My dear Mrs. West,

Permit me to thank you for your letter of October third and for the invitation you extend to me to address the Euclid Park Parent-Teachers Association. I wish I were in a position to avail myself of your kindness. I am, however, very much overburdened with work incidental to the building of our new Temple, and I have been reducing my lecture engagements to a minimum.

Trusting that at some future time I may have an opportunity of serving you, I beg to remain

Dear Sir:

The Euclid Park
Parent-Teachers Association
has been very desirous for
a long time of procuring
you as a speaker at one of
their evening meetings.

Being without funds, but
knowing that you do at times
give your services gratuitously,

We are entering to ask if it
is possible to persuade you
to address us. Our meetings
are held on the first and
third Wednesdays of the
month, & our next one

would be on October 17. We
would consider it a very
great honor and privilege
if you should consent to speak
to us either on that date

or any of the following - i.e.,
November 7 or November 21 - or

December 5.

Our school is located on Euclid Avenue
between Euclid J. - the end of the
East Cleveland line, and Euclid
village.

We will be most grateful
for a reply to our request.

Yours respectfully

My dear Miss Myers,

I wish I could see my way clear to come to you this year, but I am afraid that I am unable to do so. Rabbi A. H. Silver,

My dear Rabbi Silver:-

I reported today to our Committee that you had accepted their invitation as guest to dinner, and speaker on the evening of November 2nd, at the Excelsior Club, at 7:00 o'clock, on the occasion of a banquet to be tendered by the Cleveland manufacturers to guests and delegates in attendance at the Convention of the National Knitted Outerwear Manufacturers' Association.

We will leave the subject to your own choosing.

I thought you might be interested in some production figures of the Knitted Outerwear. They run into some volume. The Knitted Outerwear Industry in the United States has increased during the past ten years tremendously, so that today the production figures approximate \$350,000,000.00 annually. Cleveland is one of the largest centers.

I will have a cab waiting for you at your residence at around 6:45 on the evening of November 2nd, to bring you over to the Club.

Very truly yours,

PF.OC

Philip Frankel
Secretary.

P. S. Thought you might be interested in knowing who the other speakers were - Senator Theodore Burton and J. J. Phoenix, a large manufacturer of Delevan, Wisconsin.

My dear Rabbi Silver:-

I made a mistake in my letter to you the other day when I stated that we would expect you at the banquet of the National Knitted Outerwear Association, on the evening of Friday, November 2nd, at about 7:00 o'clock and that we would have a cab call for you at about 6:45, because in talking with both Adolph Farber and Herman Friedman they explained that on account of the press of other matters, you will not be able to be at the Club until about 9:45.

In that event, I will see that a cab is in front of the Temple, where I understand you will be at the time, at about 9:30 on that evening so that you can be at the Club at about 9:45.

By the time you get there, we will have heard the speeches of Mr. J. J. Phoenix, a manufacturer of Wisconsin, and Senator Burton, who will be the second speaker.

exceedingly that I am unable to accept it.

My dear Mr. Friedman,

I had a conference the other day with the members of the Forum Committee. They expressed great disappointment that I would not be with the first forum throughout the meeting. They felt that the first forum is a critical one and that my presence is necessary until the close of the meeting which will not be until 9:30 or 9:45. I feel that they are right and I must therefore request you to release me from my promise to address your organization. Then too, there may be some misinterpretation in the community in my accepting to address a banquet on Friday evening and I do not wish that such a misinterpretation be placed on the act.

I trust that you will understand and I shall be happy to be of service to you at some future time.

With kindest regards, I am

My dear Friedland,

I am really sorry that I had to disappoint you again last Sunday. The real real reason was that a very bad cold made it impossible for me to speak. I had great difficulty in speaking Sunday morning, and in the afternoon my doctor forbade me to deliver any more public addresses that day. I still have the cold with me. I heard from all sides what a beautiful event the graduation was and I am dreadfully sorry that I could not attend it.

My dear Mr. Anderson,

Permit me to thank you for your kind letter of April 20th and for the invitation which you extend to me to address Lodge 479 of the International Association of Machinists. I wish I were in a position to accept it. Unfortunately I am so crowded with lecture engagements during the next few months and the work of building our new Temple has proved so heavy that I cannot in justice to myself accept any more engagements. Perhaps at some future time I may be of service to you.

