Dear Abba:

I meant to save a copy of the paper that told about the jam in getting down to the Normandy. To make a long story short and not to spoil your vacation by harrowing details, I missed the boat. I was terrifically disappointed that I didn't get a chance to see Virginia, the children and yourself before you sailed because I had really looked forward to it. Missing the boat made me gain about 5 pounds and hastened my step toward becoming a perpetual drunkard, as I had to eat the candy that I brought down for the children, and drink the liquor that I brought for Virginia and yourself.

Tomorrow at noon Bill and I and two friends sail on the Iroquois to Bar Harbor. We are taking our cars with us and from there we are going to Mooselookmeguntic. We plan to spend a couple of weeks there. When you get back I will tell you how we liked it. I am like a kid looking forward to a vacation.

Heartiest congratulations on your election as president of the Alumni.

There isn't a great deal of news. Chief political excitement being that Lehman has consented to run again, which the democrats think will definitely insure Roosevelt being re-elected. It looks rather definite that Coughlin is allied with Hearst and that Lemke is heading the third party in order to alienate the Liberals from Roosevelt.

I hope all of you have a swell vacation. Dearest regards to all, as ever

Faithfully yours,

Jack

My dear Rabbi Silver:-

I am passing along to you a copy of the book, "Incentive Taxation", by my friend and associate, C. W. Hazelett, long a resident of Cleveland and a great admirer of yours. He has done brilliant things in mechanical and electrical engineering and in metallurgy. In the latter field, it looks as if he is destined to make a very great name for himself.

This book on economic subjects is outside of his professional line but not outside his serious thinking. I believe you will find it worth reading. If it interests you at all, you will probably read it at least twice as it is extraordinarily compact considering the scope of the subjects it treats.

I hope you will have a fine summer and with all good wishes, I am as always

My dear Miss Kline.

I received the first packet of mail. Thanks. I am returning some of the letters with notes as to how they are to be answered. With reference to Nathan Kahen: If we have made no other commitments for the 1936-7 scholarship — and I don't recall any — it will be altogether satisfactory to give the scholarship to Kahen. He is a fine young man. Tell Mrs. Amersbach that it is O.K.

Sorry about Mrs. Fischer and her failure to be elected. I hope that she went away — as an alternate. She could easily receive a credential.

Have not yet received printed copies of my Baccalaureate address.

When are you taking your vacation?

When you do, please arrange with Mr. Levy to have
my mail sent regularly as per plan.

We are all fine. The children are enjoying
the sea-shore in this pleasant town very
much. Mrs. Silver sends her warmest
greetings.

Dear Rabbi Silver:-

I know that this letter will reach you at a distance from America. I feel that even amidst your vacation I must not fail to inform you that I have been recently elected Rabbi of the Eoff Street Temple, Wheeling, West Virginia. I preached there a month ago, and a few weeks later, after hearing other applicants, they decided in my favor. The people were very kind to me. Your father-in-law, Mr. Horkheimer, was particularly gracious and helpful. I fully realize that without your recommendation, the opportunity of serving the Wheeling community would not have been mine. Once more am I indebted to you, and once more do I express in this humble way my gratitude to you. Perhaps in the future I shall be blessed with the privilege of being of some service to you.

For the first time I attended the Central Conference of American Rabbis, and you probably know that you were elected President of the Alumni Association.

A copy of your Baccalaureate address reached me the other day. We who have shared the privilege of hearing the address were happy to see it available in published form.

It will interest you to know that my Rabbinical thesis in the field of Russian-Jewish history was recommended for publication. The manuscript is now in the hands of Dr. Joshua Bloch of the New York Public Library, who is very eager to see it in book form. He is working in my behalf with the proper parties.

With sincerest wishes for a happy and pleasant summer, and with kindest greetings to Mrs. Silver and to your family, I remain,

Faithfully yours,

Dear Rabb:

I hope you are having more clement weather than we have been experiencing these past few days. With the unofficial temperature between one hundred and one hundred and twenty we are finding it difficult to be comfortable. This situation is not local but exists throughout the country.

Eljabet is going to Wheelock School, 100 Riverway, Boston, in the Fall. She will require a recommendation from you before her application is finally approved. Will it be convenient for you to write them. I dislike annoying you while you are on your vacation but could not help it as the request for such a letter was just received.

Are you having the rest you needed? I hope you are feeling much better and that Virginia and the children are also getting the full benefit of the holiday.

If you get the chance to write I will appreciate a line or two although if I do not hear from you I will know it is due to the many things that require your attention.

