Congregation Shaaray Tefila

(GATES OF PRAYER)

The Jewish Center of Far Rockaway, N. Y.

October 8, 1929.

Rabbi Abba Hillel Silver,
The Temple,
Cleveland, Ohio.

My dear Rabbi Silver:

I am taking advantage of your friendship to me to write you this brief note. I am now connected with the above Congregation as its Rabbi and spiritual leader. It is my aim during my connection with this Institution to bring to the membership a cultural program comprising America's most distinguished speakers and artists. There is, of course, no personality whom the Congregation would rather listen to and honor than yourself.

I wonder if you could find it possible to give us some Tuesday evening in either November or December that would coincide with a trip that you might have already been planning to make to New York. I would, of course, be only too happy to remunerate you according to your own desires, hoping that the fee would prove to be within our means.

May I hear from you at your earliest possible convenience.

Most respectfully yours,

Irving Miller

RABBI.

My dear Miller:-

I was very happy to receive your letter of October 8th and to learn that you are now with Congregation Shaaray Tefila of Far Rockaway. I hope that you will find your work very pleasant. Far Rockaway is very fortunate in having you as its spiritual leader.

I should love to come to you for a lecture. I have only the following three dates open:

Tuesday, October 22d which is probably too early a date for you.

Wednesday, Dec. 4th.

Tuesday, February 25th, 1930.

If any one of these dates is convenient for you please let me know and I shall make an effort to come. My customary honorarium is \$250. Is that within your means?

With kindest regards and best holiday greetings, I am

Thank you for your letter of recent date and your expressions of good wishes to me in my new post.

I am very happy that you will find it possible to be with us in the near future. I believe that Wednesday, December 4, would best suit our purpose. May I then receive from you at your earliest convenience your final confirmation of this date and a suggested list of topics. .

I am arranging a Forum for the Jamaica Jewish Centre and I write to ask if you will be available for one of its meetings. Meetings are held on Monday evenings and I would be pleased to learn of any free Monday evening which you may have in February or March or any other time when you will be in the vicinity of New York City.

Will you also be good enough to let me know what honorarium you would ask if arrangements could be made.

Dear Dr. Silver :

I have just received a memorandum from the president of our organization to the effect that the maximum our budget will permit for an individual lecture for our Forum is \$150. I realize that this is not adequate for a speaker of your caliber and hesitate to suggest your coming for this honorarium.

However, if you should find it necessary to be in New York for another lecture in the course of the coming months and do find it convenient to appear on our program for that fee, I would be pleased if you would let me know and we will arrange the matter to suit your convenience.

Faithfully yours,

HHL AM

443 ATLANTIC AVENUE
BROOKLYN, NEW YORK

Jan. 2, 1930.

Dear Dr. Silver:

I suppose that I have been blessed with such a common face that each time I meet you I must introduce myself as one of your co-members in the old Dr. Herzl Zion Club. Possibly you may remember that I met you near the elevator in the Bauraulac Hotel at Zurich. At any rate, I am sure that you are far less interested in me than in the story which I have to tell.

You have possibly heard of the Jewish Club of New York - the first club which has openly named itself the Jewish Club.

I am enclosing a list of the aims and purposes of the club, so that you can see our platform. I am also enclosing a membership list, so that you may have an idea of the type of men who are associated with us.

The club was originally organized for the purpose of bringing under one roof a cross-section of Jewish thought and opinion. We felt that if it were possible to interest every phase of Jewish life in one common social cause, we might in this way be able to lay the foundation for creating in future years, within the ranks of Jews, a unity which so far has never existed - never existed because the Orthodox and the Reformed Jew, the German and the Russian Jew, the Communist and the Capitalist have never found a common ground where they could air their points of view. And so, because the only contact between the various groups was hearsay, there never came to pass the opportunity for a complete understanding.

We have every type of Jew in our club today. We are one year old. We hope, that by the time we are five or ten years old, we will have more leaders than we have now. Yet, we are possibly making a start which has never been made before.

443 ATLANTIC AVENUE
BROOKLYN, NEW YORK

-2-

1/2/30

I think that with your background and your contact with the Jewish people, you have a message to give our members which would be invaluable, if we could only have from you a talk on how you think the Jews could be unified. It would be such a wonderful opportunity to guide us in our future work.

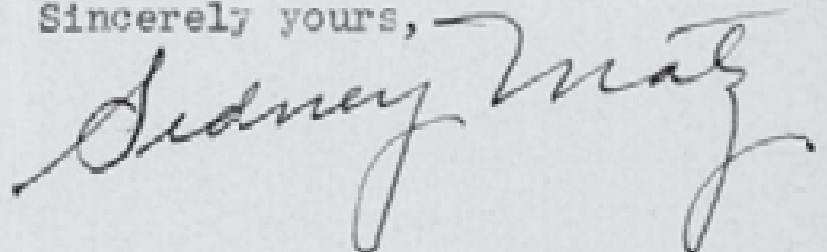

Can you arrange, when you are in New York, to devote one evening to us? Our monthly membership meetings are scheduled as follows:

March	4
April	1
May	6
June	3

If you are in New York on any one of these evenings, and you can spare some time to talk to us, it would be so very nice. If you find it impossible to come on any of these evenings, and should feel inclined to talk to us on some other evening which you might have open, we should like to have the opportunity of calling our members together to hear you then.

May I look forward to a reply from you at your early convenience?

Sincerely yours,

Sidney Matz

Would it be possible for you to come Friday night February 21st rather than at the time settled on in March? If so it would be very helpful. If you cannot conveniently change the date will you let me know promptly?

We are looking forward with great eagerness to seeing you.

My dear Rabbi Silver:

I am delighted at your most courteous acceptance of our earnest invitation to you to be the Guest Speaker at the Hadassah Luncheon, on Tuesday, February 18th, at the Hotel Roosevelt, at 12:30 o'clock.

The occasion, at which we are happy to have your always inspiring and stimulating message, will indeed be an outstanding one. It will mark the initial occasion of the fullest cooperation between Zionist and non-Zionist, and a happy fulfillment of the pledges taken at Zurich last summer. Mrs. Felix M. Warburg, Chairman of our Patroness Committee, is giving of herself unstintingly in personal effort in her usual generous way, to call forth real service from the non-Zionist women. And for Hadassah, need I say that now as always, the Hadassah women are living up to the highest standards that Hadassah has set for itself. Every woman present at the Luncheon will represent a donation of \$50 or more to Palestine. Though to many that means a direct contribution, there will be hundreds of women present who will have earned, thru personal labor, the money which will go to the support of our great health work in Palestine.

