My dear Doctor

Your story as told in this morning's Plain Dealer is too true; but nothing is done to stem the growth of poverty - Edison & Ford are pulling the old kisser from the woodpile - It is the money shark - Mulock - that is to be blamed for all this - Social friends - Commemorative Christianity is a failure as long as it permits Mulock to build these Temples - The Community Chest is nothing less but a rising political favor that will increase from year to year & pauperize the middle class - Down the money changers from the Temple - and you will have a Gods world -

Fraternally yours

My dear Rabbi Silver :

First I want to thank you for your part in helping to make our local drive in the Jewish Relief Appeal start out so successfully. I am sorry I did not have an opportunity to talk to you after the dinner, on Sunday evening, but I had to leave with the party with whom I had come before you were free.

I have just been talking with Rabbi Winkler of Homestead. His present position is at best only a temporary makeshift for him, and I am sorry to learn that he has not yet succeeded in making any connection with a conservative congregation. He mentioned to me that when he met you at the Rosenbloom dinner you spoke of the possibility of a fitting position for him developing in Cleveland in one of the conservative congregations. I wonder if anything has come or is likely to come of that.

With kindest regards, believe me

Mr. Samuel Goldhamer,
Federation of Jewish Charities,
Guardian Building, Cleveland, Ohio.

My dear Mr. Goldhamer,

I would suggest that some of the following sentiments be included in a letter to your friend Dr. Stotter.

1. The Community Fund is a liberal attempt to emphasize a common humanitarian basis for all charity, and to relegate all sectarian distinctions to the background.
2. While this is the evident intent of the Community Fund, one must recognize existing facts, i.e. that 90% of existing charitable institutions in the city of Cleveland and elsewhere are the creations of religious organizations, and are under their control. That is, of course, also true of most of the colleges and universities in America.
3. There seems to be little evidence that this state of affairs is changing any among Christian institutions. There would, therefore, be no valid reason why our institution should assume the attitude which he suggests in his letter. On the contrary, we wish to retain our Jewish identity. As Jews we have led in social and philanthropic movements in America. Not alone are we not denying our Jewish identity, but we are quite proud to assert it on all necessary occasions.
4. It is doing an injustice to the younger generation when we refuse to keep our religious identity.

S.G.2

It is harder for them when they are not informed concerning the fine things which their people have achieved in the world and concerning their charities to mankind. Then when in later life they are called upon, as they inevitably are, to be the butt of prejudice, they are miserable indeed if they have no compensation in faith or in Jewish idealism for the stupid but eternally present anti-Semitism.

5. It may be a distinct revelation to the Doctor, that the Jew is not yet contemplating religious, or racial, or spiritual suicide.

With kindest regards, I am

Very sincerely yours,

Blvi. March 2nd.

Rev. A. H. Silver

Dear Sir:

Before all I beg your pardon
for detaining you.

I am an ardent follower of
your Sunday Sermons, which,
spoken with such depth, has
revealed your character and
personality to me and enables
me to read you like a book.
It seems your ideals are so
identical with mine.

While listening to you last
Sunday, I felt, as if, my
very self, my very Soul were
speaking and so, made writing
to you irresistible.

Have helped me to decide to
marry a man of a good clean-
character of foreign birth.

And again the same story.

No bosom friend.

No one to travel with me, no one
to tell my accumulated hardships
of many years.

So far I have found no one,
who has anything in common with
me.

By having written to you, I
came nearer to removing my
social cloak, expose my
"naked self" as you termed it,
than ever before.

With these confessions
to you, dear Sir,

You have stirred ^{the} my suppressed
craving of many years.

My childhood days spent in
poverty, my maidenhood days
in deprivation of youthful
desires, such as good Society &c.

My mother, a sweet mild
woman, of very little guiding
ability, father an egotist,
who was disinterested in
behalf of his family.

Through struggle I have gained
some knowledge and culture,
(which is also a handicap
in finding a suited friend
among our shallow social
friends.)

My poverty and discontent

I feel greatly relieved.

I trust you will
appreciate my motive

I remain respectfully
Your
devoted follower.

My Dear Rabbi Silver:-

I regret exceedingly that this enclosed letter arrived on Tuesday, the day after you had been to address the Y.M.H.A. in Scranton. Had it been received in time, I would have seen you personally in Scranton, since I am located now, as you probably know, in the neighboring city of Wilkes-Barre.

The enclosed letter with a few words of explanation will make you cognizant of a rather sad situation in which you can be of great service, I am sure. One of my prominent members, a very good friend of mine and a *very good friend of mine* called to my attention the following, and asked me of how I can be of service to him.

Sol Krohn a nephew of his, an honorably discharged soldier had been tricked into losing all his money. close to \$3000.00 and this so undermined his health and threw him into such a state of *anxiety and grief* that the uncle feels that unless the money is recovered it will have a very bad effect upon the young man.

whose letter I am enclosing
This Mr. Lewis, now a resident of Cleveland, formerly lived here in Wilkes-Barre, and if you can arrange to see him he will give you the details of the case.

