Dear Rabbi Silver:

All of us were so pleased to learn from Samuel Charen, Chairman of our Annual Meeting Committee that you had so graciously consented to address this meeting on October 29th. We are confident that your message will serve as an inspiration to all of us and stimulate our leadership to appraise our continuing broadening role and responsibility as a Jewish community in the total American scene along with our traditional obligations.

Our Program Committee selected as a topic for this annual meeting "The American Jewish Scene - - Our Stake and Responsibility". They would like the thesis developed on the responsibility of American Jewry to become involved and participate as individuals and an organized community in the basic social issues facing our country. Your activities in the Health and Welfare Council of Cleveland and the poverty program certainly brings you close to these problems. At the same time what is our continuing responsibility in the Mid-East, especially in view of recent events?

Now, something about our community: Our Jewish population is 15,000. We have the usual services, namely, a Family Service, a Community Center, a Bureau of Jewish Education, a Community Relations Council and operate a welfare fund. We support the usual group of national agencies, though allocate less than the national average to them except the religious agencies. This community traditionally has been allocating more than the national average to the Seminaries. Locally, our greatest beneficiary is Jewish education; we support all Hebrew schools and all of them are under congregational auspices, except Midrashah which is on a community basis and we have the beginnings of an inter-congregational high school. Our welfare fund raises somewhat less than the median but has been increasing for the last several years at a higher rate than most communities. If there are any other facts about our community which you would like to know, please call or write and I will be glad to supply you with this information.

Now for travel arrangements: I suggest that you leave Cleveland on the 3:30 flight which is due in Philadelphia at 4:32; we will have someone meet you at the airport.

DINNER @ 6:30 PM

Our dinner meeting will be preceded by a reception beginning at 5:30. If you prefer to leave Cleveland later you can make the 5:00 flight which arrives in Philadelphia at 6:02. While this will bring you here in time for dinner, it will be rather close. You have the choice of either returning that night on the 9:40 flight or the following morning at 7:15, 7:20 or 10:20; all flights take one hour and ten minutes. I suggest, if satisfactory to you, that you leave on a morning flight so that there will be no rush. If you decide to stay over, we will make reservations for you at the motel adjacent to our Community Center where the meeting will take place. When you advise me of your choice I will make reservations and send you the flight tickets.

Again, thank you so much for accepting our invitation and we look forward to a stimulating evening.

Sincerely yours,

Bernard Dubin  
Executive Director

Dear Mr. Dubin:

I have made reservations for Rabbi Silver for Sunday, October 29, via United Air Lines flight #362 arriving in Philadelphia at 4:32 p.m. His tickets are being mailed to our office. Rabbi Silver will be returning Monday, October 30, via North West Air Lines, flight #525 leaving Philadelphia at 11:32 a.m.

It will be appreciated if you will arrange for overnight accommodations, as you suggested in your letter, at the motel adjacent to the Community Center.

Should there be any change in flight plans we will advise. Enclosed is a biography for publicity purposes and a glossy photo.

Dear Danny:

I was pleased to learn that you were coming to our community as guest-speaker on October 29th. However, I am extremely disappointed that I won't get a chance to talk with you or hear you. I have a wedding scheduled for that evening, with a commitment for dinner following. Perhaps I'll be able to break away early.

With my best wishes to you and your family for a very happy and healthy New Year,

Sincerely,

Dear Miss Mihok:

Thanks so much for the photograph and biography which we are utilizing and publicizing our annual meeting to be addressed by Rabbi Silver.

We have decided to make a reservation for Rabbi Silver at the Rickshaw Inn, which is on Route 70 a short distance <sup>1/2 mile</sup> from our Center. Upon second thought we felt it would be preferable to the motel adjacent to the Center. We will, of course, take him to the Inn and arrange for his transportation to the airport the next day. Will you please send me a statement indicating the cost of his tickets and any other miscellaneous expenses involved so that we can make the proper refund to him.

Please write me if Rabbi Silver has any questions he may have about the community or the meeting which he may want in preparing his address.

