My dear Rabbi: -

I recently returned from a rather brief visit to Palestine and I have the pleasure of conveying to you, sincere greetings from Dr. Mosensohn of the Jaffa Gymnasium. I have tried to reach you by phone several times during the past few days but found that you were out of town. You will pardon me, I hope, in choosing this method of fulfilling my mission: - I find myself so fully occupied with my medical studies that I have so little time for much else.

My parents as well as my brother Elliott wish to be remembered to you.

Most sincerely

Edward R. Dickstein.

With kindest regards and wishing you well, I beg to remain

My dear Maurice,

I was delighted to receive your letter of the 25th of September, especially because of the news which it contained. I am very pleased to learn that you have ~~got into~~ the Navy. I think it was a wise choice on your part. The Navy will help you to gain that discipline and steadying influence which you and all boys of your age require.

If I were you, I would work very hard to get into Annapolis, which holds for you great possibilities. Work hard and I am quite sure you will succeed.

Let me hear from you whenever possible.

With kindest regards and wishing you well for the coming year, I remain

Yours friend,

P.S.,

I do not remember whether I acknowledged your last money order, which liquidated your debt. If I did not, this is my acknowledgment, with thanks.

I have just received your very kind letter inviting me to have dinner with you at your home some evening next week. I shall be very glad to avail myself of your hospitality, but must defer the pleasure for a little while.

For the next few weeks I am so burdened with out-of-town lecture engagements and the pressure of duties here, that I hesitate exceedingly to set a date definitely and then be forced to cancel it later on. I shall be very happy to be with you at some future time.

In re COHEN v. SILVER.

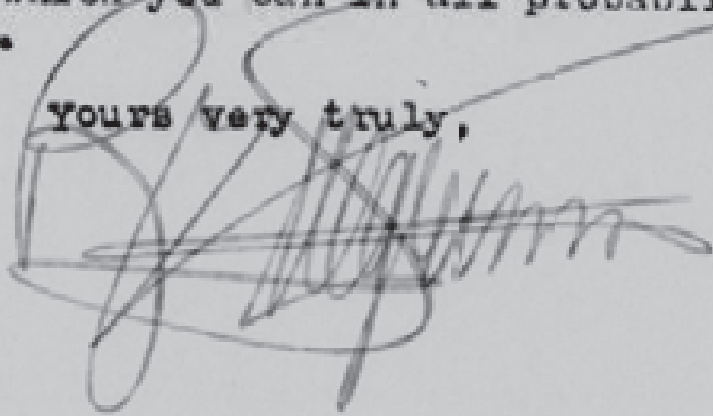

My dear Doctor:

I received your check of \$100 dated October 5th, 1920, on account of moneys due on notes in the above matter.

My representatives in Cleveland have just advised me, that you failed to make a payment in September which I wish you would take up at once. It makes absolutely no difference to this office whether payments are made to Bardwell & Miller in Cleveland or here. To keep things regular it probably would be better that you make your payments direct to my Cleveland representatives, and in that way the suit can properly be withdrawn, when all of notes are fully paid.

Of course these payments are made with the understanding that you will, in addition to the face amount of the notes, pay all Court costs and expenses incurred, amounts of which you can in all probability get direct at Cleveland.

Yours very truly,

Dear Rabbi -

Your kind letter cheered me up so I want to thank you for your thought of us. My dear husband is sinking fast - is very weak. I suppose you know I removed him from the E. 5th Hospital to Mt. Sinai Hospital last January & as soon as weather permitted, I got him home in the country - hoping against hope that the fresh air would invigorate him - but all my efforts have been in vain - I cannot save him & my heart is breaking.

His exemplary life has been my inspiration to keep on, so I feel there is something in us more beautiful than the mortal. He was so thoroughly good - in thought, word & deed - always wanting to do something for others & it does seem he was meant for a better world. Too bad - when husband & wife are so devoted - they cannot go together.

