April 1st. 1930.

My dear Dr. Silver,

Thank you for yours of March
14th.

A good deal will depend on the content you give to the term "nationality" whether we agree about the preservation of the Jewish nationality. I have found that some use the expression with a meaning with which I find myself almost in complete agreement. As for the rebuilding of the Jewish National Home in Palestine, that is a different matter. It strikes me, however, that it involves a practical issue rather than a difference in principle.

I should be delighted to receive one of these days an article from you expressing your attitude to Palestine, which I should gladly publish in the Liberal Jewish Monthly.

Yes, your name will be put on the Monthly

mailing list.

With cordial greetings,

Yours sincerely

Dear *Abba* Silver:

I would appreciate your letting me know whether, sometime in 1926 or 1927, Doctor J. W. Epstein of 3912 Prospect Avenue, Cleveland, had sent you a remittance for \$25.00 toward his pledge of \$50.00, made in 1926.

As you will recall, we sometimes receive remittances from your office in a lump sum, without the names of the contributors being supplied. It is likely that Doctor Epstein's first payment toward the \$50.00 pledge was covered by such a remittance.

Is there any possibility of having a request made for the payment of unpaid pledges?

With kind greetings,

Sincerely,

Dear Friends.

I have just returned from Mexico City, full of information and data concerning the splendid work being done by President Pascual Ortiz Rubio and his Colleagues.

You will be interested in the reduction of the Army from 90,000 men to 50,000 and the use of 32,000 of these soldiers in the building of highways and dams. The transfer of the budget of the Army from \$200 million pesos to \$75 million pesos and the fact that the difference of \$125 million pesos to the Departments of Industria, Public Works and Education will convince any one that Mexico is doing her part for the elimination of War Making Machinery and educating her people for Peace, the balance of the Army is being used for police duty and in constructive work.

It is my hope that on my way east I may be able to address groups that you can get together. I will leave here on April 14th planning my trip by the way of Denver Kansas City St Louis and points on the way.

There will be charge fee to meetings but a free will offering for the help and support of the " Colonia de los Bolsas School " will be accepted. I can be reached care of the Mexican Consul at Los Angeles Calif. All telegrams and letters will be promptly answered and a date set.

Very Sincerely Yours.

Dear Abba:

I had a fine time in Cleveland and enjoyed giving both addresses besides having a delightful dinner at your house, for which I thank you.

I am not surprised that you created a profound impression here, I expected it. And I know that the effect of your address will be long remembered. The one trouble with this exchange is that we both miss each other, and I would have so enjoyed being with you.

I thought over my suggestion to cancel expenses. I believe it is not fair. While you and I would not mind it, sometime I will exchange with a Rabbi to whom it will make a difference, and it is not sensible to get my Board accustomed to the idea they don't owe such expenses. Therefore, if you don't mind, tell me your expenses, and I shall gladly send you a check. Mine were \$30.00.

This exchange was a fine idea. I hope we do it again. If you enjoyed yourself half as much as I, it was a delightful visit for you.

My dear Rabbi Weis:-

Your letter of April 2nd to Rabbi Silver has been referred to the writer.

I recall, although it seems I have misplaced in our files the record of your pledges, that Dr. J. W. Epstein, of our city, had sent in a remittance toward his pledge.

I do not think it advisable at this time to make a request for the unpaid pledges. Economic conditions are not of the best and in view of the fact that the campaign of the Bureau of Jewish Education is now in progress, I think it would be a great mistake to go after these.

Dear Rabbi Silver:

I beg to acknowledge receipt of your kind missive and the check for the Reflex.

Upon completion of my essay "H. L. Mencken's Encyclopedia of Platitudes" I will start to work on the opening article for the May issue dealing with the Jewish situation in America.

I fully agree with you that Zionism has become the refuge for the ignoramus, charlatan and quack and that it is of utmost importance to delimit the sphere of Zionism and destroy the illusion that the movement is the spiritual alchemy of all Jewish ills.

I do not know whether you recall my essay in the "Hachilcoah" in which I called attention to the exaggeration of our Zionist brethren and in which I pointed out that for many reasons Jerusalem can never be to the Jews in the West what Mecca is to the Moslems in the East. The late Achad-Haam was furious when he read it and wanted to lynch me. I cite this fact to show you that as early as 1911 when the essay referred to appeared, I already had a more or less clear conception of the spiritual frontiers of Zionism and I am glad that you agree with me on this all important point.

The text of Vinson's letter was a revelation to me for Goliman told me clearly and distinctly that he was offered the chair by the head of the university and it was only as a result of your interference that he failed to attain his aim. This letter makes him an unqualified liar. Since he repeated the story to some of his new friends here I want to show them the letter so that they bear no grudge against you.

There are few men in the American rabbinate who can write sensibly and tersely on American Jewish problems and since there are not many laymen in America who are sufficiently familiar with the situation to say something on this subject, the Americana department of the Reflex is rather poor. You can thus readily understand how much I will appreciate an article from you on the future of Judaism of America or on a similar theme.

Re:- #6

My dear Mr. Murray:-

I am returning herewith Dr. Klausner's book "The Messianic Idea in Israel," concerning which you solicited an opinion from me.

I have read the book some years ago. It is the best study that we have on the Messianic idea in Israel from its earliest origin to the time of the editing of the Mishna. My book on "The Messianic Speculation in Israel" takes up that same subject chronologically from where Dr. Klausner's book leaves off.

Dr. Klausner's book is scholarly, without being pedantic, well written without in any way being sketchy and in some of its central theses, quite original. It would make an excellent companion volume to his "Life of Jesus."

I don't understand why the title of the book is given as "The Messianic Reign in Israel" when it should be "The Messianic Idea in Israel."

If too long a time has not elapsed, and you can still recall the presentation, may I ask if you would be willing to give me an endorsement of the work which I may use next season as part of the publicity which I shall want to send out in advance of the holiday? Dear Rabbi Silver:

I do not know that it has come to your attention that there will be held in Washington, D.C., May 5 to 10, the First International Congress on Mental Hygiene. When invitations to participate in such a congress were sent to various countries, we had no way of knowing what the response might be. We felt that possibly fifteen or twenty countries might send delegates and that with such representation a satisfactory congress could be held. The response to our invitation, however, has been a surprise to us all. Forty-two nations have already filed the names of their delegates with us and it is our expectation now that more than forty-five nations will be represented when the Congress assembles.

As you will see from the topical program I enclose, the program of the Congress embraces a wide range of topics in the field of human behavior. One of the important topics to be discussed at the Congress is "Spiritual (Religious) Values Significant to Mental Hygiene" which is the first topic, at the first session, on Saturday, May tenth. The communication on this topic will be presented by Professor A. Eustace Haydon of the University of Chicago. I am asked by the Committee on Program to inquire whether you would not be willing to take part in the formal discussion of Professor Haydon's paper. The Committee greatly hopes that you will be able to do this, as it desires to have your point of view represented at the Congress.

As the plan for conducting the program at the Congress is somewhat different from that usually followed, I am enclosing a separate sheet that will give details in regard to it.

Perhaps I should say a word in regard to the lateness of this invitation. It is due entirely to our inexperience in arranging programs for an international congress; or perhaps, in fairness, I should say, to the response that came to the invitations sent to the various nations. Not

having anticipated any such response, we completely underestimated the time it would take to arrange for the contributions from abroad. We had expected to be free from this part of our work six or more weeks ago, but the fact is that it has lasted up to the present moment. Invitations, therefore, to those nearer home have been unfortunately delayed. It would be helpful to us here in completing our arrangements if you could let us have your reply by telegram at our expense.

Sincerely yours,

PLAN FOR CONDUCTING PROGRAM

FIRST INTERNATIONAL CONGRESS ON MENTAL HYGIENE

It is the hope of the Program Committee to make the Congress a congress of discussion. With individuals interested in mental hygiene present from more than twenty countries of the world, there will be an unprecedented opportunity for the exchange of ideas. In order to make the fullest use of this opportunity, the Program Committee is making a departure from the method usually followed in the conduct of professional meetings, which it hopes will meet with the approval of those who take part in the Congress.

In order to provide more time for discussion, it has been decided that no papers will be read at the Congress. Incidentally, this will minimize the language difficulty which is always such a serious one in international congresses. Those who are invited to present communications have been asked to prepare a paper which would ordinarily take three quarters of an hour to read -- in other words, a paper of approximately 5,000 to 6,000 words. This paper will be translated and printed in English, French, German and probably Spanish in advance of the Congress. Copies in whichever of these languages is desired will be furnished in advance to those who have been invited to take part in the formal discussion, so that they may have ample opportunity to prepare their discussion on the basis of the speaker's communication.

Copies of the papers will be available to all members of the Congress interested in a particular topic the day before that topic is to be discussed, so that in coming to the session all will be familiar with the material that is to form the basis of the discussion. At the session itself, the speaker whose communication forms the basis of the discussion will be allotted ten minutes in which to summarize succinctly the chief points of his paper. This summary may be given in any language, and will be translated from the rostrum. Formal discussion in ten- and five-minute periods will then begin. At the end of the formal discussion, there will be a period for general discussion, each participant being allowed from one to two minutes.

In order that each one who takes part in the program of the Congress may have an opportunity to express his thoughts as fully as possible, the Committee is extending to each the privilege of extending his remarks, if he chooses, in the official transactions of the Congress. In a ten minute period, one probably would not be able to say more than 1,000 words, enough we hope to place before the Congress the main points of a speaker's thoughts. This discussion, however, may be extended to 2,500 or 5,000 words in the transactions, if one desires. This should make the transactions a compendium of unusual value.

Dear Rabbi Silver:

In connection with the plans for printing the program of the First International Congress on Mental Hygiene, we wish a few biographical details concerning you, in addition to those we already have, and should very much appreciate it, therefore, if you would send us the data asked for on the enclosed blank. For the sake of accuracy, please have these typewritten.