We expect you to be the speaker of the day. Mr. Felix M. Warburg will bring the greetings of the Jewish Agency to Hadassah. The Rev. Dr. John Haynes Holmes expects to be present at the Luncheon altho he does not expect, at this moment, to speak. It will be my pleasant privilege to preside at the Luncheon.

On behalf of my associates and of myself, I most heartily thank you again for your courtesy and your cooperation. We are looking forward to your stirring words.

Dear Rabbi Silver:

We are looking forward with pleasure to your presence in our midst on the 18th of February. We shall send you a copy of the complete program in a few days. In the meantime let me say that we hope you will be with us from the very beginning of the luncheon which is scheduled for 12:30 O'clock. We shall assemble at that hour and luncheon will be served at One O'clock.

We should appreciate receiving from you the subject of your address so that we might announce it previously.

I can say unhesitatingly that this will be the outstanding event in Hadassah's history in the City of New York. Never before has there been such whole-hearted cooperation of women of all shades of opinion rallying to the cause of Zion Rebuilt. I am thankful that that occasion so important to us will be rendered significant both to us old Zionist workers and also the new forces that have come to share our responsibilities.

With Hadassah's sincere gratitude for your ready response and cooperation believe me,

My dear Rabbi Silver:-

If you could have looked into the hearts of the listeners at the Hadassah Luncheon on Tuesday afternoon, I would not need to seek words adequately to express our gratitude to you for coming to us and bringing us so stirring and significant a message. Few of us were ever so deeply moved; to all of us it was not listening to an address, it was a spiritual experience not to be forgotten. I want you to know that there were many non-Zionists present, some even who attended a Jewish gathering for the first time, and your words were a fine revelation of our whole movement to them.

I hope therein will be the reward for the real sacrifice that your coming to us must have meant for so busy a man as you are.

May I trouble you to let us know what expense the trip has been to you.

With Hadassah's very profound appreciation,

Dear Dr. Silver:

This letter is a sort of follow-up on our conversation at the Hadassah Luncheon last Tuesday. If you recall I asked whether you would honor Ivriah by being one of the speakers at our Luncheon to take place on April 28th., at the Hotel Biltmore.

We feel that there is no one who could imbue and instil the Jewish mother with the importance of Jewish education as you can, and we are earnestly hoping that it will be possible for you to be with us on that date.

Awaiting your kind advices, and anticipating the pleasure of having you as our honored guest, I am

Yours sincerely,

My dear Mrs. de Sola Pool:-

Just before I left the meeting on Tuesday you asked me what my traveling expenses were. They amounted to \$50.

I enjoyed your meeting in New York a great deal. It was truly inspiring to see so many fine women banded together for such a magnificent service and from all sides I heard that you were not among the least who were responsible for that fine achievement.

With kindest regards to you and Dr. de Sola Pool, permit me to remain

My dear Mr. Mats:-

Please pardon the long delay in answering your kind letters. I have been out of the city so much of the time and the new arrival in our family, Raphael David Silver, has kept me so occupied that I simply have not had the time to attend to my correspondence properly.

I was very much interested in the account of the formation of the Jewish Club and in reading of its aims and purposes.

I should very much like to come to you but you realize that there are so many calls on my time that I must limit my lectures to occasions of special significance, conferences, conventions, campaigns, etc. I find it more and more difficult to spend the time in just addressing organizations who happen to have periodically scheduled meetings. Some day when there is a real occasion and you need me, I shall be very happy to be of service to you.

My dear Dr. Silver:

We are writing because we have just learned that you plan to be in New York City on March 21st, and are hoping that you will find it possible to reach here by one o'clock on March 19th, in order to attend a very important meeting we are holding. A group which has been studying the possibilities of circulating peace ideas by means of posters has held some preliminary meetings. These were attended by a number of people in the peace movement and individuals interested in publicity and advertising, including Dr. Sidney Gulick, Philip Nash, Dr. Alvin Goddard, and Charles Stelzle. We are now calling a conference to discuss the formation of a World Court Poster Committee, and it is this meeting which we are most anxious to have you attend. We wish to present our findings, consisting of definite figures, for your consideration, and to secure your advice and assistance regarding several tentative plans.

The conference will be held at one o'clock at the Women's City Club, Wednesday, March 19th. We trust that you can arrange to be present in spite of the short notice, as we should appreciate your counsel greatly.

Very cordially yours,

My dear Doctor:

First, let me express to you as President of the Central Synagogue Brotherhood our gratification and great pleasure of having had you with us at our services on Friday evening, March 21st, and to assure you that not alone did we enjoy your instructive and illuminating lecture but the splendid manner and the great delight that it caused to the large audience assembled in the Synagogue on that evening.

It was the unanimous opinion of those who attended that it was an evening well spent midst spiritual surroundings and no small part of the delightful evening was due to the fact that you were the guest speaker of the evening.

We want to show our appreciation of your services by giving some visible evidence of that fact to you and are therefore enclosing herewith a check to your order in the sum of \$200.00 which we ask you to be kind enough to accept and with it goes our sincere thanks and a sincere desire of thankfulness for having been with us on that evening.

With every good wish for your continued success which you so richly deserve, we beg to remain with kindest regards

Dear Rabbi Silver:

The Palestine Lighthouse has the honor of inviting you to attend its luncheon, May 1 at Hotel Astor, and to be the speaker of the afternoon. An attendance of about 1500 persons is expected, so we hope for your acceptance.

This organization has as its purpose the support of work for the blind in Palestine. The enclosed booklet will give you some conception of what is being carried forward in the only Home - school - Workshop for the Jewish blind in the East.

We have heard you will be in New York City about that time, so for the sake of the blind, we are hoping you will endeavor to squeeze this one more gracious act into your busy life. The impelling words, Palestine and blind, will make their appeal to you more sympathetically than anything I can add, except the institute needs everything: a new building, membership, popular support. We have been given land in Palestine, and some funds to start the building. On May 1, a more intensive effort is to be launched to put the institute on a secure foundation. It will be an important day for the blind of Palestine.

