Dear Miss May:

Would you be good enough to send me a good print of a current picture of Dr. Silver, which I want to reproduce for future national release.

May I suggest that you consult with Dr. Silver on the selection of the photograph. It may be advisable to send me two or three different photographs, if you have such available, preferably in an 8 x 10 glossy unretouched shot.

Thank you.

My dear Margaret:

It is with deep sorrow that I have learned of the great sorrow which has come into your life and I wish to send to you a message of sympathy which I am sure will be inadequate, however heartfelt it is. I know that your faith and your sound philosophy of life will help you to meet this grave and unexpected trial which has come to you.

Though you have been away from Cleveland a long time, Virginia and I have often thought of you and Norman, and through your folks we were able to keep a long-distance contact with you. I was always very fond of Norman and followed his career with the keenest interest. He will be greatly missed by his many friends.

Virginia and I saw the folks the other day and they are well. In deepest sympathy and with all good wishes, I remain

My dear Carrie:

It was with deep sorrow that I learned of the passing of Nate, your beloved husband and our dear friend of many years. I know that your sense of loss must be very sharp but I trust that your sound philosophy of life and the memory of many years which you shared in common will sustain you and comfort you.

We, of course, saw much more of Nate when he was in Cleveland but during the years that you have lived on the Coast, we have had contacts from time to time with him and they were always pleasant. He was a man of fine sensitivities, a keen intellect and a capacity for the enjoyment of the worth-while things of life. Personally, we shall treasure his memory as a steadfast friend.

Virginia joins me in sending you this word of sympathy. With warmest regards and all good wishes, I remain

PROMINENT DIPLOMAT AND POLITICIAN DIES

Mr. Jorge García Granados, prominent Guatemalan diplomat, politician and writer, died suddenly of a heart attack last Wednesday, as he arrived at the airport of Santiago, Chile. Mr. García Granados had gone to Chile to represent Guatemala at the meeting of the United Nations Economic Commission for Latin America. He was 61 years old.

Mr. García Granados was one of the leading political and diplomatic figures of Guatemala. He was head of the Guatemalan delegation to the U.N. in 1946, 1947 -- and 1948, and a member of the United Nations commission that helped create the State of Israel. He was held in highest esteem by Israelis, who considered him the leading champion at that time of a homeland for the Jews. Mr. García Granados also served his country in many diplomatic posts, including Ambassador to Washington, Minister to Greece, to Israel and Great Britain. In 1950 he ran for President of the Republic. He wrote several works, including one in 1948 on the birth of the State of Israel entitled "Así Nació Israel", which was translated into several languages.

Lately he had been serving as head of the Service to promote Indian economy (SFEI) and held the post of advisor to the Ministry of Foreign Affairs. The Government ordered a three-day period of national mourning, and his funeral last Sunday morning was attended by thousands, including the President, the Cabinet and the Diplomatic -- Corps.

TRIPARTITE SCHOOL BUILDING PROGRAM PAYING OFF

The "Ydígoras Plan" tripartite school building program is paying off, according to information released last week by the Government. The tripartite program calls for cooperation from the U.S. International Cooperation Administration, the Government and the municipality where the school is built. In the past year, 30 schools have been inaugurated, another 22 are about ready to be inaugurated and 110 more are under construction. The three-year "Ydígoras Plan" calls for construction of 425 schools with a total of 2,225 classrooms, at a cost of \$5,100,000. Experience has shown that the local communities are supplying about 45% of the cost of the schools, rather than the expected 33%.

My dear Mr. President:

I should like to express to you and through you to the people of Guatemala my profound sorrow at the death of your eminent citizen and statesman, Mr. Jorge Garcia Granados.

I had the extreme honor of knowing Mr. Granados when he represented your government at the United Nations and I was head of the American Section of the Jewish Agency which represented world Jewry in behalf of the re-establishment of the State of Israel. Mr. Garcia Granados was among the best informed, most sympathetic and most helpful members of the United Nations in getting the approval of the United Nations for the re-establishment of Israel. World Jewry will never forget its indebtedness to him.

I knew him personally as a friend and admired his character, his integrity and the high idealism which motivated him at all times. He was a great and good man.

Permit me to remain, my dear Mr. President

Very respectfully yours,
