Dearest Cousin Mrs Dilser

Hoping that you and your love husband are well arrived at home without inconvenience. I can't tell you my dear, how I was delightful with your visit.

I am very proud to have such Relatives. The few hours what you ^{was} in our house it seemed to me like a dream. The noise from our family with their children made me not good feeling. I forgot about myself and about my position to tell you.

From surprise and from joy I forgot the whole world. After my return home from my accompanying you, I felt very bad. My father and my sisters

They all was glad with the assistance from you. but I am sorry to say about myself. I have not got from my father a penny over.

I am always to be pitied. my father do not care for me.

With weeks before your coming. I forced. I am happy and glad to know you and I wish to see you in America. I wish your my letter shall find you well.

Hoping that your compassionate heart will take interest in my bad life. and an early reply will greatly oblige

The best kindest regards from my father to you and to your love husband.

Greeting from the all family. I wish you both a Happy New Year.

My best kindest regard to your love husband and to his dear parents & love.

I remain. Respectfully your loving cousin who desires to hear soon from you.

Dear Rabbi Silver,

It would be a great inspiration to me if I were to play the piano for you.

My Beethoven Rondo needs the presence of one as faith giving as you are. The messages its deep tones bring are so much like your sermons that to me they are one.

I would be ever grateful if the

Dear Sir,

I sent your relief last week in a box and insured it privately at the 'Unionne Adriatica' for the full sum of 175 dollars. I packed it with the greatest precaution and I hope it will arrive well.

The costs for sending are

postage	1 \$
insurance	2 \$
box	0.75
	3.75 \$

which you will kindly send together with the rest of 75 \$.

The 7 books you saw, I send you for 200 Austrian shillings, your effort. It is very valuable for us, to be in connection with you; kindly ask for our prices if you intend to buy books. I include the note, where we put the prices though wholly crumpled. The books must be insured, for they are never stolen. The box will cost 2 dollars the postage 1 dollar, so that the whole will cost about 3 dollars. I beg you to send them after having received the letter, or if you don't like, after you get the books.

You must not be astonished if the relief is very
long in the way. A box was sent to Holland some after
7 weeks. The books I send on the 21. IX. If it does not
cost much more I send them in two 5 kilo parcels, because
they go quicker.

Our best wishes for the new year to you and
you!

Yours very sincerely

JOHN L. HORGAN

Dear Friend:

You no doubt know that the Central Conference of American Rabbis is scheduled to take place in Cincinnati the week of October 19th and Hotel Sinton has been selected for headquarters. The sessions will be held here and your convenience has been carefully planned by the local committee.

Hotel Sinton is considered Cincinnati's leading hotel, and it is our sincere intention to put forward every effort to please you during your stay with us. Nothing will be left undone to contribute in any way to your comfort and happiness. We are going to treat you so that when you leave Cincinnati and Hotel Sinton, we will have made a friend and you will carry home with you most pleasant recollections of your visit.

If any infraction of service should present itself, if you will call my attention to the matter, or see Messrs. Renfranz or Good, the Assistant Managers, it will be promptly adjusted.

It might be wisdom to engage rooms as far in advance as possible, as a large attendance is expected, and if you will send in your reservation, it will be given our best attention. It will be a pleasure to welcome you here, and I shall look forward to your coming.

During the period of your stay here, if you believe I can be of any personal service to you on any matter which might present itself, just come to my office on the mezzanine floor and make known your wants. I will gladly offer whatever assistance I can. I want you to know that I truly mean every word of this letter and it is written in the most genuine sincerity.

My dear Dr. Silver,

To begin with, I desire to express to you and Mrs. Silver my best wishes for the New Year. I trust you had a pleasant trip to Europe.

I now venture to ask of you the following favor. I have a brother who is a Ph.D. of the Vienna University in Mathematics and Physics. His name is Isaac Mann. About a year ago he went to Jerusalem and though he has not yet found there proper scope for his qualifications, he intends remaining there. All my efforts to bring him over to this country have so far failed.