Mr. Lewis suggested that the Civilian Committee of the Cleveland Red Cross, or the American Legion can do something for the boy, if you will be so kind as to get in touch with them- since the loss of his savings of the past four years has put him out completely so that he does not know to what to turn in the way of earning a livelihood.

I am also writing Mr. Lewis to make an appointment to see you at your convenience. I would greatly appreciate your good offices in the matter.

Rabi Davidson of Wilkes-Barre, Pa. in this
letter Rabi Davidson advises Mr. Krohn to write
to you, no doubt that by this time you have
been informed to some extent and have an
idea of Mr. Krohn's case, from what I can
understand Mr. Krohn has been swindled
out of his entire possession which is some-
thing like \$4000. Mr. Krohn claims that
Mr. & Mrs. Cantor living at the majestic
Burling whom Mr. Krohn claims went hand
in hand with a Mr. Smith who conspired
with them and all together have arranged
the plot and robbed Mr. Krohn of his last
penny. I have written to Chief of Police

matter to him but it seems like they

the guilty Jones, it would indeed be a
good deed to look in to this matter. as
the Man is disabled in war and all this
trouble he had has simply destroyed
all his courage and hopes. I should
imagine that in a large Jewish community as
the City of Cleveland there would be some
organization who would look out for the
Jewish Ex Service Man. and help him to

Dear Rabbi Silver:

Pursuant to our conversation of several days ago, I beg to submit the following brief statement concerning The Jewish World.

The plant was equipped in 1913 with additions from time to time at a cost of over thirty five thousand dollars (\$35000.00).

Accounts receivable as of Mar. 1, 1922-\$14768.40
Paper on hand - 2346.22

Our total liabilities in round numbers are about twenty five thousand dollars (\$25000.00).

Our requirements for 1922 which cannot be met by earnings from operations, will be approximately ten thousand dollars (\$10000.00). This sum is needed to take care of debts created in the acquisition of outstanding interests several years ago and by loans made necessary by the high cost of news paper during 1919 and 1920.

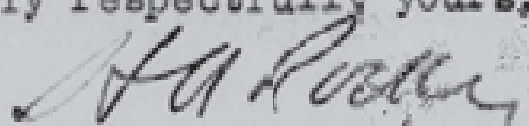

We plan to repay the loan of ten thousand dollars (\$10000.00) by issuing a special anniversary edition during the present year. I feel confident that such an edition properly managed, will yield returns sufficient to refund the entire loan.

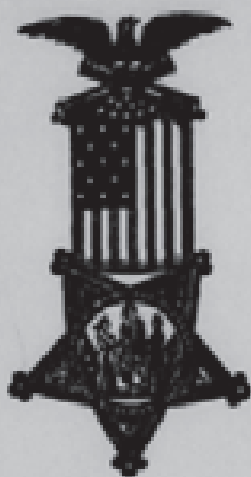

We need this money not later than April 1, 1922. As evidence of the indebtedness we will issue to you or to whom you may designate, one note or a series of notes payable in one year, with the privilege of renewal in part, in case the income from the special edition should not yield enough to refund this loan in one year.

Assuring you that both father and I deeply appreciate your interest in this matter, I am

Very respectfully yours,

HAR

Dear Rabbi Silver:

May we appeal to you in a modest way to assist us in raising funds for the G. A. R. relief work this year.

We are not going to have the opportunity of aiding our old soldiers much longer as the ranks will soon be reduced to a memory - but the country which they preserved will continue to be the heritage of future generations - with this in mind, we will be most grateful for your help and cooperation.

Our relief work is financed only by our annual Benefit Concert, which we are giving again this year at the Winton Hotel, on March the thirtieth. We have no other means of securing funds for this worthy cause, and as you have always been very kind to us in the past, may we ask that you assist us again this year by subscribing for the enclosed tickets. Thank you.

Please make check payable to the Brooklyn Post, and mail to us in the enclosed envelope.

Very sincerely yours,

Chas. D. Prouty

Dear Sir:-

There were so many elemental truths clearly and thoroughly expressed in your sermon last Sunday morning. Is it asking too much of you in seeking two copies of the sermon? One is for our office files and the other for my library. They would be sincerely appreciated.

Reverend Sir:

I have been very much interested for some time in the metaphysical interpretation of, "Jewish Symbolism".

One feature that I am intensely interested in at the present time is the metaphysical interpretation of the alphabet and the first ten figures in mathematics.

Have you anything in the way of writings that would be available or can you suggest any books that may be obtained pertaining to this question?

I should very much appreciate any suggestions you may offer.

Friday 17,

My dear Rabbi Silver:
This letter
is from Abram Cowen,
whom you probably remember,
and wish to send my regards
and all good wishes to
you as I will never forget
your kind friendship and
can assure you that it
is all appreciated and feel
rather ashamed for not
coming to bid you goodbye
but I received a letter from
my teacher to leave in a few
days and I was so busy preparing

- you surely understand what I mean - that I did not see anyone so please do not think me ungrateful as I know it it was not right of me and offer my most humble apologies.

I am now studying with Grainger and find him a most wonderful teacher, I am working in all branches of music Composition, piano, score reading & history.

