### WHAT AMERICAN JEWS SHOULD DO TO HELP THE JEWS IN POLAND

The easiest thing in the entire Jewish situation in Poland is to be hysterical. It is easier not only because it is natural, but because also it requires less effort. And that is why from Przemytyk to Brzesc Jewish life is filled with wailing and cries of woe - without any one having learned anything from the tragic events in Poland and without having become united on a program.

Conferences, resolutions, delegations, calls for action, and debates are worth nothing, if behind them there is no correct evaluation of the facts and no sincere demand for action - action based on the facts. The average Jew has no time to study the situation, and to arrive at the proper conclusions. His demand is a simple one - that something be done. And if he is told that the calling of a conference, or marching in a parade, or the signing of a petition means action, he joins it. This is reminiscent of the time when the infantile paralysis epidemic was raging in New York. The rumor spread that if the child wore a little bag with several camphor balls in it around its neck, it would be protected against the disease. And many intelligent but hysterical and devoted parents rushed to the drug store to get camphor. Ninety percent of everything that is being proposed and discussed in connection with Poland to-day has exactly the same practical value in the situation in Poland as camphor had for paralysis.

Our political action until now has been limited to resolutions, delegations, and a march. Can we expect something from all this? I don't think so. What is more, there are some who believe that resolutions, delegations and marches in which only Jews participate are harmful. Every time a purely Jewish demonstration takes place, the Jews become more and more isolated. Formerly, when there still existed such a thing as "world conscience" and world opinion, it sometimes helped if we cried "wolf, wolf!" when our enemies attacked us. But "world conscience" is dead to-day, and the more Jews cry "wolf!" the more the world thinks: the wolf must be alright if he is devouring them everywhere.

There are only two kinds of political measures that we can take: either public joint action with non-Jews, or non-public political action - the less public, the better. Public political action must be tied up with those movements which are opposed to anti-semitism. Primarily this means the labor movement, though in several countries other progressive elements can be drawn in.

Some time ago, a delegation of the Jewish Labor Committee called on our Secretary of State together with William Green, who represented the American Federation of Labor officially. And more recently a similar step was taken with another even more important person. Much further in this direction we cannot go. We cannot expect America to send over an army to protect us. We cannot, under present conditions, expect America to break off diplomatic relations with Poland because of the Jews. Even if that were at all possible, we might be opposed to it.

(2)

One should not, therefore, exaggerate the effectiveness of these steps, and particularly one should not depend on professional politicians, Jews and non-Jews alike, who for the sake of their own interests and for a little publicity, will defend and attack anything and everything in the world. Above all, we ought not to mislead the Jews in Poland with false ideas about what we can do for them in the political field.

What then can we do for them? I believe we can do a great deal. But here, too, we should be honest and realistic. Everyone is agreed that the Polish Jews cannot solve their problem by emigration. Bundists have been saying this a long time, and now even Zionists admit it. In fact, the number of Jews in Poland did not show a decrease in the years when immigration into Palestine was unlimited. On the contrary, Jewish population in Poland increased. We are not gleeful over this fact. If mass emigration were possible, we would support it wholeheartedly. But it is clear even to the blind that this is impossible. Of course, efforts should be made to take out of Poland every single Jew we can. One must always remember, however, that while this reduces the size of the problem somewhat, it does not render it less difficult. And if this is true, then it leads to two important points in a very vital program:

First, the Jews of Poland must be aided so that they can fight for their human rights.

Second, the Jews of Poland must be supported in their attempts to rebuild their economic status, so that they may be able to enjoy the rights they gain.

Under the first point, comes the question of financial help for all Jewish groups that do constructive work, as well as moral support for all non-Jewish groups who fight against our enemy - anti-semitism and Fascism. If Jewish life in Poland, and here as well, were a little better organized, the support could similarly be more organized and more direct. But since this is not the case, the Jewish Labor Committee is limiting itself meanwhile to aiding such economic organizations as the Central Council of Trades Unions and various workers organizations in which all, or almost all, political trends are represented. And those organizations in America which are not composed of labor groups should give their support to similar groups in Poland which are also engaged in positive political action.

But the second point in the program is the most important. The example of Soviet Russia has proven that as long as the Jewish masses are not skilled in trades, as long as they remain "luftmenschen" and "Menachem Mendels" then political rights are only half the solution. Even if political conditions in Poland were to improve, the majority of the Jews in Poland would still remain without economic rights, if they failed to become productive as workers. The greatest effort must be made to increase the number of vocational schools for children, to spread a network of trade schools for adults, to establish powerful producer and consumer cooperatives, to teach agriculture and dairy farming, to increase the productivity and usefulness of the Jewish masses in every way possible.

