A TALK GIVEN ON THE
Ford Sunday Evening Hour

*Brotherhood
Week*

By W. J. CAMERON

February 15, 1942

Number 21 of the 1941-42 Series broadcast
over the Nation-Wide Network of the
Columbia Broadcasting System from Detroit

FORD MOTOR COMPANY
Dearborn, Michigan

WE ARE responding tonight, as we did last year, to the suggestion of The National Conference of Christians and Jews that we discuss the purpose of "Brotherhood Week" which begins today. We said last year that *human brotherhood is not a sentiment but a fact*; whether we recognize it or not we are members of one family. We said also that *racial distinction is a fact*, and nothing is gained by trying to soft-pedal or deny it; one may be appreciative and proud of one's own race without disparaging another's. We said that *cultural inheritance is a fact*; only the accidental elements of our several cultures produce antagonisms; the elements born of truth flow together for general enrichment.

Then why Brotherhood Week?—especially in America, the Land of the Open Door for 300 years, hospitable to people of every nation, tongue and creed, and today the Land of the Refugee. American-minded people do not need to be purged of racial or religious bigotry; the moral climate of America, given time, bleaches out such hatreds. Why not Brotherhood Week in countries where racial intolerance has exploded in unspeakable cruelty? Why here? Because the intolerance rampant abroad has been *imported* and manifests itself here. When we ask why militant pacifists restrict their work to America—why they do not preach pacifism in the countries *where wars are made*, the answer is that they would be jailed if they did. Likewise Brotherhood Week is held *here* because this is one of the very, very few countries in the world where Brotherhood Week *can* be held.

Even the American-minded person who is devoid of prejudice needs Brotherhood Week. He needs it, for his own understanding. He sees minority groups asking

to be defended from prejudice, who themselves contribute to the making of that prejudice, and because of this he is inclined to "pass them up". At just this point *he* needs *understanding*. He needs to know that those people are using a defense mechanism developed by generations of furtive fear. Their *mental* morbidity is as pitiable as the *physical* weakness of a refugee from the concentration camp—and as curable, for in time the air of America cures both. Few of us realize how different is life in Europe, especially in Central and Southern Europe, from the life we know—how conspiratorial it is, how sinuous and dark, how full of whisperings and elemental hate—how it marks and warps with arrogance and intrigue those who precariously live in its pestilential atmosphere. The sunlight of this free land eventually draws those twisted natures straight, their spirits unfold, they add a useful element to American life. We, as Americans, need Brotherhood Week that we may understand that.

The American needs Brotherhood Week that he may know the roots and nature of racial prejudice and religious bigotry and the havoc these have wrought abroad, that he may set the weight of his influence and example against them. He cannot permit to develop here the antagonisms that have made Europe the unhappiest continent on earth. The activities of Brotherhood Week will inform him of the spirit and technique with which to neutralize bigotry and intolerance in whatever form he may meet them.

Of religious bigotry we need not speak except to say that insofar as any religion makes men view their fellows evilly, insofar that religion is not religious.

As to racial enmity such as a few would excite against the Jew because he is a Jew, there can be no two

opinions. When we saw racial enmity rising in Europe we knew immediately the regime that instigated it was doomed. The moment that thing appears, sentence both human and divine is pronounced against it. Anti-Semitism is the negation of humanity, intelligence and Christianity. It is not the Jew we pity most, he is not the real victim of anti-Semitism; the real victim is the anti-Semite himself whose soul is eaten by that deadly acid. *Any* antagonism toward *any* people *as people* because of color, race or religion, is a vestige of tribal barbarism.

Discussions this week should take note of the "racket" of professional "defenders" of this race or that. "Professional" Jews "saving" their people from the Gentiles and *vice versa*; "professional" Protestants "saving" their fellow religionists from the Catholics and *vice versa*; "professional" Negroes "saving" their people from so-called "White domination" and "professional" White Champions "saving" their people from the so-called "Negro menace"—parasites all—*keeping alive the antagonisms they profess to deplore*—let each camp cast these out and much alleged "intolerance"—*manufactured* intolerance—will disappear.

All of us can profit from Brotherhood Week. Bigotry being the very essence of falsehood, we can refuse to listen to any form of it. The poor creatures who circulate the scurrilous stuff are not the dangerous ones—the really *dangerous* people are those who listen and believe it without challenge. Try Silence. Let the answer be Silence. Let the defense be Silence. Let the very *names* of bigotry and intolerance be buried under a white Silence. Silence will destroy any evil whose lifeblood is publicity.

Our lives are short and quickly ended
And all to naught is brought our fame:
Deep reverence and love are blended
Within our souls, for His Great Name!

Our enemies will come to perish
In times forever moving flood:
Within our minds we dearly cherish -
He is our One and Only God!

