Dear Rabbi Silver -

I am very happy to send you the enclosed with my heartiest thanks for your kind services. We were both very much impressed with your beautiful ceremony, and shall strive indeed to live up to the ideals you set before us.

We are having a wonderful honeymoon, and have had already so much happiness that we feel a great debt of gratitude to you.

We hope to see you soon in Philadelphia, so do not fail to look us up on your next trip.

Dear Mr. Silver:-

Thank you for the copies
of your beautiful poem "America." It
thrilled us when we read it last even-
ing, just as on the night we first heard
it. Many of our friends asked for a
copy, - and I am glad to be able to give
it to them now.

I wish your engagements
would take you one way at this very
time, - and you could see for yourself

all the loveliness of Spring in our
hills, - and not laugh at me for
my ravings.

Again our thanks, - Henry's
and mine. - Sincerely,

ANOTHER DANCE!

Our last fraternity dance was such an extremely enjoyable affair that, ever since, we have been besieged with requests for another. This being a democratic country we bow to the will of the majority and accordingly, in great glee, we proclaim:

Dear Abba:-

Well here it goes all off of my chest at once sitting. Now that I have finally gotten my self to come out with the whole story to you, the rest is easy. And after you get this letter you may feel that after all there is some excuse for my attitude toward you, in that I have not written for so long a time.

As you no doubt know, "yours truly" neglected his university work all the time he was at college. Had I of gone consistently I could have been thru three years ago. When the war came along I was in my junior year at Varsity. I spent the first part of December, and went away for two years. At this time I was neck and neck with my college and Varsity work

I came back - Made up a year at College, but Varsity would not give me credit. I was in a h- of a fix. I went last year, and my only salvation was with the University of Chicago. A few months ago, I journeyed to Chicago, and while they were very nice they said since I was not a regularly enrolled student, they could do nothing for me. I came back to Chancellor, and he quietly informed me that my record was not of such a nature that he could show me any favors. You can imagine what a fix I was in. A Thesis to give be finally written, and the courage to be summoned to tell the faculty. Nobody will ever know what I went thru. Finally two weeks ago, I told the faculty. Of course they were sore. However Kohler,

ONE OF THE FINEST

Buttley, Enge, and Margy were fine. Well to get down to ~~of~~ details, they decided to let me graduate, but to withhold my diploma until Varsity work was completed. My thesis is in, but not yet read. Thus ends part one.

In the meantime Walsey kept asking me to come to Cleveland. Of this entire proposition I can tell you nothing. All I can say is that you were the one person with whom I would have liked to talk the matter over. Someday I will explain it all to you. In the meantime please try and understand.

Then came the call from Wheeling. Details of my trip I will have to

ONE OF THE FINEST

to tell you in person.

May I ask that you keep everything in this letter in the strictest of confidence. I am coming to Cleveland, possibly, late Sunday or Monday A. M. Will you try and save me a few minutes Monday, for I want to talk with you. Dr. Kohler received a letter from N.Y. about you. Did your ears burn.

As ever

as myself, I want to express
to you our deep appreciation
of the kindness you
extended to us in our

The tribute which you

I hear that you have not been
well, but that you have
recovered your usual good health.

RABBI SOLOMON GOLDMAN
CLEVELAND, OHIO

My dear Abba:

a thousand thanks for your kind letter. It satisfied a yearning - a yearning to hear from you. Cleveland is a lonesome place at least to me - without the charm of your presence. It is a case of "רצב נס".

The most important event of the season is the marriage of that reticent saintly and scholarly divine your distinguished colleague and your most affectionate well-wisher - may his name remain unmentioned. Confound the flsa! I was invited to witness "le coup du siècle". Jehovah be praised! It was the best advertised event of this year. The ceremony was staged at the Jewish center where the ceiling ^{of declared} proclaimed the glory of the saint and two thousand Jews (according to the Jewish World) ~~praised~~ claimed the reward of the marriage.

The Jewish World is emulating the noble example of the New York Yiddish Press. Its denunciations of the P D L Yiddish and agent-bureau.

If Anna Altman or Newman is discovered and the mysterious uncovered, if she should insist that she is unmarried, as an ~~old~~ I enjoy of course the privilege of observing that ancient and very dignified practice of Rabbi Gamaliel, namely, "אין אן עמפ" (In an empty barrel in the city).

We are commemorating this week the foolish step taken some one hundred and twenty five years ago by one Moses Cleveland. A warmer spot he could not have found unless he had descended into the Valley of Hinnom. Because it is so miserably warm, and because I am kept busy with funerals (Dr. Fried passed away and was buried to-day) I am not thinking, with your acquiescence, of pressing the organization of a local group for another month.

Ben-Zion, Judith and Naomi Ramak send their kindest regards and warmest greetings to you. The "Hava" joins them with an Amen.

Write often and plentifully.

Cordially
Solomon

Tuesday, the 22nd

Dear Rabbi Silver:

Owing to mother's illness, my trip home was hastened, and I was sorry not to have seen you before leaving.

However, remembering your request or rather desire to read "Beyond the Horizon" I have asked Reba to give it to you, and I hope you will enjoy it as much as I did. It is well worth reading.