We should like, also, your photograph and hope you will find it convenient to send us promptly a photograph of the following description: 6 x 8 inches in size or larger; printed on shiny paper; and uncopyrighted. For this we shall be especially grateful.

The biographical sheet you will probably be able to fill out and mail at once. We shall be grateful for the photograph just as soon as you can send it. We are drawing closer to the Congress every day and time is important, as you will realize.

With cordial greetings.

Sincerely yours,

FIRST INTERNATIONAL CONGRESS ON MENTAL HYGIENE DRAWS NEAR *

DISTINGUISHED AUTHORITIES FROM VARIOUS PARTS OF THE WORLD TO SPEAK TOPICAL PROGRAM ANNOUNCED

"I AM only sorry New York and Calcutta are not in the same backyard," writes Miss Cornelia Sorabji of India, "so I might run in to your committee meetings." Miss Sorabji referred to committee meetings held in connection with the First International Congress on Mental Hygiene now only thirteen weeks off. The Congress is to be held in Washington, D. C., May 5-10. Miss Sorabji, like persons residing in thirty-five other countries, is a member of the Advisory Committee on Program of the Congress and is helping the members in this country to round out a comprehensive and stimulating program.

Not only are the great countries of the world which are usually represented at International Congresses participating in the organization of the Congress, but also countries of lesser prominence in international affairs such as Cuba, Estonia, Uruguay, Guatemala, Egypt and Roumania. In consequence the Congress will be one of the most truly international gatherings of its kind ever held; and this is indubitably appropriate, for mental hygiene knows no climate, nor geographical or political subdivisions. Its object is the conservation of mental health the world over.

Congress of Discussion

As stated in the Preliminary Announcement, the Congress program will be developed:

1. Through three concurrent sessions on each of five mornings, which will constitute the chief meetings for discussion.

2. Through evening meetings devoted to addresses of general interest, to be made by outstanding leaders in their fields.

3. Through informal meetings of those who have a mutual interest in specific phases of mental hygiene.

4. Through working committees on special aspects of the mental hygiene program, whose reports will be presented to the Congress for official action.

Besides being the first international congress in the field of mental hygiene, the Congress will be novel in another respect, in that it will be largely a *congress of discussion, with no formal reading of papers*. With individuals interested in mental hygiene present from more than thirty countries of the world, there will thus be an unprecedented opportunity for the exchange of ideas. In this connection, Dr. Frankwood E. Williams, Chairman of the Program Committee, made the following announcement:

"In order to make the fullest use of this opportunity, the Program Committee is making a departure from the method usually followed in the conduct of professional meetings, which it hopes will meet with the approval of those who take part in the Congress.

No Reading of Papers

"In order to provide more time for discussion, it has been decided that no papers will be read at the Congress. Incidentally, this will minimize the language difficulty which is always such a serious one in international congresses. Those who are invited to present communications have been asked to prepare a paper which would ordinarily take three-quarters of an hour to read—in other words, a paper of approximately five thousand words. This paper will be printed in three languages (four if funds permit) in advance of the Congress. Copies in whichever of these languages is desired will be furnished in advance to those who have been invited to take part in the formal discussion, so that they may have ample opportunity to prepare their discussion on the basis of the speaker's communication.

"Copies of the papers will be available to all members of the Congress interested in a particular topic the day before that topic is to be discussed, so that in coming to the session all will be familiar with the material that is to form the basis of the discussion. At the session itself, the speaker whose communication forms the basis of the discussion will be allotted ten minutes in which to summarize succinctly the chief points of his paper. This summary may be given in any language, and will be translated from the rostrum. Formal discussion in ten- and five-minute periods will then begin. At the end of the formal discussion, there will be a period for general discussion, each participant being allowed from one to two minutes."

Broad Program

Indicating the broad scope and comprehensive character of the program, Dr. Williams points out that time limitations will make it impossible to treat any topic exhaustively in the program of the Congress. "Any topic on the program," he states, "could easily be extended into a group of papers occupying one or more sessions. It has seemed wiser to the Program Committee, however, to provide a program which would be representative of the widely diversified activities in the field of mental hygiene, rather than a program of a few topics which could be more intensively treated but which would not be representative of the field as a whole. Under the circumstances, an exhaustive treatment of any topic will not be possible. The Committee hopes, rather, through the arrangement of the program to raise issues for discussion in the expect-

tation that discussion begun in the sessions will be continued outside the sessions by those especially interested in any particular topic. This discussion can continue in personal conferences, in informal groups, or in more formal groups arranged for the purpose."

The Program Committee, the announcement further states, will coöperate with any participating organization which may wish to arrange for fuller discussion of any particular topic at times that do not conflict with the program of the Congress. It is expected that a number of organizations will wish to plan such meetings. These will be held in the afternoon.

A sub-committee has been appointed by the American Association of Psychiatric Social Workers, of which Miss Mildred C. Scoville, Executive Assistant of The Commonwealth Fund, is Chairman, which will arrange for a series of afternoon meetings for those attending the Congress who are especially interested in psychiatric social work.

A sub-committee has also been formed of Medical Directors and Executive Officers of State Societies for Mental Hygiene which will arrange a series of afternoon meetings for the discussion of problems of special interest to local, state and provincial organizations for mental hygiene. This committee consists of Dr. Henry B. Elkind, Chairman, Dr. C. M. Hincks, Dr. George H. Preston, Dr. V. C. Branham, Dr. George K. Pratt, and Dr. Leroy M. A. Maeder.

Pre-Congress Mental Hygiene Survey

To aid in arriving at common agreements as to sound mental hygiene objectives for the mental hygiene movement throughout the world, a pre-Congress survey of the status of mental hygiene in all countries is now being made. People in touch with the development of mental hygiene in each country are sending to the administrative office of the Congress in this country information which, when analyzed, will furnish the first comprehensive world-wide picture of the progress of the mental hygiene movement ever secured. This information will be presented to the Congress in digested form and it is expected that a special committee which will sit throughout the Congress will then be in a position to determine fundamental aims and principles of organized mental hygiene work in the various countries of the world upon which all can agree.

It is further expected, as a result of recommendations to be made to the Congress, that a permanent international mental hygiene organization will be formed.

The American Psychiatric Association and the American Association for the Study of the Feeble-minded will hold their 1930 annual meetings in conjunction with the Congress.

More than fifty national organizations having an interest in mental hygiene and related fields are participating in the Congress and have appointed representatives to serve on the Committee on Organization. In addition, the Advisory Committee on Program has invited persons interested in the following fields to assist it by advice and suggestion: anthropology, education, eugenics, industrial psychology, nursing, philosophy, psychiatric social work, psychology, religion, and sociology.

PREPARATIONS FOR CONGRESS PROCEEDING APACE *

NEWSPAPER clippings arriving from foreign capitals reflect a widespread interest in the forthcoming International Mental Hygiene Congress and cable dispatches are coming daily from countries in Asia, Europe and South America announcing their intention to participate in the Congress. Pre-Congress Survey

The pre-congress survey of mental hygiene work in the various countries is nearing completion, and special committees are now at work classifying the information collected with respect to specific fields of mental hygiene activity, such as institutions, clinics, psychiatric work in prisons and among delinquents, dependency, industry, statistics, and psychiatric social work. These committees will study the facts collected from and about each country in relation to the mental hygiene movement as a whole. Their findings will be submitted for consideration in connection with the previously announced plan of striving, at the Congress, to arrive at agreements among the various national and local agencies as to the "objectives" of the organized mental hygiene movement.

Congress Memberships

Nearly 1,700 applications have already been received (March 20) for membership in the Congress. Those who have not yet enrolled but intend to enroll are requested to send in their applications without delay to ensure their receiving the Congress Proceedings and that adequate accommodations may be provided at Washington for what promises to be a *largely attended* Congress. Congress participants interested in the specially arranged Pre-Congress Mental Hygiene Tour are also urged to make their reservations early. It will be difficult to accommodate late registrants as certain institutions, hosts to the participants, cannot be unduly overtaxed.

Make Hotel Reservations Now

Since Congress membership enrollments exceed our estimates those who expect to attend the Congress are urged to *make their hotel reservations at once*. H. Edmund Bullis, 923 Fifteenth St., N. W., Washington, D. C., Executive Secretary of Local Committee on Arrangements, may be written to by those who are willing to have him select the most available hotel accommodations, thus saving time and ensuring a reservation, if the hotel of one's choice is booked up. The hotels nearest to Congress headquarters report that they have made a considerable number of advance reservations. Those who find it con-

venient to do so will be able to secure reservations more readily if two or more individuals agree to share rooms. Rooms with twin beds are easier to secure now than single rooms.

The following hotels are available. Please make reservations direct to the hotels.

Reduced Steamship Fares from South America

In addition to the reduced fares from European ports mentioned in the preliminary announcement of the Congress, arrangements have been made with the following Steamship Lines for reduced rates from the West Indies, Central America and South America. Each line offers a reduction of 25 per cent in steamship fares for Congress participants.

FURNESS LINE	WARD LINE
LAMPFORD & HOLT LINE	PORTO RICO LINE
PACIFIC STEAM NAVIGATION CO.	UNITED FRUIT LINE
GRACE LINE	SOUTH AMERICAN STEAMSHIP COMPANY
WEST COAST LINE	
MUNSON LINE	

This reduction applies only to the combined one-way fares and not to special round-trip rates.

Those applying for this reduction will be required to present satisfactory evidence that they are sailing to attend the Congress. It is our understanding that the Companies will interpret "evidence" liberally so that no *bona fide* applicant will be denied the reduced rate. In cases where, for any reason, persons are unable to establish their identity to the satisfaction of the steamship representative, they should pay full fare, take receipt therefor and, upon presentation of this receipt at the United States office of the steamship company, together with a letter from the Administrative Secretary of the Congress, John R. Shil-

lady, attesting that they have been in attendance, proper refund of 25 per cent of fare paid, will be arranged.