With kindest regards to all of you in which Sylvia, Eljabet and Louis join me, I am,

Sincerely,

Rabbi Abba Hillel Silver,
Westminster Hotel,
Le Touque,
France.

My dear Rabbi Silver,

Your letter reached me this afternoon, and need I tell you how delighted I was to hear from you? Your kind words: "Of course I stand ready to help you", warmed my hearth and brought me more encouragement in my present predicament than anything else could do. Never during our long and friendly acquaintance did I believe that a time may arise when I will ^{have} to appeal to you for any material assistance. But when forced by circumstances it certainly gives the greatest satisfaction to learn, that the great Rabbi Silver, whom I have been adoring for years, is also a friend "in need."

Since I wrote you my first letter I thought that it will not be necessary for me to establish my contemplated periodical. Several friends of the Rockers intervened in this affair with the desire to bring about an understanding between Henry Rocker and myself. Among those friends of his were also Rabbi Armand Cohen and David Walpaw. But after a few days they gave up and told me frankly that their efforts were unsuccessful. Rocker, as usually, threw the whole responsibility upon his brother-in-law and flatly refused to consider my demand for a weekly salary of meager forty dollars.

I know that I don't have to tell you how poorly such a small salary would be for the work and other efforts that I do for the Jewish World. However, as it is, I would have to get along until some better times will come from somewhere... But these people ~~staunchly~~ stubbornly refuse to submit to my demands. Why? Because there is something more behind their stubbornness. It is the influence of my Zionist and other "friends" who desire to get rid of me and drive me out of Cleveland. Believe me that I do not exaggerate because I know what is being carried on "behind the scenes."

The Jewish World is still a business which

2

LEON WIESENFELD

brings in around sixty thousand dollars yearly unsolicited and in spite of bad management. The Rocker family still draws over two hundred dollars every week. Noone could tell me that this paper cannot pay its editor forty dollars per week. It could if the publishers would, firstly understand what's all about, that is, if they would know that a daily ~~paper~~ paper cannot always rely on the scissors... Secondly, if there would not be "politics" behind it.

Unfortunately the situation is such that even the Rockers themselves believe that I achieved a too high standing in the community. Henry Rocker talked it in to himself that he can do without an actual editor and get all the so-called honors that go with the title himself... It is now more obvious to me than ever before that he wants to get me out of the city.

But I have no other city where to go to. I lived in Cleveland well over twelve years. This is my home. Here I have some enemies but also thousands of friends. I gave the Jewish community of this city the best years of my life. I have served the community faithfully, not for business, not for politics, not for huge personal profits, because I never made a half-way decent living. This is the only place where I could stay, and where I must stay after all these years. It would be easy for some of my enemies and my employers to see me go, but I am sorry that I cannot fulfil their wishes simply because I have no place where to go to...

What else could I under these conditions do than to establish a well and lively edited weekly in both languages, English and Yiddish? I know that I will have to struggle for my and the papers existence. I am well aware of the hard and responsible work that is ahead of me. But I also know that you will be happy to learn that the Jewish masses of our city are almost solidly behind me and stand ready to lend me every assistance, moral and financial, that I might need. I feel sure that within the first six months my many friends will help me to achieve a reasonable circulation for my paper. I am also sure that they will help me secure every possible advertisement. Thanks God that I do not stand alone. The Jewish masses of this city are appreciative of all that I have accomplished and will not let me go down...

As to the Jewish World I sincerely believe

The Jewish World Silver Jubilee Committee

that my paper will not be a competition at all. I have no desire nor the least intention to compete with the Rockers, or to indulge in any controversy with them. I will simply look out for my own interests and put in every effort to make a living. But you don't know the Rockers and you don't know how far they will go to ruin anybody whom they consider their competitor. Knowing them as well as I do I certainly must be prepared for everything. That I am, since I cannot permit people whom I gave twelve years of honest, devoted service, though I have been always underpaid, to ruin me now, when I am so much older and physically ill.

The Rockers themselves forced me into the publishing business, and if they will have to suffer financially as a result of that they will have to blame but themselves.

As far as you are concerned I need not tell you what your good name has always meant to me. You may rest assured that you will not be put in any unfriendly relations with the Rockers, if this will only depend on me. They may surmise that you will come to my help. They will however never find out if this is really so or not. They may speculate if they wish but they will never know the facts. The honor of Rabbi Silver has always been dear to me and will always remain dear.

Now as to your question what help you could extend me, I wish to state the following:

When establishing my weekly I am well aware of the fact that the first year will be the hardest. This is due to the fact that the National advertisements are not placed in papers during the first year of their existence. I intend to begin sometimes in September and will, therefore, be forced to get along somehow until January, 1938, when the national advertisements will ~~begin~~ begin to flow in. During these almost fourteen months I will have to rely on paid circulation and ~~local~~ local advertisements only.