Mr. Grainger (who teaches me according to certain agreements which must not tell anyone - you excepting!) and myself are regular pals he invites me to his estate

every now and then and
plays for me, discusses and
is very interested in my welfare
as he relates it, then again
I have just finished a "Caprice"
for band which I have shown
to Grainger and he tells me
its very good and wants me
to write it and put in some
of his suggestions which I think
add to its arrangement -

I am going under the
name of - Xavier Mikecinski -
Mikecinski being the name we
had before changing to Cameron
it is pronounced Mickectinski,
and I like it much better.

And then again I have a
cutout from a letter from
Stranger which I prize very
highly as he is so great a man
and someday when I come
to Clelland I will show it
to you it reads thus.

Mr. Kazer Mikenski

By your playing, by your composition
for military band and by the
thoughts you have about music
and the way you expressed
them I feel confident that you
have a lot of real music in
you that ought to carry you
far both artistically and
materially. Your octave work
and passage work of various types
shows an innate gift for effect
and great natural resources.
Yrs cordially with all best wishes I am
Perce E. Sawyer

I o. please let me
know how you are
as I am very anxious
to hear from you and
hope you will forgive
my unforgivable error
as I am
your most sincere friend

Dear Mr. Silver:

Will you please be kind enough to answer me some odd questions? Though I am of no religion I have often wondered who, and what concerns God. My folks are more or less scientific in their viewpoints.

1) Who and what is God, and where is his place?

2) What makes many men believe in God since no one of them has seen Him? Why has man adopted religion?

3) What are the differences between the Christian and Jewish religions?

4) What is meant by "Messiah" or "Redeemer", and do both Christian and Jewish religions profess such?

5) Are not religions mythical, silly and contradicting? Does not science and religion often contradict?

Enclosed are the stamps for the postal expense.

I thank you.

Just a few lines of thanks and appreciation for the fine lecture on "Friendships" which you read over the wireless last night. Dear Rabbi Silver:-

It really seems a bit of an imposition for me to fall upon you for such reason^{as} I shall later tell you, but I feel so prompted to do so because of your broad understanding and your high ideals.

No doubt you may recall who I am when I tell you that I am the youngest sister to Rabbi Alex Segal, and whom you have met. Yes! I've told Alex some terrible stories about "Our Rabbi" and how I look forward to your weekly sermons.

Well, getting down to definite

facts Rabbi, I want to ask a favor of you. I know that you haven't the time (even if you wanted to do so) to conduct a "Personal Problem Department", but inasmuch as I have one of those problems, I would love to have you help me solve it. It isn't anything very important as far as its seriousness is concerned, but at the same time it is a problem and none other than a "Love" problem. It means a great deal to me Rabbi because it is so sincere and I must talk it over with you, that's all. It's an affair of Love vs Money and the wonderful young man concerned has suggested this interview because of his admiration and great faith in you. He would have spoken to you but he just left on the road for 6 wks. and plans to speak to you upon his return.

In the meantime I want these nervousness quieted and I do want you to help me. This isn't a foolish and childish love dream but something divine and noble.

I want just a little of your time

Rabbi, and if you'll just drop me
a line setting a definite appoint-
ment, it shall be a great privilege
to me and I shall thank you
kindly. We both agreed you were
the one to advise me, and I
truly hope that this will not
appear foolish to you. It is
a peculiar situation and I
must talk it over.

Assuring you most heartily of
my great appreciation for your
kindness to me in the matter, and
thanking you most kindly for
your willingness to help everyone
if possible, I am

It is most difficult to answer the questions contained in your communication in the brief space of a letter. Each question must be answered in great detail, if it be answered at all.

March 22, 1922

Dear Abba:

I was anxious to write to you, but due to the rush season, i.e. closing of books and Income Tax work, I could really not find the time to write.

Though I do not hear from you yet I hear about you thru the Temple Bulletin and the Jewish Independent that you are getting along splendidly. As for myself, personally there is no kick coming, except that my father is very ill (he even had to sell the store on account of his ill health), and that gives me much grief and worry.

You must be anxious to know the purpose of this letter, well, I'll come to the point.

First:

You probably know that the Keren Hayesod Drive for Greater New York begins April 16th. My residence is in Long Island, and I happen to be a member of the executive committee of the Keren Hayesod of Long Island. Jamaica is the most important town

and the most influential and prominent Jews
of that town belong to Temple Israel, of which
Irving Kessel is Rabbi. Rabbi Kessel is very
much liked in Jamaica and his co-operation in and
support of the movement would greatly help to
make the Keren Hayesod drive in Long Island a
success. We have tried to win him over, but the
only reply we could get from him was that "he
is not yet convinced" and that he is open for
conviction. In other words he is a "no".
"P'd'1800" is.

Now, I have read some time ago in
the newspapers, that although officially you
are not active in the Keren Hayesod yet you
have given considerable help to the I. H. P. and that
it was really due to your efforts that ex-
Secretary of War Baker addressed a mass meeting
for the Keren Hayesod. I, as your personal
friend can readily account for it. Sir, you
are the Zionist and idealist first, and then the
partisan.

You can do a great deal to help
make the Keren Hayesod drive in my section
a success. How? You wonder.

