Palestine rally, 1945.

FOR RELEASE: MONDAY, APRIL 30, 1945.

EXCERPTS FROM ADDRESS OF DR. ABBA HILLEL SILVER AT
HALLY FOR PALESTINE, LEWISBHN STADIUM, NEW YORK CITY
A PHIL 29, 1945.

The nations now gathered at San Francisco will demand that there be written into the Charter of the United Nations the principle of justice to guide the new world community. For only justice can insure peace.

There is one people which has never known peace or received justice since its national life was uprooted nearly two thousand years ago. The Jewish people has been left nationally homeless and adrift on the broken seas of exile, buffeted by storms of persecution the latest of which in Nazi-swept Europe almost destroyed it completely. How long is this condition to continue?

It has been the sustaining hope of mankind that a victory of the United Nations will rectify historic wrongs. Will the principle of reparation and restoration -- the principle of justice -- be applied to all peoples after the war except the Jewish people? Is our loyalty along to go unrequired, our sacrifices unrewarded and our dead forgotten?

The statesmen of the world, following the last war, had the vision to face the inescapable problem of Jewish national homelessness and they set about to solve it. The Jewish people was granted the right to rebuild its national life in its historic home -- Palestine. The Jews eagerly seized the long-hoped for opportunity and proceeded

to reconstruct that ancient land of Israel in a manner which evoked the amazement and admiration of the world.

But the international deterioration which set in after the World War, the recession in idealism and the League's loss of prestige which culminated in a tragic appeasement era soon led to the successive sacrifice of Jewish rights in Palestine, until today the Jewish people faces the appalling prospect of witnessing its hope of national restoration blasted for all time.

This surely can not be! This would be a betrayal of an ancient and honorable people which has not only suffered so much in this war -- its casualties mounting into the millions -- but which has served so heroically on all the battlefields of the world in defense of the freedom of all nations, as well as the freedom of the Jewish nation re-established in Palestine.

Justice demands that the Jewish nation shall henceforth be included among the United Nations, shall have a voice and a seat in the Council of Nations, and shall be made secure and free in that hallowed land where already hundreds of thousands of our people have found sanctuary and to which many more must come from a war-ravaged and unwelcoming world, or perish.

The American people have in a hundred ways demonstrated in recent years their warm approval of the rebuilding of the Jewish National Home and their vigorous disapproval of the White Paper policy which would undo it. President Roosevelt twice publicly endorsed the

Jewish Commonwealth and declared that the American Government never approved of the White Paper. President Truman, for whose success in leadership in these trying days all Americans are praying and who, we are confident, will match his great hour, has declared himself as being at one with his unforgettable predecessor in office in approving of the establishment of a free and democratic Jewish Commonwealth.

Why, then, has so little been done by our Government to achieve this objective? What steps are being taken today -- and the sands of time are running out for our unfortunate brothers in Europe -- by our State Department to meet the wishes of the American people? What is our Government doing about the legally and morally unjustifiable White Paper which the present Prime Minister of Great Britain himself denounced a few years ago in Parliament? What forces in Washington are at work to circumvent the will of the Chief Executives of our Government, who pledged themselves to work for the establishment of the Jewish State?

There must be an end to profession without performance. The heart of Israel is tired and the plight of Israel is desperate. We can no longer be satisfied with words, with good intentions, with expressions of sympathy. The acid test of sincerity in this hour of decision is action and action now! Confidence in the new world order which is even now being built will be enormously enhanced if the international pledges of yesterday, made by all the nations who are at present represented at San Francisco and who were members of the League of Nations in 1922, are fulfilled today.

The nations ^{which are} gathered at San Francisco ^{are} will demand ^{ing} that there be written into the Charter of the United Nations the principle of justice to guide the new world community. For only justice can insure ^{lasting} peace.