In order to pull through I must have at least five thousand dollars. That is two thousand to begin with and the other three thousand as a reserve fund, if it should be necessary to cover any losses during the first fourteen months. I am investing one thousand dollars and my friends among the plain people will raise in the form of stock buying two thousand and five hundred dollars.

I am therefore short 1500 dollars which must, however, be raised before the first number is published.

You may believe me that I am really at a loss to tell you what I would expect you to do for me that could help me raise those 1500 dollars. All I can say is that whatever you will be able to do in this respect will be greatly appreciated by me. I am sure that you will do your outmost .

Mrs. Wiesenfeld and I were happy to hear that Mrs. Silver, the children and yourself are feeling fine and that you are enjoying your much needed vacation. I hope that you will all continue to enjoy the remaining time and that you will return in the best of health. Mrs. Wiesenfeld and I send our best regards and good wishes to Mrs. Silver and you,

My dear Friend:

At a meeting held in Cape May, at which a number of men to whom I wrote in the interest of Dr. Singer were present, there was a diversity of opinion as to the advisability of supporting his plan for a six-volume encyclopediac work entitled A Gentile's Encyclopedia of Jewish Knowledge, but there was no diversity of opinion in the matter of doing something for Singer personally.

He is in a rather precarious condition financially. I feel that it is the obligation of all of us who have benefitted so greatly by his master achievement, The Jewish Encyclopedia, of doing something for him.

Can you take steps towards collecting a number of annual subscriptions for his maintenance? He is seventy-six years old and in a very weakened physical condition. I do wish that his mind could be eased and that he would have no fear that for the remainder of his life, he and his wife would have no worries as far as livelihood is concerned.

Kindly let us know, as soon as possible, whether you will assist in this enterprise and how much you feel that you can raise annually for the Singer fund.

With kind regards, I am

Sincerely,

David Philipson

Dear Rabbi Silver:

Received your letter yesterday afternoon.
Have answered the letters you returned as per instructions.

Your Baccalaureate Address has been printed and mailed out. I sent you several copies of it. You have undoubtedly received them by this time.

Enclosed is a letter from Rechavia. Am also enclosing letters from Mayor Burton and Springfield City Club. Both have been acknowledged. Letter to Mayor - stated that letter would be forwarded to you. Letter to Springfield - stated that you would be back early in September and that letter would be referred to you then.

Not a thing new has happened except that Mr. Levy finally decided to on his vacation. He left last Saturday night for Atlantic City. Miss Salberg, of course, is back at work. She looks grand and feels fine. I expect to leave on August 1st. Mr. Levy will take care of your mail while I am gone.

I understand that Mrs. Fischer did not go to the ZOA Convention. At the very last moment someone in her family became ill and she could not leave. From an item in the Plain Dealer which you have probably seen, Mrs. Fischer, Dr. Falkman and Judge Silbert were elected to the National Executive. It seems to me that all the parties concerned should now be happy.

Best wishes to all and KEEP COOL!(The temperature has averaged more than 90 for the last five days, going as high as 102 on one occasion). Do you have any influence with the weatherman?

Sincerely,

My Dear Mrs Silver,

I surely was pleased to receive your most welcome letter that you found time enough to write to me? as you no doubt your time is well taken with your numerous friends. But if you all have kept well. you have much to be thankful for. yes I am always eager to come back to my home town. Where most of my best years have been spent. But Dr Book the changing of the world is true to life. So many that have heard near and dear to me have answered the call to the great beyond? some are stricken with what the flesh is heir too. Many have lost their homes and are compelled to seek their shelter elsewhere. It is pathetic, I firmly believe that old age pension will be a God send to many. Not that our Jewish people will take advantage of it. Lillie my daughter with her family are at Los Angeles for the present. Mr Granlsenberger will join them. just dont know where they will go. I have been to the coast several times and had no desire to go and probable the trip would had been to much. June my daughter Birdie a tragedy has entered in to her life. She has lost her eye sight has had diabetes for many years and it always proves fatal. Then losing that dear Paul added to her weeping which did not help

My dear Leon,

Thank you for your letter of July 14th.

The sum of \$ 1.500.- which you mention in your letter is not excessive and I shall try to raise it for you when I get back to Cleveland, should you finally decide to go ahead with your project.

I shall be back in Cleveland the latter part of August and I should like to have an opportunity to discuss the matter at length with Mr Rucker. If, after our discussion, there is no prospect for you at the Jewish World, it will not be too late to start the publication of your contemplated weekly then.