(3)

In order to carry out this program, a great deal of money is required. And because all other matters are of lesser importance to these two fundamental points, the question of money becomes the primary factor in relation to the Jewish problem in Poland.

Every dollar spent in Poland for constructive work, according to a definite plan and with a definite purpose, is worth ten resolutions and two conferences.

There have been two kinds of fund raising activities in Jewish life - one for Palestine which has been regarded as an idealistic cause; and the other conducted by the Joint Distribution Committee for Eastern Europe under the heading of philanthropy. To-day, due to the fact that approximately two hundred Jews were killed in pogroms in the last few years, to say nothing of the few thousand who were wounded, we have once more learned that the raising of a huge fund is the really important, truly idealistic measure to take.

The Jews of Poland will surely appreciate all that we will do for them, but the greatest, most useful and enduring aid we can give them is to help them become citizens, politically and economically, to help them win the right to live, and the right to work.

The Jewish Labor Committee has therefore refused to participate in any activity that does not take into consideration the fundamentals of the issue and which attempts to get by with the old ineffectual remedy - the bag of camphor.

That is why the Jewish Labor Committee is supporting the Joint Distribution Committee and the ORT and the Voyzet in Galicia; that is why the Jewish Labor Committee is sending money to the professional societies and workers organizations; that is why it is doing everything possible to give spiritual and moral encouragement to all anti-fascist groups in Poland and that is also why the Jewish Labor Committee is not enthusiastic about more conferences, more demonstrations and more delegations.

Rabbi Abba H. Silver,  
The Temple, E. 105th Street,  
Cleveland, Ohio.

Dear Sir:

I am obliged to sell from my collection of Babylonian antiquities several terra cotta cones which are about four inches long and in a perfect condition, and which are of the very greatest interest to students of ancient history and the Bible. They were found at Ur of the Chaldees, the birthplace of Abraham, in the ruins of a temple wall where they were buried so that future generations might know who built the temple. They bear a fine inscription of twenty lines in cuneiform characters from Libit-Ishtar, a prominent Babylonian king of 2060 B. C., just before the time of Abraham. The inscription mentions several of the early cities of the book of Genesis, the existence of which has been doubted, and it is probably the best illustration yet discovered of the writing and the civilization of the exact age of Abraham.

To a few who may be interested I am offering them for less than one-third of their actual value, that is, for only \$15.00 each. Would you care for one of them for your library? If so, I should be pleased to send one or more of them to you to see, with the translation, and of course they may be returned should you not wish to keep them. I positively guarantee them to be the genuine ancient Babylonian originals about 4000 years old and not reproductions.

Very sincerely yours,

Dear Dr. Silver:

For many years, through numerous people, I have heard one of your lectures particularly praised. The last time the complimentary remarks came from Rabbi Iola of Oklahoma, who spoke at our local State Teachers College while on the Jewish Chautauqua tour. The title, as I recall, is "What America Means To Me".

I would be most grateful if you would instruct your secretary to send me a copy of the address and I shall expect, of course, to pay for the lecture and postage.

Thanking you, I am

Letter No. 2

Dear Rabbi Silver:

I hope that you, Mrs. Silver and the boys are comfortable and happy.

I have enclosed everything I thought would be of interest to you. On all the letters marked "acknowledged" I wrote that you are spending summer in Europe and that letter would be referred to you when you return to Cleveland. I'll be glad to answer any of them if you make notations on them.

Much as I dislike to mention it - The Akron Jewish Center, the Jewish Criterion, the Jewish Community Center of Binghamton, N.Y. and the Jewish Times of Baltimore have already requested New Year messages. We shall no doubt hear soon from the Jewish Independent and the Review and Observer. Would you have time to write something I can send to all? The Akron Jewish Center would have to receive theirs by August 1st.

Dr. Herman Shube, 16723 Fernway, passed away yesterday. I thought you might wish to know.

Best wishes from all,

My dear Colleague:

I find myself in a fairly embarrassing position this morning. Following the tragic report of the British Royal Commission, I looked over my files this morning to re-read the carbon copy of a letter that I was under the impression I had sent to you late last month, but my files disclosed no such communication. Is it possible that I did not answer your letter asking me to sign the appeal of the United Palestine Appeal? May it be that my copy of the letter was misplaced by my secretary who happens to be out of the city? In the event that I did not write you as I intended, may I presently state what was in my mind. I would unhesitatingly authorize you to sign my name to the appeal if you could change one word, - namely where you say: "the one hope that sustains them etc." I would like the word "one" changed to read "essential" or "chief" or some word of similar meaning. Incidentally, in the light of what has transpired this week even the most ardent sponsor of the Zionist cause cannot be optimistic enough to say that Palestine offers the one hope for the Jews today. But just because of the report of the Royal Commission I do believe that whatever may be our attitude towards nationalism we ought to unite in our determination to keep the gates of Palestine open to as many of the Jewish people as may possibly rebuild their lives there.

