Louisiana State University, graduation, 1928.

1. It is clear - A truly intelligent -  
cultivate - One of the supreme -  
this process

① Education must also train us -  
- resolute - To think - Again our  
mental life - invaded - Education  
must enable - right - The modern  
man -

② And lastly - creates imag' nation  
- Whole in science - new revelations

③ The first function - criminal

2. Intelligence is not enough - To integrate  
- The complete Educat. gives us not  
only -

① It is not enough to know truth -

② Our lives need

3. There are 2 qualities I take it,

① The good life feeds its operation  
- linking - Experience Reality  
- arena

4. You, my friends, are entering a world -  
- Conditions of

5. The other quality - adventure -  
- major victories - prophetic  
The whole story - Capital stock.

6. We are now paying unbounded  
tribute -

7. Think of the marvellous hangings  
① war ② Economic ③ Religion  
- Impact - defeat - crucify

8. But, friends, if you wish -

① Your elders

9. In urging upon you the quest  
of the new - false glitter -  
① The new life - excitement -  
we renew ourselves -

10. Life should be -

11. Alas all we shall seek - grasp -  
- antiquate - we shall remain  
young

12. And the older we grow - In our  
gap for renewal - Long
