# THE CHICAGO CONGREGATIONAL CLUB

Announces

The Program For  
1933 - 1934

Six Dinner Meetings

Chicago Woman's Club  
72 East Eleventh Street

The Directors of The Chicago Congregational Club present this program for our Fifty-First Year in the hope that the meetings will provide occasions for fellowship, that the addresses will enlarge our mental horizons and that the participants will strengthen our faith in the onward sweep of Christian brotherhood. Profoundly aware of our indebtedness to our predecessors, your officers invite you to enjoy to the full a series of wide significance for these times that we may intelligently build up Christ's Kingdom for the future generation. Enlist your friends as new members and avail yourselves of your privilege of inviting guests.

The Directors have recommended and the membership has approved a change in dues from \$10.00 to \$6.00 annually for the six meeting series.

Guest tickets are \$1.50.

All reservations should be made by mail before day of meeting through Mr. James H. Moore II, 175 West Jackson Boulevard.

## MONDAY EVENING, OCTOBER 16

RABBI ABBA HILLEL SILVER, D. D., of Cleveland, Ohio, on **"The Jew in the Modern World."** The present situation in Germany makes this a very timely subject. Rabbi Silver is one of the most popular preachers who comes to the University of Chicago.

## MONDAY EVENING, NOVEMBER 20

REV. JAMES W. FIFIELD, Jr., pastor of East Congregational Church, Grand Rapids, has just returned from a summer trip to Europe. **"Is Russia Right?"** is his subject. Mr. Fifield had 8000 people at his Easter service in the Grand Rapids Civic Auditorium and also has a wide radio hearing. He is a graduate and now on the Board of Directors of the Chicago Theological Seminary, also a trustee of Olivet College.

## MONDAY EVENING, DECEMBER 18

PROFESSOR ARTHUR H. COMPTON, of the University of Chicago, **"The Quest of the Cosmic Ray."** This will be illustrated by appropriate physical apparatus. This is designed to be our "Young Peoples Evening," and members are urged to bring their children or young friends of High School or College age.

### MONDAY EVENING, JANUARY 15

MR. WILLIAM LOVELL FINLEY, naturalist and photographer of birds and animals. A lecture illustrated with motion pictures on **"The Adventures of a Naturalist in Alaska."** Mr. Finley is an old college friend of Dr. and Mrs. Palmer at the University of California.

### MONDAY EVENING, FEBRUARY 19

PROFESSOR PAUL DOUGLAS—"The Significance of the National Recovery Act." We really asked Prof. Douglas to speak on "Is the Blue Eagle Headed Toward Socialism or Facism?" He has stated the theme more conservatively, but perhaps he will answer the question anyway. Prof. Douglas is a professor of Economics at the University of Chicago and an authority on wages and the cost of living. He is a son-in-law of Lorado Taft, former president of the Club.

### MONDAY EVENING, MARCH 19

JAMES GORDON GILKEY—"The Art of Self Management." Dr. Gilkey, who is a brother of Charles W. Gilkey, dean of the University of Chicago chapel, is a Congregational pastor in Springfield, Massachusetts. He is the author of numerous books, one of the most popular of which has been "Secrets of Effective Living." He has great art and wisdom in combining religion and psychology in the solution of the problem of practical life.