Certificates, showing intention to attend the Congress, and thus making sure that the 25 per cent reduction will be granted, may be obtained of the Administrative Secretary, Mr. Shillady, 370 Seventh Avenue, New York.

Regional Meetings

One of the by-products of the Congress, it is expected, will be the holding of regional mental hygiene meetings to be addressed by speakers from the United States and other countries. The Massachusetts Psychiatric Society, for example, is planning a dinner for visiting psychiatrists to be held in Boston on May 1st in connection with the Pre-Congress Mental Hygiene Tour. The Pennsylvania Mental Hygiene Committee of the Public Charities Association of Pennsylvania is organizing a special dinner meeting to be held at the Bellevue-Stratford Hotel in Philadelphia on Saturday evening, May 3rd, at which Sir Maurice Craig of London, Dr. Auguste Ley of Brussels, and Dr. Lothar Frede of Weimar will speak. Dr. C. C. Wholey, State Chairman of the Pennsylvania Mental Hygiene Committee, will be the chairman of the meeting and will give a five-minute introductory speech introducing Dr. Charles H. Frazier, President of the Public Charities Association, who will be the presiding officer.

Dear Rabbi Silver:

I am working on an essay entitled, "The Frontiers of Judaism." The title does not cover the content but I think its preferable to any academic title. In this essay some of the fundamental problems with which American Jewry is confronted are discussed. As a whole it is a comprehensive and positive piece of work.

I have your kind promise to let me have a transcript of your magnificent address which you delivered in Chicago for the June issue of the Reflex. Can I have the transcript on or possibly before May 10th?

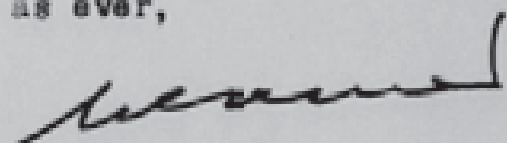

I contemplate a trip to New York in the middle of May and I want to stop over in Cincinnati and see what I can do there for the Reflex. Is it too much to ask you to give me an introduction to one or two of your friends in Cincinnati?

Mr. Max Goldberg, one of the most distinguished Jews in Chicago, came over to see me a few days ago. He spent with me two hours and appealed to me in all languages to make up with Solomon Goldman. He came to me with Goldman's knowledge and consent. I told him that I never quarreled with the man and that there is nothing that I can do for him; that I cannot associate with him for the reason that I cannot associate myself with quacks and jazz rabbis.

There is a rumor afloat that Rabbi Brickner has received a call to occupy the Shalom pulpit. If there is any foundation to this rumor then Chicago is in for a full burlesque.

With kind regards and many thanks, I am

Dear Rabbi Silver:

The Shovuoth material of the Holiday Series of the Jewish Home Institute is now available. This course has been adapted for classroom work, and is now used with great success in the Kindergarten and Primary grades of a number of Sunday Schools, and Religious Schools throughout the country.

The Shovuoth course consists of twenty lessons together with a Teachers Guide, two victrola records containing four songs, cutouts, blocks, and other materials.

With the aid of this material even teachers who lack a sufficient Jewish background themselves, will be able to afford the child a proper appreciation of the Holiday.

The cost of the entire Shovuoth set is five dollars. We should be very grateful if you could cooperate with us, by accompanying your order with a check, so as to help us avoid accounts. In that case, if, after examining the material, you prefer to return it, and you send it back in good condition, within five days after receipt, we will gladly refund the money to you.

We shall be pleased to furnish you with any further information you may desire. We hope to hear from you soon.

Very truly yours,

Dear Rabbi Silver:

Some time ago we asked you to serve as one of the judges in our Jewish Prize Novel Contest and you were kind enough to accept our invitation.

We have now concluded the examination of the manuscripts and the editors of the Jewish Tribune as well as the editors of the Stratford Company have found only one manuscript worthy of the award. This manuscript is GRAPES OF CANAAN by Mrs. Elma Ehrlich Levinger.

In view of this, we would not want to trouble you with the reading of any manuscripts in this contest, since all the preliminary readers have unanimously selected Mrs. Levinger's manuscript as being beyond any comparison the best manuscript submitted in the contest.

Will you kindly advise us whether you are willing to abide by the decision of the Jewish Tribune and the Stratford Company in this matter?

Cordially yours,

Dear Rabbi Silver:

I have just received word from the ~~National~~ ^{International} Fund office that you kindly consented to accept our invitation to be the principle speaker at the Lag-B'omer celebration, to take place Thursday the fifteenth of May at Carmen Hall, one of the largest halls in Chicago.

I was told by Mr. Steinberg that you sent a telegram in answer to my telegraphic message confirming acceptance of my invitation. Unfortunately I did not receive the telegram and hence the necessity of calling you again this morning.

I hope that you did not forget ^{to prepare} a transcript of your address for the next issue of the Reflex. If you are not in the position to prepare it within the next few days you need not do it until next month because for the next issue of the Reflex I have an article by Maxwell Silver on "Religion and its Social Critics." It is a very readable article and is full of meaning.

I am extremely sorry that the printer has actually mutilated the May issue. He is a poor printer because we cannot pay any decent price for our printing. He also failed to comply with my order to take Goldman's name off the contributors list, but the next issue of the Reflex will be handled by a more reliable printer and I hope that the typographical errors will be reduced to a minimum.

Hoping to see you soon, I am

Yours as ever,

Maxwell

To Members of the Peace Heroes Memorial Society,

GREETINGS

During the last several months the Society here in Cincinnati has been heartened by the increasing number of out-of-town members who have written in to inform us of their intention to organize this year for a memorial celebration in honor of peace-time heroes on next Memorial Day, May thirtieth. If you are one of those who have so written we send our good wishes for the full success of your undertaking; if you are among those who have not yet decided to act this year we are addressing this letter to you in hope of obtaining your active cooperation in the initiating of a movement in your locality for the organization of a local Peace Heroes Memorial Society. A couple of dozen men and women devoted to the principles upon which the Society stands are sufficient to make a beginning. You may have that many persons in your community who are already members. You can obtain the list of members in your city or state by writing to Dr. Abraham Cronbach, The Hebrew Union College, Clifton Avenue, Cincinnati. You can receive other literature from him in the same way, which will furnish you with detailed information concerning the aims and methods of the Society here.

Here our preparations are in full swing to make our annual Memorial Day service the most effective we have thus far held. Interest in our organization is growing steadily. It would be an intense satisfaction to learn that the spark is catching in your community and that you are determined to be one of the pioneers in this movement to impress the people of your locality that simply to honor war heroes is to leave our duty half undone. In the interest of peace we desire to animate a new sentiment which shall recognize the services to humanity of men who give their lives, sometimes under heroic circumstances, in the great constructive works of peace-time society.

Fraternally yours,

The Executive Committee

My dear Mr. Murray:-

Under separate cover I am returning to you the manuscript of Solomon Zukrow's "The Bible in the Light of the Haggadah."

Mr. Zukrow's is a faithful compendium and translation of many of the Haggadic commentaries in the Pentateuch. It is the most comprehensive in the English field.

I question the wisdom of including so many of the Midrashic commentaries which have no particular appeal to the average modern reader. The student can easily consult the original Hebrew. In my judgment the book would have greater value if the selections were made more critical with an eye to their inherent worth - religious, ethical or historic.

I would suggest too, that the value of this work would be tremendously enhanced if it carried with it a scientific commentary by the editor which would give to the reader an historical and critical background for a better understanding of the literature presented.

The translation, while in the main, faithful to the original, is not always felicitous or idiomatic.

Dear Dr. Silver:

We are writing a selected list of ministers asking them to name ten books that have been published during the last year or eighteen months which they feel are of most significance for the minister. We are also asking them to give us another list of ten or more books which they think are of more or less permanent value to every educated minister. We want to compile the results of this survey for our Journal--Religious Education. We are hoping also to stimulate an interest in reading the kind of books that will help the minister to see the task in light of our present problems.

Very sincerely,

Dear Rabbi Silver:

Please inform me whether there exists at the present time in Cleveland a Jewish Court of Arbitration for the settlement of disputes among the members of the Jewish community.

This information is required in connection with a survey study of the Jewish Courts in this country which I am conducting under the direction of the Institute of Law of the Johns Hopkins University. Your reply and any information on the organization and function of the modern Jewish or Rabbinical Court will be greatly appreciated.

Dear Rabbi Silver:

I have received your letter of the 8th and I am sorry that you are not ready to abide by the decision of the editorial staff of the Jewish Tribune and of the Stratford Company in the matter of the Jewish Prize Novel.

In view of this, would you be willing to have us send you Mrs. Levinger's manuscript in order that you may examine it for yourself? The other manuscripts submitted in the contest were decidedly below prize calibre. The situation with regard to Mrs. Levinger's manuscript is this: We feel that it needs quite a bit of revision, but it was without any doubt the outstanding manuscript submitted. As a result of the decision of the editors of the Jewish Tribune and of the Stratford Company, we are going to ask Mrs. Levinger to revise the manuscript along the lines that we will suggest to her. If the revised version is then worthy of the award, the prize will be awarded to her. Otherwise the contest will be continued for several months longer, and the public will be requested to submit additional manuscripts.

I trust you can see your way to cooperate with us in this matter. To withdraw your name at this late date would, we feel, hardly be fair to us, particularly since we are anxious to cooperate with you in any way that you may suggest.

Will you kindly advise us whether you want us to send the Levinger manuscript for your inspection?