Dear Rabbi Silver,

I take this opportunity of writing because I see from the press that you are at present in England. Though not well acquainted either with the history or the contemporary institutional life of the American Jewish community, I have heard a lot from various friends, including Rabbi Raphael H. Levine (a graduate of Hebrew Union College), concerning the work of the Hillel Foundation among University men. Moreover, I think I am right in saying that you do, or did at one time, take a very prominent part in the work of that Foundation. I am anxious to know something of the work of that Foundation, as well as of Jewish life generally in the American Universities. I would like to have this information, partly for my own gratification, and partly because it might be of use to me in my own work in this Federation.

Perhaps some opportunity of meeting you might occur. I hope to get to London within the next month, but I don't know whether you will be available then. I presume that you will be attending the Zionist Congress, and in that connection I might say that the Chairman of this Federation will be in Zurich during Congress time. Of course, I cannot make arrangement for him, and I mention this fact in a purely personal capacity; but I think it very likely that he would welcome the opportunity of a chat with on the subjects mentioned.

However, you might be good enough to let me know your arrangements, so that I can try and get to London in time to meet you. Should this prove impossible I might be able to obtain the information I desire through correspondence with yourself or with any other authority with whom you may put me touch,

Yours truly,

Dear Mr. Cameron:

Your statement (see enclosure) "I want to speak now of the misuse of the public press" has intrigued me.

What did some people do who were in charge of the former "Dearborn Independent"? Do you realize that the people behind that and similar publications have done irreparable harm to mankind? Perhaps you are not aware of their mischievous influence in Germany. If all the buildings of those owners and publishers were made of gold, and all the windows in their buildings were made of diamonds, and if they owned all the money in the world it would not avail them anything when posterity will mark them with the stain of Cain.

Perhaps there is time to undo some of the deeds which posterity will call crimes.

Dear Rabbi;

Your time is very valuable so, do this at your own convenience.

There are so many books written about nearly every readable subject that it would not only be an impossibility but a waste of time to attempt to read them all. If it would not be too great an inconvenience for you to prepare a course of reading which will include the foremost books on religion, science, history, philosophy, art, ethics, biography etc.; a course of reading which will constitute the basic foundation for a thorough education, I would more than greatly appreciate it.

list It is immaterial how extensive this ~~course~~ will be just so long as after having finished this reading course, in your estimation, a young man can consider himself a better and a wiser man as far as books enable him to be so.

Sincerely your devoted friend

Dear Rabbi Silver:

I hope you have been getting the mail right along. Have been wondering about it because we haven't heard from you.

I have written to all people whose letters are marked "acknowledged" stating that you are in Europe and that letter is being forwarded. You might probably wish to write to Dr. Baron who is in Europe. The rest can wait until you get back to Cleveland. The dates of January 5 or 12 tentatively scheduled for the Central Church, Detroit, Michigan can be crossed off your calendar. The dates are not open ones for them.

Aside from the above there isn't much else. Mr. Levy is due back from his vacation on Monday. I shall leave at the end of the week - tomorrow, to be exact.

Rabbi Harris is coming in this afternoon to officiate at the funeral of Morris Baumel of the Sovereign Hotel - wife is Sarah.

Regards to Mrs. Silver, Daniel, Raphael and you from all at The Temple.

Cordially yours,

P.S. Miss Kate Berlin, daughter of Harry Berlin, just called me. She plans to be married to a Boston gentleman and would like to have you perform the ceremony in New York on your way back to Cleveland. She is writing to you directly.

First Mortgage Leasehold Bonds issued on The  
Terminal Tower Building by The Cleveland  
Terminals Building Company—a sub-

MILLER, BEVAN, HORWITZ &  
DesROCHES, *Counsel*

1604 Penobscot Building

July 27, 1937

TO THE HOLDERS OF 6% FIRST MORTGAGE LEASEHOLD BONDS  
OF THE CLEVELAND TERMINALS BUILDING COMPANY ON THE  
TERMINAL TOWER BUILDING, DATED DECEMBER 1, 1926:

This committee has been organized during the past month for the purpose of providing an authorized licensed agency for the representation of the rights and interests of the owners of Cleveland Terminals Building Company bonds, and particularly for the purpose of representing the bondholders in connection with the proposed re-adjustment of the Terminal Tower Building Bonds. No member of the committee has ever been connected with the Debtor or Subsidiary Debtor, or with any Investment Banking Firm which distributed these securities.