At a meeting of our committee last night the question came up who could convince Rabbi Reichert to become active in and help the Keren Hayesod. At that meeting two members of his Temple who are also members of the K. H. Committee, made the - to me startling - statement that the only one who could convert and convince Rabbi Reichert in the great need of the Keren Hayesod, is Rabbi Silver of Cleveland. Rabbi Reichert, they stated, is a great admirer of you, always speaks highly and with the greatest respect for you, and takes pride in the fact that he was a classmate and roommate of yours. When I heard that I decided to write to you, after being asked to do so by several members who know you. ^{personal friend of yours} I have no doubt that a letter in La Silver from you will convince him and bring the desired results, especially when he stated that he is open for conviction, and, as it seems to us, is looking for an opportunity to be convinced. ^{realize} how busy you must be but being that the campaign is close at hand, and being that we are planning an educational campaign to begin April 7, 1921 - only a week hence - and we would very much like to have his cooperation in this educational

campaign which would be of immeasurable importance to us, I would therefore urge you to write to him at your earliest convenience. If possible, immediately upon the receipt of this letter. I should greatly appreciate if you would forward me a copy of your letter to him. If you care to, you may mention my name, so that if I am appointed on a committee to see him I should need no introductions. However, this is not essential.

The Keren Hayasad Committee meets again this coming Sunday afternoon. I should greatly appreciate if I could hear from you before then either by thru special delivery or telegram, so that I could make some report - official or unofficial, as you may please - at that meeting.
מתינתקתם הכולתם? 37 ימים..

Secondly:

Some of the boys suggested a reunion this year, sometimes in June or July, a reunion not of all the club members but of the twelve-fifteen most intimate and close friends. I would be glad to have such reunion in my home and make all arrangements. The New York boys are most anxious for it. What do you think of it? When are you leaving Cleveland for your summer vacation?

When would it be suitable and convenient for you.
By the way, such a reunion would
give you the opportunity of to get hold of
Bubby and make him give you the picture
I took at the last reunion. I am
writing to the other boys out of town about
this reunion.

Trusting to hear from you before
Sunday, and asking your pardon for this
long delay, I am,

My dear Sol,

I wish I could comply with your request. Unfortunately I cannot see my way clear to do so. Our group has consistently refused to take any stand in the matter of endorsing or opposing the Karen Hayesod. We have been absolutely neutral, and, as Chairman of the Central Committee of the Palestine Development Council, I cannot put myself on record one way or the other. If I were to urge Rabbi Reichert to work for the K.H., there is no reason why I should not publicly urge all other of my colleagues to do likewise, or why I should not do it myself. The objections which prompted us to oppose the K.H. last year, even at the cost of withdrawing from office in the Z.O.A. have, I am afraid, not yet been removed. Perhaps time will solve many of our problems.

With kindest regards and trusting that you are well, I am

Very sincerely yours,

I should of course be happy to join in any reunion should the time be convenient. I hope to be in New York the latter part of June.

Dear Friend:-

You will probably recall me as the young man who was studying Social Service work at Ohio State University, when I had some conversation with you concerning my continuance of the work.

Following your advice, which was for the best as I now clearly see, I returned to school, and am now finishing my course, graduating this June.

I have specialized in case work, working for one semester half-time with the local Associated Charities. My thought right along had been to do settlement work in some community about the size of Columbus, where, I thought, I could be very useful. However, I now feel

Chapter Omicron

that I had better work in Cleveland, which, as you know, is my home town.

So I am writing now to see if you know of any available openings, commencing about this June 15; If you do, or will hear of such work being open by that time, I should appreciate your help very, very much.

I believe my mother had some talk about me with you about two years ago.

My specialization has been in sociology, and I consider that I have had quite a thorough training in the social field along general lines. My degree will be Bachelor of Science, which I shall

At any rate, let me

My dear Rabbi:

In taking into consideration all the troubles that I have told you about, and further, by receiving mail from Europe, it will positively be necessary for me to leave for Europe within the next month. I do not know how long it will be necessary for me to stay there, but I am preparing myself to stay there a year to achieve my goal, and that is to bring over thirty-three people to this country.

The letter I just received from Europe tells me that one of my brothers has died from starvation. I hope you will believe me Rabbi, when I tell you that I would do an injustice to humanity if I should give money to any other causes than the one in my own family.

I may ask your help in my European affair, as you undoubtedly know some people on the other side who can be of great assistance to me while I am there, and I feel assured that even though I cannot contribute to your cause at this time, you will be of whatever help you can to me, during my stay.

You may perhaps say that five hundred dollars isn't very much, but in my case, this amount of money may be the means of saving two more lives in Europe.

Please Rabbi, let me hear from you, and if it is possible for you to do so, let me have another conference with you.

Respectfully yours,

P. Miner

My dear Rabbi.

You fail to appreciate the most important crisis the wage earners have to go thru today -

He is without means of support he is too proud to ask charity - he falls into the hands of the money sharks when he gives up all he owns beside his self respect - He then enters the arena of Scientific Charity when his entire family falls victim of all kind of "Regenerative" treatments.

Too pityable to take a bold stand against the money shark - for your basic fundamental respect.

You can ward a public uplift - It is the most important question of today - how to save our ragged wage earners from becoming pauperized.