League for Safeguarding the Fixity of the Sabbath

Against Possible Encroachment by Calendar Reform

40 WEST 32nd STREET

NEW YORK CITY

Resolution

on the Proposed Simplification of the Calendar, adopted May 19, 1929

WHEREAS, there is a resolution before the Congress of the United States providing "That the President is respectfully requested to propose, on behalf of the United States, to the nations of the world the calling of an international conference for the simplification of the calendar, or to accept an invitation on behalf of the United States to participate in such a conference upon the proposal of some other nation or group of nations"; and

WHEREAS, plans for calendar simplification in behalf of which there is active propaganda, propose that the 365th day in every ordinary year and two days in every leap year be neither counted as, nor given the name of, one of the seven days of the week, but be designated as "blank day," "year day," "leap day" or otherwise; and

WHEREAS, this device, if adopted, would destroy the existing and immemorially fixed periodicity of the Sabbath and, from year to year, would cause the Sabbath to fall on different days of the week; and

WHEREAS, the laws of the Jewish religion as prescribed in the Ten Commandments and elsewhere, require the observance of the Sabbath every seventh day in unbroken periodicity, and the adoption of the proposed "blank day" device, resulting in a shifting Sabbath, would confront Jews with the unconscionable dilemma of either continuing the observance of the fixed Sabbath, thereby suffering severe economic hardship and civil disability, or abandoning the observance of the fixed Sabbath in flagrant disregard of most solemn and fundamental tenets of the Jewish religion, thereby violating their conscience; and

WHEREAS, in view of the foregoing and other considerations, the adoption of a blank day device would have the effect of abridging the right of citizens to the free exercise of their religion guaranteed to all by the Constitution of the United States; now therefore be it

RESOLVED, that we, the accredited representatives, respectively, of the Jewish national and central organizations listed below, constituting the League for Safeguarding the Fixity of the Sabbath, assembled on this Nineteenth Day of May, Nineteen Hundred Twenty-nine, in New York City, do hereby solemnly protest against the adoption of any method of simplification of the calendar which includes the device of a "blank day" or any other device which would destroy the existing and immemorially fixed periodicity of the Sabbath; and be it further

RESOLVED that we do not object to the calling of, or the sending of delegates to, any conference for the simplification of the calendar, provided that such simplification does not include any device which would have the effect of destroying the existing and immemorially fixed periodicity of the Sabbath; and be it further

RESOLVED, that we earnestly pray the Congress of the United States not to adopt, and the President of the United States not to approve any resolution or bill which may provide for the calling of, or the sending of delegates from the United States to, an international conference for the simplification of the calendar, unless such resolution or bill contain a proviso that the delegates of the United States to such a conference be instructed to oppose any plan for the simplification of the calendar which would include a blank day or any other device by which the existing and immemorially fixed periodicity of the Sabbath would be destroyed; and be it further

[CONTINUED ON PAGE 3]

RESOLVED, that a copy of this resolution be forwarded to the President of the United States and to the Congress of the United States, and to every member of the Senate and the House of Representatives of the Congress of the United States.

My dear Rabbi Silver,

Lest my first letter of some weeks ago may have been overlooked, I am taking the liberty of again writing you to ask if you will be good enough to give me a brief word of endorsement of the Hanukkah pageant-play of mine, "Through The Ages" which I know from Mrs. Heydemann was so very successfully given last December by your religious school pupils.

I am getting this material ready for the printer now, so that I may have it taken care of while I am away at camp. I am sure it needs no words of mine to tell you how valuable to me will be a word of endorsement from you which I may use in the publicity I plan to send out in advance of the holiday next season, and I hope you will feel that you can make it possible for me to have it.

I shall indeed be most appreciative of whatever brief statement you care to make regarding "Through The Ages."

With all good greetings,

REPRINT

May 26, 1930

Dear Sir or Madam:-

It may be known to you that Dr. Isidor Singer, the learned originator and editor of the Jewish Encyclopedia, has recently celebrated his seventieth birthday, and that it has been the desire of many of his friends, Jews and Gentiles, to establish for him an Annuity Fund which shall enable him, without financial cares, to continue his valuable work in behalf of Israel and Judaism, and, we add with pride, in behalf of the world at large.

For, indeed, while Dr. Singer's merits as a Jewish scholar and writer are widely known, relatively few even among his own people are sufficiently acquainted with his yeoman work as one of the principal founders and the literary director of the Amos Society. This latter, since its establishment in 1922, has had as its sole purpose the elucidation and propagation, among Jews and non-Jews alike, of the teachings of the Hebrew prophets. Thereby the group of 43 prominent men, Jews and Gentiles, composing the Amos Council, are creating a solid platform for a final union of men of different faiths for the realization of the ideal religion, such as was outlined by Amos and Hosea, Isaiah and Micah.

May we who have given our names and claim the privilege of having part in this public manifestation in behalf of one of the most illustrious Jewish pioneers of our age urge you, therefore, to consider favorably the suggestion of assisting in the development and completion of the said Annuity Fund for Dr. Singer? It would not only be a token of gratitude on the part of American Israel and the American people at large for his services in connection with the Jewish Encyclopedia, one of the imperishable monuments of American literature, but also an impetus to him in the carrying out of several giant, literary and communal plans, elaborated by his ever active mind and heart.

As you see from the enclosed folder, a total of \$4,970 has so far been subscribed, the contributions, made by Jews and non-Jews, ranging from \$20 to \$1,000. Something

over \$3,000 represents the per annum engagements. May we suggest to you eventually to adopt this latter line. The very number of the annual contributions, even if small in themselves, will impart to this Jewish Nobel Prize campaign a nation-wide and interconfessional character, showing to the man who was, for nearly half a century, an indefatigable leader in some of the world's noblest causes, the general respect of Jew and Gentile, and their common ambition to place him during his remaining years in a position to do untrammelled the service for which he is so eminently qualified.

MATERNAL HEALTH CLINIC

311 Osborn Building
CLEVELAND, OHIO

May 26, 1930

To those Members of the Board of Trustees,
of The Maternal Health Association,
who were unable to attend the Annual Meeting:-

We feel sure you will be interested in our report of the two years work of the clinic, which we are delivering to you herewith.

At the second annual meeting of the Maternal Health Association on Monday, April 14th, it was voted to incorporate, each trustee becoming a trustee of the incorporated association, the term of service being three years.

Dr. Joel B. Hayden stressed the importance of family relation problems in his introduction of Mr. Robert W. Kelso, Director of the Community Fund of St. Louis. Years ago Mr. Kelso, a graduate of Harvard Law School, gave up a remunerative law practice to turn social worker, and since then as Director of the Massachusetts Department of Public Charities and as Director of the Boston Council of Social Agencies, he has been a leader in social service work. His plea was for social workers to recognize the increasing economic pressure and to meet it by an intelligent use of available preventive measures, especially such scientific knowledge of the use of contraceptives as is offered by the Maternal Health Clinic of Cleveland.

During the past year, the clinic has moved to larger quarters in the Osborn Building, where it has been possible to conduct the work more efficiently and to invite friends and members of interested organizations to learn about the standards and the development of the work. This has been of special educational value to an organization that cannot use the mails in informing its members of its progress. Family adjustment problems have been coming to the clinic, and it has been possible to do much in this line when husbands and wives come together. The end of January a third clinic was started with Dr. Sarah Marcus in charge. This clinic is held on Monday evenings and is already running to capacity. We have been fortunate in securing Dr. Ellula Hansen to help Dr. Marcus while Dr. Robshaw is abroad this summer. New clinics must be added in September to meet the growing demand. There is immediate need of a clerical worker to relieve Miss Volk, who now has 395 active patients as against 225 of a year ago. Although a mark of progress, this puts an added burden on our Finance Committee.

THE CITY CLUB

Financial Report

May 31, 1930

THE CITY CLUB OF CLEVELAND

Cleveland, Ohio,
June 9, 1930.

To the Board of Directors,
The City Club.

Gentlemen:

Submitted herewith are some financial and statistical statements.

The club's fiscal year begins on December 1st. The first six months of our current fiscal year having been completed May 31st, it is now possible to view the operations and results of a half-year period.

In making any analysis or comparisons of figures in the accompanying schedules, especially the expense figures, it should be borne in mind that the club now occupies and operates a two-story club house. Former quarters were rented; cleaning services, toilet supplies, employees' meals and considerable maintenance were furnished free.

In its present clubhouse, having a greater floor area, the club does its own cleaning, purchases its cleaning and other supplies, pays for employees' meals and bears expenses of repairs and replacements not formerly borne.

Many items of expense were not determinable before the new clubhouse was occupied and operated. Experience only could reveal these costs. We have now had slightly more than a half-year of experience which will serve as a reliable basis for future guidance.

The expenses of the last half of the fiscal year, which we entered June 1st, are somewhat lighter than the first half, which is the period of the club's most active season.

Although demands upon the present quarter's revenues are reduced by suspension of important activities and economies effected by layoffs, etc., it will be noted upon the balance sheet that \$1,965.03 in accounts payable are carried over from the previous period. These will have to be met from the receipts of the current period. There is also a thirty-day note of \$700, payable on June 13th.

Five regular employees were laid off in May and they will not be restored to service until the fall season is under way. Meanwhile, remaining employees are alternating on night and Sunday shifts and substituting on daytime duties. All other possible economies, which will not tend toward lowering standards of service, are being effected.

Respectfully submitted,

Charles J. Ryan
Secretary.

Explanatory Notes:

(a) Settlement is made daily on restaurant receipts, the club retaining its share; the rest going to Childs. Employees' meals (waiters & house staff) are paid for daily. The net receipts are accumulated until the end of each week. Waiter's wages are paid from this fund. A check is drawn weekly to meet the difference between receipts and expenses.

Two house staff employees are daily assigned to waiting table. No part of their wages is charged to waiters' wages. Two house staff employees are fed daily. Cost of their meals is included under "employees' meals."

(b & c) Checks in payment of these expenses are drawn directly against the club's general fund.

(d) Does not include service charge.

Dear Dr. Silver:

We shall be glad to have the printer make for you 100 reprints of your article, with covers. Thank you for your check covering cost.

It will probably be about two weeks before we can send the reprints to you as the Journal does not come from the press until June 10th, and we have to allow a little time after that until all of the authors can have opportunity to request reprints, if they wish them, and also to give the printer opportunity to make them. We always have to give a complete order when requesting reprints, and ^{type for} any part of the Journal not reprinted is killed.

