Honorable Myron C. Taylor  
State Department  
Washington, D. C.

Following our conference with you this morning we have canvassed the situation with our colleagues of the Joint Emergency Committee. Earnestly urge in view of new telegraphic advices re further atrocities, copies of which are being forwarded to you, immediate objectives the realization of points 1 and 9 of our memorandum. If we could get agreement of representatives of America and Britain on these points and public statement thereof, other points involving more technical and prolonged considerations could be handled by agency we hope will eventuate from conference between United States and Britain. With respect to point 12 we are advised it is the intention of the Joint Distribution Committee and the United Palestine Appeal to continue their relief work on large as possible scale. Are satisfied that if additional substantial money pledges from Jewish communities would facilitate immediate action we could secure such pledges.