Dear Mr. Silver:

I am writing to you on behalf of the Alpha Phi Alpha Fraternity, which for the past four years has been conducting a national "Go to High School-Go to College" campaign in over 50 cities of this country where the 3,000 or more members are located. This organization is composed of college men.

As a close to the campaign in this city, the local chapter will hold a mass meeting on Sunday Evening at St. John A.M.E. Church, East 46th Street, near Central Avenue, where an excellent program with numbers contributed by college men and women will be rendered.

We are very anxious that you address us on that occasion and I am therefore requesting you to do so, on behalf of the organization. At that time high school students will be special guests. If you can see your way clear to aid us on that occasion, we will feel ever grateful.

May I request of you an early reply to this invitation?

With this in mind will it be possible for you to talk for us Friday January 16th. I know this is far in advance but appreciate that you have a great many appointments. If this date is not satisfactory to you will you please be good enough to advise me as to what day in January you will be available. Thanking you again for your cooperation, I am,

I am enclosing herewith copies of letters sent to those whom we are inviting to address the Friday night forum, in accordance with the conference we had at your office the other day. Please note the secular list of subjects and the list involving chapters in Jewish history. Please note also, the subjects which were assigned to some of the lay gentlemen whom we decided to invite the other day. The fall program cannot therefore be announced until acceptances have been received from them.

If you have any corrections or additions to make in this tentative program, will you not kindly let me know immediately before I make announcement to the press.

We are in a position to inaugurate the course on Friday evening, October ~~25~~, and it would be desirable to have you make the introductory address. If this meets with your convenience, will you not, at your earliest opportunity, designate the subject. 248

Dear Rabbi Goldman:

In the inauguration of our Friday night program, we have just issued the following statement:

"Council Educational Alliance is launching an educational campaign for the season 1924-25. In line with these plans, we are aiming to carry on Friday night exercises, either in our own assembly room in our new headquarters on East 55 Street, or in the auditorium of the Cleveland Hebrew School and Institute, where we are hoping to attract the younger generation, and to imbue them with an interest in Jewish history and culture.

"It is our plan to conduct these exercises, not necessarily as a forum, but rather as a study group, and our auditors will be urged to follow the course consistently, and when possible to carry on reference reading.

"Rabbi Abba Millel Silver is chairman of a committee of the Board of the Alliance that is responsible for the program of this course. To carry out this project is not an easy task. We hope, however, to succeed in inspiring our receptive-minded, but uninformed youth to follow this course to the end. Such an undertaking is sure to have a beneficent effect upon our communal life, and your assistance will be greatly appreciated."

The course will consist of two sets of subjects - religio-historical and secular. In the first set of subjects we are following the Menorah Syllabus of Jewish History, the table of contents of which is herewith enclosed.

The following letter was sent to:

Rabbi Louis J. Hayes
Rabbi Abraham J. Heschel
Rabbi Gilbert Silverman
Rabbi Solomon Silverman

-2-

May we ask you to give the Alliance three Friday evenings during the season, and will you not kindly select the subjects that you would care to speak on from that syllabus. If you should desire to select one or more subjects from the supplementary list instead, it will be satisfactory.

We would greatly appreciate an early response to this letter so as to enable us to make up our program without delay.

Very truly yours,

Dear Rabbi Silver:

The Cleveland Life Underwriters Association, numbering five hundred of the best Life Insurance men of Cleveland and having for many years done constructive work in this City, follow the practice of holding monthly luncheons to which are invited Speakers who have messages of inspiration.

Quite a number of the members of this Association have from time to time expressed a strong desire to have you speak. This morning I received a letter from Mr. James H. Rutherford, Chairman of the Program Committee, containing one addressed to you, which I enclose herewith.

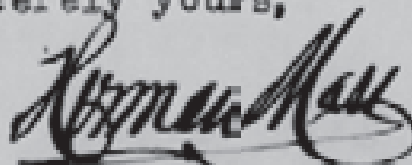

Of course, I realize how busy you are but thought that owing to the advance notice of this Meeting, December 11th or 12th, it might be possible for you to arrange your plans in order to speak before this body. I am sure that any subject which you think appropriate would be quite acceptable.

Wednesday evening was a glorious occasion and demonstrated conclusively the good judgment used by the Committee in the purchase of the Kimball Organ. There were certainly marvelous effects and the evening was one not soon to be forgotten. I don't doubt it was a great inspiration to our own organist, showing the possibilities of his instrument.

Dear Sir:-

Mrs. Jane Ogle and myself are booking Clarence Darrow for an appearance in Cleveland on Sunday evening November (6) sixteenth at Masonic Hall.