Paternally yours

If you still remember what I said the last time. I must tell you that I was too much moved this time. for any bantering. I don't know even, if I answered coherently your inquiries about the Dad. He left Southampton Saturday April 1st & is due in New York Friday. so a letter addressed - Steamer Agintania. would reach him at that time. if you have any directions for him during his short stay in New York.

Your performance this afternoon ranked with the most beautiful

would find difficult to parallel.
Strangely enough I had read the

it from someone in New York. That
is probably why it seemed so like
the master's interpretation of a
composition with which I was
already very familiar.

demands expression.

Dear Doctor Silver:

Several months ago we had occasion to send you a copy of A.S.M. Hutchinson's "IF WINTER COMES" which, we are happy to say, you found worthy of discussion. It is a great satisfaction to the Publishers and to the author to know that this novel should be held worthy of such discussion by Churchmen. It has not received only praise: many ministers have criticized it for one reason or another; but not one has failed to say that the book is written in a spirit of idealism and humanity.

Years before the appearance of "IF WINTER COMES" -- in 1912 to be exact -- Mr. Hutchinson published a book called "THE CLEAN HEART." Its title was suggested by the quotation "Create a clean heart in me, Oh God!" William Lyon Phelps, Professor of English at Yale, calls this book, "An extraordinary novel. The characterization is excellent and the moral beauty of the story equal to its artistic value." Many consider it Mr. Hutchinson's best book.

We take the liberty of quoting from "The Detroit Journal" of March 25 a portion of an article entitled "Styles in Church Work:"

"Types of sermons, robes and vestments, forms of service, methods of conducting worship, all have different eras and epochs in the history of church bodies. In the American pulpit of 25 years ago Newell Dwight Hillis made the "book review sermon" popular. In our time William L. Stidger is making the "dramatic book sermon" an interesting method of homiletic instruction. Thus eagerly preachers and congregations recognize the force and interest of a new method, and thus all churches may be crowded and not one only."

The book chosen by Dr. Stidger for his "dramatic book sermon" was "THE CLEAN HEART."

We are forwarding you a copy of this novel in the hope that you too will find it of value for discussion from the pulpit.

Very sincerely yours,
Little, Brown and Company.

San Francisco, Cal.,
April 11th, 1922.

Dear Mr. Eisenman:

I have your letter of the 27th. I will not write Mr. Adams but will give you the information.

You have given me many lectures and some good advice. One is never to shut the door behind me, and I mean to give you facts even if the door slams shut behind me because I feel there is nothing to go back after.

First let me tell you that in the past ^{5 years} I have spent fully \$18,000.00 in doing good and charitable institutions, and that is (I am safe to say) more than 50% of your members of different boards gave in their life time and the money I gave 100% went to the beneficiaries.

Now as to the Old Home my contention, and any fair minded man, aside from you, would say one home is ample and should be conducted to please all, a Kosher place all could live in while yours all cannot live in and you know it. An old man that is used to living Kosher all his life will not live in your home. When you give a poor man a pair of shoes, do not give him one that pinches, give him something that he can live in in comfort and bless you. You have the means to do it. What is your excuse only to show your authority. So much for that, you cannot offer a reasonable excuse.

Now next you put a lot of dummies on your boards, who do not know the first principles of Judaism nor charity, only what you drummed into their heads "what's clean is Kosher", and if you give into your fund the recipient gets 75% of it and with tyranny, that is your motto.

One example is one Mosie Mandelbaum. By what right is he at the head of your Board, what did he ever do for charity and what does he know about charity, what does he know about Judaism, why that man has even no feeling for a fellow man, he did not even know there was another home, I don't think he was even in a street where poor people live, not alone in a poor family's home, and such a being should tell me your home is run to suit the board. Who in H elected him. Did I have a voice to express my opinion and tell why he is not fit? No. My experience with it has taught me he has neither heart nor feeling.

His father once sent me to him on a business proposition. He made me tell him before his entire office force and when I got through he said I don't believe it. Is that the act of a gentleman? Is such a person fit to be on a charitable board?

You simply put such people on who are ignorant and don't bother. Now let us be frank, is that not so?

Do you know 50 years ago my parents were very poor, and I well remember my poor mother raised a family of 8 children without hired help, and in order that father could pay his dues in the K.S.B. she did her own washing. That is more than even your wife would do. Would it then not hurt your feelings to have a non doer and non believer tell you if you did not like my way build a place of your own?

Now your second reason why you knock anything you are not "Boss" over. You told me yourself not to build a large home because it will be filled up. Is that the proper remark and spirit of the President of a Federation? And so you taught Newman to make it hard for a poor man to get help so they will not come. This is the spirit of your reform and modern Judaism, and such spirit exists among all your students in your charitable college.

Why not inform yourself just a little on laws governing Jewish Charities, it may prove interesting.

Your next grievance. Suppose you became old and you had some, and we will in your case drop the Kosher, and that you eat anything from frogs to snakes, but you are in the way of your daughter-in-law. Or we will say your son has a large family and in moderate circumstances. You would bless those that put up a home and support it so you can spend your last days in comfort and among other old people. Suppose your old Home was twice as large would the Jewish community not support it? You or I would not go there if we had a home, but there are many parents now days who are not welcome. In that case what kind of a life is it?

