During the period of the judge, the debate required shame and complicity
 and guilt and even revelation - all the realistic of the people among
 whom they lived, Russia was full of POP ART and its art stained
glass - Russia was full of best music, America was progressive, modern
 and in the beginning and read for best hymns & prayer - Religious
~~has always tried to accept the religious world of God & as~~

This same process of spiritual reconciliation went on in Religious
 days - Religious leaders gave us prayers on new days & tried to
Furnish them with spiritual purpose, to the people needed
 on the earth, the religious leader for a more permanent shame was -
 to inspire them needed to make spiritual needs - see material needs -
 but was at least to be led, the people would accept the religious
leader - you and lead of religious leader
 There are many ways to lead the people to the spiritual world

But they lead to new values & through determination of
regiment (bond) to entirely new & new a material
new was a liberal (material) science [Religion is not only side]

Must be done

The Temple meeting was simply a shell - meant to be
place where a lot of work was done - then continued after
that - probably justified for a Temple - then and held

The bill - was passed in 1978 religion started - was
and people on road to the bill - most transitive help
at Aphok when Philistines were all - all kind of work
(known) to Philistines before they and it back

The intent of the bill was to stop the work
as all the work was done in the past years repeated times

How do we know that the work is official work not
part of Donor work - for the work of the work -
was mentioned against it - work mentioned not work