He now wants to bring over his wife to Jerusalem. She is a qualified physician also from the Vienna University and for the last year specialized at the hospital of the University of Florence in diseases of children and women.

She would very much like to obtain employment with the Hadassah in Jerusalem. As my brother points out to me, it all depends on remuneration from the Hadassah headquarters in this country. As I have personally no control with those in charge here of the Hadassah organization, I should be much obliged if you would be good enough to do something in this matter. I presume that you as a prominent Zionist leader would be able to intervene favorably in this case. I may add that my sister-in-law would be satisfied with a modest salary.

Thanking you in advance, I remain with kind regards

Sincerely yours

Zeta Beta Tau Fraternity

Sixty Seven Wall Street

New York

September 21st, 1925.

Dr. Abba Hillel Silver
The Temple
Cleveland, Ohio

Dear Dr. Silver

On October 9th of last year I wrote you a letter outlining the previous activities of the Zeta Beta Tau Fraternity, with the statement that such letters would follow at intervals if you were interested. A number of the honorary members of the fraternity have signified their desire to be kept in touch with the activities of the national fraternity.

1. Since that letter the various alumni clubs and undergraduate chapters have vigorously undertaken a social service program which is resulting in the establishment of units for social service in the various sections of the country.

2. Early this spring, our Executive Nasi was instrumental in the establishment of a Council on Jewish Student Affairs, which is functioning as a conference of all the Jewish collegiate organizations for the discussion and solution of Jewish problems on the college campuses.

3. In the spring, too, our New York chapters surprised the fraternity by holding an ambitious and very successful Charity Ball, which enlisted the support of most of the prominent Jews of New York, and succeeded in raising close to five thousand dollars for the Federation of Jewish Philanthropic Societies.

4. On Decoration Day, the fraternity held an impressive service at Providence, R. I., in commemoration of Roger Williams, the first proponent of religious liberty on this continent. It will be remembered that last year President Coolidge sent a message of greeting to this service, which had been made an annual custom for several years.

5. During the past year, the Supreme Council has given considerable thought to the securing of a Permanent Endowment Fund such as other fraternities have, a fund for granting scholarships to needy members of the fraternity and for assisting the various chapters financially. It was decided that so large a sum is needed, that the time for raising it is probably premature.

6. But the Supreme Council is now devoting itself to the task of raising sufficient funds with which to establish in the heart of New York a National Fraternity Club House, to serve as national headquarters for members of the fraternity temporarily in New York.

I trust these brief paragraphs may prove of interest to you. And we should all appreciate any word from you either of criticism or of suggestion.

Fraternally yours

George Macy

I have been informed that Mr. Charles
R. Cooper of Cleveland is under consideration by
your Federation for the post of Executive Director.
I know Mr. Cooper quite well and I have followed
his work during the two years that he has been at
the head of our Council Alliance. He is a splendid
executive, a logical thinker and a man with a lovable
personality. The years of experience which he has
had as head of the Settlement in Pittsburgh and as

in Poland after the War, have given him a fine back-

ber 1st, 1925.

I regret to be compelled to tender
my resignation to the Town Club. I have been

the opportunities of the Club. I am afraid that
the location of The Temple at such a distance
from the Club will make it impossible for me
to use the facilities it offers.

Wishing you every success, I am

Dear Silver:

I am most anxious that you should read the letter I have written Dr. Wise and also my brother's enclosure.

Some day in the near future, I should like to sit down with you for an hour or two and tell you why it is that the "back to the soil movement" among the Jews in Russia is gripping me as few things have in recent years.

I know what you wrote to David Brown; nevertheless, I have a strong feeling that I could persuade you to lend your great moral influence to this movement.

Dear Rabbi Silver

Will you let me know if you can
arrange to see me sometime Sunday?

I would like to see you on a very
important matter, and would sincerely
appreciate your advice.

I am a Jewish girl of 22, in
love with a Gentile, who is willing to
take over our faith to get my consent to
marriage.

This man has never joined any
church - has practically had no religion
and feels there is no reason why he could
not be a good Jew.