I did not intend to write you such a lengthy letter & I just want to add that when the blow does come it will be a consolation to know I can call on you on that occasion. As Mr. Fleichman admired you so & it would please him to know you were by

his side when he is laid away. I never go to
the Temple since we have been out here - as I
do not leave the grounds & am with Mr. Fleishman
constantly.

Would appreciate a visit if you are ever out
this way.

To All Housewives:

Again are the housewives of the country confronted by the MORAL ISSUE of the INCREASED COST OF LIVING; but high prices for the necessities of life are not confined to the United States alone. It is a world condition and the direct cause is well known.

The German Bankers, backed by the Kaiser, conceived the idea that they could control the markets of the world, and for that purpose they plunged civilization into the most cruel of all wars. Commercialism, and the commercial spirit, caused the downfall of the Kaiser and his realm, but the burden of this insane act is being borne by the innocent peoples of the world.

When the people of the United States realized the enormity of this crime against civilization, the moral force of the nation to a man united in condemnation of the attempted commercial supremacy of any one country to rule the world.

→ No nation liveth unto itself. International trade is sought and encouraged by all nations. The world boards of trade of London, Hamburg, New York and Chicago, EXIST for the CONTROL and FIXING OF PRICES of all world commodities, through an INTERNATIONAL AGREEMENT AND CABLE SYSTEM.

Recognizing these international trade conditions with the consequent speculating and gambling tendencies, causing unnecessary fluctuations in all prices, what should the attitude of all women housewives and home managers be toward this condition? Should they not at once mobilize their forces and in a non-partisan spirit demand the League of Nations to fix the MORAL STANDARDS of the world? Should they not through the ballot, also, demand an International Supreme Court to fix the LEGAL STATUS of the world? Does not a federation based on co-operative principles offer a better and more stable condition for the peoples of the world, than the present isolated state and competitive spirit of rivalry and hate?

COMPETITION, not co-operation, breeds WAR!

Dear Sir:-

We have today received communication from Mr. Siegelstein, representing Cohen and he states that he has never requested you to withhold payments from this office, but on the contrary has written you under date of October 8th requesting that this be done, which would greatly facilitate the turning over to you of notes as payments are made in accordance with our understanding.

He acknowledges receipt of check of October 5th for \$100.00 and there remains unpaid the September installment which we ask that you send to us at once, whereupon we will return to you the notes which you have requested from Siegelstein.

We have explained to you heretofore the fact that these notes are held here and for that reason have asked that you send us your payments and avoid all this unnecessary correspondence.

Now, I have received a telegram from Rabbi Silver that he will not be able to reach Cleveland before Thursday morning, so that it will be necessary for you to make other arrangements. If you will telephone me as soon as possible today that it will be satisfactory for Rabbi Goldsman to perform the ceremony for you and I will make the definite arrangement for him to do so in place of Rabbi Silver.

I made every effort to reach Miss Glick by telephone last evening, without avail. Will you please get in touch with her at once and telephone me what to do.

Aghs since we saw each other or heard from each other! How are you? I suppose you know that I am located with the Temple in Boston. It is quite large and you may have heard of it when Dr. Eckler was its Rabbi. He is now in Buffalo.

We are quite happy out here. I am enclosing you our weekly Bulletin, and trust you will send me yours regularly too. Write us when you can and when shall do similarly. Hope you are well.

Rev. Rabbi Silver—

My Dear Sir—

Yesterday morning I had the privilege of hearing your splendid address at the Temple. But I was surprised at your expressions pertaining to England & her colonies and also French conduct in Russia.

You stated, as I recall that "when England treats her colonies, such as Egypt & Ireland, fairly and with decency".

Now I am greatly interested but not well informed on the subject of England & her relation to Ireland & her other colonies.

I wonder if you would be good enough, to give me what information you have or where I can obtain information showing Englands improper conduct towards Ireland & others.

I do not ask that question in any sense of sarcasm or criticism; I simply seek information.

Mr. Samuel Swiss who is a friend of mine, will tell you of my expressed admiration for you as a man & a public speaker.

I still remember with considerable delight, your

fascinating talk on Palestine at the Unitarian
Men's Club of the Unitarian Church, of which I
am a member. I would be happy to hear
that address again.