We are all well. The weather here has been cool and pleasant and we are sorry to hear of the intense heat to which people have been subjected in America.

With all good wishes to you and Mrs Wiesenfeld, in which Mrs Silver joins me,

I remain,

Very cordially yours,

Mr Sidney N. WEITZ,

My dear Sidney,

I have just received your letter and I hasten to reply to it.

I am enclosing herewith a copy of a letter of recommendation which I send to the Wheelock School for Elizabeth. I hope that it will serve its purpose.

Mrs Silver and the children are fine. We are resting in this pleasant Summer resort. The weather here has been cool and I have more than once thought of the folks back home who have been sweltering in what must have been almost unbearable heat.

My plans about going to Palestine are still unsettled. My folks have been urging me not to come on in view of the unsettled conditions in the country. I will probably make my decision within a few days.

With all good wishes to Sylvia, Elizabeth, and Louis and yourself in which Virginia joins me heartily,

I remain,
Most cordially yours,

Miss Bessie KLINE,

My dear Miss Kline,

I received your letter of July 15th. as well
as the mail which you forwarded to me. Thanks.

By the time this letter reaches you, Rabbi
Harris will probably be back in Cleveland. Please ask
him to compose the holiday booklet and send me a draft
of it as soon as possible.

Please send complimentary copies of my 3
printed books to the Librarian of the Bibliothèque
Nationale, Rue de Richelieu, Paris and enclose a note
stating that these books are sent to the Library with
the compliments of the author.

I trust that you will have a nice vacation.
I am sorry that the heat has been so intense in Cleveland,
I wish we had some of it here.

With all good wishes, I remain,

Very sincerely yours,

My dear Mr Redding,

Let me thank you for your kindness in forwarding
my letters as well as my other mail which I have been
receiving.

I am enclosing herewith Frs 50.- as a mail
deposit which you can use as occasion arises to forward
to me registered mail, telegrams or cables.

Thanking you for your courtesy,

I remain,
Very cordially yours,

P.S. I am returning a letter which was sent to me by

for Mrs E. Silver.

Mr Louis HORKHEIMER,
1600 Main Street,
WHEELING, W. Va.,
U.S.A.

My dear Dad,

We have been very happy to receive your letters indicating that you are well and that you are in your old stride again.

We have been a little concerned about the intense heat which has prevailed in America. I hope that by the time this letter reaches you the heat wave will have passed.

Virginia and the children are fine. We are enjoying our stay in that delightful seaside resort. The hotel is very comfortable. It faces a magnificent beach upon which the children play and nearly spend most of the day.

Virginia has been feeling splendidly and has been like a new person.

I spend my days pleasantly enough, a little exercise, much reading and considerable idle hours.

I have just received word from the folks in Palestine. They are not anxious to have me come over at the present time in view of the unsettled conditions there. They are postponing their golden wedding celebrations as people are not celebrating in Palestine at this time.

I have been to London for the conference about the German Jewish situation and towards the end of August, I shall probably go to Zurich for the conference of the Zionist Agency.

Politics in Europe is very tense in ~~the moment~~, the civil war in Spain being uppermost. Anything, of course, can happen but I incline to think that there will be no serious upsets in Europe in the near future.

.....

We all send you and Sadie our love. The junior of the children have gone this afternoon to Saint Nazaire, not far from here to visit some French cruisers which are in the harbour and I am home, dictating some letters and trying to clear up my correspondence.

Rabbi Abba Hillel Silver,
Wherever he may be.

Bear Rabbi Silver,

I must report that the old shul is in tip top condition. She has had her face lifted, washed and scrubbed behind the ears, painted and primed until she has begun to look quite pert and saucy. People are still getting married, and there have been quite a number of funerals--average age of the deceased about 80. The dead lie buried without murmur or complaint. And the newlyweds are presumably too blissfully happy to be anything but dead to the world. It is only the living who are dissatisfied.

Rabbi Harris came in today, and I am planning to leave for Boston tomorrow night. He tells me that some 75 applicants have converged on Hollywood, but that no one with less than seven years experience will be considered--again that mystic number 7. How wonderful is this blessed word experience. It gives an aura of sanctity to the open conspiracy of the aged and incompetent against youth. You remember what Morris R. Cohen said about the importance of experience. --The more experienced the lamb the more sheepish he becomes.

With Binstock in Chicago, New Orleans is to my knowledge still open. Lack of experience of course makes it unthinkable for me to aspire so high. Julius Mark is spoken of as the probable successor. He is the fellow who gets The Temple Bulletin and preaches on your sermon topics one month after...He has experience.