It has been suggested that we have a debate rather than a lecture on either of the following subjects:-

- (a) Is Capital Punishment a wise public policy?
- (b) Should the U. S. continue to enforce the policy of prohibition as defined in the 18th amendment?

Your splendid work on the lecture platform is well known to us, and we are therefor prompted to

inquire whether you would care
to debate on either side of
either of the foregoing subjects.
If so, what is your charge
for such an appearance?
May I not have the

Dear Rabbi Silver:-

I have just received word from Mr. Webster, Commissioner of the National Association of Brass Manufacturers that the delay in hearing from him in reference to the speaker at our dinner was due to the fact that he had to take the matter up with the Board of Trustees on account of changing dates and regrets very much that it was impossible to change the date of the dinner so as to avail ourselves of your promise to speak on December 10th.

It seems as though many of the members felt that they could not get away earlier, consequently they wanted to leave their date of December 11th stand and I therefore keenly regret that we will be unable to have you for our speaker on December 11th.

I want to take this opportunity to thank you for the courtesy extended to me personally as well as the brass association and while we could not get together on our date at this time, I sincerely hope that sometime in the near future we will be able to arrange to have you speak before our association and hope that by having you hold December 10th open for us that we have not greatly inconvenienced you.

Again thanking you for the courtesy extended the writer and with kindest personal regards and best wishes, I remain,

Dear Rabbi Silver:

At a recent meeting of the program committee of the Life Underwriters Association we found that our schedule was filled up to April, 1925, and as you expressed a desire to meet with us early in the spring I am taking this opportunity to advise you at this time that we would appreciate greatly your addressing the association on Friday noon, April 10, 1925. I realize that this is placing a date at some distance in the future but it may enable you to keep the 10th open for the Life Underwriters Association if we advise you far enough in advance.

Thanking you kindly for your interest in the Life Underwriters Association and trusting that it will be convenient for you to be with us on April 10, 1925, I am

Very truly yours,

My dear Sir:

We have in The Halle Bros. Co. a Men's Club which holds monthly meetings, with an average attendance of 250 men and boys.

Having heard you deliver addresses before various organizations which usually had a much larger attendance, I was inclined to feel a little doubtful about asking you to address such a small audience, but I assure you if it is possible for you to do so, it will be appreciated immensely by the entire organization.

Our next meeting for which we would very much like to have you as the speaker of the evening will be on Tuesday, November 18th. We should enjoy having you join us at dinner at 6 o'clock. Your talk will start at approximately 7 o'clock, and you may make it as long as will suit your convenience.

The Council of the Men's Club of St. Philip's Episcopal Church, Denison Avenue and W. 33rd Street, this city, respectfully requests you to address one of their monthly meetings at your convenience in the near future. We have an attendance of from one hundred and fifty to two hundred men.

It has been our pleasure to have as recent guests and speakers, the Hon. Harry L. Davis, Hon. Miner G. Norton, Francis B. Kavanagh, and Judges Walther, Baer, Selzer, Cull and Hull. Judge John J. Sullivan has also promised us an early date. The topic, of course, would be left to your own selection.

We meet in our club rooms, top floor Statler Hotel, each Friday noon. We will greatly appreciate you setting a date for any Friday in either January or February that might suit your convenience. The subject will be left entirely with you.

My Dear Sir;

Last year we made several efforts to have you speak before our Young People's Society but your busy schedule would not permit you to come. They have spoken of you again this winter and I would like to extend you a hearty invitation to have you speak before this group if you can possibly arrange to do so.

The choice of a subject will be left in your hands. I understand that your review of the "Plastic Age" was very effective and that you have also spoken on the subject of "A Jewish View of Christianity". The latter subject is certainly one that Christian people need to think about.

The group in question meets each Sunday afternoon at five thirty for an hour after which a supper is served. The membership is composed of the older high school and college students and the attendance is usually about eighty to a hundred.

We are leaving the choice of a date with you.

In looking over my schedule of speaking engagements for the balance of the season, I find it is going to be very difficult for me to come to you on one of the dates you mention. I am very much overburdened with such engagements, both in and out of the city and this schedule coupled with the increased activities of our new Temple, makes it next to impossible for me to accept any further obligations to speak this season. My Dear Rabbi:-

Pursuant to our conversation last Tuesday evening I attempted to communicate with you relative to an open date some Friday evening in the near future on which occasion you promised to come over and address our Congregation.