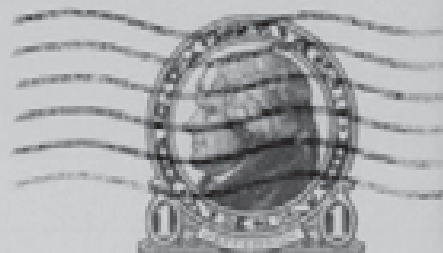

Assuring of my warm, friendly feeling toward
you. I remain with very sincere respect.

Rabbi David Alexander,

My dear Rabbi Alexander,

In my last letter to you, I did not mean to imply that it was not your bounden duty to speak to the Canton people as your conscience dictated. Every man is privileged to express himself as to the general fitness of a man for a position. I understand, however, that you made definite statements relative to Maxwell's accepting general rumors and hearsays about his Socialistic or Bolshevistic tendencies, and presenting these to the Canton people as facts.

It was my thought that any minister should seek to verify such rumors at their source, before even lending his name to them. You say that I would have done exactly the same thing under similar conditions, but I am afraid that I must differ from you on that. I would, at least, have given my Colleague the courtesy of writing to him and inquiring as to his exact position. Maxwell would have had no hesitancy nor fear in stating his position clearly and definitely. You may recall the saying of the Rabbis -

I am sure you will be glad to know that my trip to Palestine has resulted in the organization of the Palestine Pictures Corporation, devoted to the development of the screen industry in our Homeland.

I take pleasure in enclosing a prospectus explaining in detail the plan of our Corporation, which I trust you will find of interest.

Hoping it will be convenient for you to cooperate with us in our undertaking, I remain

FACTS ABOUT THE MOTION PICTURE INDUSTRY

THE motion picture industry today offers more substantial returns to investors than most other industries, if managed judiciously and by those who know what the public wants, and, what is far more important, what it does not want.

It is an industry that has grown to robust maturity within an incredibly short time, and in which one seldom hears of a failure. All of the companies producing or distributing motion pictures, headed by practical motion picture men who have gained their experience in the embryonic stage of the industry, are making money. Some are making more than others—depending upon the amount of enterprise, foresight, and the many other qualities that result in corresponding degree of success in every other business—the essential fact is that ALL MOTION PICTURE ENTERPRISES OF THIS CHARACTER ARE MAKING MONEY.

PLAN FOR DEVELOPMENT IN PALESTINE

Most industrial undertakings in Palestine would be handicapped at this period by the lack of power and machinery, while the motion picture industry can be immediately established without difficulty.

The climatic conditions and the peculiar solar effects that have made Los Angeles the motion picture capital of the world are remarkably duplicated in Palestine.

In addition to the same atmospheric and climatic conditions that provide the motion picture advantages of Los Angeles, Palestine supplies what the Occidental world cannot equal—an historic background and hallowed environment.

By producing in Palestine and distributing throughout the world dramatic motion pictures, so constructed that they will have a universal appeal and so made as to conform with the commercial standards of the screen, we can successfully compete with all other producing companies in the market.

The Corporation intends to immediately inaugurate a producing program which should provide a substantial dividend to stockholders and a sufficient surplus to finance additional productions and develop the screen industry in Palestine.

PROPAGANDA VALUE

Though the great majority of Jews will not settle there, the whole Jewish world is interested in the development of Palestine as a Jewish National Homeland. By showing on the screen, in fine and true dramatic form, the life of the Jewish people in Palestine, our Company will serve as an important connecting link between Palestine and the Jews in the Diaspora.

Moreover, in bringing before the world, motion pictures portraying the Jewish people as they are; their enduring hopes and ideals; their high tenets and principles; their unsurpassed moral code; and in directing attention to, without offensively emphasizing, their various contributions to mankind; presenting them as the product of an ancient and enduring order of civilization—and not as they have too often been caricatured and misrepresented by prejudiced and hostile minds—our company can become the most effective and the most aggressive agency of ridding the world from the age-long and ignorant curse of anti-Semitism.