This committee has duly filed its petition with the Michigan Public Trust Commission for a formal license under the Public Trust Act.

The Michigan Public Trust Commission was created by an act of the Michigan Legislature during the year 1933 for the purpose of providing proper control and supervision over bondholders' committees and to provide a medium for the protection of the interests of bondholders. It was therefore desirable that this bondholders' committee be organized in this state. Bondholders are thereby assured of the protection afforded to them by this Commission.

The owners of the bonds of this issue are scattered throughout several states. The average holding of the bondholder is less than \$2,000.00. The individual bondholder has no means of acting in cooperation with the other bondholders except through a committee created for that purpose and the only practical method of meeting this situation is the organization of such a committee.

The activity of this committee, is designed to assist the bondholders and to represent them, and is not limited to the residents of any particular state, but is for the purpose of providing a centralized agency to speak on behalf of bondholders, avoiding the necessity of bondholders attempting to finance their own investigation or acting without assistance.

Inasmuch as the hearing on the Plan proposed by The Cleveland Terminals Building Company, has already been set for August 6, 1937 at Cleveland, and the rights of bondholders will be considered at this hearing, the Public Trust Commission has permitted the sending of this letter to bondholders, pending the hearing on the application for a formal license. The hearing on the petition for formal license has been set for August 12, 1937.

This committee already represents bondholders owning bonds of a total face value of approximately \$200,000.00.

The committee has selected as its counsel, Messrs. Miller, Bevan, Horwitz and DesRoches, attorneys at law, of 2379 National Bank Building, Detroit, Michigan. The committee's counsel have thoroughly and carefully investigated and scrutinized the reorganization proceedings with reference to this issue of bonds now pending in the United States District Court at Cleveland, Ohio, and the plan of reorganization which has recently been submitted to bondholders.

We are advised that the reorganization proceedings were originally instituted by the debtor and subsidiary debtor corporations, namely the VanSweringen Corporation and the Cleveland Terminals Building Company, by the filing of a voluntary petition in the United States District Court at Cleveland, Ohio,

under the provisions of Section 77B of the Bankruptcy Act praying for a reorganization of the affairs of the debtor and subsidiary debtor corporations. This reorganization necessarily includes a reorganization or readjustment of the bond issue of the Terminal Tower property, of which you own a part.

Subsequently the debtor and subsidiary debtor corporations formulated and proposed a plan of reorganization. This plan has been filed with the Court and on or about June 8, 1937, the Special Master directed the debtor corporation to send a printed copy of the plan of reorganization to each of the known bondholders.

The debtor corporation requested the deposit of your bonds with the Cleveland Trust Company at Cleveland, Ohio, together with your consent and approval of the proposed plan.

The Special Master has set a hearing for the consideration of the Plan of reorganization at 10 o'clock A. M. on Friday, August 6th, 1937, at Cleveland, Ohio. At that hearing, the Master has indicated that he will consider and determine among other things the fairness of the Plan to all classes of creditors, including bondholders, and its feasibility. He also indicated that he would consider at that hearing any changes or modifications in the Plan of reorganization which might be proposed on behalf of the bondholders or other interested parties.

The Plan states that in 1932 bondholders agreed to a readjustment plan which in substance converted the bonds into "Income Bonds." No distribution has been made to bondholders since that date.

In our opinion, the plan now proposed for again readjusting the holdings of bondholders is not in their best interests for the following among other reasons:

1. Under the proposed plan, bondholders are required to surrender their first mortgage leasehold bonds and accept in exchange therefor non-voting preferred stock not secured by a direct lien upon the company's assets.

2. Under the proposed plan, only the holders of bonds on the Terminal Tower Building are required to release all of their rights in the Cleveland Terminals Building Company's remaining assets and any excess net earnings realized therefrom. The bondholders would receive preferred stock on the Terminal Tower Building only, and all interests in the following and other properties would be surrendered:

1. The Cleveland Hotel
2. Higbee Department Store Building
3. The Republic Building
4. The Exchange Building
5. The Garage and Midland Building

3. The preferred stock which you are to receive has no voting power except as required by law. It has the right only to select one-third of the members of the Board of Directors. The Plan provides for the issuance of 500 shares of no par common stock of the stated value of \$1.00 each which will be issued and held by the reorganized Cleveland Terminals Building Company. This means that the Cleveland Terminals Building Company through their control of the voting common stock can elect the majority of the members of the Board of Directors of the Terminal Tower Company. Bondholders, through their preferred stock, will have only a minority voice in the management and control of the properties.