They need your friendship, can you do this for them? Come to Hotel Astor, for a little while, anytime between two and four o'clock, May 1. It would mean so much to all of us.

Sincerely yours,

Rabbi Abba Hillel Silver
The Temple
East 105th Street at Ansel Rd.
Cleveland, Ohio

Dear Rabbi Silver:

Quite sometime back, as I understand it, you did some lecturing under the Alber Bureau but this has not been for quite sometime and I wonder if you would not be interested in having us undertake the arrangement of your lectures for the next year or so. The name of our bureau and the work we do is undoubtedly sufficiently well known to you so that we will not have to go into details on this subject.

We have in mind the type of agreement which will permit you to limit the number of lectures you will give and the time in which you can give them. In other words, we can work out a tour for you or individual lectures, if you could not do any travelling, in territory satisfactory to you.

For example, we could book you in the Ohio region and in other states not too far distant from Cleveland. We could also arrange short trips for you into the South, East, Middle West, and into most any part of the country into which you wish to go.

If a lecture bureau is any advantage to you, it is in the fact that as a Rabbi you could hardly obtain for yourself the fees which you ought to secure, and also we would be in a better position to arrange engagements in proper geographical sequence.

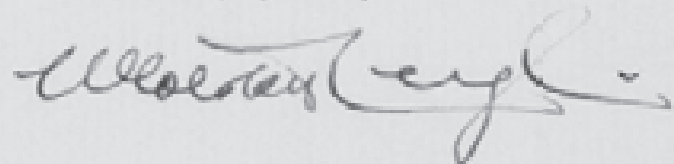

You may say that no lecture bureau could get more money than you could for yourself. Sometimes this is true and sometimes it is not, but whereas you could not always ask the fees which an organization could pay, we would very definitely be able to do this, and we could also attend to all your publicity, etc.

If you are at all interested in such a suggestion, may I say that I would like very much to write you more in detail. We hope you will be and that we can have a working agreement with you for the next two or three years, which will be both beneficial and profitable.

As you are perhaps aware, we control over half the bookings with Jewish organizations throughout the country. It is not entirely with Jewish organizations, however, that we wish to book you. Our feeling is that we can arrange for just as many engagements with colleges, universities, and big clubs as well as with the various Community Centers, Brotherhoods, etc.

I hope that I may hear from you soon regarding this and with sincerest good wishes, believe me

Sincerely yours,

Rabbi Abba Hillel Silver,

Dear Rabbi Silver:

We have received repeated inquiries from our southern organizations in regard to your availability for several lecture engagements in the fall. The southern organizations, not having the usual communal facilities locally, must depend on stimulation and assistance from personalities nationally known, who are invited to appear from time to time on their forum platforms. Both Mr. Pinsker, of the Savannah Jewish Educational Alliance, and Mr. Shapiro, of the Chattanooga YMHA, have expressed to me personally the value of bringing you before their groups.

We would appreciate hearing from you whether or not it will be at all possible for you to consider their invitations. Although January or February is most desirable for them, I am sure that they will consider your convenience in the matter of time schedule. We shall be pleased to arrange consecutive dates, so that no time will be lost in making the trip to the south.

I am Anticipating your favorable reply,

Sincerely yours,

We have received repeated inquiries from our southern organizations in regard to your availability for several lecture engagements in the fall. The southern organizations, not having the usual communal facilities locally, must depend on stimulation and assistance from personalities nationally known, who are invited to appear from time to time on their forum platforms. Both Mr. Pinsker, of the Savannah Jewish Educational Alliance, and Mr. Shapiro, of the Chattanooga YMHA, have expressed to us personally the value of bringing you before their groups.

We would appreciate hearing from you whether or not it will be at all possible for you to consider their invitations. Although January or February is most desirable for them, I am sure that they will consider your convenience in the matter of time schedule. We shall be pleased to arrange consecutive dates, so that no time will be lost in making the trip to the south.

Anticipating your favorable reply,
I am

Sincerely yours,

My dear Mr. Leigh:-

Permit me to thank you for your kind letter of June 28th in which you ask whether you can take over the arrangement of my lectures for the coming year.

I am interested in your offer but I should like to have some time to think about it. I should probably not want to make any arrangements for the coming season in as much as most of my spare time is already given over to lecture engagements.

I should like to hear from you a bit more in detail about your suggestion.

With kindest regards, permit me to remain

My dear Miss Weisman:-

Please pardon the delay in answering your letter, I have been away from the city most of the time.

I appreciate very much the fact that some of your organizations in the South desire my presence at their forums and meetings. I should very much love to be with them. Unfortunately I can not, at the present writing, say that I can come.

I have already booked a considerable number of lectures for the coming season and apart from those I am obligated to give much of my time to the meetings of the Allied Jewish Campaign whose dates are of course, in many instances uncertain. There is also a slight possibility of my going abroad for a month during the winter season.

Should I find, however, that I can spare a week or ten days from my winter program for a trip down South, I shall be very happy to communicate with you.

With kindest regards, permit me to remain

My dear Dr. Silver:

I want to take this opportunity of extending my very best wishes for a Happy New Year. May the splendid work you are doing in your community be as fruitful of good results during the ensuing year, as it has always been in the past.

If you will recall, last year I had the pleasure of meeting you at the Hadassah Luncheon in New York and at that time asked whether it would not be possible for you to address our luncheon in April. Circumstances, over which you had no control, prevented you from coming, much to our keen disappointment. This year, we made up our minds that we would ask you sufficiently in advance as our membership is all so anxious to have you address them.

In the Spring of 1931, Ivriah is celebrating its fifth anniversary and this event will be marked by a large luncheon. We will plan our date for this affair "around you" so to speak. As far as you can tell at this writing, would March 30th, Monday, be satisfactory for you? If by any chance, this time has already been taken, I am wondering whether you would let us know the first Monday thereafter in April, which would suit your convenience. It is needless to say that your transportation expenses would be met by Ivriah.

A talk by you would do so much to inspire our workers to accomplish even bigger and better programs in the field of Jewish education.

Anticipating an early reply in which you will tell us that you are coming, I am

I shall be very grateful for your courtesy and cooperation.