Sincerely yours,

Dear Mr. Dubin:

Thank you for the information re arrangements for Rabbi Silver's overnight stay at the Rickshaw Inn. At this writing I can only suggest that the plane fare to Philadelphia is \$61.01, however, this does not include his out-of-pocket expenses to the Cleveland Airport and return to his home, etc. A statement of expenses incurred will be forwarded to you following his return to Cleveland and after his pleasant meeting with your Community Federation.

Your letter of October 9th was most explicit as to community background and other relevant information on your meeting and so does not pose any question in preparation of Rabbi Silver's address for your group. You have been most helpful. Please accept our sincere expression of thanks.

Yours truly,

Dear Miss Mihok:

Thank you for your note of October 20th.

I want to pass this little bit of information on to you. Those at the head table have been asked by our President to dress in black tie. While this, of course, does not impose upon Rabbi Silver any obligation, I just thought that he ought to know about it in advance.

We will arrange to meet him at the airport and bring him either to the Rickshaw Inn or directly to the Community Center, whichever he prefers. The Inn is just two or three minutes from the Center.

Dear Harold:

I enjoyed very much being at your meeting and participating in the obviously exciting life of the Camden Federation.

I am pleased that your Federation annually allocates \$300.00 to the work of the National Foundation for Jewish Culture. As you know we are the creation of the CJFWF to coordinate and sponsor advanced Jewish study. The annual allocations which we receive permit us to help local federations establish lectures on local campuses, and to understand the needs of various scholarly and research organizations. What we receive beyond our administrative budget permits us to grant scholarships to men and women who are preparing themselves in the field of Jewish thought and Jewish communal research. It would be fine if your budget committee could see that our allocation is raised substantially. Everything over and beyond what you now give us would go towards the training of those whose minds and studies will guide our communities.

I look forward to seeing you in Cleveland. With all good wishes, I remain

Sincerely,

DANIEL JEREMY SILV

The second study in June of last year I came home from  
meeting at CASE WRU at which 20 youngsters had volunteered  
to spend the summer monthly in the June in forward I turned  
on the TV to be entertained by a pre-recorded Jewish program -  
on the variety known as Jewish Youth - during which time  
there were hard-questions about anti-semitism. I was interrupted  
by a phone call from the secretary of the D.E.C. which I had about  
some letters that had to be written - & a 2 week later  
it was hard to recall that about conversations in days  
years ago.

The conference present concerning an anti-semitic study  
of people & institutions - & of the document &  
problems, my first study to get the idea no not the  
a plan to disseminate information from one of the  
clandestine suppliers and other on daily - to see  
it as it is - no last the idea plans - intended  
plans - for the future.

If you attend a business specialty seminar they are needed  
and need the university years - the personally educated

A recent study of the business field concluded stated  
the most significant of these new opportunities would  
be in not university years - in the U.S.  
and in N.Y. best ways to synthesize at least one

most important principles which affect your life -  
that it is only one legitimate principle - some see it  
as a foundation of science and the universe - some see it  
as a means organized to provide better education ?  
and efficiency - some see it as university - others see it  
as the energy to fill - some see it as pleasure and  
the potential renewal - a community of the new  
values in the university field - we belong to  
synthesis and the world of community experience - some

It is because I am concerned with the legality & integrity of  
the report given to me & concern family records & the fact  
they need appliance rights & specialized services &  
I am in the poor position which can only be fixed  
by concerning & to provide it urgently,

What we faced in appliance family records -  
nothing - what we have had to deal with is great challenges  
confronted with deep despair - It is a struggle & seem to  
me from ways to ways - will be will celebrates &  
potential members - it is for some members but 2 phases,

Working requires a good understanding of what we  
are & what we are not - what we have to do about  
the end

Let me be of your strength - & to reach  
against and the fact;

1) appliance family records is an ongoing process, about  
already registered to 50% which leads to no organization  
I must not but understand it as the process and  
that is no fully affiliated with any one to  
have a strong Committee - a family records Committee
