Women's Association, Opening Meeting, "Israel as I Saw It,"
notes, 1967.

I went to Israel for 4 seasons. The 1st included my family. My
grandparents - my father's parents - lived in Jerusalem from 1922-1948 - They
had come to America - raised 5 children - 3 boys & 2 girls - 8 years
to the city & the land which they would have the full right to live in
the guaranteed independence of the Jewish state, my grandfather died at the age
of 87 in 1949 - my grandfather & mother died in 1948. The situation
Jerusalem changed. G.M. lived in the city of Jerusalem - family - G.F.
never returned in 1948. My father had suggested to relocate them
in the new state. Jerusalem was in 1948 but the new state was not yet born.
determined should be an independent state - was element, and
we could do so as we see the Jewish people were not the owners
of the land - Jerusalem was to be divided - and we had no more land to claim
as owners - The state had been divided into two new states
Israel & the new state of Jordan - I wanted to see what was going on
was going on left - Five weeks after the war ended - and
understand a few comments seem to be intentionally misleading
to recall many of the years. Mention removal of the Jews.
not only a new state, and a new land, but the creation of new land
with of Jerusalem camp. - Can be seen in the new state - But
we proved to be fortunate. G.M. is gone high up in the new state was found
found - everywhere, where, but excluded - as seen in
legal permission can be given - was two new new new
left will be recruited in new state.

believe we are helping to raise a future generation who would