Needless to say my parents, being

of the old orthodox faith - are strictly opposed
to our marriage. However, they have
promised, if you are in favor of such a
union - to raise no further objection.

If you can give me - at the most -
an hour of your time Sunday - my father
this young man and myself will motor
to Cleveland - to get your views.

I am enclosing a special addressed
and stamped envelope for your convenience
in replying.

Sincerely

Dear Abba,

I am enclosing with this a manuscript which I hope to get out in book form sometime in November, if the support of you and several other colleagues merits the expense involved.

I have felt and no doubt you have too, the need of such a service for the girls and boys of the Religious High School departments. These services were devised to meet the feelings of our youth as I understand them, based upon the experience I have had in working with young people. I tried them out two years in our High School department with no little success. We used them at the long assemblies which are held once a month.

Two things I want to ask:

1. Have you any suggestions for their improvement?
2. Can you tell me if you will use the book in your school and give me approximate number of copies? They will sell for one dollar each.

May I bother you to let me have your answer within a few days and return the manuscript special as I have only a few copies and desire to reach several more of my colleagues?

Appreciating your cooperation,

Faithfully yours,

My Dear Atta

I am glad to inform you

that I have succeeded, after weeks of most
troublesome labor, to make final reservations for
the folks for their passage to Palestine by the
way of The Maphet which sails on November
14th. This will get them to Cherbourg by the 21st
of November; from there they will have barely a day's
travel by train to Marseilles, where they land
on a fine steamer which takes them direct to
Haifa, the call leaving Marseilles on the
24th. Their baggage will be shipped direct
from New York to Haifa.

This is the best and only available
route for them to travel, and the earliest available
date for reservations to Haifa from Marseilles. The
alternative route you suggested is not as good as
the steamers leaving Naples only for Alexandria,
where they would have to travel by rail to

Haifa, and on that line, too, no reservation at
Naples could be procured before Nov. 24th.

The President Arthur seems to be out of the
question, as the boat is laid up at present
in drydock for repairs and no one knows
when, or if, it may sail again.

The route we were compelled to decide upon
is no doubt, all things considered, the best, as the
steamers are of the best and the quickest.
Their entire journey will take them no more
than about 16 days. Nor should the short
railroad trip to Marseilles matter much
as they will not be bothered with their baggage
there.

Too bad you were unable to attend or
participate in last Tuesday's grand testimonial
Larney which mother's sisterhood and Synagogue
tendered to both the folks. There was much
inspiring and gratifying speech making and that
sincere praise of the character and achievements
of the folks. And you should have heard the pathetic
words of mother to her flock! Well, it was a treat to me!

I once or twice wrote you before regarding
my investments in bank stock, but I promised myself
that this will be the last time I do it with you. I suppose
should you remain uninterested. For the past few
months I invested the little money that Rose and Papa
asked me to invest for them in bank stock, and they
are both to the good now over \$1000. I myself,

have profited ⁽³⁾ for the past year
in similar investments to the
amount of \$3000, and before this year
is over, will probably clean up \$2000. more. If I
had more capital, I could do more.

Now, I don't see why this should not
interest you for your own sake. Your surplus money
only nets you hardly 3 or 4 percent in savings
banks. If you are interested, I'm satisfied to make
an arrangement with you to go fifty-fifty in the
profits of any amount that you are willing to have
me invest for you, I of course being equally
responsible for any losses, should any occur
which is very doubtful as investment in bank stock
is considered generally to be the soundest of
investments. And the reason that I am able, as others,
too, are, to clean up large profits on it, is because, with
the aid of the usual 50% loan from my bank on the
stocks I purchase, I am enabled to buy stocks
for five times the amount of the capital I have
~~to advance~~ myself. Thus, let us say, you are ready
to invest \$3000 at the present time. I can buy for
this, stock amounting to about \$15,000. Say, the average

cost of a share is about \$400, that will enable ^{me} to buy for
that amount ^{about} 40 shares. Conservatively speaking, about
share goes up in value at least about 50 a year,
which should net a profit for the year on your
investment of \$2000, about \$2000. And this is
conservatively speaking. They may also go up that
much in three months or within half a year, as
they have in the case of my previous and pending
investments, as well as in the case of Rose's and father's
investments, ^{which} I executed for them.