THE OFFICERS

B. P. SCHULBERG, *President*, is prominently known as one of the most capable motion picture men in America. He was the General Manager of the Paramount Pictures Corporation (Famous Players-Lasky Corporation) for a number of years, and together with former Secretary of the Treasury, Wm. G. McAdoo and Hiram Abrams founded and organized the United Artists Corporation, consisting of Mary Pickford, Charlie Chaplin, Douglas Fairbanks, and D. W. Griffith. He is President and General Manager of the Attractions Distributing Corporation, which has presented a number of successful screen productions in America. Under the personal direction of Mr. Schulberg, the production activities of our Corporation are assured experienced and capable management.

MORRIS MARGULIES, *Vice-President*, is a leading American Zionist, and has recently returned from an extended tour of Palestine, where he made a thorough study of general conditions and came in personal contact with the foremost Zionist and British Officials in the Holy Land, including Sir Herbert Samuel, Great Britain's High Commissioner for Palestine. Mr. Margulies will actively represent the interests of the Corporation in Palestine.

J. G. BACHMANN, *Treasurer*, is a Certified Public Accountant, well-known as a financial expert. He is identified with a number of successful motion picture enterprises. Mr. Bachmann will give the business affairs of our Corporation his personal supervision and the benefit of his wide experience.

SAMUEL BLITT, *Secretary*, was for a number of years Director of the New York Zionist Bureau. He is known throughout the United States and Canada as a successful Campaign Director for the Palestine Restoration Fund of the Zionist Organization.

THE PALESTINE PICTURES CORPORATION

The Palestine Pictures Corporation is organized under the laws of the State of New York, with a capital of \$180,000 divided into 15,000 shares 7% cumulative full paid and non-assessable Preferred stock at \$10. Par Value, redeemable at the option of the Corporation, at \$11. per share and accumulative dividends, and 6,000 shares Common stock without Par Value. Each block of 5 shares of Preferred stock carries a bonus of one share of the Common stock. Thus investors are *assured* preference as to assets, preference as to dividends and equal participation in all the profits of the Corporation.

We *guarantee*, should the Corporation for any reason fail to begin operation, REPAYMENT TO STOCKHOLDERS OF THEIR INVESTMENT IN FULL—without deducting any expenditures incurred to the time of suspension.

Letters to a Rabbi
from a silly Schoolgirl

Due to the high cost of Stationary we are conserving
Space.

Dear Mr. Silver

As you have been the
bored recipient of some of my letters
you realize that one of my short-
comings is writing long letters,
and you consequently understand
why I've dubbed this one the Journal.

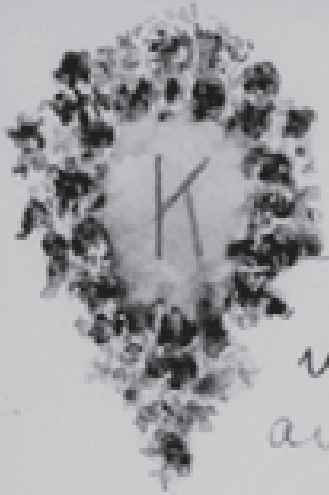

Another reason for "The Journal"
is that I've become accustomed to
not receiving answers from you
(and one never acknowledges the
receipt of a Magazine) and further-
more - the Editor of a Magazine
doesn't expect his readers to read
the whole thing from cover to
cover - but he rather expects him to
destroy it when it proves too tiresome.

You may consider all that as the
Apology for the "Journal." My object
in writing it is not to tell you
the news for there is none of
importance; I simply get hungry
to talk to you, I should say
with you, but since that is impos-
ible I must say to you and try
to do it in writing.

I was most awfully glad
to (over)hear Mrs. Wolfe say
a couple of weeks ago that you
were again safe in the U.S.A.
I'm not going to ask you any
questions about your trip
(I'm just hoping that you'll
soon come and tell us all
about it).

It's rather late to be wishing you
a Happy New Year but all the
same I wish it with all my heart
^{and} might. I hope, dear Mr. Silver, that
you will find the little Bluebird
of Happiness this year and that he
will guide you thru all the years
to come.