From the above, the committee believes that the bondholders will recognize that it is desirable that they be represented and these views expressed. This can only be successfully done by concerted action on the part of the largest possible number of bondholders. If you own only one bond, it is still imperative that you take action in order that all bondholders may act in unison for their mutual protection.

It is equally important that an alternative plan be formulated in due course and submitted to the Court on behalf of bondholders. Such a plan must, of course, give reasonable consideration to the rights of the debtor corporation. It is imperative, however, that the bondholders' interests and rights be safeguarded. Before a plan of reorganization can be proposed and submitted, the party proposing such plan must represent at least 25% of the outstanding bonds. It is therefore most desirable that this committee represent the largest possible number of bondholders in order that they may have the authority to propose a plan.

We wish to make it clear, however, that before the committee will vote for any plan of reorganization, the plan must first be submitted to all bondholders.

We are enclosing herewith a Proof of Claim and Authorization to the committee for your signature. We are not asking for the deposit of your bonds. We are not asking for an irrevocable authority or power to the committee. The enclosed Proof of Claim and Authorization may be revoked by you at any time. You are not asked to obligate yourself individually for any fees or expenses of the committee or its counsel. Their compensation will be allowed and approved by the United States Court to be paid out of the trust estate as a whole.

We are advised that many bondholders would be desirous of giving their Proof of Claim to a committee but believe that they cannot do so because they have previously given this authority to others. If you wish this committee to represent you, you can revoke all previous authority given to any other party or parties by signing and returning the enclosed Proof of Claim and Power of Attorney.

If there are any questions which arise in connection with this matter, or if you desire further information, the Secretary of the committee will gladly advise you in response to your inquiries. If you desire further information as to the status or authorization of this committee, you may obtain it by writing to the Michigan Public Trust Commission, Union Guardian Building, Detroit, Michigan.

This letter has been submitted to the Michigan Public Trust Commission at Detroit and is forwarded to you with their permission.

If you object to exchanging your first mortgage leasehold bonds for preferred stock, and wish your objection voiced by this committee at the hearing on the proposed reorganization plan before the Special Master, in Cleveland, Ohio on August 6th, the Proof of Claim and Power of Attorney must be in its hands on August 5th, 1937.

Sincerely yours,

TERMINAL TOWER BONDHOLDERS COMMITTEE

WALTER L. DUNHAM, *Chairman*

LEWIS K. WALKER

PERRY J. REYNOLDS, *Secretary*

P. S. The Proof of Claim and Power of Attorney enclosed is the only effective document which the Committee can use. It is therefore imperative if you wish the assistance of this Committee, that you act upon this matter immediately. The Proof of Claim and Power of Attorney *must be signed in two places* and must be *signed by the Notary in two places*. Make sure that the Notary Public attaches his seal thereto in *both places*. Enclosed is an addressed envelope for your convenience.

Euclid, Ohio

July 27th 1937

Rabbi Silver:

Dear Sir;—

The Euclid Bible Conference has just come to its close and I had the blessed privilege of attending a number of the lectures by noted Bible expositors. What a blessing! While there, I picked up this little enclosed booklet from the book table and after reading it, find it to be excellent, and believe it is scripturally sound. So good, in fact, does it seem, that I would desire to place one in the hands of every thinking person that I know. Will you please accept it, with the prayer from my heart that it may contain a special blessing for you?

Am also enclosing a page from a paper which was given to me by an elderly <sup>(retired)</sup> minister in our neighborhood.

I am now going to tell you something which I beg of you not to regard as an offense. Perhaps it is totally lacking in diplomacy that I should so bluntly bring up the matter. And no doubt you may think me very very narrow, probably a fanatic, that I choose to do so. But somehow, it

must come out. Last February we were getting ready to come down to the Temple, as I had been wanting to hear you deliver a discourse. At breakfast I referred to the Sat. Press to see your advertisement and you were scheduled to preach on "Lincoln and Tom Paine". My spirit fell and I simply could not go. I do not know whether you found virtue in Paine or not, but to me he is anathema, as man guided by the spirit of anti-God. If I ~~was~~ wrong in concluding that you were lauding his philosophy, perhaps, by making him a subject of discourse, then please forgive my suspicion. I am sitting at the feet of my Lord and constantly seeking the guidance of the Spirit. The Spirit does not err, but when I stray from the pasture of my Shepherd, many pitfalls abound.

Please bear with my boldness in setting forth this confession and remember that the Spirit has placed it upon my heart to continue to pray for you and to love Israel as God's portion.

Sincerely -

Mrs. Warren Rogers.