If you're interested, I'll be glad to make
any arrangement with you in the proceeds of the
investments you may care to suggest. I just
happen that this is the last quarter of the year, when
there is the greatest opportunity for the rise of almost
any bank stock one buys, so if you're interested,
this is the time to do it.

Otherwise there is nothing new to relate.

My little family is getting along nicely, so is one
larger family here. Your son is here, as is
yourself and Virginia, as does, I suppose,

Maxwell.

My dear Silver:

I am sending two of my boys to you who are attending Western Reserve University. Both of these boys are making heroic efforts to earn their way thru the University, and need and deserve the help of those who can be of service to them.

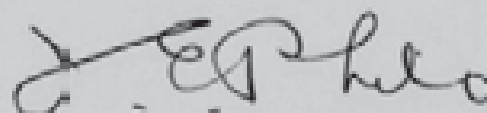

These boys are Bertram Averbach and Raymond Keiser, both confirmants of my Sabbath School. These boys are in need of some kind of work to be done afternoons or evenings, from which they can derive enough remuneration to pay their board and lodging while attending the University. While I know that you are a busy man I am sure that the claims of these boys will invite your interest and help.

There are so many influential men, members of you congregation, that it should not be a very difficult matter for you to secure the boys work. These boys will come to you and you will be able to learn first hand their needs. Whatever you may be able to do for them will be greatly appreciated by their parents and by myself.

Wishing you and your dear wife a full measure of God's blessings, I beg to remain,

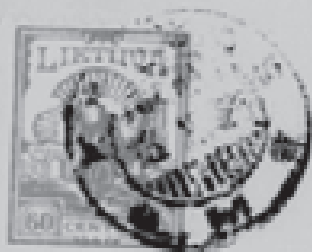

Sincerely,

IEP.ns.

Dear Rabbi Silver;

Wonder whether
you would please give me your
opinion in regard to a very peculiar
situation.

A Jewish woman married
to a Gentile (who claimed to have
become a Jew) came here about three
years ago.

He sent their children to
a Jewish Sunday school and carefully
observed every holiday, and everyone
thought him a very good Jew.

During a Ku Klux Klan parade
here a few weeks ago he displayed a
flag and when questioned by everyone
finally had to admit he was

a Klausman.

She was one of the Sisterhood's best workers and when this was found out just has stayed away from the meetings, because one or two of her friends dropped her at once.

Please tell me just what should be the attitude of the Jewish people toward them and also the attitude of the Sisterhood toward her.

Thanking you, I am

Dear Rabbi —

Believing in your sincerity and being an admirer of yours I take the liberty to appeal to you. I'll be as brief as I can.

For the last three years my wife and I have been seeking a Jewish girl three months to one year of age for permanent adoption but so far have not succeeded.

We have tried in all the cities of the east including the Child adoption committee of New York City

We can give the best of reference, and can give a child a home with the highest type of love and devotion, comforts and luxuries. If you can do some thing to help us obtain what we seek it would be a double act of charity.

Trusting I may be honored with a reply

My dear Mr. Weidenthal,

The persistence with which you have discriminated against me in your paper compels me to bring the entire matter to the attention of the Executive Board of The Temple, and if necessary, to the entire Congregation.

The latest evidence of your deliberate discrimination I find in your report of the installation of Rabbi Brickner. You knew that I delivered the Installation Address, and yet, in your headline, you feature City Manager Hopkins, Rabbi Brickner and Rev. Dilworth Lupton, and hide me in the anonymity of "Others" who welcomed the new Rabbi.

I think that my people, many of whom are subscribers to your paper and advertisers, ought to know the facts.