I just finished studying my
Civics lesson. I used to believe in
Woman Suffrage but since taking up
Civics I've found how useless it is
for mere girls to ~~try~~ attempt to
learn the whys & wherefores of
government. I display my ignor-
ance everytime I'm called on
to recite. Norman Cunningham a boy
in my class remarked to somebody

during the class recitation
that I had a sweet blush!
which shows that I'm
aware of my stupidity and
am wont to blush with mortifi-
cation at my denivity!

It 11 o'clock P.M.

Bon^{ne} nuit.

- - - - -

Two days later.

I just finished painting
a batch of place cards for
Julia. Julia by the way
is away at school - Drew
Seminary, Carmel, N. Y. (2 hrs.
from N. Y.) When I got home

from School. This afternoon there
was a letter ^{from} Julia asking me
to hurry up and paint some
place cards and special delivery
them to her for a little party.

My gracious! but that's a
botched up paragraph. I guess you
are calling me "Schlorniel."

Is that the way to spell it? [?]
The truth of the matter is that
I'm a little excited. I was elected
Editor-in-Chief of the high school
paper (imagine!) and this aft-
ernoon after school I conduct-
ed my first staff meeting.

There are 24 on the staff. It is
needless to say that I was a
wee bit fussed. The fact that
I'd never even been to a

Record Staff meeting didn't ease
^{my} state of mind at all. Gee' but
I sure did feel queer. I had a
very nice dignified speech plan-
ned but I didn't deliver it
quite as dignified as I had expected.
Whatever shall I do when I
have to get up before the whole
school of about seven to eighty
hundred pupils - and the faculty
and deliver a long speech in
behalf of the Record!!! Poor Polly.

I don't know if I like the position
as Editor or not. Of course it is a
great honor. (Thine O Judaism,
is the Victory!) but I feel now I
must be a Model to the whole
school - for if the Editor of the
school paper doesn't do what's
rite, who should? And I do
so enjoy cutting unpleasant
classes and playing hookie
occasionally! Worse than that
I'm afraid to move or ~~speak~~ and
act as I please for fear some one
will say I'm trying to show off
just cause I'm Editor. It's ^{perce 26} so self
conscious!

Rabbi A. H. Silver

My dear Rabbi, I have not had the pleasure of seeing you since laying the foundation for the old Home. At that time I promised you a box of cigars which I sent but never heard whether you need them.

Now Rabbi another debt I owe you that is a dinner. It is an old debt and I want to pay it. And as I have a few things I would like to talk over with you. I wish you would honor me for an evening dinner next week at any day that is convenient, for you

I also understand you are on very friendly terms with Rabbi Goldman. I would therefore like to know if I could get him to join us. If he is married he can bring his wife. I have heard complimentary remarks about him and I would be glad to meet him as my subject would no doubt interest him. Please let me hear from you.

Dear Rabbi Silver:

Here I am

in the mountains of Va. - a
perfectly beautiful spot but oh,
how lonesome I was. Mother
said she met you at the hospital
one day and you told her I was
too sensible to be lonesome, but
I don't know whether the sensibility
is lacking or whether I'm just
human. As most every girl
had her share of the "Blues", the

president of the school told us to be sure to drop at least a nickel in the collection box or Mr. Sunday will remark about it. He certainly must express his thoughts very openly.

I suppose, now that you know I was homesick you will tease me more than ever about being a "baby", but "fire ahead" and I'll act the part of the abused heroine, while you'll

first few days. Now that I'm acquainted, though, I just love it.

I'm taking a course in Dramatic Art and Expression, French and other studies, too. My work is very interesting this year.

I haven't been to Temple yet, but they tell me that there are two Temples here and the one to which the girls go, has no Rabbi leader as its leader. After I find out who the rabbi is, I will let you know.

Tonight we are going to hear Billy Sunday and the

be the villain.

I hear the bell for
dinner, so I'll have to say
goodbye.

Fondly,

Robette.

I hope you have just a
moment sometime to write
to a poor little girl, who's
far away from home.