Dear Rabbi Silver:

Several weeks ago I read an article of yours on The Place of Religion in Modern Life, which was published in the New Year's issue of some Pittsburgh Anglo-Jewish publication - I believe it was The Crierian. Unfortunately my copy of the Journal disappeared, and I have not been able to lay my hands on it and locate the article, so that I might be able to be more accurate in my reference to it.

I want to convey to you, if I can, something of the exaltation of spirit which I experienced as I read the lines of your contribution. I had the feeling that you were effectively grappling with the fundamental problems of our youth. I found myself wishing that every earnest young man and woman who is seeking for light on this perplexing question could be directed to the article. I wish it could be printed by the thousands and distributed among our college youth. I wish also that it were possible for you to go about from campus to campus delivering your message to them in person - the message to return to basic values. I know that it would be of tremendous help to them.

Since the above is probably impossible, I want to convey to you my own appreciation, and ask that if you have reprints of the article, to send me as many as you can spare, because I should like to bring it to the attention of our own students.

With best wishes and personal regards, I am

Rabbi Abba Hillel Silver

My dear Rabbi Silver:

I was extremely sorry to have received your telegram that it was impossible for you to accept our invitation for January 26th. It was not entirely unexpected, however, as I thought that you would be extremely reluctant to leave Cleveland on a Sunday. I was wondering, however, whether you could let me know just about what time you make some trips to the city. The community here is extremely anxious to hear you again and I am submitting herewith a list of Monday nights that are open on our Forum Program, viz, January 19th, February 2nd and 23rd. Could you fit in one of these dates in your program? If that is possible I need not tell you that the community would appreciate it immensely.

With kindest personal regards to Mrs. Silver and yourself, I remain,

Very faithfully yours,

Rabbi

My dear Miller:-

Please pardon the delay in answering your kind letter of December 2d. I have been out of the city a good deal of the time and my correspondence has lagged.

I looked through my date book very carefully trying to find an opening for your forum. Unfortunately I find that both the months of January and February are booked up to the hilt and I can not in justice to myself accept any more.

You probably know that I am very busy with the Allied Jewish Campaign and with Zionist work at this time.

Should my duties call me East in the month of February, I shall communicate with you.

My dear Rabbi Silver:

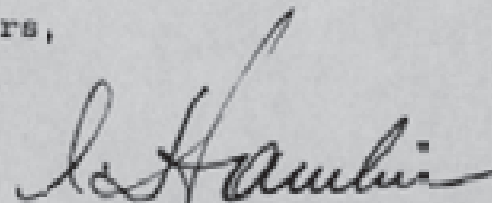

As we are aware of your sympathy and interest in the Histadruth Haovdim of Palestine we feel confident that you appreciate its value as an important factor in the upbuilding of our National Homeland and that you will give us your valuable cooperation whenever it will be possible.

I wish to approach you now on behalf of our friends in Detroit who are giving a reception in honor of David Ben Gurion, on Thursday evening, December 25th at the Fort Peet Hotel. They are very anxious to have you as one of the main speakers on this occasion and they are certain that this will help them tremendously in carrying through a successful campaign this winter for the Jewish Workers in Palestine.

I can assure you, dear Rabbi, that our friends in Detroit as well as our National Committee would greatly appreciate it if you would accept the invitation. Your appeal in Detroit would also stimulate our activity in the entire section and throughout the country.

Thanking you in advance and anticipating your favorable reply, I remain

My dear Rabbi Silver,

Avukah is attempting to organize the chapter so-long needed in Columbia University. We have planned a mass-meeting for Wednesday evening, January 14, 1931, and earnestly solicit your presence as the speaker of the evening. We know that you can inspire your audience with the enthusiasm and sympathy for our work, which you yourself have shown so consistently. Will you kindly let us know as soon as possible whether you will be able to lend us your aid on that evening, so that adequate arrangements may be made?

PRESIDENT'S ROOM

February 6, 1931.

Rabbi Abba Hillel Silver,
The Temple,
Cleveland, Ohio.

My dear Rabbi Silver:

At the suggestion of several Jewish and Christian leaders I am calling a meeting at the Seminary on Tuesday afternoon, April 14th, at four o'clock for the purpose of holding a discussion as to the common task which we face in presenting religion in the face of current secularism.

We are inviting a group of approximately forty, representative both of Jewish rabbis and Christian ministers. We are asking Rabbi Freehof and Dr. Fosdick to open our discussion with brief papers and then it is hoped that the time will be consumed in perfectly frank interchange of thought and experience. It is planned to have dinner together in the Refectory and to continue the discussion through the evening.

I trust that we may have your presence with us on this occasion. Here is a great and urgent task which is a common responsibility and it seems to afford a most happy opportunity for comradeship in seeking to aid one another in discharging the duty most effectively.

Sincerely yours,

Dear Dr. Silver:

As the time is approaching for our Luncheon on March 18th., I thought possibly you would like to know something of our organization, although I feel sure that Mr. Bernard "emel on his visit to your city, must have spoken to you of Ivriah.

We have 18 branches in Greater New York, with a membership of 3000 young American Jewish women, all interested in increasing the registration in the religious schools. There are also study groups and Hebrew Classes for the mothers connected with several of the districts. Very fine cultural programs are given at least once a month, at which time we discuss the contributions that the Jew has made in the realms of literature, art and music.

Last Spring we started a Hebrew Kindergarten Fund of \$100,000 to commemorate our Fifth Anniversary, which takes place this year. Ivriah has always been a non-fund raising organization and this is our first venture along these lines. After we have completed our quota, we shall again resume our old policy. These kindergartens will be maintained in connection with schools already in existence, in districts where they are found to be necessary.

I am taking the liberty of enclosing herewith some of our literature in which I think you may be interested.

We have been oversubscribed for our Luncheon, and I know that your being with us on that date is in no small measure responsible for this.

Anticipating the pleasure of having you with us on the 18th., and with cordial greetings, I am

February 27, 1931

My dear Rabbi Silver:

Let me tell you again how delighted I was to have the pleasure of meeting you, and how much I enjoyed your address last night.

I am enclosing one of the Freeman pamphlets. My attention has been called to the fact that the current Christian Century has an article by Dean Freeman on the same subject.

