. . . GREETINGS . . .

IN PALESTINE today, as ever in history, men and women build in their own respective ways. Women nurse infant life into strength and maturity, whispering the while, tales of love and fantasy that take root in the souls of men. Men build with plough, hammer and saw, put the stripling youth to physical and mental tasks, and make the tales of love and fantasy articulate.

This differentiation in the process of building runs like a great stream through our national life though the Halutz and Halutzah work together breaking stones on the same roadway. Though the common life of men and women does not seem to be different, Hadassah, the Women's Zionist Organization, is nursing the infant national life into physical strength, while the Jewish manhood is harnessing the rivers and turning the barren soil into field and forest. Let those people who speak of Hadassah as a social service agency be forewarned,—Hadassah is a mother in Modern Palestine, and Zionism is her Soul.

I greet you all here today in the name of those women in New York who stand by our National Ideal, and I greet most solemnly, those of you who, though they term themselves non-Zionists, have so beautifully come to our assistance and given added strength to a great mother in Israel.

The prosaic dollars that we have collected in the drive which concludes today at this Luncheon, will be transformed by the alchemy of our souls into a fountain of strength for our people in Palestine, and the Luncheon in itself, a very usual affair in the life of New York women, will become not a matter of drink and food, but an event of spiritual significance. So, in the name of the New York Chapter of Hadassah, I again greet you and look forward to future occasions when we shall once more assemble to celebrate our growth in the land of our Fathers.

MIRIAM SHOMER ZUNSER,

President New York Chapter.

A TRIBUTE to LILLIAN BLOCH SCHWARZ

*by Mrs. Israel Goldstein, Honorary President
of the New York Chapter of Hadassah*

*A mind to conceive the idea, an eye to envisage the whole,
A hand to fashion and mold, a will to achieve the goal;
A loyalty unsurpassed, a worker on whom to depend,
A life of devotion and love and of sacrifice unto the end.*

Thus we remember Lillian Bloch Schwarz.

Who of us can forget her as she stood on the stage calling into being the "tree of life" and breathing the spirit of Hadassah into it? The colorful beauty of the scene, with her magnetic personality dominating it all, cannot easily be erased from our memories.

She has left Hadassah's tree for us to tend. We must keep fresh and sweet the life-giving sap with which she imbued it. To nurture it and help it grow strong and rich in foliage will be the finest tribute we can pay to her who had planted it.

Always will her name, in the minds of those who knew and worked with her, be associated with Hadassah's work in Palestine. Always too, will we remember the love and solicitude she bore for children. In her memory, the New York Chapter of Hadassah links these two ideals for which she strove, Palestine and child-care.

In the school hygiene center of Tel-Aviv, let this plaque bear witness to her idealism and our devotion:

May the health-giving work
Among the school children of Palestine
Keep fresh the memory of
Lillian Bloch Schwarz
A lover of children and a toiler for Zion.

. . . GREETINGS . . .

TO THOSE who have seen us working, working and weary, sometimes harassed, we can say:

 You have seen us happy and strong, full of cheer and hope, because the fruit of our daily labor was a day of life for Hadassah in Palestine. Over the pathway hewn by our own efforts, the spirit of Jerusalem poured itself into our souls and brought us its inner quietude and strength.

That is why we are not tired. We are merely in training. We want to go on and on, doing more, doing it better. There is much that we have necessarily left undone. There is much that we could have done better. We can promise earnestly that the experience gained this year will show itself in the years to come through better organization, through elimination of duplicated appeals, through more extensive division of labor. To all those who have been troubled by our shortcomings, we plead that their judgment be tempered by our common love for Palestine and our common dedication to a great cause. We ask them to come to us, teach us and share our burden and our responsibility, and create out of what might be small personal annoyance, new strength.

For those things in which we have not failed, we wish here to express our gratitude. We are thankful for the wholehearted cooperation of Hadassah workers throughout the city. Selflessly, without friction, unremittingly and with joy has each task been done by the workers in every group of Hadassah. With an earnest sense of the difficulty and beauty of that achievement, we recognize it as a manifestation of the spiritual potency of Hadassah. It is a token of the reward immeasurably greater than the service that comes to the laborers in the vineyards of Zion.

We are proud and thankful too for what this year means in the history of Hadassah. It has been a very hard year in Palestine, and hard in America. But it has also been a wonderful year. Tranquil in agony, the people of Palestine have emerged from their great trial undaunted, more determined, more fit and more worthy in their historic role. Hadassah's merciful life-giving service in those dark hours will never be forgotten. The spiritual strength in Eretz Yisrael has its counterpart in the union of all Israel. The struggles of many generations and their dreams have found consummation in that union. It is Hadassah's great pride to be in the vanguard of the united Jewish effort for the restoration of Zion.