Now then if you had a staff of the right kind of men who would work for harmony, have one home, satisfy the entire Jewish community.

Now I know you have in mind the Fertel case. Do you remember when you and I went out soliciting for the Federation we went to this Fertel and Banker Spira. You talked an hour at Fertels and one-half an hour at Spiras and we could not move either one. Well, this same man had a father and mother in the 90's. They let the old couple lay around in sheds and filth, your stringent rules would not permit this poor old couple in your home. Did you through your extravagant organization make any effort to intercede in their family to either take them in their home or provide a home? The grandchildren of this couple are well to do, one of the girls married in your kind the philanthropic Koblitz family, heavily interested in the brick trust. One brother is both on your Board and in your Club, another son-in-law has a responsible position in Cleveland Trust Co. These two men's wives permitted their poor grandparents to live in aqualor and filth and subject to exposure. Was it wrong for some one to take them in?

The old lady died a month after they were taken in our home, is that a crime and that is the reason you knock against getting support from the community, while your Home has thousands out on interest. Do you mean to tell me you are right? There are other cases there that have a different angle also justifiable.

Now I can name you inmates of your restituted Home who have children living in mansions on the heights with limousines and chauffeurs and have no room for their old father and you know it. That is different, the community can support that kind of a boarder.

Now Mr. Eisenman, the hospital when it was built, you asked the support of the entire Jewish community to help and your big card was it was going to have a Kosher kitchen. They deliberately lied, your claim is it can't be done and whoever tells you that also lies. From the clique you have around you nothing better can be expected.

Is it necessary to have a Jewish relief? No; if you had the right management. Not every poor man wants to knock at your door 3 days in succession and be treated like tramps. Why a book could be written on that Hebrew relief treatment. I could bring proofs to Mr. Adams of the mistreatments and why the community should support the Jewish relief.

Now then, we built a Jewish center and a temple that any Jewish community can be proud of. You are such a charitable man you did not give one penny. A man at the head of a Jewish Federation should have a little Jewish spirit. It shelters Jewish young people, it has a Hebrew school, gymnasium, Turkish baths, swimming pool, library, meeting rooms, etc. It is true it has a temple with it, is that a crime? It is a regular Y.M.C.A. but it is called Anshe Eretz Cong. I do not need it any more than I need Y.M.C.A., but I helped build it because it is a Jewish house of worship. It keeps Jewish boys and girls together and off the streets.

When the Y.M.C.A. was built all Jews gave, May Co. wired thousands from Europe. Your kind did not give a dollar to this noble monument to Judaism. You should be ashamed of yourself. I could tell Mr. Adams a lot more.

When I first retired I really made up my mind to help and devote most of my time to charity, so I wrote to Rabbi Grease and told him I wanted to devote most of my time and some money to charitable work, and instead of writing to come in and see what I could do, another of your hard workers on the Board, E. M. Baker, wrote me a letter telling me to send him the money. I did not.

Do you know before I sold out I ran my factory with over 250 men the last year successfully without even a superintendent. When I started my sons in business, I bought a dead sleepy business with \$10,000.00 actual assets, and they are doing over a million a year business. I am not a dam fool altogether, I am aggressive, alive and not lazy. I was a very poor boy of good family and I know what it is to be in want and I therefore love to make the poor happy and like

#4.

charitable work, and without boasting I feel happier when I have spent \$50.00 to some good cause than if I spent \$100.00 for a suit of clothes.

You know I went out with you several times. I spent 4 weeks on the hospital and there is not a Jewish institution that I did not help and work for.

I still boast of being capable and could have done more work for you than a dozen others you have on your staff, but I will not waste my time going to meetings and looking at the four walls.

I have one failing I will not let any one run down my people and take more offense when it is against the unfortunate. I love Harmony. I hate Autocracy.

Now Mr. Eisenman, show me in the foregoing where I have told an untruth, I may be hasty, but I have one virtue, I am always willing to be corrected.

Truly yours,

L. Land

My dear Rabbi:-

Mr. Wm. Leon, the man that you spoke to me about at the Club, a week or ten days ago, called the day before yesterday and I referred him to our Delivery Supt. and he gave him a position in our Delivery Division- I merely advise you of this for your own information-

While we practically created a position for him, and from his conversation he was absolutely in need of a job, paying him \$24.00 to start with, our Employment Office in checking up his past employers, found that one would not recommend him on account of careless driving and another makes the statement that his work was satisfactory, but he left them without any notice-

I have no particular motive in writing you this letter anymore than I thought you would be interested in knowing what we have done regarding his application- If Mr. Leon attends to his business, he can hope to have a permanent position with us; if not, "good night."

My dear Rabbi Silver:

The aim of the Cleveland Girls' Council is to central-ize existing recreational activities and to extend recreational opportunities to girls not reached by present organizations. An adequate SUMMER CAMP is an essential feature of this program.

