTION - Rabbi A. H. Silver.

Reverend Sir:-

We suggest a unique method for raising funds by the
different departments of your Temple.

In brief, our idea is to help your members contribute
systematically for this purpose, as well as inviting
contributions from their friends.

These additional contributions will represent money
over and above that which would ordinarily be contributed.
A SPLENDID INVESTMENT.

Our method of raising funds, is by means of a small
DIME POCKET BANK, on which may be shown wording which
will illustrate the purpose, requiring no explanation.
The banks can be placed in the homes, or carried for the
purpose of inviting funds from friends. Each bank is
numbered and can be recorded to prevent loss.

The bank holds \$5.00 in dimes, and 500 once filled will
total \$2,500.00. There is no limit to the number of times
each bank can be refilled. Less than twenty of this
entire quantity once filled, pays for all, requiring no
outlay of money and eliminating chance of loss.

My dear Mr. Freeman:

Replying to your inquiries as to how
we like our dime bank, we received for our in-
stitution, I wish to inform you that it worked
wonder. Nobody seems to mind a dime, and the
fact that so many are at work putting away the
dime for a good cause, many friends take a great
interest in gathering these small funds.

We have in the past few months received
about \$3000. by this system.

Yours very truly,

OUR DIME BANK

HELPED DO THESE THINGS

IT WILL HELP YOU

THE Illustrations of Dime Banks on this page are slightly smaller than the actual bank. The illustrations are of banks taken from actual orders and give further convincing testimony of the widespread satisfaction and useful work that the banks do.

The bank is two-sided, the diameter being 2 1/8". This means that there are approximately seven square inches for the appeal space—space that may be devoted to showing any wording you wish, together with any picture that will help make the appeal more interesting. In this way, the bank is made to tell the story to everyone who sees it.

It advertises as well as collects moneys.

The appeal on the bank tells your story. It is for a deserving purpose, and surely no one would refuse ten cents. You have no talking to do, no signing of names, no writing of receipts.—The bank is locked, the key is held at headquarters.

The bank may be made up with your design in one or more colors. The banks may be consecutively numbered. Keys for opening the banks are furnished with each order.

The prices for the bank depend upon the quantity ordered, upon the special engravings that may be necessary, and the elaborateness of the color work.

We will be pleased to quote prices and submit samples to any organization, church or committee, who will write us.

SUGGESTIONS FOR WORDING TO USE ON DIME BANKS

"Who drops a dime herein shall know
If he but trusts to time;
How oaks from little acorns grow
And St. Paul made to shine."

"Drop in a dime—before your eyes
It soon will be a dollar's size,
And when the Winter's cold around,
Enjoy the fun at the Y's Camp Ground."

"Take the time to save a dime
Add a dime from time to time
And in little time indeed
Here's five dollars for our church" need."

"Drop your dimes herein and know
How fast and soon the dollar grows,
And when in St. Mary's the Organ shall play
We'll bid you to come and hear it some day."

"A dime good friend is all we ask,
That surely is no heavy task—
But your wee note the fund will swell
That goes to make the children well."

"A dime is such a little bit
A person scarcely misses it
Yet dimes plus dimes to dollars grow
That help relieve the sufferer's woe."

CLEVELAND LODGE No. 16

7103 EUCLID AVENUE

CLEVELAND

Your contribution has made it possible for to improve her social and moral standing, and in order to bind us a little closer to this child, your name has been given to her as being one of her supporters. Under those circumstances it would be befitting and most desirable on your part to drop a line, yes, if even a postal card, to this child telling her how glad you were to be in a position to help her. Whatever else you wish to do in the way of correspondence or contribution direct to the child, is entirely optional to you.

It has been suggested to ask the child her birthday and perhaps in some way remember that anniversary by a slight token.

If your reply from her comes in a foreign language there are many in the city who will help you translate it. A letter written in English or German will be translated to her.

Trusting that you will accept this additional responsibility in your busy life and share with all of us the joy that this may bring to a little innocent child, a victim of fate, the committee begs to thank you for your contribution in behalf of the B'nai B'rith, and trusts when the year comes around that you will answer to our successors.

Respectfully,