We hope the delay will not inconvenience you.

Editorials on Human Engineering Work of The Pathfinders

March 25, 1929—

"There are limitless possibilities for reducing the criminal class by such human engineering as Dr. J. F. Wright of Detroit has created in "Pathfinders of America." He deserves the faith of the public as well as its financial support."

April 1, 1929—

"J. F. Wright is founder and executive secretary of "Pathfinders of America," a movement with more personality than any other character rebuilding that we have known. Many of these activities are either traditional, preferring to have a man go to perdition than not to be rescued in the traditional way, while some of the new movements are chiefly interested in having people understand that any traditional way is vicious. Mr. Wright is simply interested in doing what no one else has thought to do."

June 9, 1930—

James F. Wright, founder and chief executive, "Pathfinders of America," Detroit, has demonstrated rare ability, intense devotion, eminent success as a trainer of human engineers. He has done wonderful service for human betterment through school principals. He has devoted sixteen years to the creation of an organization through which school principals achieve great things without adding to their burdens, without conflict with race or creed, tradition, politics or prejudice.

To the Members of the
Committee for the Dedication
of the Cleveland Union Station

This report of progress is submitted to the members of the General Dedication Committee in lieu of holding a meeting, the Executive Committee having carried forward the preparations for this important civic event.

The date of the celebration will be Saturday, June 28th, 1930.

From 10:00 a.m. until 12:00 noon luncheon guests are invited to inspect the new Union Station with guides.

At 12:00 noon the Concourse will be opened to luncheon guests. Guests will be seated in order of arrival.

After luncheon a train will carry guests over the electrified right-of-way extending from Linndale to Collinwood.

President R. B. Robinette of the Chamber will preside and after introducing the guests at the speakers' table will turn the meeting over to the Honorable Newton D. Baker as Toastmaster.

Speakers will include President Patrick E. Crowley of the New York Central Railroad Company; President W. L. Ross of the Nickel Plate Railroad and another distinguished speaker to be announced later.

Two bands and an orchestra will contribute music to the occasion.

News stories have been sent throughout the country concerning the event and not only will the luncheon be broadcast over the radio by WTAM but the General Electric Company has given over its time on the evening of June 28th, for a description of the luncheon and the Terminal, by Floyd Gibbons.

It is urged that every member of the committee be in attendance to assist in making the dedication a memorable event in Cleveland's history.

Your splendid article entitled "The Role of Religion," in the June issue of Religious Education, so thoroughly confirms the writer's opinion after more than fifty years study of the human problem, that we feel that you will be interested in reading the attached sheets explaining what we are trying to do to solve this great human problem. My dear Mrs. Brudno:-

Permit me to acknowledge the receipt of your
letter of June 12th.

I am sorry that you did not succeed in "penetrating
my understanding" concerning the need of the Council program for
fifteen open meetings next year. I am equally sorry that I could not
"penetrate your understanding" concerning the utter absurdity of
such a program and the unfairness to the other Women's Organizations
in the city.

I notice that you regard it as urgent that you carry
on the decision of your board. That is your concern. But please do
not fall back on the mock pious argument of cooperation when you find
that people in the community are criticizing you for your action.
If there is any organization in the city that is not cooperating this year
with the rest of the community in living up to previous agreements
in an effort to save the community from being over-run with lecture
engagements, it is your organization.

Frankly, I have always been at a loss to understand
the kind of cooperation which is solicited by people who first make
up their mind what they want and then expect everybody to fall in
line with them.

As regards the spiritual leadership in this
community, it might be well to point out that a modicum of spirituality
would not go amiss with some of the so-called lay leaders in this
community. Please do not be concerned much about my own standing
and prestige in the community. It is for you, who are just beginning
your career in an important position in your organization, to see
to it that you do not lay yourself open to justifiable criticism.

I regret exceedingly that I can not fall in
with your amazing program.

Sincerely yours,

AHS/IR

My dear Miss Niles:-

In reading my article "The Role of Religion in a Changing World" which appeared in the June issue of "Religious Education" I find that some unfortunate typographical errors escaped the eye of the proof reader. I should like these corrected before reprints are made for me.

On page 519, first column, line 2, the word 'enslaving' should read 'enclaving.'

In the same column, third line from the bottom, the word 'co-creditors' should read 'co-creators.'

On page 521, column 1, at the close of the second paragraph, a whole phrase was omitted. The sentence should read "and to admonish society not to confound that which is new with that which is novel."

I should be very grateful to you if you would see that these corrections are made in the reprints.

With kindest regards, permit me to remain

Very sincerely yours,

My dear Mr.

The annual Picnic of the Temple offers an opportunity for the entire membership of our congregation, young and old, to meet in an informal way which is conducive to goodfellowship and pleasant contacts. It is in the nature of a joyous Temple holiday and serves a distinct purpose in the life of our congregation.

I am particularly anxious to have the officers and board members of the Temple attend this picnic, mingle with the men and women and generally act as hosts representing the Temple. Please arrange to have your family have its picnic dinner at the park and spend a few hours there.

The picnic will be held this year on Wednesday, June 25th at Euclid Beach Park.

With kindest regards, permit me to remain

Dear Dr. Silver:

At the suggestion of Dr. Louis L. Mann, Dr. Gerson B. Levi, Dr. G. George Fox and other members of our various Committees whom I have called to counsel with me, I am asking you to act as one of the Judges of The Jewish Book of the Month Club.

I have launched this monthly Jewish Book Club with the encouragement of a large number of men and women. You will agree with me that such an institution would be a boon not only to the Jewish reading public but also to the men and women who have ability to write on subjects of Jewish interest, and who do not write on these things extensively because of the lack of a Jewish clientele. You will agree with me also that one of the elements of success of an organization of this sort, centers around the men and women who are to act as The Board of Judges and Selecting Committee, and who determines the books that are to be recommended.

The corporation of which I am the head is a non-profit sharing corporation. This movement is based upon the thought that we Jews can attain a higher cultural level through the medium of a club such as I am organizing. I am certain, and I believe that you are too, that it can be instrumental in developing Jewish writers, and I trust that you will accept a place on one of the Committees.

I am attaching hereto an outline of the plan of the club. In this tentative circular we set forth its purpose, aims and other salient facts.

Anticipating an early and favorable reply, I remain with thanks.

Sincerely yours,

The volume of the proceedings to be issued in the Fall.

The two dinners given by the Seminar. (The first of these is planned for the sake of better acquaintance among the members of the Seminar; the second, near the end of the program, gives us the opportunity to show our appreciation to a large number of our speakers).

OPTIONAL TRIPS

At least two one-week trips, under competent leadership, will be arranged following the Seminar sessions. If the demand is sufficient, trips will be arranged to other sections of Mexico.

I. July 23 - August 3. Trip to Oaxaca. Side trips to the ruins of Mitla, rural schools, nearby Indian villages etc. The cost of this trip is \$65.00.

II. July 26 - August 2. Trip to Guadalajara and nearby points. The cost of this trip is \$38.00.

The following week, August 2-9, these trips will be repeated, giving opportunity to all to visit both Guadalajara and Oaxaca.

Other possible trips will include Orizaba, Jalepe, Texco, and the State of Michoacan. Leaders will be furnished wherever there is sufficient demand.

Hotels in Mexico City

The hotel situation in Mexico is difficult. The representative of the Committee in Mexico, is making a study of the hotels and will secure the best possible accommodations.

At the rates quoted, you can be assured of thoroughly comfortable and sanitary arrangements in first class hotels.

Please note, however, the choices offered you:

First, there are a few especially large single and double rooms. If you wish one of these, add \$30.00 per person, for a single room, and \$35. per person for double room.

Second, if you wish a single room in a first class hotel, private bath, you will add \$8. to the rates quoted.

Third, if you are willing to share a double room in a second rate hotel, with private bath, deduct \$15. to the rates quoted.

Fourth, if you wish a single room with private bath in a second rate hotel, deduct \$9. per person from rate.

Fifth, if you are willing to share a double room, without bath, in a second rate hotel, deduct \$22. per person from rate.

Sixth, if you wish a single room, without bath, in a second rate hotel, deduct \$18. per person from rate.

For those who wish larger suites, etc., please indicate. Are you willing to add \$20.00, \$40.00, \$60.00? We will endeavor to fill your needs and the difference will be charged to you.

Rooms in private homes

Our representative in Mexico City is making a survey of all available rooms in private homes. Those who wish to be assigned to private homes should indicate their desire as nearly as possible. We are not recommending that meals be included in the arrangement. The saving on rooms for the period of the Seminar will be approximately \$25.00. A refund will be made for those electing this arrangement.

Meals in Mexico City

Meals are not included in our estimate (except for meals on various trips, and the two dinners in Mexico City). We have found by experience that members prefer to select their own restaurants. Costs for meals in Mexico will range from \$30.00 to \$40.00 for the entire period.

Recreation

Groups for early morning riding will be organized. Saddle horses cost about \$1.50 for two hours. Guest cards will be secured for those desiring to play golf. Tennis courts are available. Those who wish to arrange special automobile trips will find many points of interest within seventy-five miles of Mexico City - Amecameca, Pachuca, Toluca, The Desert of the Lions, Texcoco, Xochimilco, and dozens of little villages. All members of the Seminar are urged to take some "days off," for such trips.

Clothes

MEXICO CITY IS NOT HOT. you will need the type of clothing that you use in Spring or Fall. Light summer clothing will not be useful. Be sure to take an overcoat of substantial weight. Evening dress is not necessary, but is advised. Be prepared for rain.

A certificate of vaccination against small-pox is required by the immigration authorities. Inoculation against typhoid is advised by many physicians. Take the same precautions as you would for travel in Italy.