I assure you, my dear Rabbi, that nothing would give me greater pleasure than to come over to your office and see you personally. But unfortunately I am prevented from so doing by the demands of my "Schooldays", and so I must resort to long distance salutations.

Please, Rabbi, scan your calendar, and find a Friday evening that you can dedicate to one more worthy cause. The people on the west side of the river need just such a stimulus that I knew you can give them. The cause of Judaism will be furthered by your coming here, and your humble servant will be ever grateful.

We are all anxiously awaiting your momentous decision and announcement.

We meet once a month for a get together and particularly from an educational standpoint for the advanced knowledge of our own products and operation, but once in a while we like to have a man of high repute give us a message which will lure us to the intellectual development which we desire.

On Tuesday, May 13th it is now tentatively arranged for the Union Club, we will hold our monthly meeting. We are exceedingly anxious that Rabbi Abba Silver give us a message which he feels would be interesting to a group of men such as explained above, and with your personal acquaintance with Rabbi Silver, I am wondering if you would be kind enough to intercede for us for the securing of Rabbi Silver, explaining to him the great compliment which we feel for his coming.

Thanking you in advance and also asking you to express our deep appreciation for any consideration which Rabbi Silver may give this, and also asking you to post me in order that we can confirm with Rabbi Silver, at the same time expressing my warmest personal regards, I beg to remain,

At that time you found it impossible to make the engagement.

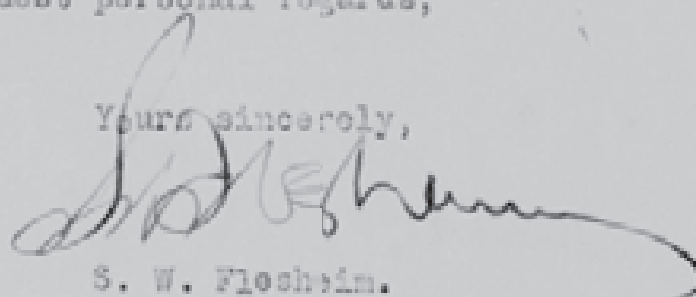

Mr. John B. Sanford, of The Sherwin-Williams Company, has again requested me, as per the attached letter, to invite you to speak before them.

I am simply transmitting this request to you as a matter of friendship with Mr. Sanford. If you find it possible to speak, I am sure it will be deeply appreciated.

Under any circumstances, will you be good enough to let me know whether it is possible to comply with their request, so that I can advise Mr. Sanford definitely one way or the other.

Dear Mr. Silver:

At a recent meeting of the Program Committee of the Cleveland Baptist Ministers' Conference, it was unanimously voted to request you to address our conference on the 20th of April at eleven o'clock in the morning, on some subject which you shall choose. They, however, expressed a preference, if it agrees with your ideas, for a discussion of the religious program of the Jews of America, or the differences which exist in the Jewish faith in America today.

It is our desire to have a number of men of other religions speak to us with reference to their own religious groups so as to broaden our horizon and make us more intelligent with reference to the common religious ideas of the people of our city.

We hope that you will feel this is an important enough matter to give us a favorable reply.

Cordially yours,

F. F. Peterson
Chairman.

Rabbi Abba H. Silver:

I'm January, I was called by this church from Boston to take charge of its young People's work. Much progress has been made.

Every Sunday evening, from five-thirty to seven-twenty, a group of students one hundred strong gather here. It is really a students social club.

The program consists of a social hour, a devotional period, and an educational hour.

During the educational hour, I have had prominent speakers come to address us on various subjects. Some of them you know well. President Vinson, Sean Putner, Sean Bailey, Robert Lewis.

I should consider it a great honor to have you with us. Would it be possible at all for you to give us a twenty minute talk on Sunday evening March 29th? Your sermon on "Jesus" would be excellent. The students would surely appreciate it.

This meeting is for all young people regardless of their religious affiliations. We should let you begin to speak at six-thirty and end when you desire.

Hoping that we may have the privilege of hearing you, I am,
Very sincerely yours,
Henry L. Bell.

Dear Rabbi Silver:

As per my phone conversation this afternoon, The Business and Professional Women's Club are planning to have a dinner for their members and some business men of the city the evening of March 18th, at the High-Noon Club. We want this meeting as an inspirational and good fellowship affair with the idea of making it an annual one. ✓

It has been our desire for some time to have you come before our members for we know of no one who can create for us the atmosphere that we so much need as you can. With this in mind, we would like your talk on 'Friendship'. Were I talking with you I would like to give you some idea of our problems, but will not try to do so by letter. William Ganson Rose will probably be on the program also. I do not know his subject.

