## *Membership in the Z O A*

Means affiliation with the major instrumentality of American Jewry for safeguarding the future of the Jewish people. It means direct support of a constructive program of magnificent achievement.

MORE THAN 99% of American Jewry favors the establishment of a Jewish Commonwealth in Palestine, according to independent, scientific polls.

IT REMAINS only for this overwhelming majority to make its will known.

MEMBERSHIP in the Z O A is your identification with the effort to establish the Jewish Commonwealth. The Z O A is the mouthpiece of American Jewish hopes and aspirations.