The University Student Group, Miss Irma Ringe (Wisconsin 1929) in charge, will have a special schedule, including various contacts arranged by students of the University of Mexico. Those interested should write Miss Ringe at the office of the Committee.

Contacts in Mexico.

The Seminar's purpose is to introduce you to Mexico and the Mexicans. Several members of the staff will be assigned to the task of making personal contacts with men and women in various fields. We have found by experience that small groups, meeting at dinner with a Mexican guest, gain much in personal insight.

A map of Mexico City will be given each member of the Seminar, with hotels, meeting places, etc. blue-pencilled.

Reading lists, prepared by Miss Katherine Terrill, the Research Associate of the Committee, will be furnished to all members of the Seminar. Special reading lists, prepared in collaboration with the leaders of the Round-table groups, will also be furnished. If you are interested in any other special phase, Miss Terrill will prepare a list for you.

For general preparatory reading:

The Conquest of Mexico, by Prescott. (in spite of historical inaccuracies, invaluable for general preparations).

Mexico and Its Heritage, by Ernest Gruening. The Century Company. \$3.00. (The best general book on Mexico).

Mexico and the United States, by J. Fred Rippy. Knopf, \$3.50 (The authoritative record of the relations between the two countries).

That Mexican, by R. M. McLean. Revell, \$2.00 (a popular and readable book on present day Mexico).

The Mexican Nation: A History, by Herbert I. Priestley, Macmillan, \$4.00 (The best short history).

The report of the Fourth Seminar in Mexico, 1929. Order from the Committee, \$2.50.

These books can be secured from your local dealer, or you may send a check to the office of the Committee for the books desired, and they will be sent post-paid. Make checks payable to Walter Frank, Treasurer.

Dear Doctor Silver:

I am mailing you under separate cover, a copy of our July issue. A number of our Chicago readers called to compliment us on the opening article of that issue, and their expressions may be summarized in the statement that "there is only one Rabbi Silver in America." And they feel that the Reflex will be a success so long as Rabbi Silver sets the pace. But the daleth, unfortunately, still exists. I am wondering if you have had the opportunity to talk with Mr. Simon of Detroit. So far, I have not heard from him.

Dr. Melamed may translate your essay into Hebrew for publication in Palestine. I am planning to bring out a special Rosh Hashonah issue this year. Is it too much to ask that you contribute an article for this issue?

I can't recall if I mentioned to you the fact that a group of the older members of Anshe Emeth opened a shule of their own which they have named Anshe Emunah. In other words, they seem to feel that a shule was needed in that locality..... Now there is a split in Anshe Emeth.

With kindest regards and many thanks, I am,

Respectfully yours,

Dear Dr. Silver:

I should very much appreciate your critical comment on the report which I am sending you under separate cover. It is a brief account of an attempt to find principles which should motivate a program of non-commercial, non-vocational adult education. This attempt was made by this institution on a somewhat larger scale and with a different emphasis than that of most other institutions.

Your criticism will be particularly significant because I believe you are one of the few who influence the thinking of those educational administrators who are interested in the possibilities of a liberal program of adult education in America and whose work is not entirely circumscribed by educational traditions and institutional policies.

Sincerely yours,

William Kolodney

Dear Dr. Silver:

I have at hand a letter from Mr. Bro of the Religious Education Association stating that he had been to see you some time ago relative to a pledge to the convention funds of the Association.

A number of Cleveland creditors have come in to see me of late concerning outstanding bills to the Association and I have been duly impressed with the lack of funds for meeting the same.

If you have at hand any part of the pledge which Mr. Bro mentioned it would aid in relieving embarrassment in several quarters. It may be that you have already attended to this matter and if so please disregard the contents of this letter.

Dear Rabbi Silver:

I beg to acknowledge receipt of your kind note dated July 23rd.

I am extremely sorry that you cannot see your way clear to write a preface for the Rosh Hashonah issue. It isn't an article but a brief message about fifteen hundred words. You do not have to write it now when it is very hot but when the weather is cool and you feel more comfortable. I thought to ask you for this message because I know that you have something definite to say to American Jewry and since you have something to say I want you to say it through the Reflex.

Dear Rabbi Silver:

In the compilation of the third edition of The Jewish Who's Who which you may be interested to learn I have undertaken I am very much in need of the back numbers of the American Hebrew and the Jewish Tribune for 1928 and 1929.

Would it be possible to obtain the loan or purchase of your copies for this purpose? Should the copies be available and should you prove amenable to my request, would you be good enough to send them express, collect?

My dear Dr. Oberhaus:-

Permit me to thank you for your letter
of July 22d.

Mr. Bro must be laboring under a wrong
impression. At no time did I or the Temple make any
pledges to the Religious Education Association. I told
Mr. Bro that I shall make an effort to raise some money.
During the summer this is extremely difficult.

Some time prior to the meeting of the
Association I forwarded a contribution from the Temple
Women's Association. I hope to be able in the near
future to send an additional contribution from the
Sunshine Fund of the Temple. This may take a week or
two.

My dear Mr. Kolodney:-

Let me thank you for your thoughtfulness in sending me your booklet describing the program of adult education which you have been carrying on at your center the last few years.

I was tremendously interested in the scope of your work and in the appeal which the various courses made. You are rendering a great service in presenting such a varied program of cultural interests to your community.

I fully appreciate the difficulties which you encounter in popularizing your Jewish Studies. I wonder whether the crucial factor in that situation is not as you yourself indicate, the finding of a vigorous and attractive personality to lead those groups.

I would appreciate if you would keep me in touch from time to time with any new developments in your program.

I am enclosing herewith a savings withdrawal for \$75.00 which is to come out of the Temple Sunshine Fund. \$50.00 is to be sent to the Geneva Farmer's Fund and \$25.00 to the Religious Education Association.

I think that it would be a convenience all around if you would notify the Cleveland Trust Company to honor our signatures here in the office. I believe that it would be best to center all our funds in the office. The Council of the Temple Sunshine Fund would then decide how to appropriate the funds and the office would then disburse them.

Dear Dr. Silver:

The almost instantaneous response which THE JEWISH BOOK OF THE MONTH CLUB has enjoyed is due not only to the need and the opportunity for just such a cultural program among our people, but also to the high type of leadership which we have been so fortunate as to have from the inception of the plan.

As one of our prominent Rabbis has stated, "If we wish to perpetuate Jewish life in this country, we must dedicate ourselves whole-heartedly to a united effort in behalf of Jewish education." In the same symposium of opinions, another prominent Jewish leader says that, "Only such an arousal of consciousness is capable of developing Jewish creativeness in America." You undoubtedly know of Judge Rosalsky's statement that, "Unless such a change of emphasis should take place the historian of the future shall find it necessary to write a sad chapter of the decline and fall of American Jewry."

Fortunately no aspect of our movement is controversial. All opinions which have been published recently indicate a definite trend of thought in a cultural direction which finds an important expression in our plan.

We are preparing a brochure of endorsements by prominent Jewish leaders throughout America. May we have such an expression from you in the form of a paragraph or two which we can publish?

Expressing our appreciation in advance of your active interest and friendly co-operation, we are

My dear Miss Niles:-

On July 29th I wrote you re-ordering fifty additional copies of Rabbi Silver's article "The Role of Religion in a Changing World." The copies were received during my absence last week and upon my return from my vacation this morning I notice that the pamphlets are an open pamphlet without a cover.

We would very much prefer the pamphlet like the ones you previously sent us. They were in a cream colored cover. We had envelopes made for them. Is it possible for you to send us fifty of those. If so I shall return these copies immediately upon advice from you.

Dear Miss Rothenberg:

Thank you for your check for \$5.00 in payment for fifty reprints.

Unfortunately, the reprints of Rabbi Silver's article which we had made for distribution here do not have covers; the five hundred which we had made specially for Rabbi Silver are the only ones with covers. We have just talked with the printer and find that to put covers on fifty copies will cost approximately \$7.00 - for the covers alone. The labor - for which the greatest charge is made - is only a little less than for five hundred copies.

If you wish us to have these made, we shall be glad to do it; we hesitate to do so until we hear from you.

My dear Mr. Ferguson:-

I was very pleased to learn that you are contemplating publishing Prof. Foakes Jackson's work "Josephus and the Jews" early in the Fall and I am thankful to you for the advance copy of the book which you sent me.

The book is an excellent introduction to the life and works of Josephus and will prove indispensable both to the lay reader and to the scholar.

The study of Josephus has gained in popularity in recent years. His works are a veritable treasure-house of information concerning the religious and political history of Israel particularly in that critical and turbulent first century of the Common era.

Prof. Jackson's treatment of his subject is scholarly without being pedantic and possesses a most commendable objectivity.

P.S.

Prof. Jackson might well omit the paragraph "Zionism ^{and} the Days of Josephus" found on pages XIV and XV of his introduction. The analogy between the political conditions in the time of Josephus and modern Zionism is only superficially true.

Jews in the time of Josephus were not seeking "national aggrandizement" only national independence which is the God-given privilege of every people. And Zionism today is certainly not seeking "worldly domination for Israel" but only the right of Jewry to be reconstituted as a nation in its ancient home.

Upon re-reading that paragraph Prof. Jackson may perhaps be inclined to omit it.

Henry Clay Kiser

Composite Character Sketch *of* HENRY CLAY RISNER

BORN in Kentucky, trained in life's school of experience, in college and university, he is at home equally before masses of the common people, as well as select audiences skilled in the Arts and Sciences. His splendid physique, superb health and virility make him a man of strong magnetic personality. Possessing a clear, rich voice he speaks with force, enthusiasm, perfect self-control and artistic finish.

Dr. Risner is marvelously well endowed, but best of all he is conscientiously appreciative of the natural gifts that are his, and earnestly strives to be worthy of them by the result of study and service.