Dear Dr. Silver,

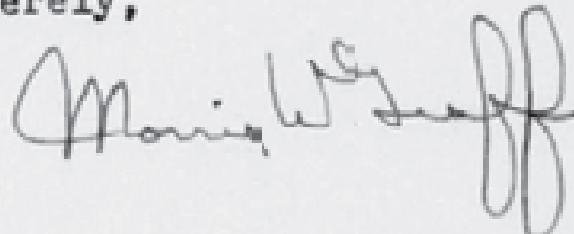

Your very friendly interest in me and my progress in the Rabbinate has always been a source of great encouragement and inspiration to me. Because of this I am writing to inform you that I have resigned from my pulpit effective September first. After seven years in a Jewish community which has consistently dwindled in size and opportunity, I realized that there is no future in Paducah. There is a saying to the effect: "To rest content with results achieved is the first sign of going backward." Such a thing was possible in the restricted area of a small town and before it happened to me I felt it best to leave.

My decision was further hastened by the acute financial condition of the congregation made all the more difficult by the January flood. So seriously handicapped are they by the lack of funds that the members have decided for at least a year to revert to a biweekly arrangement with the College.

For the present we are staying with Ruth's folks in Cincinnati. We plan to remain here until something worthwhile materializes. Until that time comes I plan to pursue graduate work at HUC. Naturally I am anxious to secure a desirable opening as soon as possible. Toward this end I know that I can depend on your continued support.

With fondest regards from both  
of us, I am,

Sincerely,

We know you will be interested to receive details of the "Right" Book Club, which has just been inaugurated.

As you will see from the enclosed prospectus, the Club has been formed to provide the Public with authoritative books on the leading political and social questions of our times. They will be books which present a sane, sound, and constitutional political viewpoint and, most important, they will be books which will be certain to appeal to all who have the interests of the nation genuinely at heart.

An arrangement with the various publishing houses enables the Club to supply its members with special "Right" Book Club editions of these books, bound in durable, light-blue cloth, for ONLY 2/6, although the actual price to the general public is 7/6, 10/6, or 12/6.

We feel sure that you will agree that a venture such as this is worthy of your support and we look forward to receiving your enrolment in due course.

Dear Sir:

We are enclosing invitation and program of a coming production of our group. We would be deeply grateful if you could spare the time to see our play and if convenient that you might grant us your constructive criticism.

We hope to be able to offer this and other plays which we have in our repertoire at a modest rate of admission in halls seating from four hundred and upwards and on a share basis that will yield a certain profit to the associations accepting our services, without incurring their financial risk.

The writer would welcome a personal interview at such time and place as you may be pleased to name.

Sincerely yours

To Holders of First Mortgage Leasehold (Terminal Tower)  
Sinking Fund 6% Stamped Gold Bonds of  
The Cleveland Terminals Building Company  
Dated December 1, 1926 and/or  
Deposit Receipts for such Bonds:

Under date of August 5, 1937 we notified you of your right to return your stamped bonds, to have the income coupons detached therefrom, and to have the old fixed interest coupons re-attached upon payment of an amount to cover the cost of such proceeding.

The Cleveland Terminals Building Company and The Cleveland Trust Company as Depositary under the Indenture dated June 1, 1932 have received a number of inquiries from bondholders and we hope that the following statement of facts will be helpful.

It is provided in such indenture that The Cleveland Terminals Building Company shall deliver to the undersigned Depositary semi-annual audited statements showing the Company's net earnings from the trust estate for the preceding six months' period and that the Company is to pay to the Depositary its net earnings as disclosed in any such statement. Although the last two semi-annual statements showed net earnings from the trust estate in an aggregate amount sufficient to make a payment of some interest upon all outstanding Terminal Tower bonds and although we made demand upon the Company that it pay such amount to us for distribution to bondholders, the Company failed to make such payment, stating that, in view of the reorganization proceedings now pending in the Federal court in Cleveland, such net earnings were being segregated in separate bank accounts subject to the orders of the court. Thereupon the Depositary declared a default as provided in said indenture.

The indenture provides that after such declaration of default, all the terms, covenants, and provisions of the original mortgage which may have been modified by the provisions of said indenture, shall again become enforceable in their original tenor and effect.

We are informed that certain holders of bonds which were not deposited under the indenture are claiming a priority of lien over holders of deposited bonds and we are further informed that certain holders of deposited bonds believe that no bondholder is entitled to priority but that, even if there was such priority, then the withdrawal of such deposited bonds will put such withdrawn bonds upon a parity with non-deposited bonds.