The operating expenses of the Camp will be paid in part by the campers and in part by the Welfare Federation. Since the Community Fund does not provide for capital expenses, it is necessary to make this appeal to complete the purchase and equipment of the Camp. \$25,000.00 is needed and a city wide, silent campaign for this amount has been authorized by the Welfare Federation.

Do you realize that for every \$3.00 spent for the recreation of BOYS in Cleveland, only \$1.00 is spent for GIRLS? Are you willing to contribute \$5 towards equalizing these amounts?

Your early response is requested in order that the Camp may be ready for the first group of girls on June 17th.

Please make checks payable to Mrs. W. A. Fay,

Dear Rabbi:

The reason I sent you copy of Eisenman's letter is because one in your position should know what is going on, and while Mr. Eisenman deserves a lot of credit he is not altogether an angel.

About seven years ago Mr. A. Tucker owned quite a piece of property. I paid him \$96,000.00 for it and I did not pay too much. Had Tucker been able to hold on to it until now or two years ago he could easily have realized \$200,000.00 for it. The reason he was forced to sell it was because Mr. Eisenman made him a loan (through the Guardian Bank) of less than \$50,000.00 on \$96,000.00 realty so you can see there was no risk. Tucker paid \$1,000.00 to get the money, paid 8% interest (when money in that sum was worth 5%) they made him turn over the rentals and charged him about 5% for collecting the rents (which were sent in by check) and charged him \$50.00 per month for keeping the books and \$1000.00 for every time the mortgage was renewed.

The man's expenses ate him up and he was forced to sell, as to me, I could at that time have bought the Quimby property and tripled my money. This was the act of Mr. Eisenman, president and dictator of the Jewish Federation of Charities. Eisenman thinks I do not know this, neither does Chas. E. Adams.

Now Rabbi, in "Hallel" we read "The stone which the builders rejected is become the headstone of the corner", which is perfectly true as all sayings of our old sages.

Henry Ford is attacking that kind, not the orthodox, and I say he is right. Henry does not know half. Our own people are their worst enemies. Prejudice, ridicule and do not try to help make them presentable but run them down.

I could write a book but what's the use.

About a month ago there appeared in the Los Angeles papers about the moving picture industry being controlled by five Hebrews so I wrote to Mr. Chase a nice letter telling him that it looked as though he put that word in to create prejudice. Among other things, I told him that members of his own flock would probably do the same thing if it were their industry. I also asked

him if five Catholics were controlling the industry would he mention that fact and he answered me the letter I will forward to you when I come across it, probably tomorrow or next day. With his letter he sent me a pamphlet and which he marked on page 39 that I should read that article but I also found something on page 38 and page 44. You may want to read this; hence I am sending it to you. It will just show you what feeling there is towards our upper crust.

I know you are a busy man so I think I have burdened you with enough. I expect to be in Cleveland about the 25th or 26th and if I am wrong I am ready to be corrected. You can always reach me, care of the Sands Manufacturing Company.

With kindest regards, I remain

Rev. William S. Chase,
Brooklyn, N. Y.

My Dear Mr. Chase:

Am sorry I neglected to acknowledge receipt of your letter and pamphlet, which I have read with care.

I do not blame you in any way for trying to establish clean pictures, but I was very sorry, as I stated before, to read that the industry was controlled by a few Hebrews, which I still believe is not right. Why should I suffer for the misdeeds of others. There are among our race some who think of nothing but the almighty dollar the same as among your race. I find that money is like food - one can eat only so much, and the same when one has enough to keep him comfortably, all the surplus is only good for power and extravagance, and our present generation is no better in that respect than yours, and it is simply because they drift away from our teachings.

I presume I cannot change my people. This is a world and age of money getting and luxury. In my estimation, the man who follows the teachings of our laws is looked upon as an old fogey, and when he says anything he is ridiculed, but I do hope that in the future you will not single out this race - not that I uphold this class of Hebrews but I do not think they are any worse than the general run of American citizens.

I presume, you did not stop to think that in mentioning Hebrews it increases the existing uncalled for prejudice and I am sure you, as a preacher of the Gospel, would not do an injustice intentionally.

You, I presume, know that God told Abraham that if he found ten righteous he would not destroy Sodom. You also know our Bible teaches us to be charitable and to take no advantage over the Gentiles because they also are God's children.

Then in our zealourness to do good, let us not do an injustice to anyone and thereby losing more than we try to gain.

Again I wish to beg your pardon for preaching to you. I am by no means a perfect man but in my young days I was fairly tramped upon, insulted and taken advantage of which has taught me the "Golden Rule" do unto others as you wish others do unto you.

Yours truly,

Mr. L. Sands,
c/o Hillview Apartments,
Hollywood, California.

Dear Mr. Bennett,

I am grateful to you for your inquiry of Feb. 10th. For if you thought that there was something wrong in my mentioning the facts that the four or five men who control the Movie Industry are Jews, it was right and fair to let me know of your thought, so that I might have a chance to explain to you my reasons for my action.

I am an Episcopalian minister. If the five men had been Episcopalians, I should have so announced. Why? To arouse the indignation of all Episcopalians, so as to turn them against their fellow religionists, in order that they might use their influence to reform those who are defiling the motion picture screen which ought to be a great influence for good.