There is an opening however at Temple Beth-El in Jersey City. Maurice Thorner is the rabbi; but being well advanced in years the congregation wants an associate who will presumably succeed to the pulpit in a few years. Dr. Morgenstern has recommended me there, and I have been asked to preach a try-out sermon August 28th. This, I have been informed, is the only available date--which seems to indicate that there is an oratorical contest in process. Perhaps you can help me there. Surely you must have some connections either in Jersey city proper or at least in New York who could be of assistance to me. The president of the congregation is Dr. B.S. Pollak, and the secretary, Mr. Philip S. Birnbaum. Another of the chief machers is Dr. Julius Heilbrunn. Irving Liebow seems to think that his father might be able to help me, and has written him in my behalf. I am very eager to land that job and will certainly appreciate anything you can do to assist me.

The Zionist situation appears to be even more muddled than before the Providence Convention. There is a definite feeling that had you been at the convention Rothenberg would have been elected--and what is more he could have been elected anyway if ~~had~~ had had the guts to make a fight for it. Instead he permitted himself to be maneuvered into a peace compromise ~~which~~ has turned out to be a double cross-- with the Lipsky gang ensconced in power under the shadow of Wise.

I trust you have had a pleasant trip thus far and will have an enjoyable visit in Palestine, ~~Gad~~ and the Arabs willing.

With best regards and all good wishes,

Sincerely,

David

רבי נכבד,
מכתבו הגיעני במועדו, והריני מבקש את מליחתו
של מר על שהשתיתי את התשובה עד עכשיו.

שמחתי לקבל את התרגום, ולא עניתי מיד רק מחמת טרדות
השעה הטרופה, וכיון שלא עניתי מיד, בקשתי אחר כך לשלוח אל
מר את תשובתי בצירוף הרבע הראשון של העבודה. לצערי נתרשנו
מניעות שונות בקשר עם המצב בארץ והדבר לא עלה בידי.

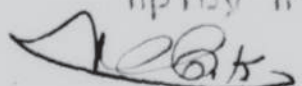

ביותים כבר עומד אני בסוף הרבע השני של הספר. אף על
פי כן, עדיין אין בידי לשלוח אל מר את הרבע הראשון בשל
כמה קטעים מספרים נדירים; עדיין לא עלה בידי להשיג את
מקורותיהם, שכן אין הספרייה הלאומית משאילה אותם. לצורך זה
ישלחני, אפוא, לירושלים, והדרכים בארץ משובשות, כידוע.

ממשיך אני, אפוא, במלאכה התרגום, ומקווה אני שבקרוב יעלה
בידי למלא את החסר ולהסתייג למר את המסלול הראשון: רבע
הספר, ואולי אף חלקים נוספים.

מה שנוגע להערותי המודפסות בדבר סדר הערות, הנה אף לא
עלה על דעתי לקבוע אותן בסוף, ואין אני עורך אותן על דף
מיוחד אלא לשם הנוחות השכינה ע"ד ההדפסה.

ושוב הריני להביע את צערי על העכובים שגרמה השעה
הטרופה גם לי גם לעבודתו בתוך כל ישראל.

Dear Miss Klein -

Rabbi Silver and I appreciated your message and tho' we can't report an absence of sinus trouble - we can report a trip sine trouble. This boat is truly magnificent - if one thinks of the uneven levels of our economic life - too magnificent - but if one merely slips into the enjoy-

ment of the senses and forgets Marx
and social unrest - It's as a frenchman
just told me "It's the pussy's cuffs" -
meaning I infer "the cat's cuffs."

The boys are swimming, the old man
sleeping & I answering reams and reams
of mail - next year will take you along!

I asked Miss Leckie to buy a
dictionary for us to send to Betty
Glesner - she will be married on
the 14th of July - Will you go to
Hale Bros book department & select
the best looking stand they have in
dark walnut - & see that it's the book

are sent together - You might consult
Miss Leikin - as she knows what I mean -
Put a card in "Rabbi & Mrs A H Silver" - and see
that it goes as soon as possible, will you please?

We all send hearty good wishes and
hope you'll have a pleasant summer -

Cordially,

Virginia H Silver.

Mr Henry KUTASH,
10924, Massie Ave.,
CLEVELAND, Ohio,
U.S.A.

My dear Henry,

I have just received word from the temple office informing me of the passing of your father.

I hasten to send you word of sympathy and comfort in which Mrs Silver joins me.

I am sorry that I could not be with you in your hour of bereavement.

I did not know your father very well but if the biblical judgment is true that fathers and sons reflect each other and bestow honour one on another, your father must have been a very worthy and proud man.