Rehoboth Bk., October 16, 1950

My Dear Abba:

You will recall that before you left for Europe you went up with me to Emanuel Neumann about procuring visas to Palestine for my sister, brother-in-law and their family. Things are moving rather slowly, and I feel that a reminder from you to Neumann stating in unmistakable language that you yourself are personally interested in the case and would like to see the family get the visa - will bring the desired results. The matter is in the hands of Mr. Bernstein of the Palestine Bureau and he tells me that it has to take time. To me it seems that -

But he is only an employee and if he will get the word from Neumann that action must be taken in this case - he will act at once. From various sources I learn that the administrative means can be gotten if the proper influence is used.

I should therefore greatly appreciate if you would write to Neumann at once.

I would also appreciate if you would mail me a copy of the letter you will send Neumann, so that I will know how to follow up the matter.

My nephew who is also now in Palestine also procured a visa the same way. Mr. Bernstein also handled his case and was also acted slowly in the matter until Neumann, upon my solicitation, got after him and told him to take quick action. Within ten days the visa was then procured. Of course, my opinion about Mr. Bernstein's slow action is strictly confidential between you and me, for I don't want him to feel prejudiced.

Was present at the farewell reception last week tendered to your folks by the 8,200 of 137th Street Avenue upon their leaving for Palestine. I will probably be at the pier to bid them what was.

Hope you had a pleasant trip in Europe. Trust to see you shortly and to get your impressions of the Zionist Congress.

Best regards to Virginia. Anna wishes to be remembered to you both.

To Rabbi A. N. Silver Jurnal

The Temple - Canal Rd at E 105th St.
Cleveland, Ohio.

Dear Rabbi:

As you know I am confined in Phipps Clinic - Johns Hopkins Hospital, Baltimore - presumably to rest after a "nervous breakdown." The truth is far deeper and part of a plan of horrible significance. It is my duty to give a warning of what is in store for our people unless our leaders get together.

I have conveyed to my family a horrible lentic disease - chiefly through a throat infection of this character which I contracted. I know they are infected and are likely to infect others through innocent contact. This disease, when innocently acquired, is slow in showing its appearance. Hence, my family may have the appearance of health and will deny this story, meanwhile mingling amongst others. Its manifestations among them will show in various ways - similar to that of a physician who becomes infected in his practice. The so called Wasserman test cannot be relied upon as a final test until the disease is well along - i.e. after quite a lapse of time.

That a horrible social - political - religious issue is pressing on is reflected by the horrible calamities set forth in the newspaper - much of which are untrue - its ultimate purpose being to accustom the ordinary minds to sorrows of horror - propaganda in other words - This is now reflected in advertising. When our people begin to waste away, it will be regarded and called a miracle or divine punishment. Ultimate spoliation of our people - particularly the Protestants, stores, ^{factories} etc. is the goal. This movement emanated from the so called K. K. K. but has now spread in an apparently quiet and discreet way to other orders such as the Knights of Columbus, Catholics and Protestant churches. The executive control of this movement is in the hands of very few - the others simply following blindly what they are directed to do. I might add that organizations such as the Associated Press are involved - also the Prohibitionists. The ultimate aim of all is to destroy the Jew in America. For instance this so-called "Riff" warfare in Africa is simply propaganda as are so many other wars set forth -

I am about to ask a favor of you which I hope you will not hesitate to grant, if you find it inconvenient to grant.

A friend of mine is leaving within the next week for China, there to teach in one of the mission schools. She is eager to read, as I am to have her, your lecture of last winter on "Buddhism" which I had the privilege of hearing.

I wrote to Miss Thompson who told me that it had not been published. I also inquired at the Temple office Sunday and was told I might be able to obtain a copy from you.

I assure you that I would take the best of

There is but one attitude that your Sisterhood can take towards the woman concerning whom you wrote me on October 14th and that is one of absolute friendliness and good will. You say that she has sent her children to a Jewish Sunday School, that she has been a good member of the Jewish community and one of the best workers of your Sisterhood. In as much as she has not changed I do not see why the attitude of the Sisterhood should change towards her.

I do believe that some tactful and representative people should approach the husband of the woman and speak to him about the unfortunate occurrence and the unpleasantness which it has created.