Perhaps you would be interested in knowing that President Coffman of the University, during an interview we had with him, informed us that he has filed the plan with the War Department and has "induced" the War Department to detail a committee of officers to study it with a committee of our faculty. Such a committee is now at work. At present we are preparing for a hearing with the Board of Regents, with whom rests the power of making policies. We are a small group just getting under way, faced by a tremendous educational job. We realize that this is a serious matter since it means a deep penetration of the military in a civil educational institution. Moreover, if the plan is put into operation here it undoubtedly will be taken up by other land-grant colleges.

I hope you will be able to give it consideration. I need not tell you that we would value your advice.

Sincerely yours,

My dear Dr. Silver:

There are times when mere words are inadequate to express one's appreciation, and this is the situation I find myself in, when writing to you to thank you for your service to Ivriah.

I feel very badly that I did not have a stenographer take down your message, and I hope you will not think me presumptuous if I ask you for a copy of it. It will be of invaluable help to us in our work.

Will you be good enough to send us a bill for your expenditures while here.

Again, on behalf of Ivriah, permit me to thank you most heartily for your graciousness in accepting our invitation.

Sincerely,

(Mrs) Helen Hamburger.

Young Judaea counts you among its early and steadfast sponsors. The last occasion when you came to speak to a Young Judaea function was a memorable one.

We are now in the midst of arrangements for the National Convention to be held June 25th - 28th, at Long Branch, N.J.

It is reported that you are going to spend a part of the summer up near these regions. Could we be fortunate enough to have the pleasure and privilege of a talk to the Young Judaeans either on Friday evening or at the special dinner to be tendered Sunday evening to the Board of Trustees.

I sincerely trust that you may find it possible to do so.

Dear Abe:

The Columbia Broadcasting Company has arranged a series of Sunday religious hours with a national hookup and has invited a number of Rabbis to present a service and sermon under the following conditions:

First: That the broadcast in each instance will be from the studio of the Columbia Broadcasting System in the city in which each one is located.

Second: It is necessary to calculate the time with great precision because of preceding and following programs.

Third: That a fifteen minute sermon and fifteen minutes of music and ritual, or whatever comprises an ordinary religious service of each clergyman, is the general scheme.

Fourth: That we shall welcome the appearance of a good Cantor for the Jewish service. Columbia is equipped to provide the necessary musical setting according to the desires indicated by the presiding clergyman.

Those who have been asked to preach are yourself, Rabbi Stephen S. Wise, Rabbi Solomon Freehof, Rabbi William Rosenau, Rabbi Harry Levi, Rabbi William Fineshriber, and Rabbi Samuel Goldenson.

Please let me know whether it will be agreeable to you to preach on Sunday, September 27th, at 10:00 A.M. It is important that the Columbia Broadcasting System be informed promptly of your willingness to cooperate. I shall appreciate a prompt response.

Sincerely yours,

Jonah

If you plan to be in New York this coming winter, I wonder whether you would not give us a talk at our Friday Evening Services at the YMHA during your visit. I am writing this far in advance to preclude the possibility of other engagements interfering, should it be at all possible for you to come.

There is and has been, both among the Board and the membership, a good deal of expectation with regard to the possibility of such a visit from yourself.

Please accept my best wishes for the New Year.

Rabbi A. H. Silver,

Dear Rabbi Silver:

The Committee on Mobilization of Relief Resources of the President's Organization on Unemployment Relief, has requested the Association of Community Chests and Councils to organize a speakers bureau in connection with the welfare and relief campaigns which will be held throughout the country this fall. Many cities have indicated the need of outside stimulus and encouragement, if they are to secure adequate funds for the needs of the coming winter.

Specifically, these cities asked for a speaker of national repute to address one or more of their campaign meetings. In no way would the national backing of local community efforts be made more real and effective than by the furnishing of such speakers. May I ask whether you would fill one or more engagements of this character, and what your preferences would be as to dates and locations? Of course, the incidental expenses of such service will be met by the cities visited.

May I not ask that you do your utmost to make your services available in this national undertaking? Let me assure you that the President's Organization and our Association will heartily appreciate the valuable contribution you would thus render.

Asking for an early reply, I am,

Yours very truly,

Allen T. Burns

My dear Mr. Burns:-

Permit me to thank you for your kind
letter of Sept. 29th.

As you probably know I have for years opened
community chest meetings in some of the larger centers of
the country. I hope to be able to do so again but I can
not at the present writing indicate to you just when or
where I can go. If you will communicate to me the request
of the specific locality for my services and the date
suggested, I will be in a position to tell you whether I
can go or not. A number of cities in the middle West have
already approached me with reference to the opening of
their community chest drives.

With best wishes, permit me to remain

My dear Rabbi Rosenthal:-

Please pardon the delay in answering your letter but the holiday season has been a very busy one for me and my correspondence has lagged.

I appreciate very much your kind invitation to address a Friday evening service of the Y. M. H. A. It is, however, not likely that I will be in a position to avail myself of your kind invitation in as much as I seldom remain over the week end in any city. My congregational duties require my presence in Cleveland over the week end.

Trusting that I may be of service to you at some future time and with kindest regards, permit me to remain

Besides, I was especially anxious to see you to invite you to be the principal and only speaker at the Dinner Celebration of the Jewish Education Association's Tenth Anniversary which is scheduled for Sunday evening, December 13th, at the Biltmore Hotel.

My associates on the Board, as well as myself, will consider it a great honor if you will accept this invitation. I know of your interest in the vital problem of Jewish education, and therefore feel confident that your message regarding the subject on this unusual occasion will be heralded throughout the length and breadth of the land, and will stimulate the interest and aid of our community.

Dear Rabbi Silver:

In discussing the program for the Reuben Brainin Jubilee in New York on April 2nd, the committee in charge of arrangements was unanimously of the opinion that it would be the finest gesture of tribute to Brainin if you could arrange to be here that evening and deliver the principal address.

As the outstanding exponent in the American rabbinate of the spirit of Hebrew literature, you would help to give to the occasion the character that it needs and deserves.

I fully realize that it must be difficult for you to leave your pulpit, but we are making this request because of the extraordinary character of the situation. We believe that Reuben Brainin should have from American Jewry an expression of appreciation that would be adequate and dignified.

It would be very gratifying if you would accept this invitation.