This is but a brief and inadequate word to tell you that we have been thinking about you and sharing in your sense of loss.

I hope to see you upon my return to Cleveland which, I hope, will be before the end of the month.

With all good wishes,

I remain,
Most cordially yours,

LA BAULE, August 4th. 1936.

Mrs Ike FREEMAN,

CLEVELAND, Ohio,
U . S . A .

My dear Mrs Freeman,

I have just received word from the Temple informing me of the passing away of your beloved father, Mr Simon Feder.

Both Mrs Silver and I were terribly sorry to receive the sad news and we hasten to extend to you our most heart-felt sympathies.

Your dear father had a host of friends both in the temple and in the community at large. We were all very fond of him. He was one of the oldest members of our temple and a worthy and honoured member of the community. He was a gentleman of the old school, sturdy, upright, dependable. Men of his type have helped to build our great country.

I am deeply sorry that I could not be with you in your hour of bereavement.

As soon as we return to Cleveland, Mrs Silver and I will want to call on you.

In all deep sympathy.

I remain,
Very sincerely yours,

LA BAULE, August 4th. 1936.

Dr George B. LIEBERMAN,

CLEVELAND, Ohio,
U.S.A.

My dear George,

I was very happy to receive your letter and the information it contained about you and Wheeling. I am delighted to know that you will occupy the pulpit of that fine community.

Wheeling has had in the past a splendid tradition and a well deserved reputation for the warmest kind of co-operation with its rabbis. In the last few years, the relationship has not been as pleasant as it might be. I am confident that you will bring to your post that quality of friendliness, good will and patience which will win for you the love and affection of your people.

I am delighted to know also about your thesis which I want to read as soon as it is published.

With all good wishes in which Mrs Silver joins me,

I remain,

Very cordially yours,

We are all well. I am planning to return a
little sooner than I expected and, if I can get passage, I
will arrive in Cleveland about the end of August.

Please remember me to everyone around the Temple.

Rabbi Melbourne HARRIS,
The Temple,
East 105th. at Ansel Road,
CLEVELAND, Ohio,
U.S.A.

My dear Mel,

By the time this letter reaches you, you will I am sure, be launched on the Temple plans and activities for the new year.

My own plans are rather uncertain. I am being urged to attend the sessions of the Agency for Palestine which will be held in Zurich the 2nd. and 3rd. of September. This, of course, would bring me to Cleveland no sooner than the 12th. of September. Personally, I should like to come home about the end of August but will probably decide in a few days what I am going to do.

I would suggest that during the two weeks preceding the first registration in the Religious School, you give extensive publicity, both in the daily press and in the Jewish papers about the opening of the School, days of registration and a word about the curriculum of our School, the quality of its work, its trained faculty, its excellence, etc.. I think that we ought to do a little bragging about our school....

I will also suggest that you send a special post-card to all the members of the Temple announcing the registration of new pupils and calling special attention to the fact that children of 5 should be registered in the kindergarden and that parents should not delay registering their children. Send this post-card out over both our signatures.

I am waiting to receive the script of the holiday booklet.

I trust that you had a pleasant and restful summer. We have enjoyed our vacation very much, although we could have stood a little more warm weather and sunshine.

.....

We all send our warmest greetings to you and Leona.
We all hope that Ronney is as well as our Daniel and
Raphael.

Most cordially,

Mrs Simon BILLSTEIN,
2820, Mayfield Road,
CLEVELAND, Ohio,
U.S.A.

My dear Mrs Billstein,

I have just received word from the Temple informing me of the passing of your dear husband, Mr Simon Billstein. I hasten to send you my most heart-felt sympathies in which Mrs Silver joins me.

Your sense of loss must be very great and I wish that I could have been with you in your hour of bereavement, to officiate at the service and to speak a word of comfort to you.

Mr Billstein was a valuable and respected member of our community and of our temple and we all deeply share your sense of loss.

What Mr Billstein meant to you and to those closest to you, you know best and I am sure that in that knowledge and in the fine memories which he has bequeathed to you, you will find in the days to come a great measure of comfort and consolation.

Mrs Silver and I, upon our return to Cleveland, will call on you.

With profoundest sympathies,

I remain very cordially yours,

LA BAULE, August 5th. 1936.

Messrs Marvin & Samuel AUB,
10617, Ashbury Ave.
CLEVELAND, Ohio,
U.S.A.

My dear friends,

I have just received word from the Temple conveying the sad information of the passing of your dear father and I hasten to extend to you my heart-felt sympathies in which Mrs Silver joins me.

I am sorry more than I could tell you that I could not be with you in your hour of bereavement and officiate at the funeral.

