2nd no of the article entitled - 2nd article on children on family demand - To be
 born American - means to be born free and with level of privilege and
opportunities - to be born free - means to be born with the puller and
endings and good rel. values - one should start the inner desire -
 and justice and freedom

But we shall have a ~~very~~^{large} amount

To Mr. Dean, I have been much for making a man here and see he is to graduate

any desire in reference to any matter

to be how your report of our loss was made - an unpleasant experience which we have been unable to eliminate.

4) For our children to be born in the same world is not to be expected - a
completely fresh in a completely new - 60 years ago and a call on the
night home began & ended with some of the service of home passed on help
these children and so accounted for - "Only few" "Child Killa"
which they gave in the - 1940s and were to prepare them to live in
an adult world where democracy is really as not quite as perfect as the
dem. of idealism - where 20 years ago there were based
discrimination in housing, college admission, hotels, in big business
operations not a part of the middle class - KKK & lynch, & Coughlin,
and others

To-day - 1960s with atomic is not immediately a bad point. There also
suggested to me that were "one child - two world" were - looking "How to
prepare our children for the occasion that they will live in - so that they would
understand the children were studying, living, and playing "but another" "What
place can my child have in the new world?"

To-day must reflect the growing social isolation of the young community.
Geographically, - 5 major centers
Educationally - a level from 50 to 99% years

Jewish Key Street Theatre
Jewish Committee of Philanthropy

Many of our children have few if any non Jewish friends - Problem is the
earliest years of identity & social - but tend to drop off very early. - N.Y. with
lots of concentration on non Jewish camps - it would also determine how large
the any exposure to home based contact with the non Jewish world -
usually so that they feel to have such contact in the usually non Jewish
"downside" which is a side of parents' mind.

7) Is our social system bad? - at any time yet!

1) to end isolation leads to civic indifference - members of
young community lead to deterioration of interest in large
community (only at time in Cleveland - all over)

2) found relation of child loss in awareness of self
and other persons in any of way.

It is much easier to say that need to be fixed - have someone -
sympathetic - but no one is going to participate in

Do not duplicate like seeing like - The 5.0 level of interest - more jobs
than last - more wonderful things are being done to achieve - the one
thing to be done is to do it - but I do think Jewishness is a must
to succeed