My dear Mrs. Jacoby:-

Permit me to thank you for your kind letter of June 2d and for the invitation which you extend to me to address the Federation of Jewish Women's Organizations next season.

I shall be out of the country the whole of next year, having been granted a sabbatical year by my congregation and I am therefore in no position to comply with your kind request.

My dear Rabbi Silver:

Mr. Baker, our Chairman, has requested me to write you as one who was not able to attend the meeting of the National Citizens Committee in Washington on September 15th.

The continuing participation of all private enterprise in the nation's service of relief and social welfare is imperative if the undeniable needs of our people are to be met.

The Government's measures bring a greatly needed support to all the normal and emergency provision made by all other public and private interests but fail utterly to take their place or allow for any lessening of goals or effort.

The many voluntary campaign organizations in local communities face this Fall unprecedented difficulties, and need as never before the spiritual stimulation and encouragement which is best supplied through the spoken advocacy of this great cause.

We have many requests for speakers who understand the problems and needs and especially for those who see the importance of not only preventing undue hardship in the field of life's basic physical necessities but understand as well the need of maintaining at fullest possible strength those services which strengthen character, build morale and contribute immeasurably to the spiritual and physical health of the nation.

May we have your assent to deliver at least one message outside of your own community in the next sixty days. The important speeches of President Hoover, Newton D. Baker, Atlee Pomerene, Walter S. Gifford, C. M. Bookman and Louis E. Kirstein, delivered at the Washington Conference, we believe, present the case in the strongest and clearest terms yet employed. They are being sent you under separate cover. This material will be used as helpful text material by our speakers' division. May we ask for your acceptance by return of the enclosed card?

Dear Rabbi:

On all sides I hear glowing reports of your great performance at the Hotel Astor in New York last Sunday night, and I only regret that I could not have been there.

I did not know it would come over the radio or I would have listened in. I did go to the Hotel Allerton to hear Nathan Strauss of New York, who had quite a large audience and acquitted himself very creditably.

A letter from an intimate friend, Mr. Monroe Flegenheimer, received today, says among other things:

"My wife and I had the pleasure of listening to your Rabbi Silver make a great oration at the Hotel Astor last Sunday night, at a dinner given to the Honorable Samuel Untermyer. Your Congregation and Cleveland can well be proud to have such a man".

I expect to leave for the East on Friday, to be gone a week or so. As I shall not be here on New Year's, I take this occasion to wish you, Virginia and all of the family "Lashono tovo tekosev".

Sincerely yours,

Mr. Solomon Cohen,
11 West 43rd St.,
New York, N.Y.

My dear Sol:

Upon my return to Cleveland, I learned that we will still have services at The Temple on May 27th -- and a very important service arranged under the auspices of the Jewish War Veterans of Cleveland. I must, of course, attend the service. It seems therefore that it will not be possible for me to come until the following Sunday, June 3rd. If that is not too late for your function, I shall reserve it for you.

With all good wishes, I remain.

Dear Rabbi:

I heard your very excellent address at the non-sectarian Anti-Nazi tribute dinner at the Aldine Club a few days ago. You remember that I spoke with you regarding an address which we would like you to deliver before Young America on any Saturday or Sunday when you will be in New York. You will notice from the enclosed folder that Colonel Mendelsohn, Post Commander of the Jewish War Veterans, likewise Louis Lipsky and Estelle Sternberger have spoken before our organization.

We would be very happy indeed if you would accept our invitation to speak along the same line that you did at the William Green dinner.

We are doing all we can in New York City to mobilize the youthful forces against Hitlerism and we would consider it a great contribution if you would assist us on some occasion when you are in New York.

Sincerely,

Ellis Chadbourne

OUR PRINCIPLES

Young America Institute is a Non-Partisan, Non-Sectarian, Co-Educational Youth Movement, teaching the principles of the New Social Order.

By the NEW SOCIAL ORDER, we mean the substitution of constructive co-operation for destructive competition . . . Machinery, which is threatening us with universal destruction, should, in effect, be our slave and create universal abundance. Moreover, because of this economic condition, war today is more likely than peace . . . and Youth is at the crossroads!

But already young minds are hearing of government-controlled railroads, the increasing supervision of governments over banking, credit, foreign trade and industry generally . . . the regulation of public utilities, water-power fuels, mineral and forest reserves . . . the almost confiscatory taxes on high incomes and inheritances . . . the spread of social insurance against unemployment and accident, the expanding role of the State in caring for children, young people and women, the sick and the aged . . . the clearing up of slums, and the building of proper houses for the poor . . . the improvement of methods and facilities of education before and after entering the industrial world . . . humane and welfare legislation, more uniform laws throughout the States, better labor laws and better labor-law-enforcement . . . the end of municipal corruption, gangdom and professional racketeering . . . collective bargaining, boards of industrial arbitration, and cooperatives among the farmers and city folk.

Rabbi Abba Hillel Silver

My dear Rabbi Silver,

It seems to us a very, very long time indeed since you have addressed the New York Chapter of Hadassah. There is a perfect clamor for your presence, which I hope you will cooperate with us in satisfying. Our Annual Donor Luncheon will be held this year on March twentieth at the Waldorf Astoria, and we should like at this time to extend to you our heartfelt invitation to be our Guest of Honor and chief speaker of the occasion. The subject - I would leave that to you, suggesting only that you tie up the hope in Palestine with the chaos and turmoil of Jewish life today.

We hope, with all our hearts that we may count upon your presence. I need not tell you how importance this function is in the progress of Hadassah, and how through it we make real our Zionist profestations.

With cordial greetings to Mrs. Silver
and you, I am

Gratefully and faithfully yours,

I wish I were free to accept your kind invitation to address your Young America Institute. Furthermore, I have been so hard-pressed with work that I have been reducing my lecture engagements to an absolute minimum.

Dear Abba:

I was too overwhelmed with emotion Sunday when I spoke to you to express how happy you made me when you accepted to come to the testimonial dinner in my honor.

Last night the Committee met and I am advised that they set tentatively the dates of May 13th or 27th for the dinner, with leaving it to you whichever date will suit you best. They were advised that there is hardly any possibility of your coming on the 13th, only a week before Confirmation.

I suppose that to-day or tomorrow the Committee will communicate with you, and upon receipt of confirmation from you will be able to proceed at once with arrangements for the affair, which owing to your presence, will no doubt result in a very substantial sum being raised for the United Jewish Appeal sponsored by the A. P. C. and the Joint.