Our Hadassah Luncheon this year is a symbol and an expression of that determination. Gratefully we here record Hadassah's recognition of the leadership, steady helpfulness and generosity of the Chairman of the Patronesses Committee, Mrs. Felix M. Warburg. She has shared our work, our burden, our responsibility with a fullness that heartened and strengthened us, and inspired leaders of our people throughout the country to follow her example. All we can say is a heartfelt "Thank you". As Mrs. Warburg has shared our tasks, so she shares our reward, which we each know, humble though our task and achievements may be, is infinitely great.

TAMAR DE SOLA POOL

Chairman of Luncheon Committee

Compliments of

A FRIEND

The National Board of Hadassah extends to all who have worked selflessly and devotedly, its warmest greeting and congratulations on the occasion of the Luncheon for the success of which Jewish Womanhood in New York has united. Hadassah has built up in Palestine a system of health work which under all circumstances has earned the commendation of the entire world. Now more than ever, must we continue to serve the larger needs of the Yishub. The opportunity which has come in our generation is unique, and we must carry on in a measure greater than heretofore.

May the New York Chapter continue to grow in numbers and in strength.

THE \$50,000 Luncheon, which the New York Hadassah has made an Annual part of its program, is a symbol of the manner in which Hadassah has propagated the ideals of the Jewish National Home. Although the money that is secured on this occasion is an important asset for aiding in Palestine work, it is the spirit in which this money is gathered that is most important. By bringing within the radius hundreds of women who are asked to establish some personal contact with Palestine through donations or collections, the Luncheon is a means of practical propaganda that cannot be exceeded. Thus, each woman feels that she has some vital share in the rebuilding of the Jewish National Home. It becomes a matter of human relationship and living concern.

A GOOD PLACE TO ANCHOR

GREETINGS!

Young Judaea, from whose ranks of boys and girls many of the members of Hadassah as well as of the Zionist Organization will come in the future, as they have in the past, extends its greetings to Hadassah upon this occasion.

The year 1930 marks Young Judaea's twentieth anniversary.

May it be a year of great achievements for the upbuilding of Palestine, and for the strengthening of the work of Hadassah and of all the other enterprises which are aiding in the rehabilitation of Eretz Israel.

DR. ISRAEL GOLDSTEIN, *President Young Judaea.*

National Land spells National security. Through Hadassah, the Jewish woman, sensing the necessity of security of tenure in our rebuilt Home in Eretz Israel, insists upon adequate support of the Jewish National Fund, which holds the land of the National Home in perpetuity. It gives the Halutz and Halutzah (man and woman pioneer) access to the soil, and it renders possible that better social order for which Hadassah is physically preparing the new generation. Let us redouble our efforts for that united goal!

EMANUEL NEWMAN,

President Jewish National Fund of the United States of America.

Junior Hadassah rejoices with you in the success of this occasion; for is it not our Seniors who have paved the way in affording us the opportunity to participate in the restoration of the ancient Homeland of the Jewish people?

From your noble deeds we gather strength and courage to climb the ladder of a lofty aspiration.

A SONG OF ASCENT (*Psalm 126*)

When the Lord turned the captivity of Zion then we were as those that dream,
 Our mouth was filled with laughter and our tongue sang forth,
 Then it said among the nations: great things hath the Lord wrought for these,
 Yea, great things hath the Lord wrought for us, therefore did we rejoice,
 Turn back our captivity, O Lord,
 Like the arid soil refreshed by streams.
 They who sow in tears shall reap in joy.
 He goeth forth and weepeth, bearing his burden of seed,
 But with song shall he return, carrying home his sheaves.

IN KEEPING WITH THE
SOUND PRINCIPLES OF BANKING

The Corn Exchange Bank Trust Company stands for safe and conservative management of its depositors' funds; by this is meant that those funds will be invested only in the securities of, or loaned to, conservative and well-established concerns, and for promoting legitimate business, and will not be loaned in speculative enterprises, even though this could be done at greater profit to the bank.

HAIR made sensitive by sun, by frequent shampoos and beautifying rinses, requires gentler waving. Its tender texture would break and burn under the rigor of hot irons, harsh chemicals, and baking processes.

The Eugène Method of Permanent Waving—the most considerate of them all—persuades tender hair into lovely undulations without jeopardizing its soft, luminous texture, or its natural color.

Needless to say, strong hair welcomes this kindly method of waving, too. And you, yourself, are grateful for the gentle method which has changed permanent waving from a strenuous ordeal to a pleasant luxury—a blessing on your head and you!

The Eugène Sachet is the Secret

These patented Sachets, used by genuine Eugène Wavers, are gentle because they contain gentle waving materials. Their potent effect comes from confining, conserving and concentrating tiny jets of controlled steam directly on the hair.

Take a look at the picture. Note the little perforations in the steam tab of the Eugène Sachet. From these perforations come tiny jets of steam, where, when and as the operator desires—always under control.

Be sure your waver uses Genuine Eugène Sachets—26 to 40 of them for each wave or re-wave. You will recognize the genuine by the Eugène trade-mark stamped boldly on each sachet. Eugène, Ltd., 565 Fifth Ave., New York City. England, France, Germany, Australia.