The Cleveland Trust Company is also acting as agent-depositary under the Plan of Reorganization dated May 18, 1937 in the reorganization proceedings above referred to. If your bonds have been deposited under such Plan, you may now present your deposit receipt therefor, whereupon we will indorse your deposit receipt with the legend which we are stamping upon withdrawn bonds and we will return to you the deposit receipt so stamped.

In view of the default declared under the indenture of June 1, 1932, no further duties or responsibilities rest upon the undersigned as Depositary under such indenture, other than to re-attach the original coupons to your bonds, if so requested. The Cleveland Trust Company is continuing to act as agent-depositary under the Plan of Reorganization, to accept bonds for deposit thereunder, and to issue appropriate deposit receipts therefor.

Vice President.

Dear Rabbi Silver,

I have read of your strenuous days and probably nights at the Congress, and whatever the result may be, we the Jewish People have to be very grateful indeed to Rabbi Wise and yourself amongst others who have so ably fought our Cause.

I have made enquiries at the Moshav Zekenim and find that your Jewish Welfare Board have apparently sent no money for two or three years past, and all information was furnished in our letter to the Fund of February 7th of this year.

You will therefore I am sure not take it amiss if I would ask you to place before your Committee our dire necessities and endeavour to let us have your valuable assistance.

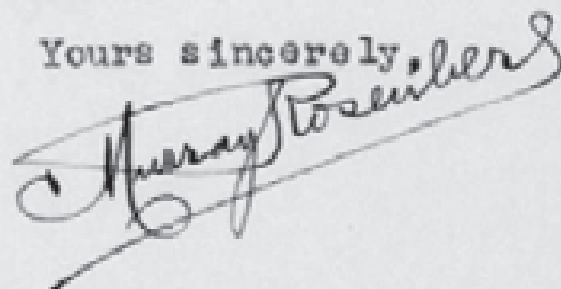

I would like to add a personal note, and it is this, that in sending your donation I would appreciate it personally if you would state clearly that the money so sent should be devoted absolutely and entirely to the purchase of:

1. Bedsteads and bedding.
2. Linen and wearing apparel.
3. Cleansing and whitewashing rooms.

I am taking this opportunity of wishing your wife, yourself and family *Ishehch Toveh Tikotavu Vetichotamu*, and with kindest regards and all good wishes,

Believe me to remain,

Yours sincerely,

MR:RB.

# WHEELING STEEL CORPORATION

GENERAL OFFICES  
WHEELING, WEST VIRGINIA

August 27, 1937.

To

Holders of Deposit Receipts issued under the Plan of Recapitalization  
and  
6% Preferred Stockholders who have not yet deposited, or agreed to deposit, their stock:

More than 87% of the 6% Preferred Stock of the Corporation has now been deposited under the Plan of Recapitalization. Registration of the new \$5 Cumulative Convertible Prior Preferred Stock and Common Stock which is issuable on exchanges under the Plan (at the rate of one share of such Prior Stock and one-half of a share of Common Stock for each share of 6% Preferred Stock surrendered) and on conversions of Prior Stock so issued, has been completed and such shares have been approved for listing, on official notice of issuance, on the New York Stock Exchange.

Permanent engraved certificates for the new securities will be ready for delivery commencing Tuesday, August 31, 1937, to Deposit Receipt holders at the offices of the Depositaries, Kuhn, Loeb & Co., 52 William Street, New York, N. Y., and Wheeling Dollar Savings & Trust Co., Wheeling, West Virginia.

## To Holders of Deposit Receipts

You are urged to present (if mailed, send by registered mail) your Deposit Receipts on August 31, 1937, or as soon thereafter as possible, at the office of the Depositary which issued your Receipts so that you may obtain the new \$5 Cumulative Convertible Prior Preferred Stock and Common Stock to which you are entitled. Permanent engraved stock certificates, registered in your name, will be ready for delivery to you at such office. Deposit Receipts need not be endorsed if the stock certificates are to be issued in the name in which the Deposit Receipts are registered. Transfers of Deposit Receipts will not be made after the close of business on August 30, 1937.

A dividend of \$1.25 per share has been declared on the \$5 Cumulative Convertible Prior Preferred Stock, payable on October 1, 1937, to stockholders of record on September 24, 1937.

## To Holders of 6% Preferred Stock

As stated in our letter to you dated August 10, 1937, exchanges of 6% Preferred Stock may be made until the close of business on September 29, 1937. As certificates for the new \$5 Cumulative Convertible Prior Preferred Stock and Common Stock issuable on exchanges will be available commencing Tuesday, August 31, 1937, Deposit Receipts will not be issued on or after that date. Accordingly, 6% Preferred Stockholders who desire to exchange their stock on or after August 31, 1937, should forward their stock for that purpose, endorsed "for conversion", to City Bank Farmers Trust Company, 22 William Street, New York, N. Y., Transfer Agent.

