Covenant, 1980.

Ben said: That unless he had some sense
in him he was not going to make it

in Further about - either Taffer - and - - mean
anything in new order to run and
as much as new disposition in an
environment that is the same with confidence
in can believe to make competent
decisions - - and just another to
superior parade - - but
confidence in our own no advantage -
and status motion - -
and looking at energy

There is much that is new under the sun and
just recent days in depth of knowledge than ever
before - - but 2 weeks into Taffer's career
was right if the work - - a bit late in
position in the day - - no different from
literary in the year up - - but that was
to put presentation in the new feelings about
the future have common markedly - - and
negatively

1st main aspect. Toffler's right. We're
 not in conflict in the way we used to be
values of our culture - - - - - what's it like to
 suggest that we are lack of confidence -
our history - - - - - lack of simple confidence

On a besoin de temps pour faire
 quelques expériences - à l'heure actuelle -
 nous ne sommes pas en mesure de
 faire des choses de ce genre
 nous ne sommes pas en mesure de
 anticiper - le futur n'est

In the 50's America was right but in
industrialized & technology spread across the world,
the world would become more ^{prosperous} ~~prosperous~~
international rel. would become more peaceful
and ^{domestic} ~~and~~ pub. would become more democratic - -

In fact the same in America

The world in became less prosperous - & the
 gap between the haves & have-nots widened
 Terrorism & Violence became common - & the
 world was full of tragedy & grief
 but we still yearn for peace & justice
 for so many

- - and the psychological problem now of the
 world - I need someone to tell you the
 number of illiterate in the world increased
 by nearly 100 M.

What is genuinely refined stacy - an
 private business

most of us are unhappy in the world
 can be seen from the fact - - the world
is not just unhappy in the world - but
the children would have an even less
if at all the world had had no change

at a Table. As soon as the one of Henry VIII's feet -
could be seen, Henry, Tully & people -
The people of the city - now they go to
look for it at the convention
the convention - at the convention
of the people

We have no picture of the first Thanksgiving
at Plymouth Colony 354 years ago - but what
we know of the history of that settlement under the
English flag is ~~unreliable~~ ^{unreliable} - 12 months were the
unreliable ~~unreliable~~ ^{unreliable} - they had not
but ~~unreliable~~ ^{unreliable} ~~unreliable~~ ^{unreliable} - The
and for the - 1/2 of the community had died - The

Contrary to what was unreliable - The unreliable
unreliable but unreliable can be found unreliable &
and unreliable - but the unreliable but unreliable &

one of the ~~unhappy~~ features of the Political system
inland, but as I have indicated it, much has
been done of which I am proud - it
is the common sense of the people of the Republic
which is the real basis of our progress.

But you a GOVERNMENTAL way know
that I want the children of Israel
shall be better when I brought
down out of the land of Egypt

open to all the elements -

It is a material life -

But it is not just that - It is also the
and - unlike at the most materially self
concerning material of the year - and the human
and field - not to get too caught up in

Things and possessions

There is no value in possessions - but

There is no question of permanent happiness

To live - is to have the right kind of life - that
is full of interest and activity

To live is to become accustomed - the more you
have the more you enjoy it - is

The eye is never satisfied -

In many ways a man is guided by his senses - the
more perceptive the more enjoyed - and the
more active the more enjoyed work
of the body

The secret is that happiness is not dependent on world

and that happiness is not dependent on world

Life was a struggle + the religious - 6 days year round
before we had enough ^{fuel} for a second Thanksgiving - but
since then had depression + depression - 1929 the year
if ever some of the age to see that loss can really
be more -
