THE
**Springfield
City Club**

is a common meeting ground for the men of this vicinity, for the purpose of discussing important public questions, under the inspiration and instruction of recognized leaders, in the interest of truth and mutual enlightenment.

We appreciate the value of obtaining various view-points on subjects of general interest, not only by radio and the printed page, but also through immediate contact with living personalities. To meet face to face and talk with men who have "been places and done things" is one of our most valued privileges.

With full opportunity for questions from the audience, we seek the truth reverently and aim to speak it bravely, thus promoting knowledge and good-will.

Our meetings do not take the form of a debate nor a concert nor an entertainment, though they provide, in turn, all the interest, intensity, contention, delight, and excitement that characterize these widely-varied occasions.

Members who believe in the Open Forum as a means of promoting education and social progress, and who enjoy this type of meeting, are urged to interest their friends to register promptly for the coming Season.

We welcome to our membership the thoughtful, forward-looking men of this vicinity.

Limit 400

ANNUAL DUES \$3.00

Business—Music, Address, Discussion, Social Hour.

Your ticket is transferable.

Please see that it is used at every meeting.

Come early.