You know, of course, how tremendously fond I was of your dear father and how highly both Mrs Silver and I regarded him. For years we were close neighbours. He was one of the oldest and among the most valuable and respected members of the temple. He was a gentleman of the old school, a man of integrity and honour, of sound principles and fine ideals. He was tremendously devoted to and proud of his family. Some of my fondest recollections of my first years in Cleveland are bound up with your dear father and mother, both of whom now have gone to their eternal rest.

Mrs Silver and I will call on you as soon as we return to Cleveland.

With all good wishes, I remain,
Very cordially yours,

August 8, 1936.

Mr. Louis B. Seltzer, Editor,
The Cleveland Press,
Cleveland, Ohio.

Dear Mr. Seltzer:

Complying with your request, I am herewith outlining briefly my political activities as a member of the Ohio Senate for ten years.

You will please excuse the continued use of the personal "I" throughout this letter, since I know of no other way of placing my record before you.

Twenty-five years ago I started in politics as a follower of Theodore Roosevelt and became active in the Progressive Party.

In and out of office during these years I have always fought the "invisible government". Whenever necessary I fought the party organization in the Senate which at times was bent on protecting privilege, and with all the emphasis of which I was capable I protested against those in political life who were interested in legislation for special privilege and the venal politicians whose main efforts were directed to kill legislation which was in the interest of the toiler and the wage earner.

I fought the schemes and activities of these defenders of privilege during five sessions of the Senate and as long as I live, in or out of office, I promise to continue to do so.

For illustration, permit me to note the attempt to enact the Gifford Bill which would have stripped our judiciary of its non-partisan character and force it back into the control of partisan politics, and the enactment of the Liggett Bill which would have denied the right of the people to nominate candidates by petition, if it had finally become a law. I led the fight on both measures and succeeded in killing them.

I tried to uncover graft and grafters in road contracts. Whenever the defenders of privilege attempted to protect the public utilities of the state by price increases, taking money directly from the pockets of the consumer, even before these increased prices had been sanctioned by the Public Utilities Commission, I led the fight against them.

I was a leader in the fight for the Minimum Wage Bill for Women, the Teachers Tenure Bill, and the Anti-Fireworks measure.

I fought the commercial lobbyists who had infested the legislative halls. We enforced the registration of these lobbyists and curbed their activities.

I led the fight on fee-splitting of inferior courts in Ohio and was largely instrumental in putting the Anti-Saloon League out of business in this state.

Over a period of years I fought the crooked justice shops and mayor's courts and finally succeeded in putting an end to raiding homes as well as commercial law enforcement in connection with these courts.

I was the organizer and leader of the fight against the Marshall Bill which would have restored them to these practices.

I fought to win jobless men a square deal by attacking crooked employment agencies and introducing measures for their regulation.

I was the author of the bill to lower the tax on insurance premiums as well as a measure for the removal of officials guilty of misconduct in public office. This bill was passed and a number of public officials guilty of misfeasance, malfeasance and nonfeasance were removed under the law.

I fought and succeeded in protecting the "Library Fund" from being used by other political units.

After eight years of hard work I succeeded in having a measure passed providing for the feeding of prisoners at cost by the sheriffs of Ohio.

I was the author of the bill providing for speedy election returns and made the fight for voting machines.

Senator Burke and I led the fight for the retention of the Primary election law in Ohio, and when petitions were filed by Harry Davis to do away with the primary law we led the successful campaign against this proposal.

I was the author of the Police and Firemen's Pension Bill.

When Harry L. Davis proposed his reorganization bill Senator Burke and I fought this measure and succeeded in amending it, so that the Davis gang did not succeed in putting over a number of vicious provisions.

I fought for the repeal of the Pence Law, but I opposed the setting up of a professional collector by Governor Cooper to that repealer. The bill would have empowered a Superintendent of Investigation which would have further corrupted law enforcement in this state.

I fought the establishment of the state constabulary, so that this branch of government might be used in industrial disputes.

I consistently fought the spoils system and opposed narrow partisanship.

I fought for adequate old age pensions in Ohio as well as the child labor amendment. Led the fight for its ratification.

Fought for the strengthening of the Blue Sky Laws.

Was one of the leaders in the fight against deadly pollution of Ohio streams and lakes.

During most of the time that I was a member of the Senate we had a governor of the opposite political party from my own. I took the same attitude toward him as I would have had he been a member of my own party. The right things he favored, I favored. Those things that I believed to be wrong I opposed. Senator Donahoy, I am sure, will be glad to testify that this was his experience with me.