If you can and will arrange to be with us on this occasion, we will be much pleased and because of our publicity and other arrangements, we will be glad to know as early as convenient. Also what your charge will be.

Very truly yours,

One may better conceive the vastness of Cleveland's wonderful Public Hall Auditorium from the fact that it will comfortably seat 12,500 people. Its acoustic properties are ideal for both addresses and music. A pipe organ—the largest "single voice" in the world—is a unique feature. A flood of electric light, in three colors when required, diffused through a field of glass panels in the ceiling, illuminates the entire Hall. By removal of its portable chairs the Arena of the Auditorium will afford a clear waxed dancing floor of 30,000 square feet.

CLEVELAND, OHIO, JUNE 15-19, 1925

25 March 1925

Rabbi Silver
Cleveland, O.

Dear Rabbi Silver,-

This letter is coming to you at the instigation of the Executive Committee of the local branch of International Rotary.

I have been requested to inform you of the coming of this convention to Cleveland, which begins on the 15th. of June. This Convention will call from various parts of our own country, and from abroad, many distinguished representatives from commercial and professional life. A great many Rotarians are members of the Jewish faith, and it is quite likely that the ministerial representative of certain groups will be Rabbis.

What our Committee would like to find out is this,- would you be willing, and do you think the other Rabbis in the city would be willing, to do either of two things; preach a sermon on the first day of the week, or on your Sabbath day services, on the Golden Rule which, as you know, is the ethic on which Rotary bases its existence,-or to invite some visiting Rabbi who is a member of Rotary, to speak from your pulpit on Sunday the 14th., or Saturday the 13th. should any Rabbi be in town as early as the 13th?

Unfortunately for myself, at this writing I do not know whether there is an organization of Rabbis in Cleveland or not; and if there is not, and if you are in sympathy with the wishes of Cleveland Rotary would you be willing to find out from your fellow Rabbis in town whether, or not, they would fall in with this suggestion, and if so, let me know.

Thanking you in advance for any trouble which this request would entail, and assuring you of Rotary's great appreciation of any co-operation you are willing to give in this matter of bringing home to Cleveland's religious public the ethics of Rotary, I am,

Sincerely yours

Francis S. White

My dear Rabbi,

Just a line to confirm the engagement for 6:15 on Wednesday evening, April 29th at the Fairmount Presbyterian Church. This is the first, and therefore, organization meeting of the Fairmount Men's Club. We have some splendid material upon which to work. We are perfectly delighted that you are going to be our first speaker, for the example you are going to set for us will be something by which we can measure the effectiveness of our work. I am suggesting to you a topic like "REAL MEN AND REAL RELIGION". I think the spirit of a great adventure is what most men need in their religious life and every positive masculine quality of intelligence and faith must be reached and stirred. I leave the matter entirely in your hands for I look upon you as one of the great prophets of this day.

With best wishes to you and Mrs. Silver from Mrs. Hayden and myself and believe me,

Ever devotedly yours,

P.S. Since writing letter, just discovered that the date set conflicts with the Metropolitan Grand Opera Co. - "El Purtoni". Just call my secretary, Miss Myers, Front. 2440, and she will relay date chosen to proper committee.

I cannot tell you how disappointed I was not to have been able to hear you at the meeting of the Social Workers' Club at the Temple Wednesday evening, April 22nd, 1925.

Our little boy has contracted scarlet fever and while I have been given a permit to go back and forth to the office, I am not permitted to attend social functions of any kind.

I learn from reports which have come to me, that I missed what is undoubtedly the most successful meeting the club has ever sponsored. Both the place of meeting and the speaker appealed strongly and the attendance was nearly twice as great as that at any previous meeting in all of the years of the existence of the organization. The accommodations were delightful and everyone was wonderfully pleased with your part in the program.

I am taking this opportunity to express my deep appreciation of your co-operation and I can assure you, you have the gratitude of every member of the club. Should we ever at any time be able to assist you in any way, we should be delighted to have an opportunity to reciprocate your kindness.

With all good wishes, I remain

My dear Mr. Munde,

It was indeed very kind of you again to extend an invitation to me to address the young people of Emanuel Church. I find however, that the remaining Sunday afternoons in the month of May are completely given over to weddings and I leave the country the first week in June for Europe. I must therefore forgo the pleasure this year of meeting your people. I hope that you will think of me next year.