It falls to the lot of but few men to enjoy the exceptional privileges that have come to Dr. Risner during the past three years. Close contact and personal friendships with some of Europe's and Great Britain's rulers, presidents, prime ministers and scholars, enjoying the hospitality of the homes of some of the old world's great men, have given Dr. Risner fresh viewpoints, enlarged visions and a world sympathy, all of which he makes others to see and feel as he recounts his interviews and experiences.

It has been said that "God never makes two men alike—He makes the man, then breaks the mould." This most certainly is true respecting Dr. Risner. He is not like anybody else, and his audiences are quick to realize it. His unbounded love for humanity is quickly imparted to his hearers. His fund of information grips the mind of the most astute thinker, while his matchless oratory and command of pure language holds the crowd till the last sentence of his message. He is essentially a big man in body, mind and heart who pours out his life for the uplift of the world. He is all things to all men that he may win some.

Not the least of Dr. Risner's activities was the work that he did at the direction of Herbert Hoover in Russia and other parts of troubled Europe.

COMMENDATION OF THREE CONTINENTS AMERICA

Beat the World Series in New York

New York Rotary Club: It was while Dr. Risner was speaking before this great American Society that the crowd yelled, "to hell with the ball game," when he reached that point in his speech of the 20 minutes allotted him, that the audience preferred to have him continue instead of going to the "World Series" baseball game on that day. His subject was "The Mission of Poetry."

FROM THE NEW YORK TELEGRAM

The most dynamic and appealing lecturer in the English-speaking world to address the radio audience will be Dr. Henry Clay Risner, whose work with the A. E. F. in France endeared him to every doughboy, and who has gained exceptional distinction through his lectures in Europe and this country during the last four years.

The outstanding men of three continents have unanimously hailed Dr. Risner as the greatest of lecturers, as well as one of the greatest of men. His dynamic personality and his unbounded love for humanity have gained him immediate popularity with his audiences in every walk of life. College presidents, Members of Parliament, Prime Ministers, Senators, Army officers and newspaper editors of America, Great Britain and Europe have paid him high tribute during his extensive tours of recent years.

PRESIDENT SOUTHWICK EMERSON COLLEGE OF ORATORY, BOSTON

When one hears Dr. Risner he listens to an orator whose speech is colorful, rich in illustration, vibrant with intense earnestness, and looks on a personality that is virile, winning and gracious.

PRESIDENT BULLEY JOHN B. STEINSON UNIVERSITY

We wanted a man of sense as well as power in our college community. We secured Dr. Henry Clay Risner, who spoke every night for five weeks to the churches of DeLand and the students of the University.

Dr. Risner is a lovable, fine man. He is highly educated and is a student of life, of men, of nature, with the result that he is broad in his sympathies, rich in culture, sympathetic with his fellow men, can move them to tears with his message, and has impressed the whole community with his sincerity and truthfulness.

PROF. WM. A. McCALL COLUMBIA UNIVERSITY

*** Dr. Risner has a rarer trait, sympathetic insight. He sees through the chrysalis of things. When he touches a stone, it does not reveal itself as a stone but sprouts wings to bear his message. When he touches a human life, its true nature does not leap forth but rather its better nature. I have seen thousands rise up to honor his message.

DELAND NEWS

Dr. Henry Clay Risner delivered his famous lecture, "The Mission of Poetry," to an appreciative and enthusiastic audience in the DeLand Opera House.

"The Mission of Poetry" pleases because of the light, the joy and romp of life one gets out of it. In this lecture Dr. Risner painted the picture of life in such a pleasing manner that we were able to look and look right through the canvas and see the world as it is, as it has been and as it should be; we could hear the laughter of the children; see the joy in the contented homes and the sadness in the discontented; hear the moaning of the tree and the sweet song of the bird in its branches; hear the wheels of industry as well as the neighing of the horse, the calf bleat and the hen cluck down on the farm.

"The Mission of Poetry" puts you in tune with life.

"Stopped the World's Greatest Show"

Millions Thrilled by One Prayer: It was during the National Democratic Convention at Madison Square Garden. Dr. Risner was invited to deliver the opening prayer. At the close the vast audience broke into applause. Chairman Walsh, clasping the speaker by the hand, said: "This was the most wonderful prayer I ever heard. It's just what the convention needed." Walter Moore, parliamentarian of the convention, added: "It was the event of the Convention." The press has recognized this prayer by wide publication and radio fans have favorably commented upon it.

FROM THE READING TIMES

Seven hundred employees of the Reading company, coming together for acquaintance, were treated to an exceptional inspirational address by Dr. Henry Clay Risner, of New York. Dr. Risner spoke of his experiences when he spoke in France to American soldiers, and while he was in Russia as a member of Secretary Herbert Hoover's food commission.

Dr. Risner, a lecturer of national repute, drove home the points of his address with pungent humor. He asserted that never before had he heard an audience laugh so heartily. "And laughing," he added, "is the oil of life, the oil that makes the world go 'round.'"

PRESIDENT PAUL T. SHAW PORTLAND, ORE. WITH A.E.F.

I can think of no greater privilege than to be able to assist in placing the work of Dr. Henry Clay Risner before the American people.

If this organization could have been so fortunate as to have had more men of his type mixing with the boys in France the work would have counted for many times more than it had, and I am not minimizing the wonderful work the association had accomplished when I say this.

DR. H. D. SHELTON SECRETARY CONGREGATIONAL WORLD MOVEMENT

He is irresistible. He belongs to everybody. I cannot conceive of him failing before an audience. His integrity, mental and moral, is so unmistakable that his hearers, whether highly cultivated or not, feel the true ring when he speaks.

Many men highly endowed do not love men as he does. They have not his consuming desire to minister to man's deepest needs.

Half a million officers and doughboys witnessed the magic of Dr. Risner's presence and words as he transformed that bleak and sordid world into a Mount of Blessing for those sorely tried soldiers.

The work he did in war time should not be interrupted by peace. The capacity of men like him for the rarest service must be regarded as an international asset.

WHAT OTHER PEOPLE SAY OF DR. RISNER

From George M. Verity, President, the American Rolling Mill Co., Middletown, Ohio: "You gave us all and much more than was expected in your message 'The Mission of Poetry'."

Herbert Hoover, Member of President Coolidge's Cabinet: "I have so high an appreciation of Dr. Risner's work that I am having arrangements made through the American Relief Administration to assist him."

The Louisville Courier-Journal: "Dr. Risner has achieved success as an international lecturer. He is irresistible."

The Boston Chamber of Commerce gave Dr. Risner a spontaneous oration. President Everett Morse said: "We have had ten lecturers this season and all very able speakers, but many members have volunteered to tell me that Dr. Risner's address topped them all."

Will Rogers said: "If Risner had prayed at the beginning, the convention would have elected a man right off the bat."

MIDDLEBROOK
LEEDS, ENGLAND

You gave us something to think about at the Luncheon Club, and I am sure that cultivation of the spirit that you indicated amongst men generally would have a beneficial effect upon the relationship both of individuals and the nation. I thoroughly enjoyed the address you gave us.

ROBERT N. DOUGLAS
HEADMASTER

ENGLAND

I am sure that we shall not ever forget your visit to us, and we shall treasure the memory of it. I was anxious that other people should share

with us the chance of hearing and knowing you and have written to the Chancellors of both Oxford and Cambridge. It is only natural that your work at Coblenz, Berlin and elsewhere should have been highly appreciated. The only regret is that your stay in Europe cannot be prolonged so that you might have reached a wider audience. At any rate, you are in no danger of being forgotten here in the school or in this household. The boys speak of your lecture as the finest they have ever heard, and I can assure you that I have had many good preachers in our pulpit. To me it seemed that the perfect sincerity, perfect simplicity and straight-forwardness of your address could not fail to go home to everyone. Your love for your kind, your ardent desire for work, your anxious search for perfection, your magnetic influence over others made of all you said, a real living inspiration. I cannot thank you too highly for your great help.

PROF. A. BRANDL
UNIVERSITY OF BERLIN

I take great pleasure in expressing my heartfelt thanks for the remarkable lecture on "The three links that bind humanity," delivered in the English Seminar of the University of Berlin, May 14th, 1920, by Dr. Risner. The prolonged applause at the close from the profoundly impressed audience is, I am sure, all one could wish.

PRIME MINISTER
HUNGARY

I take this opportunity of expressing my warm appreciation and sincere gratitude for your invaluable work in our behalf, the memory of which will at all times live within all Hungarians.

DR. EDWARD
HENRY EMMETT
WITH A.E.F.
IN FRANCE

One of the men who has been most widely and acceptably used in lecturing to the officers and men of the A.E.F. in France is Dr. Henry Clay Risner.

No other lecturer that I have come across is quite like Dr. Risner. He possesses that rare quality of being able to quickly adapt himself to whatever situation confronts him. He is just as much at home with the doughboy as he is with the general of the army. I think this is due to his pleasing personality and to his every-day, matter-of-fact and simple presentation of profound subjects.

GENERAL HESTER LIGGETT,
Commanding Third Army.

The reason I am sending Dr. Risner to you is that he is a big man, not only in stature but in ability and personality, and he has a way of reaching our men through his personality, good humor and common sense that puts him in a different class and makes him much more valuable than most men who are lecturing on ethical subjects. In fact, he is considered the best man that has been sent over. He represents the simplicity of the best spirit of our country.

His services to our men merit any consideration our high officials will be able to show him.

SUPREME
WAR COUNCIL
Gen. Bliss

My dear Dr. Risner: General Bliss has been very much interested in the many reports he has received with reference to the good work being done by you among the American troops in France, and has so expressed himself, particularly after his interesting interview with you the other day.

Personally, and for the other officers of the General's Staff, I want to say that we believe your work is the kind that does real good. The ability to get close to the hearts of men is not given to every man who takes it upon himself to go on the lecture platform. To be a success in this kind of work one must be a thorough student of human nature and be able to put his audience in a receptive mood right from the start. Your past success in reaching the American soldier seems to be unquestioned, and we extend to you our best wishes for a successful conclusion of your work in Europe.