The Lord is Blessed in all Creation:

Dear Rabbi Silver:

One of your own Temple (Daniel Dembrow he has been confirmed in your Temple) is now called to army duty when he has only up to June to get his BS Degree to enable him to enter Medical school. He has six generations of doctors in his family. Please write to the Medical College of Virginia, Richmond, Virginia where an application has been filed or write to Rabbi Kalish of Richmond, Va. to phone the dean in behalf of Daniel Dembrow. Daniel Dembrow has a fine mind and is upright in all his actions. He has a saintly soul. Please answer me this plea by writing to Rabbi Kalish and to the dean of the Medical College of Virginia that Daniel Dembrow is a graduate of your School which is a fact.

We served last year in the Cleveland area Hospital services for the government and now we had to come here on a DEFENSE mission doing cardiology for the government hospital services my husband sacrificed all---all of our worldly goods including our home in Cleveland. We have nothing anymore and our health is failing fast worrying about the destiny of our son. Daniel deserves your help now. Please answer this letter at once and hear my plea I beg of you with tears in my eyes. We are so unhappy since the war years... We have had such hard sailing and even now we have given up all comforts to serve our government. Yours sincerely, Lillian Dembrow

PS

You know what Father Coughlin did in the middlewest and out here we have many churches even the 7th Day adventists churches (13 of them in Washington D.C. and a sanitarium) and all these churches preach that the reason this terrible trouble came to the world is because the Jews have forsaken the Sabbath and that the Jews are running our government today and that we are now facing destruction because the Jews have failed

in their mission of being holy people. This is the talk I hear around here in the suburbs and all over Washington, D.C. I have persuaded some of them to talk favoring the Jews. I go often to the churches to influence the pastors to speak in favor of the Jews but many of them talk away against the Jews. Dr. Hertzberg went to plead for his son to be taken into the Medical college. My own husband is a graduate of the Medical college of Virginia

The Hitlerites are right here and in this capital city working thru the churches against the Jews and many cultists are now working day and night against the Jews and the Jewish doctors

We are living thru a miserable chapter in the history of the Jews in dispersion. This era is as black as the Inquisition against the Jews and the sons of the finest Jewish families who have given fine services to the sick of all wars and my husband is a fine Jew and we had to take it on the chin. The 7th Day adventists say the world is coming to end as per DANIEL 2nd chapter JOHN THE 4th and Mathews 24 and 25 thus they preach here...

"Destiny Speaks"

Hear Ye! Free Men, from near and far,
of Moses, Jesus, and F. D. R.

Three wise men, Each in His own time,
Sent here by God to eradicate crime.
So let us review the philosophy of each,
To see if they were justified to preach.

"I WAS"

First — we had Moses, of Wisdom Divine,
Whose herculean task was the Bible to define.
Standing one day, on Sinai the Mount,
He started "The Ten Commandments" to count
But the peoples voices grew louder and deeper
And angrily shouted, "Are We Our Brother's Keeper?"

Next came a Shepherd, Jesus by name,
With a Christian Philosophy, and Everlasting Fame,
Of "A Fatherhood of God, and a Brotherhood of Man"
Of a Kingdom Come, and a Universal Plan,
Whose last words, when, to the Cross he was pinned,
Were — "Forgive Them Oh Father, They Know Not They Sinned."

At this point we pause, History to reflect,
Before lifting the curtain on this Momentous 3rd Act.
Beginning with Civilization, which is 6,000 years
Man's greatest enemy was "The Fear of Fears".
One was, — Want • The other, — Intoleration
The 3rd was, — Work • and fourth, — Trading with each Nation.

"I AM"

Now the Scene unfolds, at the Victory Table,
With Franklin D. Roosevelt, acclaimed the most able.
His plan of "Four Freedoms," will wipe out Man's Tears
Bringing "Peace on Earth", the next thousand years —
A Peace, to be sealed, with the Blood of the Brave
So the Flags of "Liberty, under God" shall wave.

Finally — and with Reverence, into the Future we gaze,
Seeking the riddle of Life's Mysterious Ways
Questioning "Man's Inhumanity to Man?"
And what is "Destiny's Ultimate Plan?"

So as we Reason, we seem to foresee,
The following Post-War Prophecy.

"I WILL BE"

"The United States of the Americas' " shall forever be strong
And never again tolerate a Minority's wrong.
Each citizen will have "A Bill of Duty and Right"
And a tough-trained-body, for The Four Freedoms to fight.
And Future Man, on this Dynamic Earth,
Will have "Qualitative" grading over "Quantitative" worth.

Wednesday, the 27th

My dear Mrs Silver,

Rabbi Rickel and I were present at the magnificent service in honor of your beloved husband. I find it difficult to express the intensity of our reaction to that long-to-be remembered morning.

May we extend our most profound congratulations to you, and may God give you the years and strength to work side by side with Rabbi Silver for the advancement and progress of mankind.

Since Rabbi Silver's presence at my husband's induction ceremonies in Buffalo three years ago, I've been wanting to write you for an autographed photograph of Rabbi Silver. I now have the program with the photograph, but missing the autograph. I would be most grateful to you could arrange to send me the "combination". I should like to present it to my husband, who I know, will treasure it dearly.

I look forward to our meeting again soon
With kindest personal regards to Rabbi Silver,

Very sincerely yours,