Looking forward to see you on May 27th, and with kindest regards to Virginia and the children in which Anna joins me, I am,

As ever yours

My dear Rabbi Silver:

The Richmond Hill Jewish Community is arranging a Testimonial Dinner in honor of Mr. Sol Cohen, in recognition of his service to the cause in Palestine and Jewish Communal Endeavor, for a period of thirty years.

I am advised by Mr. Benjamin Friedman, Secretary of the Testimonial Committee, of which I have the honor to be Chairman, that a close tie of friendship has existed between you and Mr. Cohen since boyhood days and I know it would afford Mr. Cohen great joy were you to be the Guest Speaker on this occasion.

It is needless to say that the Community at large will deem it an honor and a privilege to have you in its midst and be able to listen to your inspiring words.

I wish to add that the Dinner will mark the opening in our Community of the Campaign for the United Jewish Appeal sponsored by the Joint Distribution Committee and the American Palestine Campaign.

We are contemplating holding the Dinner on Sunday evening, May 13th or May 27th, depending on your convenience.

We realize it is a sacrifice for you to make the trip and we take the liberty of urging you to come here, both for the sake of Mr. Cohen as well as for the cause which this function will serve.

Hoping to receive your favorable reply, I am

Respectfully yours,

Israel Silberman,
Chairman - Sol Cohen Testimonial

My dear Mr. Silberman:

Let me acknowledge receipt of your kind letter of March 27th. I was very happy to learn that the Richmond Hill Jewish Community is arranging a Testimonial Dinner in honor of my friend, Sol Cohen. I am sure that the Testimonial is well deserved.

I should very much like to come to the Dinner but I am afraid that it will not be possible for me to get away on the dates indicated in your letter. I could come on Sunday evening, June 3rd. I would have to make special arrangements to get away on that day but I would be pleased to do it in order to be present at your meeting.

Dear Rabbi Silver:

Writing as the Secretary of the Sol Cohen Dinner Committee, I take this opportunity to introduce myself as an old Herzlite, who joined the group shortly after its formation. The last time we met, save at subsequent occasional reunions of the Herzl Club, was at the gathering at the home of Rabbi Abrams, which, you may recall, took place before he left for Cincinnati. No doubt, you no longer remember me after the lapse of so many years, though, perhaps you might recall me in contra-distinction to my namesake, who lived on Hudson Street, while I hailed from Rivington Street.

Unbeknown to you, I have listened to you many a time at various public gatherings, and I am therefore delighted that I shall now have the opportunity to see and hear you more intimately in my hometown. I am particularly delighted that the occasion of your visit will be in honor of a Herzl Club member, a mutual friend, a loyal and devoted worker for the Zionist Cause and an outstanding member of our community.

May I ask you to kindly send us your latest photograph from which a cut could be made for publicity purposes?

We all look forward to meeting you on June 3rd, which date I am sure will be a memorable one in the annals of this community.

Sincerely yours,

Benjamin M. Friedman
Secretary.

The Forum has been very fortunate in securing Mr. Elston as Guest Chairman, at its weekly meetings. He is the founder, as well as director, of the Conservatory for Progressive Music Education in the Bronx, which is recognized as one of the leading music schools in the country.

Mr. Elston is especially noted for his work with children and as a lecturer and teacher on social and educational topics.

He has been the Chairman of the Music Committee of the Child Study Association of America and Chairman of the National Conference of the Progressive Education Association.

PROGRESSIVE OPEN FORUM

PURPOSE

The Progressive Open Forum will be the first organization to create a center of adult education in the Bronx. Its purpose is to stimulate general interest in those ideas, problems, and events which are increasingly dominating the scene both in this country and throughout the world.

The plan is to hold weekly lectures, debates and symposiums on those questions of the day which clamor for wider interpretation, understanding and purposive thinking. Speakers of established reputations and authorities in various fields will be invited to address these weekly gatherings.

The Forum hopes to reach those men and women in the community who are eager to keep abreast of the vitally interesting developments of modern life and to whom these weekly meetings will be a constructive and worthwhile use of their leisure time.

This work is, therefore, going forward in the firm belief that it will receive the fullest measure of support from members of the community.

PROGRAM

The program of the Progressive Open Forum will include weekly lectures, debates, symposiums, concerts, recitals, plays and incidental dances.

Beginning October 8th, 1930, lectures will be held every Wednesday evening, at 8:30 P. M., at the Schiff Center, 2510 Valentine Avenue, Bronx. The season will end May 27th, 1931.

Distinguished authorities will give individual lectures and courses on art, literature, drama, sociology, philosophy and psychology, as well as on matters of current interest.

"LOVE IN THE MACHINE AGE"

Machinery is not destroying romance and the family, as some people think—on the contrary, machinery is laying the foundation for a more normal family life than has existed in the past. Modern life is founded upon the normal human love pattern which leads through courtship and love-choice, to mating and the family. "We have a chance to be the best lovers the world has ever seen."

As a lecturer Floyd Dell goes deep into the conflicts of modern life, bringing the light of a clear intelligence to play on the present chaos.

There is sure to be a very exciting question period. Your friends will be anxious to hear about this most unusual event.

Wednesday Evening, October 15th

SCOTT NEARING

Economist and Sociologist

"WHERE IS CIVILIZATION GOING?"

Scott Nearing, needs no introduction to the American public. He has been Professor of Social Science and Dean of the College of Arts and Science at the University of Ohio. He is the author of many books dealing with economic and social questions, among them are: The American Empire, The Next Step, Dollar Diplomacy, Educational Frontiers, etc.

He is recognized as one of the foremost progressive educators and sociologists in America.

As there is inevitably an overflow at Scott Nearing's lectures, we advise our members and friends to come early and be assured of seats, as the capacity of the auditorium is limited.

Questions and Discussion

Wednesday Evening, November 5th

SAMUEL D. SCHMALHAUSEN

Educational Psychiatrist

"WHY WE MISBEHAVE"

After a brilliant career as teacher, editor and author, Dr. Schmalhausen is now specializing in the psychiatry of re-education. The thousands of men and women who have attended his lectures on psycho-analysis at the Labor Temple (where Will Durant lectured for years) have been hearty admirers of his brilliance, clarity and practical instruction.

