Dear Sir:

Thru the courtesy of Mr. S. D. Schwartz, Executive Director of the Sinai Social Center, we learn that you expect to be in Chicago this fall or winter.

Our Rotary Club has a meeting every Thursday noon and we have found it possible to get speakers to stop here *enroute* and address our membership for a period of about thirty minutes. In some cases they have found it more convenient to speak before a Thursday evening meeting.

Our funds are very limited and for that reason we can only utilize speakers who find it convenient and agreeable to make a nominal charge.

If it were possible for you to arrange to visit our city, enroute to Chicago or from Chicago to some other point, we would be glad to have you advise what you would charge to address our membership as per above.

It may be possible that you have a series of talks at Chicago in which case you could run over here leaving Chicago at 10:30 arriving here at noon and leaving again about two or three o'clock for Chicago. It is only an hour and a half's ride.

Will be glad to hear from you and assure you whatever you may find consistent to do will be greatly appreciated.

Yours very truly,

ROTARY CLUB OF MICHIGAN CITY,

Chairman-Program Committee.