My dear Mrs. Meggitt,

Rabbi Silver received your kind invitation to speak before your Women's Club during the coming season. Your letter came during the hurried days prior to his leaving the country for a vacation of three months.

I am directed by the Rabbi to say to you that he regrets not being able to give you a definite answer. His program for next season is in very indefinite shape and he does not care to make any positive engagements until his return to Cleveland during the early part of September.

It is then not too late for your purpose, perhaps you would be good enough to write him again.

Very sincerely yours,

Secretary.

Dear Dr. Silver:

We have met only once, and now some time ago, but you may perhaps remember me. I have no difficulty in recalling you and of course I know well of the great work you have been doing.

I have read with interest the brief account of your sojourn abroad and your attendance upon the Zionist Convention in Vienna.

You may or may not know that for a good many years I have been conducting here ~~the~~ forum form of meeting on Wednesday evenings during the winter, whereat a great many questions of public interest, national and international, secular and religious, have been discussed. These meetings start on the first Wednesday of November, and I am wondering whether it is imposing too much on your good nature to ask you if you will speak to us some Wednesday evening in November or December on say, the Present Status of the Zionist Movement, or on that subject phrased to suit yourself. These meetings are very social and informal in their character, preceded by a dinner, and the attendance is usually good. I ought to say, perhaps, that I have no remuneration to offer and your service, if you graciously give it, will be a labor of love. I have offered November 4th to Congressman Burton or his choice of any date in November before he goes to Washington. If you could find it possible to give me a choice of two dates, it would be a great convenience to me in arranging my schedule of speakers.

With kindest regards,

Yours sincerely,

Beginning in October, it is my plan to have outstanding leaders as speakers. They will discuss subjects that are of interest to students.

My dear Rabbi Silver:

The Cleveland Section National Council of Jewish Women extends to you a cordial invitation to be its guest at the opening supper of the State Conference of Council Sections on Sunday evening, October 18th, at 6:30 P. M. at the Euclid Avenue Temple House. May we remind you at this time of our request that you give the invocation at the opening meeting, which will follow the supper.

You may recall, from the arrangements we made with you previously, that our original plan was to have the opening session at The Temple, preceded by a supper at one of the up-town hotels. We found, however, that the up-town hotels could not accommodate us on Sunday evening, and we were, therefore, forced to change our entire plan and to reverse the places of meeting for the Sunday and Monday evening sessions. During your absence, we consulted with your office and found that this change was possible, and that we could have the use of Mahler Hall on Monday evening, October 19th, for the presentation of two plays. We hope that, as previously arranged, the Temple may be open that evening for our guests.

Marc and I are looking forward to an evening with you to hear about your trip.

With cordial greetings,

My dear Rabbi Silver:

As you know, the Cleveland Forum Council is the group expression of the many organizations in Cleveland that feel the need of clearer and more impartial presentation of questions of the day. The immediate service that we are rendering is to aid the many forum groups in the city in securing speakers. One part of our work is to plan and promote series of lectures on subjects of vital concern. Our first venture of this kind is a series of popular lectures on the Natural Sciences. The Cleveland Museum of Natural History, the Women's City Club, the Hathaway-Brown School, and perhaps one of the high schools and one of the Jewish Forum groups will take this series of lectures. All of the lecturers listed except you have been approached and have consented. Your absence from the city has been the reason for my delay in approaching you on this subject. We can offer you a fee of twenty-five dollars for each lecture engagement. You will use the same lecture, and we are reasonably certain that we will book the series for three, perhaps four, organizations. May I hear from you at your earliest convenience?

You are listed as a member of the Advisory Committee of One Hundred to promote the Cleveland Forum Council. Just now we are so busy in service that we are rather losing sight of organization. However, the Advisory Committee is soon to be named and called into meeting.

Yours sincerely,

Miklood Chadsey
Acting Director.

Dear Mr. Silver:

On behalf of the officers and Executive Committee of the National Safety Council may I express our deep appreciation of your participation in the recent Cleveland Congress?

I hope you agree with me that the Cleveland Convention was the most enthusiastic and constructive national safety meeting ever held in the history of the National Safety Council.

Your own contribution helped materially to make the Convention a success. I know you enjoyed taking part in this patriotic service. You must have observed that these meetings will provide the inspiration and information needed by thousands of safety men to help them continue their activities during the forthcoming year.