With the publication of his famous book "Why We Misbehave", which leaped into the best seller ranks within two weeks after publication, Dr. Schmalhausen gained a national reputation. His clear-cut and fascinating analysis of sex morals and marriage in the light of the new psychology has drawn the admiration and praise of such well known colleagues as Harry Elmer Barnes, Bertrand Russell, George A. Dorsey, Aldous Huxley, Havelock Ellis and Carl Jung.

Wednesday Evening, November 12th

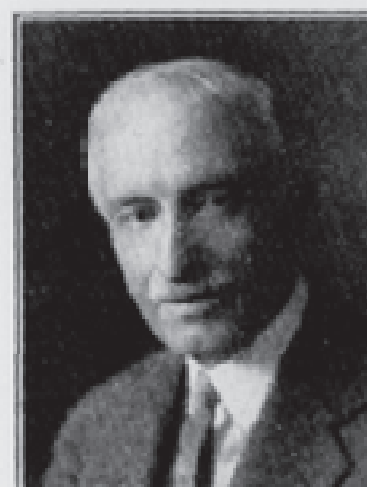

ALVIN JOHNSON

Progressive Educator

"EDUCATION FOR A MODERN WORLD"

Dr. Johnson is well known in the liberal and educational world as the director of the New School for Social Research. He has been editor of the New Republic and university professor in economics and political science for about fifteen years.

In any period of rapid change, like the present, no scheme of education which concentrates all its energies on the young and adolescent can be adequate. It requires as a necessary complement a more or less conscious system of adult education. In simpler times, as the age of Pericles or Renaissance Italy, adult education could proceed in a purely informal, unconscious way. The adult population naturally met in groups and discussed the great events and great ideas of the time. Life has become too complicated for that; but we must master intellectually the events and ideas of the time if we are to have a fair control over our conditions of life.

Wednesday Evening, November 19th

J. P. CHAMBERLAIN

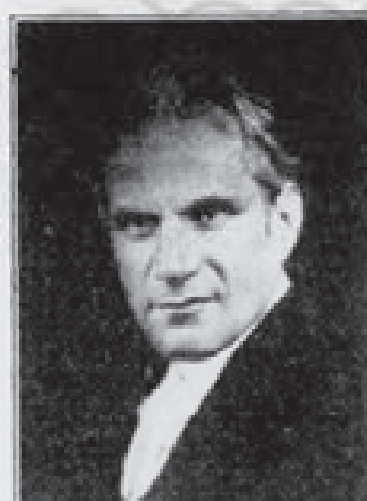

Authority on International Relations

"INTERNATIONAL ECONOMIC PROBLEMS"

Dr. Joseph P. Chamberlain, is Professor of Public Law and director of the Legislative Drafting Research Fund at Columbia University. For nearly twenty years he has been engaged in the study of legislation and has been active in the preparation of bills for congress and legislative committees, which has made it necessary for him to consider the economic basis upon which the government and other social institutions rest, but which is often obscured in the public eye by political considerations.

In international affairs it is equally true that we must have an understanding of the economic as well as the political and social foundations upon which the international society is being erected.

For a better understanding of some of the fundamental problems facing society today, we recommend that you attend this lecture.

Wednesday Evening, November 26th

JACOB PANKEN

Ex-Judge

"TALE OF TWO CITIES"

Judge Panken's family settled in New York in 1895, and from then on his life was a constant and continuous tumult of activity. He studied accountancy, started to study medicine, wound up in law, became judge; wrote short stories, and contributed to various economic publications.

He was candidate for United States Senate and received the largest vote any socialist ever received in New York. He also was candidate for Mayor and Governor of New York.

THE CRISIS OF THE MODERN MIND

Thursday Evenings, at 8:30

1. November 20th. Humanism, European and American Brands.
2. November 27th. The Drama of Revolution in Europe Today.
3. December 4th. Fascism in Literature and its Future.
4. December 11th. Two Philosophers of the Sciences:
Einstein and Meyerson
5. December 18th. The Treason of the Intellectuals
and the Return of God.

For several years now, Pierre Loving, author of many books, translator of foreign works by important European writers, and contributor to the most distinguished magazines both here and abroad, has been recognized as one of the best informed of the younger critics in America today. His lectures and his writings are clear and stimulating, and his numerous contacts with the creators of literature both here and abroad, his friendships, enables him to speak with authority on such men as Arthur Schnitzler, whom Mr. Loving helped to introduce into this country, Thomas Mann, the Nobel-prize winner, Franz Werfel, the Austrian dramatist, Ernst Toller, the author of Mass Mann, Knut Coudenhove-Kalergi, the originator of the plan for the United States of Europe, Count Karolyi, the first President of Hungary, Jacob Wasserman, Gerhard Hauptmann, Emil Ludwig, Andre Maurois, Briand, Clemenceau, Stresemann, Mussolini, Freud, Anatole France, Gide, Julien Green, and among American writers: Dreiser, Sherwood Anderson, Ernest Hemingway, Morley Callaghan, Eugene O'Neill, Edward Arlington Robinson and many others.

Mr. Loving is the editor of a short play anthology entitled One Minute Plays (Brentanos) and co-editor of Fifty-One-Act Plays, which is being used all over the country in colleges as a text book in drama courses. His poetry has appeared in such magazines as The Dial, The Smart Set, The Nation, Poetry, etc. He was, for five years, European literary correspondent of the New York Evening Post. He conducted a dramatic column for The Drama. He has contributed prose to many magazines, and essays on Europe and European writers and political figures for the weekly magazine pages of The New York Evening Post, The Herald Tribune, The New York World, etc. He is the author of The Cat of Heaven, a novel dealing with Paris life in the middle nineties, which has just been brought out in England, and will shortly appear in America.

Mr. Loving in his lectures attempts close-ups of the people who are his subjects, embellishing his theme with anecdotes and idiosyncrasies, so that the literary or political figures are brought directly home to the audience. His entire method is the method of the new biography: sound but dramatic and thrilling.

"Pierre Loving introduced me to the current literary world of Paris."

Ludwig Lewisohn in *Mid-Channel*.

"He is one of the most stimulating and best informed of the younger critics on foreign literature."

Samuel D. Schmalhausen.
