Dear Daniel:

It was good to see you in Boston. -

In connection with our conversation, I can tell you that I will be in your area at the beginning of November. Would Friday evening, November 8th, be a suitable date ?

With kindest regards from family to family,

sincerely yours,

Dear Morris:

It was good listening to you at the Conference. I thought the dean a bright and able scholar defending an impossible position.

I am delighted to hear that you will be in our area around November 8th. As you know our Friday service is a Vesper Service. I preach Sunday mornings and if you will be here on the 10th, I would be delighted to have you occupy my pulpit that morning. If this is agreeable, you might send on a list of subjects and I will try to choose one and avoid preaching about it so that you will have a fresh track. I truly hope this will work out.

Sincerely,

DANIEL JEREMY SILVER

Other awards include the Bronze Star Medal -- Rabbi Kertzer was the only Jewish chaplain on the Anzio beachhead, and the first to enter Rome. He also received the Pro Deo Gold Medal from the International University in Rome for his work in promoting Catholic-Jewish understanding.

Dr. Kertzer's travels have taken him around the world. He addressed the World Conference of Christian Education in Kobe, Japan, and has conferred with religious leaders in Italy, Turkey, India, Thailand and Brazil. His most recent visit to Israel was his twelfth journey to the Holy Land.

A JOB BEGINS — FROM THE RABBI'S DESK

This week we launch our campaign for the new Temple Branch and School. Our drive is an ambitious undertaking with a two-million dollar goal, but it is extremely important to the present and future of our congregation and I am sure it will be successful.

As you know, we have purchased twenty acres of land on the southeast corner of Shaker Boulevard and Richmond Road. We plan to build 24 classrooms, a 500-seat auditorium, a school library and several offices. The rooms will be simple and functional. Class rooms will be flexible and can be opened up into a variety of larger spaces. The library will be open and always accessible. Our plans were drawn up by the noted Chicago firm of Perkins and Will.

We plan to move our school and a number of our social and cultural activities to the new location. Our present sanctuary will continue to be our spiritual home and our present building the center of much of our cultural curriculums. The two-million dollar goal represents a careful estimate of the cost of the land, of the building, architectural fees, furnish-

ings and the cost of money during construction. We are building for our young and for ourselves and I am sure each of us will do his share. The building will be attractive and open. There are no frills and I am sure you will be pleased with the results.