I opposed the Sunday Dance Bill as well as the Bible Bill wherever introduced, and openly fought the Klu-Klux-Klan on the floor of the Legislature.

At the time of the appointment of a Manager for the City of Cleveland, I was responsible for the selection of Daniel E. Morgan as its Manager, when the controlling forces of the Republican Party were interested in the appointment of a lesser individual.

I have skimmed over the record briefly and hurriedly because in a long period of political life many things could be added which would only add to the bulk and not to the substance of the letter.

You are free to make whatever use of this letter you see fit.

Very truly yours,

George H. Bender

My dear Mr. Scheerer:

On returning from my vacation, I found your letter of July 28 re Rabbi Silver's book "Messianic Speculations In Israel". The only copies we have that I know of are new ones which sell for \$3.50 each. We may, however, have an extra copy in our Library which we could send you. Our librarian will be back from her vacation in September. I shall be glad to write to you then after I have discussed the matter with her.

Very sincerely yours,

מתוך מכתב/אגודת הסופרים בא"י מיום 25/8 1936:

" - - - המאורעות העגומים בארצנו הנמשכים זה יותר מארבעה חדשים פגעו באופן קשה מאד בחברינו הסופרים, ואם גם קודם ידעו עוני ומחסור, הרי עכשיו הורע מצבם שבעתיים, הואיל והוצאות הספרים כמעט שהפסיקו את עבודתם ולכמה מחברינו שהיתה להם קודם הכנסה כלשהי מהוצאות הספרים הנ"ל ע"י עבודה מקורית או תרגומית נשבר מטה לחם. אמנם התחלנו כאן בעבודה קונסטרוקטיבית ע"י מתן הלואות למולי"ם ע"ח שכר סופרים, אבל אין הקומץ משביע, ויש לנו עכשיו צורך תכוף בסכום מסוים, כדי שנוכל לעמוד לחברינו בשעת דחקם ולהושיט להם עזרה כלשהי. אנו מבקשים איפוא אותך שתסייע גם אתה לנו ותשתדל להשיג בשבילנו ממקורות, שתמצא למתאימים, סך אלף דולרים. - - - בטוחים אנו כי לא תעמדו מנגד בשעה זו הקשה לישוב בכלל ולצבור הסופרים בפרט."

Dear Rabbi Silver

I received your
kind letter from France. We
thank you and Mrs Silver
for the message of sympathy
it contains.

Notes on a discussion held at the Oakwood Country Club, Wednesday evening, August 26th, 1936, where the following persons met at the instance of Mr. Philmore J. Haber:

Milton Grossman
Leo Weidenthal
Eugene Wolf
M. Cohen
A. L. Glaser

Rabbi Armond E. Cohen
Harry Levy
Rabbi Melbourne Harris
Harry Wolpaw
A. Lowell

Mr. Haber opened the discussion by explaining that he was interested in finding out what, if anything, the B'nai B'rith could do to stimulate Adult Jewish Education in this community.

He said that the B'nai B'rith was keenly interested in lending its support to a program strong enough to attract the Jews of every community, and designed to lead to a better understanding between Jew and Jew and Jew and non-Jew.

He stressed further that the B'nai B'rith was seeking no laurels or credit for itself, but was willing to cooperate with existing organizations towards this common goal.

Mention was made by several persons that this might be a propitious time for a co-ordinated program, since at least two of the temples, Rabbi Brickner's and Rabbi Silver's, were considering discontinuing their lecture courses.

Mr. Harry Wolpaw pointed out that a single series of popular lectures might be arranged in co-operation with all the temples, while Rabbi Cohen pointed out that these popular lectures might be followed by small discussion groups or seminars, arranged in conjunction with these lectures.

Rabbi Harris suggested that the present Institute of Jewish Studies might be brought into use in connection with such a program.

Milton Grossman expressed the belief that a purely religious and scholastic approach would be doomed to failure, and that popular subjects should be chosen for any course selected.

Mr. Eugene Wolf emphasized the fact that a program of this kind must deal with vital Jewish problems, and that if it did deal with vital questions it would undoubtedly receive the community support.

Leo Weidenthal suggested that a program sponsored by the leading temples under the name of the Cleveland Jewish Community Forum, is another approach to this situation which might be considered.

The consensus of opinion in response to Mr. Haber's question was that a better organized program in Adult Jewish Education was possible in this community; that the support of the B'nai B'rith would be welcomed; that the persons present were willing to co-operate in such an endeavor, but that nothing further be done or no definite action taken until other Rabbis and lay leaders had been consulted.

The discussion closed with a hope of meeting after labor day, during which time some of those present said they would sound out other persons in the community about this matter.