1. Die Bedeutung der Sprache
 Die Sprache ist das wichtigste Mittel der Kommunikation zwischen Menschen. Sie ermöglicht es uns, unsere Gedanken und Gefühle auszudrücken und mit anderen zu teilen. Ohne Sprache wäre das Leben isoliert und unbefriedigend.
 Die Sprache ist auch ein Spiegelbild der Kultur und der Gesellschaft, in der sie gesprochen wird. Sie trägt zur Identifizierung einer Gruppe bei und hilft, Traditionen und Werte zu verankern.
 In der Literatur spielt die Sprache eine zentrale Rolle. Sie ist das Material, aus dem der Autor sein Werk baut. Die Wahl der Wörter und die Art der Sätzebildung können die Wirkung eines Textes erheblich beeinflussen.
 Die Sprache ist ein lebendes Wesen, das sich ständig weiterentwickelt. Neue Wörter entstehen, alte fallen in Vergessenheit. Dieser Prozess ist ein natürlicher Teil der Sprachentwicklung.
 Die Sprache ist ein Werkzeug, das wir nutzen können, um die Welt zu verstehen und zu verändern. Sie ist ein Schlüssel zum Wissen und zur Weisheit.
 Die Sprache ist ein Geschenk, das wir schätzen und pflegen sollten. Sie ist ein Teil von uns selbst und ein Teil unserer Welt.

Dear Rabbi Silver:

I am very loathe to ask you for contributions for private cases but a unique case has come before us and it is one that must be met.

Mrs. Lishansky is a Palestinian refuge. She is a widow, her husband having been killed while cooperating with the late Aaron Aaronsohn in certain work in Palestine during the war. She came here for the purpose of claiming compensation from the British Government. She, however, lost all her documents and in all probability the compensation will not be allowed. She is now desirous of returning to Palestine. This will cost about \$450. Mr. Schweitzer has been good enough to start the subscription loan with \$100. Any contribution will be appreciated. Please send your check in the enclosed envelope.

Sincerely yours,

Jacob De Haas
Executive Secretary.

My dear Mrs. Wolf,

I feel very much ashamed of myself that I have not written you before, but ever since my return from Europe I have just been plunged in work and my correspondence has suffered because of it.

I was really very happy to hear from you and about Mr. Wolf and Marc. I do hope that I shall have the pleasure of being in Wheeling soon. Mr. Stein has invited me to be one of speakers in a lecture course series. I do not recall that he set any definite date. However, I shall be happy to see you when I can get to Wheeling.

Rabbi Silver,

Dear Sir.

You will be interested in knowing that three hundred children committed to memory your beautiful tribute to "America", the pupils of the Van Cleve School, and you will be amazed to learn that one room (composed of third and fourth grade pupils) were so pleased with it that they, too, had the joy in memorizing it.

A copy through the good Miss Yassenof went to each of the twenty-five principals and all are so grateful.

Kindly write a line that may be read to this school, as honestly, Rabbi Silver, it would do your heart good, to hear this out of the "mouths of babies".

I am returning herewith the letter which you gave me on Sunday. I read it with a great deal of interest.

I am sorry that your relative passed through so many trying experiences and that he did not find in Palestine the things he hoped to find. You realize, do you not, that things in Palestine are still very much unsettled; that industries have not yet been built up to find work for the many thousands who are eager to go there. It will take some years before satisfactory adjustments will take place. Your relative is, perhaps, a little too impatient and in some things prone to exaggerate.