Dear Rabbi Silver:

We missed you on our various visits to Cleveland during your trip, and are glad to know that you are back. We also envied you your globe-trotting. I presume that you have been more or less in touch with developments in Cleveland on our forum council since returning, but I thought I ought to drop you a note to illuminate the inner strategy of things. We had a most successful meeting on June 24th, with about seventy people present, and got things nicely launched.

It seemed necessary to everybody concerned to emphasize at the start the definite service proposals to existing organizations in the city, working steadily from a service beginning toward the development of those more unique elements in our program, that are the deeper reason for our existence.

I am working with Miss Chadsey, who is acting as the director pro-tem, on the program on the effort to develop the speakers service as a practical preliminary to other things. It is my hope this year that through the speakers service we may negotiate: (1) Exchange addresses between Rabbis and Protestant Clergymen, who have not yet visited one another's pulpits; (2) Exchanges between the Faculties of Protestant theological seminaries in Ohio and Jewish professors or religious leaders; (3) A special conference between religious leaders of all creeds in December with Samuel Parkes Cadman present as the guest of honor. (4) The approach through the door of the speakers bureau to the institute plan discussed in our previous conferences and to the development of smaller inter-group conferences meeting for pure discussion and to entertain visiting speakers as their guests, in round table sessions.

My more hardhearted advisors have impressed upon me the necessity of not going as fast as I would like to go, and working from the practical and easily sold program toward the ultimate strategy that we have in mind.

I shall greatly appreciate your advice and guidance all along the way, and I hope most earnestly that we may develop something of unique value in your very vital city. Miss Chadsey tells me that she is very anxious to use you as reinforcement in getting her program on its feet and I know that anything that you can find time to do will render us immense service.

Dear Rabbi Silver:

The Program Committee of our Social Service Department is most anxious to have you talk to us at one of our meetings during November.

We realize that ours is a small staff and that it is asking much of you to address us. The whole staff, however, feels so keenly the need of inspirational speakers that we are making a strenuous effort this year to have one or two outstanding talks of that sort. Our workers are, of necessity, tied so closely to their work, and get so little opportunity to attend outside meetings, that we can only rely upon the generosity of speakers to come to us.

I am asking Miss Liebenthal, a member of the committee, to present you this letter. She will tell you that any subject on which you care to speak will be most acceptable to us. The Committee has suggested as a possible subject, "The Social Worker and Religion", touching somewhat on our relationship with the Jewish patients. We hold our meetings each Tuesday at half past ten in the morning and shall hold open our entire November schedule so as to give you any week that may be convenient for you.

Personally, I shall very much appreciate your coming to us if you can.

Yours very sincerely,

Rabbi Abba Hillel Silver,
The Temple,
Ansel Rd. & E. 105th.,
Cleveland, Ohio.

My dear Rabbi Silver:

I am writing to you as Chairman of the Division on the Family of the National Conference of Social Work. As you know, the National Conference will be held in Cleveland between May 26th. and June 4, 1926. The Family Division meetings are as large in the point of attendance, if not the largest, of any of the ten Divisions of the Conference. We are all expecting that in Cleveland the meetings will fill to capacity a good sized church or medium sized theater.

It is planned to have the third one of the five meetings of our Division consider the question of Religion and Social Case Work. It is our plan to have two addresses, each of thirty minutes duration. The first of these will be on the subject: "The Backgrounds of a Family's Religious Life as Social Data", and Mrs. John M. Glenn, a former President of the National Conference of Social Work, has agreed to give this address. She is an experienced social worker and is now not only a leader in the Family Welfare movement, (she is President of the American Association for Organizing Family Social Work), but also in several of the national social work activities of the Episcopal Church. As you may know, she is an unusually fine public speaker.

Our Committee has decided that I write to you asking you to give an address of thirty minutes, following Mrs. Glenn's, on the subject: "The Development of Personality Through Religious Experience".

Our general idea in this meeting, which we expect to be the finest of our Division, is to set forth the relationship between the Church and Family Case Work. It is not our idea to present the relationship between the Church and social work in general, but rather to confine ourselves to the narrower field of Family Case Work. We thought that Mrs. Glenn would develop the subject more from the standpoint of the social agency, depicting the use or the uses of the Church, of religious background, of religious influence in moulding and building up the lives of people---particularly in developing family life. You, on the other hand, could show how personality is developed and human life enriched, (with particular reference to family life) through religious experience.