I am happy to say that mother is much improved, and I really believe that her ailment was more loneliness for me than anything else.

In the short week I have been at home, I have had two Cleveland callers, one Mr. Samuel

I have assumed full charge of our little home, and pink gingham housedresses have replaced tailored blouses with high collars. I guess domesticity is my sphere, and while I should be contented with my new responsibilities, I cannot say that I am altogether happy. You know Aurora is not quite the size of ~~Chicago~~, but we have the advantage of being only an hour's ride from Chicago. If you should ever be in this vicinity and find it possible to run out to Aurora, we should indeed be most happy to see you. Our home is always open, and I promise you a real good dinner.

I shall miss greatly your

Ungerleider's brother who spent Sunday with us, and Mr. Loeb of the Garfield who phoned me from Chicago yesterday, and whom I hope will be able to take dinner with us to - nite. Oh, it did seem so good to see someone from "home" for that is what Cleveland really is to me, that is, a second home. I met so many delightful  during the year I was in ~~Cleveland~~, and while I have a fine coterie of friends here, it is well nigh impossible to get that circle too large, so long as it remains choice and congenial. One of the greatest blessings of life, it seems to me, is the privilege of making friendships that will endure. It compensates for many of the discouragements, disappointments and failures in life along other lines.

Sunday morning sermons. They were a source of great pleasure to me and I deeply appreciate the privilege afforded me while I was in Cleveland.

With every good wish to you
I am

Always sincerely,

Rabbi A. H. Silver
City.

Dear Sir: Pardon me for addressing these lines to you, but as I am absolutely at the end of my wits, you will kindly excuse me.

I am a young Jew, 34 years of age, of German Birth, and have none whomever in this great country to appeal to in my present stress. I am a Undergraduate of one of the best Universities in Southern Germany, but have never been able to put it to use in this country and as a matter of fact today I would be more thankful to my only too well meaning parents, had they put me

to work at a trade. Education becomes a burden, if you don't get a chance to use it, I've found that out these years all right. To make my story as short as possible I've in these last years made a living as a Library - Steward of one of the International Mercantile Marine steamers, plying between New York and Hamburg, Germany. This gave me a chance to give my folks on the other side, who are in dire need since the war, all I could spare of the money I earned and at the same time see my people. Unfortunately we were on my last return called out on strike and as I had nothing

New Erie Hotel

1441 East Ninth St.

Cleveland

to gain by staying in New-York I thought it better to go Inland and try my ~~best~~ luck.

Sorry to say I did not succeed. and am today in a very precarious condition.

My request to you is this: Could not you a well known gentleman in this great city influence somebody to give me a temporary position of some kind? Of course this is quite frankly spoken, but I cant starve to death and though hardly tried as I've had it there seems to be nothing I could do to help myself. I've not

had a steady address for the
last 2 Days, as I could not sleep
on credit and my pecuniary
resources are exhausted. I am
in need of almost everything.
but I cant beg, this is one
thing, where education becomes
a burden. If you only could
help me to a temporary position
of some kind and some decent
cast off clothes probably I could
make enough to get me back
to New York and help myself
again.

So glad you en-

sent you a box of cookies -
did you get them? I never

you send it?
Leo has been in

No I have not gone back on the monthly

it is especially attractive to me since Butcher

Things are continuing at the College
much the same as in the golden days of

the props take the role daily, & if we act

the faculty writes us a nice letter on real stationery - which is too thick for any good - stating the penalty of cutting.

Of course you were surprised to hear of Heller coming to Cincy. You know that one of the clauses of his contract called for him not to speak on Zionism from the pulpit.

I guess you have wondered why you haven't seen the folks at Temple. Bill is very ill with sinusitis.

God built Him a continent of glory and
filled it with treasures untold;
He carpeted it with soft-rolling prairies and
columned it with thundering mountains;
He studded it with sweet-flowing fountains
and traced it with long-winding streams;
He planted it with deep-shadowed forests
and filled them with song.
Then He called unto a thousand peoples
and summoned the bravest among them.
They came from the ends of the earth,
each bearing a gift and a hope.
The glow of adventure was in their eyes
and in their hearts the glory of hope.
And out of the bounty of earth and the
labor of men, out of the longing of
hearts and the prayer of souls, out of the
memory of ages and hopes of the world,
God fashioned a nation in love, blessed
it with a purpose sublime—and called it

Religious Liberty

Still another enterprise—an enterprise which touches us all is the Bureau of Religious Rights, an agency which should see to it that discriminatory practices, having their sources in religious partiality and bigotry, be avoided. Further extenuation of the function of such an agency, it seems to me, is needless, for every thinking Jew must be aware of how absolutely necessary such an activity is and of its relationship to himself.

With the assistance of Fred E. Bruml, Nathan Loeser, Abraham Lewenthal, Loewenstein and Rabbis A. H. In 1920 the Committee again succeeded in reaching its quota. More than fifty per cent has already been contributed by Cleveland toward the 1921 Campaign Fund.