A dividend of \$1.50 per share has been declared on the 6% Preferred Stock, payable on October 1, 1937, to stockholders of record on September 24, 1937. If you do not exchange your stock for the new securities before the books close for such dividend, you will be entitled to receive the dividend. However, if you should so exchange on or after September 25, 1937 and prior to the close of business on September 29, 1937 (the last day for exchange), you will be required to refund such dividend (pursuant to action of the Board of Directors taken to effect an equitable adjustment of dividends, as authorized by the stockholders), but you will receive in lieu thereof the dividend of \$1.25 per share on the \$5 Cumulative Convertible Prior Preferred Stock issuable on the exchange. For the convenience of 6% Preferred stockholders who do present their shares for exchange during that period, however, so that an actual refund will not be necessary, arrangements will be made so that the dividend otherwise payable on October 1, 1937, on the 6% Preferred Stock so surrendered will not be paid, and such stockholders will receive in lieu thereof, as above stated, the dividend of \$1.25 per share on the corresponding number of shares of new \$5 stock.

Very truly yours,

Alex. Glass,  
Chairman.

W. W. Holloway,  
President.

My dear Rabbi Silver:

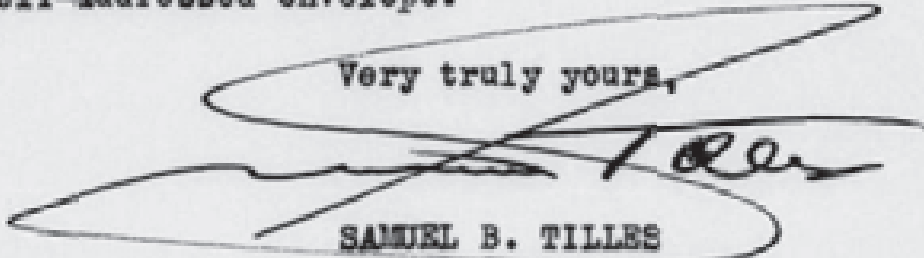

The Cleveland Association for Criminal Justice are expanding their operations and are raising a budget of not less than \$45,000.00 a year, for a period of two years.

I have your subscription card and the association is desirous of getting an additional subscription from you. The quota card has based your subscription at Twenty-five Dollars (\$25.00) per year.

I thought because of the holiday season and your recent return from Europe you are possibly too busy to be bothered by solicitors.

I am therefore enclosing herewith a subscription card. Will you kindly sign and return in the enclosed self-addressed envelope.

The balance of the subscription price of Bonds subscribed for and allotted, namely \$500 on each \$1,000 principal amount thereof plus the accrued interest, if any, on said Bonds from the date thereof to the final date on which payment therefor is permitted to be made, less credit for the interest allowed on the initial payment of \$500 on each \$1,000 Bond subscribed for and allotted as aforesaid, shall be due and payable within fifteen (15) days after the date of mailing of a notice calling for such payment to the subscriber, at his address given at the time of subscription. Thereafter, the subscriber making such default shall not have any interest in, or any rights in respect of, the Bonds subscribed for or the \$500 paid on account of the subscription price of each \$1,000 principal amount thereof, or any interest accrued thereon.

For a more complete statement of the terms and conditions governing the exercise of the subscription right evidenced hereby and a description of the terms and provisions of the Fifteen-Year 5% First Mortgage Sinking Fund Convertible Bonds of Follansbee Steel Corporation, reference is hereby made to the Plan of Reorganization of Follansbee Brothers Company, the amendments and modifications of said Plan, and the Orders Confirming said Plan, as amended and modified, and regulating the exercise of subscription rights, made July 20 and 29, 1937, by the United States District Court for the Western District of Pennsylvania in the proceeding therein pending, entitled "In the Matter of Follansbee Brothers Company, Debtor—Proceedings for Reorganization under 77B of the Bankruptcy Act, No. 18787", copies of all of which are on file and may be examined at said office of the Agent.

In the event that an appeal shall be taken from said Order of July 20, 1937, Confirming said Plan of Reorganization, as amended and modified, and such appeal shall not be dismissed and said Order affirmed on appeal within 90 days after August 30, 1937, the expiration date of this warrant, then said subscription for said Bonds shall be cancelled and all amounts paid on account of the subscription price thereof shall be forthwith repaid to the subscriber at his address given at the time of subscription, but without any interest thereon. All subscriptions are subject to the consummation of said Plan of Reorganization, as amended and modified.