Dear Mr & Mrs Segal

Your welcome letter we received, and shall write to you & tell you everything on condition that you do not mention my name in Mr Habin's letters when you write, as you did in your last letter that you wrote: what, I write must be secret, it is for your good. As I found these people out when I wrote a heartbroken letter to The Chief Rabbi of Cleveland to find you out, so that you might communicate with your daughter, she was very cross & I promised that I would write a letter & them not to trouble & find you out & that Bella had heard from you

which was at the time being
not true, I know that it
is now nearly 3 months
& today for the 1st time
Hahns promised to take her
to a Doctor & so the
weeks go by & every week
they charge Bella up
for her board & Lodging
which is their principal
interest, they have no
need to be in a hurry
so long as they know
that fresh money
will be sent from
her father, if you
want to take my
advice go the The Chief
Rabbi of Cleveland
he is a good & just man
tell him everything &
perhaps he will be able

you

to send to a Womens
 Aid - Society, or The Red
 & Cross where you
 must give your Authority
 to the Society & just
 the God in their care
 they will know best
 & have their Doctors
 which as I see you are
 praying for all the bills
 you ought, & must get
 the poor girl in true
 & just hearts & hands you
 where money is not the
 principal object

Dear Friends Mr & Mrs Seegal
 I am unknown to you
 & am not well myself
 therefore I beg of you to
 please not mention
 anything in their letters

enclosed is my Card I am
a Jewish Women but I
am afraid to write in
Jewish as it is not perfect
Please do as I tell you I
swear before The Almighty
God that I shall watch
over your child Bella
who tells ~~me~~ ^{me} everything
& who knows that I
am her good friend.

May The Almighty God put
you on the right road
to kind hearts, and
you will then be sure
that it will hasten
you to have your child
with you sooner than
otherwise ask The Rabbi
& he will help you

be kind when answering
 her letters do everything
 yourself you gave
 Mrs Hahn the Authority
 over your child therefore
 she will not let anyone
 help the child, so now
 you must get her
 into a Society & the
 trust that you put
 into their hands, you
 well & must put Bella
 into a Society, please
 excuse the liberty I am
 taking but I am
 near & know all
 don't send any more
 money untill the girl
 is under different
 protection & then you
 will know that some

good will come of it

You must excuse me not being able to writing to you in French. Enclosed you will find an adressed envelope to Mr Jacques Chapuis will you please send him a letter granting this man your authority that he has the right to place ~~my~~ your child under his care that is under the care of The American Comity here in Paris I want you to put your trust into me & perhaps in the near future you will have your child with you First of all do not send any money as your child have never once had any treatment yet with her Doctor with her. I am very sorry for her not that she is short of food she always is worth what she eats, but by the time you receive this letter it will be getting on for 4 months & they do not dream of taking her to a Doctor have it to me & God will help me to do what is right stop writing altogether to Rahms as all they are waiting for is to get more money from you, so that he can go back to his native Country I have good people here that will put your child in a proper Boarding school & I Mrs Daniels were to look after her as my own child & if later on please God when her eyes are properly better & should any money be needed for her before she leaves Paris you can then send on it to the adrees that I am sending you & you can then be sure that this Comity will not cheat you out of any thing I am advicing you for the best You have nothing to write now except to this man then tell them the truth

You have nothing whatever to write to
 Mr Kahn and nothing to your daughter
 when your child will be out of their house
 then you may write to her & I shall write to
 you occasionally & let you know everything
 do not mention anything to her you are
 done with them

Mr Jacques Chapera will write to you
 in a few days time & he will tell you
 his intentions, do not worry everything
 will be alright. do as I tell you, &
 later on you will see ~~us~~ that you & your
 child have me for a good friend.
 Trusting you will not do me any
 harm for the goodness I am doing
 you when I ask you not to write to
 them or mention my name. all I
 tell you should be kept secret from
 them, time will show everything
 do not worry I swore to stand
 by her, so good bye I shall finish
 writing hoping to hear from you, as
 your daughter begged of me to write
 & tell you everything & not to believe
 the letters that Mr Kahn sends you
 this is your child's signature.

Rabbi A. H. Silver,
Cleveland, Ohio.

Dear Rabbi Silver:-

I suppose that you have been wondering why I have not written you for so long. I will not attempt to excuse myself by the old-standby alibi of the N. U. C. of lack of time, but because there was nothing really of interest which I could tell you.

My work at University and college are coming along in fine shape, and becoming more interesting every day. The work we are getting in Hebrew Grammar affords us very fine training especially as Dr. Morgenthau is giving it. Dr. Engländer's Exodus class is rather easy, but my most interesting courses are those in Pirke Aboth under Rabbi Marcus and Liturgy with Prof. Fuchs.