AN OPEN LETTER TO THE CHAIRMAN OF THE
COMMUNITY CHEST BOARD
(By Marcus Feder)

Dear Sir:-

SUPPOSE your brother is in need of a temporary loan to overbridge his difficulties - lives in a very respectable neighborhood - owns his own home, but mortgaged - holds a position as a bookkeeper, but was laid off and all his savings gone.

SUPPOSE he is a man of family with wife and 5 children - 3 of the children in school and 2 under the tender care of a mother, who is in delicate health and about to give birth of another child.

SUPPOSE bills of taxes, interest and grocery bills are crowding him and his self respect forbids him to let any of his neighbors know of his distressing condition. Where would you think he would go to raise a loan without exposing himself to his friends? You as brother not able to help him.

TO THE COMMUNITY CHEST? Certainly not. He will go to a second mortgage dealer and obtain \$1000.00 loan on his home deduct from it \$250.00 bonus and give monthly notes for \$30.00 with 7 or 8% interest on the \$1000.00 loan which only gave him \$750.00.

SUPPOSE he gets another position with a \$20.00 less per month. His expenses, however, increasing with \$50.00 to \$75.00 - money all gone and not able to meet his first and second mortgage interest. His nurse bills, doctor bills and taxes hanging over him and he needs another \$1000.00 to overcome his difficulties.

SUPPOSE this will happen to him and you as a brother cannot help him - where do you think would he go to raise another loan? To the Community Chest? Indeed Not! He would go to one of these confidential money sharks, pawn all his jewelery and furniture and give them a 6 month note at 3% per month, which is equivalent of 42% per year and 100% for 2 years. \$1000.00 loan would make him pay \$1000.00 interest within 2 years.

SUPPOSE he cannot redeem them within 6 months and the pawn broker threatened to sell them with his legal rights under the Lloyd act.

SUPPOSE his self respect still holds him back to expose himself to his neighbor and from all the worries he suddenly becomes sick.

SUPPOSE his noble wife wishes to help him and suggests to him to sell out his home and he finds a buyer that will release them of all the accumulating interest and all their other debts.

(over)

SUPPOSE all this happens to them - what do you think would they do to keep up courage and hold on to their selfrespect? WILL THEY GO TO THE COMMUNITY CHEST? No! They would simply move into cheaper quarters, where the children would become associated with a lower class of children and where the neighbors would begin to talk about them and load upon them as snobs because they are not reduced as yet to their lower level.

SUPPOSE the truant officer comes and tells the sick mother that her 2 children were not in school and that he would have to arrest them and bring them before the Juvenile Court, where will the poor mother take courage to face her increased difficulties?

SUPPOSE they are now unable to pay the rent - all the furniture, their piano, their jewels; all in the hands of the pawnbroker and the husband working at still lower wages, just earning enough to buy cheap food, but not enough to keep the children well fed and well dressed.

SUPPOSE the children neglected appearance arouses the suspicion of the teacher and the teacher visits them and finds them almost starving and the teacher reports them to the Community Chest Board and have them immediately investigated.

SUPPOSE on the top of all - now comes the landlord and throws them out of the house for non-payment of rent and the pawnbroker taking all the furniture.

SUPPOSE that all happens to a once respectable family - equal in social standing with any of your members. WHERE DO THEY GO NOW? "THEY GO NOWHERES?" THEY ARE TAKEN CARE OF BY THE COMMUNITY CHEST BOARD WHERE THEY ARE TO BE REGENERATED - WHERE THE CHILDREN ARE PROPERLY DISTRIBUTED AMONG THE DIFFERENT REFORM INSTITUTIONS. THE ELDER CHILDREN FINDING THEIR WAYS IN BURGLARIZING HOMES - THE POOR MOTHER SENT TO THE HOSPITAL FOR OBSERVATION AND TREATMENT AND THE POOR FATHER IS HELD UNDER ARREST FOR NON-SUPPORT.

With all such living evidences before us - Here we prove that we are pauperizing the best of our families instead of making it possible for them to retain their self respect. For such families 1/3 of the Community Chest Fund should be turned over to a Church Association Board free from all restrictions from the Community Chest Board; where each church must be represented on the board by its presidents. The presidents of all these churches to select an administration board WITHOUT PAY. An applicant for a loan must be recommended by his church board and his loan must be endorsed by his church board.

To the Chairman of the Community Chest Board

#3

All such loans to be made without interest - to be paid in small weekly payments and be renewed from time to time until the borrower is fully able to take care of his own affairs.

As all funds are perpetual and kept in constant circulation there is no waste nor expense to absorb any part of the capital. With a yearly increase of capital from 1 to 2 million dollars - taking from the Community Chest Fund that otherwise would go to the maintenance of depending institutions. The money loaned will help the beneficiaries to become self sustaining and gradually reduce our Charity institutions to a minimum; until there will be no further cause for their existence.

With the widows and orphans pension fund more broadened, we will gradually do away with Orphan Asylums - with the contemplated old people's pension law - we will do away with Old Homes and with the soldiers' Pension & Bonus law - most generously applied - all chances for charity institutions will be removed and all citizens will stand on equal footing rich and poor alike.

As it will entail no increased expense upon the Community - it is worth to give it a 5 year test.

Cordially yours,