This would be a betrayal of an ancient and honorable people which has not only suffered so much in this war -- its casualties mounting into the millions but which has served so heroically on all the battlefields of the world in defense of the freedom of all nations, as well as the freedom of the Jewish nation reestablished in Palestine. ^{Now can a peace which will tolerate such a betrayal and will perpetuate the abominable status of our people be more than a shambled peace. any historic people which is denied a nation, national
security and independence after the war will endanger the
peace, the international order which will be set up.
In the delicately posed international order, to - ensure
the Jewish people must not remain a people without a father
and without a national home. Against its own will
and without any deliberate action on its part it will become
a ~~for~~ focus, political tension and conflict which
may endanger the peace, the whole Middle East.

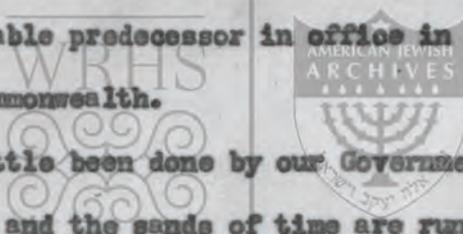

Are we less worthy than Libanus and Syria than Costa Rica
or Guatemala? Are we to be nighed out as a people only for persecution
and discrimination, ^{why is it that} ~~we are~~ ^{honorable} ~~unwelcome~~ ^{in the family of}

Justice demands that the Jewish nation shall henceforth be included among the
United Nations, ^{as per UN} shall have a voice and a seat in the Council of Nations, ^{Justice demands that we} and shall be made

of the White Paper policy which would undo it. President Roosevelt twice publicly endorsed the

brothers in Europe -- by our State Department to meet the wishes of the American people? What
is our Government doing about the legally and morally unjustifiable White Paper which the
present Prime Minister of Great Britain himself denounced a few years ago in Parliament?
What ^{dark} forces in Washington are at work to circumvent the will of the Chief Executives of our
Government, who pledged themselves to work for the establishment of the Jewish State?

There must be an end to profession without performance! The heart of Israel
is tired and the plight of Israel is desperate. We can no longer be satisfied with words, with
good intentions, with expressions of sympathy. The acid test of sincerity in this hour of
decision is action, and action now! Confidence in the new world order which is even now being
built will be enormously enhanced if the international pledges of yesterday, made by all the
nations who are at present represented at San Francisco and who were members of the League of Nations
in 1922, are fulfilled today.

The whole earth, our pray will soon be at rest. The
 people of the earth will break forth into singing at the
 coming of a new day and a new hope. Let there be
 peace also in the habitations of Israel - let rest be given
 also to us who are people from the sorrow and the fear
 and the hard bondage of our exile.

We appeal to the heart ^{and the mind} and the conscience of mankind.
 Give us a chance to normalize our lives to rebuild
 after the long and many ^{years} ^{of} ^{our} ^{exile}. There is no other cure for our dilemma, no other
 or ^{national} ^{existence}. We ask for no favors
 We will pay the full price, the rebuilding with our labor
 and sweat, ^{with respect} ^{and} ^{our} ^{blood}. Only remove the
 obstacles which have been put in our way! We know how
 to build - for the blessing of all and the heart of man. We
 will make Jerusalem the capital of a free ^{and} ^{blessed} land
 where all will be equal in political rights and
 human dignity - and art, it will flow streams
 of ^{salvation} ^{and} ^{rejuvenation} to all the ^{needing} ^{it}
^{most} ^{needing} ^{it} ^{most} ^{needing} ^{it} ^{most} ^{needing} ^{it} ^{most} ^{needing} ^{it}
 times which have ^{long} ^{been} ^{known} ^{as} ^{poverty}, ^{ignorance}
 and ^{oppression} ^{and} ^{darkness}.

We don't want charity. We don't want any more refugee
 camps, ^{recurrently} ^{and} ^{ineffectually} trying to solve by means of philanthropy
 our ^{problem} which is essentially a ^{political} one and ^{can} ^{be} ^{solved}
^{only} ^{politically}. We want the report to end the need for all
 future ^{Arabs} ^{and} ^{the} ^{unfortunate}. We want to right to
 rebuild our ^{own} ^{national} ^{home}.