Sincerely yours,

W. B. WALLACE,
Colonel, General Staff, U. S. Army.

THE DOUGHBOYS A.E.F. IN FRANCE

In the name of the Military Police Camp, I wish to thank you for sending Dr. Henry Clay Risner to lecture for us. All the boys say he is the best they ever heard; the only objection was it was too short. They say they could sit and listen to him all night.

GEORGE RICHVILLE, M. P. C.

GENERAL TYSON A.E.F.

I am glad our men had the opportunity of your splendid talents. I appreciate your great desire to do something for the boys. You can do it as well as anybody in the world.

J. W. LOVETT RASSENS, FRANCE

Your talk to the men of this camp was so much enjoyed by them that I feel impelled to tell you so. Coming here unexpectedly and unannounced

with a full program of movies and dance scheduled, only a man with a real message and the ability to deliver it could have put it over.

My announcement that a twenty-minute intermission would be had for the purpose of hearing you was received with a dead silence, a courteous way of signifying their disapproval. Your ready fund of quick fire wit and humor caught and held their attention however, and this morning they have expressed their pleasure and the desire to have you come again. I am writing the Entertainment Department today requesting that you be sent to this hut again before you leave this region.

What the Papers Say:

DAILY MAIL, LONDON "England's public schools are being visited by Dr. Henry Clay Risner, one of the United States best known preachers, who is making a tour to learn the secrets of the English system of education."

STANDARD, COLCHESTER—Mayflower Celebration "At the Mayflower Celebration Dr. Risner's eloquent address moved the gathering alternately to tears and laughter."

DAILY COURIER, TYLER, TEX. "The Coming Man began in a humor that was fine and ended in a pathos irresistibly touching. The speaker often arose to sublime heights of oratory until his hearers were spellbound with excess of feeling. In this lecture we find the grandest lessons that were ever brought to man, and the influences and principles will last forever."

AMOROC NEWS, COBLENZ, GERMANY "All records in attendance were broken last night at Fest Halle. Dr. Henry Clay Risner, who is rightly styled 'the friend of the boys' and who never fails to draw large numbers, was the attraction. Upon rising to speak, Dr. Risner was greeted with hearty applause. He at once proved his mastery of the essentials of a good speech for the Yank doughboy by opening his address with interesting stories and much humor. He had the crowd in high spirits from beginning to end, holding close attention throughout."

BRONX BOARD OF TRADE NEWS "The after-war problems will be solved by co-operation" was the keynote of a stirring address delivered by Dr. Henry Clay Risner before the Bronx Board of Trade in the Hotel Commodore. Back from a two years' tour of Europe, during which time he fraternized with leading figures in world politics, Dr. Risner recounted his experiences in Germany during his recent visit."

THE ENQUIRER AND EVENING NEWS "With 'The Mission of America' as his theme, Dr. Risner, one of the great men of America today, gifted with a wonderful power of expression, delivered his lecture. He stirred the great audience last night, leaving behind him an inspiration that will have its effect in the thought and life of many. Those who heard him agreed with the 'Boston Post' that 'he is one of the great orators of the age.'"

The Creed
of
THE CITY CLUB

I HAIL and harbor and hear men of every belief and party; for within my portals prejudice grows less and bias dwindles.

I have a forum—as wholly uncensored as it is rigidly impartial. 'Freedom of Speech' is graven above my rostrum; and beside it, 'Fairness of Speech.'

I am the product of the people, a cross section of their community—weak as they are weak, and strong in their strength; believing that knowledge of our failings and our powers begets a greater strength. I have a house of fellowship; under my roof informality reigns and strangers need no introduction.

I welcome to my platform the discussion of any theory or dogma of reform; but I bind my household to the espousal of none of them, for I cherish the freedom of every man's conviction and each of my kin retains his own responsibility.

I have no axe to grind, no logs to roll. My abode shall be the rendezvous of strong—but open-minded men and my watchword shall be 'information,' not 'reformation.'

I am accessible to men of all sides—literally and figuratively—for I am located in the heart of a city—spiritually and geographically. I am the city's club—*The City Club.*

To the Board of Directors,
The City Club.

Gentlemen:

The committee on activities, appointed by your board, of which committee I have served as chairman, has held two meetings, both well attended. An effort was made to examine into and appraise present activities carried on by the club for the purpose of suggesting improvement to any of them and to consider what new activities might be undertaken. Other suggestions, respecting activities, service and club facilities, having for their purpose the general welfare of the club and of increasing its attractiveness to present and possible future members, also were considered.

Those who compose the committee are men having considerable experience in club affairs and a deep interest in its success and criticisms were offered and discussed at length. A majority of the committee were strongly in favor of certain of the suggestions that were brought up. These are set forth in this report as recommendations of the committee.

Some of the suggestions did not have majority support in the committee but it was felt, nevertheless, that these have some merit and they are, therefore, included in the report and passed on so that they may have further consideration.

The recommendations adopted by the committee follow:

THAT a junior membership, limited to three years and applying to men under 28 years of age, for which there would be no initial fees required and dues to be nominal, be created by the board.

THAT arrangements be made to hold meetings upon public questions after luncheon in the club lounge or dining room. It is suggested that local leaders in civic, social welfare and other movements, particularly of local interest and importance, could be secured at no cost; also that some of these meetings might be open to the public.

THAT arrangements be made for presenting series of evening lectures upon science, psychology and other subjects of especial interest to certain groups in the club membership. It is suggested that lecturers be engaged to present the subject, outline courses of study and that open discussion periods follow the address.

THAT the club consider the advisability of accommodating small groups who now attend paid lectures downtown.

THAT a survey be made of the men's associations and clubs, having a small membership, who now maintain downtown headquarters, including

club rooms, with a view toward taking the membership of these organizations into City Club membership, in case the club facilities would provide for their peculiar requirements.

THAT the club extend the privileges, to a greater extent than heretofore, to the women and children of members, this to apply to club use and entertainment affairs.

THAT consideration be given to the possibility of re-establishing billiards.

THAT arrangements be made to open the club dining room on stated evenings for the serving of dinners to which women would be admitted and would have privileges of the club rooms on those evenings.

THAT the board authorize the acceptance of deferred payments on stock for applicants for membership.

THAT invitations to attend forum meetings be issued to non-members, having an especial interest in the speaker or subject, the invitation to be limited to attendance to hear the address or to include luncheon, if paid for by those attending.

THAT a survey be made of clubs or societies of small membership, to determine the possibility of joint use of the City Club facilities by such organizations.

THAT the guest privilege for City Club shows be abolished.

THAT consideration be given to re-establishing the children's Christmas parties as an annual club affair.

The following suggestions are passed on for further consideration:

THAT some steps be taken to see if food portions can be increased to offset general criticism of the dining room on that score.

THAT former members of the club, who have resigned in good standing, might prove a fruitful field for increasing membership.

THAT through printed matter or other means, something might be done to offset the impression that the City Club is a radical organization.

THAT occasionally a rule be passed, applying to a forum meeting, making the bringing of one guest a compulsory requirement.

THAT a membership secretary be hired by the club.

THAT "The City" be mailed for a period to selected lists of non-members.

Your chairman regrets that, because of his removal from the city, it will be necessary for him not only to resign as a member of the City Club, but as chairman of this committee as well. I believe, however, that a chairman should be appointed in my stead and that the committee be continued for further study and report.

Yours very truly,

FRED CHARLES

Chairman.

To the Members and Deputy-Members
of the Council of the Jewish Agency
for Palestine.

Dear Sir!

The Palestine Photograph Service (Palästina-Bilder-Korrespondenz), established jointly by the Keren Hayesod and the Jewish National Fund, is a clearing-house for pictures bearing on Palestine, and also on general subjects of Jewish interest. It is connected with a large number of organisations and newspapers, and is very frequently called upon to supply photographs of leading personalities in whom the public is interested.

The object of the present letter is to ask you whether you would be so kind as to let me have at an early date a photograph of yourself with the permission for publication in the interests of Palestine work. Original portraits of as large a size as possible, are, for our purposes, preferable to newspaper reproductions. If desired, the pictures will be returned.

In the hope that you will accede to my request which, you will appreciate, is made solely in the interest of Palestine work, and thanking you in anticipation,

I am,

Yours faithfully,

Dr. HUGO HERRMANN,
Director.

An die Mitglieder und Ersatzmitglieder
des Council der Jewish Agency
for Palestine.

Sehr geehrte Herren!

Die von den Direktionen des Keren Hajessod und des Keren Kajemeth Leisrael begründete Palästina-Bilder-Korrespondenz dient als Zentralstelle für die Sammlung und propagandistische Ausnützung von Bildern palästinensischen, aber auch allgemein jüdischen Interesses. Sie steht in ständiger Verbindung mit einer großen Anzahl von Organisationen und Zeitungen und wird immer wieder von verschiedenen Stellen ersucht, Porträts von Persönlichkeiten, die die Öffentlichkeit interessieren, zur Verfügung zu stellen.

Ich gestatte mir daher, die höfliche Bitte an Sie zu richten, der Palästina-Bilder-Korrespondenz möglichst rasch Ihr Porträt zur Verfügung zu stellen und ihr zu gestatten, dieses Porträt im Interesse der Palästinaarbeit auch zu publizieren. Die Einsendung von bereits reproduzierten Porträts aus Zeitungen und dergleichen ist weniger erwünscht; am liebsten würde die Palästina-Bilder-Korrespondenz Originalabzüge von Photographien, und zwar in möglichst großem Format, erhalten. Auf besonderen Wunsch ist die Palästina-Bilder-Korrespondenz auch bereit, die Photographien wieder zurückzustellen.

Ich hoffe, daß es Ihnen möglich sein wird, meine ausschließlich im Interesse der Palästinasache vorgebrachte Bitte zu erfüllen, und danke Ihnen dafür im vorhinein bestens.

Hochachtungsvoll

Dr. HUGO HERRMANN.