12/3/25.

I have discussed the possibilities of this meeting quite thoroughly with Mr. Lynde and Miss Hanchette of the Cleveland Associated Charities. They both spoke of you as the best one they knew to develop the topic suggested. Miss Hanchette is a member of the Committee which is planning the program. Should you care to discuss with either of these two people the possible subject matter, or possibilities of this meeting, I would be very happy to have you do so. I think they can give at first hand an idea of what is wanted.

I am sending Mrs. Glenn a copy of this letter with the idea that possibly you and she may wish to correspond later with regard to the program. Her address is: One Lexington Avenue, New York City.

Hoping very much that you will be willing to give this address and assuring you of my wish to be of any service in connection with the planning of the program, I am,

very sincerely yours,

I am happy to accept your invitation. I shall of course discuss the subject of my address with Mr. Lynd, Mrs. Hanchette and more especially with Mrs. Glenn, with an eye to making it concrete and helpful. My dear Rabbi Silver:

I am very much pleased to have your letter of December 7th., stating that you will speak on the subject: "Development of Personality Through Religious Experience". We are all looking forward to this meeting with great interest and I know the members of the Committee share my appreciation of your willingness to accept this task.

At the earliest possible moment I shall let you know the definite date of this meeting, as I know that you will want to have this as soon as possible. I am writing to the Secretary of the National Conference today, asking how soon this matter can be decided.

Sincerely yours,

Malcolm S. Nichols

Rabbi Silver,
The Temple.

My dear Sir;

I spoke to you on Sunday morning after your service in regard to giving the young people of Trinity Cathedral a talk on the Zionist Movement. At the time you were unable to give me any exact date as you were busy and asked me to write to you in regard to this matter.

The young people of Trinity Cathedral have an organization which is called Kappa Beta Kappa, signifying consecration, service, fellowship. We have our meetings on Sunday evenings after the four o'clock vesper service. A light supper is served at five-forty-five, after which we have our meeting and program. Our usual attendance is about fifty, composed of young people between the ages of seventeen and thirty.

Dean White recommended to me
as chairman of the Program Committee,
that I should try and have you give us
a talk on the subject that is very
familiar to you. If it would be possible
I should like to have you give us a talk
on December twenty seventh or January
seventeenth or twenty fourth.

Hoping that you will be able
to favor us I remain

Sincerely yours

My dear Dr. Bradley,

Permit me to thank you for the kind invitation extended to me in your letter of December seventh. I regret that a previous engagement prevents my being with you on January 17th. I could, however, give you the evening of either January 24th or 31st. If either of these dates be acceptable to you, kindly let me know.

With cordial regards, permit me to remain

Very sincerely yours,

My dear Mr. Ison,

I desire to thank you for the kind invitation which you extend to me to address the Kappa Beta Kappa organization of Trinity Cathedral. I have looked over my calendar for a possible date and find my schedule is very much overcrowded and I feel that I cannot, in justice to myself, take on any additional engagements for this season. I shall be very happy to give them a date some time next season, if they desire to have me and you will get in touch with me.

With kindest regards and best wishes,
permit me to remain

Cordially yours

NINTH ANNUAL CONVENTION 1925-26

CLEVELAND, O.

Rabbi A. H. Silver.

Quail Rd & 105th St

Cleveland.

Dear Rabbi:-

I am writing this note merely as a reminder.

We are indeed happy to have you as our guest of honor and speaker at the luncheon given for the delegates to our National Convention.

This luncheon is to be held at the Hotel Hollenden, in the Ballroom at 12 o'clock on Wednesday Dec. 30.

Our fraternity is a general college group, which is striving to attain certain ideals of character, scholarships, and above all, an intense devotion to Jewish faith.

I presume we will have from 20 minutes to a half an hour speaking time immediately following the luncheon. We feel confident in your choice of subject matter.

Sincerely -

Oscar A. Brown

P.S. we expect about 100 men.

My dear Rabbi Silver:-

Yesterday I telephoned
your Secretary concerning your talk to the
St. Martin's Club on Tuesday, January 5. The
Dinner and Speech for that night, most unfortu-
nately, must be postponed. Mr. Adams has been
ill and, although feeling better, must leave
the city for a rest. He is much disappointed
but wishes to know if you feel that you could
talk to the men in April. If you find that you
can do so, Mr. Adams will make arrangements about
the date, when he returns.

Sincerely yours,

Elizabeth Faw Mager

Secretary.
