I used it as a measure of nationality equality - in keeping with Soviet basic nationality attitude - and as a means of removing obstacles toward better understanding bet. U.S. and Soviet

In U.S. 5 m. Jews have been greatly
 disturbed etc. - Why give the impression
 that there is a 2 problem in Soviet.
 2. argued - (1) Staff would threaten Soviet
 Jew (2) Soviet J. really do not want it.
 (3) They occupy high & important positions
 in Soviet U. - for discrimination - (4) There
 are special nationality schools outside
 university towns, ~~the~~ e.g. no Ukrainians
 schools in Moscow (2 is himself a
 Ukrainian) (5) Jews were given such a
 prominent center in Soviet Union. Did not
 avoid cos. it. Thus they could have enjoyed
 cultural identity. (6) But opposed to Jewish
 culture. Walls, Bible, Bible translated into
 Russian, and, he himself, he not a Jew even
 says honey, it's all by heart. Let Goldfish
 write not write. They walls will be translated
 and so read in translation. (7) Russian not
 unfriendly to Jews. Red Army saved Jews
 from destruction at hand of Nazis.

In a friendly way I answered his
 arguments. I suggested that Soviet
 experiment with the giving of a few
 Jewish schools in large Jewish centers -
 Moscow, Leningrad - Kiev etc. - and see
 what the response will be.

called his attention to the fact that
there are not enough synagogues in Chicago.

through an interpreter. 50 minutes. Most
friendly and in private. Discussed Soviet-
U.S. relations and what scientists can do to
lessen war tensions. Points raised:

- ① Topchiev showed me Soviet Com. Report
on Py work Conference - and Express surprise at
the effort to discredit Moscow Conference.
- ② There is so much that world scientists
can do to-day to explore the resources
of the earth - land, air and ~~water~~ ocean
to increase wealth of all people -
- ③ War is within reach - World destiny now
pending. Every thing should be done to establish
a lasting peace.

- ④ Why does U.S. provide atomic bombs to W. Germany? Why does France force invaded by Germany - now have his troops train for French soil.
- ⑤ Soviet is prepared to sign a permanent Peace with U.S.
- ⑥ American scientists pressured by govt. not to cooperate with Soviet scientists.
- ⑦ Will Pres. Kennedy be under pressure by the military?
- ⑧ Is not a divided Germany really the solution, WRHS rather.
- ⑨ Is there not an original day set aside by govt. for the "discovery" of the East? 
- ⑩ While waiting for peace in France, the world risks in staying the course. I pointed out in the course of the conversation that ① The people in U.S. - want no war - are the friends of the Soviet people. ② Chance of a new start under the new administration. Pres. K. is a friend, peace and better understanding. ③ It is a natural fear and distrust which have been responsible for tension between all nations and citizens. There should be demilitarization on both sides. ④ A

softer tone in international speech is called for.
 You cannot talk "yes" and "no" well
 being "yes" and co-existence in same
 breath. (5) Perhaps the ancient secrets,
 the world ~~is~~ in V.S. - V.T.R. - E/and -
 from the, should even a call to all
 the nations of the earth - in view of dangers
 may warrant - to make free life & is
 An idea, (6) Perhaps the time for a new

 to start when F.D.R. made when he
 resigned the period.