Your assumption that my motive for exposing the whole truth was a bad one, was not just or right. Why did you take it for granted that my motive for telling the whole truth was a bad motive?

Have you more interest in protecting these four or five Hebrews from disgrace than you have in protecting the children of our land from evil motion pictures, or in having the full truth known by the whole people?

I would refer you to the marked passage on pages 39 and 40 of the enclosed pamphlet and ask you to note what a Hebrew thinks about the point you raise against me.

Those four or five Hebrews will never correct their tyrannical demoralizing control of the business, until their own people rise in wrath against their nefarious conduct.

Do you not agree with me that the four or five Hebrews in question ought to sense their responsibility as Hebrews, and how they are betraying their race and religion by befouling the motion picture screen in order to increase the profits of their business?

Faithfully yours,

Dear Friend and Colleague:-

"When Ministers Relax" they relish the opportunity of narrating to each other their experiences, especially those of a humorous character. The physicians have ordered me to "relax", and so, at the solicitation of friends, I am spending part of my leisure in writing out some of the entertaining yarns woven from personal experience, observation and hearsay, in order to share them with other folks who believe that the Good Lord gave us the gift of laughter that we might help brighten the dreary days in an all too sombre world.

I have quite a collection of stories and I am writing to ask you, among others, to send me some of your funniest tales, especially personal experiences. The humor of the old Bachur is passing, but there is no lack of good stuff in the amusing episodes that occur in the lives of American Rabbis, Professors and Students.

Will you do it?

Columbus, Ohio.

My dear Robert,

I was very happy to receive your letter of March 8th, informing me that you have interested yourself in the matter of the Diskin Orphanage of Jerusalem, and that you are planning to raise an amount of two or three thousand dollars for this worthy cause. Mr. Diskin plans to visit your city in the near future to help you complete the Campaign. I trust that you will see your way clear to assist him.

With kindest regards, I beg to remain

Rabbi A. H. Silver,

My dear Rabbi Silver:

With your help so cheerfully and generously extended,
our children will be able to have a glorious birthday
party in honor of all the children whose birthdays
occur during one month, this month to be named by you.

This, it seems to me, is one of the happiest customs
to be inaugurated in this institution, and on behalf
of our children allow me to extend to you sincere
appreciation for helping to make this possible through
your donation.

Very truly yours,

Gentlemen:

I spoke to Mr. Sigmund Joseph concerning the bearer of this note Mr. Frank Pollock. He suggested that I send him to you. Mr. Pollock has had experience as a Porter in some of the larger establishments here in the city. He is in great need of employment and I would appreciate any courtesy you would show to him.

Gentlemen:

Mr. Marcus Goodman, who is at present in
the Montefiore Home for the Aged, is very anxious, on
religious grounds, to be transferred to your Home.
I understand that he is Orthodox, and that he would feel
much happier in your Institution. If you can see your

My dear Mrs. Falle,

It has come to my attention that I may have failed to acknowledge your very generous contribution of \$200.00 which you sent some time ago through Mrs. Emma Ellinger to me. Permit me to say that I have put that amount to very good use, and that the Relief Agencies will feel themselves indebted to you for your kindness.

With kindest regards, I am

My dear Jack,

Please let me know at once the exact location of your brother at the present time. Give me also his full name and any other details about him. I will wire again to Washington.

Dear Rabbi Silver:

I have just finished writing a letter to Sol Goldman and you came into my mind. But this is not the first time, for ever since baby was born I wanted to write & tell you, but always something would crop up to keep me from carrying out my good intentions. However, I am sure baby's arrival is no more news to you.

She is indeed a wonderful girl. your friend Dr. Englander, who dined with us one day and saw her, said she was the most intelligent little one he ever saw.

Therefore, if you are ever in this section of the world, drop

around and make the acquaintance
of my daughters.

By the way, there is a possibility
that my brother Is may take a trip
this way in order to see Isacka Blosson
(that is his name) He is so anxious that
he can't wait until I return to New York.
My mother, who spent eight weeks
with me, made them all quite nervous
at home.

Rabbi Goldina is expected here
on May seventh and it would be
wonderful if you could come to Calcutta
with him.

With sincerest regards & best
wishes from all 7 of us,

Sincerely
May L. B. Schuscher

My dear Rabbi Silver: -

I appreciate the interest you
have shown in my brother's case, but
you need not trouble yourself any
longer, as my brother is sailing from
England Saturday.

All is well with me,
feeling fine, business fair.

With kindest regards

Very Sincerely Yours
Jack.

Dear Sir:-

Enclosed please find bill for subscription due to THE AMERICAN ISRAELITE. Will you not kindly favor us with a remittance? We very much dislike to be insistent, but really we must have our money some time.

Many of our readers, to save the trouble of remitting, prefer to have us draw on them for the amount due. We will conclude that you prefer to have us do so if you do not instruct us to the contrary before May 15, 1922, including the subscription for the current year, in which case we thank you in advance for honoring our draft.

If it is inconvenient for you to pay at present and want more time, please so notify us and we will be pleased to accommodate you. We would be very grateful to you for a payment on account.

Thanking you for your support of THE ISRAELITE and soliciting its continuance, we remain