I have made a good friend of Prof. Fuchs whom I like very well and we talk a great deal to each other, especially as I have succeeded in getting some fairly
(over)

good grades in his class. He is the most popular teacher at the college and has endeared himself to the heart of every student by his warm personality and ever ready, cheerful willingness to assist and to befriend. Dr. Freehof told me today that he was speaking for you on Friday, Dec. 31st when I will be in town.

At University I was chosen for the Debating Team and am now forced to resign because of the narrow prejudices which still exist against N. V. C. boys, and with which you may be acquainted. There were twelve N. V. C. boys trying out, and I was the only one to survive the trials, although in all fairness the entire team should have been made up of college men. After the tryout the teams met and chose an hour late in the afternoon for meeting which means that I am through. They displayed no willingness to meet me half-way.

At college several things of interest have happened. "Lou" Brown has left school and accepted a pulpit in Waterbury, Conn. In a letter to the Monthly he announces that Robbi Wice's Seminary will be opened in the Fall of 1922. "Lou's" inimitable accent and rare humor are very much missed these days.

The element in school which were defeated last year in election have formed themselves into a secret fraternity whose purpose is ostensible. The prime spirit of the organization is "Duke" Margolies and the other men in it are Finkelstein, Neyerowitz, Berkowitz, Mark, Stemscher, Urish, Frankel and Korman. I am very much afraid it will result in a split in the Student Body.

The Board of Governors has ruled that the "Lit" must consult with it before inviting speakers hereafter. This is merely another method of supporting the gradual of freedom of speech.

Alvin Sachs preached last Saturday, and his sermon was so outspoken in its liberal tendencies that everybody is still wondering how it was ever approved of. Milton Ellis wrote a sermon three weeks ago which was not half as outspoken as Alvin's, yet it was rejected in its entirety.

I understand from reading the "American Israelite," that you will be

in Louisville the latter part of the month. I
am wondering whether you will stop off in
Cincinnati, as I would be very glad to be able to
see you again.

Hoping that I have written some news
which has been of interest, I am,

Respectfully yours,

My Dear Rabbi Silver,

Having heard
that you were booked to speak
in Cincinnati on 30th, was just
wondering if it would be pos-
sible for you to come to Lexington
(2½ hrs journey only) Would just
love to have you speak to our
"Temple Society". Have almost
converted some of the members
to join the Zionist movement
just merely from extracts of that
perfectly wonderful lecture you
gave in Cincinnati during the Zionist
mass meeting & almost know it

that I (only one of my family
who was not) had joined the
realm of Zionism and pro-
ceeded to relate of the pleasant
trip to Cincinnati when Lo! and
behold! Dr Mann told me
you were a class mate
of his and he surely did
join in the admiration
party (wouldnt dare to go in detail)

Was very sorry that
Brother had to change his
plans and did not get to
Cleveland for I was very
anxious ^{for him} to meet you. We
had a wire to-day that
brought us some good
news. He will be with us
Thanksgiving and then a couple
weeks besides. Just wish you

will be impossible to have the
pleasure of securing ~~you~~ as a
speaker for the Society unless
you are in this vicinity now
what are the chances this
trip to Kentucky?

We will surely feel
that we are welcoming a
very near friend for we
know so very many people
who know you. If you
can arrange to come it
would have to be an utter
surprise to the Fisher family
because I know they would
not survive the anticipation of
seeing you. Dr. Louis Mann
was our guest a couple
times last summer while
here in interest of Chautauque
Society and I was telling him

could get here while he was
home. There is a train
out of Louisville at 6 Pm arrive
Lexington 8 40. We would meet
you and of course you are
to register at "Hotel Kahn". Then
Wednesday 31st address The
Temple Society. You know
Kentucky people don't make
company out of even dis-
tinguished guests - one of our
failings perhaps -

Please let me know
that I may look you
for the Society meeting, and
also as our guest
during your stay in Lit.

With kindest regards

Sincerely yours

DE Vera Kahn
